Mr. Potts has advised that "Experience has taught us that it is the best plan for the County Agent to keep these certificates in his files for the remainder of the year. After the boys have returned the top sow of their litter (first), you can give these certificates to the boys."

Dear Mrs. Shelton and Mr. Mayes:

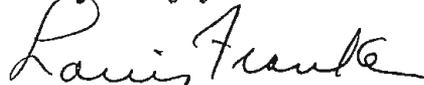

Jack Sloan is very complimentary about the work going on in the Pilot Knob community and of the part you are playing in that development. You will remember that he took some pictures there recently.

We are asking John McCully of Austin - who works with the Extension Service editorial office on a part-time basis - to write an article on Pilot Knob for use in the April Extensioner. Mr. McCully will call on you for information and I will appreciate anything you can do to help him.

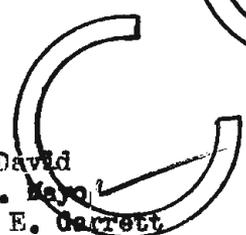

We have found it best not to tell demonstrators in advance that we are visiting them for the purpose of writing about them, so when you make arrangements for taking Mr. McCully around, it will be helpful if you simply introduce him as a visitor who has heard of Pilot Knob and wanted to see for himself what is going on.

He will, of course, check the article with you for accuracy before he sends it in to us.

Dear \_\_\_\_\_:

Since it has been a requirement for a county 4-H Encampment in each county, Mrs. Carrie Loudd and I have been discussing having an encampment with Grimes and Waller counties. I was thinking after our discussion that maybe other close counties would like to join us. I am thinking of Brazos, Austin, Waller, Washington, and Grimes counties taking part in this encampment.

Brenham seems to be the center point of all these counties and a meeting has been planned at Brenham, Texas in the home demonstration office on Monday January 31, 1949, 1:00 P. M. to 3:00 P. M. to plan for the encampment.

You may bring for D-216 for authorization to leave your county. I have invited the District Agents to come and assist us plan for the encampment.

Please meet on time so we can leave on time. Bring along some good ideas and the material you have in your office on "Planning for Encampments"

Hoping you will cooperate wholeheartedly in making this a very good 4-H encampment.

Sincerely yours,

Mr. John E. Mayo  
Negro District Agent  
Prairie View, Texas

Dear Mayo:

As of today, we have only received invoices from Fayette county in regard to the Sears Poultry Program in your district.

We need invoices from two other counties and also need to have a letter from you authorizing these three counties in the Sears Poultry Program.

As you know, these invoices were to be in our office by February 15, and it is very necessary that these be sent in immediately in order that chicks and poults be received through the Sears Foundation.

Sincerely,

*Floyd Lynch*

Dear Mr. Mayo:

I received your letter today stating the poultry promised to Guadalupe county under the Sear's Roebuck Poultry Foundation Program had been given to Austin County, I to regret this very much because the three boys whose names I sent you had made some special arrangements for the poultry, and to their names had been used on the local radio program, It is pretty hard to explain to these boys and their fathers after having them to go ahead and buy brooders and other things for the poultry, why they will not get them.

When I talked to you in Houston, I was under the understanding that this county had already been selected and all you wanted was the names of the boys so I went ahead working under that understanding since there was no date set on the letter you sent me as a deadline.

If it is at all possible for these boys to get some poultry I would appreciate it very much and would feel your was doing me a special deed.

Yours truly,

Where as there are 19 parks owned and maintained by the state of Texas located within the section bound by Waco, Brenham, Bay City, Corpus Christi and San Antonio, and the management of these parks do not make the parks and their facilities available for use by Negroes, and

Where as the money used to purchase and maintain state parks is appropriated from tax money that is paid by Negroes as well as other citizens, and

Where as the Negro citizens of Central and South Texas need and want the use of the state parks and their facilities in the same fashion as is being used by the Anglo Saxon and Latin American groups.

Therefore be it resolved that the State Park Board and the State Legislature make the necessary changes in the present laws and present policies so that state parks will immediately become available for use by Negroes.

The following is a sample resolution:

Where as an investigation shows that there are 19 state parks in an area of 32 counties in Central and South Texas bound by Waco, Brenham, Corpus Christi and San Antonio, and

Where as these parks are owned and operated by the state of Texas and supported by public taxes, and where as these parks provide needed recreation facilities in the state, and where as these facilities are being denied to members of a minority group on the basis of race.
