BLACK LIBERATION THROUGH EDUCATION

Pantherland 1973 is dedicated to the idea that the full liberation of Black people must come through Education.

The very existence of Prairie View A&M, both in the past and even now, is predicated on the principle of providing (specially suited) education for a large number of youth from black communities over the state and the nation. So a major objective of the College is to provide opportunities for those in Texas and elsewhere who are culturally, socially, and economically disadvantaged, as well as providing programs attractive to *all* youth.

Unfortunately, too large a number of blacks are still on the outside wanting in. There are many ways being proposed for "getting into the main stream" and it is possible that many varieties of ways will work. All will agree, however, that education is an essential factor in moving ahead, and at PVA&M, we take this opportunity to point up the fact that *Education Is The Way*.

While Pantherland 73's theme aims at Black Liberation, PV's small minority of non-blacks are certainly a part of the whole team on the hill whose vision is one of quality education, and equal opportunities for all. And together we face the challenges of the coming years ahead.

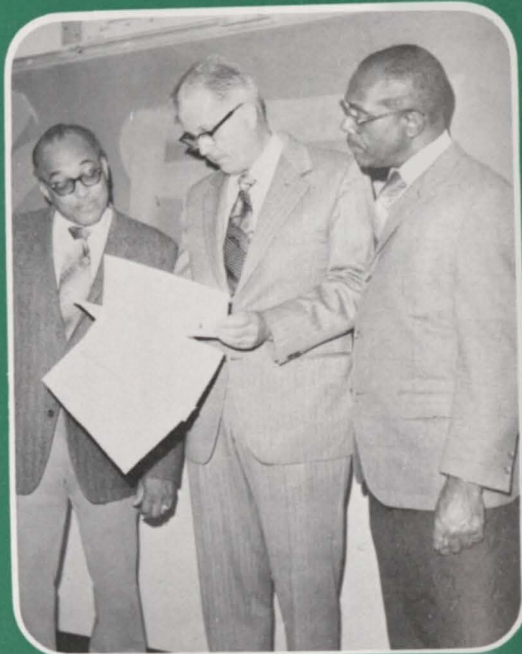

Pantherland 1973

1972-1973 HIGHLIGHTS

"— Working in the system — help from major business and industry over the nation — Texas legislators visit — regular planning for new buildings and various physical improvements.

Students got in on the election fever — Emphasis in Scholarship persisted — A former student returns an Army General — and the *real* news in 72-73 — it snowed on campus, not once but three times.

1972-1973 HIGHLIGHTS

MOST BEAUTIFUL
 (pictured in front of Astrodome — Houston)

MOST BEAUTIFUL: (Left to Right) Florence La Marque, Wanda Carrier, Freddie Weathers, Frances Grevenberg, Darlene Douglas, Gens Rita Dalcour, Shelia Washington, Joyce Washington, Patricia Smith, Tommie Matthews, and Althea Tate.

FOXES
 (pictured at the Central Administration Building, Houston Independent School District)

Kneeling: (L-R) Eunice Murphy, Berrilyn Moore, and Shirley Jacob. *Standing:* Mary Washington, Frances White, Debbie Osborne, and Gladys Davis.

School of Agriculture

The primary responsibilities of the Dean of Agriculture are to direct the fulfilling of its mission as a land-grant college. To this end he assumes the responsibility of directing the educational efforts in the School of Agriculture toward sensitizing and equipping its students to recognize and to aid in (1) the elimination of rural poverty, (2) the conservation and development of natural resources, (3) the improvement of rural health and welfare, and (4) taking full advantage of the existing and increasing opportunities for employment in the broad area of agriculture.

Additionally, he must assume the responsibility of creating a climate for and an opportunity to do research in the several areas that affect rural people, their environment and the life-style of rural people as well as create and maintain an educational arm of the college so that current information, through extension education, is made available so that segment of the population who desires to can benefit from the several agricultural functions of the School of Agriculture.

School of Engineering

The School of Engineering is a community of students, faculty, and administrators dedicated to the advancement and communication of knowledge in the field of engineering. The central activity of the School of Engineering is learning. This is compatible with the official concept and practice of the College. It offers undergraduate programs which are structured for discovery, interpretation and communication of knowledge which are focused upon the development of the potential capabilities and insights in the individual via a mutually shared activity between students and faculty.

The basic philosophy of the School of Engineering is embodied in the commitment of the College to an educational policy in which the complete development of the student as a person is regarded as paramount. What the student knows and what he is and he can do by virtue of his capacities, both tangible and intangible, are regarded as the controlling viewpoints in the educational process.

Mr. A. E. Greaux, Dean
School of Engineering

Faculty

School of Home Economics

The purpose of the program in the School of Home Economics is threefold in nature: (1) to provide a liberal education in the social and natural sciences, and the humanities; (2) to provide specialized instruction based upon a synthesis of knowledge from these areas of learning as preparation for professional careers primarily concerned with the well-being of individuals, families, and homes; and (3) to provide instruction in a common comprehensive core of subject matter important to the development of understandings and appreciations which undergird the students' special contribution to the program.

The Home Economics program offers students specialization leading to a profession, graduate study or personal satisfaction. Many students, both men and women, apply their unique training in meeting the challenge of family life today and tomorrow through business and industry, science, communications, design, service to children and families, education and research.

School of Industrial Education and Technology

The School Of Industrial Education and Technology offers four curricula and special one-year training programs. The offerings include (1) Teacher Education, (2) Vocational Industrial Teacher Education, (3) Industrial Technology and (4) Technical Education.

Students may earn Associate of Science, Bachelor's and Master's degrees leading to careers in

Automotive Technology	Teaching
Building Construction	Electricity
Electronics	Supervision
Metals	Vocational Counseling
Industrial Management	Design
Labor Relations	Arts and Craft
Drafting	Industrial Engineering
Distributive	Printing

School of Nursing

The School of Nursing offers a Bachelor of Science degree in Nursing. It is fully accredited by the National League for Nursing. Upon completion of all the requirements of the School of Nursing, the student is eligible to write for the State Board Examination given by the Board of Nurse Examiners for the State of Texas.

The Dean of the School of Nursing is responsible for assuming the leadership for the School of Nursing and providing the administrative framework necessary to implement and facilitate the program.

Graduate Studies*

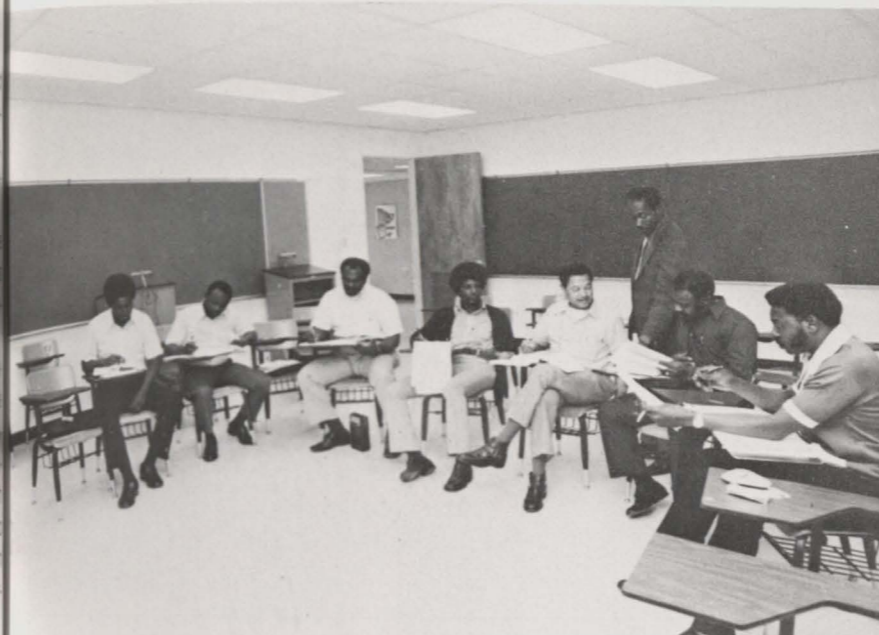

Graduate School

The Graduate School is composed of twenty-one subject area departments which offer graduate instruction and specifically planned degree programs for the Master's degree. Professional certification and advanced specialized preparation.

All policies and standards related to graduate study are administered by the Dean of the Graduate School and in this capacity he is regarded as Administrative Head of the Graduate School.

The role of the Graduate School Dean is highly coordinative in nature and to this extent deals with a variety of unique responsibilities to insure quality in graduate study and to otherwise provide an academic climate highly conducive to professional growth. Interwoven or in proper context with administrative leadership are those responsibilities related to basic standards of careful analysis, of thoroughness in understanding and critical thought which should characterize the climate of the Graduate School.

Mr. Charles Tesar and
Dr. I. D. Starling

Army R.O.T.C.

LTC Jiles P. Daniels, Head
Department of Military Science

LTC Jiles P. Daniels, Professor of Military Science, performs as Department Head and directs Military Instruction Program and drill of Army ROTC cadets.

His duties include the Coordination of military training program with college academic schedule. Worth in cooperation and coordination with the various departments in preparing a young qualified graduate capable of meeting current challenges of our society, whether he chooses the career as a military officer, teacher, engineer, or politician. Attract, enroll, inform, and prepare selected students with leadership and managerial potential to serve as commissioned officers in the U.S. Army. Develop a basic understanding of associated professional knowledge, a strong sense of personal integrity, honor and individual responsibility. Promote an understanding of Army Programs and policies among college and non-college communities surrounding Prairie View. Provide information on Army ROTC Scholarships and non-ROTC commissioning programs to appropriate persons and assist them in entering these programs. Formulate training standards for ROTC Military Training Courses. Serve as advisor on Military activities at college, and assist in college and campus activities.

When

Department of Naval Science

Commander Reeves R. Taylor, U.S. Navy, is the Commanding Officer of the NROTC Unit and Head of the Department of Naval Sciences. As the official representative of the Navy on the campus, he is responsible for the administration of NROTC scholarships, and the conduct of courses of instruction in naval and marine subjects for both regular NROTC scholarship students, and students of naval science. The Commander also directs training activities of the NROTC students and assists and advises in other College and campus activities.

CDR Taylor

Highlights — 1972-73

"The Navy takes care of its own," is more than just a saying; to Navy personnel, it's a way of life, that is indicative of the loyalty and professional commitment that is characteristic of the Navy and its personnel. Here at Prairie View, we attempt to instill this spirit in our Midshipmen along with the technical skills required for them to become the best Naval and Marine Corps Officers possible.

The second semester began with unit strength at 88 midshipmen. Of this number, 28% had fall semester grades that qualified them for the college honor roll. Two of our midshipmen, Kennard R. Luckey and James A. Davis, both sophomores, achieved a 4.0 grade point average (straight A's). To these young men and their fellow honor students we give proud "Well Done."

During the 2nd semester, field trips were made to Quantico Marine Base for Marine Corps orientation, Corpus Christi for flight orientation, and to New Orleans for the Mardi Gras. These trips give the midshipmen a chance for a closer look at military life and provide for the social interaction that we consider an essential part of their overall education.

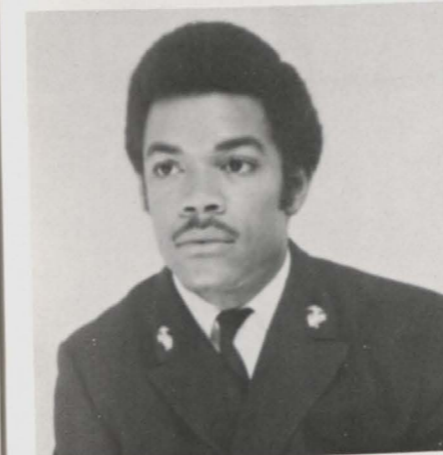

Summer cruises to the Western Pacific; Corpus Christi, Texas; Coronado, California; and Quantico, Virginia will be starting in May and June for all scholarship midshipmen and advanced college program students. Midshipman Second Class Leodies Simmons will be cruising this summer aboard a nuclear-powered submarine from Holy Loch, Scotland.

PHILOSOPHY OF MEMORIAL STUDENT UNION

The word Union is herein defined as the community center of the College, for all the members of the Prairie View College family, students, faculty, administration, alumni and guests. It is not just a building, it is also an organization and a program. Together they represent a well-considered plan for the community life of the college.

As the "living room" or the "hearthstone" of the college, the Union provides for the services, conveniences, and amenities the members of the college family need in their daily life of the college.

The Union is part of the educational program of the college. As the center of college community life, it serves as a laboratory of the citizenship in our democracy.

Through its various boards, committees, and staff, it provides a cultural, social, and recreational program, aiming to make free time activity a cooperative factor with study in education.

In all its processes, it encourages self-directed activity, giving maximum opportunity for self-realization and for growth in individual social competency and group effectiveness. Its goal is the development for persons as well as intellects.

The union serves as a unifying force in the life of the college, cultivation enduring regard for and loyalty to the college.

The value of Memorial Center and its programs are measured by the level of the intellectual, cultural, spiritual, social and recreational experiences we share. It is a laboratory for the education and development of the whole person, in mind, in personality, in leadership, in citizenship and services, in happy association with others, and in many joyous pursuits that make human hearts light and gay. The Memorial Union Programs can help us achieve all of these things and more.

Wendell C. Davis

For those of us associated with the college, the Union Programs have a deep personal significance. It provides opportunity for students, professors, alumni and visitors to meet and get to know and understand one another through friendly association and informal activity outside the classroom. Even if the program served no other purpose, it would be worth much more than the time, money and effort that has gone into its planning. Chief participants and beneficiaries are the hundreds of students and even thousands of students whose lives will be enriched through the years by many wonderful experiences they shared in the Memorial Center.

Alumni, faculty and staff members, parents, friends and guests of the college enjoy the variety of programs. All of you are always welcome. The Memorial Union Programs are your programs.

Omega Gamma Chapter

Zeta Phi Beta Sorority had its beginning at Howard University January 16, 1920. A member of Phi Beta Sigma Fraternity, Charles Taylor, spoke to a young lady, Arizona Cleaver, concerning the establishment of a sister organization, and asked if she would endeavor to establish such an organization at the university. The young lady willingly accepted the task and thus, began Zeta Phi Beta Sorority, Inc. Miss Cleaver, along with four other young women became known as the five founders or the "five pearls."

The Zeta Phi Beta Sorority is composed of young ladies that pursue extensively their academic endeavors and have demonstrated that fine womanhood is not only theory but practice as well.

SISTERS: Zeta Phi Beta
Sorority, Inc.

On Saturday, October 8, 1913, A. Langston Taylor presented to Leonard F. Morse the proposition of establishing a new fraternity at Howard University. Charles I. Brown, another student, was invited to aid in the movement. Finally, after much deliberation, the permanent organization of Phi Beta Sigma Fraternity was formed on January 9, 1914. The original three founders, Taylor, Morse and Brown, chose nine of their college classmates at Howard University as charter members of the fraternity. Since that time the ideals of Brotherhood, Scholarship, and Service have spread with PHI BETA SIGMA FRATERNITY until now there are more than four hundred chapters in the United States and in foreign lands. The Brothers of Delta Theta Chapter exemplify Sigma men the world over. Hence, "Where There Are Great Men to Be Made, Sigma Will Make Them."

From a small nucleus at Howard University, on January 16, 1908, sprang an inspiration which initiated the movement of Greek letter sororities among Negro women. The idea that emerged from this nucleus was Alpha Kappa Alpha Sorority, Incorporated. Its chief aim "service to all mankind" stimulated the growth of many graduate and undergraduated chapters throughout the nation.

Zeta Gamma Chapter was organized November 19, 1969 here at Prairie View A&M College. Since that time, the purposes of Alpha Kappa Alpha have been exemplified on this campus and throughout the community.

Delta Sigma Theta Sorority, Inc.

Eta Beta Chapter

Front Kneeling: (L-R) Patricia Morris, Lovie Teal, Mary Granger, Cynthia Gipson, Rosiland Davis, Alfred Charles. Standing: (L-R) Shirley Bryant, Tommie Matthews.

Delta Sigma Theta is a national Greek-letter Society with over 300 chapters in 42 states including Alaska, the Republic of Haiti, Liberia, and West Africa.

The Sorority was founded by a group of twenty-two Howard University undergraduates on January 13, 1913. In the year of her founding, Delta listed as her particular purpose and object: to establish and maintain a high standard of morality and scholarship among women. But as her members grew Delta moved from mere self-concern to the realization of the possibilities for service in ever widening areas, so that now she lists herself as a public service organization rather than a social sorority.

BLACK LIBERATION THROUGH EDUCATION

Registration

Freshman Orientation Week

Registration, one of PV's greatest hurdles every semester, became the first problem to confront students during fall semester registration. Entering freshmen had to contend, not only with registration, but also the task of moving into the dorms, adjusting to a new environment, and meeting new people.

With the help of their parents, fellow friends, and the Junior Fellow Organization, the transition was made quite enjoyable. Additionally, during Freshman Orientation Week, there were a number of social activities to entertain the new arrivals.

ATHLETICS

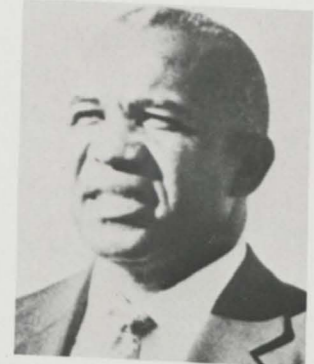

Everybody at PV contributes to the broad athletic program. Athletics is administered by an Athletic Council which serves in an advisory capacity to the Athletic Director and Staff. The college band, Majorettes and Cheerleaders perform at most athletic events and the members along with the supporters are an integral part of the total sports program.

Jackson State Downs Panthers 16-0

Trailing 3-2 at half-time, Jackson State scored twice in the third period to down Prairie View's Panthers, 16-3 in a Southwestern Athletic Conference opener Sept. 16, at Mississippi Memorial Stadium.

Jackson State got a two-point safety when PV center Bryon Briggs centered the ball out of the end zone from the 13 yd. line. Later Prairie View went ahead, 3-2, on Leroy Clark's 26 yd. field goal and took that same lead into the dressing room at half-time. But early in the third period Jackson's James Marshall intercepted a pass by PV's Hardy Malvo and scampered 25 yds. untouched for the go-ahead touchdown. Raymond Key kicked the point after.

Jackson State's final score was set up when John Tate covered a PV fumble on the Panther 17.

Panthers Bow 20-7 to Southern Jaguars

Southern upset Prairie View in a 20-7 Southwestern Athletic Conference win in Baton Rouge.

The Panthers got on the scoreboard first with 9:56 remaining in the first quarter on a 20 yd. pass from quarterback Hardy Malvo to split end Phillip Brazille. Leroy Clark kicked the PAT and the Pack led 7-0. The touchdown resulted when the Jaguars fumbled on their 20 and the Panthers covered.

PV Defeats California State (Hayward) 16-0

Leroy Clark kicked three field goals September 9 as Prairie View, Texas A&M coasted to a 16-0 victory over Hayward State in an intersectional college football game.

Clark opened the scoring with an 18 yd. kick, then put one across from 19 yds. in the second period and another from 26 yards in the final quarter.

John Moore scored the visitor's touchdown on a 44 yard pass from quarterback Hardy Malvo.

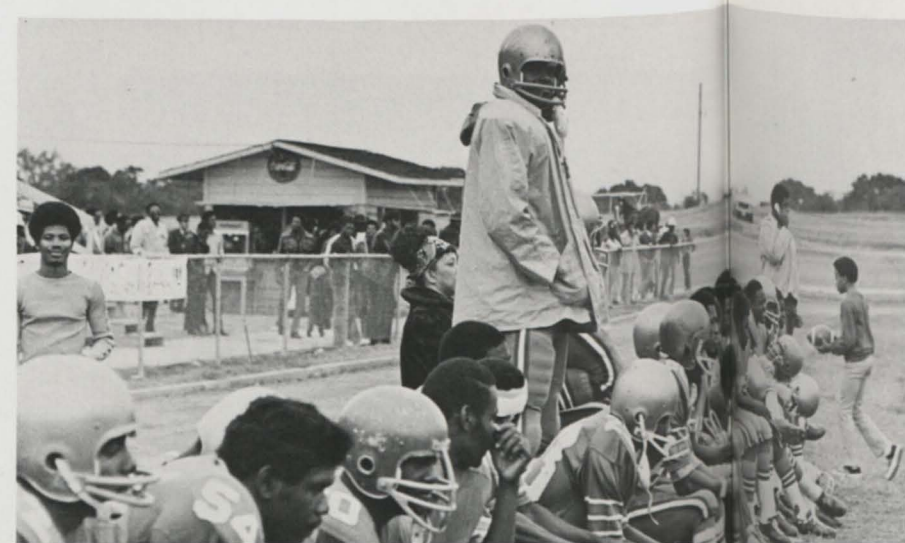

Grambling Drops PV 36-0 in Washington, D. C.

Washington, D. C. — Quarterback Matthew Reed passed for four touchdowns and 275 yds. on Sept. 30, as Grambling thundered by Prairie View A&M 36-0, in a Southwestern Athletic Conference game.

While Reed was leading an offensive machine that jolted Prairie View for 465 total yds., the Grambling defense was throwing a blanket on the Panther's ground game.

PV ended with minus 106 ground yds. and gained only 23 passing. The Panthers made three first downs, two by penalties, and crossed the 50 once. Panther Quarterbacks, Richard Lewis and Hardy Malvo were sacked five times for 110 yds. in losses.

Reed hit 14 of 25 passes, two going to Charles White for 17 and 27 yds. for touchdowns. He also connected with Tom Singleton on a 12 yd. scoring pass.

Texas Lutheran Wins 2-0, but Forfeits Game

Texas Lutheran eased past Prairie View 2-0 in a close battle in Seguin on October 7. It was discovered later, however, that the Lutherans had an ineligible player in action and the game was awarded to the Panthers.

Panthers Beat Arkansas and Bishop College

After losing four straight, the PV Panthers got on the winning track and defeated Arkansas AM&N and Bishop. The Panthers won a close one against Arkansas in Ft. Worth, 7-0. The following weekend in Dallas, the Panthers stopped the Bishop College Tigers, 14-10, in a come from behind victory.

The two wins gave Prairie View a 3-4 season mark, which equals last season record. Anthony Smith, a 5-9, 170 lb. red-shirt sophomore directed the Panthers' attack in the two wins.

PV Passes Mississippi Valley 9-6 at Homecoming

A 23-yard field goal by Leroy Clark was the difference as Prairie View downed Mississippi Valley 9-6.

The field goal came in the last seconds of the first half and Prairie View's only other score in the fourth quarter, came on a 13-yard pass from Andrew Smith to Allen Merchant. Clark's extra point try was wide.

Alcorn Braves Win 9-6 Over Panthers at Home

The Alcorn Braves, behind the running of Clifton Davis, rammed across two fourth-quarter scores to hand the PV Panthers their first home loss in four seasons, 13-0, in a Southwestern Athletic Conference clash.

Davis wrecked PV's homecoming hopes by rushing for 123 yds. and scoring Alcorn's first touchdown on a one-yard plunge early in the final period.

Charles Davis notched Alcorn's final tally less than 3 minutes after Davis's score.

TWSU Wins 13-0 in Annual Thanksgiving Day Classic

A 98-yard pass interception by Tiger Davis Thomas and a 66-yard scoring pass from quarterback Ronald Merthie to wingback Melvin Baker were the two plays that separated Texas Southern and PV from a deserved scoreless tie.

Ernest Pugh came off the bench to lead Texas Southern in rushing with 64 yards on eight carries. Merchant was tops for PV with 41 yds. on 16 carries.

Thomas was voted the "Most Valuable Player" for TSU, while Linebacker Talmadge Sharpe was named tops for Prairie View.

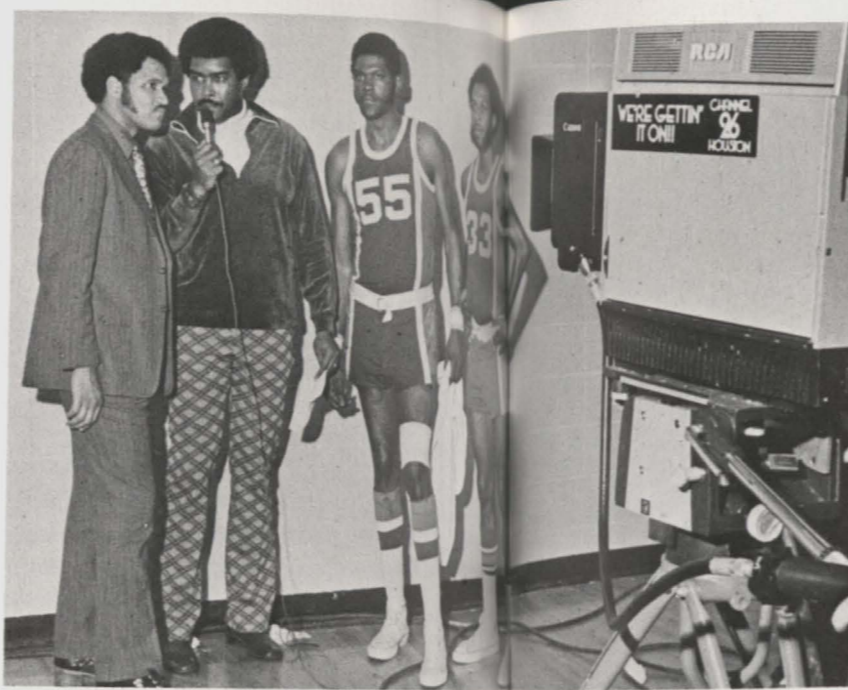

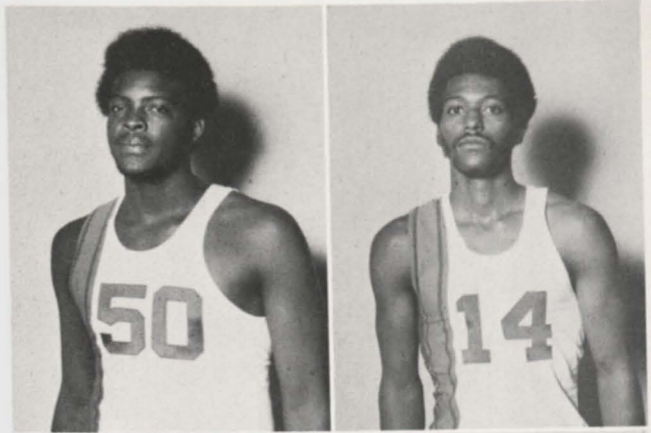

COACH AND CAGE STARS: Prairie View Head Coach Bill Cofield, flanked by his leading gunners: Walter McCowan (Left) and Ray Reynolds. McCowan is team leading scorer and Reynolds is team leading rebounder.

Barbara Jacket, Coach
1972-73 SQUAD

Kneeling: Geraldine Taylor
Elizabeth Labome
Carol Cummings

Standing: Debra Branch,
Shirley Williams
Mary Wallace
Debra Sapenter
Charlene Brench

The Prairie View Pantherettes, ranked number one in the nation by Women Track and Field World Magazine, ended the 1972-73 season on June 22-23, when they completed in the Womens National Outdoor meet in Irvine, California. The popular magazine ranked number one in the world in the spirit medley (1:40.6) and mile relay (3:46.8). Their 1:40.6 sprint medley is an American record, which was set at the Texas Relays. The Pantherettes are number two in the nation in the 440-relay (45.6). Debra Sapenter, the Pantherettes all American quartermiler has run the second best time in the nation with a 54.6. Carol Cumming's, 10.7 in the 100-yard dash, is fourth best in the nation and Shirley Williams' 10.6 is the third best. The Pantherettes have competed in 27 meets this season.

1972-73 GOLF TEAM: Standing: Ted Amundson, Albert Cunningham, Marvin Wilson, Ron Smith. Kneeling: Michael Sapenter, Frank Adams.

GOLF

Theodore Amundson, Coach

(S.W.A.C. TITLE)

The golf team of Dr. Ted Amundson remained the kingpins in the Southwestern Athletic Conference golf circuit as the Panthers won their eighth straight SWAC golf title. Junior Marvin Wilson, from San Antonio, Texas, was the SWAC medalist winner, making the seventh straight year that a PV golfer had won medalist honors. Michael Sapenter, an Engineering major from San Antonio, was the only senior on the team. Dwight Cunningham, Frank Adam and Wilson, will return for next season.

TENNIS

Earl Belton, Coach

Coach Earl Belton, the head tennis coach at Prairie View, was serving his first year in that capacity and had two Freshmen and one sophomore on the team. The Panthers tennis team made a good showing during the year. They finished third in the Southwestern Athletic Conference. In fact, the Panthers, led by ALL SWAC singles semi-finalist Charles Melton, won the PV Relays tennis tournament.

"With a little more depth to go along with what we have we should have a better club than we had this past season," said Coach Belton, who also coaches the Panthers Offensive line in Football.

PHI BETA LAMBDA

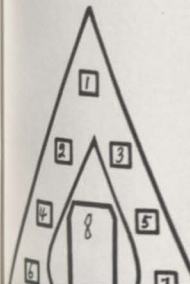

Phi Beta Lambda is a national organization at the college level. We believe in the future which we are planning for ourselves in the field of distribution, and in the opportunities which our vocation offers. We also believe in fulfilling the highest measure of service to our country and God. We believe that by doing our best to live in accordance to these high principles, we will be of greater service to both ourselves and mankind.

Belonging to Phi Beta Lambda Fraternity is an honor that carries responsibilities as well as privileges.

Club Crescendo

OLDEST SOCIAL CLUB FOR MEN AT PV CHARTERED IN 1949
 PRAIRIE VIEW A. & M. COLLEGE
 CLUB COLORS ** MAROON AND GRAY

Purposes of Club Crescendo are to maintain a high plane of social club life and interclub relations within the college, to cooperate with the administration in the maintenance of high social standards and to further intellectual accomplishment and sound scholarship.

Club Crescendo, the oldest social club for men at Prairie View A. & M. College was declared on October 24, 1949 and has continued to function for the betterment of Prairie View down through the years.

Club Crescendo activities include presenting a float at the annual homecoming parade, presenting a vesper program, presenting the annual Talent Showcase for the purpose of highlighting the various talents in the Club, and participating in all worthwhile campus activities.

"I've been in the Navy just 18 months and I'm a practicing defense attorney and in Legal Assistance. The experience I've had in the Navy is invaluable so early in my career. It's the kind of experience that could otherwise take years."

These are the feelings of LT Trevor Bryan, a 1971 law school graduate.

"I was interested in the Navy Judge Advocate General Corps because of the opportunity it offered. I joined the Navy following my second year in law school and used the Excess Leave Program to finish. It wasn't long after I received my commission that I was working in a courtroom . . . exactly where I wanted to be."

Before practicing law in the Navy, LT Bryan was admitted to the Massachusetts Bar, and while drawing full pay and allowances of \$838.68 per month, completed an intensive nine-week course in Military Justice at the Naval Justice School in Newport, Rhode Island.

"Right now, my income compares favorably with that of a civilian lawyer starting out in most areas of the country. Add to that all the Navy benefits!"

"I know of no other place that offers so much to a new attorney, as the Navy JAG Corps. You get experience in both civilian and military courts. It's a great opportunity!"

This same opportunity is open to you if you qualify. And there's no need to delay your career. You are eligible to apply as a college senior or in any year of law school. Whether your area of interest is Maritime Law, International Law, Civil Law or others, the Navy has a practice for you . . . around the world.

If you think you've got what it takes to become a Navy Judge Advocate General, call, toll free 24 hours

day: **800-841-8000**

(In Georgia call 800-342-5855)

or write for information today.
