Mr. John H. Williams
Negro Agricultural Agent
Bellville, Texas

Dear Mr. Williams:

In checking the State Extension Inventory, we are unable to locate one power syrup mill, which is the property of the State of Texas.

Information concerning the mill is as follows:

1. The mill was purchased on Account Number 315-7 Farmer's Short Course from J. D. Tidwell, Nacogdoches, Texas, July 12, 1939, at a cost of \$35.00.
2. The account covering the cost of the mill was paid to J. D. Tidwell, Nacogdoches, Texas, on Voucher 315-7, Department Number 8856, July 12, 1939, amounting to \$35.00.
3. There is no record on file in the office authorizing the sale of the mill by the Board of Directors of the A & M system of colleges.
4. In checking the cash records, there is no evidence that \$35.00 has been turned over to the Treasurer's office for the sale of the Power Syrup Mill.

I have been advised by H. S. Estelle, District Agent, that the Power Syrup Mill in question has been in the custody of the Negro Austin County Agricultural Council since 1939, and that you negotiated the transaction for them.

In view of the fact that the Syrup Mill is the property of the State of Texas, it will be necessary that it be returned immediately to be accounted for on the 315 Farmer's Short Course Inventory.

I am

Very truly yours,

E. B. Evans
State Leader

Dear Sir:

We are planning to have our Annual 4-H Club Boys Encampment at the Luling Foundation Farm in August. Please let me know if there will be any District or State meetings taking place during that month and if so when and where such meeting will be held. I shall appreciate your reply at the earliest possible date, as we would like to complete plans for our Encampment as soon as possible.

I am

Dear Mr. Williams:

You will please find enclosed a copy of letters sent out to twenty-four (24) prize winners in our first Exposition and Fat Stock Show--all of the farmers expressed this satisfaction of results, taking in consideration the handicap we had by the rainy weather--(eight days out of nine).

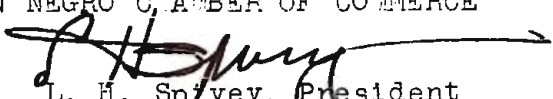

We want to express our sincere appreciation for your most helpful cooperation.

We hope to make this a real Exposition and Show.

Best wishes for your continued success.

Mr. S. T. Toney
Negro Agricultural Agent
Seguin, Texas

Dear Mr. Toney:

I have just received the report on the H. H. Weinert Revolving Fund with a great deal of interest, and according to my interpretation of the report, this program is making progress.

I regret that I am not as familiar with this work as I could be, but each time, I have been in Seguin during the last year, we have been so definitely busy on something, we failed to cover this thoroughly. I am hoping on my next visit to see some of the work.

What plans do you and Mayes have for your Encampment at the Luling Foundation Farm? I am certain that you have no plans to drop this valuable program. However, I see no mention of it in your plans for July work.

I am suggesting that you and Mayes get together on this at once. I am writing him to this effect.

I received the letter concerning the recommendations and I surely will give the best recommendation possible. I am always glad to help anyone who helps themselves.

Very truly yours,

J. H. Williams
District Agent

Mr. T. A. Mayes
Negro Agricultural Agent
Lockhart, Texas

Dear Mr. Mayes:

I just put through a letter to Toney on the Encampment program suggesting that the two of you get together as soon as you can on this matter, and was in the process of writing you when your letter came in.

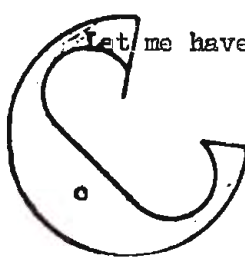

The only dates for encampments and Short Courses set for this summer is August 9-15, Agents and Leaders Training Meeting at Prairie View. Any other dates are satisfactory, however, I would bear in mind that I think we will all need rest after the August meeting and our Staff Conference here at the College will be held on July 29.

According to this, it will probably be best to either choose July 30-August 1, July 24-25, or August 20-21.

Let me have your dates on this as soon as possible.

Very truly yours,

J. H. Williams
District Agent

Mr. J. H. Williams
District Agent
Prairie View College, Texas

Dear Mr. Williams:

This is to inform you that second gilt of the Fayette County group has died from causes that could not be definitely determined.

The first one to die as I told you sometime ago was the gilt of Frank Harold Jr., and the other loss was the gilt of Wilbur Glass. These boys did as fine a job of feeding and care as could be expected of any one and they seriously regret the loss and are asking you that contact the Sears, Roebuck Foundation about replacements.

We believe that you will do all that is necessary in making this adjustment for these two boys.

The two boys the calves men are doing fine. This program has created a world of interest around here in better livestock and without doubt we shall see some remarkable improvement in a few years.

Sincerely yours,

(Signature)

E. A. Randolph
Negre County Agri. Agent

Mr. H. S. Estelle,
District Agent,
Extension Service,
Prairie View, Texas.

Dear Mr. Estelle:

The splendid report you sent covering the progress that is being made in the twenty counties involved in the Negro Cow-Hog-Hen project has been reviewed and read with great interest. We appreciate your thoughtfulness in submitting this information.

Undoubtedly this demonstration is pretty good proof of the fact that we can utilize our vast Negro youth in improving our over-all agricultural economy in Texas or anywhere else in the South. The pictures indicate that the boys are developing some fine breeding stock and, aside from that, they should get some new encouragement and hope from the project. We certainly commend and appreciate the fine work you are doing in this connection.

It is needless to say that we will have a continued interest in the program and will be ready and anxious to cooperate with you in any way possible in developing it further. We shall share your pride in it as it expands in those counties and gives leadership to most of the Negro farmers and boys in the area.

July 7, 1948

Dr. E.B. Evans
State Leader
Prairie View College
Hempstead, Texas

Dear Dr. Evans:

The contents of your letter of July 1, 19 48 carefully noted.

The information on this matter is set forth in (4) paragraphs. None of which I have had previous knowledge nor does it concern me.

In the paragraph following it contended that I have this equipment, which is also an error. There was a transaction between the Burleigh Community Syrup Club (Eugene Blackmon and Will Brown acting as representatives) in which they purchased from H.S. Estelle 1 power syrup mill, 1 engine, 1 pan, 1 set of vats, 1 set of grates for \$

This equipment was paid for by cashier's check with a balance left over. This purchase was made with the understanding that this equipment was in good shape. However it was found that the engine had been frozen and the head bursted, and an attempt to fix same was made before the purchase was made. This was not found out until the mill was in operation, which caused much loss time. The cost of the repairs and travel to get the mill in operation exceeded the

COOPERATIVE EXTENSION WORK

IN AGRICULTURE AND HOME ECONOMICS

AGRICULTURAL AND MECHANICAL COLLEGE OF TEXAS
AND UNITED STATES DEPARTMENT OF
AGRICULTURE COOPERATING

STATE OF TEXAS

EXTENSION SERVICE
COUNTY AGENT WORK

balance owed.

I am giving this as a means of explaining what happened.

I did not purchase the mill so have no authority to return
or

have equipment returned any where. If it is your desire I
will transmit this information to the parties afore named,
and assist you in making necessary contact with them, in the
hope that you can come to some sort of agreement.

I regret that this is as far as I feel justified in go-
ing with the matter. In the first place I only brought the
two parties together and that is the only position that I
feel I can take at this time.

Yours truly,

John H. Williams
Negro Co. Agri. Agent
