TODAY'S GAME:

Throw away the records. Down with the standings. It's the Battle to end all battles. It's the Battle of the South, the Battle for Bragging Rights of the two Texas schools in the Southwestern Athletic Conference.

It's Prairie View vs. Texas Southern.

"It's no need to worry about records and standings, it's a battle that knows no restraints," says Prairie View head coach **Cornelius Cooper**. For many years several teams from Texas comprised the Southwestern Athletic Conference, but now there are only two and those two — Prairie View and Texas Southern — have always staged a battle to end all battles. "It's the kind of rivalry that needs no hype," Cooper says.

Neither team is enjoying fantastic success teamwise but there are lots of individuals who knowledgeable football fans talk about, like Prairie View's mammoth offensive guard **Harold Norfleet** and fast improving defensive backs **James Hayes** and **John White** and stellar defensive end-tackle **Milton Hall** and flashy wide receiver **Tommie Dunson** and stellar defensive tackle **Sammie August** and hard-hitting linebacker **Kevin Sullivan** and fast improving freshmen like **Ralph Williams** and **Wilbert Meyers** and strong offensive linemen and fast defensive linemen and striding running backs, and on and on and on.

And for Texas Southern there's speedy **Carl Williams** and a trio of quarterbacks in **Jackie Hicks** and **Vincent Courville** and freshman **Harold Smith** and flashy running back **Marion Morgan**

and strong folk in linebacker **Calvin Ware** and defensive end **Lester Robinson** and offensive linemen **Boyd Jones** and **James Grisby** and **Billy Dorn** and **Tom Johnson**, and on and on and on.

And what happens when players, bands, fans and others who know about football get together, it's a happening, as is supposed to be when a homecoming is scheduled, as Texas Southern is celebrating and along with rivalry and competition there's a brief respite with pretty girls and marching bands and a few festive occasions. All that goes into making the 1980 football season a success for both teams.

OPERATION SUCCESS

Operation Success is based on the philosophy that each student admitted to Prairie View A&M University has the potential to succeed.

The complete education and experiences of the student at Prairie View A&M University are designed and implemented to help them keep the status to which they were born, namely: **THEY WERE BORN TO WIN!!! THEY WERE BORN TO SUCCEED!!!**

The University recognizes that many students, who are admitted, may have academic, social, cultural, vocational, economic or personal handicaps.

There are no students admitted, however, with handicaps which cannot be corrected so that the student can achieve success. The students do have the potential to succeed.

Operation Success is based upon the philosophy that the University will organize its human and material resources into such systems that will maximize the academic, personal-social, cultural and career awareness and vocational attainment of each student enrolled.

Operation Success is also based upon the philosophy that it is important for the student to enroll at the University, but *it is even more important that he or she graduates from the University with a variety of new experiences and high level achievements.*

Join the Houston Police and start earning \$16,700.

If your present salary and career seem to be at a standstill, perhaps it's time to consider a move. Join the Houston Police. As a cadet, you'll start earning \$16,700 a year (based on average

earnings of the 1979 cadet classes). College and veterans' bonuses can boost earnings. With promotions, raises and incentive pay, you'll get even more with each passing year.

Plus excellent benefits like paid hospitalization and life insurance, generous vacation, holiday and sick leave are offered. And the Houston Police Department's retirement program lets you retire after 20 years and draw a liberal pension by age 50.

As an officer, your assignments will be challenging. There are 14 specialized divisions including one of the largest helicopter patrols in the nation.

Why Houston? Houston's booming economy and low cost of living are bringing 1,000 people per week into the city, and the present law enforcement body cannot keep pace. So, we are beginning a nationwide search for exceptional people. People who want to test their limits, strengthen their minds and learn new skills. People seeking a future that's growing as fast as Houston.

Call 1-800-392-2281. It just might change your life. If you are at least 19 years of age and have a high school diploma or its equivalent, you can start a new career today and earn as much as some college graduates in the Southwest's most exciting city. For information about our cadet classes or an applicant package, call toll-free. Or write Houston Police Recruiting, 401 Louisiana, Suite 601, Houston, Texas 77002.

Texas Southern University Administration

Dr. Leonard Hall O'Connell Spearman, widely-respected scholar, educator, psychologist and educational administrator, was recently named president of Texas Southern University.

Appointed unanimously by the TSU Board of Regents, Dr. Spearman assumed his post August 1st.

Dr. Spearman, a 50-year-old native of Tallahassee, Fla., comes from a post as associate deputy commissioner for higher and continuing education in the Department of Education, Washington, D. C.

He holds a bachelor's degree from Florida A&M University and master's and doctoral degrees in educational psychology from the University of Michigan.

Dr. Spearman's teaching experience includes service on the faculties of Florida A&M, the University of Michigan, and Southern University in Baton Rouge, La. He also has been a visiting professor at Howard University and Queens College in New York.

He has done postdoctoral work on a National Science Foundation fellowship at Wisconsin's Beloit College.

Dr. Spearman has had an often-varied, always distinguished career. Since receiving his undergraduate degree at the age of 18, he has remained active in the field of education, as instructor, head of various programs and consultant, among other things.

The new president has ten years experience with the Federal government, attaining his latter post in 1978. During his Federal tenure, he received many honors, including the highest awards given by the U. S. Office of Education (Superior Service Award) and the Department of Health, Education and Welfare.

His HEW Distinguished Service Award cites Dr. Spearman "for demonstrating outstanding management ability under exceptional circumstances, and greatly improving cooperation and understanding between the Higher Education Community and the Federal Government."

President Spearman is a widely-traveled lecturer and author of numerous articles and publications. He also is the recipient of four honorary degrees.

Dr. Spearman and his wife, Valeria, have three grown children.

Athletic Administration

This fall several effects of Texas Southern University moving into NCAA Division I will become apparent and probably the most visible of these will be the new faces of opponents that will grace the schedules of the football, basketball and track teams. As future opponents in all areas of sports require a superior athletic program, TSU will be challenged as never before.

The responsibility of guiding TSU through these straits and producing outstanding athletic programs goes to Dr. Roderick Paige who has been head of the department since 1971 and who can receive a share of the honors for orchestrating the Tiger bandwagon this far.

Dr. Paige was appointed AD and head football coach at TSU in 1971 after an intensive search for a man with the "combination of coaching, educational and administrative experience" to handle the job of providing TSU with a first class athletic program.

Dr. Paige is the fifth athletic director at TSU since 1946. He is a graduate of Jackson State University. He got his first job in the coaching and administrative field as athletic director and football and basketball coach at Utica Junior College in Mississippi in 1957. In 1963, he became an assistant football coach at Jackson State before being appointed head coach in 1964. In 1969 he returned to Indiana University to earn his doctorate degree in Physical Education.

DR. RODERICK PAIGE
ATHLETIC DIRECTOR

WILLIAM (ROCK) GLOSSON ASSISTANT ATHLETIC DIRECTOR

A former two time All American end (1957, 1958) for TSU rejoined the Tiger staff as assistant athletic director and head golf coach in 1970. Besides assisting Paige in an administrative capacity, Glosson has won several Southwestern Athletic Conference golf championships (1972, 1973, 1974, 1967, 1978, 1980) and has been selected golf Coach-of-the-Year several times.

LOUIS MUNKS ATHLETIC BUSINESS MANAGER

A former member of the TSU baseball team (1973-77), Munks is in his third year as TSU athletic business manager. He graduated from the TSU School of Business with a major in Accounting. He is in charge of the disbursement of the athletic budget and oversees all income and expenditures involving the athletic department.

BILLY MORRIS SPORTS INFORMATION DIRECTOR

A Texas Southern University graduate, Morris has been the SID since September, 1970. He previously served in the TSU Office of Development. Prior to coming to TSU, he worked as a free lance writer for several Houston newspapers. He graduated from TSU with a major in Journalism.

FRANKY STEVENSON ASSISTANT SPORTS INFORMATION DIRECTOR

Stevenson graduated from the Texas State Technical Institute in Waco in 1972, specializing in commercial art and advertising and minoring in printing. He has had experience on several publications and with several ad agencies in the city. A graphic designer, he will work on promotions and advertising campaigns.

TSU Coaching Staff

HEAD FOOTBALL COACH

James Sorey survived his year of baptism as a head coach and is ready to begin a new with a flood of optimism.

"Last year was a new experience for me and I learned a lot from it. I think both the team and I will be better in 1980 for it."

Sorey was defensive coordinator under Wendell Mosley, his predecessor at TSU, and will work the linebackers this fall.

Sorey played offensive and defensive tackles for Middleton high school in Tampa, Florida and graduated in 1956. He was an outstanding performer, earning All State honors.

While at TSU, he played both positions but settled on defense his final two years, earning All SWAC honors in 1958 and 1959.

He was the first TSU footballer to be drafted by both the old AFL and the NFL. He played three years with the Buffalo Bills of the Old American Football League. He rejoined the Tigers in 1963 as an assistant to his mentor Alexander Durley. He served as a scout for the Denver Broncos.

Just prior to the 1968 season he joined Mississippi Valley State as defensive coordinator under former teammate William Glosson who was head coach. Sorey was in charge of the defense at Valley until 1976 when he elected to serve in the same position under Mosley at TSU.

Sorey, as the seventh football coach in the 35 year history of the athletic program, is expected to begin the long climb to regain football respectability this fall.

"I think we have plugged some key holes that bothered us quite a bit last fall and I am looking forward to another go."

Sorey is married to Lovie, an assistant professor of Health and Physical Education at TSU.

LEON BEDFORD, Defensive Coordinator-Defensive Backs

Bedford has coached in high schools 18 years as defensive coordinator throughout the Gulf Coast area before joining the TSU coaching staff as a linebacker coach in 1977. The native Houstonian is a former star with the Southern Jaguars, captain of the Jags three years, winning All SWAC honors at linebacker in 1952 and 1953 and All America honors in 1953. He will coach the defensive backs in 1980.

ANDREW RICE, Defensive Line

Andy was an All SWAC defensive player for the Tigers in the early sixties before spending 10 years in the NFL as a defensive lineman. He coached briefly for the Houston Oilers and then joined former coach Wendell Mosley's staff as an assistant. Currently an instructor in the Health and Physical Education Department, he rejoins the Tigers as an assistant, working with the defensive tackles and nose guards.

ASSISTANT COACHES

AUDREY FORD, Offensive coordinator - Quarterbacks

Ford was one of the all time greats of TSU football during the early fifties. He was the Tigers first All America (1952, 1956) as a quarterback. He still holds several passing records including single season touchdowns by passing (21) and career touchdowns by passing (65). After serving as defensive back coach, he will begin his second year as coach of the offense under Sorey.

ALBERT QUALLS, Offensive Line

Qualls retains his coaching position in the offensive line. A graduate of Oklahoma in 1976, Qualls came to TSU under Mosley but Sorey has recognized his abilities. He was a scout for the Sooners before coming to TSU. As a player, he received All Conference honors in the Big Eight.

LEWIS RITCHERSON, Offensive Backfield

Ritcherson will be in charge of the backfield for the 1980 Tigers. Born in Houston and raised in Waco, he was an All State and All America halfback at Waco Moore. He played his college football at Wisconsin. He coached at TSU in 1976 and 1977 but returned to the TSU campus last fall.

WILLIE AGSON, Receivers

A former standout at Tight End for the Tigers, Agson rejoins his alma mater as coach of the receivers under Sorey. A former Most Valuable Football Player selection, Agson was also an All SWAC selection in 1974. He was the receiver coach at Houston Forest Brook high before joining the Sorey staff.

JOHN HARVEY Athletic Trainer

Harvey brings to TSU considerable experience as an athletic trainer. He has performed his duty in the Aldine School District, Austin School District, Prairie View A&M University and Houston Independent School District. Having polished his expertise by working in several camps of National Football League teams, Harvey has the distinction of being on the staff of the old Houston Texans of the World Football League before returning to the collegiate ranks and TSU in 1974. He is an active member of the National Trainers Association.

EARL JIMISON Equipment Manager

Jimison worked as equipment manager of his high school before coming to TSU in the fall of 1979. A graduate of Gentry high school in Indianola, Mississippi, Jimison's duties included distributing, handling and maintaining all athletic equipment for TSU athletic teams.

CAMERON. THE OILFIELD COMPANY THAT STICKS ITS NOSE INTO AEROSPACE.

To people in energy, we're Cameron, world leader in pressure control products for oil and gas wells. Maker of systems and equipment to survive the increasingly harsh environments where energy is found.

So, what business do we have nosing around in aerospace? A lot. Because we're one oilfield company that takes its high technology higher.

As high as the stars, in fact, with components for the space shuttle and Apollo programs. We make many rocket and jet engine parts. Plus other critical products like jumbo jet landing gear and missile domes.

You see, during almost sixty years in the energy business, we've developed superior metallurgy and varied technologies which we've applied

to aerospace, power generation and other industries. And vice-versa.

The point is, we're still aiming at the stars. On earth, that helps take us to places where no oilfield company has ever gone before.

FOOTBALL and TEXAS...

An unbeatable combination

And in
**TEXAS★SPORTS
MAGAZINE**
you'll find a lot of both.

COLLEGE FOOTBALL

Previews and profiles of Texas College teams, from the best to the worst, from the SWC to the TIAA, from the Lone Star Conference to the independents. Junior Colleges, too!

PRO FOOTBALL

Texas has two of the best teams in the NFL. Virtually every month, you will read about your heroes with the Cowboys and the Oilers. In the spring, we'll cover the NFL draft and discuss the prospects for the coming year. In the summer, we'll travel to the training camps and provide a complete preseason report. Then in the fall comes all the action.

HIGH SCHOOL FOOTBALL

Friday Night Heroes from the plains of West Texas to the Big Thicket, from the Gulf Coast to the Panhandle. In our big annual Football Preview issue, we'll give you probable district champs, state champs, and a look at the outstanding players. And from month to month, read about high school football in Texas, as reported by our 11 regional editors. In the summer, we'll name preseason all state teams, and in December, we'll pick the TEXAS★SPORTS' blue chip team.

You'll
catch all
the action
every month.

AND MORE

Football is the biggest sport in Texas, so you can expect to read about football virtually every month. But football isn't the only sport in the state, and each monthly issue of TEXAS★SPORTS provides the best in sports coverage in Texas—baseball, basketball, track and field, hunting and fishing—and more. Subscribe today. Please clip the subscription coupon and send it to us right away. You'll receive 12 monthly issues for the low price of only \$9.95—less than 83¢ a copy. TSU Basketball Men's Schedule

Prognostication aside, the 1980-81 TSU men basketball schedule promises to be the most exciting and expecting season of in quite some time.

Led by the return of the nation's number three scorer Harry Kelly, who averaged 29.0 points a game as a freshman last year, the return of several other freshmen who got their licks in, a pretty good recruiting year and the general maturity of the team, the TSU basketball team will be ready to face the likes of Texas A&M, Wisconsin, Georgetown and McNeese State.

But probably the best news facing TSU and the rest of the Southwestern Athletic Conference is that the NCAA Basketball Committee has granted SWAC an automatic berth in the NCAA national tournament. The SWAC team that wins the SWAC tournament March 5,6,7 in Baton Rouge will advance to the NCAA playoffs automatically.

NCAA serves nation's schools

Progress and growth have become familiar companions for the National Collegiate Athletic Association during its first 74 years as the major governing organization for intercollegiate athletics in the United States.

A call for stricter control of college football by President Theodore Roosevelt because of the violence in the game brought together 13 institutions in 1905, formulating the original communications base for college athletics.

This initial body called itself the Intercollegiate Athletic Association and was officially constituted March 31, 1906. In 1910, the name was changed to the National Collegiate Athletic Association.

Seven progressive decades have molded this original 13-member body into a membership today of more than 860 colleges, universities, conferences and affiliated organizations.

Administration and rules interpretation occupied early efforts of the organization. Shortly after World War II, the NCAA adopted legislative and executive powers, changing its function into one dealing with virtually all issues concerned with intercollegiate athletics.

Service first

Many things have become associated with the NCAA during its colorful history. Highest priority goes to the service it provides to more than 860 members, acting as the true "voice" of college athletics today.

Each January the NCAA membership comes together at the annual Convention to review, propose and amend legislation. The Convention presents the opportunity for the nation's institutions of higher learning to speak and act on athletic matters at the national level.

Walter Byers
Executive Director

William J. Flynn
President

James Frank
Secretary-Treasurer

Acting in the best interests of its membership, the NCAA strives to perform these specific functions among its many other responsibilities:

- Conducts 43 annual National Collegiate Championships in 19 sports for three separate divisions. Three championships (Division I, Division II and Division III) are held in baseball, basketball, cross country, golf, lacrosse, soccer, swimming, tennis, outdoor track and wrestling. Two championships (Division I and Divisions II-III) are staged in gymnastics and ice hockey. Fencing, skiing, indoor track, volleyball, rifle and water polo hold single National Collegiate Championships, while football is contested in Divisions I-AA, II and III. The National Collegiate Championship dates back to 1883 in tennis; and during this 98-year history, more than 85,000 student-athletes have competed in these events, with more than 11,000 earning the coveted title of "National Collegiate Champion."

- Maintains 14 rules committees to formulate, copyright and publish rules of play for the government of collegiate

sports. Members of these and many other committees are elected by representatives of member institutions at the annual Convention.

- Publishes "official guides" annually for nine sports through the NCAA publishing department.

- Collects, compiles and distributes the official statistics of college football, basketball and baseball through its NCAA statistics service.

Problem solver

- Conducts studies as a means of developing solutions to athletic programs.

- Represents the membership in legislative and regulatory matters on the state and Federal levels.

- Annually selects the College Athletics Top Ten and the Theodore Roosevelt ("Teddy") Award—the Association's highest honor.

- Administers an honors program which annually awards 80 postgraduate scholarships to recognize outstanding senior student-athletes who have excelled in the classroom as well as athletics. This scholarship was increased from \$1,000 to \$1,500 in 1975-76 and to \$2,000 in 1979-80. The program has provided \$1,360,000 to 1,152 recipients since its inception in the 1964-65 academic year.

- Promotes and participates in international sports planning and competition through membership in the United States Olympic Committee, Amateur Basketball Association of the USA, Track and Field Association of the USA, and the United States Baseball, Gymnastics and Wrestling Federations, as well as through NCAA-sponsored competition with Japan.

- Maintains more than 70 full-time staff members at its national headquarters in Mission, Kansas, under the supervision of Executive Director Walter Byers.

National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics in 515 fully accredited four-year colleges and universities. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

PURPOSE AND HISTORY

Established in 1940 as the National Association of Intercollegiate Basketball, the NAIA (the name change coming in 1952) emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City Missouri. The conversion of the NAIB to the NAIA in 1952 included the expansion of the program to include national championships in golf, outdoor track and field and tennis. Football (two divisions), cross country, baseball and swimming were added to the ledger in 1956 and wrestling (1958), soccer (1959), bowling (1962-1978), gymnastics (1964), indoor track and field (1966), ice hockey (1968) and volleyball (1969) are the most recent additions. The initial purpose of the NAIA — to provide national championship opportunities to colleges and universities competing below the so-called "major" level — has indeed been well served.

NAIA organizes and administers all areas of intercollegiate athletics at the national level, including rules and standards, and district and national sports competition.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the college. This means direct supervision in the matter of caliber of competition, financing of the athletics program, and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program must be a basic component of the overall general educational process within the institution, and not an entity apart.

The NAIA encourages a broad program of athletic pursuits in its member institutions, and making the program available to the greatest possible number of students. The national organization aims at uniformity and equity in policies and practices through its district and national tournaments and meetings.

Eligibility rules in the NAIA govern all play in all sports recognized by the Association, not just post-season tournaments, and must be adhered to by all members, including members holding dual affiliation with other associations.

HOW ADMINISTERED

The principal governance body of the NAIA is the Ex-

ecutive Committee, composed of 11 persons elected by the membership, and the Executive Director (ex-officio). This committee is responsible for establishing policies and determining the overall direction of the Association.

The NAIA is organized into 31 geographic districts spread over the 50 states and including one Canadian member. Each district is governed by a District Executive Committee, the chief officer of which is the District Chairman. Representation on the District Executive Committee includes one committeeman for each three active member schools, or major fraction thereof, in the district. The District Chairman is elected for a three-year term by a vote of the active membership within the District.

The District is the basic unit of the NAIA. The District Executive Committee establishes a program of District championship events in the various sports. Individual and team District champions are certified to compete in Area and / or National championship competitions by virtue of winning the District event or by meeting qualifying standards established within the particular sport.

Women's Division — Effective August, 1980, the NAIA initiated championships and programs for women through its newly-established Women's Division. Ten championships for women will be offered in the initial year with planning and administration under the aegis of the ad hoc Committee on the Implementation of Women's Programs in the NAIA, chaired by Dr. Joan Warrington of Pittsburg State University KS, a member of the NAIA Executive Committee. The NAIA decision to offer competitive opportunities and championships for women followed two years of consideration by the membership and proposals developed by a committee on women's athletics.

MEMBERSHIP ELIGIBILITY

Any four-year, degree-granting college or university in the United States and Canada, fully-accredited by the member accrediting agencies or commissions of the Council on Postsecondary Accreditation, may become an active member. Institutions may become members of the NAIA at any time but schools sending in membership dues after the deadline of October 15 will not be considered as active members and will not be eligible to participate in District, Area and National events until the next eligibility reporting deadline following payment of dues. Those reporting deadlines are: October 15, February 1 and April 15.

OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletic programs to the standards of the regulatory Association in which they hold memberships, and the NAIA. They must pay the annual membership dues and be in support of the policies of the Association. Where institutional rules and standards are stricter than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.

ALCORN STATE UNIVERSITY (Lorman, Miss.)

HEAD COACH: Marino Casem (16th year, 102-56-8)

The Braves are loaded and have adopted the motto "A Step Away." That's a step away from the NCAA Division I-AA national-championship they are shooting for. If the Brave receivers can catch with consistency, Alcorn could mount a very serious bid to gain the national crown. The Braves return 10 starters on offense and nine starters on defense. Returning on the "Tunnell Defense" which allows no daylight are ends **Wiltarthur Jackson** and **Jeffrey Smith**, linebackers **Tony Gibbs**, **Halbert Bearden**, **Dennis Campbell**, **Orrick Dixon**, **Steve Washington** and **Steve Johnson**, tackles **Melvin Brown**, **Sam Higgins** and **Robert Cole** plus defensive backs **Leslie Frazier**, **Mark Harper**, **Alvin Bailey** and **Elbert Foulos**. The offensive line has experience and depth. Returning are linemen **Sam Johnson**, **Rod Yarbrough**, **Billy Griffin**, **Mitchell Edwards**, **Wendell Robinson**, **Andrew Jackson**, **Kelvin Gray**, **Anthony Taylor** and **Anthony Lockhart**. Running backs are fast and strong led by sophomore **Gregory Jones** who had over 500 yards while scoring six touchdowns. **Aubrey Bailey** or **Darnell Toy** could fill another running back spot while **Eric Bonner** and **Ray Vaughn** also battle for a position. Quarterbacking's no problem with veteran **Sherrod Green** back. He'll get good support from **James McFarland** and **Charles Walker**.

GRAMBLING STATE UNIVERSITY (Grambling, La.)

HEAD COACH: Eddie Robinson (39th year, 281-90-12)

The biggest cliché in the Southwestern Athletic Conference is that "Grambling doesn't rebuild, they just reload." And the Tigers are loaded again in 1980 especially with offensive firepower. Starting off there is **Mike Williams** (Doug's brother) who had 75 completions for 989 yards and eight touchdowns a year ago. **Thomas "Skippy" Ezell** had 38 completions, 566 yards and five touchdowns and three other youthful signal callers are awaiting their turn. The running back corp will be led by **Robert Parham** who needs just 321 yards to break **Tank Younger's** school career rushing record of 2631 yards. Parham led the SWAC in rushing with 966 yards and was third in scoring a year ago. He has been named to the All Southwestern Athletic All Conference team the past two seasons. It's not an easy task to key on Williams or Parham, what with **Kenneth Sampson** (587 yards rushing and 123 receiving), **Kenneth Jackson** or **James Taylor** coming out of the backfield or receivers like **David Butler**, **Edward Campbell**, **Mitchell Montgomery** or **Trumaine Johnson**. The Grambling receivers are "tall, fast and able to outleap tall defenders in a single bound." The offensive line is a chief concern of Robinson but it will be anchored by 257-pound junior **Louis Roseburrow**, 265-pound senior guard **Reginald Irving**, 253-pound junior center **McKary Jackson**, 242-pound junior guard **Fred Johnson** and 275-pound tackle **Dorsey Richard**.

JACKSON STATE UNIVERSITY (Jackson, Miss.)

HEAD COACH: W. C. Gordon (4th year, 27-9)

Keith Taylor, the league's total offense leader and **Larry Cowan**, the conference's second leading rusher give the Tigers a solid nucleus of an offensive attack. **Otis Brown**, a sophomore is expected to fill the spot **Perry Harrington** (now with the Philadelphia Eagles) had last year. If so the Tigers offensive problems should be minimal. **Buster Barnett** is one of the best tight ends around and heads a list of outstanding receivers including **Anthony Jenkins**, **Johnny Ray Brown** and **Carl Powell**. The offensive line has lots of experience with three starters — **Tom Rice**, **Derek Perkins** and **Kevin Hardy** — returning for their final season. **Michael Fields** will have two years left. Perkins and Hardy were both named to the All Conference team a year ago. The defense was much maligned last season because of a lack of experience. With nine starters returning that's not a problem this year. The top defensive candidate is linebacker **Larry Werts**. He'll have to steady a young defensive front. **Frank Thompson** and **Mike Galloway** will be leading the charge. **Derek McClannahan**, an all conference performer a year ago heads up the secondary that like the defensive line is young.

SOUTHERN UNIVERSITY (Baton Rouge, La.)

HEAD COACH: Cass Jackson (3rd year, 11-11)

1980 is a "year of caution" for Jaguar followers. "For the first time since I have been at Southern, we will have a veteran offensive team. Not many seniors, but the young ones have no less than two years experience. The offense should be ready to con-

rol the football. The offense MUST carry the early load for we're in the unusual position of waiting for the defense to catch up." **Cass Jackson** said. The defensive losses of nose guard **Ken Times**, defensive backs **Herb Williams** and **Neale Henderson** would seem to indicate that this phase of Southern's game could experience a down year, but not necessarily so. "We have available talent but limited experience," Jackson laments. The top returnees are **Brian Williams**, all conference tight end and the No. 2 receiver with 518 yards. Other top returnees are defensive back **James Davis**, offensive tackle **Ralph Williams**, linebacker **James Hooper**, defensive back **Brian Matthews** and offensive guard **Jerrell Franklin**. The Jaguars return a veteran offensive line which averages 270-pounds per man. The major weakness is replacing eight starters including All Americans **George Farmer** and **Ken Times** and a seasoned group of down linemen.

TEXAS SOUTHERN UNIVERSITY (Houston, Tx.)

HEAD COACH: Jim Sorey (2nd year, 3-8-0)

The Tigers are expecting a much more potent offense this year than last season. "We expect to be more creative on offense than last year," said second year coach **Jim Sorey**. The inability to move the football and score accounted for more than a few of the Tiger problems. Perhaps the main problem was at quarterback where the team went through four during the season. All four return with some highly recruited personnel. **Lance Courville**, who led the team in rushing with 350 yards; **Anthony Johnson**, statistically the best passer of the four; **Douglas Irvin**, who saw limited action in six games and **Jackie Hicks**, who was injured part of last year and became a hardship case, all return. A veteran cast of runners including highly touted fullback **Robert Thomas** (225), **Marion Morgan** (185), **Frank Avery** (185) and **Donald Allen** (180) are hoping for an injury free season. The offensive line is anchored by center **Tom Johnson** (245) who could be one of the league's best. Guard **Fred Davis** (270) makes two the number of veterans returning. Among the top returnees on the defensive side are linebacker **Calvin Ware**, who led the team in individual tackles and **Lee Harris**, an all conference cornerback. The entire defensive backfield of **Tony Ball** and **Harris**, **Mike Bolden** at free safety and **Marc Johnson** at strong safety is a veteran group.

MISSISSIPPI VALLEY (Itta Bena, Miss.)

HEAD COACH: Archie Cooley (1st year)

The Delta Devils nickname is about the only thing unchanged as Mississippi Valley prepares for the 1980 season. When the gridiron wars open it will be a new look, ranging from head coach, coaching staff, quarterback, offense, defense and attitude. The Delta Devils will be a young, regrouping team using mostly freshmen and sophomores. "I feel defense is the name of the game. We'll work on defense first and then expand to our offense, not that we will forget offense, but defense is our main concern," **Archie Cooley** said. Individual standouts include wide receiver **Wally Wright**, defensive tackle **Phillip Darns**, linebacker **Dexter Hood**, cornerback **Hubert Owens**, offensive tackle **Steve Chapman**, quarterback **Lloyd Farmer**, fullback **Robert Powell**, offensive guard **Clyde Jefferson** and freshmen **Tony Baker** and **Landis Alexander**. Overall the lack of depth will be one of the team's biggest weaknesses along with small offensive linemen, little and slow defensive linemen and not a lot of game-experienced players.

PRAIRIE VIEW (Prairie View, Texas)

HEAD COACH: Cornelius Cooper (1st year)

Cornelius Cooper has a solid foundation on which to rebuild the Panther football fortunes. There are 20 returning starters, 11 more lettermen and a host of outstanding freshmen from a banner recruiting year. Cooper welcomed back the top four rushers from a year ago in **Howard Grand**, **Byron Holmer**, **Michael Weatherspoon** and **Darrell "Monk" Jackson**. The receiving corp is strong too, with five of the top six receivers back led by second team All Conference **Tommie Dunson**, the team's leading receiver with 21 catches and 414 yards. The leader in the trenches is senior **Harold Norfleet**, who has speed to go with his size (6-6, 285). There's help in the offensive line with tackle **Jesse Nelson** (250), **Gerald Davis** (230), **Dale Clark** (220), **Everett Gary** (250). The leader defensively is end **Milton Hall** "one of the top pass rushers in the conference." He led the Panthers with six quarterback sacks a year ago. **Joseph James** returns at the other end with **Alvis Prince** at one tackle spot and **Dwayne Houston** at linebacker. The secondary returns intact with seniors **Robert Alexander** and **Andrew Winzer**, sophomore **Gerald Barnett** and junior **Elwyn Dean**.

ABOUT THE SOUTHWESTERN ATHLETIC CONFERENCE

The 1980 football season will be a blend of the new and the old for the Prairie View Panthers.

It's a new era as Prairie View moves into NCAA Division 1-AA classification but old as the Panthers remain as the oldest and only charter member of the 60-year-old Southwestern Athletic Conference.

Dr. E. B. Evans, J. E. Stamps and Aaron Day were Prairie View representatives on a Sunday morning in September of 1920 at the Old Oriental Hotel on San Felipe Street in Houston at the start of the Southwestern Athletic Conference. Other colleges present were Bishop, Wiley, Samuel Houston and Paul Quinn. Before the meeting was adjourned the Southwestern Athletic Conference was brought into existence.

The purpose at that time was to coordinate the Inter-collegiate Athletic Activities of the five colleges. Football and baseball were the only sports involved at that time.

In 1922 Texas College joined the conference and basketball was recognized as an official sport.

The conference was a success from the very beginning because coaches, administrative officers and students worked together unselfishly and gave freely of their time and talent in order that it would grow and prosper, reported Dr. Evans.

As time moved on track, tennis and golf were added as conference sports giving the league a well-rounded program.

Langston, Southern and Arkansas AM&N (now Arkansas-Pine Bluff) joined the league in the 1930s.

Bishop, Samuel Houston and Paul Quinn dropped out for economic reasons and were replaced by Texas Southern in 1956, Jackson State in 1958 and Grambling in 1959. Langston dropped out of the conference to join the Oklahoma Collegiate Conference in 1957.

Texas College discontinued football after the 1960 season and was replaced by Alcorn A&M. Wiley dropped out of the conference in 1967 and Mississippi Valley was the replacement. Arkansas-Pine Bluff dropped out in 1970 leaving the league as it now stands with seven members.

The Southwestern Athletic Conference ranks as one of the top conferences in the nation with national championships won by member schools in baseball, basketball, indoor track and field, outdoor track and field, and football. There have been a number of professional players produced by member schools in football, basketball and baseball.
