FAREWELL TO ARMS:

It's a farewell to arms, or to the gridiron for six Prairie View Panther football players, playing their last home game in the proud Purple and Gold colors.

Though there is one more game left in the regular season — against Texas Southern at Robertson Stadium next Saturday night — six seniors are wearing the proud Purple and Gold for the last time before the home folks.

Seniors in their last game are running back **Michael Long**, from Birmingham, Alabama; defensive back **Andrew Winzer** from Houston, Texas; running back **Darrell "Monk" Jackson** from Port Arthur, Texas; center **Gerald Davis** from Houston, Texas; offensive tackle **Harold Norfleet** from Baytown and tight end **Eugene Scott** from New Orleans, Louisiana.

"They will be missed," said Panther head coach Cornelius Cooper. "They provided leadership and stability for our young players this year and we wish them well in their future pursuits."

For some it's hopes and dreams of turning professional, but for all it's thinking and putting Operation Success into action in their respective fields.

Today's game brings to Blackshear Field a record-setting field goal kicker in **Wilfredo Rosales**, who booted five three-pointers in one game this season. Rosales holds many of the Alcorn school

records for kick scoring and is "dangerous anytime we cross the 50-yard line," says Alcorn coach Marino Casem.

The Panthers too have a kicking threat in sophomore **Paul Rhodes**, now standing as the Panthers leading scorer. Rhodes' foot is responsible for a 3-0 victory over Texas Lutheran and a great part in the 9-7 triumph over Arkansas-Pine Bluff.

OPERATION SUCCESS

Operation Success is based on the philosophy that each student admitted to Prairie View A&M University has the potential to succeed.

The complete education and experiences of the student at Prairie View A&M University are designed and implemented to help them keep the status to which they were born, namely: **THEY WERE BORN TO WIN!!! THEY WERE BORN TO SUCCEED!!!**

The University recognizes that many students, who are admitted, may have academic, social, cultural, vocational, economic or personal handicaps.

There are no students admitted, however, with handicaps which cannot be corrected so that the student can achieve success. The students do have the potential to succeed.

Operation Success is based upon the philosophy that the University will organize its human and material resources into such systems that will maximize the academic, personal-social, cultural and career awareness and vocational attainment of each student enrolled.

Operation Success is also based upon the philosophy that it is important for the student to enroll at the University, but *it is even more important that he or she graduates from the University with a variety of new experiences and high level achievements.*

Join the Houston Police and start earning \$16,700.

If your present salary and career seem to be at a standstill, perhaps it's time to consider a move. Join the Houston Police. As a cadet, you'll start earning \$16,700 a year (based on average earnings of the 1979 cadet classes). College and veterans' bonuses can boost earnings. With promotions, raises and incentive pay, you'll get even more with each passing year.

Plus excellent benefits like paid hospitalization and life insurance, generous vacation, holiday and sick leave are offered. And the Houston Police Department's retirement program lets you retire after 20 years and draw a liberal pension by age 50.

As an officer, your assignments will be challenging. There are 14 specialized divisions including one of the largest helicopter patrols in the nation.

Why Houston? Houston's booming economy and low cost of living are bringing 1,000 people per week into the city, and the present law enforcement body cannot keep pace. So, we are beginning a nationwide search for exceptional people. People who want to test their limits, strengthen their minds and learn new skills. People seeking a future that's growing as fast as Houston.

Call 1-800-392-2281. It just might change your life. If you are at least 19 years of age and have a high school diploma or its equivalent, you can start a new career today and earn as much as some college graduates in the Southwest's most exciting city. For information about our cadet classes or an applicant package, call toll-free. Or write Houston Police Recruiting, 401 Louisiana, Suite 601, Houston, Texas 77002.

How the new Chevy Citation
can be both compact...

and mid-size at the very same time.

No mirrors, no wires, nothing up our sleeve. Citation really is both compact and mid-size. Watch closely.

Compact on the outside.

Outside, Citation measures only 15 feet bumper to bumper. That's trim enough to fit into 3/4 of a parking space.

Mid-size on the inside.

No hocus-pocus. What we did was to mount Citation's engine sideways, giving you enough room inside to seat five adults comfortably. With space left over in the hatchback that could even surprise Houdini. There's also a removable shelf panel that makes every bit of cargo just seem to disappear.

You've got to drive it to believe it.

Of course, there's a lot more about Citation than meets the eye.

- There's its front-wheel-drive traction on wet roads, through snow and in mud.
- The way its ride can make a stretch of road seem a whole lot smoother.
- Its impressive acceleration.
- And yet still, in the hatchback, wagon-like convenience.

Why not see your Chevy dealer about buying or leasing the new Chevy Citation. You might be amazed. It could be just the car you have in mind.

It's a whole new kind of compact car.

CHEVY CITATION

ALCORN STATE UNIVERSITY

HISTORICAL STATEMENT

Alcorn State University, the oldest Land-Grant College for Blacks in the United States, had its beginning in 1830 as Oakland College for the education of white male students. The Presbyterian school closed its doors at the beginning of the Civil War so that its students might answer the call to arms. Upon failing to reopen after the war, the college was sold to the State of Mississippi for the education of her Negro Citizens. The College was renamed Alcorn University in 1871 in honor of the late James L. Alcorn who was then Governor of the State.

In 1862, Congress passed an act known as the "Morrill Land-Grant-Act;" whereby the national government gave to each state in the Union public land script equal to 30,000 acres for each senator and representative in Congress for the "endowment, support, and maintenance of at least one college whose leading object shall be, without excluding other scientific and classic studies, and including military tactics, to teach branches of learning as are related to agriculture and mechanic arts . . . in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life."

Today Alcorn State University is carrying out its function as a Land-Grant College in Mississippi. Its vocational curricular and related sciences are enhanced by a sound foundation of general studies. These curricular and a competent staff of teachers and administrators are tools employed by Alcorn State University to prepare students to live fully, effectively, graciously, and cooperatively in a democratic society while serving the needs of the people in the State and Nation.

MARINO H. CASEM ● HEAD COACH

Casem: A Genius In College Football

Alcorn State University Head Football Coach Marino H. Casem reached and surpassed the century mark in total wins last season, compiling an 8-2 record and is the winningest coach in the history of the school.

There are only two other active Division I-AA coaches with 100 or more wins, Grambling's Eddie Robinson, Eastern Kentucky's Roy Kidd and Casem. Casem is 6th on the I-AA winningest active coaches, percentage wise, and his 100 of ASU's wins now has the university 6th on the All-Time Winningest I-AA teams with a 256-167-36 record and percentage of .598. Casem's percentage is .639.

The football genius and his staff arose from the grave last season, turning an 0-2 start into an 8-2 ending. Also accomplished during that streak was the Co-SWAC Championship and the best overall defense in the nation from Division's I-AA and I.

For his leadership and the Brave achievements, Casem was voted SWAC Coach-of-the-Year, NAIA District 27 and 30 Coach-of-the-Year and Johnson Publishing Company Coach-of-the-Year. Alcorn shared the National Black Championship, as opinions were split between the Braves and Tennessee State, which was 8-3.

He was voted SWAC Coach-of-the-Year in 1976, as ASU won the SWAC Championship. Casem has coached SWAC Championship teams in 1968, 1969, 1970, 1974, 1976, as well as 1979, six in the past 16 years. Only Grambling State with 11, has won or shared the crown the most in the tough SWAC. He was selected National Black Coach-of-the-Year in 1968, 1970, 1973, 1974, 1976 as well as 1979.

Casem is married to Mrs. Betty J. Casem.

NCAA serves nation's schools

Progress and growth have become familiar companions for the National Collegiate Athletic Association during its first 74 years as the major governing organization for intercollegiate athletics in the United States.

A call for stricter control of college football by President Theodore Roosevelt because of the violence in the game brought together 13 institutions in 1905, formulating the original communications base for college athletics.

This initial body called itself the Intercollegiate Athletic Association and was officially constituted March 31, 1906. In 1910, the name was changed to the National Collegiate Athletic Association.

Seven progressive decades have molded this original 13-member body into a membership today of more than 860 colleges, universities, conferences and affiliated organizations.

Administration and rules interpretation occupied early efforts of the organization. Shortly after World War II, the NCAA adopted legislative and executive powers, changing its function into one dealing with virtually all issues concerned with intercollegiate athletics.

Service first

Many things have become associated with the NCAA during its colorful history. Highest priority goes to the service it provides to more than 860 members, acting as the true "voice" of college athletics today.

Each January the NCAA membership comes together at the annual Convention to review, propose and amend legislation. The Convention presents the opportunity for the nation's institutions of higher learning to speak and act on athletic matters at the national level.

Walter Byers
Executive Director

William J. Flynn
President

James Frank
Secretary-Treasurer

Acting in the best interests of its membership, the NCAA strives to perform these specific functions among its many other responsibilities:

- Conducts 43 annual National Collegiate Championships in 19 sports for three separate divisions. Three championships (Division I, Division II and Division III) are held in baseball, basketball, cross country, golf, lacrosse, soccer, swimming, tennis, outdoor track and wrestling. Two championships (Division I and Divisions II-III) are staged in gymnastics and ice hockey. Fencing, skiing, indoor track, volleyball, rifle and water polo hold single National Collegiate Championships, while football is contested in Divisions I-AA, II and III. The National Collegiate Championship dates back to 1883 in tennis; and during this 98-year history, more than 85,000 student-athletes have competed in these events, with more than 11,000 earning the coveted title of "National Collegiate Champion."

- Maintains 14 rules committees to formulate, copyright and publish rules of play for the government of collegiate

sports. Members of these and many other committees are elected by representatives of member institutions at the annual Convention.

- Publishes "official guides" annually for nine sports through the NCAA publishing department.

- Collects, compiles and distributes the official statistics of college football, basketball and baseball through its NCAA statistics service.

Problem solver

- Conducts studies as a means of developing solutions to athletic programs.

- Represents the membership in legislative and regulatory matters on the state and Federal levels.

- Annually selects the College Athletics Top Ten and the Theodore Roosevelt ("Teddy") Award—the Association's highest honor.

- Administers an honors program which annually awards 80 postgraduate scholarships to recognize outstanding senior student-athletes who have excelled in the classroom as well as athletics. This scholarship was increased from \$1,000 to \$1,500 in 1975-76 and to \$2,000 in 1979-80. The program has provided \$1,360,000 to 1,152 recipients since its inception in the 1964-65 academic year.

- Promotes and participates in international sports planning and competition through membership in the United States Olympic Committee, Amateur Basketball Association of the USA, Track and Field Association of the USA, and the United States Baseball, Gymnastics and Wrestling Federations, as well as through NCAA-sponsored competition with Japan.

- Maintains more than 70 full-time staff members at its national headquarters in Mission, Kansas, under the supervision of Executive Director Walter Byers.

National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics in 515 fully accredited four-year colleges and universities. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

PURPOSE AND HISTORY

Established in 1940 as the National Association of Intercollegiate Basketball, the NAIA (the name change coming in 1952) emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City Missouri. The conversion of the NAIB to the NAIA in 1952 included the expansion of the program to include national championships in golf, outdoor track and field and tennis. Football (two divisions), cross country, baseball and swimming were added to the ledger in 1956 and wrestling (1958), soccer (1959), bowling (1962-1978), gymnastics (1964), indoor track and field (1966), ice hockey (1968) and volleyball (1969) are the most recent additions. The initial purpose of the NAIA — to provide national championship opportunities to colleges and universities competing below the so-called "major" level — has indeed been well served.

NAIA organizes and administers all areas of intercollegiate athletics at the national level, including rules and standards, and district and national sports competition.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the college. This means direct supervision in the matter of caliber of competition, financing of the athletics program, and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program must be a basic component of the overall general educational process within the institution, and not an entity apart.

The NAIA encourages a broad program of athletic pursuits in its member institutions, and making the program available to the greatest possible number of students. The national organization aims at uniformity and equity in policies and practices through its district and national tournaments and meetings.

Eligibility rules in the NAIA govern all play in all sports recognized by the Association, not just post-season tournaments, and must be adhered to by all members, including members holding dual affiliation with other associations.

HOW ADMINISTERED

The principal governance body of the NAIA is the Ex-

ecutive Committee, composed of 11 persons elected by the membership, and the Executive Director (ex-officio). This committee is responsible for establishing policies and determining the overall direction of the Association.

The NAIA is organized into 31 geographic districts spread over the 50 states and including one Canadian member. Each district is governed by a District Executive Committee, the chief officer of which is the District Chairman. Representation on the District Executive Committee includes one committeeman for each three active member schools, or major fraction thereof, in the district. The District Chairman is elected for a three-year term by a vote of the active membership within the District.

The District is the basic unit of the NAIA. The District Executive Committee establishes a program of District championship events in the various sports. Individual and team District champions are certified to compete in Area and / or National championship competitions by virtue of winning the District event or by meeting qualifying standards established within the particular sport.

Women's Division — Effective August, 1980, the NAIA initiated championships and programs for women through its newly-established Women's Division. Ten championships for women will be offered in the initial year with planning and administration under the aegis of the ad hoc Committee on the Implementation of Women's Programs in the NAIA, chaired by Dr. Joan Warrington of Pittsburg State University KS, a member of the NAIA Executive Committee. The NAIA decision to offer competitive opportunities and championships for women followed two years of consideration by the membership and proposals developed by a committee on women's athletics.

MEMBERSHIP ELIGIBILITY

Any four-year, degree-granting college or university in the United States and Canada, fully-accredited by the member accrediting agencies or commissions of the Council on Postsecondary Accreditation, may become an active member. Institutions may become members of the NAIA at any time but schools sending in membership dues after the deadline of October 15 will not be considered as active members and will not be eligible to participate in District, Area and National events until the next eligibility reporting deadline following payment of dues. Those reporting deadlines are: October 15, February 1 and April 15.

OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletic programs to the standards of the regulatory Association in which they hold memberships, and the NAIA. They must pay the annual membership dues and be in support of the policies of the Association. Where institutional rules and standards are stricter than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.

ALCORN STATE UNIVERSITY (Lorman, Miss.)

HEAD COACH: Marino Casem (16th year, 102-56-8)

The Braves are loaded and have adopted the motto "A Step Away." That's a step away from the NCAA Division I-AA national-championship they are shooting for. If the Brave receivers can catch with consistency, Alcorn could mount a very serious bid to gain the national crown. The Braves return 10 starters on offense and nine starters on defense. Returning on the "Tunnell Defense" which allows no daylight are ends **Wilathur Jackson** and **Jeffrey Smith**, linebackers **Tony Gibbs**, **Halbert Bearden**, **Dennis Campbell**, **Orrick Dixon**, **Steve Washington** and **Steve Johnson**, tackles **Melvin Brown**, **Sam Higgins** and **Robert Cole** plus defensive backs **Leslie Frazier**, **Mark Harper**, **Alvin Bailey** and **Elbert Foulos**. The offensive line has experience and depth. Returning are linemen **Sam Johnson**, **Rod Yarbrough**, **Billy Griffin**, **Mitchell Edwards**, **Wendell Robinson**, **Andrew Jackson**, **Kelvin Gray**, **Anthony Taylor** and **Anthony Lockhart**. Running backs are fast and strong led by sophomore **Gregory Jones** who had over 500 yards while scoring six touchdowns. **Aubrey Bailey** or **Darnell Toy** could fill another running back spot while **Eric Bonner** and **Ray Vaughn** also battle for a position. Quarterbacking's no problem with veteran **Sherrod Green** back. He'll get good support from **James McFarland** and **Charles Walker**.

GRAMBLING STATE UNIVERSITY (Grambling, La.)

HEAD COACH: Eddie Robinson (39th year, 281-90-12)

The biggest cliché in the Southwestern Athletic Conference is that "Grambling doesn't rebuild, they just reload." And the Tigers are loaded again in 1980 especially with offensive firepower. Starting off there is **Mike Williams** (Doug's brother) who had 75 completions for 989 yards and eight touchdowns a year ago. **Thomas "Skippy" Ezell** had 38 completions, 566 yards and five touchdowns and three other youthful signal callers are awaiting their turn. The running back corp will be led by **Robert Parham** who needs just 321 yards to break **Tank Younger's** school career rushing record of 2631 yards. Parham led the SWAC in rushing with 966 yards and was third in scoring a year ago. He has been named to the All Southwestern Athletic All Conference team the past two seasons. It's not an easy task to key on Williams or Parham, what with **Kenneth Sampson** (587 yards rushing and 123 receiving). **Kenneth Jackson** or **James Taylor** coming out of the backfield or receivers like **David Butler**, **Edward Campbell**, **Mitchell Montgomery** or **Trumaine Johnson**. The Grambling receivers are "tall, fast and able to outleap tall defenders in a single bound." The offensive line is a chief concern of Robinson but it will be anchored by 257-pound junior **Louis Roseburrow**, 265-pound senior guard **Reginald Irving**, 253-pound junior center **McKary Jackson**, 242-pound junior guard **Fred Johnson** and 275-pound tackle **Dorsey Richard**.

JACKSON STATE UNIVERSITY (Jackson, Miss.)

HEAD COACH: W. C. Gordon (4th year, 27-9)

Keith Taylor, the league's total offense leader and **Larry Cowan**, the conference's second leading rusher give the Tigers a solid nucleus of an offensive attack. **Otis Brown**, a sophomore is expected to fill the spot **Perry Harrington** (now with the Philadelphia Eagles) had last year. If so the Tigers offensive problems should be minimal. **Buster Barnett** is one of the best tight ends around and heads a list of outstanding receivers including **Anthony Jenkins**, **Johnny Ray Brown** and **Carl Powell**. The offensive line has lots of experience with three starters — **Tom Rice**, **Derek Perkins** and **Kevin Hardy** — returning for their final season. **Michael Fields** will have two years left. Perkins and Hardy were both named to the All Conference team a year ago. The defense was much maligned last season because of a lack of experience. With nine starters returning that's not a problem this year. The top defensive candidate is linebacker **Larry Werts**. He'll have to steady a young defensive front. **Frank Thompson** and **Mike Galloway** will be leading the charge. **Derek McClannahan**, an all conference performer a year ago heads up the secondary that like the defensive line is young.

SOUTHERN UNIVERSITY (Baton Rouge, La.)

HEAD COACH: Cass Jackson (3rd year, 11-11)

1980 is a "year of caution" for Jaguar followers. "For the first time since I have been at Southern, we will have a veteran offensive team. Not many seniors, but the young ones have no less than two years experience. The offense should be ready to con-

trol the football. The offense MUST carry the early load for we're in the unusual position of waiting for the defense to catch up," **Cass Jackson** said. The defensive losses of nose guard **Ken Times**, defensive backs **Herb Williams** and **Neale Henderson** would seem to indicate that this phase of Southern's game could experience a down year, but not necessarily so. "We have available talent but limited experience," Jackson laments. The top returnees are **Brian Williams**, all conference tight end and the No. 2 receiver with 518 yards. Other top returnees are defensive back **James Davis**, offensive tackle **Ralph Williams**, linebacker **James Hooper**, defensive back **Brian Matthews** and offensive guard **Jerrell Franklin**. The Jaguars return a veteran offensive line which averages 270-pounds per man. The major weakness is replacing eight starters including All Americans **George Farmer** and **Ken Times** and a seasoned group of down linemen.

TEXAS SOUTHERN UNIVERSITY (Houston, Tx.)

HEAD COACH: Jim Sorey (2nd year, 3-8-0)

The Tigers are expecting a much more potent offense this year than last season. "We expect to be more creative on offense than last year," said second year coach **Jim Sorey**. The inability to move the football and score accounted for more than a few of the Tiger problems. Perhaps the main problem was at quarterback where the team went through four during the season. All four return with some highly recruited personnel. **Lance Courville**, who led the team in rushing with 350 yards; **Anthony Johnson**, statistically the best passer of the four; **Douglas Irvin**, who saw limited action in six games and **Jackie Hicks**, who was injured part of last year and became a hardship case, all return. A veteran cast of runners including highly touted fullback **Robert Thomas** (225), **Marion Morgan** (185), **Frank Avery** (185) and **Donald Allen** (180) are hoping for an injury free season. The offensive line is anchored by center **Tom Johnson** (245) who could be one of the league's best. Guard **Fred Davis** (270) makes two the number of veterans returning. Among the top returnees on the defensive side are linebacker **Calvin Ware**, who led the team in individual tackles and **Lee Harris**, an all conference cornerback. The entire defensive backfield of **Tony Ball** and **Harris**, **Mike Bolden** at free safety and **Marc Johnson** at strong safety is a veteran group.

MISSISSIPPI VALLEY (Itta Bena, Miss.)

HEAD COACH: Archie Cooley (1st year)

The Delta Devils nickname is about the only thing unchanged as Mississippi Valley prepares for the 1980 season. When the gridiron wars open it will be a new look, ranging from head coach, coaching staff, quarterback, offense, defense and attitude. The Delta Devils will be a young, regrouping team using mostly freshmen and sophomores. "I feel defense is the name of the game. We'll work on defense first and then expand to our offense, not that we will forget offense, but defense is our main concern," **Archie Cooley** said. Individual standouts include wide receiver **Wally Wright**, defensive tackle **Phillip Darns**, linebacker **Dexter Hood**, cornerback **Hubert Owens**, offensive tackle **Steve Chapman**, quarterback **Lloyd Farmer**, fullback **Robert Powell**, offensive guard **Clyde Jefferson** and freshmen **Tony Baker** and **Landis Alexander**. Overall the lack of depth will be one of the team's biggest weaknesses along with small offensive linemen, little and slow defensive linemen and not a lot of game-experienced players.

PRAIRIE VIEW (Prairie View, Texas)

HEAD COACH: Cornelius Cooper (1st year)

Cornelius Cooper has a solid foundation on which to rebuild the Panther football fortunes. There are 20 returning starters, 11 more lettermen and a host of outstanding freshmen from a banner recruiting year. Cooper welcomed back the top four rushers from a year ago in **Howard Grand**, **Byron Holmer**, **Michael Weatherspoon** and **Darrell "Monk" Jackson**. The receiving corp is strong too, with five of the top six receivers back led by second team All Conference **Tommie Dunson**, the team's leading receiver with 21 catches and 414 yards. The leader in the trenches is senior **Harold Norfleet**, who has speed to go with his size (6-6, 285). There's help in the offensive line with tackle **Jesse Nelson** (250), **Gerald Davis** (230), **Dale Clark** (220), **Everett Gary** (250). The leader defensively is end **Milton Hall** "one of the top pass rushers in the conference." He led the Panthers with six quarterback sacks a year ago. **Joseph James** returns at the other end with **Alvis Prince** at one tackle spot and **Dwayne Houston** at linebacker. The secondary returns intact with seniors **Robert Alexander** and **Andrew Winzer**, sophomore **Gerald Barnett** and junior **Elwyn Dean**.

ABOUT THE SOUTHWESTERN ATHLETIC CONFERENCE

The 1980 football season will be a blend of the new and the old for the Prairie View Panthers.

It's a new era as Prairie View moves into NCAA Division I-AA classification but old as the Panthers remain as the oldest and only charter member of the 60-year-old Southwestern Athletic Conference.

Dr. E. B. Evans, J. E. Stamps and Aaron Day were Prairie View representatives on a Sunday morning in September of 1920 at the Old Oriental Hotel on San Felipe Street in Houston at the start of the Southwestern Athletic Conference. Other colleges present were Bishop, Wiley, Samuel Houston and Paul Quinn. Before the meeting was adjourned the Southwestern Athletic Conference was brought into existence.

The purpose at that time was to coordinate the Inter-collegiate Athletic Activities of the five colleges. Football and baseball were the only sports involved at that time.

In 1922 Texas College joined the conference and basketball was recognized as an official sport.

The conference was a success from the very beginning because coaches, administrative officers and students worked together unselfishly and gave freely of their time and talent in order that it would grow and prosper, reported Dr. Evans.

As time moved on track, tennis and golf were added as conference sports giving the league a well-rounded program.

Langston, Southern and Arkansas AM&N (now Arkansas-Pine Bluff) joined the league in the 1930s.

Bishop, Samuel Houston and Paul Quinn dropped out for economic reasons and were replaced by Texas Southern in 1956, Jackson State in 1958 and Grambling in 1959. Langston dropped out of the conference to join the Oklahoma Collegiate Conference in 1957.

Texas College discontinued football after the 1960 season and was replaced by Alcorn A&M. Wiley dropped out of the conference in 1967 and Mississippi Valley was the replacement. Arkansas-Pine Bluff dropped out in 1970 leaving the league as it now stands with seven members.

The Southwestern Athletic Conference ranks as one of the top conferences in the nation with national championships won by member schools in baseball, basketball, indoor track and field, outdoor track and field, and football. There have been a number of professional players produced by member schools in football, basketball and baseball.
