Dear Miss Murphy:

Information has reached me that you have told the County Judge that the County Agent, R. A. Sanders, "is trying to tear up the work in the county." Please let me hear from you immediately about this and favor me with all the information that I need in regard to your talk with and plans with Sanders and Miss Erisman concerning the mattress program.

I shall expect an immediate reply.

Very truly yours,

Dear Mrs. Rowan:

I am very sorry but the information you received that I told County Judge that the County Agent, R. A. Sanders, "is trying to tear up the work in the county," is not true.

The mattress program as planned in this county has not been changed. The County Agent and myself take applications, give information concerning mattresses, and help in anyway that is needed. Miss Erisman and myself write and send out notices for mattresses to be made, file receipts for mattresses made, check on centers in county, and keep reports on mattresses in the county.

I am hoping that you will find the above statement true.

Respectfully yours,

Lovie M. Murphy

Dear Miss Murphy:

Your letter of March 18th containing general statements in reply to my inquiry of recent date gives some light on the subject of the Extension program in Brezos County.

Have you at any time talked with the County Judge about the work in the county in company with Miss Erisman or alone?

Very truly yours,

Dear Mrs. Rowan:

I have at no time talked with the County Judge alone.
I have at one time accompanied Miss Erisman to make a report
on the progress of the mattress program to the County Judge,
as the County Commissioner's Court sponsors the mattress pro-
gram in Brazos County. I said nothing at this particular time
and no other time. After the report was made I left the Court
House alone.

Respectfully yours,

I acknowledge receipt of your letter of November 26th stating that you are looking forward to making a change in the Negro home agent in Fayette County on January 1st and suggesting a conference on December 8th at about 9:30 A.M.

The Commissioners' Court will be in session on December 8th and will be glad to discuss with you any subject matter you may care to mention with a single exception: the court will not care to discuss the question of retaining the services of the present Negro Home Agent. This exception may seem rather harsh but the fact remains that we reached an agreement last spring that the Extension Department would make changes in this County on about September 1st of this year. We felt that this would have been the best course for all concerned but the move was not made. The Commissioners' Court having heretofore considered it to the best interest of the County to make a change has now definitely determined that it will take any necessary steps to bring about the necessary adjustment.

We regret that we deem it necessary to head up this matter but apparently the Extension Department make it necessary for us to assume the initiative.

Very truly yours

E. A. Arnim, Jr.

County Judge, Fayette County
