Mr. J. H. Williams
Boys Club Advisor
Prairie View College
Prairie View, Texas

Dear Mr. Williams:

I have just been reading the summaries of the 1940 reports of Extension work with Negroes, and I want to tell you how much I appreciated looking through your report. It is very comprehensive. I wish these reports were available to all of the overhead staffs so they could see the type of work being done by each other. Such an exchange, I am sure, would be very inspiring.

With kindest regards, I am

Yours very truly,

T. M. Campbell
Field Agent

Mr. J. M. Saunders
County Agricultural Agent
Victoria, Texas

Dear Mr. Saunders:

On July 7, 8, 9, and 10, I was in Victoria County checking up on the possibilities of securing a County appropriation which would enable us to place a Negro County Agricultural Agent to work in the County. I called by your office, but found that you were on your vacation and would not be in before July 13.

During this period, I contacted 15 leading Negro farmers and ranchers, all of whom were enthusiastically in favor of the movement. I also had a conference with Judge Chambers and he, too, expressed himself as being in favor of making the appropriation, but seemed to doubt that the Commissioners would have the same idea. The drawback, according to Judge Chambers, was due to the lack of funds.

I need not tell you that these farmers need close guidance now more than any other time in many years, and inasmuch as this is one of the times we have ample state and federal funds for expansion, I think we should get the appropriation if possible.

I regret that I did not get to see you while in Victoria, but I do want you to know that we have been driving at and surely hope that you can see your way clear to render us assistance in this matter.

No doubt, I will be in Victoria again soon and I shall try to arrange my visit so as to be sure to see you.

Very truly yours,

J. H. Williams
District Agent

Dear Mr Williams.

I come straight home from Victoria
did not stop by Hempstead.

After leaving you I saw three other
farmers and they talk nice and said
they would see their Commissioner
that some day. I also had a talk
with the Vocational Teacher and
he stated he would talk to the
Commissioner in Iowa and he would
also talk to the Judge he was very
nice and said he thought it would go
over. One of my leading farmers passed
yesterday. John Kemp of the Bruskey
Community.

Yours truly,
R. G. Sanborn

Mr. John H. Williams
Negro Agricultural Agent
Bellville, Texas

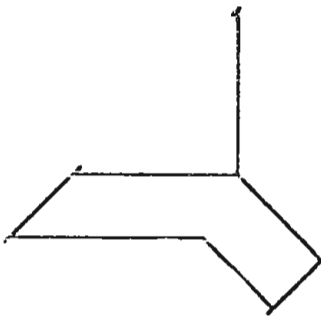

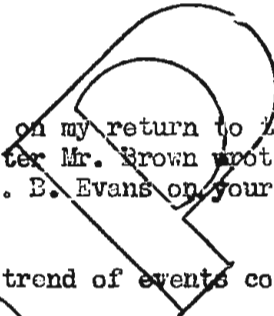

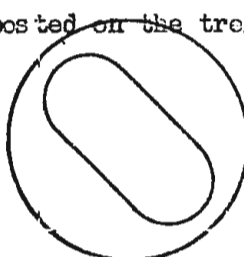

Dear Mr. Williams:

Following up our long distance telephone conversation, it is my understanding that the members of the Austin County Agricultural Council have agreed to return the engine, syrup pan, and other small items, providing Mr. Estelle will turn over to them the Promissory Note which was made up at the time the transaction was consummated. In the event it is impossible for Mr. Estelle to locate the note, a duplicate note will be satisfactory.

I think you have done a mighty fine piece of work in clearing up this very embarrassing situation and I think the way you handled it was the most satisfactory manner for it to be closed out. I shall send the truck for the equipment as soon as Mr. Estelle returns or agrees to release the note.

Assuring you that we appreciate the valuable assistance you rendered us in this matter, I am

TO EACH COUNTY AGRICULTURAL AGENT IN THE SOUTHERN DISTRICT

Dear Co-worker:

The recent rains over the district brings to each agent the responsibility of rendering each farmer information that will enable him to take full advantage of conditions influenced by the moisture.

I hope that you will bear in mind that your major responsibility in the war effort is to assist the farmer to increase economically the war essentials, Food, Feed, Poultry, Dairy Products, Meats, and Oils. The production during the next 60 days will determine how well this program will succeed.

I am making the following suggestions: (1) See that all cultivated land continues to grow economical plants. Plant: sorghums: - schrock kaffir, golden rod, for late syrup, Red top, Amber, etc. Maise and Hegaria, and Feterita are not recommended, sudan for hog and cow feed. Peanuts: corn middles, and on other vacant land. These peanuts will make excellent fall feed. Peas: Any and all kinds in corn muddles and anywhere. Fall Green Manure and Soil Building Crops: Time to draw plans and prepare ground. Gardens: Time to clean up and fertilize. Plan your planting for fall now. Plant peas and butter beans. Livestock: See that all livestock has shade, and cool water. Try to finish as many market hogs for September or early October market. Poultry: Cull old hens; stop at nothing to provide green feed. Don't ween the pullets if you want fall eggs. Orchard and Fruit Plots: Clean the land and practice clean cultivation the balance of the year. This will cause them to make stronger fruit buds and bloom later in the Spring. Sweet Potatoes: Plant vines on well prepared land.

There is still time to bud pecan and fruit trees. These are just a few suggestions of the things that need looking after at this time.

Very truly yours,
J. H. Williams

Dear Mr. Williams:-

Just received a letter from Negro County Agent T. A. Mayes, in which he refers to August 6th and 7th as possible dates for our encampment.

As on previous occasions, I shall do my dead level best to realize a truly cooperative tri-county encampment. You know of our past experiences.

Am enclosing a copy of my reply to Mr. Mayes.

Here we go again!!!!

Very truly yours,

J. H. Money
Negro Co. Agri. Agt.

Seguin, Texas
July 17, 1942

Mr. T. A. Mayes
Negro County Agent
Lockhart, Texas

Dear Mr. Mayes:-

Your letter of the 16th received.

Am, as usual, quite willing to put every ounce of effort of which I am capable into making THIS year's Luling Encampment what it should be. But knowing you as I do, and having had the experience with you that I have, in all previous encampments, and other doings, it is with anticipation of unexpected embarrassments, difficult developments, unethical manipulations, and false impressions that I go into the 1942 encampment. Nevertheless, here I go. We shall do it again together.

The annual Tri-County Encampment, the coming together of the outstanding 4-H club boys and sponsors of Caldwell and Guadalupe counties, together with the uninitiated boys and men of Gonzales County who also seek to be enlightened, was conceived with fundamental ideals, and merits every one's best effort, to say nothing of the perfect setting afforded by the Foundation Farm and its cooperative management.

I shall, today, begin publicity on the dates mentioned with my sponsors, and shall continue our preparations toward what should be a great annual event.

Very truly yours,

S. T. Toney
Negro County Agri. Agent

Dear Mr. Williams:

Thanks for your recent letter. We are still trying to carry on.

I am tanning some yearling hides (Flint), and am following the schedule you gave us at Tuskegee for Lace leather. I am writing for some information as follows:

1. Will it be satisfactory to make harness with thin, or Lace leather?
2. Shall I apply the saddle soap on same after the dying process?
3. Shall I apply the oil as given on schedule before or after dying?
4. Please give me the address of the company in New Orleans carrying awls, needles, wax, thread, etc. If you have two or three cow hides already tanned for sale, or one kindly advise me and give price.

We are putting on a "Victory" Campaign very soon and the leather work will be greatly stressed during this Campaign.

Thanking you in advance for this information, I am

Greenville, Alabama

Dear Mr. Robbins:

I received your letter concerning the tanning work in connection with your victory campaign.

I am of the opinion that if you would tan these smaller hides by one of the chrome methods, it would come nearer to serving your purpose. You see chrome strengthens the hide, the alum bath does not.

1. It would be o. k. to make harness with thin leather if chromed. You may have to double some pieces.
2. The saddle soap should be applied after dying.
3. The soil should be applied after dying.
4. I do not have the address of a company in New Orleans carrying the equipment you need. The best company near you is at Montgomery, and you can get this address from the Agricultural Department at Tuskegee; if they do not have it, I am sure the institute's shoe shop department can give it to you.

I am certainly pleased and interested in your plan on this phase of the work in connection with the Victory Campaign and I would appreciate knowing how you come out.

Very truly yours,

J. H. Williams

Mr. L. H. Spivey, President
Mr. O. K. Manning, Executive Secretary
Houston Negro Chamber of Commerce
Houston, Texas

Gentlemen:

I am writing to acknowledge receipt of your communication of recent date and to commend the Houston Negro Chamber of Commerce for its recent effort in the promotion of the First Annual Fat Stock Show and Exposition.

Unfortunately, I was not in the state most of the time during the progress of the show, but drove to Houston with President Patterson of Tuskegee, and Mr. Claude A. Barnett of the Associated Negro Press on Sunday, June 21, and we arrived in Houston during a heavy rain which prevented our getting to the show.

I have been a promoter for twenty years and can fully sympathize with you in the handicaps that you suffered because of unfavorable weather. I concur with you in your opinion that the show should be held earlier. June is a very unfavorable month to hold any kind of livestock exhibition, but at any time of the year is much better than passing up an opportunity to stimulate our people to better livestock production.

I wish to again commend you in this very fine effort and assure you that future ventures of a similar nature will have my wholehearted cooperation and support as well as that of the Negro Extension Service of Texas.

I am

Very truly yours,

E. B. Evans

Mrs. I. W. Rowan
District Home Dem. Agent
Prairie View, Texas

Dear Mrs. Rowan:

At this time I am unable to give you a complete report on the Cotton Mattress and Comfort Program, due to the way the program is handled in this county. According to the county setup, all supplies, material, finance, reports from community chairman and records are handled by the County Home Dem. Agent. My records and reports are taken from her office. She stated that at present she is unable to an accurate report and wont be until about August 15th. I will be able to give a complete report after that time.

I am making a partial report on the program, giving the following information:

All applicants who were eligable were supplied with mattresses. All applicants have received one or more comforts, but not a comfort for each mattress in many cases where there were two or more mattresses to the family.

There are approximately 200 comforts yet to be made by Negro applicants. Centers are now at work and will complete about Aug. 10th. All mattresses have been completed and no mattress material on hand.

There are nine mattress and comfort making centers in the county. The Negro County Agri. Agent has been responsible for the educational part of the program.

If there is any more information needed please notify me. I will give a complete report as soon as it can be accurately obtained.

Very truly yours,
W. C. David

Mr. J. H. Williams,
District agent
Hempstead, Texas

Dear Mr. Williams;

Thanks for your kind letter
of several days ago, I will put forth
every possible effort to keep the
job going here in Lee County.

I have talked with several
of these fellows here since you
were here and they play dumb say-
ing they don't know of the situation
and in the last clause of their consent
they will mention the fact that all
Negro teachers are buying their way. I
have heard this so much until I
believe my job is for sale. But
not for Methrock to buy.

Mr. J. H. Solomon
Booth, Texas

Dear Mr. Solomon:

I have just received a copy of the letter Mr. Carter sent you and I am sure you are as interested in the contents of the letter as I am.

I am certain if we stick to the bush we can bring every thing in line and straighten everything out like it should be.

I am suggesting that, in answering Dr. Evans letter, that you accept his invitation to come down and talk with you and also inform him that you had planned to come up and see him and Principal Banks.

Very truly yours,

J. H. Williams
District Agent

Dear Mr. Williams :-

Mr. Jack J. Keith, 404 West bldg, Houston, Texas, Mr. Louis Watt, 404 West bldg, and Mr. J. B. Vogel, Wharton, Texas, who are boy scouts workers have asked me to attend a school in Georgia in next month from August 6 to 16, I am asking if you are able to arrange some way for me to attend this school, I do feel it will help me greatly with my 4-H club program.

Mr. J. B. Vogel, of this area will see to it that my transportation is cared for.

I am trusting to hear from you soon concerning this matter, I am very much interested.

I am

Very truly yours,

Mr. C. W. Simmons
Extension Forester
College Station, Texas

Dear Mr. Simmons:

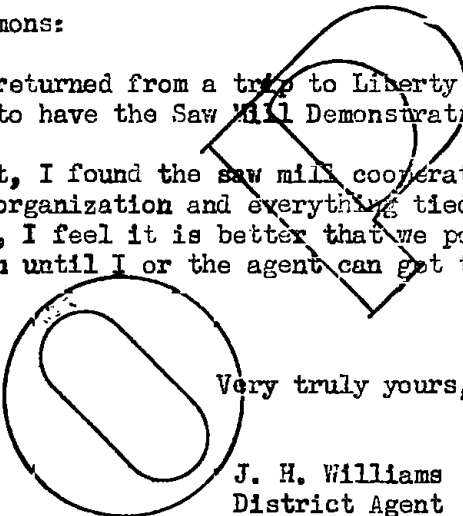

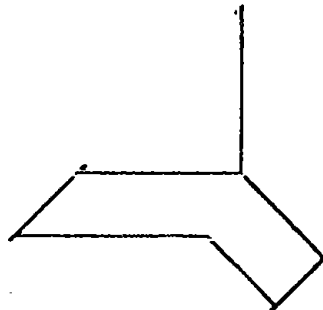

I have just returned from a trip to Liberty County where we proposed to have the Saw Mill Demonstration.

On this visit, I found the saw mill cooperative group in a state of disorganization and everything tied up, and in view of this fact, I feel it is better that we postpone this demonstration until I or the agent can get these differences ironed out.

Very truly yours,

J. H. Williams
District Agent

Mr. J. W. Williams
District Agent
Prairie View, Texas

Dear Mr. Williams:-

Well, our encampment seems to be coming along nicely, to date.

Mr. Hayes and I have had two conferences with each other - in Seguin and Luling - and one with Mr. Cardwell, during which he agreed to furnish us with the necessary amounts of accommodations, etc. We divided the preparation of the programs between us, and, after correcting the first batch I made, we swapped for local distribution.

Am enclosing two sets of the corrected ones for you and Dr. Evans.

Trusting that this encampment tops the rest for real, wholesome experiences, I am as ever

Very truly yours,

S. P. Honey
