TO ALL NEGRO COUNTY AGRICULTURAL AGENTS

Dear Co-Worker:

Some of the county agents are getting permission to put on secretaries in their various counties to assist with the farm labor program. These secretaries will be responsible for keeping the records of farm laborers who are working for farmers, keeping the names and addresses of farmers and the number they employ daily and sending this information to the white county agent. County agents that have had secretaries previous to this time already know about their duties and how they are to be performed.

Each of you should try to contact all the available help in your county if you have no recruiter, so you will be able to help when it is called for by the farmers. Any assistance that I can render or give, please get in touch with me at my office here at Prairie View and I shall be glad to help you.

Respectfully yours,

J. V. Smith

Dear Smith:

The following information is being sent to a number of radio stations to be released over the farm news broadcasts. I would appreciate your spreading this information in any manner which you see fit.

"This is the latest farm labor information available. Appreciate your using it in your broadcast.

Attention Agricultural Workers. Surveys by farm labor advisory committees and county agents show excellent Rio Grande Valley cotton harvest begun. More than 250,000 acres averaging three-fourth bale to the acre will need services of several thousand workers for harvest. 2,875 workers or 115 crews needed by last of next week or July 5 at Harlingen, San Benito, LaFeria, Combs and Olmito. 390 crews or 9,750 workers additional needed beginning July 10 to 15. Willacy County, Raymondville, 280 crews beginning July 10. Cameron, San Benito, 100 crews July 10. Hidalgo, Edinburg, 10 now, more about July 20. Crew leaders should contact local county agent or state migratory labor assistants at once. State migratory labor assistants at Falfurrias and Rivera Quarantine Stations can give latest daily information to crews passing through station."

Part of your letter of July 8th to Mr. C. Hohn has been referred to me for attention.

Cotton picking rates in Cameron County as of July 5th are \$1.25 per hundred for picking and \$.35 per cwt. for hauling. Hidalgo County on the same date quotes \$1.50 to \$1.60 per hundred for picking and hauling. Willacy County needs 100 crews on July 8th and 200 more on July 15th. Rates are not quoted. Starr County quotes \$2.00 per hundred but needs only 100 pickers.

This office, through the cooperation of the entire Extension group, is attempting to record as accurately as possible the reasons and conditions warranting the termination of service, present occupation and present location of former employees.

Such information is needed for statistical and historical purposes and for the purpose of making detailed study of factors bearing on the tenure of service of Extension workers.

Attached is a list of former employees for whom we have no definite recorded reason as to why they left the service. I am asking you to study this list carefully and in any case where you are familiar with the conditions please indicate, as correctly as possible, the reason for termination of employment.

When you have finished with the schedule return it to D. L. Weddington's office, where this information is being tabulated. Please turn in your schedule by July 31, 1946.

TO ALL COUNTY AND HOME DEMONSTRATION AGENTS:

Dear Agent:

In most areas in Texas, the 1946 spring garden work is coming to a close. While this work is fresh on your minds, we would like to get a mid-season report which will indicate the extent to which home gardens have been grown in Texas during the current season. We are enclosing copies of D-270, Victory Garden Report, which should be filled in for your county and copies attached to your July monthly report. Although this form is late reaching you, you doubtless have available the information that will enable you to make the report.

The figures given should be the totals of all gardens grown by the Negro residents of the county. The form should be signed jointly by the county agricultural agent and county home demonstration agent. A copy should be attached to each set of the July monthly narrative reports submitted to headquarters. Extra copies should be placed in your 1946 county annual report file so that it will not be necessary for you to do additional statistical work related to the spring garden demonstration in your county.

In October, follow the same procedure for fall gardens. The totals of these spring and fall garden reports will be the figures you will use in your annual report.

Much stress is being placed upon the various food production programs, and we hope that you will give this report serious consideration so that it will show all of the garden work done in your county this spring.

Dear Co-worker:

Please be advised that a State Short Course for farm men, farm women, and extension agents will be held at Prairie View, August 11-14, 1946. The Texas Negro Farmers' Council of Agriculture and the Texas Home Demonstration Council will meet at the same time.

County representatives to these events are limited as follows:

5 men, 3 women, and extension agents. It is permissible for any county where only one agent is employed to bring a complete county delegation.

A registration fee of 25¢ each will be required of all persons attending the Short Course.

Room assignment for men will be made at the Dean of Men's office. Club women will get their assignment at the Dean of Women's office. Home Demonstration agents will be assigned rooms at NYA # 3. No charge will be made for lodging.

Meals can be secured at the University Cafeteria and the students dining hall at popular prices.

It will be necessary for each individual to bring sheets, pillow cases, towels, toilet articles and other personal effects that will aid to comfort.

It is hoped that each county will have a full representation and that your group will arrive early.
