VOL I NO 36 WEDNESDAY, APRIL 10, 1985

UP-N-DOWN 290
By Marty

The time of year is here again when we get extra benefits out of driving along the

roads through-out our area. The wildflowers are all in bloom now, and I consider myself lucky that I travel these roads as part of my job. I always find certain peace in looking out over our fields, ditches and creekways, and seeing the vast carpets of color that nature has provided strictly for our benefit.

Actually, the State Highway Department has helped a little over the past 50 years, according to Lloyd Bensen's report. Those folks have been sowing seeds as part of a highway beautification project, but we seem to have reaped some extra benefits along with the deal. We have saved lots of tax dollars by not mowing these highway rights-of-way until after the flowers have gone to seed, they control erosion and retain water in their root systems, they are, of course, wonderful to look at, and they bring lots of tourists out our way, most of whom add to our economy in one way or another during their visits. But a most interesting benefit, and one which pleases me a great deal, is that studies have shown that people seem reluctant to throw their trash and garbage out along a beautifully landscaped roadway, so we save a bundle on not having to clean up after the nasty ones who don't care what kind of a mess they make, wherever they go.

It seems as though everyone has a bluebonnet story or two to tell, but my favorite one actually happened to me back when we first bought our place in the country. We happened to have a five-acre horse pasture that fronted along the FM road, and it was a solid carpet of blue-bonnets when we moved in. My

Local Voters Put Incumbents Back To Work In City Hall

City of Hempstead voters have returned all three incumbents to the City Council by resounding majorities, with Herbert Johnson, Bobby Repka and James

Woodley regaining their seats following Saturday's election.

In all, 1038 citizens went to the polls April 6, to cast their ballots in two contested and one uncontested races.

Herbert Johnson won re-election by a 356-vote margin over his opponent, Connie King, in Position 5. The final tally for King was 317 votes, with Johnson winning 673.

Bobby Repka, running unopposed for Position 3, received 757 votes of confidence, with minor numbers of votes being cast for a variety of others as write-ins.

James Woodley won re-election to the council in Position 4 by receiving 627 votes to his opponent's 370. John Busby, a newcomer to Hempstead politics, was defeated by 257 votes in his first bid for election.

Sheriff Sitton Reports On Progress In Jail Crisis

Firm Hired To Make Recommendations

Waller County Sheriff Ronnie L. Sitton, reports that much progress has been made in recent weeks toward a final solution of Waller County Jail problems.

"With the Texas Commission on Jail Standards putting additional pressure on the Waller County Commissioners Court, after the 2.6 million dollar bond issue was defeated on Feb. 6, the Commissioners Court took positive steps toward solving the jail problems on March 25. Modular Jail Systems, Inc. of Humble, was commissioned to prepare a bid package to present to the Jail Standards Commission for their approval," Sitton stated in a recent press release. "This action was taken after

Patrick Graham, with Modular Jail Systems, Inc., presented his company's jail plan to the Commissioners Court. Graham presented plans that would provide Waller County with a 65-inmate capacity jail, along with administration space for the Sheriff's Department. This is a 15-inmate greater capacity than the bond issue plans which would have cost \$2.6 million to build. Graham's proposed cost was less than \$1 million."

Sheriff Sitton added that the Graham proposal also included several other benefits, such as lease purchase of the building on a five-year plan, which would actually save the county money over the cost of housing inmates in other counties.

Another advantage of Graham's proposal, according to Sitton, would be that the jail would be ready for occupancy in less than one half the time of the jail under the bond issue plan.

But, Sitton points out, the greatest advantage of the plan is that Waller County would not put out any money until the jail was complete and accepted by him and the Jail Standards Commission.

After meeting with Commissioners Court and getting their approval on Monday, March 25, Graham went to Austin and met with members of the Jail Standards Commission that same afternoon. The Jail Commission approved the schematic design of the jail, which allows Graham to proceed to the next stage of development.

On Wednesday, March 27, County Judge A.M. McCaig, Sheriff Sitton and Patrick Graham met with the Texas Jail Commission at their regular bi-monthly meeting. Although the Jail Commission reduced the capacity of the present Waller

BOYS & GIRLS COUNTRY
Saturday, March 23, the 14th annual barbeque and auction for the benefit of Boys' and Girls' Country was held at the ranch on Roberts Road, near Hockley. The well planned occasion was met with a cold rainy day, complements of Mother Nature.

But, the rainy weather was no match for the size and spirit of the crowd. They came and enjoyed and gave and made their own sunshine.

The large gym was converted into a country fair, with hand-stitched quilts, ready for auction, lining the walls. An unbelievable assortment of gift items and many silent auction items, such as roll top desks, an oak pie saver cabinet and exquisite oil paintings caught the guests' eyes as they entered the hall.

The barbeque plates were piled with lots of good meat, beans, cold slaw and trimmings and this was topped off with large slices of homemade pies.

Meanwhile, in another building, the rite of spring was being celebrated with blooming plants, hanging baskets, houseplants and an amazing assortment of herbs for the early gardener.

Several philanthropic groups around the Houston area have made both Boys and Girls country the target for their generosity over the last several years. Also, local churches and service clubs have pitched in to do their share toward making these facilities the finest of their kind.

Once Upon A Time In Texas

By Kathleen

Once upon a time in Texas, when the magnificent stately trees had sprouted their tender green leaves, the flowers with their lovely blooms looking at the sun, and a carpet of green grass was all over the fields and meadows, Mother Nature looked around and thought, "well done."

Oh, but it struck her vision that Texas needed and deserved something really *extra* outstanding. Texas is an elegant land you know, and of course deserves the best.

She thought, "Well, now, Texas has lots of Indians, and they surely deserve something special to be recognized all up and down

the highways, to remind us of their talent for art, even though no money."

Bet you have guessed it by now, The Indians made the hand-woven blankets to keep them warm and to enjoy their beauty. Their beautiful bright colors of orange, yellow, brown and green was obtained from dye from their secret herbs. So, Mother Nature took one big swish of her art brush and just filled our roadsides, meadows, yards and just about everywhere with beautiful flowers she called "Indian Blankets." Again she was well pleased.

But, lo, she thought, "the pioneers that helped settle Texas have

earned merit; well now there are fences, wagons, fields, and many more things to remind us of pioneer men, but the pioneer women deserve an award, too. I know just what I will do."

With a great swish of Mother Nature's paint brush, there were blankets of beautiful blue flowers. Now, she said, "The ladies will be well remembered by these flowers that make perfect little bonnets, like the ones they made and wore when the Texas sun shone so hot."

Is it a coincidence that the flowers show at their best when the Texas sun is hot? It usually starts in April.

Mother Nature was very pleased with this completed work of art. She said, "Now, Texas will be remembered by this beauty by everyone who sees it. Bluebonnets and Indian Blankets. Well done!"

Some parts of Texas have more than others, but our part of the country was blessed with an abundance of this beauty. In April, people come from all over to see this during what is now known as "The Bluebonnet Festival." It really does a heart good to see so much natural beauty. Museums are opened, old homes, old closed business places, such as the Stage Coach Inn, the old tavern, the old bank, post office, etc. in Chappell Hill. Most of the participants are dressed in pioneer style and there are lots of quaint eating places.

sunrise services conducted by seven pastors representing the Waller Ministerial Association.

As the sun rose in the East, those assembled joined Rev. Larry Hickman of the Prairie View Church of God in Christ, in proclaiming, "Christ is Risen!" John Isom, music and youth director of the Waller Baptist Church, directed the choir and congregation in the hymn "Christ the Lord is Risen Today."

Rev. Thomas Johnson, pastor of Bailey Chapel, Church of God in Christ, led the Easter Litany, followed by the Prayer of Confession, which those assembled said in unison with Rev. O.C. Simmons, pastor of the Macedonia Primitive Baptist Church.

Waller County Jail

(From Page One)

County Jail to 18 inmates, they expressed their approval of the latest developments in solving Waller County's overcrowding problem.

On Wednesday, April 3, Sitton and Graham again went to Austin to meet with the Jail Commission staff, where more progress was made toward the final plans for a new jail for Waller County.

The structure proposed by Graham will consist of administration area, built using traditional building construction on a slab base with the jail area being made up of seven modules, which will be constructed at the Modular Jail Systems plant in Humble. These modules will be trucked to Waller County and placed on concrete beams and attached to the Administration area. This type of construction has many benefits, including the capability of additions later at minimum cost, as the need arises.

"Adoration" Will Perform In Waller

The Waller-based music group *Adoration* will be in concert at the Waller Baptist Church on Sunday, April 14, at 7 p.m.

The group is composed of three sisters, 22-year-old twins Brenda Lee and Sandra Dee and 21-year-old Molly Bee, who have been singing professionally for about five years. All three are graduates of Waller High School.

They have traveled throughout the United States, ministering The Word in song at worship

services for all denominations, revivals, concerts, Christian musicals, camp meetings, ban-

quets, youth rallies, benefits and special events. Their last appearance in Waller County was the recent benefit for the Hayride Accident Victims Fund at the County Fairgrounds.

The girls have also appeared on television in Houston, Dallas and Florida, some of which were on the PTL Satellite Network and viewed throughout the United States and several other countries.

At this time, *Adoration* is recording a first single record, *Song for Broken Hearts*, written especially for the group by Jerry McPherson, who is lead guitarist for Amy Grant, recent Grammy Award winner. McPherson is also *Adoration's* producer.
