INTERSCHOLASTIC LEAGUE CALENDAR
1955-56

August 26—
Football Practice Begins.

September 1—
Fees are acceptable.
Acceptance of the Football Plan due in State Office.
Eligibility lists due in State and District Offices.

September 30—
All football eligibility lists should be on file in State and District Offices.
Last day for school participating in football and basketball to send annual fees to State Office.

October 15—
Last day for receiving supplementary eligibility lists in the State Office.
Acceptance of the Basketball Plan due in State Office.
First day for Inter-school basketball games—Class B. (Effective—1956)
Eligibility lists for basketball due in State Office.

November 1—
First day for basketball games—Class AAA, Class AA, and Class A Schools. (Effective—1956)

November 26—
Last day for certifying football district champions.

December 3—
Last day for filing entries in One-Act Plays with State Office.
(Classes AAA and AA Schools only)

January 15—
Class B Schools not participating in basketball and Class C schools have membership fees in State Office.
Last day for sending list of football players who participated during the past season to State Office.
Last day for sending acceptance of the State Band Contest Plan to State Office.
February 1—
Last day for organizing Spring Meets.
Last day for filing Acceptance of the Baseball Plan with the State Office (AAA and AA Schools only).

February 11—
Last day for certifying Classes A and B District basketball champions to State Office.

February 17-18—
State Basketball Tournament for Classes A and B Schools.

February 18—
Last day for certifying Classes AA and AA District Basketball Champions to State Office.

February 24-25—
State Basketball Tournament for Classes AAA and AA Schools.

March 9-10—
State Band Festival.

March 15—
List of players who participated in basketball previous season due in State Office.
Last day for organizing Baseball Districts.

April 14—
Last day for conducting district meets for B, and C Schools.
Certified list of district winners in B, and C Schools Spring Meets due in State Office.

April 21—
State Meet for B, and C Schools.
Certified list of District Meet winners in AAA, AA, and A Schools, due in State Office.

April 28—
State Meet for Classes AAA, AA, and A Schools.
INTRODUCTION

The Interscholastic League of Colored Schools of Texas is a separate and distinct State organization and was founded in the latter part of the 1920-21 school year. Prior to that time, Negro schools from a number of counties had been organized and had been working under the direction of the University of Texas Interscholastic League, although they were not bona fide members of the organization. While some satisfactory results accrued in county and district meets during the period in which colored schools operated under the University Interscholastic League, the status of these colored schools was ill-defined and very unsatisfactory.

In the school year 1920-21, officials of the University of Texas Interscholastic League recognized two significant weaknesses in its plan to operate colored schools under the banner of the University of Texas Interscholastic League. First, the difficulties of supervision and the administration of the competing county schools proved almost unsurmountable; and secondly, the interest on the part of the competing colored schools as well as those colored schools that were considering participation was at such a low ebb that future progress was doubtful.

Realizing this, the officials of the University of Texas Interscholastic League offered to turn over to the Director of the Negro School Division of the State Department of Education the administration of the League of Colored Schools and to assist in the development and the extension of the proposed new organization. The offer was accepted and the organization of the Interscholastic League of Colored Schools was projected that year.

At a meeting of the State Association of Colored Teachers held in Houston in November, 1920, a state committee was appointed to cooperate in the organization of the League. In March, 1921, this committee was summoned to Austin to participate in a conference out of which the form of the League organization was determined. The form of the organization adopted was similar, in most respects, to that of the University of Texas Interscholastic League. County and district officers were appointed for that year, and plans were drawn up for a State meet to be held at Prairie View College in April.

Fifteen or more counties were represented at the first State meet in 1921. Final contests were held in declamation, spelling, and athletics with gratifying results. Plans were than perfected for county, district and State meets for the next year.

At the State meet in April, 1923, Professor L. W. Rogers, first-assistant and Superintendent of Education, who had been the League's Chief Promoter since its incipiency announced that the duties of his office were such that he could no longer maintain his status with the League, and that he was turning over active control of the League to Dr. J. G. Osborne, Principal, Prairie View State Normal and Industrial College. Dr. [5]
Osborne accepted Mr. Rogers' proposal, and he along with the faculty began work to maintain the lofty heights the League had reached and to promote its further growth.

In 1923-24, the League failed to maintain the enrollment of some of the previous years. This was due mostly to the fact that a number of schools did not know of the change in the administration of the affairs of the League at Austin and sent their fee to the University of Texas instead of to the Director at Prairie View. While all of these missent enrollment fees were promptly forwarded to Prairie View by the officials of the University of the Interscholastic League as soon as the error was discovered, the delayed registrations kept the number of participating schools down for the 1923-24 school year — many not reporting for the meet. However, the quality of performance in declaiming, debating and athletics surpassed by far any of those previous years and demonstrated the fact that real benefits to come to all schools throughout the State as the result of participation in the League.

In 1926, Dr. W. R. Banks became the seventh principal of Prairie View State College. He served as Executive Secretary of the League until August 31, 1947, when he became principal emeritus; after that date he served as Director of the League. Under his supervision the League rose to great heights. Contests were organized so as to serve all of the schools of Texas, regardless of size, and contests have been set up which have not only proved useful but inspirational to the youth of Texas.

Dr. Edward Bertram Evans succeeded Dr. Banks as Principal of Prairie View A. and M. College, and within a short time he was made the first President of the College. His foresight and interest in the program of the League gave much promise to its future development and growth. In 1951, Dr. Evans secured an appropriation from the State Legislature for promotion and administration of the League and appointed a full time Director and Secretary. Mr. O. J. Thomas was appointed Director.

The League serves hundreds of schools throughout the State from the smallest one-teacher school to the large city school. Its purpose is to organize and direct through the medium of properly supervised and controlled contests, desirable school activities and thereby assist in preparing pupils for citizenship.

Competition in the League has proven useful in furnishing inspiration to pupils throughout the State. Hence, it is felt that the League merits the cooperation of both school executives and teachers in the State, in seeing that the schools under the direction and care, no matter how small, become active members, if at all accessible to inter-school competition.

Special attention is called to the following matters:

1. The rules published herein and citations to special circulars as well as notices in the Reporter, are considered notice to all League mem-
bers. Ignorance of the rules cannot be pled in extenuation of any violation of the same.

Immediately after the closing date for payment of fees each year, there are usually a number of disappointed schools which have failed to make remittance within the time prescribed. They usually plead lack of notice. It is best to see that membership is paid at the first of the school year, and if, after a reasonable time, you do not receive a membership-receipt, address an inquiry to the State Office about it. Also be careful to observe other dates listed in the League Calendar on the page following the Table of Contents of this bulletin.

2. When a school joins the League it is understood that the terms and conditions of participation in the contests as set forth in this Constitution and Rules are to be accepted and observed. It is understood that when disputes arise, they shall be settled by the committees and in the manner prescribed herein. It is realized that this is a voluntary organization and all conditions surrounding participation as laid down herein are freely accepted and that both the letter and spirit of the rules are to be observed with genuine co-operation and goodwill.

3. It will be noted that the forepart of this bulletin, contains the Constitution. Therein are to be found all the general rules governing participation, schedules of fees, definitions, eligibility rules, organization of the various meets, methods of settling disputes, and so on. The executive officers of the school should be thoroughly familiar with this portion of the bulletin. Rules governing special contests should be studied with great attention by the directors of the respective events. For illustration, the teacher who is assigned League spelling by her principal, should make a special study of spelling rules, and in case there is any part of them that she does not understand, she should write to the State Office of the League for interpretations.

4. It will be noted that the preliminary meets are called District Meets. Great care has been taken to organize these meets so that a minimum of travel will be required. Only schools of approximately the same size are brought into competitive contact in these initial meets. This equality of competition is now preserved throughout the whole program, including the final State meets.

5. It is a mistake to suppose that the League program offers an activity for every pupil in the school. No extracurricular activity does that. If a considerable group of pupils and sponsors are interested and put in honest work on an extracurricular activity that has sound educational substance in it, it is justified from an administrative point of view. With such a wide program as the League offers, however, a large percentage of pupils, especially those in the smaller schools, find something offered which they can do well or learn to do well, and hence enjoy doing under the conditions of friendly rivalry which the Interscholastic League provides.

O. J. THOMAS
Director of Texas Interscholastic League of Colored Schools
IMPORTANT CHANGES IN THE RULES

Below are listed some of the most important additions and revisions of the Rules since the 1953 Rules were issued.

They are as follows:

1. County Meets for Classes B and C Schools have been dropped.

2. District meets for Class B Schools will be basically the same as for basketball competition except that it will be necessary to re-district in some areas so as to include Class B Schools that do not participate in basketball and Class B Junior High Schools.

3. Districts will be formed for Class C Schools by the State Executive Committee, said districts to coincide where possible with Class B, A, or AA Districts.

4. Rule Interpretations — written in italics or small print. In cases in which the University of Texas have adopted interpretations of certain rules, these interpretations are accepted by this league, provided that the rule in question is exactly the same as the corresponding rule of the University of Texas League. Such interpretations are included in this bulletin following the respective rules in italics or small print.

5. Number Sense Contest Rules—These rules were completely revised in 1954 and used in the 1955 Spring Meets. Said rules are included in this bulletin.

6. Rules for One-Act Plays, Typing and Baseball are added for Classes AAA and AA Schools only.

7. Article IV, Section 3 of the Constitution—Duties of Committees—Revised.

8. Article IV, Section 5—Legislative Advisory Council revised. (See Names of Councilmen, with term of Office indicated on back cover page.)

10. Rule 1 under Music Contests—Number of Entries—Revised.

11. Rule 1, Quartet Competition—Revised.

14. Rules 1 and 5 of the Basketball Plan—Revised. Rule No. 27 of the Basketball Plan is a new rule and will not become effective until 1956-57 school year.

15. Track and Field for Girls—Revised.
16. Track and Field for Junior Boys—(This rule was used in 1954-55, but was not in the 1953 Rules and Regulations Bulletin.)

17. Best All-time State Meet Records—Last page Appendix.

DISTRICTS

Schools comprising the districts in each class of schools are determined by the State Executive Committee each year and announced in the “Reporter” by the State Director.

Districts for Spring Meet competition in High Schools will comprise the same schools as basketball except for inclusion of those schools in Spring Meet districts that do not participate in basketball.

Class C districts will be organized using the school as a unit rather than the County as in the past.
CONSTITUTION AND RULES of the
TEXAS INTERSCHOLASTIC LEAGUE OF COLORED SCHOOLS

ARTICLE I.
Name

The name of this organization shall be:
The Texas Interscholastic League of Colored Schools. It is organized annually under the auspices of its State Executive Committee, Prairie View Agricultural and Mechanical College, Prairie View, Texas.

ARTICLE II.
Purpose

The purpose of this League is to foster among the public schools of Texas inter-school competition as an aid in the preparation for citizenship.

ARTICLE III.
Membership

SECTION 1. Any public colored school in Texas that is below collegiate rank and that is under the jurisdiction of, and receives an apportionment from the State Department of Education, is eligible to membership in the League, except schools for defectives and correctives.

SECTION 2. To become a member, a school must pay an annual membership fee to the Texas Interscholastic League of Colored Schools, Prairie View A. & M. College, Prairie View, Texas, prior to first League Meet of the school year for which the payment is made. Class AAA, AA and A schools participating in football and basketball must enroll prior to October 1. Class B schools participating in basketball must pay membership fee by November 15.

Directors should require membership receipts to be presented before registering contestants in meets.

SECTION 3. The following fees shall include both membership fees and event fees at the State Meet in all contests. No entry fee will be charged at the State Meet.

Class AAA Schools ........................................ $27.00
Class AA Schools ........................................ 25.00
Class A Schools ........................................ 23.00

[10]
Class B Schools (four-year high schools)........ 12.00
Class B Schools (Junior High)................... 7.00
Class C Schools.................................. 4.00

The above fees must be paid by the school to entitle it to enter the district or state contests.

SECTION 4. In a city system of schools, each high school, each junior high school, and each grade school where the latter is under a separate principal, and is in a separate building from the high school and comprises the elementary grades or any subdivision there of, shall constitute a separate member of the League.

SECTION 5. Each school joining this League shall be entitled to a copy of the Constitution and Rules, and a year’s subscription to *The Reporter*.

ARTICLE IV.

Officers

SECTION 1. The League shall be under the executive management and control of a State Executive Committee and District Executive Committees.

SECTION 2. The State Executive Committee of the Texas Intercholastic League of Colored Schools shall be appointed by the President of Prairie View A. & M. College. It shall be the duty of this Executive Committee to have administrative charge of the affairs of the League; to inaugurate new contests, when the need arises; to create new divisions; to set up plans of competition and promote same; to prepare, secure and distribute bulletins and other literature pertaining to its work; to co-operate with county and district offices; and to decide disputes that are appealed to it from such committees, except the selection of judges and excepting disputes in intra-district football, basketball and baseball contests. Furthermore it shall be the duty of the State Executive Committee to furnish official interpretations of rules.

The State Executive Committee

SECTION 3. Each district of this organization for Spring meets as designated in "The Reporter" shall be under the general charge of an Executive Committee to be appointed by the State Executive Committee, and shall consist of a Director General as Chairman; a Director of Debate; a Director of Athletics; a Director of Ready Writers; a Director of Spelling; a Director of Declamation; a Director of Music; a Director of Arithmetic; a Director of One-Act Plays, and a Director of Typing.
The foregoing constitute the voting members of the respective committees. It shall be the duty of such committees to have immediate charge of the contests in a given center, to enforce eligibility rules and to schedule final contests within date limits specified in the Calendar. The Director General shall have general charge of arrangements for the contests. The other officers shall have immediate charge of arranging for and conducting the contests respectively denoted by their titles.

Furthermore, it is the duty of district committees to arrange the programs of their respective meets solely in the interest of the schools and participants, using just as little school time as possible, and necessitating just as little expense and travel as possible for pupils, their teachers and coaches.

During their spring meetings each district committee shall provide for the discussion of matters pertaining to the rules and regulations of the League, and make such recommendations as it considers of vital importance to its best interest to the State Legislative Advisory Council, said recommendations to be sent to the State Director’s office by May 1.

SECTION 4. The State Legislative Advisory Council of the Texas Interscholastic League of Colored Schools shall be elected for four-year terms. Term of office will be so staggered that one councilman from each class will be elected every alternate two years.

Representatives on the Council shall be as follows: One representative from each Region in Class AAA; one from each Region in Class AA; one from each Region in Class A; one from each Region in Class B and 2 from the State in Class C.*

SECTION 5. The State Legislative Advisory Council of the Texas Interscholastic League of Colored Schools shall be elected for four-year terms. Term of office will be so staggered that one councilman from each class will be elected every alternate two years.

Representatives on the Council shall be as follows: One representative from each Region in Class AAA; one from each Region in Class AA; one from each Region in Class A; one from each Region in Class B; and 2 from the State in Class C.*

Only Principals and Negro Superintendents are eligible to be elected to the council. Nominations for membership on the council are to be made by ballot not later than October of each term. The five persons receiving the greatest number of votes in each class from each region will be listed on the final preferential ballot submitted to the schools.

*Regions for the purpose of selecting members of the Legislative Advisory Council shall comprise the districts that participate in eliminations toward State Championship in each, the lower and upper brackets up to the finals, except for Class B and Class C Schools. Region for selecting Class B members will be designated in a similar manner by the State Executive Committee and Class C members will be named by said committee.
In case of ties in nominations, nominees shall be reduced to five by lot.

The annual meeting of the council shall be held at Prairie View A. and M. College in December of each year.

The duties of the Council shall be to consider and study all proposed legislation and recommendations submitted at the April and November meetings of member schools and recommend to the State Executive Committee legislation that it considers to the best interest of the League.

ARTICLE V.  
District Directors

Each year a list of District Directors will be published in "THE REPORTER".

ARTICLE VI.  
Organization of Meets

SECTION 1. List of Contests. The League shall hold during the current school year, district and State contests in the following:

- Debate
- Declamation
- Spelling and Plain Writing
- Number Sense (Arithmetic)
- Quartet
- Piano Solo
- Vocal Solo
- One-Act Play*
- Band

Typewriting*
- Ready Writers (Essay Writing)
- Track and Field
- Track and Field for Girls
- Track and Field for Junior Boys
- Tennis
- Football
- Basketball
- Baseball*

Other contests that may be held (if desired) for determining all-round district championship are Junior Boys' Track and Field, Playground Ball and Volley Ball. Class C Schools will compete in Junior Track and Field in District and State Meets.

SECTION 2. Dates for District and State Meets — The dates for holding meets during the current school year shall be in accordance with the "Calendar" published on the Page preceding the Table of Contents of this bulletin.

SECTION 3. Classification of Schools — It is the duty of the State Executive Committee to classify schools for competition in the League. High schools are classified for class competition basically according to average membership for the last four grades as found in Table V of the Superintendents annual report. In exceptional cases in which the State Executive Committee finds it to be the best interest of the League, other

*Open to Classes AAA and AA Schools only.
factors that may be considered include geographic location, population, and potential ability to compete and support the program.

Basically the following schedule is used in classifying and assigning schools to classes for competition:

<table>
<thead>
<tr>
<th>Class</th>
<th>Description</th>
<th>Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class AAA</td>
<td>....................................................................</td>
<td>300 and up</td>

<td>Grade Schools</td>
</tr>
</tbody>
</table>

ARTICLE VII.

Definitions

SECTION 1. High School—A high school is one in which at least the time of two teachers, or the equivalent, is devoted to instruction in high-school grades.

In order to determine the "teaching time" in a given school per teacher, simply add up the number of minutes that the school teaches as a whole, divide by the number of teachers in the school. Then determine the number of minutes that are devoted to teaching above the eighth grade. If that equals or exceeds "the time of two teachers," you should classify the school as a double-unit school, having a high-school department and an elementary department.

SECTION 2. Elementary School.—One or more grades below the high-school level, housed in a building to itself or with the high school, constitutes a separate school unit in the League, and is entitled to enter its contestants in the elementary-school meet provided the membership fee is paid.

SECTION 3. Junior High School.—A junior high school is a unit in a school system organized as a junior high, whether or not it occupies a building to itself, and includes most frequently the seventh and eighth grades and the first year of high school, departmentalized to provide for individual differences among pupils by permitting limited election of subjects, and marked by the introduction of some subjects usually taught in the high school.

A school unit must teach at least one high-school grade to be classified as a junior high school.

Since no regular junior high-school district is available, then the Class A junior high schools are assigned to a Class A spring meet district by the State Executive Committee and Class A junior high schools are assigned to Class B districts.

SECTION 4. Classes.—A term used in classifying schools as to size, as "Class A," "Class B," "Class AA," or "Class AAA." (For basis of respective division into Classes see Article VI, Section 3.)

SECTION 5. Higher Class School.—A "higher class" school may be (a) a school with fifteen or more accredited units, (b) a school with as
many as three units more than the school formerly attended, provided the
latter school has less than fifteen accredited units. This applies in each
and every contest regularly scheduled herein.

SECTION 6. *Advanced Classification.* — This term is used to de-
scribe the special conditions under which a school in one conference may
be moved into another conference in one or another or in all contests
scheduled herein.

SECTION 7. *Junior and Senior Divisions.* — Pupils under fifteen and
over ten years of age on the first day of the preceding September are
"juniors"; pupils fifteen or over and under nineteen the first day of the
preceding September are "seniors."

The terms "junior" and "senior" do not apply to contests not so designated in
this bulletin. Notice that basketball, volleyball, debate, etc., are not in junior and
senior divisions. There is junior track and field, and a high school track and
field meet.

SECTION 8. *Composite Team.* — A Composite team is one the mem-
bers of which are made up from different school units. No composite
teams are permitted to compete in Interscholastic League contests, except
as specifically provided in rules governing the music contests.

SECTION 9. *College.* — A "college" is any institution offering work
above that of a regular high school, as determined by the latest catalogue
or course of study of the institution under consideration.

SECTION 10. *Event.* — An "event" is a part of a contest. For illus-
tration: Track and Field is a contest made up of fourteen different events.

SECTION 11. *The League.* — The League, organized yearly, consists
of those public schools which accept the plans of competition set forth
in this Constitution and Rules by fulfilling the requirements set forth in
Article III, Sections 1 and 2.

SECTION 12. *Meet.* — A "meet" is the gathering together of pupils
for the purpose of engaging in scheduled contests. A "local" meet is
one in which participation is confined to pupils of an individual school
and generally for the purpose of qualifying contestants for the "district"
meet. A "district" meet is one in which two or more schools in the same
Class participate for the purpose of qualifying contestants for the "State"
meet. The "State" meet is one in which district winners compete for
State Championships in contests scheduled in Article VI, Section 1.

SECTION 13. *Credit.* — A "credit" means a unit which the school
counts toward graduation, not necessarily in subjects in which the school
is accredited by the Texas Education Agency.

VIII, Section 15, is one-half of the long session during which a pupil
may earn independent credit for scholastic work.
SECTION 15. Term.—The word "term" is used herein to designate the period between the opening and the closing of school, usually from September to May. It is synonymous with "session," or with "long session" in institutions which have a "summer session."

SECTION 16. Tournament and Round-robin.—The word "tournament" is used herein in contradistinction to "round-robin." It implies that several teams are assembled in a given place at one time for an elimination contest. "Round-robin" is used to describe a series of contests, either at one time or scattered over several days or weeks or months, in which each team contests with every other team, and the winner is determined on a percentage basis.

SECTION 17. Recruiting.—The term "recruiting" as used in Rule 6 (e) of the Football Plan and Basketball Plan means offering any inducement, directly or indirectly to a football or basketball player to enroll in a given school. An inducement may be actual cash, remission of tuition, board or lodging, free transportation, a job for which remuneration is above that normally paid for such services, or other valuable consideration.

SECTION 18. Enrollment.—In judging eligibility under Article VIII, Section 15, a pupil's enrollment period in a given semester begins with the day of his registration and ceases with his last day of attendance.

A pupil changed from one high school to another, registered and went through a skeleton program on one day consisting of 15-minute class periods and returned the next day to his original high school. This does not constitute enrollment, since it is necessary for the pupil to attend a full class period before he is considered enrolled.

In rules of the League which use enrollment as a basis for determining the number on a given team, count only those grades which will be eligible at the time of the district meet. Do not count pupils on total enrollment who will pass into an ineligible grade or graduate at midterm.

In classifying high schools for competition in League contests for the school term, the number enrolled in the last four grades in high school is determined by the figures given in "Average Membership" of the "Superintendent's Annual Report."

SECTION 19. Dormitory School.—The term "dormitory school" means a school that is eligible for League membership under provisions of Article III, Section 1, and one whose students live in the dormitories of the institution.

SECTION 20. Disqualification.—The penalty of "disqualification" prevents the offending school from qualifying for any League honors only in the contest in which the infraction of rules occurs.

ARTICLE VIII.
Eligibility Rules

The following eligibility rules shall apply to every contest under the auspices of this League. School principals and superintendents are responsible for seeing that these rules are strictly observed in each and every contest in which their pupils engage.

Official notice from the Director is considered sufficient notice to all member schools concerning interpretations of the rules.

SECTION 1. Age Limit.—No one shall take part in any contest in this League who on the first day of September preceding the contest has reached or passed his nineteenth birthday. A contestant who is eligible under this rule at the beginning of any Interscholastic League season remains eligible throughout the season.

Earliest documentary evidence shall be final in deciding disputes under this rule. Records in family Bibles are not accepted as evidence if the entry offered shows any sign of alteration. Moreover, entries which were not made at or near the time of birth are considered valueless as evidence. Recent affidavits of date of birth are not acceptable as evidence of date of birth. Note that date of filing of birth certificate determines the date of the document.

SECTION 2. Undergraduates Only.—No one shall take part in any contest in this League who has been graduated from his school or other school of equal or higher rank or who has sufficient credits to entitle him to a diploma, except: A contestant shall not be barred by this rule who has been graduated from a school of less than fifteen accredited units (as recorded in the current Bulletin on Standards and Activities of the Texas Education Agency) and returns to take the advanced work in a high school having as many as three more accredited units; provided, that such pupil is an undergraduate in the school to which he or she returns or to which he or she has been transferred. (Note, however, Section 12 of this article.)

   a. Participation as a graduate in graduation exercises constitutes "graduation" within the meaning of this rule. A pupil receiving a "dummy diploma" is considered a graduate, and no revocation of a diploma, for any reason, restores undergraduate status in so far as this rule is concerned.

   b. The diploma referred to in the phrase "sufficient credits to entitle him to a diploma" means any diploma based on the minimum number of credits, irrespective of other requirements not involving credits, shall be considered as meeting the graduate requirements of Article VIII, Section 2.

   c. The graduation requirements effective at the beginning of the school year govern in the application of this rule.

   d. The high school's classification in force at the time the school opened for the current year governs. This seems the fairest interpretation, since otherwise, the action of the county board one way or another might render eligible or ineligible pupils who have already made choice of a high school for the year.

SECTION 3. Scholarship Requirement.—No one shall take part in any contest in this League who, at the time of the contest, is not passing,
since the beginning of the semester or term, in at least three half-unit credit courses (for which the contestant has no credit), to the date seven days prior to the contest. Provided, that a pupil in a grade below the high school shall be considered as fulfilling the scholarship requirement if he is passing in three-fourths of the work offered as a normal student-load, and provided further, that in a school not offering a total of 720 minutes of recitation work per week a pupil may satisfy the scholarship requirement if he is taking the regular amount of recitation work for that school and is passing in three-fourths of such work.

a. The scholarship rule requires three courses taken in the high school. Work taken in any institution outside of the high school which the contestant seeks to represent may not be counted in order to make up the required amount of work.

b. Seven days prior to the date of a contest (in State music contests, twenty-one days) is the date which determines the eligibility of a contestant under this requirement. If at this time (seven days before the contest), the nature of the contestant's work, taken as a whole from the beginning of the semester would not entitle him to promotion if it were promotion time, in at least three subjects, he is not eligible and he remains ineligible until the time when his work taken as a whole from the beginning of the semester would entitle him to promotion. See definition of semester in Article VII, Section 14.

c. A course of less than one-half unit per semester cannot be counted. For illustration, two one-fourth unit courses cannot be counted as one-half unit course.

SECTION 4. College Contestants Barred.—No one shall take part in any contest in this League who, either as a substitute or as a regular, ever represented a college in any contest; or, who has ever attended a college as a regular student, "regular college student" meaning a student who has ever enrolled for as much as one college course. (For definition of "college" see Article VII, Section 9.)

No course is considered a college course within the meaning of this rule for which only high-school credit is given, although such course may be administered by a college.

SECTION 5. Day Students Only.—The studies required in these rules shall be taken during the day session of school.

SECTION 6. Attendance.—No one shall take part in any contest in this League who, at the time of the contest, has not been a bona fide regular attendant in the school unit represented for thirty calendar days immediately preceding the contest, or since the first day of the second week of the current school year; i.e., a pupil who enrolls after the first day of the second week is not eligible for thirty calendar days.

Absence for not over two weeks on account of sickness or other unavoidable cause shall not bar a pupil if a written certificate of such cause for absence is presented, signed by the parent or guardian; provided, that such absence cannot be computed on time prior to the student's actual entry in a given school, or after his withdrawal.

SECTION 7. Competitions Outside League.—In all games or contests outside the League, and in so-called "non-class" games, a League mem-
ber shall abide by the rules and regulations of the League and be subject to the same penalties for infractions as if the contest or game were with another member of the League or as if the infraction were made in a regular "class" game that decided League standing.

This section does not apply to "B" squads or scrub teams of participating schools. No member-school's scrub team, "A" or "B" team may schedule an interschool contest in a sport in which the other school is suspended.

SECTION 8. Amateurs Only.—No one shall take part in any athletic contest in this League who has ever received money, or other valuable consideration for teaching, officiating, or participating in any athletic sport, or game, or who in any game outside of games played as a member of his school team or the Interscholastic League has, within the last twelve months, competed on an athletic team with a paid player or contestant, or who for valuable consideration has allowed his name to be used for the promotion of any product, plan or service.

Teaching, officiating or participating in the following games or sports for "valuable consideration" shall be considered as a violation of this rule: baseball, basketball, boxing, football, golf, rodeo events, softball, swimming and diving, tennis, track and field, weight lifting, wrestling.

Sports and games not mentioned above may be added to the list by the State Executive Committee upon one year's notice to the member-schools.

This rule does not apply to pupils who are under 15 years of age at the time payment for athletic services was made; neither shall it prohibit the acceptance of rebates on railroad fare in interscholastic contests fostered by institutions of higher education.

The penalty for violation of this rule shall be forfeiture of eligibility for one year from the date of the violation.

a. Money or other valuable consideration accepted by a contestant after a contest renders the contestant ineligible for further participation in Interscholastic League contests, irrespective of whether or not there was any agreement with regard to remuneration previous to the contest.

SECTION 9. Playing under Assumed Name.—No one shall participate in any contest of the League, who has ever contested under an assumed name in any contest, (1) conducted under the auspices of the Interscholastic League, or, (2) in which participation would affect his eligibility for contests conducted under the auspices of the League.

SECTION 10. Certificate of Eligibility.—Before each game or contest in this League, each school shall file with the director in charge and upon demand shall furnish to the manager of an opposing team, a list of the contestants representing that school with the eligibility of such contestants certified to by the principal or superintendent.

SECTION 11. State winners barred. — The winner of the State Championship (that is, first place) in debate (or member of the winning
team), declamation, number sense, shall not be eligible again in the contests in which the championship was won; and contestants awarded 100 per cent certificates in spelling are also disqualified from further competition in that class and division of spelling. (This rule does not apply to quartet and athletic contests.)

Also Grade V contestants receiving 100 per cent certificate awards in Spelling and Plain Writing in district contests shall not be barred. However, Grade VI winners are barred from further competition under this rule.

SECTION 12. Changing Schools.—A pupil changing schools is not eligible in League contests whose parents (or guardian) reside outside the school district, until he shall have been in attendance at the school or in the school system to which he changes for one year immediately preceding the contest; provided, such pupil is not barred under this rule who (1) changes from a school district in which the parents of the pupil actually reside, having less than fifteen accredited units to the nearest school in good standing with the League having as many as three more, or to the school having fifteen or more accredited units located nearest his home or the nearest one in his county, as measured by the public road, (2) lives with his parents or guardian and elects to change to any higher class school within 15 miles of his home.

a. The school of the school district in which contestant resides has less than fifteen accredited units. He is therefore eligible in School A, which is the nearest higher class school to his home or the nearest one in the county. But last session he attended School B, a higher class school, but not, of course, the nearest one to his home. This year he returns home and enters School A. Is he eligible to represent School A this season? He is eligible for participation in League contests this session, since the School A district is his "home district" in so far as League rules are concerned. Notice, however, Article VIII, Section 13.

b. In order to avail himself of the residence of his guardian to become eligible under this rule, the guardianship must be legal, recorded in its regular order in the office of the County Clerk, and of at least one year's standing. If no legal guardianship has been taken out, three years' residence with and support of a contestant establishes guardianship within the meaning of this rule, except in case both parents of the contestant are living no guardianship is possible in the meaning of this rule.

c. A contestant, both of whose parents are dead, is eligible his first year in the school district wherein a grandparent, uncle, aunt, or older brother or sister resides, with whom he lives and by whom he is supported. Notice, however, Article VIII, Section 13.

d. This rule applies only to pupils in high school.

e. If the parents of a contestant move from the district before he has been in attendance for one year he loses his eligibility in the school district from which his parents move, and remains ineligible there until his year is up.

f. In unaccredited schools, a contestant is eligible his first year only in the one located nearest his home or the nearest one in his county. If he has finished the grades offered in the nearest school, he automatically becomes eligible in the nearest school offering work in a higher grade. After an enrollment of three weeks, or longer, in an accredited school, the contestant cannot re-establish eligibility
(under one year) in the unaccredited school unless there has been a corresponding change of residence on the part of his parents, or unless the contestants' home school has been raised in rank by adding at least one grade.

g. "Bus" transfers are on the same basis as individual transfers except that bus transfers assigned by the County Board are not affected by this section.

h. This rule applies also within a city having two or more senior high schools, but does not apply to elementary grades. Neither does it apply to junior high-school graduates who change to the senior high school designated for such junior high-school graduates. Districts outlined by the local school board shall govern. A pupil living in an "over-lapping" district is eligible his first year under this rule in the school of his choice so long as he is living in the district of that high school. After a pupil under these conditions makes a choice of a high school, he will lose his eligibility for one year if he changes to another high school even in the same school system, unless a corresponding change of residence by his parents has been made.

If parents change residence from District A in a city system to District B in the same system, the pupil may choose the high school of District B or the central vocational high school whose district includes all the other districts.

In ruling on the transfer of contestants from high schools in a city system of schools to a central vocational school under this section, the "overlapping district" interpretation contained in paragraph "b" applies; that is, the vocational high-school district including all the other districts is considered as an "overlapping district."

i. In case of discontinuance of the school this section does not apply.

j. After a pupil in a lower class school makes a choice of a higher class school within 15 miles of his home he will lose his eligibility for one year if he changes to another higher class school located within 15 miles of his home; unless (1) there is a corresponding change of residence by his parents, or (2) the County Board of Education has ordered the change of schools and the tuition and bus money has been transferred in accordance with the law providing for transfers from one district to another.

SECTION 13. One Year Rule.—A pupil who has represented a high school (other than his present school) or academy in either football or basketball is ineligible in both of these sports for one year in a school to which he changes, except a pupil who changes from a school which he has attended for at least one year having less than fifteen accredited units to the nearest higher class school (see Article VII, Section 5) to his home, or the nearest in his county.

A pupil living at home with his parents (or guardian) and qualifying under the "exception" clause above, is eligible under this section in any higher class school within 15 miles. A pupil changing from a training school conducted by a college to the local high school in which district his parents have lived at least one year, is not ineligible under this rule.

A junior high-school pupil who has represented his junior high school in football or basketball is ineligible in both of these sports in a school system to which he changes until he has been in attendance for one year.

a. To be ineligible under this rule the pupil must have represented in football or basketball another high school having as many as 15 accredited units. The number of units held by the former school when the pupil enrolls in the new school governs this point.
b. A pupil is eligible under this rule who enrolls the first year in a newly created school located nearest his home (where he has resided for at least one year.)

c. In the meaning of this rule, the one year provision has been satisfied when the pupil has been in attendance in the new school for two semesters even though the semesters may not be two consecutive semesters.

d. In case of discontinuance of the school which a contestant has represented in basketball or football, this section does not apply.

e. This section shall not operate to render pupils ineligible in a school to which they are changed by order of the County Board and to which their tuition money and bus money have been transferred, in accordance with the law providing for transfers from one district to another.

f. "A contestant represents school A, a fully accredited high school in an interschool football or basketball game; then he moves to school B, another fully accredited high school, where he remains ineligible for one year and consequently does not take part in any interschool football or basketball games. Later he moves to school C, a third fully accredited high school." This section shall not operate to render the pupil ineligible in school C, or in any other school to which he changes, since the provisions of this Rule have been satisfied when the pupil was in attendance in school B for two semesters, without having participated in any interschool football or basketball games. The rule was not designed to affect the eligibility of a contestant for more than two semesters, provided he had not further participated in interschool football or basketball.

SECTION 14. Teachers Ineligible.—A person who is teaching whole or part time is ineligible for any League contest.

SECTION 15. Passing Grade Preceding Semester.—No one shall take part in any contest in this League who did not attend school a major portion of the preceding semester and who did not complete at least three half units (see Article VII, Section 18) during the semester.

a. Question arose as to whether a contestant was eligible to compete in a basketball game the Saturday night following the Friday which was the last school day of the fall semester. The contestant had failed to pass in three credit courses during the spring semester of the preceding school year, but had passed in three credit courses during the fall semester. At the time of the game, it was a question of which was the "last semester," the fall or the spring semester. The contestant was ineligible since the fall semester does not close until the new semester has begun, and the new semester does not begin until school is in session again after the last school day of the fall semester. For definition of a "semester" see Article VII, Section 14.

b. A student changing schools is ineligible under this section if the school to which he changes refuses to allow credit for work completed the preceding semester in the former school.

c. A year's credit in a subject granted on the basis of grades made during both semesters may be counted as one of the three half units required regardless of the particular grade for either semester.

d. No exceptions are made to this rule for any reason. If the contestant was sick, or had to quit school for other good reasons, he simply is not eligible if he failed to get credit for three half-unit credit courses during the preceding semester. Summer school work or any work handed in after the close of the semester cannot
be counted. A contestant who has been out of school a full year or more is eligible provided he attended a major portion of, and made three half units, the last semester he was in school. The fact that he was passing at the time of his withdrawal does not satisfy this rule. If he did not earn the prescribed credit he is not eligible. If the contestant was enrolled less than three weeks his last semester he is not considered as having "attended" that semester.

e. In case the session is not divided in a given school into semesters, the pupil must have been promoted at the last promotion period.

f. Scholastic work to be valid must be work for which the contestant does not already have credit.

g. A pupil who has been out of school a year or more is eligible under this section if he attended school a major portion of the last semester that he was in school, and completed three half units.

h. An elementary pupil in order to be eligible for participation in League contests must have attended a major portion of the semester or term and must have been regularly and unconditionally promoted at the last promotion period in school attended. Such a pupil who has been out of school a year or more is eligible under this section if he was regularly and unconditionally promoted at the last promotion period in the school year during which he last attended school. A pupil who has been promoted conditionally from the elementary school to the high school may still be eligible under this rule if he passed the last semester in the elementary school, three elementary-school subjects.

Section 16. Post-season Participation Forbidden.—No one shall take part in any athletic contest in this League who has ever participated in a post-season football game other than one duly scheduled in the League championship series.

Section 17. Ten Semester Rule.—No one shall take part in any contest in this League after the end of the tenth consecutive semester following his first enrollment in the eighth grade.

a. This section limits the eligibility of a contestant to not more than eight consecutive semesters in a four-year high school and not more than six consecutive semesters in a three-year high school.

b. When a pupil enrolls in two or more eighth grade subjects this section is in effect.

Section 18. Athletic Try-Outs.—No one shall take part in any athletic contest in this League who has ever participated in a college athletic practice session or tests for purposes of revealing, demonstrating or displaying athletic ability in any sport.

Article IX. Relations Between District and State Contests

Section 1. District Meets.—District Meets for all Classes may be held separately. However, whenever it is possible Class C meets should be held jointly with Class B, A, or AA Meets. Officers and centers for each separate class will be announced by the District Director General.
SECTION 2. State Meet.—Winners of first place in district meets shall be entitled to enter the State Meet,* held annually at Prairie View A. & M. College, Prairie View, Texas in April. Spelling and Plain writing contests for grades V and VI are for district meets only.

The foregoing rules under this section apply to all the classes of schools except as indicated in Class AAA. No contestant in any class shall be eligible to compete in any State Meet contest who has not won in the District Meet, either through competition or by default or forfeit.

SECTION 3. Reports.—The Director General at the close of a given meet shall compile a list from the reports so furnished him, by individual contest directors and forward to the Director General of the next higher meet.

SECTION 4. Entries.—The superintendent or principal of a school winning representations to the next higher meet shall send immediately to the Director General an entry-list in due form giving the name of the school, the name of the contest, and the full name of the contestants with certification of eligibility. Entries in District meet shall be in the office of the District Director on Monday preceding the day of the meet.

SECTION 5. Substitutions.—In case a contestant qualifying in a meet finds that he will be unable to attend the next higher meet, it shall be the duty of his principal or superintendent to notify the next place winner in the contest (except in track or field), who shall become eligible to represent his district as the case may be. No substitution is allowable in individual contests, except in Tennis, girls' singles; but local school authorities may make a substitution to fill a vacancy on a team, as in tennis doubles and debate.

ARTICLE X.
All-round Championships

SECTION 1. Championship Optional.—There may be an all-round championship awarded at the District Meet, at the discretion of the Executive Committee of the Meet.

SECTION 2. Points by Default.—Points taken by default count towards all-round championship.

SECTION 3. Schedule of Points.—In district meets the championship in the respective classes shall be awarded to the school which wins the highest number of points and at the same time satisfies the requirement of Section 7 of this article. In determining the all-round championships, the points shall be awarded on the following basis, to-wit:

*Both first and second place district winners in Class AAA are eligible to compete in State Meet Field and Track events—except relay teams. Only first place relay teams may enter the State Meet.
SECTION 4. Allocation of Points.—In computing points towards all-round championship, points as above scheduled are awarded in each class. For illustration: The first place winner in Ready Writers is listed above as receiving 15 points. This means that the winner of first place in each class in Ready Writers is awarded 15 points, and so on with regard to each contest listed, and each place, as per schedule.

SECTION 5. Championships—State Meets.—At the State Meets, a championship shall be awarded in each class in literary events (including music) and a championship in Field and Track events for each class of schools. For literary events, points shall be those in the above schedule. For Field and Track events, points shall be those in Field and Track rules.

SECTION 6. No Points for Last Place.—In no contest or event shall second, third, or fourth place be counted if it is last place, as determined by actual participation in the contest. In case there are three entries in debate (for illustration) and one team defeats each of the others, the losers must be matched to determine second place, and this principle holds in any tournament. If a school participates in the drawing it shall be considered "actual participation" in the contest.

SECTION 7. All-round Championship Requirement.—No school shall be eligible to the all-round championship that does not place in at least three different contests of those above enumerated and in both athletic and non-athletic contests. In track and field no school has "placed" unless it has won at least third place in the meet as determined by total points.

SECTION 8. Division of Points Among Schools Tied.—In case two schools are tied for first place, add first and second place points, and
divide the sum equally between the two schools which are tied, awarding no second place points, the school ranking next to the two schools tied receiving third place points; in case two schools are tied for second place add second and third place points and divide equally the sum between the two schools which are tied, and award no third place points and so on.

In case two schools are tied for first place and two tied for second place, add first place points to half of second place points and divide equally between two schools tied for first place. Add all third place points to half of second place points and divide equally between the two schools tied for second place. Award no third place.

**ARTICLE XI. Disputes**

All disputes (except decisions of judges and referees of contests) among the members of the League shall be settled by the appropriate executive committee. A district executive committee may, if desired, submit a case in dispute to the State Executive Committee for adjudication, except that the decision of district football and basketball committees in all disputes arising in connection with the determination of the district championship shall be final. Others who feel that they have a just cause for complaint against any executive committee may appeal the case to the State Executive Committee for final decision; in which instance a written statement of facts shall be presented both by the appellant and by the executive committee together with all documentary evidence considered; provided, that all protests must be made in writing within twenty-four hours after the contest. Eligibility protests, however, are not subject to the 24-hour limitation.

The representative of a school involved is disqualified from sitting as a member of the committee in the adjudication of the dispute.

Protest must be presented by either superintendent or principal.

In passing upon eligibility of players the district committee acts in a judicial capacity. A proper judicial approach involves reasonable notice (i.e., sufficient to permit an answer to charges made or issues raised), an opportunity for a fair hearing, and an unbiased decision based upon the evidence presented.

The State Executive Committee shall have jurisdiction of all disputes arising between schools belonging, respectively, in different classes.

**ARTICLE XII. Penalties**

**SECTION 1. Suspension.**—Any school that violates any of the eligibility rules of this League may be suspended from further competition in the League for a period of from one to three years in the contest in which the infraction is made upon presentation to the state Executive Committee
of sufficient evidence of said infraction. Football and basketball eligibility cases arising inside the district, however, shall be decided by the appropriate football and basketball district committee, as provided in Rule 6 of the Basketball Plan and Football Plan; but if, in the opinion of the district committee, the offense is of sufficient gravity to warrant suspension from the League, the district committee shall make such recommendation to the State Executive Committee and transmit its findings of fact in the case or cases, which the State Executive Committee shall consider in passing upon whether or not the offending school shall be suspended.

Nothing in this section shall be interpreted to limit the power of the State Executive Committee in making investigations and initiating proceedings against any member school whenever, in the opinion of the Committee, there is sufficient evidence at hand to justify such action.

SECTION 2. Mandatory Penalty.—A school that continues to use a contestant who has been declared ineligible shall be suspended from the League for a period of from one to three years in the contest in which the infraction is made, and all contracts with member-schools in this contest become at once null and void.

SECTION 3. May Not Play Suspended Teams.—No school in this League shall engage in any contest with a suspended school, and any school violating this rule shall be suspended for the remainder of that year. This prohibition applies, of course, only to the contest in which the school is suspended.

Schools under suspension in any contest will be listed in September and sent to other member schools.

SECTION 4. Records.—A school shall produce its records upon request by an appropriate executive committee, and refusal to do so shall constitute grounds for suspension from one to three years.

SECTION 5. Limitation of Awards.—No member-school of this League shall be permitted to issue (and no pupil shall be permitted to receive) awards for participation in inter-school competition in excess of $15.00 (or equivalent in value) per year; except that an additional symbolic award not to exceed $2.00 each may be presented for each additional inter-school activity. Enforcement of this rule shall rest with the State Executive Committee, and violation of the herein provisions may be used as ground for suspension.

This rule shall not be interpreted to prohibit the acceptance of medals and cups as tokens of achievement to contestants in meets or tournaments provided the awards are made by the organization conducting the meet or tournament.

SECTION 6. Minimum Penalty.—The minimum penalty for using an ineligible contestant is forfeiture of the contest in which the ineligible contestant participated.
ARTICLE XIII.
Annual Meetings

A meeting of representatives of member-schools shall be held at the State meet of the several classes, and another meeting of the representatives of member-schools shall be held during the Annual Convention of the Texas State Teachers Association.

At these meetings, matters pertaining to the League shall be discussed and recommendations made to State Legislative Advisory Council regarding any changes in the rules. Each member school present shall be entitled to one vote at this meeting, which shall be cast by the superintendent or principal.

ARTICLE XVI.

All amendments to the constitution and Rules of the League shall be made by the State Executive Committee, provided that all material changes in the eligibility and other rules which do not involve a question of the policy of Prairie View Agricultural and Mechanical College, shall be submitted to the State Legislative Advisory Council for their advisory vote. In a case considered an emergency the State Executive Committee may submit a proposed change for a referendum vote to the member schools, except that all changes in eligibility rules shall require one year's notice.

NUMBER SENSE CONTEST

1. Divisions and Representations.—There shall be two divisions in this contest, one for Class C Schools and one for high schools. In Class C School Meets, each school shall be permitted to enter two contestants.

   In district meets for Class B, A, AA, and AAA Schools, each high school shall be permitted to enter two high school contestants in its appropriate class.

2. Eligibility.—Each pupil entered in the Number Sense Contest must be eligible under the rules set forth in Article VIII of this Constitution.

3. Contest Problems.—The contest problems shall be furnished from the State Office to the Director General in a sealed envelope which shall not be opened until the contestants are assembled and ready to begin. The problems shall be of the same general nature as those contained in the League Bulletin entitled "Developing Number Sense."

4. Conducting the Contest.—During the contest, only the Director of Number Sense, and a committee of three graders appointed by the Director General to grade the papers, shall be permitted to remain in the room. The Director in charge shall number the folded sheet, and keep memoranda of the name, address, and school of each contestant to corres-
pond to the numbers respectively assigned, so that the papers at the close of the test may be readily identified. The contestants shall be instructed not to unfold the test sheets until the signal is given for the contest to begin. After exactly ten minutes another signal shall be given, and each contestant shall then be required to rise and fold his test sheet and be ready to deliver it to the person designated to collect the sheets. Each contestant shall be instructed to write his answer down immediately following the problem without attempting to solve the problem on paper, in accordance with instructions on the test sheet. This is a test in mental arithmetic, and only the results of calculations arrived at without the use of pencil and paper should be accepted. The director of the contest may disqualify a contestant for violating these instructions.

5. Determining the Winner.—At the close of the ten-minute period, all of the papers shall be collected and immediately placed in the hands of the graders, who shall carefully grade the papers, by the key, awarding each contestant five points for each problem solved correctly. The sum of the points thus awarded shall be considered the gross grade of the contestant. From the gross grade five points shall be deducted for each problem not solved correctly or skipped. Those problems occurring after the last problem solved correctly or attempted are not considered skipped and hence no deduction for them is made. If an answer to a problem is crossed out, the problem shall be considered not attempted. An answer may be changed by crossing out the old answer and replacing it with the new answer. Erasures are not permitted. First place goes to the contestant making the highest net grade, second place to the contestant making the next highest net grade, third place to the next highest and so on. In case of a tie, a tie-breaker test shall be given as soon as possible. An illegible figure shall be considered an error, and the same test for determining legibility shall be applied as is prescribed in the Spelling Rules.

All fractions in test papers must be reduced to lowest terms. All improper fractions must be expressed as whole numbers plus proper fractions; for example, an answer of $40/6$ must be written in the form of $6-2/3$, and $64/20$ must be written in the form $3.2$ or $3-1/5$.

All teachers having entries in the contest shall be permitted to examine papers before the final scores are announced.

6. Assistance.—The bulletin entitled "Developing Number Sense" may be ordered from the League office at Prairie View. The bulletin contains a thousand or more number sense problems, which may be used in classroom drills. The League also furnished practice tests sheets but no order will be filled for less than 10 sheets of a given test. Starred problems on test sheets require only approximate answers, i.e., they permit 5% error; unstarrred problems require exact answers.

7. Graders.—A committee of competent and unbiased graders shall be appointed by the Director General to grade the papers produced in the contest and report the grades to the Director of the contest.
8. Qualification.—District winners in each Class qualify for State Meet.

In district meet, in the event there is a tie for first, second or third highest score, the following rule will apply:

The rules for computing points in the event of a tie shall apply.

RULES IN DEBATE

1. Representation—Class AAA, Class AA, Class A, Class B and Class C Schools shall contest separately. There shall be one debate for each class of schools. Each debating team must consist of two members: two boys, two girls, or a boy and a girl.

2. Choice of Sides.—In all contests, sides shall be determined either by mutual consent or by lot.

3. No Cheering.—A speaker shall not be interrupted in any manner while he is speaking, either by cheers or otherwise, and the presiding officer shall see that this rule is strictly enforced. However, sincere and courteous cheering at the close of a speech is allowed and desirable.

4. Eligibility.—Each debater entered must be eligible under Article VIII of the constitution.

5. Time and Order of Speeches.—The time and order of speeches shall be as follows:

Main

| Affirmative—Constructive Speech | 10 minutes |
| Negative—Refutation | 5 minutes |
| Negative—Constructive Speech | 10 minutes |
| Affirmative—Refutation | 5 minutes |

This allows thirty minutes for the complete debate.

6. Judges.—The judges for the debating contest shall be at least three or other odd number, selected on the basis of capability and impartiality. The judges for the district contest shall be chosen by the appropriate executive committee.

The judges shall alternate so that no one set of judges sits in judgment upon the same speakers twice.

7. Instruction to Judges.—The following instruction shall be given to the judges: “The judges, who shall sit apart during the debate, shall judge the contest as a debate voting without consultation 'affirmative' or 'negative' on the merits of arguments presented. In deciding which team has done the most effective debating, the judges shall take into consider-
debates must be judged and scored as follows:

1. Argument in main speech .............. 25 per cent
2. Delivery ........................................ 10 per cent
3. Argument in rebuttal .................. 50 per cent
4. Delivery ........................................ 15 per cent

In case of doubt (that is, where the two teams are about equally balanced) argument shall be stressed relatively more than delivery and rebuttal work more than the main speeches. Furthermore, the judges shall consider carefully the following points:

"(a) The debaters should show evidence of having done their own work.

"(b) It is unfair to keep opponents in the dark as to the constructive case, in order to spring surprises near the end of the debate.

"(c) Canned refutation, in which a memorized series of possible arguments is culled over for declaiming in the rebuttal, should be penalized.

"(d) Mere declamation is poor debating, as it ignores the very nature and fact of discussion itself."

Either side may reverse the order of its speakers in rebuttal from that of the main speech.

The presiding officer shall disqualify any team either member of which ignores the second warning of the timekeeper and exceeds the time-limit. (Caution: The debate coaches and individuals composing the teams should have a thorough understanding before the match is begun with the timekeeper concerning the signals which are to be given.)

Contestant is allowed to finish his sentence after the second warning of the timekeeper.

"At the close of the debate each judge shall indicate his choice by ballot and deliver it to the presiding officer, who shall inspect the ballots in the presence of the representative of each school and the judges and announce the decision." The director of the contest is charged with the responsibility of enforcing these "instructions" and only the most flagrant delinquency in this matter will be considered grounds for protest.

8. Qualification.—District winners in each class qualify for the State Meets in accordance with schedule provided in Article IX, Section 2.

9. Substitutions.—After a given tournament has begun, no substitutions on a team which begins the tournament shall be allowed. (See, however, Article IX, Section 5.)
RULES IN DECLAMATION

The purpose of the declamation contest is to incite competitive endeavor in mastering the thought of worthwhile selections and in acquiring the art of conveying that thought effectively to an audience. It will be noted certain standards are set forth in the "Instructions to Judges." These have been very carefully worked out, and represent the best thought and practice in the speech field. These standards, we hope, will not only serve the judge, but will also serve the sponsor as a guide in training pupils who are preparing for the contest. The values of training in declamation are universally admitted, and may be found set forth in 1, 2, 3-order in any standard speech text. The point which we wish to emphasize here is that the League contests may be used to motivate training in this important art, to improve standards, to furnish helpful comparisons as between schools, and to stimulate intensive effort on the part of the pupils who choose to enter.

1. **Classes and Divisions**—Class AAA, Class AA, Class A, Class B and Class C Schools shall contest separately, juniors and seniors in each class, boys and girls together in each class.

In declaming there shall be a boy or girl in the senior and in the junior divisions in each class of schools.

2. **Representation**—Each member-school shall be entitled to enter a declaimer in the appropriate division in the district meet of the Class to which the school belongs.

3. **Eligibility**—Each declaimer must be eligible under Article VIII of the Constitution. Contestants winning first place in State Meets in Junior Declamation are disqualified for further participation in this division, see Article VIII, Section 11.

4. **Declamations for Senior Boys and for Senior Girls**—Declamations for senior boys and girls are fundamentally orations. They are definitely not dramatic or humorous interpretative readings where characters are impersonated, or where a continuous dialogue between two or more characters is maintained. The declamations required in these divisions shall consist of prose selections lying in the general field of good citizenship. This requirement may be fulfilled by a selection dealing with (1) the fundamental qualities or virtues necessary for good citizenship, (2) a story or exposition of noted events or characters that have contributed to the making of America, (3) selections commemorating Texas heroes, history, and progress, (4) discussion of a present-day public question or issue. In general, the subjects to be used are intended to lead the students to study the problems of our American system of government and to incite in speakers and hearers aspirations toward a better citizenship. Poetic quotations may be included in a prose selection provided the selection as a whole contains more prose than poetry. Humor may be included, but purely "funny" pieces will not be allowed. The purpose of these
contests is to train pupils as public speakers and not as dramatic readers or mere entertainers. Therefore, a selection should be chosen which the speaker adopts as his own for the purpose of informing, convincing, or persuading the audience he is addressing on a present-day subject relating to the opportunities and duties of American citizenship.

5. Declaimations for Juniors—This contest is fundamentally one in the interpretation of good poetry. The poems given in this contest should not be dramatic or humorous readings in which there is definite acting on the part of the participants. Poetry declamations should be chosen from the works of recognized poets and should represent honest, sincere thinking rather than cheap trick-verse. The purpose of this contest is to train pupils in the art of expressing our great poetic heritage in as natural and sincere manner as possible. (The State Office does not issue a prescribed list of poems for this contest, but a suggested bibliography of poetry books will be sent upon request at a small cost.)

The director of the contest should be certain that the judge, or judges, read and understand all rules and standards before the contest begins.

6. Length of Declamations—No senior declamation shall exceed six minutes in length. No junior declamation shall exceed four minutes in length. (See rule 12).

7. Programs—The order of speaking in all preliminary contests shall be determined by lot. After the contestants have drawn for places on the program, they should be placed in a room off the speaking platform or stage. They should appear on the platform or stage alone, deliver their orations and leave the platform or stage. The new speaker should then appear, other speakers following in like fashion until all declaimers have spoken. It is definitely recommended that all speakers do not sit on the platform for the duration of the contest. It is further recommended that declaimers not announce the author and title of their selections. Such announcements should be made by the Director of the contest in this fashion: "Speaker Number 5 has chosen for his selection, 'The American Flag' by Henry Ward Beecher," or a printed program should inform the audience as to the number of the speaker, title and author of each selection.

If there are more than nine entries in any one division, preliminaries should be arranged by the Director in charge. Four individuals should be selected without ranking, said four are to take part in the finals.

8. Order of Speaking—Places for speaking shall be determined by lot and contestants shall be called by numbers only.

9. Elimination Contests—Elimination contests should be held in district and state meets in each division prior to final contests, if there shall be more than nine entries in that division.
10. **No Interruption**—A speaker shall not be interrupted in any manner during the delivery of the declamation.

11. **No Cheering**—In order to guard against "rooting," no cheering shall be permitted during a contest, and the chairman shall see that this rule is strictly enforced.

All declamation contests may be open to the public and an admission fee may be charged.

12. **No Coaching**—No speaker shall be coached or prompted in any manner during the delivery of the declamation.

13. **Timekeepers**—At each junior declamation test there shall be a timekeeper, who shall notify the speaker and the presiding officer by ringing a bell, or by other sound signal, when the speaker has consumed the time-limit of four minutes, in which case the speaker shall be required to conclude in one-half minute. It shall be the duty of the presiding officer to enforce this rule. At each senior declamation contest there shall be a timekeeper, who shall notify the speaker and the presiding officer by ringing a bell, or by other sound signal, when the speaker has consumed the time-limit of six minutes, in which case the speaker shall be required to conclude in one-half minute. It shall be the duty of the presiding officer to enforce this rule. A contestant who continues speaking after the final warning signal of the timekeeper at six minutes, shall be disqualified by the presiding officer.

*A speaker shall be allowed to finish his sentence after the final time warning has been given. However, he shall not be allowed to continue his concluding sentence indefinitely.*

14. **Preliminary and Final Contests**—There shall be both a preliminary and final contests, that is, if more than nine entries are made in any division. In the preliminary, four individuals shall be selected without ranking, said four are to take part in the finals.

The district directors of declamation shall select competent and unbiased judges for the district tournaments. For the final contest at the College, judges shall be chosen by the State Executive Committee. If three judges are used, the judges shall sit apart during a contest in order to hear the speakers from different parts of the auditorium.

The director of the contest should be certain that the judge, or judges, read and understand all rules and standards before the contest begins.

15. **Judging**—It is specifically recommended that a good critic judge be secured to judge all declamation contests. In case one good critic cannot be secured, three or any larger odd number of competent judges shall be used.

*A good critic judge is one who, because of the general respect maintained for his judgment on the part of those concerned, is invited to rank and criticize...*
according to the official League standards for this event, the achievement of those in this contest. He must be able and willing to evaluate orally and criticize constructively the work of all contestants be judges.

16. **Protests on Eligibility of Selection**—Protests on the eligibility of senior declamations must be made, if at all, to the Director in charge of the contest before the decision of the judge is rendered. The Director shall submit the name of the selection and the number of the speaker to the judges for vote without consultation on its eligibility. Decision of judges on this matter is final.

17. **Original Declamations**—Senior declamations written by students are eligible for use provided they comply with all above regulations. Such declamations are to be judged on exactly the same basis as any other declamation.

18. **Ranking the Contestants**—At the close of the contest each judge shall rank the speakers by numbers, 1, 2, 3, etc. If the jury plan of judging (three or more judges) is used, a speaker ranked first by a majority of the judges shall be awarded first place.

In case no speaker is ranked first by a majority of the judges, the contestant the sum of whose rank is least, shall be awarded first place. The speakers receiving second and third places, respectively, shall be determined in the same manner, except that if two contestants receive a majority of seconds or better, then the sum or ranks shall be resorted to, and if the sums shall be equal then the tie shall be broken by the determination of judges' preference. The ranks of the contestants shall be computed either by the judges themselves or by a committee appointed for that purpose.

**INSTRUCTIONS TO THE JUDGE**

These are the official standards to be used in judging all declamation contests. Judges are to be instructed by contest Directors to use only these Standards. Judges will note that two-thirds of the effectiveness of the speaker will depend upon his ability to convince an audience that he has a real desire to say something of value. A mechanically perfect speaker evincing no real desire to communicate is never as effective as that speaker who is not so perfect in mechanics but who indicates an enthusiastic and sincere urge to communicate an idea to an audience. It is well to remember that "public speaking is heightened conversation, which has as its fundamental elements the qualities of naturalness and sincerity."

Judge must note that this is not a percentage plan. A judge shall not rank speakers by using exact percentages such as: Speaker No. 1, 92.5 percent; No. 2, 89.9 per cent; No. 3, 87.2 per cent. The percentages used in these Standards are merely to indicate the relative importance of Mechanics of Delivery compared to Interpretation and Effectiveness in Declaiming.
### Declamation Judging Standards

**I. Interpretation and Effectiveness.** Approximate value—70%.

**A. Desire to communicate.** (This is a very important point.)

1. Did you feel the speaker had a genuine desire to communicate ideas to an audience?
2. Did the speaker appear to have a real interest in what he said?
3. Did the speaker make you believe in his sincerity and enthusiasm as he delivered his declamation?

**B. Interpretation.** (This is a very important point.)

1. Did the speaker give the audience the spirit, the emotional coloring, and the attitude toward the subject intended by the author?
2. Did the speaker present the idea of the selection in a clear, intelligible manner which the audience could easily understand?

**C. Directness.** (This point refers chiefly to Senior Declamations. It is a very important point.)

1. Did the speaker talk to, and for, the audience, rather than to the floor, windows, or ceiling?
2. Was the declamation spoken in a direct, conversational way, or did it appear to be a memorized recital mechanically presented?

**D. Suitability.**

1. Was the selection suitable material for this student, or was it too simple, too complicated?
2. Did the speaker seem to understand the purpose the author had in writing the selection?

**II. Mechanics of Delivery.** Approximate value—30%.

**A. Body activity.**

1. Did the body assist the speaker in a natural way?
2. Did the body hinder the speaker by being stiff and unresponsive?
3. Did bodily movements attract attention to themselves because they seemed artificial?
4. Did bodily movements seem so much a part of the speaker that they were not obvious?

**B. Voice.**

1. Was there too much or too little volume?
2. Was the pitch of the voice too high, too low, too monotonous?
3. Was the quality of the voice generally pleasing to the ear?

C. Rate.
1. Did the speaker talk too fast, too slowly, at a monotonous rate with little variety?
2. Was there a variety of rate which resulted in emphasis of important points?
3. Was there a "sing-song" pattern, or a tiresome repetition of any pattern of speech?
4. Were the relatively unimportant words (articles, prepositions, etc.) properly subordinate to the more important words?

D. Pronunciation and Articulation.
1. On the whole, were the words pronounced correctly and accurately?
2. Was there a noticeable use of colloquial, local, vulgar, or obsolete pronunciation?
3. Were the words used spoken distinctly without being affected or unnatural?

NOTE.—When two contestants are tied for any place by virtue of each receiving identical sums of the ranks and when the procedure outlined above fails to break the tie, the following plan known as "judges' preference" shall be used. Compare the ranking of the speakers as follows:

Example: First speaker: 2—5—3
Second speaker: 4—2—4

It will be noted that the first judge ranks first speaker above second speaker; second judge ranks second speaker above first speaker; third judge ranks first speaker above second speaker. This gives the following:

Example: First speaker: 1—2—1
Second speaker: 2—1—2

and so breaks the tie in favor of the first speaker.

RULES IN READY WRITERS CONTEST

1. Representatives.—Each member school shall be allowed two contestants (two boys or two girls, or a boy and a girl) in its appropriate class in the district contest and the highest ranking contestant in each class shall be eligible to enter the State contest.
2. **Eligibility.**—Each pupil entered in this contest must be eligible under Article VIII of this Constitution.

3. **The Composition.**  
   a. **Its Nature.**—The composition is to be expository in nature. Descriptive or narrative passages may be used, of course, to illustrate or reinforce an idea or point that is being explained, but they must be clearly subservient or incidental to the purpose of exposition.
   
   b. **Its Length.**—The composition must not be over 1,000 words in length.

4. **Method of Conducting the Contest.**—Themes, to be eligible for submission, in this contest shall be written under the following conditions:

   a. Contestants in all divisions shall be assembled and distributed sparsely over the room.

   b. Uniform stationery shall be provided by the respective contestants, 8½ x 11 inches (letter size), and the compositions must be written on one side in ink.

   c. The contestants shall be numbered consecutively, beginning with "1," the final number representing the total number of contestants engaging in the contest. Each contestant shall enter the number assigned him in the upper right-hand corner of the first sheet of his manuscript and enclose it in parentheses. He shall then write on a slip of paper his number, county, school, his own name and his postoffice address, and enclose this slip in an envelope, which shall be sealed and attached to his manuscript when it is turned in to the Director.

   d. Topics for all divisions shall be furnished by the State Office to the Director General, who shall transmit them in a sealed envelope to the director on the day of the contest. Five topics shall be furnished, all within the range of the average pupil’s study, observation, and experience. The director, or person designated by him, shall copy all five topics on the blackboard, and each contestant may select from this list the topic upon which he wishes to write.

   e. Each contestant shall write the subject he has chosen in full about two inches beneath the top of the first sheet and begin the body of his composition about an inch beneath the title. An inch margin should be left on the left of the page. The pages should be numbered in the upper left-hand corner, without parentheses, to distinguish the page number from the number assigned the contestant.

   f. The director shall be responsible for preventing any communication between contestants, or any reference on the part of contestants to notes or books or printed matter of any character. He shall be the time-keeper for the contest, and when two hours shall have elapsed from the
time he writes the subjects on the board, he shall collect all manuscripts; he shall give fifteen minutes warning of the time limit, even though the contest is held in a room where a clock is clearly visible to the contestants.

5. **Judging the Contest.**—a. The Judges.—Three properly qualified and impartial judges (exclusive of teachers whose schools are represented in the contest in the class to be judged) shall be selected by the Director.

b. Briefing the Judges. — At some convenient time before the contest begins, the director shall discuss thoroughly with the judges the criteria for evaluating the compositions, making sure that they all have the same conception of those criteria and understand the relative importance to be accorded each.

c. Instructions to Judges.—Each judge shall be given a copy of the following instructions:

(1) The Criteria for Evaluation.—The compositions are to be graded as to relative excellence in interest, organization, and correctness of style. While the judges are to take into consideration all three of these elements in selecting the most effective compositions, they shall stress the element of interest more than either of the other two, and the element of organization more than correctness of style.

(a) Interest depends primarily upon substance, upon having something to say that is worth saying because of its acuteness of analysis or its originality of thought. It depends next upon clarity, for no reader can be interested unless he understands exactly the writer’s ideas or points. It depends finally upon treatment that is fresh, individualized, an outgrowth of the writer’s character and experience.

(b) Organization has clarity as its main goal. The plan of the whole composition should be such that each part contributes to an understanding of the writer’s main idea or thesis, no part being misleading or unrelated to that thesis. The organization of each paragraph should be directed to the logical and full development of one idea.

(c) Correctness of style is of two types. The first, and the one to be most stressed by the judges, is that based upon an attempt to achieve clarity of communication. Sentence structure, punctuation, grammar, and word usage which hinder clear communication are thus to be considered incorrect. A less important kind of correctness is that which is based upon mere convention. Sentence structure, punctuation, grammar, word usage, and spelling “errors” which do not hinder clear communication but which fail to conform to so-called “standards” constitute this type of “incorrectness.”

(2) Rating the Compositions.—Each judge shall read all of the essays submitted in the class to be judged, and, without marking on the manuscripts, shall make notes upon the excellencies and deficiencies of each paper. He shall then rank them in order of their excellence: 1, 2,
3, 4, etc. The three judges shall then discuss the essays which each has ranked first, second and third, any judge being permitted to alter his ranking as a result of the discussion. Each judge shall then give his final ranking of all papers to the director, who will determine first, second, and third places from the vote of the judges in the manner prescribed for ranking declamation contests.

(3) Preparing the Criticism. — Before the results are announced, the judges shall prepare for the director a composite criticism of each essay, stating its good and bad points. These criticisms need not be long, and they should be specific rather than general.

6. Announcing the Results.—Before the assembled contestants and other interested parties, the director shall announce, at a time and place specified by him, the names and schools of the winners.

7. Holding the Criticism.—It is suggested that immediately following the announcement of results the director and/or the judges hold a critique on the contest. It may be profitable to read aloud the essay awarded first place, and then present for discussion the criticism of the judges. Second and third place winners will be eager to know what, in the opinion of the judges, prevented their papers from being considered as good as the one ranked first. The feelings of other contestants can be saved if relative rankings below third place are not revealed, and if the judges' criticisms are given with reference only to the number of the essays rather than the names of the contestants. Even those who were ranked low by the judges will appreciate hearing criticism of their papers if the person presenting the critique can arrange to talk privately with them.

8. Qualification. — District winners in each class qualify for the State Meet in accordance with the schedule provided in Article X.

SPELLING AND PLAIN WRITING CONTEST

1. Division.—Divisions shall be made on a grade basis as follows: In 12 grade systems, (a) Grades V and VI, (b) Grade VII and VIII, (c) Grades IX and X and above. In 11-grade systems (a) grades IV and V, (b) VI and VII, and VIII and above. Division "a" shall compete in district only.

2. Representation—Each member school is entitled to enter a team of two in each division for which it has eligible grades. All classes of schools must contest separately. A team may consist of a boy and a girl, 2 boys or 2 girls.

3. Eligibility—Each pupil entered in this contest must be eligible under the rules set forth under Article VIII of the constitution.

4. Source—The words for the spelling contests shall be taken from a list furnished by the League. Each member school shall be entitled to one free copy of the list.
5. Contest—The district and state contests shall be conducted in the following manner:

(a) The contestant shall come to his division provided with ordinary theme paper, lead pencil, or pen and ink.

(b) The Director of Spelling or his appointee shall number the slips of paper to correspond to the numbers at the heads of the columns, listed for grades five and six, for six and seven, and for nine and above grades, respectively. Fold slips and place them in a hat or convenient receptacle for the respective contests. Another person shall then draw a slip from the hat. The pronouncer shall then begin pronouncing words to the contestants, beginning at the top of the column indicated on the slip. He shall proceed for twenty minutes, pronouncing the words in their consecutive order at the rate of six words per minute, i.e., a word every ten seconds. If it happens that he is brought to the last word of the list before the end of twenty minutes, he shall turn to the first word of the list and continue to pronounce the words in their regular order until the twenty minutes are used up. Teachers should remember that this test has time element in it and should drill their pupils with this in view. Naturally, a slow writer should be eliminated in the local contest, no matter how good a speller he may be. No time should be wasted in giving definitions to or holding discussions with contestants concerning the meaning of words. Contestants are supposed to be so familiar with the list that a mere phrase should be sufficient to indicate the meaning of a word when the meaning determines the spelling.

The pronouncer should say the word “plural” after every plural noun and “past tense” after each verb in the past tense. Pupils whose writing is not legible, should be eliminated in the local contest. The pronouncer should also be careful to distinguish between homonyms, (words which sound alike, but have different meaning). Thus, if he pronounces “bass” he should say “bass’ voice or “bass” drum to distinguish from “base” meaning low or mean.

(c) At the end of twenty minutes, five minutes rest is given, during which time the contestants may correct their papers. If it is a contest for the 9th grade and above, the pronouncer shall draw from slips numbered to correspond to columns for the seventh and eighth grades, and then pronounce to the contestants of the ninth grade and above from list of seventh and eighth grade words, beginning at the top of the column drawn. Pronounce from this list ten minutes at the same rate. If it is a contest for seventh and eighth grades, the list for fifth and sixth grades shall be used in the same way to fill out the hour. If it is a contest for fifth and sixth grades, continue pronouncing from the same list.

(d) Three judges of the contest may, at the option of the Director be appointed to see that the contest is conducted fairly. Contestants should be separated from each other as far as space in the room permits and any
attempt on the part of a contestant to copy from another should be noted by judges or pronouncer, who shall report to the Director, who may disqualify the contestant.

(e) Each contestant shall write his or her number on each sheet of paper in use.

(f) The papers shall be gathered up immediately after the close of the contest by the pronouncer and delivered to the Director of Spelling, who shall in turn deliver them to competent judges or graders, none of whom are connected with any school entered in the contest.

6. Team Grade.—The Team grade is determined by deducting from 100 one point for each error made by each member of the team.

7. Winning Team.—The team making the highest grade is given first place; the team making next highest grade is given second place; and the team making next highest grade is given third place; and points are awarded according to schedule in Article X, Section 3.

It is the duty of the Director of Spelling to mail all papers graded 100% in the district meet to the State Office for re-grading and award. Only the 100% papers should be sent, and they must be sent within ten days after the district contest is concluded in order to be eligible for award, which consists of the League Certificate of Excellence in Spelling and Plain Writing.

In submitting these papers to the State Office, it is necessary for the Director of Spelling to identify each paper by writing thereon the name and address of the contestant, the name of the school represented and the class and division in which the pupil competed.

The Director of Spelling shall include his own name and address with papers sent to the State Office. It is suggested that each child who has achieved 100% be instructed to write his complete name and home (mailing) address upon his paper. The State Office must have these in order to send each contestant the Certificate which he has earned.

8. The Spelling List.—The publication referred to in these rules as “The Spelling List” is the University of Texas Bulletin No. 5418, and is entitled “Word List for the Interscholastic League Spelling Contest.” The price is 5 cents per copy, 50 cents per dozen, and $3.00 per hundred, post-paid.

Instructions to Graders

1. The correct spelling of a word consists in writing legibly the letters which compose it in their proper order.

2. The first authority is the spelling list, which follows in nearly every case the first spelling given in the latest edition of Webster’s International Dictionary.
3. In case any word is misspelled in any edition of the spelling list, that word is not to be considered in grading the spelling papers.

4. The following faults* in handwriting shall be considered errors:
   a. An undotted "i" or "j" or an uncrossed "t." (A "Parker" "r" is admissible if it passes legibility test; also "final t").
   b. A looped "i" or an unlooped "e" or "l." 
   c. An "n" or "m" not curved at the top.
   d. A small letter beginning a word which rises as high as the two or three-spaced letters in the word or which rises as much as one space above the other one-spaced letters in the word shall be considered a capital.
   e. An "o" not closed, or looped at the top.
   f. Furthermore, any malformed letter† or illegible letter, if considered out of its context, is considered a miss. A freakish affection in writing, such as putting a circle instead of a dot over an "i" is considered a miss.

   [Note.—To determine whether or not a given letter is illegible, place a blank piece of paper on either side of it, thus separating it from its context, and then see whether or not the character may be identified.]

5. The misuse of an apostrophe or hyphen is considered a miss, and a mistake is capitalization is also considered a miss.

6. Words are to be pronounced in regular order in the lists furnished, and any word omitted is a miss. In cases where all papers omit the same word, it is considered evidence that the pronouncer failed to give this word, so it is not considered a miss.

**ONE-ACT PLAY CONTEST**

These general objectives are to be kept in mind by directors and students that participate in One-Act Play contests. It is the purpose of this contest: (a) to encourage a friendly rivalry between schools on the basis that it is more important to do a good play well than it is to win at any cost; (b) to stimulate an activity which may be used to advantage during leisure time; (c) to encourage schools to enter the contest because of the enjoyment and values students receive rather than entering for the sole purpose of winning a trophy; (d) to foster an appreciation of good act-

*This list of faults has been compiled from a study of thousands of papers submitted in the State contests in spelling, and insistence by teachers on students correcting these faults will do much, it is hoped, to improve the legibility of their pupils' writing. For illustration of these faults, see a special circular entitled "Writing Errors," copy of which is sent free on request.
†For illustration of malformed letters which are considered errors, see "Writing Errors," a circular sent free on request.
ing, good directing, good plays, and to stimulate interest in contest drama­
tics; (e) to show the value of and the need for teamwork and co-op­
eration in any group effort; (f) to lose or win graciously knowing that
frequently there is "victory in defeat"; learn to accept defeat as an indi­
cation that our efforts did not adequately reach standards of perfection;
learn to win without believing we have reached perfection, and to accept
the decision of judges without complaint or protest; (g) to encourage ac­
ceptance of the belief that dramatics has a definite reason for existing in
the curricula of our schools; (h) to show that contest play production is
"a lot of fun" regardless of the outcome of the contest. "There are no
losers in a One-Act Play contest" because the advantages which accrue
from participation far outweigh the mere winning or losing of a contest.

Rules of Contest

1. **Representation.**—Each AAA and AA high school that is a mem­
ber of the League is entitled to enter a cast in its district meet in its ap­
propriate class.

Regardless of number of schools entered in a district, each school
may be represented by only one play in a district meet.

2. **Eligibility.**—Each member of a One-Act Play cast shall be eligi­
ble under Article VIII of the Constitution, including musicians off stage,
members of mobs, or other individuals making off-stage contributions to
the play which are specifically called for by the script are considered mem­
bers of the cast and must be eligible. This does not include faculty mem­
bers, janitors and such assistants who operate switchboards, shift scenery,
apply make-up, etc.

Records may be used for mob scenes, background music, etc. Eligibility
refers only to actual participating students.

3. **Eligible Plays.**—The district committee, regardless of the judges' decision, shall declare ineligible the following plays: (In case of doubt the matter may be referred immediately to the State Office for ruling.)

a. Plays requiring more than forty minutes in presentation.

b. Plays that use other than the simplest settings, lights, and cos­
tumes. Only simple cloth cycloramas, and the simplest of ex­
terior scenes can be used. Simple set pieces built especially for
any specific play must be provided by the school presenting the
play. However, large, cumbersome properties which make stag­
ing difficult and necessitate long periods of time for changes be­
tween plays, will not be permitted in any case. Space settings
and functional pieces are permitted if they can be carried in an
ordinary family automobile. In case of doubt, a picture of the
set should be sent to the State Office well in advance of the con­
test for a ruling. Plays using no scenery at all are permissible.
c. Plays that require more than ten individuals in the cast. Double casting is permissible.

d. Plays in which an actual gun, pistol, or any other firearm is used in any way. A wooden model painted to represent a real gun or a "cap" pistol is permitted. Discharge of a gun off stage is not permitted, nor is the use of any explosive to represent the discharge of a gun allowed. If it is found that a regular gun was used during a contest play, the play shall automatically be disqualified.

e. Plays that use a curtain or blackout at any time during performance to make a major shift in scenery. This rule is intended to eliminate long waits in a play. Shifts of one or two pieces on and off stage are permissible. A blackout or curtain may be used to indicate lapse of time, change of scene, or for a flashback. Such interim time shall be counted in the forty-minute limit. Different imaginative settings are permitted. Example: "The Happy Journey." Spots and other simple lighting devices may be used.

f. Plays not having an official card from the State Office stating that the title of the play is duly registered in the State Office as that school's entry. (District Directors collect these at District Meet and return them to the State Office.)

g. Plays not on the official prescribed list issued by the State Office of the League, or that have not been granted an official statement from the State Office definitely approving the play. Plays approved must be changed, altered or revised by the Directors so as not to offend good taste or moral standards in any way.

A bulletin containing the titles of plays on the prescribed list will be sent to the principal of each school when the school enrolls in the League. Additional copies of the list may be secured for 15c each by writing the Director, Interscholastic League, Prairie View, Texas.

4. Timekeeper.—The Director shall appoint an official timekeeper and in case any play requires more than forty minutes in presentation, the timekeeper shall so notify the Director of the contest, who shall disqualify the play.

In no case shall the Director of the contest or the judge serve as a timekeeper.

The length of the play shall be determined by the time elapsed from the opening curtain to the closing curtain, or from the time music starts or action in front of the curtain starts, which is considered a part of the production.

If for any reason it is necessary to draw the curtain before the end of a production, judges are instructed to evaluate the production on the basis of the part presented. Decision of the judges is final.
5. **Faculty Director.**—If a director of a One-Act Play in any school is not a regular faculty member, the cast is not eligible to participate unless the director is formally designated for the work by recommendation of the superintendent and approved by the school board.

6. **Qualification.**—Winners of Classes AA and AAA district meets qualify for State meets. In congested districts, the State Office together with the schools concerned will organize the one-act play meets.

7. **Entry and Selection of Play.**—Schools desiring to enter this contest must fill out an entry form and return it to the State Office by December 3, 1955. Acknowledgement of entry is mailed immediately by the State Office.

*Before the district contest, a school must send the title of its play to the state office and receive official registration card which must be given to the district play contest director. (See Rule 3, item f).*

8. **District Meets.**—Districts may hold one-act play contests at separate time prior to the district meet where the majority of the member schools so desire.

The State Executive Committee may merge or rearrange districts for the improvement of the contest.

9. **List of Properties.**—Each school entering the contest shall provide the District Director of the contest with a complete list of heavy properties ten days before the date of the contest. Winners in district contests shall provide the director of the next higher contest with a list of heavy properties immediately following the contest in which they are respectively declared to be the winners.

10. **Prescribed List of Plays.**—A list of plays is sent to member-schools at 15c per copy. All schools are required to use plays from this list.

11. **Royalty.**—No manager assumes any responsibility for payment of royalty. A school which presents a royalty play without having paid royalty or received permission from royalty-holder shall be suspended from further participation in this competition for the remainder of the current school year.

12. **Drawing.**—After the closing date for entries, the Director of One-Act Play is authorized to "draw" places for appearance of the casts on the program, and shall notify all competing schools of their places immediately after the drawing.

13. **No Prompting.**—There shall be no prompting during a performance by anyone who is off stage or out of the acting area.

14. **Program Copy.**—The director of the winning cast shall mail immediately to the Director of the One-Act Play in the next higher meet his cast of characters in program form and list of heavy properties needed.
15. Judging.—It is recommended that a critic judge or critic panel consisting of any number be secured to judge all One-Act Play contests. In case one good critic judge cannot be secured, a larger number of competent judges may be used. The selection of the judges for the district contests shall be made by the District Executive Committee, subject to the approval of a majority of the schools concerned. For the final contest at Prairie View the judges shall be chosen by the State Executive Committee. If three or more judges are used, the judges should sit apart during the contest in order to hear the play from different parts of the auditorium. The critic panel may confer after the contest and before the decision is rendered.

The director of the contest should be certain that the judge, or judges, read and understand all rules and standards and agree to use only the League standards of judging, before the contest begins. The decision of the judge, or judges is final, unless some portion of Rule 3 is violated.

See Rule 4, last paragraph, for ruling on judging an incomplete production.

Contest Directors may use one of two plans of judging.

"Rating" plan of judging: In each contest the judge, or judges, shall first select one play (outstanding play) to advance to the next higher meet, and shall also select an alternate play. All the plays in the contest shall be rated as follows: Superior, Excellent, Good, Average. One or more plays may receive any of these ratings, depending upon the decision of the judges. The alternate play shall advance to the next higher meet only in case the winning play cast does not find it possible to participate in the next higher contest.

"Ranking" plan of judging: This plan is in accordance with the judging plan prescribed in Declamation Rules.

The "rating" plan is recommended over the "ranking" plan.

Instructions to the Judges

These standards were adopted as the official standards for judging Interscholastic League One-Act Plays and each judge shall judge the plays accordingly. This is not a point or percentage plan. The approximate percentages indicated are merely guides, and are not to be used to give plays exact percentage rankings. The standards were devised to assist the judge as he evaluates the plays. They are of value to directors as they prepare their plays for competition.

Judging Standards

I. Acting. Value: about 55%.

A. Voice.—Could you hear the actors distinctly? Was the rate too fast or too slow? Was there a variety of rate and inflection?
Was pronunciation and articulation properly done for each character? If dialect was used, was it done correctly and naturally?

B. Characterization.—Was there a complete bodily and mental recreation of the character by the actor? Did we "believe" the actor's characterization all the time he was on stage? (This point, Characterization, is a very important one.)

C. Movement.—Were the movements of the actor in keeping with the character? Was there a great deal of random movement? Was the pantomine accurate and convincing? Did the actor seem to have a well-controlled, poised body?

D. Contrast.—Were there clearly contrasting moods in speeches? Were emotional transitions natural and effective? Did the play seem to have a sameness or seem to be monotonous to watch?

E. Ensemble.—Did you feel a smoothness of action which indicates teamwork among the actors? Was it a closely knit, rhythmically correct show?

F. Timing.—Did the actors pick up cues rapidly? Did the movements of the actors slow down the tempo of the show? Were there "dead spots" in the production because of the lack of a sense of space on the part of the actors? (This point, Timing, is a very important one. The timing of the individual actor combined with the general pace of the show as determined by the director is a phase of production which is frequently done poorly by amateurs.)

G. Motivation.—Was there a clearly discernible reason for all business and movement by the actor? There must be a definite reason for each movement made on the stage. (This point, Motivation, is a very important one.)

II. Directing and Stage Mechanics. Value: about 35%.

A. Set—Was the stage dressed to make an effective picture? Was the furniture used in a way which assisted, and did not hinder the action? (Since only the simplest sets using cloth cycs, the simplest lighting and the simplest of exterior settings are permitted, the judge must disregard any other feature except these two points.) Plays using any but simple sets are disqualified. (See Rule 3, Section b.)

B. Lighting—Effective use of available equipment, if within the control of the director. Did the lighting effects blend harmoniously and unobtrusively into the action of the play? Were there effects which were so obvious that they called attention to themselves and took your attention away from the action of the play? (The use of elaborate lighting effects must be disregarded by the judge.)
C. Business.—Were exits and entrances properly timed? Did the actors frequently cover or block each other? Were the actors properly grouped to give necessary emphasis to the right characters at the right time? Was the business adequate to bring out the idea of the play? (This point, Business, is a very important one.)

D. Make-up.—Was the make-up in keeping with the character? Was it realistic and natural?

E. Costume.—Were the costumes correct as to color combinations, period and character? (The use of elaborate costumes should be absolutely disregarded by the judge as he makes his final decision.)

F. Tempo.—Did the play as a whole drag? Was it too fast to follow intelligently? Was the pace of the play in keeping with the general idea of the play? Was the tempo fast enough for farce? Did it tend to become slower for tragedy? Were the sub-climaxes and the climax well built up? (This point, Tempo, is a very important one.)

III. The Play. Value: about 10%.

Was it a suitable play for the members of this particular cast? Did the play challenge the abilities of the actors? Did it have a definite effect on the audience? (This point is not to be considered unless it is a neutral audience.) Was the main idea or the theme of the play brought out clearly? (The judge should realize that he may expect high-school student frequently to do some excellent work. He must know that high-school actors have possibilities as well as limitations.)

The judge is instructed to pay little attention to the type of play selected. This is a contest in acting and directing, not play selection. The cast is not to be penalized in the final ranking because the play may not have, in the opinion of the judge, sufficient literary merit.

**TYPING CONTEST**

Teachers of Commercial Subjects in the high school have made requests for the addition of the Typing Contest for several years. The members of the Legislative Advisory Council voted at its December, 1953 meeting in favor of adding the typing contest for Classes AAA, and AA schools to become fully effective in 1955-56.

This contest will be conducted in cooperation with the Department of Business Administration of Prairie View A. and M. College on a district and State basis.
1. **Only Accredited School Eligible.**—This contest is open only to schools accorded credit in typing, according to the current issue of the Texas Education Agency bulletin, entitled, “Standards and Activities of the Division of Supervision,” and which follow the time-scheduled required by the State Department, viz., single- or double-period five days per week for thirty-six weeks during the year.

2. **Representation.**—Each school entering the contest shall be required to enter two, as a minimum in the district meet. Schools having an enrollment of more than thirty in first year typing on January 1 shall add one additional pupil for every thirty or fraction thereof enrolled in excess of thirty, up to five entries. No school shall enter less than two or more than five contestants. Pupils having had regular instruction in typing prior to September 1, and pupils who will be graduated at midterm are not counted on this enrollment. (For “enrollment,” see Art. VII, Sec. 18.)

3. **Eligibility.**—Only those pupils eligible under Article VIII of the Constitution shall be permitted to enter this contest, and only those who have had no regular instruction in typing prior to September 1, last. Section 12, Article VIII, does not apply to typing contestants, provided the contestant is representing the high school nearest to his home accredited in typing. Each teacher entering a contestant must be certain that the contestant has had no typing instruction before September 1, last.

4. **Qualification.**—District winners in each class qualify for the State Meet in accordance with schedule provided in Article IX, Sections 1-5. Individuals are qualified to enter the next higher meet.

5. **State Meet.**—Those individuals qualified as indicated in the foregoing paragraph meet for a state championship tournament during the State Meet of the League. Contestants must have their machines set up by 4 o’clock the afternoon preceding the contest. The contestants, coach, or someone designated by either of them should check the machine to determine that it is in good working condition.

   The director of this tournament is, Dr. A. S. Arnold of the Department of Business Administration, Prairie View A. and M. College.

6. **General Rule.**—The International Contest Rules for checking the errors are followed. The important points are herein set down and somewhat clarified to fit our particular requirements. These rules shall govern in all League typing meets. Every word omitted, inserted, misspelled, or in any way changed from the printed copy shall be penalized. (An error in the printed copy may be corrected or copied as printed.) Only one error shall be charged for any one word except in case of rewritten or transposed matter, when not more than one additional error shall be charged for the rewriting or transposition, and count one error for each error in the rewritten material. Each error due to faulty machines is to be penalized.
7. Contestants Numbered.—Each contestant shall be given a number and that number placed on his contest sheet, so that the identity of the individual is withheld from the judges until the awards are made.

8. Length of Test.—All tests must be exactly 12 minutes in length. Typing must cease at the closing signal, even if a word is not completed. No error is counted for the incomplete word. If the contestant continues to write, his paper shall be penalized one error.

9. Computation by Strokes and Accuracy.—From the gross number of strokes of the printed test material deduct fifty strokes for each error made. The net number of words will be found by dividing the net number of strokes by 5 (the average number of strokes for each word). Divide the result by 12 (the number of minutes) to get the net rate per minute. Or, divide the gross number of strokes by 5. This will give you the gross number of words written. From this figure deduct the penalty—10 times the number of errors. Divide this result by 12 to get the net words per minute.

10. Final Rating.—The final rating, however, shall be based upon both speed and accuracy. To the net words per minute shall be added the percentage of accuracy for the final score. To find the percentage of accuracy, subtract the penalty from the number of words written and divide the total words written into the total correct words written. Example: The student writes 700 words with 3 errors; correct words written 670 (700 minus 30), divide by total words, 700, equals .9571; move the decimal point two places to right—95.71, which is the percentage of accuracy. In this example the student's speed is 55.83 (670 divided by 12). The speed, 55.83, plus the percentage of accuracy, 95.71, equals the student's score, 151.54. The rankings must be based upon this score.

11. Size of Page.—A page 8¼ x 14 inches shall be used. Write only on one side of each page. Contestant must furnish his own paper except at State Meet.

12. Spacing.—All work shall have double spacing. One error shall be counted for every line not properly spaced.

13. Length of Line.—Each line, except the last line in a paragraph, shall contain not less than 61 strokes nor more than 76. The space-counting of line-lengths begins with the first word in that line. Do not count a space after the last word of a line when measuring line-length—a good typist returns the carriage without making a thumb-space. One error shall be counted for each line not qualifying. The five spaces indented at the beginning of a paragraph cannot be counted in measuring the strokes of the line.

14. Paragraphing.—Paragraphs shall be indented five spaces. One error shall be counted for every irregularity.

15. Length of Page.—Each page, except the last, shall contain at lest thirty-three lines of writing. Only one error is charged for a "short"
16. **Marking of Errors.**—Each error shall be indicated by drawing a circle around the error, but touching no part of it.

17. **Spacing after Punctuation.**—Two spaces follow all end punctuation marks. All other points have one space, except a dash, which has no space either before or after it. (A dash is made by two strokes of the hyphen.) Either one or two spaces may be used after the colon. Any error in punctuation shall be penalized unless the preceding word has already been penalized.

18. **Faulty Shifting and Cut Letters.**—If only a part of a letter is seen, an error shall be charged. A lightly struck letter or character is no error if the entire character is visible. Any letters so near the edge of the paper that the whole letter does not appear on the paper shall be penalized—one error for each word.

19. **Strikeovers and Erasures.**—A strikeover or an erasure is an error and shall be penalized.

20. **Margin.**—Any irregularity in the left-hand margin is an error and shall be penalized.

22. **Crowding and Piling.**—If a word occupies less than its proper number of spaces, it shall be penalized one error. When two characters or a space and a character are so crowded that any portion of their bodies overlaps or would overlap were a character typed in the adjoining space, one error shall be deducted for this “piling.”

23. **Equipment.**—Standard 11-inch carriage or portable machines may be used. Machine may have elite or pica type. Machine must have standard bell. A contestant may finish his own table if he wishes to do so.

24. **Starting Time.**—All tests must start at the time set in the Official Program. Warming-up tests must be given, but just one official test may be counted in any meet. Definite signals for the beginning and the ending of the official test must be agreed upon and given.

25. **Test.**—All contestants, regardless of classification of school, should take the same test at the same time. The official material must not be practiced before the test; this material must be opened in the presence of the contestants.

26. **Graders.**—It is the responsibility of the contest director to get the papers graded, and he may select the graders he needs. The teachers
who have contestants make the best graders at the State Meet. All teachers having entries and all contestants must be permitted to examine all papers—particularly their own papers—before the final scores are announced officially.

If no satisfactory decision can be made on a paper which appears to be ranked among the highest five, no announcement of results should be made until the paper has been sent to the State Director for review.

27. Directors.—Directors must read and follow all rules. They must refrain from exercising their personal opinions. The director of the contest may select assistants to help get ready for the tests. While the final warming-up test and the official test are given, only the director or one person appointed by the director (not a teacher with an entry) shall remain in the room. The director of each contest or his appointee shall make a final review of papers before the final results are announced. After official announcement of winners has been released, no change can be made in the first five places.

Directors will receive contest material from the Director General of the meet who receives it from League Headquarters, Prairie View.

RULES FOR MUSIC COMPETITION

Introduction

Rules and regulations for music competition include rules for Spring Meet competition and rules for State Band Contest. Each contest is designed as a culminating activity for a year's work in music instruction in the public schools. Administrators and music teachers are encouraged to read these rules carefully to determine the value which may be received from motivating music instruction through competition. The State Director and the Director of the Department of Music and his staff at Prairie View A. & M. College are anxious to be of assistance to the music teachers in providing teaching aids and suggestions which will make musical instruction more effective.

Music competition will be organized, promoted and administered in the same way as are other phases of the League program.

Amendments and changes to the plan may be made from time to time upon recommendation of such changes through the regular legislative machinery of the League. Member schools desiring major changes in the plan will submit their proposals to the Legislative Council for study. For legislative procedure see Article IV, Section 5 and Articles VIII and IX of the Constitution.

MUSIC CONTESTS

Code: Participation in the League Music Contests implies that each member school shall observe all the implications of fair play, courtesy and
sportsmanship. Achieving the ultimate in excellence of performance shall be the goal, instead of "winning." The competition is designed to motivate music education throughout the year rather than to "prepare for a contest."

Directors shall use the contests to encourage and teach music appreciation, technical ability, stage deportment, audience deportment and good citizenship in general. Music contests should assume and maintain a regular position as an agency for education and character building in the general educational philosophy of the Public Schools.

**Number of Entries.**—Each school is entitled to entry in three events at the District Meet. Only the winner of first place in each event shall be eligible to enter the next higher meet. *No contestant will be permitted to participate in more than one quartet.*

### Rules Governing Quartet Competition

1. **Division.**—Quartet competition shall include male quartet, female quartet and mixed quartet for each class of schools. Classes shall compete separately in the respective meets.

Quartet music for classes AAA, AA, A, and B schools shall be selected for pupils of the senior division, i.e., 15 years of age and above. Boys with unchanged voices forfeit their rights to participate. This rule does not include Class C Schools (elementary schools).

Music for class C Schools will be selected for Junior Pupils. (See Article VII, Sections 3.)

2. **Selections.**—Each quartet shall render two selections as follows: One shall be chosen from a list of three selections to be designated for each class of schools by the State Director of Music. The second number must be a selection of Negro origin, preferably of secular nature from Negro field, river, and work-a-day songs, however, a quartet may select a spiritual as a second selection if it so desires. It is hoped that the quartet will study the three numbers listed by the director and select the one best suited to its voices and ability.

The required secular contest numbers must be used throughout the competition in district and state meets. Failure to adhere to the required numbers will forfeit the privilege of competing. The required list of songs to be designated for each class of school shall be mailed to each member school by the State Director. Member schools failing to receive a list of required selections by February 1 should notify the State Office.

A quartet shall be accompanied by piano only.

3. **Judges.**—The judges for music contests in the Spring Meets shall be three or other odd number, selected by the appropriate district or state executive committee on a basis of capability and impartiality.
The Director of music shall see that the judges are familiar with the rules of the contest prior to the beginning of the contest.

4. **Definition of Points.**—Quartets shall be judged on the following points:

- **INTERPRETATION:** Rendition of selection that adheres to tonal balance.
- **TONE:** Beauty of quality and blending voices.
- **INTONATION:** Correctness of pitch.
- **ENUNCIATION:** Singing of words clearly enough to be easily understood.
- **STAGE DECORUM:** Manner of conduct of quartet while appearing.

5. **Winners.**—First place winners at the district meets shall be eligible to enter the State Contest at the State Meet. First, second and third places shall be awarded at the State Meet.

**PIANO AND VOCAL CONTEST**

In order to stimulate an interest in individual performances and the study of standard piano and vocal music, competition is offered in piano and vocal solos.

Public schools in Texas are offering credit for applied music courses. Much of this work is done with private teachers in the schools and in the community.

Competition will increase interest and raise the standard of performance. Since the individual composes the group, the better trained the individuals are the better the group will be.

It is hoped that the individual performers will enter the contest with the purpose of rendering their compositions in the best style possible, that they will benefit by the competition and gain experience by listening to different types of performance.

A vocal soloist shall be accompanied by a piano only.

**Rules for Piano Contestants**

1. Contestants in piano solos shall compete in preliminary and state meets.
2. Contestants shall compete according to class regardless to sex.
3. The pianist will play one composition which must be memorized.
4. The pianist will be judged on technique, interpretation and stage decorum.

*Techniques:* clearness and precision of execution.
Interpretations: the manner in which the pianist performs, bringing out the melody, subduing accompaniments and developing the general spirit of the composition.

Stage Decorum: manner in which the pianist conducts himself at the instrument.

5. First, second and third places will be selected from each class regardless of sex.

6. The contestants may present numbers of their own choice. It is suggested that they be chosen with care, of at least moderate difficulty in order that they be well suited to the capability of the performer.

7. The contestants must have a copy of the composition they are playing on hand for the benefit and use of the judges during the performance.

Rules for Vocal Contestants

1. Contestants shall compete according to class and sex; that is, Class "A" shall not compete against Class "B," etc; boys shall not compete against girls.

2. Winners of first place in preliminary meets are eligible to compete in the next higher meet.

3. The soloist will sing one song in the contest. This song must be sung from memory, accompanied by piano only.

4. The soloist will be judged on voice quality, diction, interpretation, and stage decorum.

Voice Quality: type of tones that are sung (pleasant quality and resonance).

Diction: clearness with which the text is delivered and words pronounced and enunciation.

Interpretation: performance of a composition in a manner suggested by the composer and in keeping with good musical taste.

Stage Decorum: manner in which the contestant appears on the stage includes personal and physical appearance.

5. First, second, and third places shall be selected. This means that the boys winning first, second, and third places, and the girls winning first, second, and third places in each class are to be awarded prizes.

6. The contestants may present numbers of their own choice. It is suggested that these be suited to the voice and its range, and of moderate difficulty. Compositions requiring extremely high and low tones in excess are to be avoided.

7. The contestants must have a copy of the compositions that they are singing on hand for the benefit and use of the judges.
Bands entering State Competition shall be governed by the following rules:

1. Classes of Schools Competing.—Class AAA, Class AA, and Class A bands shall compete separately at the State Band Contest. All bands within a class shall compete together without reference to rank or experience.

2. Eligibility.—All eligibility regulations outlined in Article VIII of the Constitution of the Interscholastic League shall apply in this contest.

Each school desiring to participate in the State Band Contest shall be required to send acceptance card to State Office by January 15 and file an eligibility list at least 30 days prior to the date of the contest.

3. Events Included.—The State Band Contest shall consist of Concert Contest and Marching Contest. (See rules governing these contests below.)

4. Judges.—Three competent impartial judges shall be selected by the Director of the State Band Contest to judge each of the State Band Contests.

5. Judging Standards.—Each competing organization shall be assigned a rating designating the excellence of its performer:

Division I—The best conceivable performance for the event and the class of participants being judged; comparable to a grade of 95-100.

Division II—An excellent performance, but not worthy of the highest rating due to minor defects in performance or ineffective interpretation; comparable to a grade of 87-95.

Division III—A good performance, but not outstanding. Showing accomplishments and possibilities but lacking in essential qualities; comparable to a grade of 80-87.

Division IV—An average performance, but lacking in several major qualities; instrumentation, intonation, precision, flexibility, interpretation, etc. This rating comparable to a grade of 75-80.

Division V—Much room for improvement. Director should check his methods, instrumentation, etc., with those of a more mature organization.

Definition of Points Judged

Interpretation: Adherence to the traditional interpretation of the composition, inclusive of tonal balance and precision, phrasing, rate of speed or tempo, expressional features, etc.
Tone: Beauty of tonal quality of the various instruments, and the organization as a whole.

Intonation: Correctness of pitch, or playing in tune.

Instrumentation: A reasonable distribution of brasses, reeds, percussions, etc., that will give proper tone-color, nuances and dynamic effect.

Appearance: Uniformity of dress, and decorum.

General Effect: A general rating as to the artistic effectiveness of the performance. A performance may be very effective though contrary to tradition as to interpretation; or a traditional interpretation may lack life or spirit; or physical features may detract, such as poor position of performer or conductor.

6. **Concert Contest.**—Each band participating in the concert contest shall render two (2) selections. One of these selections shall be an Overture or Concert Selection, the other shall be a March. The Overture or concert selection is to be chosen from the required list. The March shall be of the Band Director’s choice.

7. **Marching Contest**—

   a. Each member school will be allowed one entry of the designated classification in the marching contest.

   b. Each organization must perform the required movements and special formations within 7 minutes from the time of entering the parade field. It shall be the duty of the contest chairman to provide an adequate warning signal at the end of 6 minutes. Any band failing to be off the parade space at the end of 7 minutes shall be penalized one rating.

   c. **Required Movements**—

      1. Forward March
      2. Halt while playing; continue to play
      3. Halt while not playing
4. Column Right—while playing
5. Column Left—while playing
6. Counter-March—while playing
7. Diminish Front—while playing
8. Increase Front—while playing
9. Choice of:
   Right Oblique
   Left Oblique
   Column Half right or left—while playing
10. Start and Cease Playing while marching

d. Special Formations—Each organization may perform such formations or drill as it selects provided it does not exceed the maximum time allowed for performance.
e. Inspection—Inspection will be made a part of the Marching Contest and will be held immediately preceding entry to the parade field. Bands will be inspected for:
   1. Neatness and uniformity of dress
   2. Condition of instruments
   3. Accomplishment of stationary commands
   4. Alertness to instructions
   5. Flexibility

8. Observe Rules.—Each school shall observe faithfully all rules contained in Article VIII of these Rules and Regulations. In case an ineligible contestant is used in any Contest knowingly or unknowingly, the minimum penalty shall be forfeiture of the rating.

9. Protests.—All protests must be made to the proper committee within twenty-four hours after the organization performs, except that a protest based on the alleged ineligibility of a contestant may be made at any time; provided, it is made immediately upon discovery of the facts on which the protest is based. Protests must be made in writing and signed by a superintendent or principal. A protest based on a judge's decision will not be considered.

10. Awards.—Special award may be presented only to Class AAA, AA, and A Bands achieving a Division I rating in marching, and concert performance.

Any group not qualifying for the Special Award, but earning a Division I rating in either marching or concert contest may be presented an Event Award.

Any organization achieving a Division II rating in either event is eligible to receive an Organization Certificate.
REQUIRED LIST OF BAND CONTEST MUSIC
1955-56

Required lists of Band Concert Selections will be mailed to each participating school by the State Director of the League.

ATHLETIC CONTESTS

The primary object of Interscholastic League Athletic Contest is to assist, advise and aid Negro Public Schools of Texas in organizing and conducting inter-school athletic contests:

1. By devising and preparing eligibility rules that will equalize and stimulate wholesome competition between schools of similar rank.

2. By equalizing and regulating competition so that the pupils, schools and communities may secure the greatest social, educational and recreational returns from the contests.

3. By helping schools make athletics an integral part of the educational program.

4. By preserving the game for the contestant and promoting the spirit of sportsmanship.

5. By promoting among the players, schools and communities a spirit of friendly rivalry and a respect for the rules of the contests.

The League is vitally interested in the welfare of every boy and girl participating in the athletic contests. To protect the physical well-being of the contestants it is being urged that every contestant be given a thorough medical examination by his family physician before participating in the athletic games and contests of the League.

FOOTBALL PLAN

*The Football Code.*—The football code means to play the game in the spirit of fairness and clean sportsmanship; to observe all rules and not attempt to hold, "beat the ball," or coach from the side lines because it can be done without the knowledge of the referee, or to resort to trickery in equipping or preparing players. It means to accept decisions of officials without protest; to see that officials are extended protection and courtesy by players, school personnel, and laymen; to treat your opponents as your guests, and to put clean play and real sportsmanship above victories. It means the ability to win without boasting and to lose without grudge. "Victory is no great matter. The important thing in sport is the manly striving to excel and the good feeling it fosters between those who play fair and have no excuse when they lose."
The development and recreative aspects of football should be strongly emphasized in all contests. It shall be considered dishonorable and contrary to good sportsmanship to withhold evidence against any player or school without presenting the same to the proper committee or to the school administration concerned.

1. **Eligible Schools.**—Only Senior High Schools are eligible in football. No School shall participate in League football unless its acceptance of this plan is on file in the State Office by September 15.

A school which does not participate in football after signing the acceptance card may be suspended in this activity for a period of one year, unless sufficient justification is shown for not entering a team.

A non-participating school the preceding year desiring to participate shall so notify the State Office one year in advance.

2. **Employment of football coaches.**—A school shall not be eligible for Interscholastic League football competition;
   
   (a) Whose head coach or whose assistant coach is not a full time employee* of the school board of the school which the team represents or

   (b) Which contracts to pay its football coach out of gate-receipts, or which draws its contract with its coach in such way as to make it to the immediate financial advantage of a coach to win games.

3. **Classes of Schools.**—High Schools participating in football shall be divided into three classes as follows:

   - **Class AAA** .................. 300 and up
   - **Class AA** ..................... 125 to 300
   - **Class A** ...................... 50 to 125

   (For complete rule on classification see Art. VI, Sec. 5)

High schools of lower classification may be admitted to the next higher class by unanimous vote of the executive committee of the district to which application is made subject to the approval of the State Executive Committee.

4. **Districts.**—The State shall be divided into four districts for class AAA schools and competition shall include State Championship.

The State shall be divided into eight districts for class AA schools and competition shall include State Championship.

The State shall be divided into districts for class A schools and competition shall include State Championship.

---

*This rule shall not affect the status of a coach on leave of absence attending college.*
Usually five to eight schools are assigned to a district by the State Executive Committee.

The list of district chairmen, their addresses and schools assigned to each district will be mailed to member schools prior to September 1 of each year.*

5. District Organization.—(Classes AAA, AA and A.) The chairman of the old District Executive Committee shall serve as temporary chairman for the district and he shall call a meeting of all participating schools in the district, preferably in the spring but in any case not later than Saturday following the Third Monday in September. (The State Executive Committee urges the District Chairman to call his organization meeting in the spring.) At this meeting a district executive committee shall be created composed of superintendents or principals from participating schools. Each participating school present shall have one vote. At least two alternates should be elected to serve in case members of the committee are disqualified. If only one member is disqualified the first-named alternate should serve. A member of the committee shall be disqualified to act in a case in which his school is one of the two involved.

In each new district, and in case of vacancies, a temporary chairman shall be appointed by the State Office. It shall be the duty of the Chairman to call the organization meeting.

6. Duties of District Executive Committee.—It shall be the duty of the District Executive Committee:

a. To enforce all rules and regulations, to settle all disputes and all questions of eligibility arising inside the district. There shall be appeal from any decision rendered by this committee.

b. To certify to the State Office an eligible district champion not later than the date prescribed on the League Calendar for such certification, after which the Committee’s functions cease. In case of dispute, certification to the State Office shall be in the form of a written notice naming the eligible school and must be signed by a majority of the members of the District Executive Committee; provided the State Committee shall have the authority to reject for inter-district competition any football team whose district committee has adopted any rule or regulation limiting the eligibility of players beyond the requirements set forth in the Constitution and Rules and the Football Plan.

c. To arrange a round-robin schedule in the district to close not later than the date designated in the 1955-56 League Calendar

*It shall be the duty of the superintendent, principal, or coach in each school competing under this plan, to inform himself regarding the district chairman, time of meeting, etc. If the chairman moves from the district without calling a meeting, each school in the district has a responsibility to notify the State Office so that another chairman may be named.
for each respective class. In districts that have more than ten participating schools sub-districts shall be created, in which case round-robin schedules shall be arranged in the sub-districts to close in sufficient time to schedule an elimination game or series so that the district championship may be determined by the proper time. Districts with fewer than ten schools may be subdivided.

The subdivision of a district shall contain an equal number of teams, or as nearly equal as can be; e.g., a district having seven teams shall be divided on a 3—4 basis.

d. To investigate and check the eligibility of players in the district and to furnish to member-schools in the district a list of eligible players submitted by each school and to investigate transfers with a view to determining whether or not transfers are bona fide. In case the transfer is not considered bona fide by the District Committee, it shall have the power to declare the contestant in question ineligible for football.

e. To uphold the principle that high school football is worth-while in the school as an educational force when properly controlled. Efforts on the part of any school official or local "fan" to recruit players shall be considered a violation of this principle and shall subject the school at fault to disqualification. Disqualification may be made by the committee after the school concerned has been given an opportunity to be heard in its own defense. When a school is disqualified it shall remain on the disqualified list until the superintendent has convinced the committee that the errors complained of have been removed and that he, the superintendent, can guarantee the proper conduct of football in his school.

7. Expenses of District Committee. — The District Committee has authority to outline and put into operation a plan for financing its meetings under the following restriction: If the assessment plan is used the assessment for any school shall not exceed its regular League membership fee. The failure of a school to promptly pay its assessment, after having been notified, shall be subject to a penalty of elimination from consideration for district honors. If a school refuses or fails to pay its assessment after the close of the season, it may be debarred from participation the following year or until the amount is paid.

At the close of the season the District Executive Committee shall furnish each participating school in the district a financial statement showing all receipts and disbursements for the season.

8. District Disqualification.—A district shall be disqualified in the Regional or State race, if its Committee certifies to the State Office a team which has used an ineligible player in any game that counted on League standing, such disqualification to be made only upon presentation of evidence to the State Executive Committee.
9. **Eliminations.**—Classes AAA, AA, and A district champions are bracketed for elimination play to State Championship on a weekly schedule beginning the first week-end after district champions are determined, unless otherwise announced by the State Office. District Champions of each class shall be bracketed in consecutive numerical order except for those classes comprised of such numbers of districts as will necessitate drawing.

If a football team is certified as district champion which has used a contestant not eligible under Interscholastic League rules the State Executive Committee has jurisdiction under Rule 8 of the Football Plan to re-determine questions of eligibility, Rule 6a of the Football Plan having applicability only to intradistrict competition.

In the event the number of districts comprising a class is not 4, 8 or 16, byes will result. In such case the Head Coach at Prairie View A. and M. College will bracket district champions so as to clear all byes in the first round (the-bi-district play-off).

These brackets showing what two district champions will meet for bi-district play will be mailed to the District Directors by November 1 of each year. District Directors will in turn deliver them to the winning schools as soon as they are duly certified.

Each District Executive Committee must certify its District Champion to the State Director no later than Monday following Thanksgiving Day in November.

10. **Jurisdiction of Inter-District Dispute.**—The State Executive Committee shall have jurisdiction in all disputes arising between winners that have been duly certified.

11. **Number of Games.**—Between the fourteenth day following the date for fall football practice to begin and the Sunday following Thanksgiving Day in November, in Classes AAA, AA, and A, no boy shall participate in more than ten games and in addition, he shall not be permitted to take part in more than one game during any given period of five days. Five-day period is considered as being five calendar days.

12. **Games That Count on Percentage.**—Inter-class or inter-district games between participating schools shall not count on a team's percentage. A defeat by a non-participating Texas high school, except by a junior high school or dormitory school, regardless of size or date, shall eliminate from the District, or State race. A defeat by a school not eligible to membership in the League shall not count.

13. **A Practice Scrimmage.**—A scrimmage or practice period to which no admission is charged, which is not on an announced schedule and which is not regularly conducted by an official or officials shall not count as a game.

14. **Tie Games.**—In inter-district elimination contests a team shall receive one point for each time it penetrates its opponent's 20-yard line.
In the meaning of this provision, a team has penetrated its opponent’s 20-yard line when the ball has been declared dead legally in its possession inside the opponent’s 20-yard line. It is understood that only one penetration may be counted during one continuous possession of the ball. A play from outside the 20-yard line which results in a touchdown shall count one penetration. If this plan shall fail to determine a winner, the team that has made the greater number of first downs shall proceed in the race. A first down shall be counted when the required distance has been made. If the two teams are still tied after counting first downs, the one that has gained the most net yardage from scrimmage shall be declared winner.

For most purposes the 20-yard penetration rule merely shortens the field and creates a second goal line. Whenever a ball is declared dead, legally in the possession of a team behind the goal line, that team is awarded points. The same principle should be followed in awarding points for penetrating the 20-yard line. Whenever a team has penetrated its opponent’s 20-yard goal line and the ball has been declared dead, legally in its possession inside the 20-yard line, that team is entitled to one point. A penetration on the fourth down shall be counted provided the team has legal possession of the ball at the time it is declared dead by the referee inside the 20-yard line.

It shall be the duty of the referee of the game to interpret and enforce this rule and his decision is final. The game officials are to keep a record of the number of penetrations, first downs, and yardage from scrimmage and make a report to each school in case of a tie.

Points thus made are, of course, not considered unless the game results in a tie. It is simply a method of breaking a tie, not in any sense a new method of scoring.

Unless mutually agreeable otherwise in advance of the game, this rule shall apply in the District and State Championship games.

15. **Breaking Contracts.**—A game cancelled after contract has been signed, unless both parties agree to the cancellation, shall be forfeited to the team not at fault.

The District Executive Committee may recommend to the State Executive Committee the suspension of a school for canceling regularly scheduled conference games for the purpose of playing non-class or out-of-district games, and the State Committee may suspend a school for such cancellation.

16. **Reports.**—Each team shall make a complete report (forms furnished by the League) of every game in duplicate immediately after the game. One report shall be sent to the State Office and one to the Chairman of the District Committee. The District Committee may disqualify a team for its failure promptly to report its games.

*It will be noticed that this rule gives the District Committee authority to interpret the word "promptly."*
17. **Observe Rules.**—Only male students satisfying all the requirements of Article VIII of this Constitution are eligible in football. *In case an ineligible man is used in any League game, knowingly or unknowingly, the minimum penalty shall be forfeiture of the game.*

18. **Football Code.**—By accepting this plan, the coach and other officials of each school pledged themselves to act in the spirit of the "Football Code" and to foster this spirit among the players.

*It is recommended that the home team provide four deputized men to be placed in each corner of the playing field for the purpose of helping insure proper conduct of fans and of providing an escort for the game officials while they are serving in an official capacity.*

*Also, that each member school construct a fence around the playing field to restrain the crowd and to keep them from moving out on the field.*

*Further, that the public address system at the game be used to explain to the fans the meaning of the Football Code and the fact that the Code binds the fans of both institutions to abide by the decisions of officials; that at the beginning of each game the officials be introduced as guests of both teams.*

19. **Eligibility Blanks and Season Report.**—Each school shall fill out an eligibility blank in duplicate furnished by the League, these blanks to be signed by superintendent or principal, one mailed to the State Office, and one filed with the Chairman of the District Executive Committee, before the school is allowed to take part in any game. Failure to furnish correct and complete information shall constitute grounds for suspension.

At the end of the season the superintendent or principal of each school shall send to the State Office a list of all players who have participated in football during the season as representatives of the school. Failure to submit a correct and complete list shall constitute grounds for suspension.

20. **Guarantees.**—The visiting team always has the right to demand a guarantee sufficient to cover all expenses and in addition 50 per cent of the net gate receipts of the contest.

A demand of a flat guarantee which is clearly in excess of expenses, shall upon action of the State or District Executive Committee, disqualify offending team for further participation.

*[Note.—In this connection, expenses of visiting teams, officials, advertising, labor, services, and printing incident to the contest, shall be considered as expenses of the game. These expenses shall be itemized with supporting bills, properly receipted. Number of men allowed upon expense account shall be agreed upon by coaches or managers of teams involved. Unless mutually agreeable otherwise, the home team shall furnish a playing field without cost to the visiting school.]*

*Proceeds from the sale of season tickets are considered a part of the receipts of the game.*
21. **Officials.**—All officials must be satisfactory to both parties and agreed upon in advance. Teams are urged always to secure outside officials. The visiting team should insist upon an agreement of officials prior to the day of the game. A school that refuses to play a game because the officials agreed upon have not been secured shall not be considered as breaking its contract. The responsibility to engage satisfactory officials is upon the home school. Beginning a game with an official constitutes agreement.

22. **Place of Game.**—Unless mutually agreeable otherwise, the place for playing a game within the district shall be determined on the “home and home” basis for the past six years, except in a State or District elimination game the place shall be determined on the basis of the last game (within six years) between the two schools which counted on League standing. The team that was the visiting team the last time the two teams met on a home field may insist upon the game being played upon its home field, except as provided above. The home team may designate the day for the game. Starting time of the game shall be by mutual consent, or in case of disagreement by the decision of the District Executive Committee.

In case of disagreement between two teams that have had no football relations during the past six years, the place shall be decided by tossing a coin.

*The State Executive Committee, in December, 1940, ruled that the word “years” in this rule should be taken to mean football seasons. In other words, games are to be settled on a home and home basis within the past six “football seasons.” For illustration: any game played prior to the 1935 season has no bearing upon this rule since it is outside of the last six football seasons. Seasons are counted as follows: 1940—1, 1939—2, 1938—3, 1937—4, 1936—5, 1935—6.*

In 1935 Team A and Team B were in the same football district. Team A played Team B on Team B’s home field. The following year Team A and Team B were placed in separate districts. In 1940 Team A and Team B won their respective district championships. The Committee ruled that next game should be played on Team A’s field.

23. **Five Per Cent Inter-district Receipts.**—Five per cent of the gross receipts of inter-district games in the State Championship races shall be paid to the State Office to maintain a fund for investigating eligibility questions and to supplement printing, salary, office appropriations relating to football and for the purchase of medals, trophies and awards in Interscholastic League State Meets.

24. **Protests.**—All protests must be made to the proper committee within twenty-four hours after the game is played, except that a protest based on the alleged ineligibility of a player may be made at any time; provided, it is made immediately upon discovery of the facts on which the protest is based. Protests must be made in writing and signed by superintendent or principal. A protest based on an official’s decision will not be considered.
In passing upon eligibility of players the district committee acts in a judicial capacity. A proper judicial approach involves reasonable notice (i.e., sufficient to permit an answer to charges made or issues raised), an opportunity for a fair hearing, and an unbiased decision based upon the evidence presented.

25. School Authorities Responsible.—Responsibility for the proper conduct of football in a school system shall rest with the superintendent. All contracts and arrangements for games shall be made between superintendents and principals. The control and management of all games shall be under the supervision of the superintendent or principal.

26. No Inter-school Spring Scrimmage or Football Games.—No member-school shall play any football games, practice, or scrimmage with another high school after February 1. The penalty for violation of this rule shall be assessed by the State Executive Committee.

28. Football Practice Periods.—In Classes AAA, AA, and A spring football practice or training shall be limited to twenty-one consecutive calendar days, and there shall be no football practice or training, and no football equipment issued, from the close of the spring training period until fall practice. Fall football practice may not begin earlier than one week prior to the first Friday in September but in no instance shall an interschool game be played until the second week end after the beginning of fall practice.

Football practice or training is interpreted to mean any organized instruction, drills in calisthenics, or conditioning periods conducted prior to the opening date for fall practice.

Football equipment is interpreted to mean the issuing of football shoulder pads, shoes, headgear, football trousers, or any other equipment used primarily for organized football practice.

This rule has been interpreted to mean that, participation in the summer public recreation program by high-school boys would not be construed as a violation of the Football Practice Rule, provided the summer programs are not conducted as conditioning period for football players; and provided there is no football equipment issued, such as is described in Rule 28 of the Football Plan. A specific grouping of high-school athletes, such as football players, for the purpose of conditioning these boys for football practice would be construed as a violation of the above designated rule.

29. Post-season Games.—No school may engage in any post-season game other than in regular inter-district play-offs scheduled by the League.

A post-season football game is one played between two schools after the first Sunday following Thanksgiving Day. The penalty for infraction of this rule shall be assessed by the State Executive Committee.
30. **Location of Training Camps.** — The football training period shall be held on the campus of the local school or on a site controlled by the school board and lying within the boundaries of the school district. (In the judgment of the State Executive Committee it was not the purpose of this rule to prevent occasional scrimmages between neighboring teams which do not involve overnight housing for either team outside its own school district.)

31. **All-Star Games.** — No athletic director, coach, teacher or administrator of a member-school shall at any time assist either directly or indirectly, officiating, or allow public school facilities or equipment to be utilized in any all-star game in which one or more of the competing teams is composed of a player or players who, during the previous school year, were members of a high school football team. Any member high school violating the provisions of this all-star contest rule shall be subject to probation or suspension.

**BOYS BASKETBALL PLAN**

*The Basketball Code.* — The basketball code means to play the game in the spirit of fairness and clean sportsmanship; to observe all rules and not attempt to hold, "beat the ball," or coach from the side lines because it can be done without the knowledge of the referee, or to resort to trickery in equipping or preparing players. It means to accept decisions of officials without protest and to see that proper precautions are taken for their protection and safety; to treat your opponents as your guests, and to put clean play and real sportsmanship above victories. It means the ability to win without boasting and to lose without grudge. "Victory is no great matter. The important thing in sport is the striving to excel and the good feeling it fosters between those who play fair and have no excuse when they lose."

1. **Eligible Schools.** — Only those schools shall participate in League Basketball whose acceptance of the Basketball Plan is on file in the State Directors Office by October 15 and whose fee is paid. A school that does not participate in basketball after signing the acceptance card may be suspended for one year in this activity, unless sufficient justification is shown for not entering a team.

A non-participating school the preceding year desiring to participate shall notify the State Office a year in advance.

2. **Employment of Basketball Coaches.** — A school is not eligible for Interscholastic League basketball competition:

(1) Whose head coach or whose assistant coach is not a full-time employee of the school board of the school which the team represents; or

(2) Which contracts to pay its basketball coach out of gate-receipts, which draws its contract with its coach in such a way as to make it to the immediate financial advantage of a coach to win games.
3. **Classes of Schools.** — High Schools participating in basketball shall be divided into classes as provided in the Football Plan with the exception that Class B Schools shall be included.

4. **Districts.** — The State shall be divided into districts for each Class of Schools as follows: Classes AAA, AA and A, the same as is provided for football competition, (Rule 3 of Football Plan), Class B schools shall be divided into districts for basketball competition. Schools are assigned to districts by the State Executive Committee.

Competition in the above classes of schools shall include State Championship. Announcement concerning final arrangement of districts will be issued prior to the opening of the basketball season.

5. **District Organization.** — The temporary chairman for the district shall call a meeting of all participating schools in the district, preferably in the early part of September, but in any case not later than Saturday following the first Monday in October. At this meeting a district executive committee shall be created composed of school superintendents or principals from participating schools. Each participating school present shall have one vote. At least two alternates should be elected to serve in case members of the committee are disqualified. If only one member is disqualified the first-named alternate should serve. A member of the committee shall be disqualified to act in a case in which his school is one of the two involved.

In each new district, and in case of vacancies, a temporary chairman shall be appointed by the State Office. It shall be the duty of the chairman to call the organization meeting.

It shall be the duty of the superintendent, principal, or coach in each school competing under this plan, to inform himself regarding the district chairman, time of meeting, etc. If the chairman moves from the district without calling a meeting, each school in the district has a responsibility to notify the State Office so that another chairman may be named.

6. **Duties of District Executive Committee.** — It shall be the duty of the District Executive Committee:

   a. To enforce all rules and regulations, to settle all disputes and all questions of eligibility arising inside the district. There shall be no appeal from any decision rendered by this committee.

   b. To certify to the State Office an eligible district champion on the date set for each respective Class, after which the committee's function cease. In case of dispute, certification to the State Office shall be in the form of a written notice naming the eligible school and must be signed by a majority of the members of the District Executive Committee; provided the State Committee shall have the authority to reject for interdistrict competition any bas-
ketball team whose district committee has adopted any rule or regulation limiting the eligibility of players beyond the requirements set forth in the Constitution and Rules and the Basketball Plan.

c. To arrange a schedule in the district to close not later than the date set for a conference champion to be certified. It is recommended that when feasible the district schedule be set upon a double round-robin basis. In districts that have more than ten participating schools sub-districts shall be created, in which case schedule an elimination game or series so that the district championship may be determined by the proper time. Districts with fewer than ten schools may be subdivided.

The subdivisions of a district shall contain an equal number of teams, or as nearly equal as can be; e.g., a district having seven teams shall be divided on a 3-4 basis.

d. To investigate and check the eligibility of players in the district and to furnish to member schools in the district a list of eligible players submitted by each school and to investigate transfers with a view to determining whether or not transfers are bona fide. In case the transfer is not considered bona fide by the District Committee, it shall have the power to declare the contestant in question ineligible for basketball.

e. To uphold the principle that high-school basketball is worthwhile in the school as an educational force when properly controlled. Efforts on the part of any school official or local “fan” to recruit players shall be considered a violation of this principle and shall subject the school at fault to disqualification. Disqualification may be made by the Committee after the school concerned has been given an opportunity to be heard in its own defense. When a school is disqualified it shall remain on the disqualified list until the superintendent has convinced the Committee that the errors complained of have been removed and that he, the superintendent, can guarantee the proper conduct of basketball in his school.

7. Expenses of District Committee.—The District Executive Committee has authority to outline and put into operation a plan for financing its meetings under the following restriction: If the assessment plan is used the assessment for any school shall not exceed the regular League membership fee. The failure of a school promptly to pay its assessment, after having been notified, shall subject it to a penalty of elimination from consideration for district honors. If a school refuses or fails to pay its assessment after the close of the season, it may be debarred from participation the following year or until the amount is paid.

At the close of the season the District Executive Committee shall furnish each participating school in the district a financial statement showing all receipts and disbursements for the season.
8. **District Disqualification.**—A district shall be disqualified in the State race, if its committee certifies to the State Office a team which has used an ineligible player in any game that counted on League standing, such disqualification to be made only upon presentation of evidence to the State Executive Committee.

9. **Eliminations.**—District Championship in the respective classes of schools shall be determined by the following dates for 1955-56:

- Class AAA: February 18
- Class AA: February 18
- Class A: February 11
- Class B: February 11

In class AAA districts the district champions and the runner-up teams from each district shall be eligible to compete in the State Tournament at Prairie View A. & M. College, Prairie View Texas.

In classes AA, A and B districts, only the district champions shall be eligible to compete in the State Tournaments at Prairie View A. & M. College.

10. **Jurisdiction of Inter-district Disputes.**—The State Executive Committee shall have jurisdiction in all disputes arising between district winners that have been duly certified.

11. **Games that Count on Percentage.**—Inter-class and inter-district games between participating schools shall not count on a team’s percentage.

12. **A Practice Scrimmage.**—A scrimmage or practice period to which no admission is charged, which is not on an announced schedule and which is not regularly conducted by an official or officials shall not count as a game.

13. **Breaking Contracts.**—A game cancelled after contract has been signed, unless both parties agree to the cancellation, shall be forfeited to the team not at fault.

The District Executive Committee may recommend to the State Executive Committee the suspension of a school for cancelling regularly scheduled Class games for the purpose of playing non-class or out-of-district games, and the State Committee may suspend a school for such cancellation.

14. **Observe Rules.**—Each school shall observe faithfully all rules contained in Article VIII of the Constitution and Rules. In case an ineligible man is used in any game knowingly or unknowingly, the minimum penalty shall be forfeiture of the game.

15. **Basketball Plan.**—By accepting this plan, the coach and other officials of each school pledge themselves to act in the spirit of the "Basketball Code" and to foster this spirit among the players.
16. **Eligibility Blanks and Season Report.**—Each school shall fill out an eligibility blank in duplicate furnished by the League, these blanks to be signed by superintendent or principal, one mailed to the State Office, and one filed with the Chairman of the District Executive Committee, before January 1, of the current school year. Failure to furnish correct and complete information shall constitute grounds for suspension.

At the end of the season the superintendent or principal of each school shall send to the State Office a list of all players who have participated in basketball during the season as representatives of the school. Failure to submit a correct and complete list shall constitute grounds for suspension.

17. **Guarantees.**—The visiting team always has the right to demand a guarantee sufficient to cover all expenses and in addition 50 per cent of the net gate receipts of the contest. A demand of a flat guarantee which is clearly in excess of expenses, shall upon action of the State or District Executive Committee, disqualify offending team from further participation.

**NOTE.**—In this connection, expenses of visiting teams, officials, advertising, labor, services, and printing incident to the contest, shall be considered as expenses of the game. Number of men allowed upon expense account shall be agreed upon by coaches or managers of teams involved. Unless mutually agreeable otherwise, the home team shall furnish a playing court without cost to the visiting school.

18. **Officials.**—All officials must be satisfactory to both parties and agreed upon in advance. Teams are urged always to secure outside officials. The visiting team should insist upon an agreement of officials prior to the day of the game. A school that refuses to play a game because the officials agreed upon have not been secured shall not be considered as breaking the contract. The responsibility to engage satisfactory officials is upon the home school. Beginning a game with an official constitutes agreement.

19. **Place of Game.**—The District Executive Committee in arranging a schedule within the district shall determine the place of games in case of disagreement between two teams. Unless mutually agreeable otherwise, the place of the bi-district game shall be decided by the toss of a coin.

20. **Protests.**—All protests must be made to the proper committee within twenty-four hours after the game is played, except that a protest based on the alleged ineligibility of a player may be made at any time; provided, it is made immediately upon discovery of the facts on which the protest is based. Protests must be made in writing and signed by superintendent or principal. A protest based on an official’s decision will not be considered.
In passing upon eligibility of players the district committee acts in a judicial capacity. A proper judicial approach involves reasonable notice (i.e., sufficient to permit an answer to charges made or issues raised), an opportunity for a fair hearing, and an unbiased decision based upon the evidence presented.

21. **School Authorities Responsible.**—Responsibility for the proper conduct of basketball in a school system shall rest with the superintendent. All contracts and arrangements for games shall be made between superintendents and principals. The control and management of all games shall be under the supervision of the superintendent or principal.

22. **Awards for State Tournament.**—In the State Tournament a silver trophy is provided for the winning team. Other appropriate awards shall be given the runner-up team.

23. **Reporting District Winners.**—District winners for all classes and runner-ups for class AAA must be reported to the State Office by wire immediately after they are determined and not later than Monday, noon, on the week of the State Tournament.

24. **State Tournament.**—The State Tournaments shall be conducted at Prairie View A. & M. College, Prairie View, Texas in February, (See Calendar for dates).

"The draw" for State Tournaments shall be made by the Head Coach of Prairie View A. & M. College in the presence of witnesses as soon as district champions are determined and reported to the State Office.

No team will be permitted to use more than 10 players in the State Tournament.

25. **Breach of Contract.**—Any school which qualifies for the State Tournament in basketball and fails to participate or complete official schedule of games, unless excused for valid reason by the State Executive Committee, shall be guilty of breach of contract. Schools violating the provisions of this rule shall be suspended from basketball for a period not to exceed one calendar year.

26 **Playing Rules.**—The National Basketball Committee "Official Basketball Rules" govern League basketball.

27. **Dates for Interschool Games and Scrimmages.**—In Classes A, AA, and AAA, there shall be no inter-school basketball games or scrimmages allowed prior to November 1, or after the last day of their respective State tournament.

In Class B, there shall be no inter-school basketball games or scrimmages allowed prior to October 15, or after State tournament. This rule is not effective until 1956-57.
BASEBALL PLAN

The Baseball Code.—The baseball code means to play the game in the spirit of fairness and clean sportsmanship; to observe all rules and not attempt to take unfair advantage of the other team. It means to accept decisions of officials without protest; to treat your opponents as your guests, and to put clean play and real sportsmanship above victories. It means the ability to win without boasting and to lose without grudge. "Victory is no great matter. The important thing in sport is the manly striving to excel and the good feeling it fosters between those who play fair and have no excuse when they lose."

1. Eligible Schools.—This contest shall be limited to Classes AAA and AA schools and will extend to State Championship.

No school shall participate in League baseball unless its acceptance of this plan is on file in the State Office by March 1 and its fees are paid for the present school year. A school which does not participate in baseball after signing the acceptance card may be suspended in this activity for a period of one year, unless sufficient justification is shown for not entering a team. A non-participating school the preceding year desiring to participate shall so notify the State Office one year in advance.

The application for membership in the Baseball Plan by the superintendent or principal shall be authorized and approved by the local school board or trustees.

2. Baseball Coaches Must Be Employees of School Board.—A baseball team is not eligible in the Interscholastic League whose head coach, or whose assistant coach is not a full-time employee of the school board of the school which the team represents.

3. Districts and Classes.—The State shall be divided into districts and classes and competition will extend to District Championship in classes AAA and AA Schools. Schools are assigned to Classes by the State Office. The State Office shall have authority to determine the dates for deciding district championships.

5. District Organization.—Districts for baseball competition shall be the same as those for football, basketball and spring meet.

The chairman for the district shall call a meeting of all participating schools in the district, preferably in the early part of February but in any case not later than March 15. At this meeting a District Executive Committee shall be created composed of school superintendents or principals from participating schools. Each participating school present shall have one vote. At least two alternates should be elected to serve in case mem-
bers of the committee are disqualified. If only one member is disqualified the first-named alternate should serve. A member of the committee shall be disqualified to act in a case in which his school is one of the two involved.

In each new district, and in case of vacancies, a temporary chairman shall be appointed by the State Office. It shall be the duty of the chairman to call the organization meeting.

It shall be the duty of the superintendent, principal, or coach in each school competing under this plan, to inform himself regarding the district chairman, time of meeting, etc. If the chairman moves from the district without calling a meeting, each school in the district has a responsibility to notify the State Office so that another chairman may be named.

6. **Duties of District Executive Committee.**—It shall be the duty of the District Executive Committee:

a. To enforce all rules and regulations, to settle all disputes and all questions of eligibility arising inside the district. There shall be no appeal from any decision rendered by this committee.

b. To certify to the State Office an eligible district champion on the date set for each respective class after which the committee's functions cease. In case of dispute, certification to the State Office shall be in the form of a written notice naming the eligible school and must be signed by a majority of members of the Executive Committee; provided the State Committee shall have the authority to reject any district champion whose District Committee has adopted any rule or regulation limiting the eligibility of players beyond the requirements set forth in the Constitution and Rules and the Baseball Plan.

c. In districts that have more than ten participating schools sub-districts may be created, in which case schedules shall be arranged in the sub-districts to close in sufficient time to schedule an elimination game or series so that the district championship may be determined. Districts with fewer than ten schools may be subdivided.

The subdivision of a district shall contain an equal number of teams, or as nearly equal as can be; e.g., a district having seven teams shall be divided on a 3—4 basis.

d. To investigate and check the eligibility of players in the district and to furnish to member-schools in the districts a list of eligible players submitted by each school and to investigate transfers with a view to determining whether or not transfers are *bona fide*. In case the transfer is not considered *bona fide* by the District Committee, it shall have the power to declare the contestant in question ineligible for baseball.
e. To uphold the principal that high-school baseball is worthwhile in the school as an educational force when properly controlled. Efforts on the part of any school official or local fan to recruit players shall be considered a violation of this principle and shall subject the school at fault to disqualification. Disqualification may be made by the committee after the school concerned has been given an opportunity to be heard in its own defense. When a school is disqualified it shall remain on the disqualified list until the superintendent has convinced the committee that the errors complained of have been removed and that he, the superintendent, can guarantee the proper conduct of baseball in his school.

7. **Expenses of District Committee.**—The District Committee has authority to outline and put into operation a plan for financing its meetings under the following restriction: If the assessment plan is used the assessment for any school shall not exceed one-half of its regular League Membership fee. The failure of a school promptly to pay its assessment, after having been notified, shall subject it to a penalty of elimination from consideration for district honors. If a school refuses or fails to pay its assessment after the close of the season, it may be debarred from participation the following year or until the amount is paid.

At the close of the season the District Executive Committees shall furnish each participating school in the district a financial statement showing all receipts and disbursements for the season.

8. **Games That Count on Percentage.**—Inter-class or inter-district games between participating schools shall not count on a team’s percentage. A defeat by a non-participating Texas High School, except by a junior high school or dormitory school, regardless of size or date, shall eliminate a school so defeated from the district race. A defeat by a school not eligible to membership in the League shall not count.

9. **A Practice Game.**—A practice game to which no admission is charged which is not on an announced schedule and which is not regularly conducted by an official or officials shall not count as a game.

10. **Breaking Contracts.**—A game cancelled after contract has been signed, unless both parties agree to the cancellation, shall be forfeited to the team not at fault.

11. **Observe Rules.**—Each school shall observe faithfully all rules contained in Article VIII of the Constitution and Rules, except that Section 2 shall not disqualify a contestant during the baseball season, who is eligible in all other respects at the time of spring graduation. This exception refers only to contestants whose district competition extends into the summer from the end of school. In case an ineligible man is used in any League game, knowingly or unknowingly, the minimum penalty shall be forfeiture of the game.
12. **Baseball Code.**—By accepting this plan, the coach and other officials of each school pledge themselves to act in the spirit of the baseball code, and to foster this spirit among the players.

13. **Eligibility Blanks.**—Each school shall fill out an eligibility blank in duplicate furnished by the League, these blanks to be signed by superintendent or principal, one mailed to the State Office and one filed with the chairman of the District Executive Committee, before the school is allowed to take part in any game. Failure to furnish correct and complete information shall constitute grounds for suspension.

14. **Guarantees.**—The visiting team always has the right to demand a guarantee sufficient to cover all expenses and in addition 50 per cent of the net gate receipts of the contest. A demand of a flat guarantee which is clearly in excess of expenses, shall upon action of the State or District Executive Committee, disqualify offending team for further participation.

(Note.—In this connection, expenses of visiting teams, officials, advertising, labor, services, and printing incident to the contest, shall be considered as expenses of the game. Number of men allowed upon expense account shall be agreed upon by coaches or managers of teams involved. Unless mutually agreeable otherwise, the home team shall furnish a playing field without cost to the visiting school.)

15. **Officials.**—All officials must be satisfactory to both parties and agreed upon in advance. Teams are urged always to secure outside officials. The visiting team should insist upon an agreement on officials prior to the day of the game. A school that refuses to play a game because the officials agreed upon have not been secured shall not be considered as breaking its contract. The responsibility to engage satisfactory officials is upon the home school. Beginning a game with an official constitutes agreement.

16. **Place of Game.**—The District Executive Committee in arranging a schedule within the district shall determine the place of games in case of disagreement between two teams. All inter-district and intra-district games shall consist of seven innings (unless tied). By mutual consent they may play nine-inning games.

Bi-district championships shall be determined by playing the best two out of three games unless mutually agreeable to play one game. In case there is a dispute regarding the site or time of a game it shall be settled by the flip of a coin.

No member of this League shall play any game on Sunday.

17. **Protests.**—All protests must be made to the proper committee within twenty-four hours after the game is played, except that a protest based on the alleged ineligibility of a player may be made at any time; provided, it is made immediately upon discovery of the facts on which the protest is based. Protests must be made in writing, and signed by
superintendent or principal. A protest based on an official's decision will not be considered.

18. School Authorities Responsible.—Responsibility for the proper conduct of baseball in a school system shall rest with the superintendent. All contracts and arrangements for games shall be made between superintendents and principals. The control and management of all games shall be under the supervision of the superintendent or principal.

TENNIS

1. Eligibility.—Each school shall observe strictly the rules laid down in Article VIII of the Constitution and Rules.

2. Divisions and Contests.—There shall be the following division:
   (1) Boys singles and doubles, (2) Girls singles and doubles.

   For competition in Tennis, Classes AAA, AA and A shall compete separately and Classes B and C shall compete together at the State Meet.

3. Preliminary Contest.—All Classes shall compete in their respective district meets—first place district winners in each class shall compete at the State Meet.

4. Number of Sets.—In all matches except the finals in the district and State contests, the best two out of three sets shall determine the winners; in all final matches for boys the best three out of five sets shall determine the winners. In all girls' matches the best two out of three sets shall determine the winners.

5. How to Enter.—Each school desiring to enter the district meet must register the names of their players with the district director five days prior to the date of the contest.

6. Officials.—The director in each contest shall provide a manager and the proper number of umpires for such contests; and in all tournaments the Director-in-charge shall have authority to arrange for officials subject to the approval of the appropriate executive committee.

7. Participation.—If possible enter contestants who are not in other contests—also where it can be avoided do not allow a boy or girl to participate in both singles and doubles.

8. No Cheering or Razzing in Tennis.—Tennis etiquette does not permit cheering or razzing during the match. Applauding a good play is always in order. Applauding an error is never in order. A tennis audience has always been a discreet and refined one. Any person who takes it upon himself to berate the officials or makes himself conspicuous by razzing the teams should be requested to leave the court.

   Coaches and other spectators may watch the matches from the grandstand or outside the wire enclosure, but shall not converse with players without permission from the director of tennis.
9. **Awards.**—In the State Meet a suitable trophy is awarded first place in boys singles, boys doubles, girls singles, and girls doubles.

10. **Substitution Rule.**—The local school authorities may make a substitution to fill a vacancy in tennis doubles, but not in tennis singles. (Exception: In tennis singles for girls the local school authorities may make a substitution.) After a given tournament has started no substitution shall be made.—

11. **Dress:**
   a. All contestants must wear white uniforms.
   b. All contestants must wear rubber or crape soled shoes without heels.

12. **Play:**
   a. The schedule of matches for each will be posted. Any contestant appearing for a match more than one-fourth hour after the time scheduled will be defaulted.
   b. Decisions of the referee must be accepted without argument. Arguments may be made to the head referee.
   c. Contestants may be defaulted for any upsportsmanlike conduct at the discretion of the tournament committee.

**HIGH SCHOOL TRACK AND FIELD EVENTS**

The National Collegiate Athletic Association Rules shall be the official guide for detailed rules governing track and field events.

1. **Eligibility.**—In all track and field meets held by this League, the eligibility rules as laid down in Article VIII of the Constitution must be strictly observed. Notice that this is not designated as a senior contest. These events are open to boys of Junior and Senior age, however, a boy entered in a junior track and field meet is not eligible for this meet.

2. **Representation.**—Each member school may enter a team in the District and State Meets as provided in Article IX, Sections 1—4. It shall be the duty of each school desiring to enter the district, or state meet to furnish the Director the *full names* of the contestants and a certificate of eligibility signed by the principal or superintendent at least five days before the time of such contest. A school may enter in the next higher meet the number of individuals as qualified in the preceding meet. In relay events, qualification is by school and not by individual. Individuals qualifying only as a member of the relay team may not enter any other event in the next higher meet.

3. **Points.**—In all track meets held by the League except the State Meet, the first four places in each event count, respectively, five, three,
two, and one point. If less than five participate in any event no points shall be allowed for the last place. In the State Meet points shall be given in the events as follows: first place 10 points, second place 8 points, third place 6 points, fourth place 4 points, fifth place 2 points, sixth place 1 point; except in the relays the points shall be as follows: first place 16 points, second place 10 points, third place 6 points, fourth place 4 points, fifth place 2 points, sixth place 1 point. In computing individual honors a man’s record on the relay team shall also be counted; for instance, each man on the winning team shall receive four points for individual honors, etc.

4. Events.—The events, with the order in which they shall be held, are as follows:

**Track**

1. 120-yard high hurdles
2. 100-yard dash
3. 440-yard dash
4. 180-yard low hurdles
5. 440-yard relay
6. 880-yard dash
7. 220-yard dash
8. 1-mile run
9. 1-mile relay

**Field**

1. Pole vault
2. Running high jump
3. 12-pound shot put
4. Running broad jump
5. Discus throw

In meets where semifinals are necessary the mile run may be included in the semifinals.

5. Preliminaries and Finals.—The preliminaries and finals for the State Meet shall be held according to the Official Program of the meet.

6. Number in Each Event.—Each school having a sufficient number of qualified men shall be allowed not over two men in each event, of the district meet excepting the relay, which requires four men. Only one relay team per school may be entered. Winners of first place in the district meet are eligible to participate in the State Meet.

7. Number of Events One May Enter.—No contestant shall be allowed to compete in more than three track events, including the relays, and in not over five events altogether; and no contestant shall be allowed to enter more than one of the following events: 440-yard run, 880-yard run, mile run.

*This does not debar a 404, mile or half-mile man from the relay.*

8. Entries for State Meets.—At least 5 days, before the date of the state meet, each school having qualified contestants to compete in the state meet, shall send to the State Director of the Interscholastic League,
Prairie View A. & M. College, Prairie View, Texas by registered mail a list of entries, showing each event for which each contestant is entered. This list shall be signed by the Principal or other acting head of the school and subject to the approval of the District Director General.

Official entry blanks will be furnished the District Director upon which he will also report and approve all district winners at least five days prior to the date of the State Meet.

9. **Closing Entries.**—All contestants shall be registered with the State Director at least 5 days prior to the State Meet.

10. **No Changes in Entries Allowed.**—No changes in the entry list as sent in, as per Rule 8 above, shall be allowed except that a man may be substituted for another in an event, provided the substitute is otherwise eligible and already entered in the meet. One alternate may be entered for each relay team qualified, but no alternates are allowed for individual entries. An alternate cannot participate in any event except the relay unless he is certified as an individual entry.

11. **Must Qualify in Preliminaries.**—No contestant shall be allowed to compete in the finals in any event who did not compete in the preliminaries and semifinals of that event. This rule applies to the relay as well as to other events.

12. **Must Be on Hand at Time Announced.**—The Director of the meet shall see that the preliminaries and the finals start at the time announced for them. No excuse shall be accepted for failure of a team or contestant to appear at the time announced for the meet to start, and any contestant who fails for any reason to be on hand at the time of the preliminaries shall forfeit his right to compete either in the preliminaries or the finals.

13. **Officials.**—The State Director of Athletics shall have general charge of the final meet, and district meets, respectively. It shall be the duty of such directors to provide officials, secure entries, arrange programs, and attend to such matters as may be required for the proper conduct of the meet.

Each meet shall be under the direction of: The Director of Athletics, one referee, two or more inspectors, three or more field judges, four or more judges at the finish, three or more time keepers, one starter, one clerk of the course, one scorer, one clerk of the field, one marshall, one announcer, and such assistance to these officials as may be necessary.

14. **Disputes.**—(See Article XI).

15. **Coaches Not Allowed on Field.**—At the final State Meet coaches and other school officials will not be allowed on the field and, if this rule is violated, the contestant, will be disqualified in the particular event.

16. **No Extra Trials for Record.**—Winners in the shot put, discus throw, and running broad jump at the State Meet will not be allowed ex-
tra trials for a state record. Those who qualify for the finals will be allowed three additional trials, and the contestant will be credited with his best performance whether it was made in the preliminaries or in the finals.

17. **Observe Rules.** — Each team shall observe faithfully all rules contained in Article VIII of the Constitution and Rules. In case an ineligible man is used in any League meet, knowingly or unknowingly, the minimum penalty shall be the disqualification of the track team.

18. **Eligibility Blanks.** — Each school shall fill out eligibility blanks furnished by the League for each track and field contestant, one blank to be filed with the conference director general, and one to be sent to the State Office. These blanks are to be filled out and sent in before a contestant is allowed to participate in a League meet.

19. **Caution.** — Officials are reminded that certain events such as the discus and shot put are dangerous and proper precautions should be taken. To avoid accidents, spectators should be kept off the field and contestants who are not participating should remain in their quarters.

### TRACK AND FIELD EVENTS — GIRLS

Senior girls of each of the four classes of schools and Junior girls in Class C Schools may compete in district, and State Meets in the following events: 50-yard dash, 200-yard relay, 440-yard relay, discus throw and baseball throw for distance. Appropriate awards will be given the State Championship team in each class.

### TRACK AND FIELD FOR JUNIOR BOYS

1. **Eligibility.** — The rules laid down in Article VIII of the Constitution shall be strictly observed in this contest. These events are open only to boys of junior age.

2. **Representation.** — Each member class C (elementary) school may represent in district and State Meet in Track and Field Events for Junior Boys. Likewise, high schools (Classes AAA, AA, and A, and B) may represent with a Junior team, but in preliminary meets only.

Each member school represented by a team of junior boys must observe the following rules:

a. No Class School shall be allowed more than two entries in each event at the district meet except the relay which requires four. Only first place winners in district meets are eligible to compete in the State Meet.

b. No boy shall be allowed to participate in more than three track events, including the relay, and in not over five events altogether.

c. A junior boy entered in the high school meet is not eligible for the junior meet.
3. **Events.**—The events with the order in which they shall be conducted follow:

**Track**
1. 50-yard dash
2. 100-yard dash
3. 75-yard dash
4. 440-yard relay

**Field**
1. Pull up (chinning bar)
2. Running high jump
3. Running broad jump
4. 8-pound shot put

4. **Points.**—The first four places in each event count, respectively, five, three, two, and one. If less than five participate in any one event no points shall be allowed for the last place. The school that scores the greatest number of points by this method shall be declared winner; next highest, runner-up; and the next highest, third place. For points towards all-round championship, see Article X of the Constitution.
APPENDIX I

RESULTS OF 1954-55 MEETS AND CONTESTS AND BEST TRACK AND FIELD RECORDS—TEXAS INTERSCHOLASTIC LEAGUE OF COLORED SCHOOLS

CHAMPIONS IN LITERARY AND MUSIC EVENTS

Class AAA—Coles High, Corpus Christi
Class AA—Gibbons High, Paris
Class A—Green Bay High, Palestine
Class B—Harris High, Belton
Class C—J. O. Davis School, Irving; New Hope School, Stafford—TIE.

TRACK AND FIELD CHAMPIONS

Class AAA—Lincoln High, Port Arthur—76 points
Class AA—Washington High, Mt. Pleasant—76 points
Class A—Wilson White High, Rosebud—36 points
Class B—Ash Creek School, Hubbard
Class C—Washington High, Breckenridge

GIRLS TRACK AND FIELD CHAMPIONS

Class AAA—Charlton-Pollard and Hebert High, Beaumont—TIE—26 points each.
Class AA—Douglas, Pittsburg—82 points
Class A—Dunbar High, West—37 points
Class B—Harris High, Belton—34 points
Class C—Macedonia Elementary, Linden—31 points

HIGH POINT INDIVIDUALS—TRACK AND FIELD

Class AAA—M. Marshall, Anderson High, Austin—22 points
Class AA—Bennie R. Dillard, Mt. Pleasant—38 points
Class A—Lemeul Williams, Wilson White High, Rosebud—36 points
Class B—Joe Baker, Ash Creek High, Hubbard—20 points
Class C—Bobbie Collins, Washington Elem., Breckenridge—50 points

CHAMPIONS IN FOOTBALL—1954

Class AAA
Winner: Wheatley High, Houston
Runner-up: Moore High, Waco

Class AA
Winner: Emma Wallace High, Orange
Runner-up: Carver High, Greenville

Class A
Winner: Dunbar High, Livingston
Runner-up: Lincoln High, College Station

CHAMPIONS IN BASKETBALL—1955

Class AAA
No Champion nor Runner-up

Class AA
Winner: Gross High, Victoria
Runner-up: Blackshear High, Odessa

Class A
Winner: Green Bay High, Palestine
Runner-up: Rhoads High, Daingerfield

Class B
Winner: Mt. Grove High, Cushing
Runner-up: Colored High, Detroit
BANDS RECEIVING SPECIAL AWARD PLAQUES

These bands received Division I Rating in both Concert and Marching Contests:

Class AAA—I. M. Terrell High, Fort Worth
Class AA—Weldon High School, Gladewater
Class A—North Chapel High School, Kilgore

These bands received Event Award Plaques for Division I Rating in either Concert or Marching as indicated:

Class AAA—Emmett Scott High, Tyler—(Marching)
Class AA—Dunbar High, Lubbock—(Marching)
Class AA—Washington High, Marlin—(Concert)
Class AA—Turner High, Carthage—(Concert)
Class A—Liberty High, Liberty—(Concert)
Class A—A. W. Jackson High, Rosenberg—(Marching)

INDIVIDUAL WINNERS IN LITERARY AND MUSIC EVENTS—1955

Class AAA—

ARITHMETIC
1. Margie McNeil, Charlton-Pollard High, Beaumont
2. Jeff Callahan, Coles High, Corpus Christi
3. Malcolm Griffin, Coles High, Corpus Christi

DEBATING
1. Wendell Tucker and Betty Hilton, Pemberton High, Marshall
2. Wilma Pete and Corry Goodeax, Lincoln High, Port Arthur

DECLAMATION (JUNIOR)
1. Joe Ann Lewis, Charlton-Pollard High, Beaumont
2. Eleanor Johnson, Moore High, Waco

DECLAMATION (SENIOR)
1. Maderia Hilburn, Colored High, Longview
2. Elva Burton, Wheatley High, Houston
3. Beverly Halton, Moore High, Waco

ESSAY WRITING
1. Darlene Douglass, Moore High, Waco
2. Marion Robinson, Yates High, Houston

SPELLING (JUNIOR)
1. Hattie Hilliard and Joyce Massingil, Yates High, Houston
2. Jeanie Hamilton and Alma Fuller, Moore High, Waco
3. Carolyn Creecy and Thurma Turner, Cole High, Corpus Christi

SPELLING (SENIOR)
1. Leola Daniels and Kirkland Jones, Charlton-Pollard High, Beaumont
2. Dorothy Austin and Mary McCoy, Coles High, Corpus Christi
3. Gladys Robinson and Rubystein Rand, Pemberton High, Marshall

PIANO SOLO
1. Lavern Bates, Central High, Galveston
2. Nola Kirkpatrick, Moore High, Waco
3. Juanita Johnson, Emmett Scott High, Tyler

QUARTETTE (MALE)
1. Wallace, Johnson, Gillian, Mitchell, Emmett Scott, Tyler
2. Anderson, Pierce, Mitchell, Dunbar, Lincoln High, Port Arthur
3. McBridge, Gregory, Gooden, Jackson, Moore High, Waco

QUARTETTE (FEMALE)
1. Barnes, Lawrence, Spears, Jones, Coles High, Corpus Christi
2. Byrd, Boyd, Williams and Williams, Pemberton, Marshall
3. Jenkins, Mouton, Wright and Stevenson, Lincoln High, Port Arthur

QUARTETTE (MIXED)
1. Richardson, Sim, Baldwin and Perry, Kemp High, Bryan
2. Lewis, Barnaby, Anderson and Wright, Charlton-Pollard High, Beaumont
RULES AND REGULATIONS

VOCAL SOLO (MALE)
1. Bobby Glenn, Yates High, Houston
2. Gerald Mitchell, Emmett Scott High, Tyler

VOCAL SOLO (FEMALE)
1. Theresa Williams, Yates High, Houston
2. Myrtle Shaw, Colored High, Longview
3. Georgia L. Baines, Coles High, Corpus Christi

Class AA—

ARITHMETIC
1. Cleo Jenkins, Campbell High, Nacogdoches
2. Carver High, Houston
3. Charles Masters, Washington High, Marlin

DEBATING
1. James Jackson and Dorothy Wilburn, Gibbons High, Paris
2. Grace Moore and Joe Wedgeworth, Weldon High, Gladewater

DECLAMATION (JUNIOR)
1. Eva Flores, Sam Houston High, Huntsville
2. Sonja Foster, Fred Douglass High, Sherman
3. Virginia Snell, Dunbar High, Temple

DECLAMATION (SENIOR)
1. Lester Alfred, Carver High, Baytown
2. Ann T. Jacobs, Colored High, Henderson
3. Comanhere Holman, Gibbons High, Paris

ESSAY WRITING
1. Mary Fudger, Carver High, Greenville
2. Shirley Taylor, Carver High, Navasota
3. Luberta Brent, Carver High, Midland

SPELLING (JUNIOR)
1. Cecile Robinson and Dorothy Opra, Douglass High, Pittsburg
2. Mary Creeks and Mildred White, Carver High, Navasota
3. Thetis Gulley and Helen Ellis, Gibbons High, Paris

SPELLING (SENIOR)
1. Freddie Henderson and Delores Hicks, Gibbons High, Paris
2. Gloria Smith and Louis Hammond, Washington High, Marlin
3. Darlene Scott and Dorothy Davis, Weldon High, Gladewater

PIANO SOLO
1. Alice Faye Moore, Dunbar High, Lufkin
2. Charlotte Neblett, Fred Douglass High, Sherman
3. Shirley Wells, Carver High, Houston

QUARTETTE (MALE)
1. Jones, Teaver, Branch, and Young, Sam Houston High, Huntsville
2. Haynes, Herod, Franklin, and Williams, Fred Moore High, Denton
3. Rhodes, Morrison, Washington, and Hatchett, Blackshear High, Hearne

QUARTETTE (FEMALE)
1. Clark, Harvey, Bell, Bryson, Fred Moore High, Denton
2. Green, Jones, Sharter, Smith, Carver High, Houston
3. Hearne, Long, Jones, Wilkins, Blackshear High, Hearne

QUARTETTE (MIXED)
1. Arrington, Arrington, Gaskin, and Holmes, Carver High, Baytown
2. Tisdale, Rogers, Sims, and Maybeber, Wharton Training High, Wharton
3. Butler, Jackson, Grady, and Harris, Dunbar High, Lufkin

Class A—

ARITHMETIC
1. Charles Harmon, Daule High, Cuero
2. Mae Wesley, Hawkins Colored High, Hawkins
3. Alton R. Forney, Cleveland Colored High, Cleveland

APPENDIX II

CURRENT PUBLICATIONS ISSUED BY THE TEXAS INTERSCHOLASTIC LEAGUE OF COLORED SCHOOLS

The publications listed below may be secured at the State Office of the Texas Interscholastic League of Colored Schools, Prairie View A. and M. College, Prairie View, Texas.

Those ordering League Materials should observe the following regulations:
1. Read carefully the description of the materials to be ordered.
2. Do not request C. O. D. orders, nor send stamps. Cash or money order should accompany all orders.

RULES AND REGULATIONS OF THE TEXAS INTERSCHOLASTIC LEAGUE OF COLORED SCHOOLS

A free copy is sent to the principal of each member school. Additional copies may be purchased at 20 cents per copy.

THE LEAGUE REPORTER—A mimeographed "Newsletter" mailed free to member schools quarterly.

DEBATE

DEBATE QUESTION: Resolved, THAT THE FEDERAL GOVERNMENT SHOULD GUARANTEE HIGHER EDUCATION TO ALL QUALIFIED HIGH SCHOOL GRADUATES THROUGH GRANTS TO COLLEGES AND UNIVERSITIES.

Higher Educational Opportunities Packet. $2.00 per package.

This package includes Volume I, Volume II, of the NUEA Bulletins; specially prepared articles; reprints from books and magazines; analysis of the question; and a specially prepared brief and detailed bibliography on the 1955-56 Debate Question.

This brief gives a detailed outline of the 1955-56 debate question on the affirmative, negative, and general aspects of the question. The bibliography includes not only the names and titles of pertinent books and articles, but also the addresses of the publishers where the material may be secured. Every debater should have one of these packages.

Extra copies of the mimeographed brief may be secured at 20¢ per copy.

DECLAMATION

JUNIOR AND SENIOR DECLAMATION BIBLIOGRAPHY, No. 5421, 10 cents.

A list of books and publications containing either Junior or Senior Declamations. Some contain both Senior and Junior Declamations.

MATHEMATICS

DEVELOPING NUMBER SENSE (1945), No. 4526, 32 pages, 15 cents.

Written by John W. Calhoun, Professor of Applied Mathematics, The University of Texas. This bulletin is a revision of the bulletin issued by the League under the same title in 1925. It contains directions to the teacher and to the student for developing "number sense", that is, an ability to solve quickly arithmetical problems with a fair degree of accuracy without the use of pencil or paper. It is old-fashioned "mental" arithmetic systematically presented. This bulletin is used as a basis for conference contests in arithmetic. It contains more than a thousand problems. Single copies, 15 cents; $1.50 per dozen, $12.50 per 100.

MUSIC

NUMBER SENSE TEST SHEETS.

For practice tests in number sense. Two cents per sheet. Key for grading problems is sent with each order. No order filled for less than ten copies of a given test. Be careful in ordering to call for number sense tests.

PLAYS

A LIST OF SUGGESTED PLAYS, 20 pages, 15 cents per copy.

A list of 350 one-act play titles for use in League contests. Listed according to title, author, number of characters, type, royalty, and publisher. A brief sketch about the plot is given with each play.
TYPEWRITING

TYPEWRITER TESTS.

Fifteen-minute typing tests, of the same nature as tests used in Interscholastic League Typewriting Tournaments, spaces counted. Two cents per copy.

SPELLING

WORD LIST FOR INTERSCHOLASTIC LEAGUE SPELLING CONTEST (1955-56)

No. 5518, 5 cents per copy.

The word lists for the three divisions in this contest are published in this bulletin, making a supplementary list for those appearing in the State adopted texts. Both the texts and the word lists are necessary for preparing pupils to engage in this contest. In quantities, 50 cents per dozen or $3.00 per hundred.

CONTRACT FORMS

Contract Forms may be purchased at 25 cents per dozen or $2.00 per hundred.
