OPERATION SUCCESS

Operation Success is based on the philosophy that each student admitted to Prairie View A&M University has the potential to succeed.

The complete education and experiences of the student at Prairie View A&M University are designed and implemented to help them keep the status to which they were born, namely: **THEY WERE BORN TO WIN!!! THEY WERE BORN TO SUCCEED!!!**

The University recognizes that many students, who are admitted, may have academic, social, cultural, vocational, economic, or personal handicaps.

There are no students admitted, however, with handicaps which cannot be corrected so that the student can achieve success. The students do have the potential to succeed.

Operation Success is based upon the philosophy that the University will organize its human and material resources into such systems that will maximize the academic, personal-social, cultural, and career awareness and vocational attainment of each student enrolled.

Operation Success is also based upon the philosophy that it is important for the student to enroll at the University, but *it is even more important that he or she graduates from the University with a variety of new experiences and high level achievements.*

The New Chevrolet.

The 1979 Caprice Classic.

America has driven it to the top.

In just two short years over a million people have bought and enjoyed The New Chevrolet Caprice and Impala. Pretty darn impressive.

Of course, one reason for the success of The New Chevrolet is that it's simply a very beautiful car. And we suggest the '79 version is even more beautiful.

You're invited to visit the Chevrolet "Locker Room" exhibit at the National Football Foundation's new College Football Hall of Fame at King's Island (25 miles north of Cincinnati). This unique museum lets you participate in the fascinating history of college football. Don't miss it.

But then we know it takes more than beauty to become the most popular car in America. It takes roominess. It takes some very impressive standard features. It takes a smooth, comfortable ride. And more.

The New Chevrolet for 1979. Pleasing to the eye. Pleasing in lots of other ways, too.

It's no wonder America's driven it to the top. See your Chevrolet dealer.

National Association of Intercollegiate Athletics

Dear Football Fan:

There is nothing quite like the excitement and pageantry of American collegiate football. This is especially true in the National Association of Intercollegiate Athletics (NAIA) where intercollegiate football is but one of 15 sports sponsored at the national championship level.

It is the strong feeling of the NAIA that intercollegiate athletics is an integral aspect of the total educational process. Over 65,000 athletes are annually involved in varsity sports in this Association's more than 500 member institutions. We are pleased that the fall football program provides the vehicle for alumni and community involvement on campus, as well as a desirable and robust activity for the students. Your support of the athletics and other programs offered by your favorite college or university reflects your belief in the young men and women who are being educated on our great campuses for leadership in tomorrow's world.

I echo the sentiments of our entire membership when I say thanks to you for your loyal support and dedication in making today's football game an outstanding athletic competition in the best tradition of American higher education.

This year a new playoff format assures eight teams in Division I and eight teams in Division II an opportunity to compete for coveted national titles in each division. Abilene Christian University of Abilene, Texas is the defending Division I champion. Westminster College of Pennsylvania has won the Division II crown the past two years.

CLARK SWISHER

Welcome to today's game and congratulations on being a participant in an event that is associated with the best features of American life.

THE NAIA

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association which administers programs leading to national championships in 15 events for more than 500 fully-accredited four-year colleges and universities in all 50 states and Canada.

Established in 1940 as the National Association of Intercollegiate Basketball the NAIB evolved from the institution of a "National Small College Basketball Tournament" which was inaugurated in 1937. In 1952, the NAIB expanded to include tennis, outdoor track and golf, and that year the organization was renamed the NAIA.

Since that time the NAIA has further enlarged to encompass football (two divisions were formed in 1970), cross country, baseball and swimming, which were added to the NAIA championship program in 1956, wrestling (1958), soccer (1959), gymnastics (1964), indoor track (1966), ice hockey (1968) and volleyball (1969).

With its national headquarters and staff located in Kansas City, MO., the NAIA is organized into 31 districts. The District Executive Committee is the governing body in each District with the District Chairman serving as the chief officer. Within the district an eligibility chairman and publicity chairman are appointed to handle various duties.

A major factor in the success of the NAIA program is the importance placed on "grass roots" organization, in which each district administers and organizes the programs of the schools within their own district. The districts are usually small enough in the number of schools involved that each individual institution has a major voice in the policy and decision-making process within that district. This procedure carries forward to the national level, where each of the 31 districts have an equal voice in national matters.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletic program, administered and controlled by those responsible for the administration of the college or university. The NAIA encourages a broad program of athletic pursuits in its member institutions and aims at uniformity and equity in policies and practices through its district and national championship events.

Eligibility rules in the NAIA govern all competition in sports recognized by the NAIA, not just post-season competition. These rules must be adhered to by all NAIA member institutions, including those members holding dual affiliations with other associations. NAIA member institutions must pay the annual membership dues and be in support of the policies of the Association.
