MEMORANDUM TO MESSRS: R. S. ESTELLE
J. V. SMITH
J. E. MAYO

In regard to the district meetings I shall be happy to be on hand at the Houston meeting and there is a possibility that I can attend the one in Bryan.

At present I have a tentative schedule to be over in East Texas from February 13 to 15th but changes in this program may be made at a later date. Cliff Bates can be, however, at the Bryan and Tyler meetings.

As soon as convenient I would like to have the date and time of my expected appearance on the program at Houston.

Sincerely,

/s/ Tyrus R. Timm

Dear Mr. Mayo:

I mailed you a form today for three boys to take part in the Sear's
poultry ~~shop~~ ^{Program} after mailing the letter or form, two of the boys fathers
came in and wanted to change the order. So here is what they want, Ison
Brinage, ~~want~~ New Hampshires and not white Leghorns as stated on the form.
Joe G. Wilson, want 60 poultts and not chickens. Robert Adams, will be as
stated on the form, I am asking that you please change the form before sending
it up to the Sear's office.

Yours truly,

In reference to your letter of January 20 enclosing the Poultry Demonstrators List and Order Form, please be advised that we are making the following changes:

Colorado County: Since the number requested was not shown we have ordered 60 poults for each of the three boys listed.

Fayette County: Only 60 turkeys were ordered so we have increased the number to 60 for each boy listed or a total of 180.

Guadalupe County: No change necessary.

Lavaca County: Ordered 1900 White Leghorns. This has been changed to 900 White Leghorns.

Please check this information with the agents and notify us immediately if the changes do not satisfy them.

Dear Mr. Mayes:

The Haitian government is sending two of its representatives to make a study of Extension work in the United States. They will arrive at Prairie View on Monday, January 30, 1950 and will be in Texas until April 14th.

Your county has been chosen for a study by Mr. Jores Leveque from March 27th to April 8th. It is the desire of Mr. Leveque that his study include the following items so that the greatest specific information may be obtained:

1. To study and observe the organization and methods of Extension work in the State and in the county.
2. He should become acquainted with 4-H Club work and home demonstration work.
3. His subject matter interests are soil conservation, small farm mechanization, irrigation, cooperatives, farm credit, growing cotton, rice, corn and vegetables, storage of rice and corn, dry farming, and use of barnyard manure and compost fertilizers (not commercial).
4. Handling and manipulation of the principal agricultural machines would add much to his training.

Mr. Leveque will talk on Haiti at group meetings if you so desire.

A liberal allowance will be provided for maintenance for Mr. Leveque while he is in the county. He also has accident and health insurance in case of necessity. If it meets with your approval you may provide the quarters for his study and receive compensation and any other satisfactory arrangement that you make will be satisfactory with this office.

If other information is desired with regard to this matter I shall be pleased to receive the same from you in time to secure the information if I do not have it available.

Dear Mr. Adams:

The Haitian government is sending tow of its representatives to make a study of Extension ork in the United States. They will arrive at Prairie View on Monday, January 30, 1950 and will be in Texas until April 14th.

Your county has been chosen for a study by Mr. Georges Roux from March 27th to April 8th. It is the desire to Mr. Roux that his study include the following items so that the greatest specific information may be obtained:

1. To study and observe the organization and methods of Extension work in the State and in the county.
2. He should become acquainted with 4-H Club work and home demonstration work.
3. His subject matter interests are soil conservation, small farm mechanization, irrigation, cooperatives, farm credit, growing cotton, rice, corn and vegetables, storage of rice and corn, dry farming, and use of barnyard manure and compost fertilizers (not commercial)
4. Handling and manipulation of the principal agricultural machines would add much to his training.

Mr. Roux will talk on Haiti at group meetings if you so desire.

A liberal allowance will be provided for maintenance for Mr. Roux while he is in the country. He also has accident and health insurance in case of necessity. If it meets with your approval you may provide the quarters for his study and receive compensation and any other satisfactory arrangement that you make will be satisfactory with this office.

If other information is desired with regard to this matter I shall be pleased to receive the same from you in time to secure the information I do not have it available.

Very truly yours,

J. E. Mayo
