110th ANNIVERSARY

PRAIRIE VIEW A & M UNIVERSITY

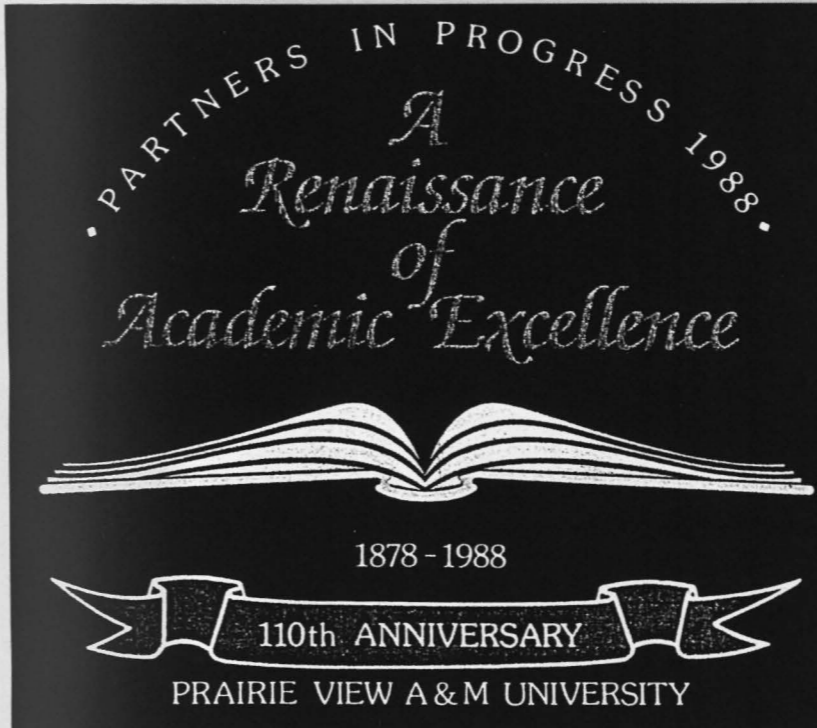

ANNIVERSARY RENAISSANCE CELEBRATION
November 10-13, 1988

The purpose of the Renaissance Celebration was to celebrate the outstanding contributions made by Prairie View A&M University over the past 110 years.

All those who made a significant contribution to the university were recognized. The University celebration brought together all of the university's constituents to celebrate the "renaissance", with significant events planned to incorporate all of those constituents in the celebration. The focus of the festivities was the dedication of the new \$16 million library, where a new exhibition on the history of the black military was on display.

The significance of the celebration was to increase the public awareness of Prairie View A&M University's contributions, to encourage support, and to help the university fulfill its constitutional mandate of becoming an "institution of the first class."

THE NEW LANDMARK ON CAMPUS

First it was just a model.

1878 - 1988

110th ANNIVERSARY

PRAIRIE VIEW A & M UNIVERSITY

With a few brief words, Texas A&M Regent John B. Coleman cut the ribbons to a new Library bearing his name before hundreds of guests at Prairie View A&M University.

The dedication of the five-story library concluded week-long ceremonies marking Prairie View's 110th Anniversary.

"You've given me the greatest honor anyone could have given to me by naming this library after me," Coleman said to members of the Texas board of Regents and to the administration of Prairie View.

The day began with a homecoming convocation honoring students for service and Coleman for his contributions to Prairie View, Texas A&M and to higher education.

Texas state Senator Craig Washington, a 1966 PV graduate, praised the work of Coleman as he gave the convocation address.

"The most gratifying thing for me is to drive up (U.S.) 290 from Waller and see the John B. Coleman Library rising from the top of the hill," Washington said of the new building. "We know without your leadership, Prairie View would not be what it is today."

Other dignitaries applauding Coleman, the first black regent on the Texas A&M Board of Regents, included Dr. Percy Pierre, president of Prairie View, former regent Joe Richardson and A&M Chancellor Perry Adkisson.

"Of all the buildings on the campus, the library is the core," Pierre said. "Prairie View has the honor of being the site of such a tribute to John Coleman and the contributions he has made to the state."

"You can dream, aspire, be all you want to be, the sky's the limit," Adkisson added. "John Coleman has done that for higher education in the state of Texas."

The John B. Coleman Library will seat 1400 students. It contains 220,000 volumes and can hold more than 500,000. Among the other features are an archives and special collections section on the fifth floor, an art gallery, a lecture auditorium, a cultural events center and an accelerated learning center built from federal education funds.

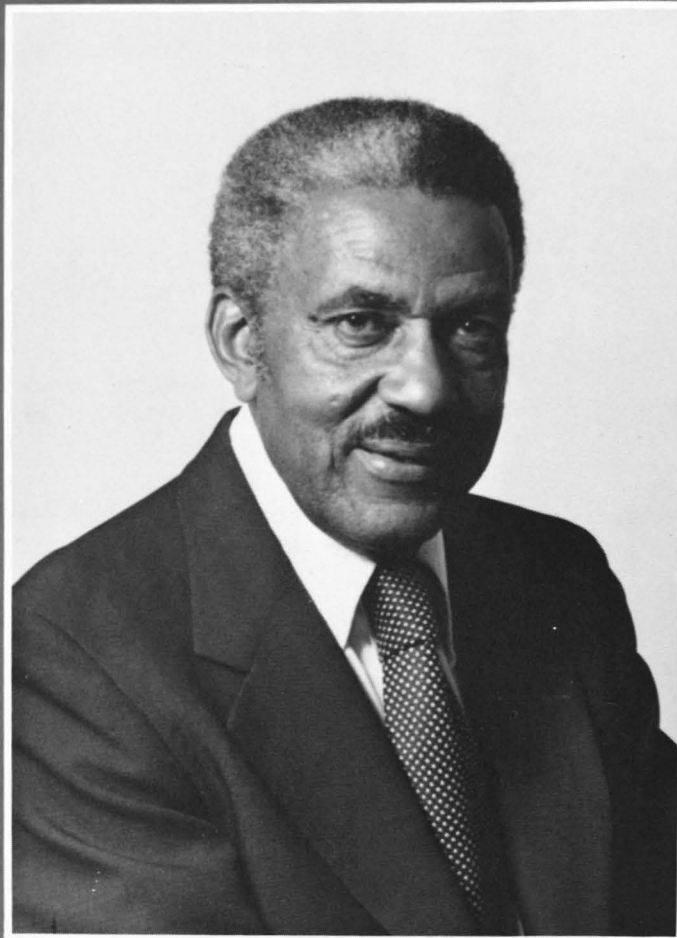

The library will also be the home of the works of LtCol (ret) Jesse Johnson on black contributions to the military and a collection of paintings from Hazel Biggers, presented by Coleman's wife Gloria. Later, a portrait of Coleman will be commissioned and hung inside the main foyer.

Coleman was very moved by the dedication and could only muster a few words of appreciation, but the words were more than enough.

"I'm here to pledge to you I intend to contribute the rest of my life to higher education and this institution in particular."

DEDICATION

Dr. Curtis A. Wood

“He Is Not Dead”

I can't say, and I won't say
That he is dead. He is just
away.
With a cheery smile, and a
wave of the hand,
He has wandered into an
unknown land
And left us dreaming how
very fair
It needs must be, since
he lingers there.
And you — oh, you, who the
wildest yearn
For an old time step, and
the glad return,
Think of him faring on,
as dear
In the love of There as the
love of Here
Think of him still as the
same. I say,
He is not dead,
He is just away.

--- James Whitcomb Riley

Dr. Curtis A. Wood

The 1988-89 yearbook staff has chosen to dedicate this issue of *Pardus* to Dr. Wood. Dr. Wood spent many dedicated hours on the yearbook even after his retirement in 1984.

Dr. Wood was born in Cotton Plant, Arkansas and attended the local schools there. Upon graduation he attended Knoxville College receiving a B.A. in English, French and Sociology and New York University for a B.A. in Education Administration. He attended Columbia University Teachers College and attained a M.A. in Health and Physical Education and received his Ph.D. from Columbia University in the field of Health Education and Community Services.

Until his retirement, Dr. Wood headed public relations and publication services for Prairie View's College News Service, including supervision of faculty publications and sports information services.

He was executive committee member of the trustees of the American College of Public Relations and a board member of the San Bernard Electric Cooperative, Inc.

He worked 10 years on the National Safety Council and also served in the past as a Prairie View city councilman and a member of the local chamber of commerce. Dr. Wood was a former chairman of the Waller County Health Council, the local Red Cross, American Cancer Society and Boy Scouts of America.

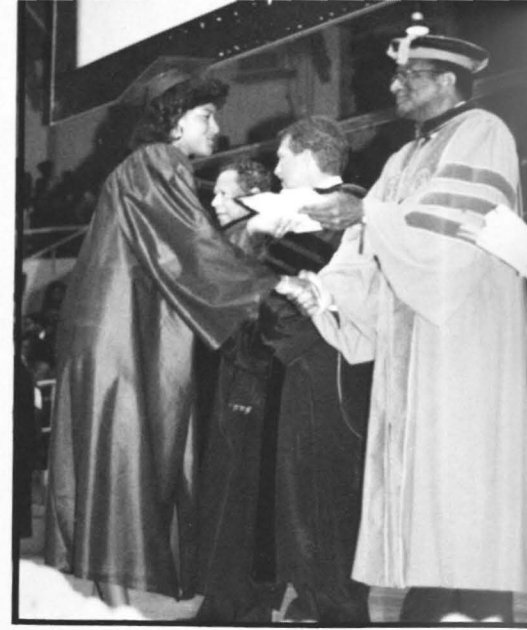

He was the recipient of an outstanding service award for the youth of Texas. Several scholarships have been awarded in his name for the last several years.

Dr. Wood taught undergraduate and graduate courses in health education, safety education and community relations, and served as a consultant to schools throughout Texas in developing school-community health programs. He initiated a nutrition education program in several Texas schools.

Dr. Wood is survived by his wife, Mrs. Lou Lee Wood and six children: Curtis A. Wood, Jr. and Garland Wood of New York, Craig Wood of Prairie View, Barbara Harrison of Washington, DC and Beth Serrakian and Gina Wood of San Francisco.

No matter how pressing his schedule was, he always had time for a friendly chat and a word of encouragement. We miss him.

POWER play

Power Play

A term used in hockey when a personal penalty has been committed towards a player on the opposite team. The foulee, the person whom the foul was committed against, is then entitled to a one-on-one confrontation with the goalie. The player's objective is to get the hockey puck in the net. Ironically, this is a perfect term that depicts the heritage of Prairie View A&M University. In this case, however, Prairie View A&M University (PVA&MU) is competing in the arena against its opponent-NEGATIVE STEREOTYPISM.

Prairie View's heritage has been distorted by the assumption from outsiders, such as the media and other universities, that since the school is a historically black institution, it is incapable of providing a quality education for its students. PVA&MU however, has the opportunity to become the victor in this one-on-one confrontation. Its strategy involves all of its great accomplishments, such as establishing the first black honor's college, producing the highest number of minority engineers in Texas, establishing the first full-fledged, active Naval Reserve Officers Training Corps Program at a Historically Black University and producing the highest number of black pre-med graduates and also the producer of the highest percentage rate in Texas of pre-med students accepted into medical school.

When PVA&MU's strategic plan is put into action it is sure to dominate the opponent. And, with society as the audience witnessing the victory, the truth will be known that Prairie View A&M University is an institution of the first class and is a "PRODUCER OF PROUD, PRODUCTIVE PEOPLE".

Faculty

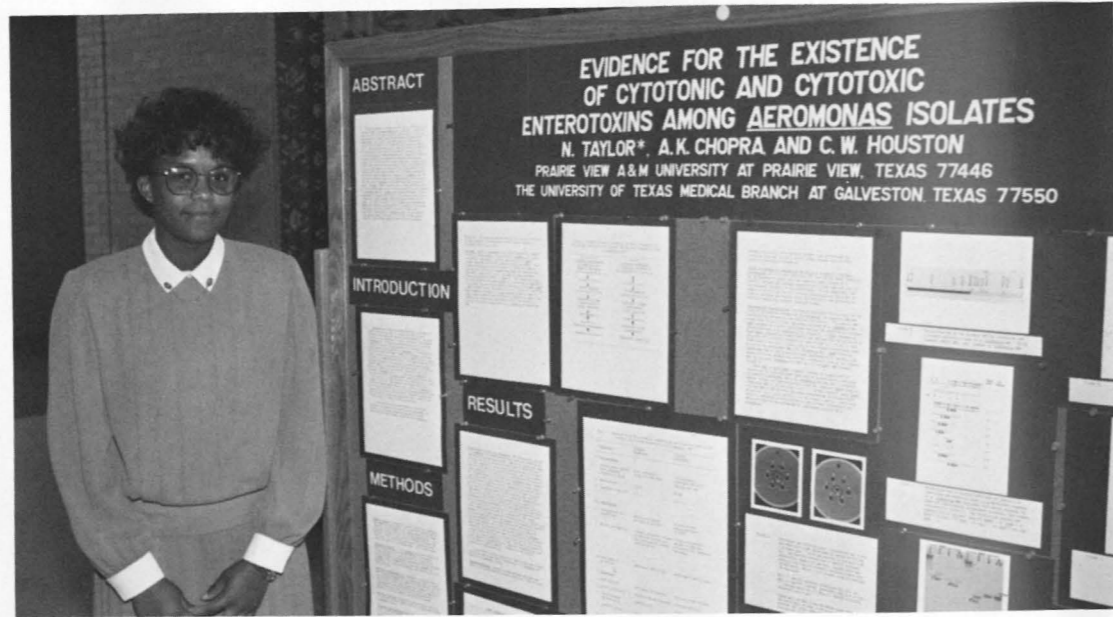

As an Historical Black University the Prairie View Faculty, Administration and Staff are comprised of highly intelligent and motivated professionals that are willing to work with the students as well as for the students.

From the President of the university, Dr. Percy A. Pierre to all the various departments and Colleges Prairie View A&M University prides itself on producing productive people. The university is composed of seven colleges: College of Applied Science and Engineering Technology, College of Arts and Sciences, Benjamin Banneker Honors College, College of Business, College of Education, College of Engineering, and the College of Nursing; which is centrally located in heart of the Texas Medical Center located in Houston, Texas. The university has a successful Graduate School also. The Administration, Faculty and Staff secretaries greatly contribute to the making of the first class university that Prairie View has and will live up to.

ARTS AND SCIENCES

As a participant in the Undergraduate Summer Research Program at The University of Texas Medical Branch at Galveston, Prairie View A&M student Nancy Taylor presented results of her research at one of the program poster sessions.

Elsie Beaupierre

Elsie is a biology/pre-med major from Queens, New York. She is a member of Tri-Beta Honor Society; Alpha Mu Gamma; President of Club Caribbean, and made the university honor roll.

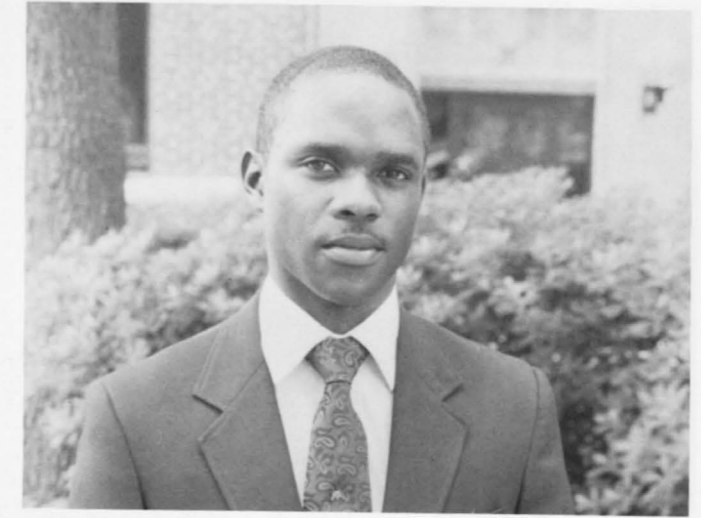

Vauurance Benjamin

Vauurance is a theatre arts major from Houston, Texas. He made the dean's list 6 semesters; directed the Miss PV Pageant; Member, Charles Gilpin Players; Alpha Mu Gamma; Texas Education Theatre Association; Alpha Psi Omega.

Kendrick Curry

Senior Chemical Engineering major from Dallas, Texas. Member, Omega Psi Phi Fraternity; American Institute of Chemical Engineers; National Society of Black Engineers; Tau Beta Pi-National Engineering Honor Society; National Dean's List.

Eric Dargan

Senior Electrical Engineering major from Blytheville, Arkansas. National Dean's List; Outstanding Young Men of America; Army Superior Cadet Award; Member, Alpha Phi Alpha; Phi Eta Sigma Honor Society; Eta Kappa Mu; Institute for Electrical Engineers; National Society of Black Engineers; AROTC.

Shelia Deese

Senior Finance major from Hempstead, Texas. Dean's List 3 semesters; Outstanding Student of Junior Colleges; Member, Phi Beta Lambda; Phi Theta Kappa; Baptist Student Movement.

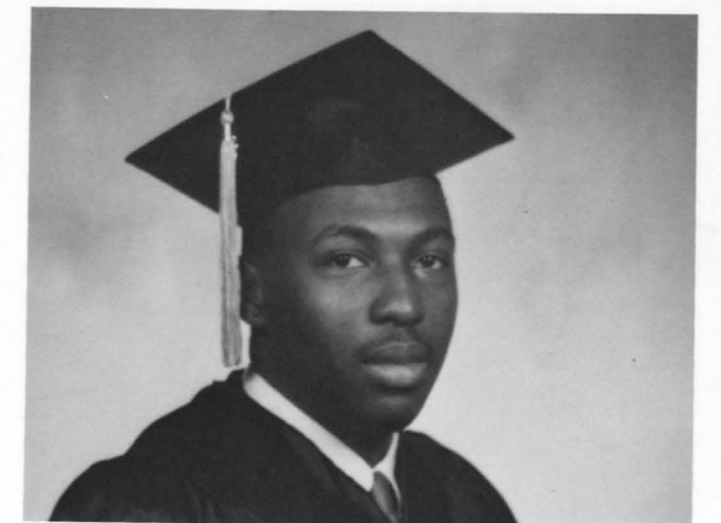

Daniel Echeta

Senior Architecture major from Owerri, Nigeria. Dean's List 5 semesters, Engineering Department Scholarship; Member, American Institute of Architecture.

Nedra Smith

Senior Communications major from Texas City, Texas. Dean's List 4 years; Honor Roll 4 years; Member, Delta Sigma Chi, Women in Communications.

Dural Sanders

Senior Accounting major from Detroit, Texas. Dean's Student Advisory Council; National Association of Black Accountants; National Dean's List.

Doris Minter

Senior Social Work major from Detroit, Michigan. Member, Chi Eta Phi; American Red Cross; Prairie View Social Work Club; Texas National Student Association.

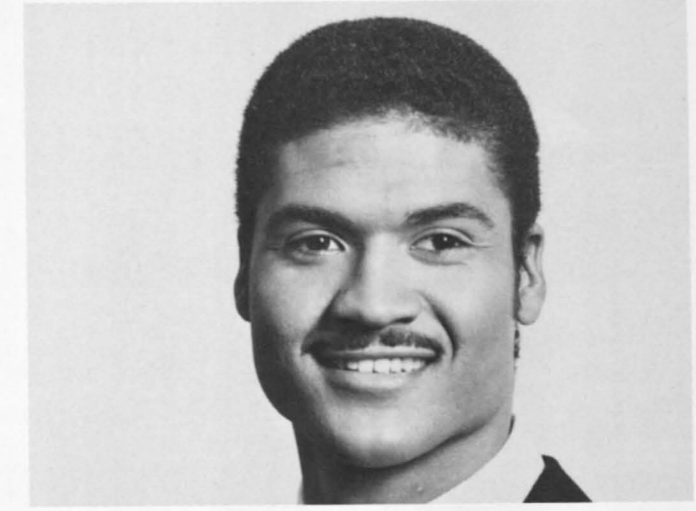

Tameka Lewis

Senior Pre-Med major from Hempstead, Texas. National Dean's List; Member, Beta Beta Beta; Beta Kappa Chi; Student Activities Committee.

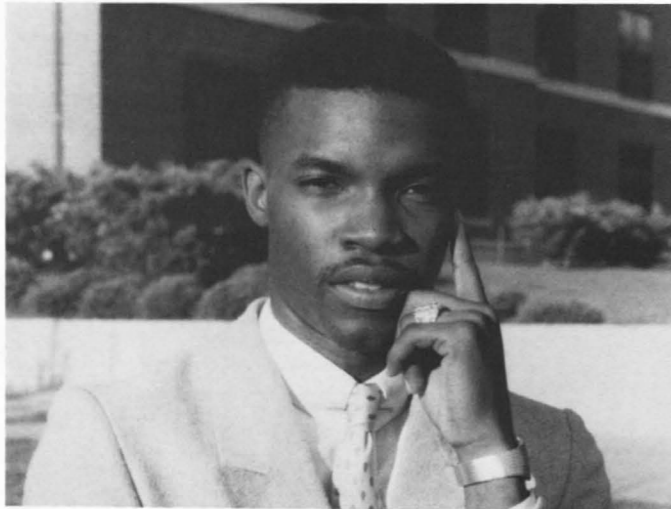

Jimmie Lewis, Jr.

Junior Biology major from Hempstead, Texas. Dean's List; Member, Beta Beta Beta Biological Society.

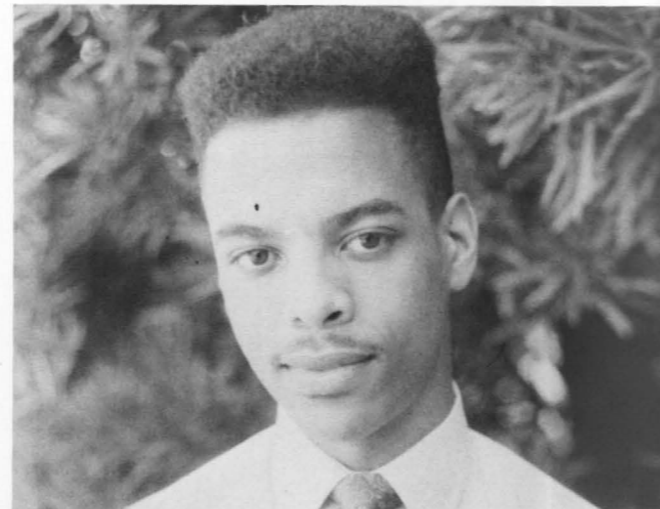

Frank Hayes

Senior Mechanical Engineering major from Houston, Texas. National Dean's List; Prairie View Spirit Award; Member, Tau Beta Pi; Pi Tau Sigma; Bronze Eagles Flying Club; American Society of Mechanical Engineers.

James Mays

Senior Finance major from Dallas, Texas. Dean's List 2 semesters; President, Alpha Phi Omega; Vice-president, Economics & Finance Club; Council of Student Organizations; Member, Tau Beta Pi; Campus Activities Committee.

David McCoy

Senior Biology major from Palestine, Texas. Dean's List; Honor Roll; Member, Beta Beta Beta; Sophomore Class Vice-President.

Joe V. Hall, Jr.

Senior Finance major from Houston, Texas. National Dean's List; Member, Dean's Student Advisory Council; President, Economic & Finance Club.

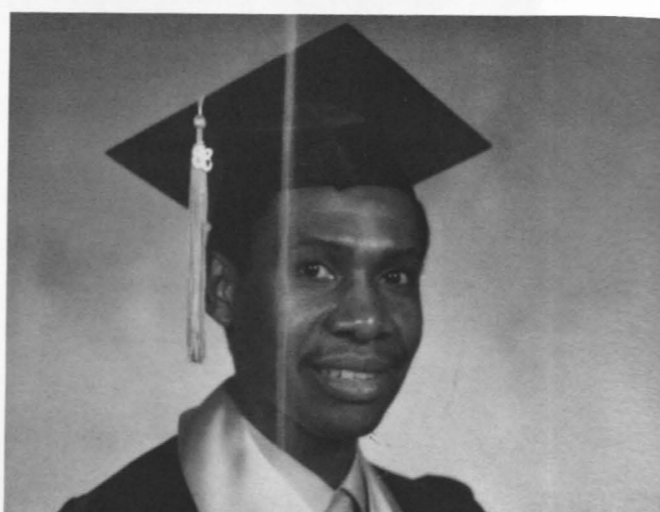

Doris Fifer

Senior Communications major from Altadena, California. National Dean's List; Yearbook Co-Editor; Member, Women in Communications; Club California; Mr. Prairie View A&M University Pageant Planning Committee.

Sylvia Molo

Senior Pre-Dentistry major from Houston, Texas. Honor Roll; Member Beta Beta Beta; Baptist Student Movement Choir; Biology Scholar Award.

Michael McLean

Senior Accounting/Agriculture Economics major from Brooklyn, New York. National Dean's List; Good Neighbor Awards Scholarship; Member, National Association of Black Accountants.

Lynette Edgerton

Senior Biology major from Atlanta, Georgia. Member, Alpha Kappa Alpha; Beta Beta Beta; Beta Kappa Chi; Minority Access to Research Careers.

Zelia Wiley

Senior Agricultural Education major from Fort Worth, Texas. National Dean's List; Member, Alpha Kappa Alpha; Agriculture Economics Club; Student Government President.

Activities

The term "STUDENT LIFE" referred to just about everything that took place over the course of the year. From the "hangout" on the "yard" to the concerts and pageants that entertained the students.

This year these events exploded with the pride of Prairie View in **POWER PLAY**. The homecoming events were extra special with the 110th Anniversary of Prairie View A&M University. The concerts that rock the campus attracted a lot of outside interest. The annual Mr. & Miss Prairie View A&M University Scholarship Pageants gave the students a chance to see some of the best looking and most talented males and females on campus.

The Art, Music and Drama Department presented plays by the award winning Charles Gilpin Players, music from the University Choir, Symphonic and Marching Bands, student music recitals and the performing artists series. The Classic Dance Ensemble, the Panther Kittens and University Majorettes provided a variety of dance movements for campus entertainment, not to mention the Baptist Student Movement musicals and all the other fashion and talent shows that best expressed the pride of **PANTHERLAND**.

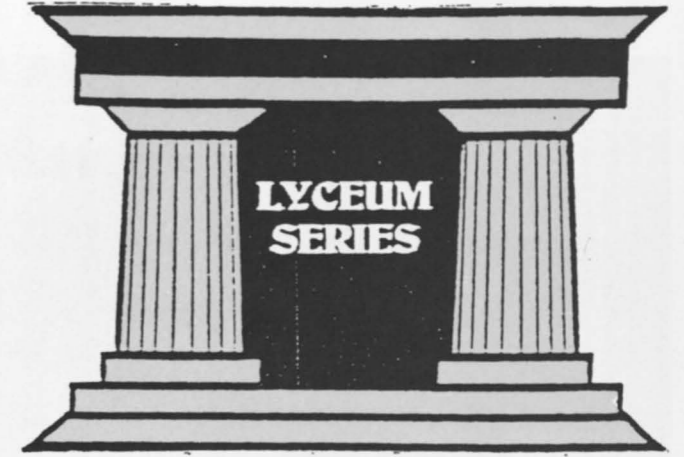

Famous Faces During The Renaissance

Donald Bogle

"Black Women in Entertainment" was the multi-media presentation topic of Bogle. In his "Brown Sugar" presentation, Bogle takes a poignant, affectionate and analytical look at black female entertainers, on stage and off. Whether he's discussing Josephine Baker's giddy stardom in Paris in the 20's, Lena Horne's Hollywood fame in the 40's, or Billie Holiday's problems and troubles in the 50's, he uncovers not only the tensions, but triumphs of the black

female performer in her bid for stardom. Included in this presentation are rare and exciting visuals and discussions on Ethel Waters, Dorothy Dandridge, Eartha Kitt, girl groups like The Supremes and other top stars, Aretha Franklin, Tina Turner, Grace Jones, Dionne Warwick, Patti Labelle, and current pop divas Whitney Houston and Janet Jackson, to name just a few.

Dr. Beverly Cole

is currently the director of education for the National Association for the Advancement of Colored People (NAACP). The primary goal of this organization is to ensure equal access to quality, integrated education for minority children.

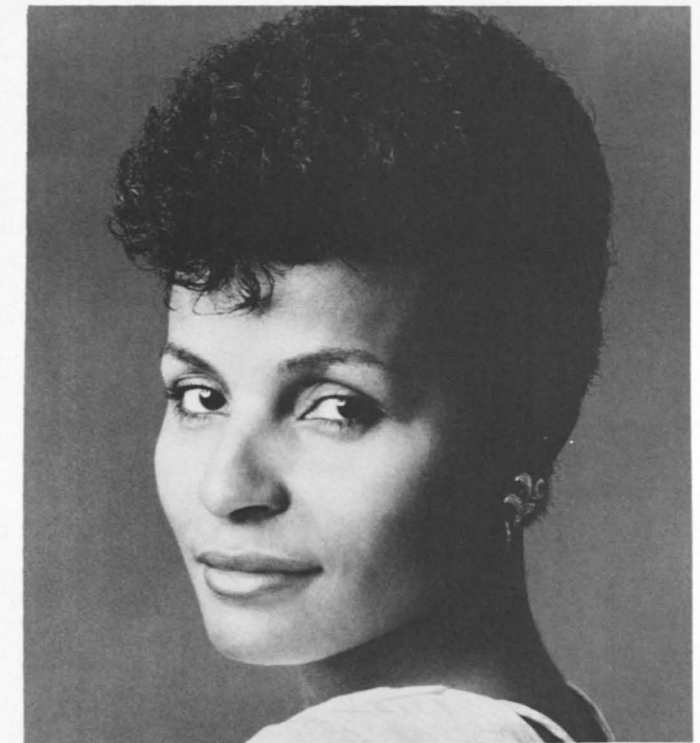

Dr. Cole spoke on education in the black and white colleges. She stated that there are more black students in ratio to black teachers. She emphasized that teachers should teach test taking techniques.

Prior to joining the NAACP, she served as the projected coordinator for the cultural awareness training program at UCLA and as a research consultant in California.

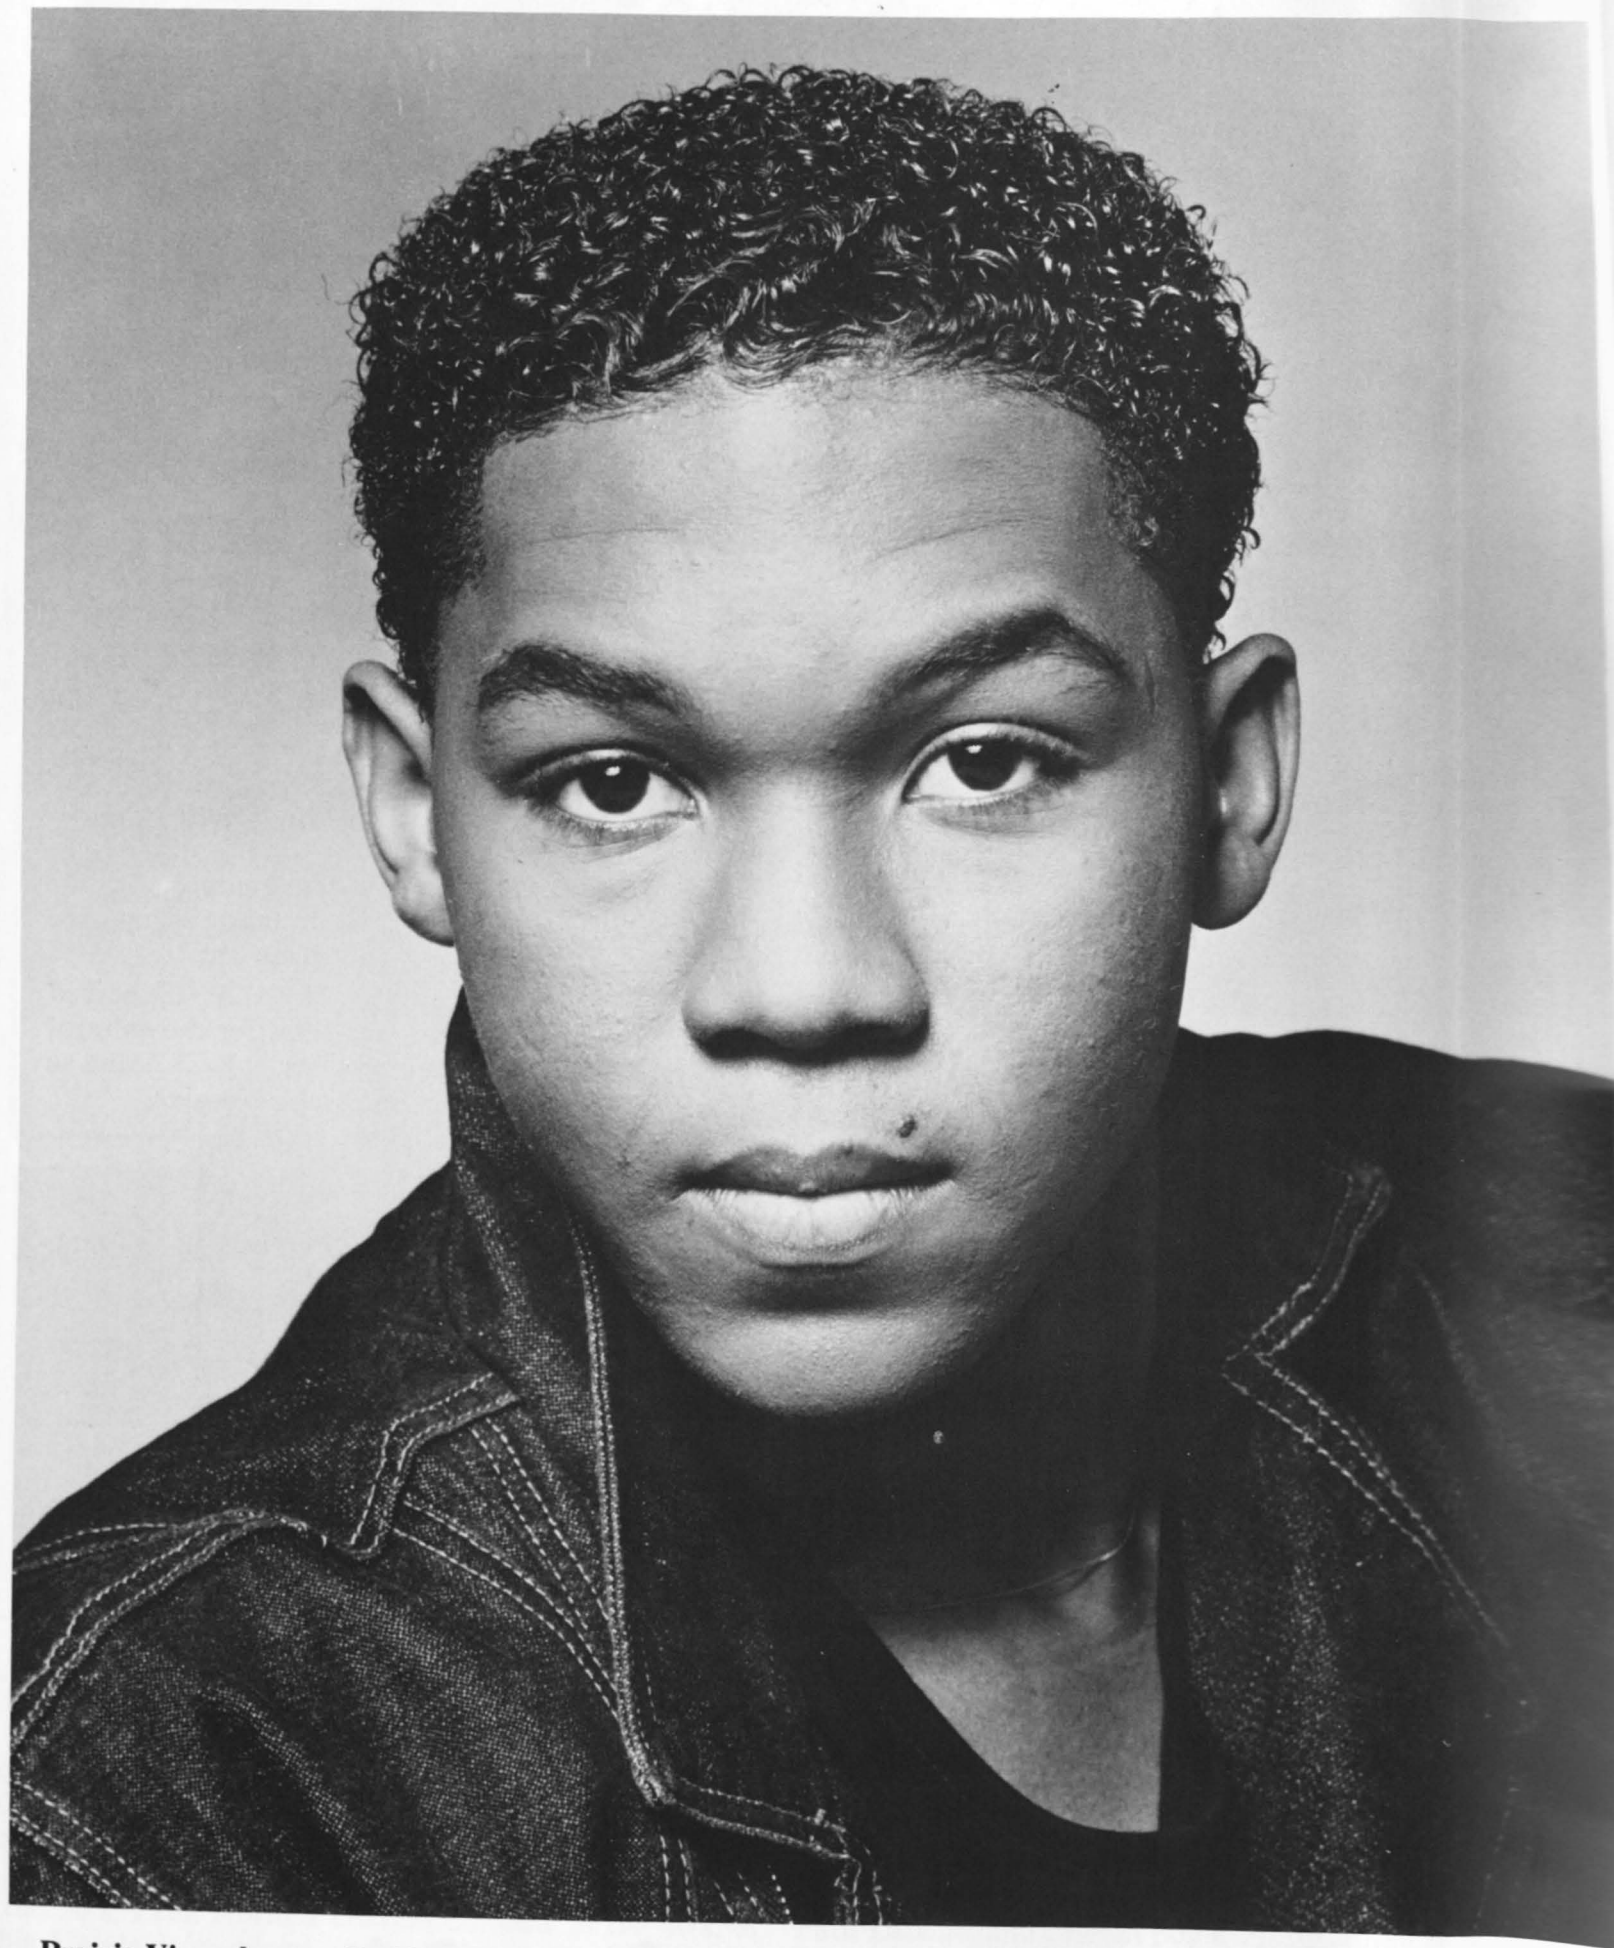

"Every student should be pushed to their optimum potential"

Mark Mathabane

Carmen Ballthrop

Prairie View alumnus DeAlan Wilson returned to his alma mater to conduct a seminar and teach a theatre workshop. He has performed in several off Broadway

plays, such as "Amen Corner", "Evita". He has made television appearances in "The Guiding Light" and also done television commercials.

Celebrating The Renaissance With Entertainment

OSSIE DAVIS, RUBY DEE

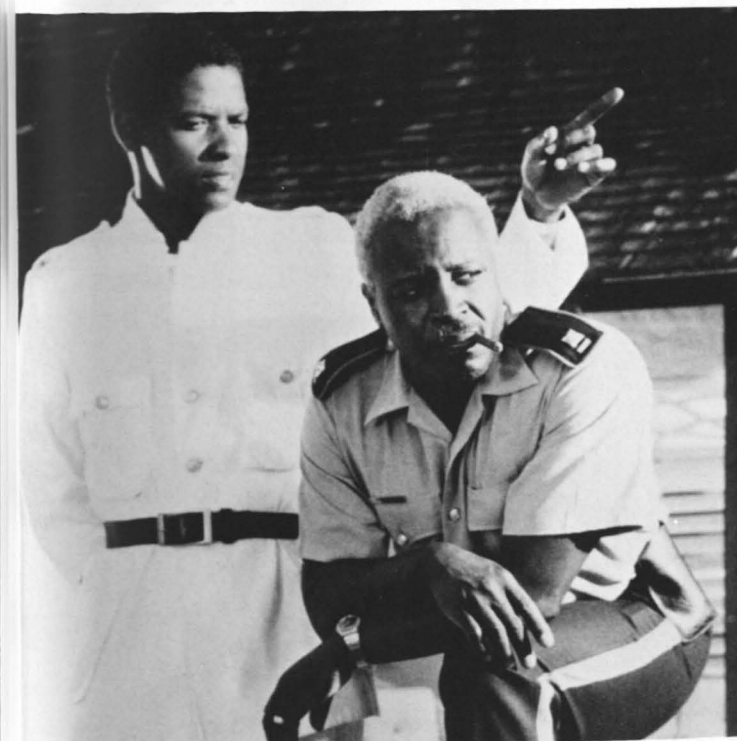

Bring Explosive Talent To Campus

The legendary greats of stage and screen, Ossie Davis and Ruby Dee, performed in the Hobart-Taylor Recital Hall in conjunction with Prairie View's 110th Anniversary Celebration.

The stage on which they performed was decorated with three banners of purple and gold displaying our anniversary theme "Partners in Progress '88: A Renaissance in Academic Excellence". Placed in front of the banners were two armchairs, a small table and two stands from which the duo read at times. The set was extremely effective in creating a relaxed atmosphere.

The audience was mesmerized as they absorbed a thought provoking blend of poetry, prose and dramatic monologues written by some of our most prolific black authors.

Denzel Washington & Actor Evans

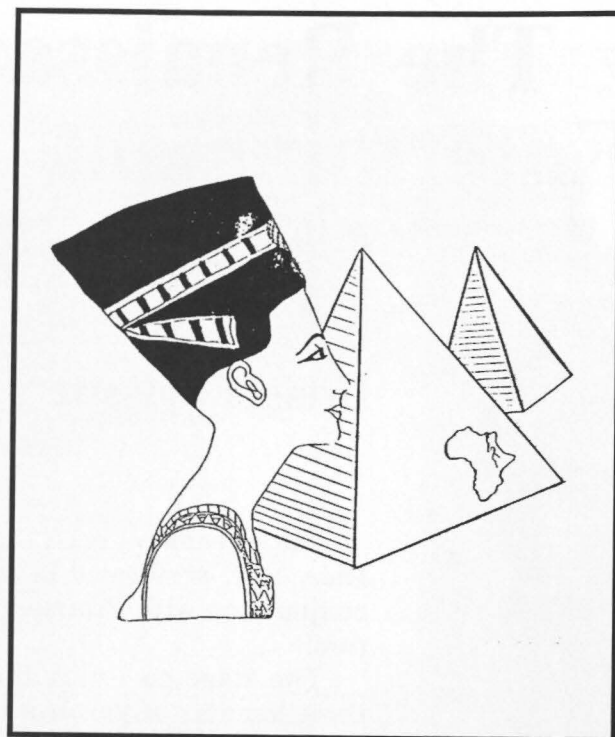

Denzel Washington and Actor Evans visited the campus of PV. Among Washington's film credits are "A Soldier's Story", "Cry Freedom" and "The Mighty Quinn".

The Boys Choir of Harlem performed on campus while celebrating their 20th anniversary. They have performed in London, Paris, Tokyo as well as the countries of Germany, The Netherlands and Switzerland.

Rachelle Collette Fisher

Rachelle is the daughter of Mr. and Mrs. William Fisher, Sr. She is a native of Las Vegas, Nevada. A junior pursuing a degree in architecture, she desires to become a successful lawyer of architecture. Some of her accomplishments include being Miss American Institute of Architecture Students, an All-American Academic Scholar, producing the Miss Black UNLV Pageant, being a member of the Architecture Honors Club, the National Society of Black Engineers, the Society of Women Engineers, and a member of Delta Sigma Theta Sorority, Inc. She has also received an Outstanding Design Student Award and a competitive scholarship from the College of Engineering. Her hobbies include reading, writing and sports with a special interest in water skiing.

Rachelle' with her mother and brother, Cora and William Fisher.

The Second Annual 1988 Mr. Prairie View A&M University

History

In the late '80's, Prairie View A&M University was in the process of "Entering a New Dimension" in the sands of time. The year 1987 was embarked upon by the First Annual Mr. Prairie View A&M University held on the 28th day of April in the Memorial Student Center Ballroom. The purpose of this contest was to honor those men whose footprints stepped in the direction of success, leadership, and excellence; men of great caliber who possessed such qualities and leadership characteristics that made them worthy enough to be "Lord over Pantherland" and hold such a prestigious title as "Mr. Prairie View A&M University".

Although the other contestants were competitive and the sands appeared a little quickening at times, Mr. Ricky Valentino LaFontaine was selected as the winner, thus becoming the first Mr. Prairie View A&M University.

During the exploration of this "New Dimension", the university yearbook department discovered that Mr. Prairie View A&M University would not only serve as an honor to men of this outstanding university, but also to women by serving as the official escort for Miss Prairie View A&M University.

Hence, it was Mr. Homer L. Smith, Jr. of Dallas, Texas the 1988 Mr. Prairie View A&M University, who revived the Royal Coronation for Miss Prairie View A&M University in all its splendor. The year 1988 also marked the year that the acceptance and the publicity of the contest bloomed, and thus, not only was the location changed from the Memorial Student Center Ballroom to the Hobart Taylor Recital Hall, but is also became an official pageant. Dimensions of the Prairie View Man

*A man with dignity,
Class and Style;
His eyes will show wisdom,
Friendship in his smile.*

*A man whose mind is bold,
For the lessons in life;
He will represent the Purple and Gold,
With his every strong stride.*

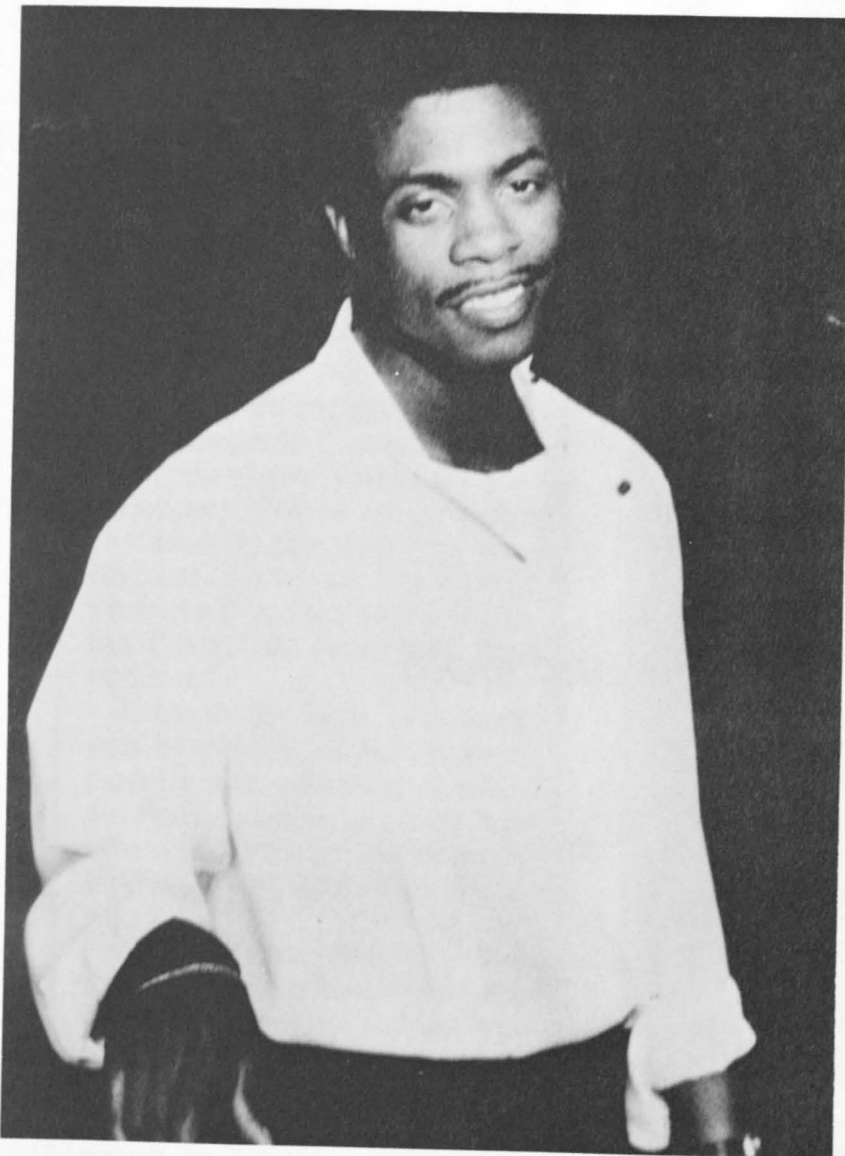

*A man with the heart and the soul.
And God on his side;
He will always be a man,
With Prairie View Pride.*

The Memorial Center is one of the main hubs of activity on campus. It houses several offices and stores.

The busiest section of the Memorial Center is the "Purple P," which is a major dining facility on campus. It serves as a hangout spot somewhat reminiscent of Hillman College's "Pit."

To cope with the needs of an extremely fashionable student body, there are two beauty salons. Cutie Pie's and the Hair Gallery ensure that our ladies are at their elegant best.

The recently renovated ballroom which once housed its share of parties is not reserved for more somber and formal occasions.

Da-T-Shirt Shop caters to the needs of the various sororities and fraternities as well as others who desire customized T-Shirts, pullovers, etc.

The Prairie View post office is housed in the Memorial Student Center. And of course, what would a memorial center be without a game room. Here students unwind over a game of spades, bones, pool ... or whatever makes them happy!!

The recently remodeled lobby adds a look of sophistication. Upstairs there are several offices including that for the Director of Student Activities.

... and then in the basement there's the yearbook office where we toiled to put these mementos together.

STUDENT ACTIVITIES Prairie View A&M University

CAMPUS ACTIVITIES BOARD (CAB)

The CAB organizes many activities for the college community. Student volunteers promote, plan and implement programs that provide opportunities for growth through educational, cultural, social and recreational experiences. Students are encouraged to participate on committees that interest them. The movie, Campus All-Star Challenge, entertainment and travel committees are just a few of the many committees that would welcome your extra time and energy.

STUDENT GOVERNMENT ASSOCIATION (SGA)

The SGA are elected students who represent the Student Body and promote their general welfare. The SGA gives involved students valuable leadership and management experience. The students are also appointed to various SGA and universitywide committees.

FRATERNITIES AND SORORITIES

Greek letter organizations at PVAMU provide opportunities for students to develop leadership and organizational skills, to make close and often life-long friendships and to get involved with campus and community activities. If you are interested in meeting new friends, gaining practical experience and having a good time in the process, consider joining one of the eight greek letter organizations. Membership is limited to students above the freshman level.

HONORARIES, CLUBS AND INTEREST GROUPS

Over 80 honorary, professional and social interest groups are currently active on campus and recruit members on a regular basis. These organizations represent a wide variety of disciplines and interests. The honor societies exist to recognize outstanding scholarship and/or leadership among students.

RELIGIOUS ACTIVITIES

The Johnson-Phillip All Faiths Chapel is the center of campus religious activities. Designed for both solitary meditation and interdenominational group workshops, the chapel serves the students through programming that addresses the major issues confronting the university community as well as the community at large. The United Ministries provide opportunities for students to maintain voluntary associations with religious groups representing their personal preferences. The ministries work with students through the chapel and through local community churches and sponsor the annual Ministers Conference.

MUSIC AND DRAMA PROGRAMS

The Department of Art, Music and Drama sponsors the Performing Artists Series, which presents famous artists in dance, music and theatrical performances during the academic year. The Charles Gilpin Players is an award-winning performing organization that provides a variety of exceptional productions. The University Marching Band, University Symphonic and Jazz Bands, and the Percussion and Brass Ensembles also perform on campus during the year. Each of these groups recruit members on a regular basis.

INTERCOLLEGIATE ATHLETICS

PVAMU has an outstanding men's and women's track and field program. In 1990, the Women's Track Team won its ninth consecutive NAIA National Championship under the direction of Barbara Jacket, who was selected to be the U.S. Women's Track Coach in the 1992 Olympic Games in Barcelona, Spain.

RECREATION AND INTRAMURAL SPORTS

Recreation and Intramural Sports allow all students regardless of athletic ability to participate in organized individual and team sports. Students, faculty and staff can choose from over 20 activities and special events held throughout the year.

PUBLICATIONS

The PANTHER student newspaper probes the issues of the campus community and expresses opinions of its audience. The paper is published bi-weekly by volunteers who are usually journalism majors. PANTHERLAND, the university's yearbook, is published annually and provides highlights of the year's events. Students are encouraged to become a part of the staff.

LECTURES

The Lyceum Series programs are monthly public lectures co-sponsored with the colleges, featuring national speakers who address topics of interest to students and faculty. Students promote and preside over all programs.

SPECIAL PROGRAMS

The Honors Convocation, Homecoming, the Miss Prairie View A&M University Scholarship Pageant (MPVAMUSP), the University Spirit Awards Program, the Mr. Prairie View A&M University Scholarship Pageant, Spring Fest, and the Dr. Martin Luther King, Jr. Birthday Observance are traditional annual activities on campus. Homecoming is a week-long celebration that typically includes a concert, step shows, block parties, talent shows, a royal ball and parade. The winner of the MPVAMUSP participates in the Miss Texas Pageant and has an opportunity to be a winner in the Miss America Pageant. The University Spirit Awards Program recognizes those students who have volunteered their time and energy to the student life program on campus. The Dr. King Observance program is designed to help us remember the struggles of the past that enable us to have some of the freedoms that we enjoy today. Other special programs include the Emerging Leaders Seminar, Prairie View Choice Awards, and Fashion Shows, etc.

GET INVOLVED IN STUDENT LIFE AT PVAMU. Most of the programs and services outlined here are organized and presented by PVAMU students. Join a committee, club, Greek organization; go to work for SGA, CAB, or a student publication; audition for a sports support group, drama or music group; attend the movies, lectures, dances and other events. There is SOMETHING FOR YOU at PVAMU.

Gilpin Players Celebrate 60th With Fanfare

PRAIRIE VIEW - The Charles Gilpin Players, the distinguished theatre company at Prairie View A&M University, will celebrate their 60th anniversary Saturday, April 22 from 11 a.m. - 6 p.m.

The much-honored Gilpin Players were founded in 1929 by Dr. Earl Sasser. The players were

named for black actor Charles Gilpin, famous for his portrayals of Emperor Jones and Othello in the United States and Europe early in this century.

"Performing consistently for 60 years, it is the oldest active black theatre company in the southwest," an anniversary official said.

Sasser, who left Prairie View in

1945 and now resides in Nashville, Tennessee, will be honored with other former directors of the Gilpin Players at the anniversary convocation.

Gilpins Set State for First Spring Production.

The Charles Gilpin Players and the Theatre Arts Program will present their first major production

of the Spring 1989 season from April 18-21. The play, entitled The Heir-ess, was written by Ruth and Augustus Goetz, and will be directed by Dr. Ted Shine.

The story takes place in New York City during the mid-1800's in a beautiful home in Washington Square. Catherine Sloper, the heiress, is deprived of

love and happi-

ness because of her lack of beauty and her reserved nature until she meets Morris Townsend, the charming, hospitable and poor chap who asks for her hand in marriage. Will Catherine go against her father and wed Morris or risk losing her one chance at happiness?

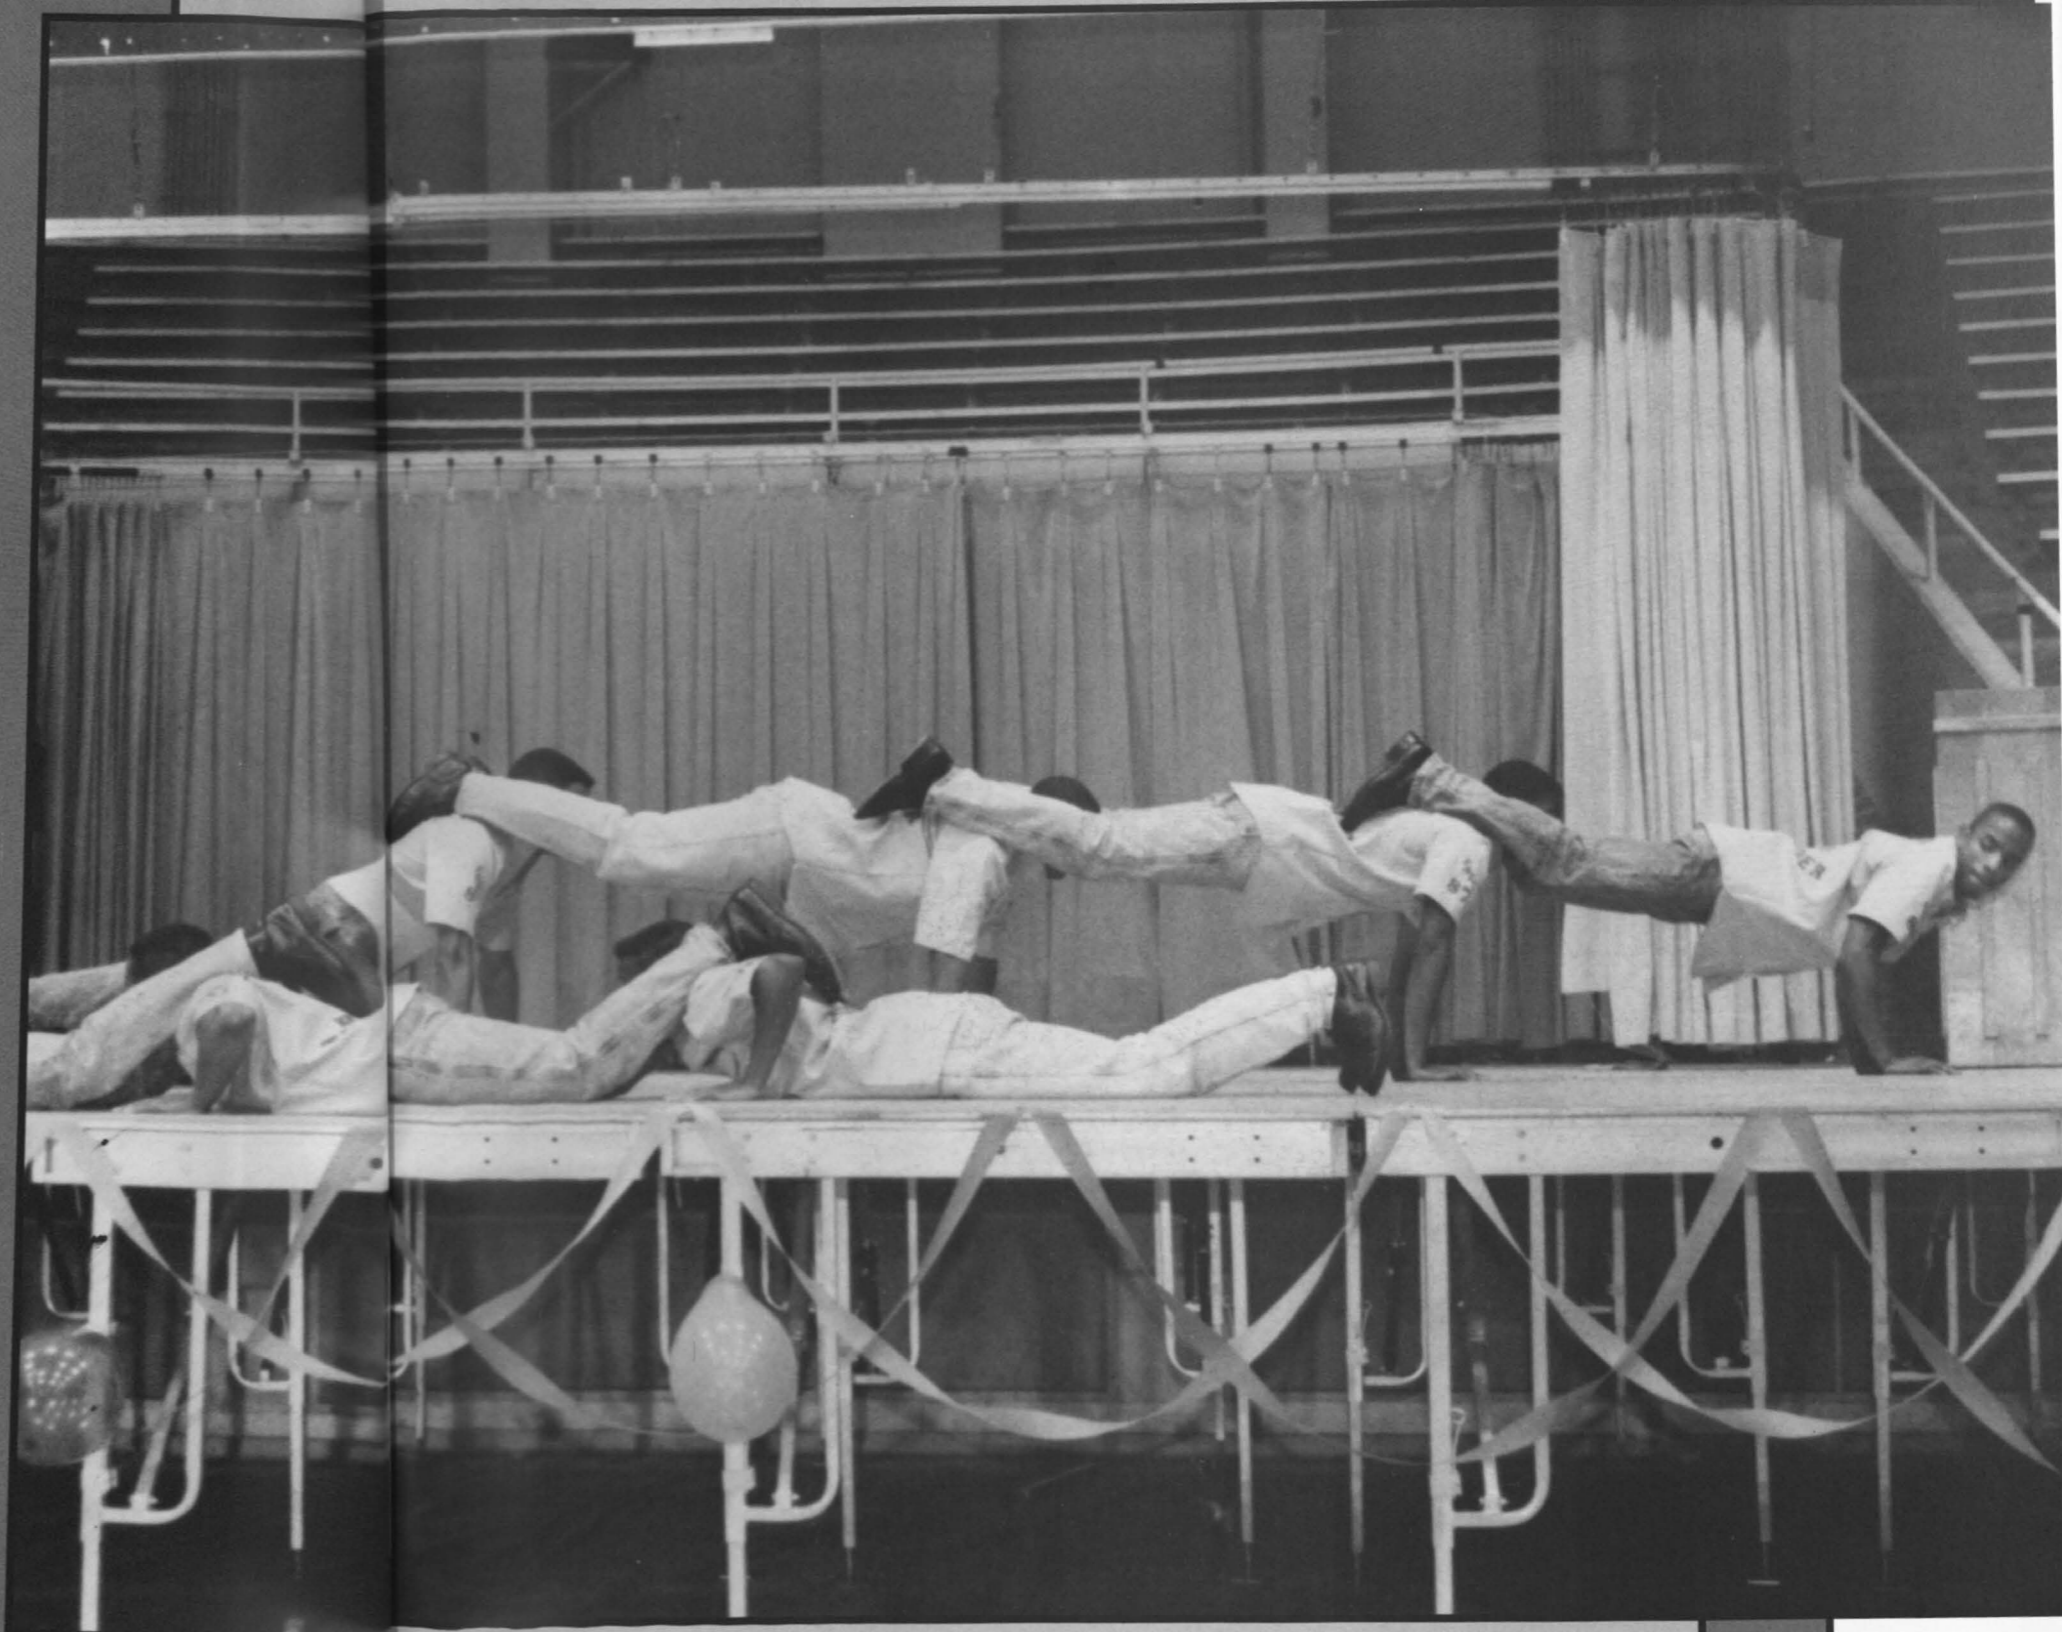

Organizations

From the non-Greek to Greek organizations, all make up the Power Play at Prairie View A&M University. The Step Shows draw hundreds of students and visitors to the "baby dome" to watch the steppers stomp to the beat of the music and the "cane masters" twirl and twist the sticks of colors.

The Honor Societies and Non-Greek organizations make up the Council of Student organization (CSO). The Greek organizations are governed by the Pan Hellenic Council, which are Alpha Phi Alpha, Alpha Kappa Alpha, Kappa Alpha Psi, Omega Psi Phi, Delta Sigma Theta, Phi Beta Sigma, Zeta Phi Beta and Sigma Gamma Rho.

There are over 150 student run organizations designed for promoting unity, socializing, honoring students, and promoting excellence. The Army and Navy Reserve Officers' Training Corps is one such organization. They produce commissioned officers in armed services every year. They have commissioned over 2000 officers since 1956.

Alpha Phi Omega Phyettes

Alpha Phi Omega

The glory of life is to love not to be loved. The man who possesses sympathetic understanding will appreciate that. The glory of life is to give, not to get, to serve, not to be served. The man who values friendship will realize that. The glory of life is to be a strong hand in the dark to be a cup of strength to any soul in a crisis of weakness. This is to know the glory of life.

Athletics

“POWER PLAY” hardhitting, Powerful, rough, entertaining, enjoyable, sweaty, and fast-pace are some of the things that describe the **POWER PLAY** of sports at Prairie View. The Athletics teams of the Panthers are the Football, Volleyball, Men’s and Women’s Basketball, Baseball, Men’s and Women’s Track, Golf and Tennis. The University also sponsors intramural games of Basketball and Football. Some students like to engage in racquetball, pool, swimming, archery, soccer, card games, and chess. Prairie View is in the Southwestern Athletic Conference (SWAC) and is becoming more competitive each year. The big highlights of the Power Play in Sports are the Football Labor Day Classic Game, Gambling vs. Prairie View Football Game, played in the Cotton Bowl located in Dallas, Texas, Homecoming Football game, NAIA National Outdoor Track and Field Meet and the Prairie View Relays.

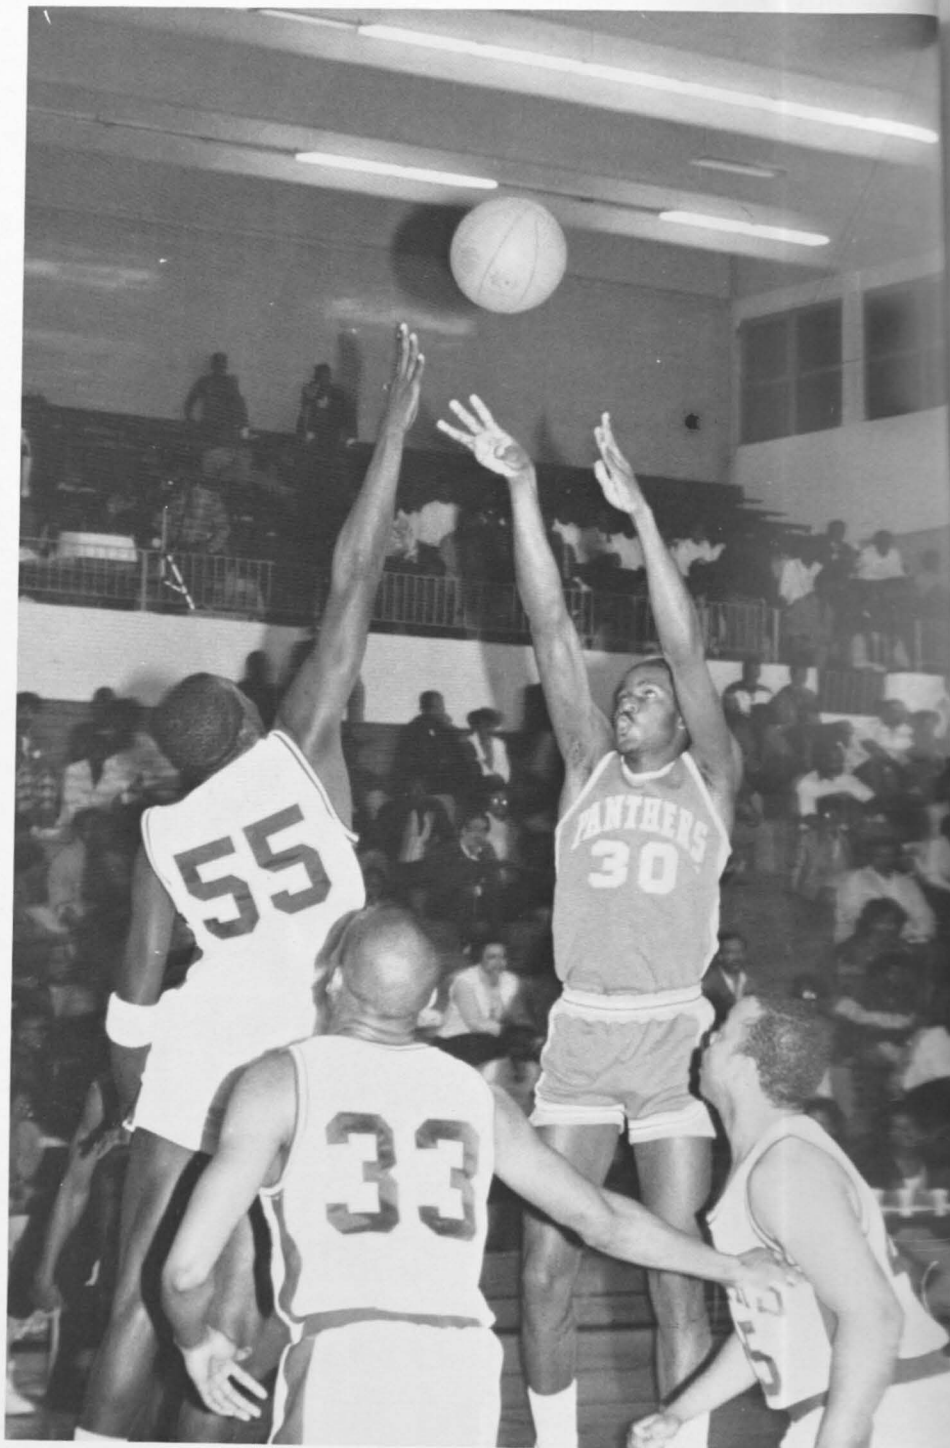

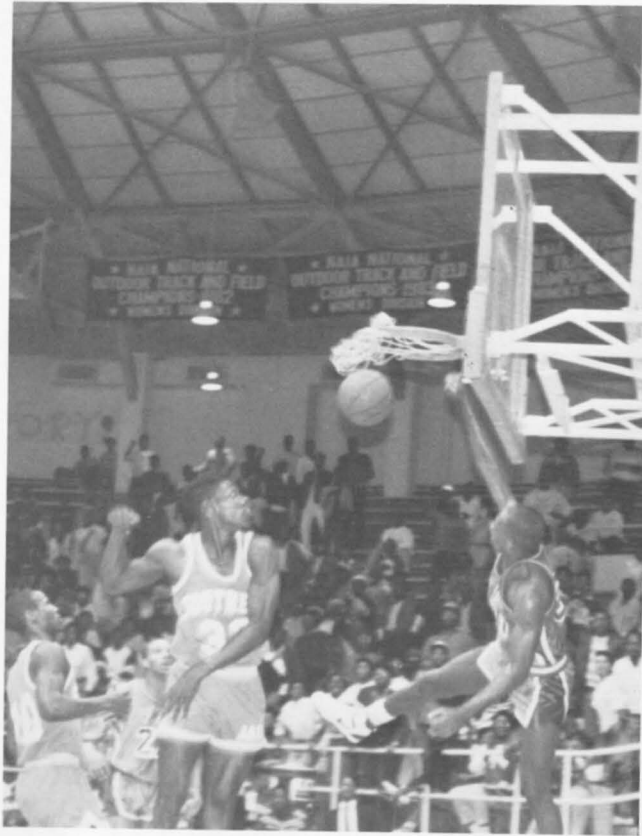

Strike Force '88

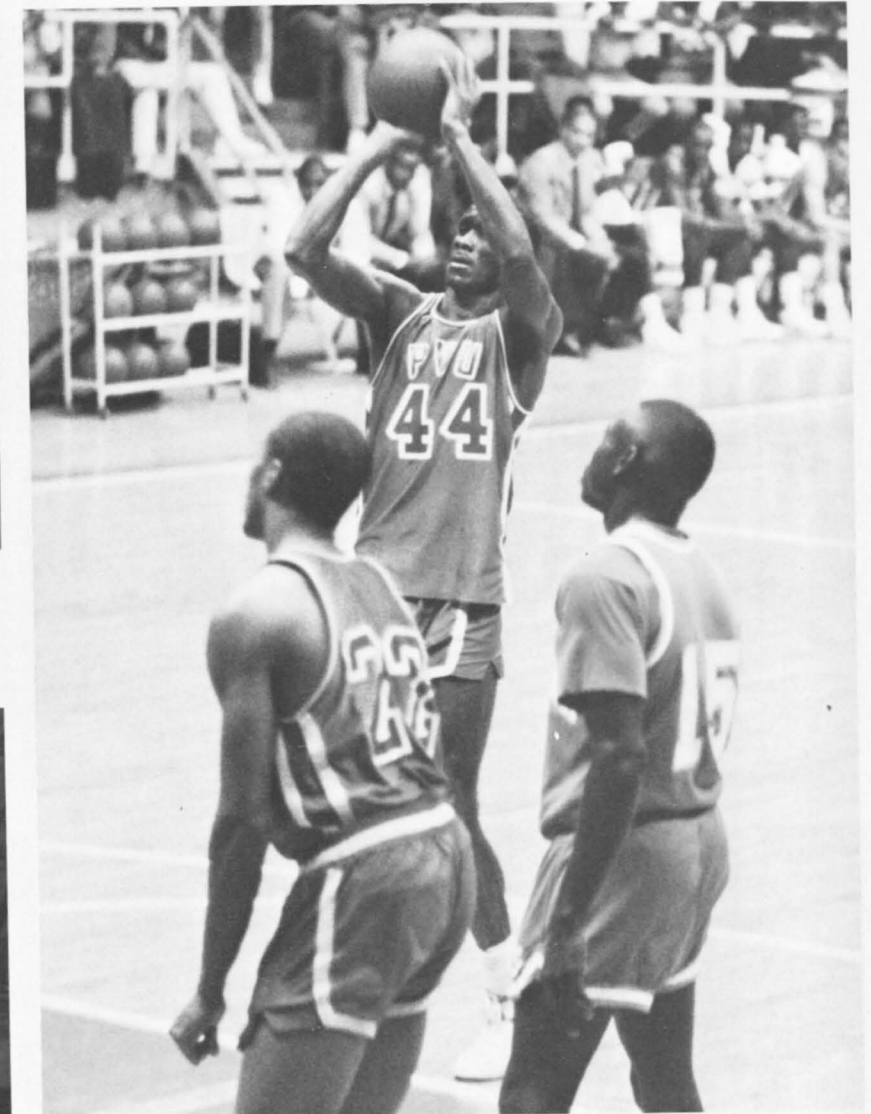

Three Pointers!!

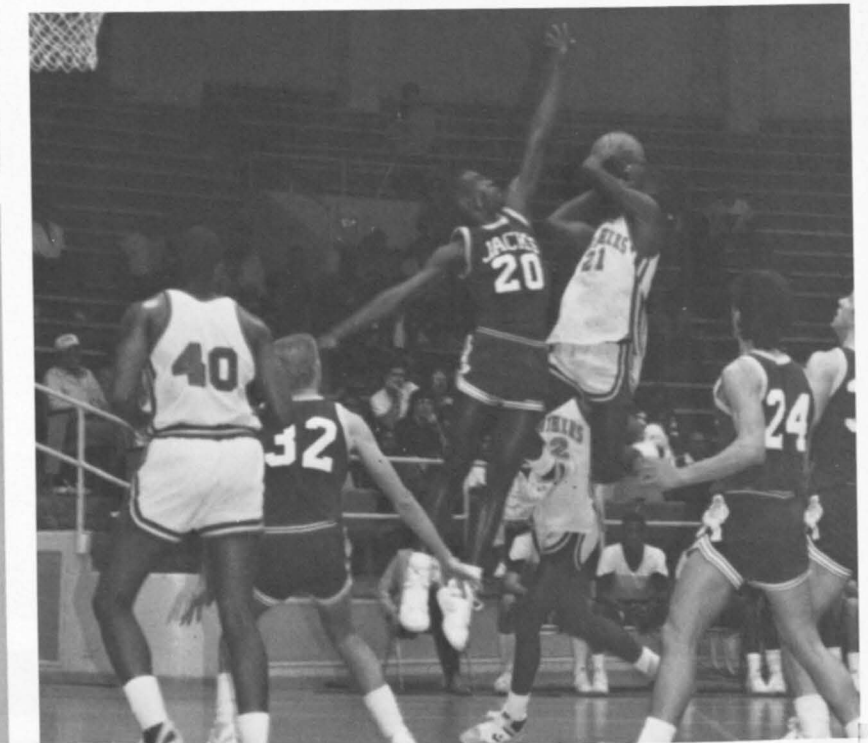

PV 82-Miss. Valley 73

Head Coach Jim Dulantier

Filling in the baskets

Guards Lamar Holt and Ricky Dunlap sparked a 17-4 spurt at the end of the first half to propel PV past Mississippi Valley 82-73. Tied up at 34 with 3:42 remaining in the first half, the Panthers scored 10 points on two 3-point shots by Dunlap, two Lamar Holt free throws and a reverse layup by Michael Ervin. Senior center Roderick Coleman sank two baskets to bring Valley to within 44-38 at the 1:30 mark of the first half. However, the Panthers continued to put the offensive pressure on the Delta Devils. Michael Ervin got loose on a fast break that resulted in a jam and a short jumper to end the half.

This spurt put the Panthers up 51-38.

Ricky Dunlap had 12 of his 14 points from three point shots as Holt and Holt combined for 10 of the teams 11 three pointers. Steve Stevenson dominated the inside game with nine points, nine blocked shots and 17 rebounds. Prairie View shot a season high 54 percent from the field in avenging an earlier 96-65 loss to Valley.

Last year's NCAA three-point champion Timothy Pollard led the Delta Devils with 21 points. Jammie Johnson had 20 points and Reginald Brown added 16 points and 16 rebounds.

We Conquered The Field

The PVU crosscountry sticks to the game plan that gives them an edge to victory.

All in the name of fun and the team.

To demonstrate how excellent and talented we are, a PVU crosscountry member outdoes his opponents.

Pay-Off Time

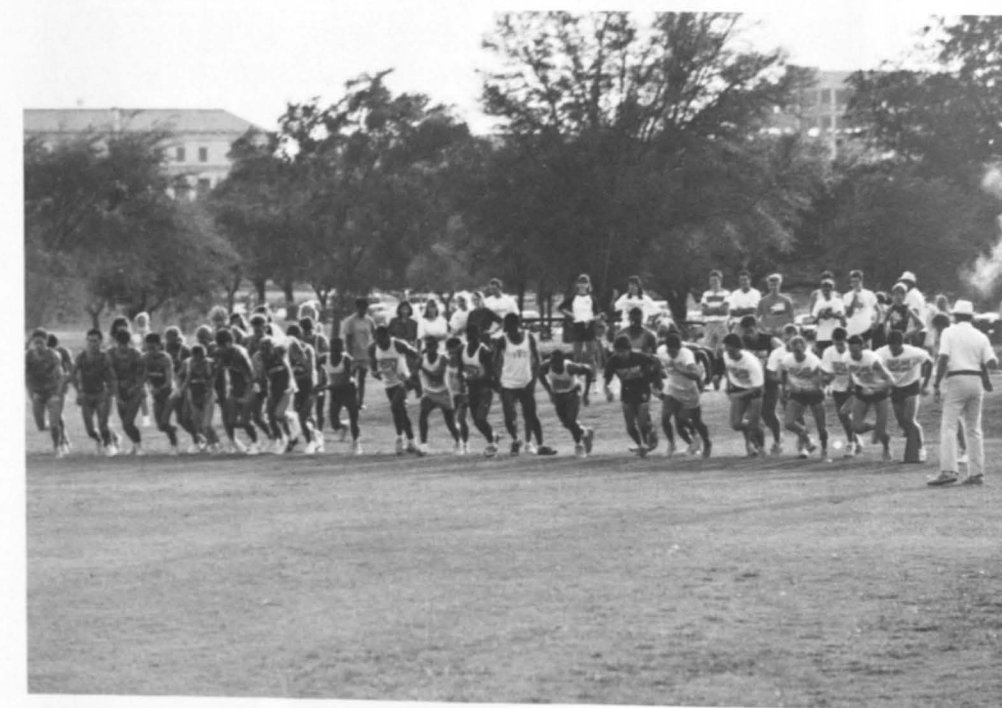

The PV harriers stretch out in preparation for the start of another long distance contest.

Leading at the halfway point, PV runners listen for times and suggestions.

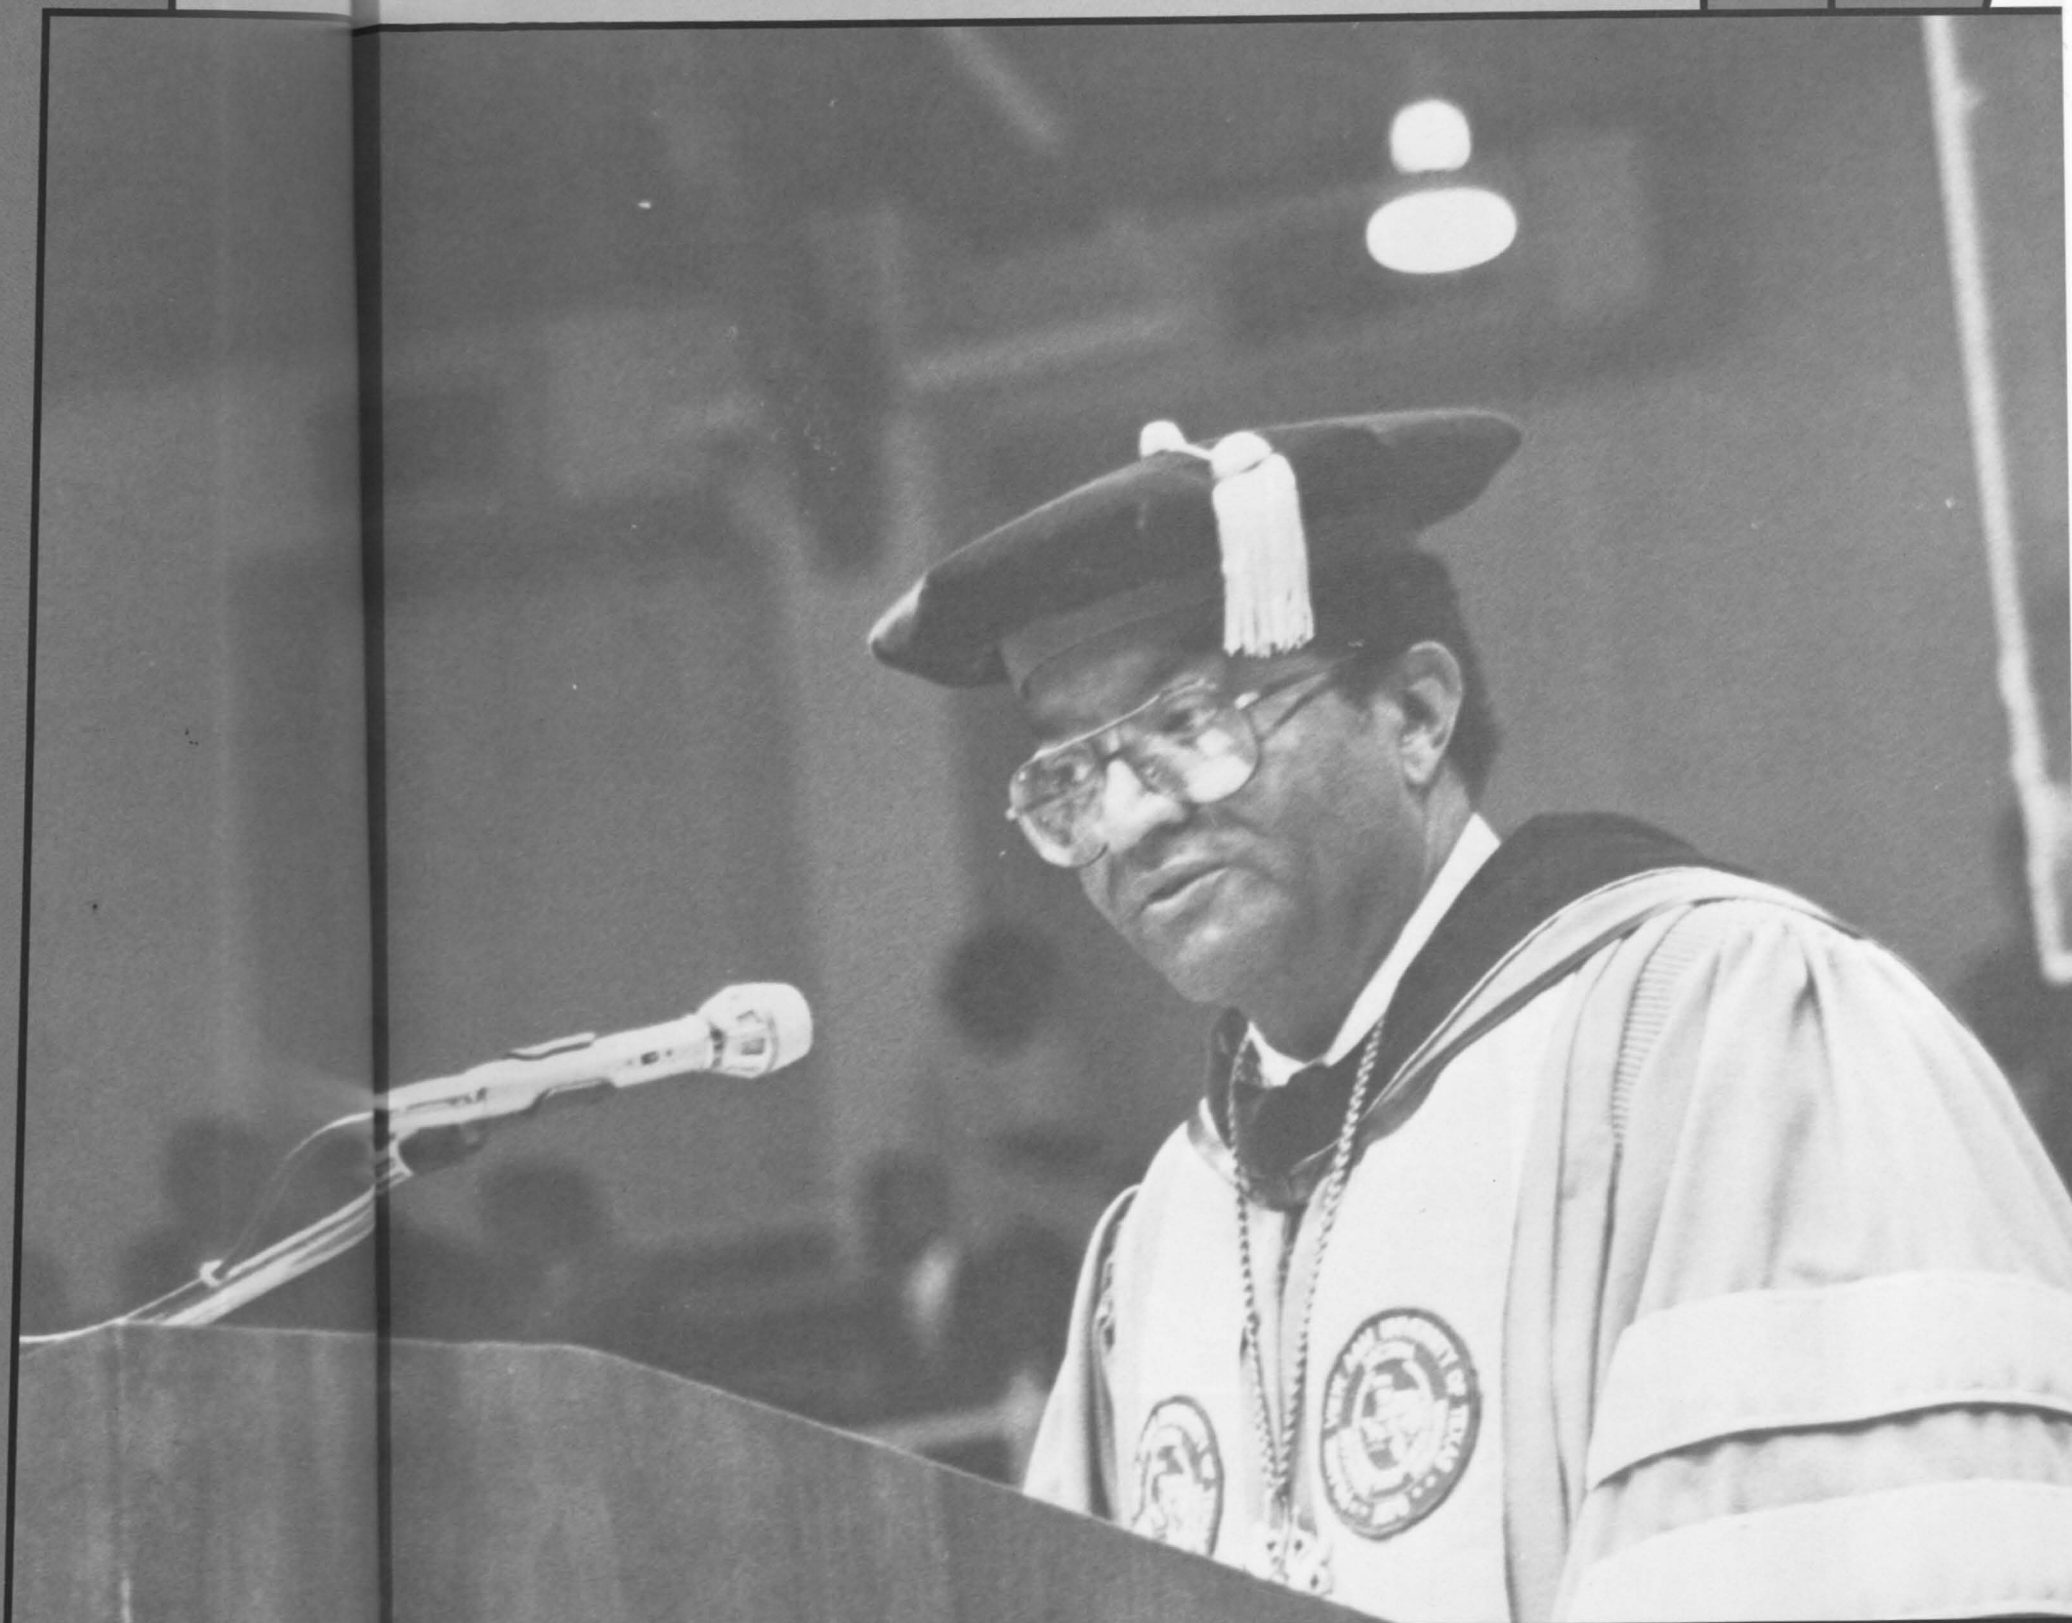

With the sound of the gun, PV runners race for position.

Classes

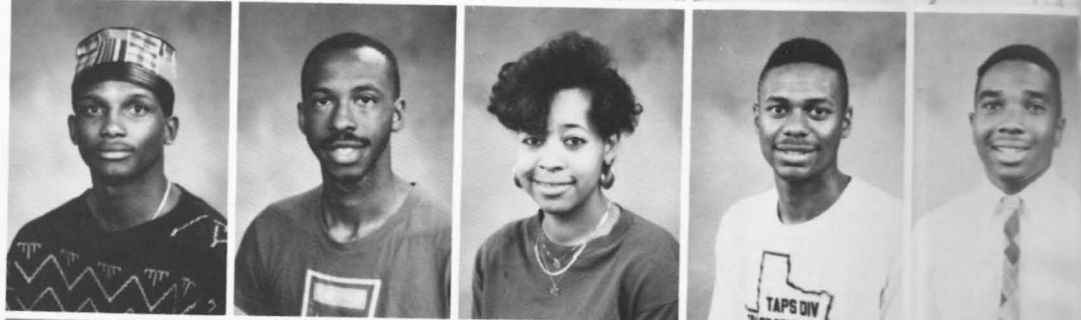

Freshman "Crabs", "Silly" Sophomores, "Jovial" Juniors and "Sophisticated" Seniors make up the Prairie View A&M University Class Section. When the "crabs" first show up at Freshman Orientation they look like young school kids with brand new clothes and backpacks hanging from their small bodies. As they mature from the crabmania, they begin to attend different university functions and begin to act like "college kids". By the time they become sophomores they begin to relax more and attend parties sponsored by the different fraternities and sororities. They chill out in front of Alumni Hall and try to get noticed by the upper-classed students. They gain an interest in joining a Greek or non-Greek organization. When they become Juniors they join all the organizations they can to make their resume look good. They are tired of going to classes after three o'clock and before nine o'clock. They are tired of looking at the same foreign professors; all they want to do is sleep, sleep, sleep . . . They wake-up when they become Seniors, they are not worried about anybody's business but their own. They dress up for job interviews every week, type research papers, term papers, thesis papers and senior projects all year. Not to mention the MCAT, LSAT and GRE test. Until that supercalifragilisticxpealidocious day of graduation. . .

The Final Moments

The Journey Ends??

... Our Heritage and Traditions

The heritage and traditions of Prairie View A&M University are found in every facet of campus life. We recommend them to all students new and old. Our traditions are many and diversified and have grown to include: Commencement Exercises, Honors Week, Convocation & Banquet, Parents' Day, Open House, Miss Prairie View A&M University Scholarship Pageant, Founders' Day (March 11, 1878), Homecoming Activities, Panther Varsity Athletics, and Pigskin Review. Mascot: The Panther.

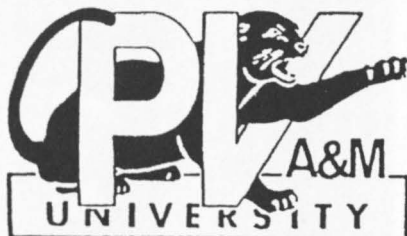

... Our Alma Mater: "Dear Prairie View"

Dear Prairie View, our song to thee we raise
 In gratitude, we sing our hymn of praise
 For mem'ries dear for friends and recollections
 For lessons learned while here we've lived thee,
 For these we pledge our hearts full of devotion
 To serve thee now, and through eternity.

As days go by our hearts will not grow cold,
 We'll love thy purple royal and they gold
 We'll through our lives exemplify thy teachings
 We'll always strive a blessing to be.
 Thy children we our love and pride confessing,
 We'll love thee now, and through eternity.

Words By O. Anderson Fuller
 Music From "Finlandia"

... Our Mascot

The Panther-fierce, very cunning and skillful; able to outwit and overpower any prey!

... Our Ideals for the Prairie View Man and Woman

Deep in the heart of the Prairie View Spirit are embedded ten basic ideals. These ideals include Brotherhood, Friendliness, Honesty, Scholarship, Cleanliness, Health, Respect, Responsibility, Service and a Belief in a Supreme Being.

... Our Fight Song:

"Cheer For Prairie View"

Cheer for Prairie View
 Cheer for the purple and gold
 Let's cheer them on
 Till they make a score
 Get the ball and score some more

Cheer for Prairie View
 Cheer for the purple and gold
 We're marching on once more
 Till we make the score
 For a VICTORY

POWER

play

Power Play

A term used in hockey when a personal penalty has been committed towards a player on the opposite team. The foulee, the person whom the foul was committed against, is then entitled to a one-on-one confrontation with the goalee. The player's objective is to get the hockey puck in the net. Ironically, this is a perfect term that depicts the heritage of Prairie View A&M University. In this case, however, Prairie View A&M University (PVA&MU) is competing in the arena against its opponent-NEGATIVE STEREOTYPISM.

Prairie View's heritage has been distorted by the assumption from outsiders, such as the media and other universities, that since the school is a historically black institution, it is incapable of providing a quality education for its students. PVA&MU however, has the opportunity to become the victor in this one-on-one confrontation. Its strategy involves all of its great accomplishments, such as establishing the first black honor's college, producing the highest number of minority engineers in Texas, establishing the first full-fledged, active Naval Reserve Officers Training Corps Program at a Historically Black University and producing the highest number of black pre-med graduates and also the producer of the highest percentage rate in Texas of pre-med students accepted into medical school.

When PVA&MU's strategic plan is put into action it is sure to dominate the opponent. And, with society as the audience witnessing the victory, the truth will be known that Prairie View A&M University is an institution of the first class and is a "PRODUCER OF PROUD, PRODUCTIVE PEOPLE".

Academics

As a historically black university, the Prairie View faculty, administration and staff are comprised of highly intelligent and motivated professionals who are willing to work with the students as well as for the students.

From the president of the university, Dr. Percy A. Pierre, to all the various department and colleges, Prairie View A&M University prides itself on producing productive people. The university is composed of seven colleges: College of Applied Science and Engineering Technology, College of Arts and Sciences, Benjamin Banneker Honors College, College of Business, College of Education, College of Engineering and the College of Nursing, which is located in the heart of the Texas Medical Center in Houston, Texas. The faculty and staff secretaries greatly contribute to the making of the first class university that Prairie View is and will continue to be.

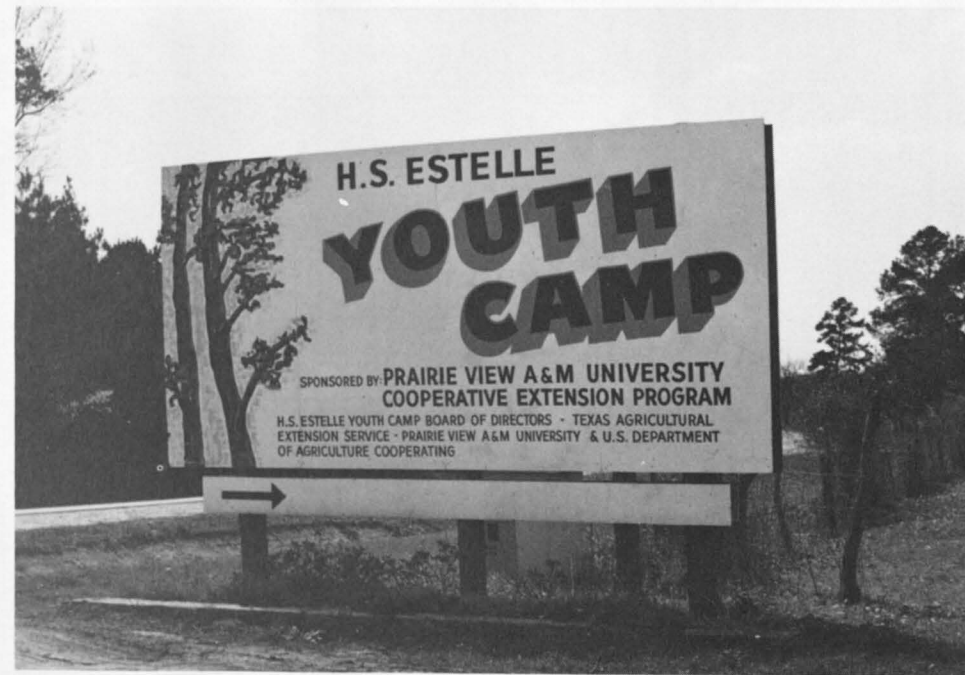

1890 COOPERATIVE EXTENSION PROGRAM

In 1971, congress earmarked a portion of funds for extension work at 1890 land-grant institutions and Tuskegee Institute. After the passage of the Food and Agriculture Act of 1977, the 1890 Land-Grant Institutions and Tuskegee Institute received complete autonomy over extension programs.

The act provided that not less than 4 percent of extension funds under the Smith-Lever Act of May 8, 1914, would be appropriated for extension work at 1890 land-grant institutions and Tuskegee Institute. Recognizing the significant contributions of 1890 colleges and universities, congress, in 1981, amended the act of 1977 to provide for not less than 6 percent of Smith-Lever funds for extension programming.

The Cooperative Extension Programs at the 16 historically black land-grant institutions and Tuskegee Institute are conducted in cooperation with respective 1862 counterparts to provide an effective network of educational programs to help people help themselves. The primary thrust of the 1890 programs is to improve the quality of life of individuals, families, and communities with limited resources and to help them resolve their socio-economic problems.

The 1890 extension programs are unique because few organizations work effectively with limited-income clientele groups in the four major program areas--agriculture and natural resources, home economics, community development, and 4-H and youth. The program is non-duplicative, but rather complementary to the 1862 counterparts.

Outstanding College Students Of America

Lowell and Althea Washington

Lowell Condi Washington was born in Washington, DC. While attending Prairie View A&M University he was nominated and accepted to Outstanding College Students of America in the spring of 1989. He has participated in activities that range from Political Science Club Vice President, Blackstone Pre-Law Society, Upsilon Tau Gamma, Sigma Rhomeo, to Outstanding Cadet of Army ROTC. He received the Prairie View A&M University Scholars Award. Lowell is a political science major who has participated in cross country events for the university track team.

Althea Kay Mitchell-Washington is a native of Houston, Texas. She served as treasurer of International Womens Association Residence Hall Arbitration Chaplain, and was a member of Phi Beta Sigma. Althea holds a B.S. in Elementary Education and will receive her Master of Education degree this spring.

Prairie View War Hero Receives Bronze Star

George H. Stafford

Bronze Star For Heroism

In the 42 years since he was recommended for the Bronze Star, the nation's fourth highest military decoration, Prairie View A&M Professor George H. Stafford never knew why he didn't receive the award.

His daughter, son, and son-in-law, who saw fit to investigate, found that written accounts of the battle Stafford participated in had been burned in a fire and had his medal restored in time to present it to him on Thanksgiving.

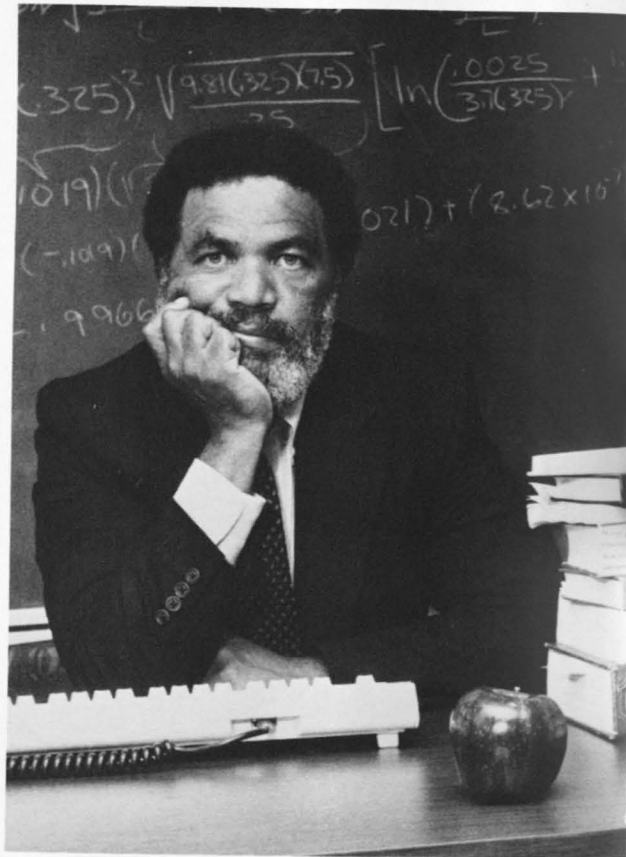

Stafford was recommended for the Bronze Star for heroism after saving several of his fellow servicemen and assuming command after a foiled take-over attempt in an Italian town in the mountains

near Milan in January 1945.

Stafford said the act was a result of the moral training he got from his parents and his educational experience at Prairie View.

Prairie View A&M University President Dr. Percy A. Pierre awarded the modest Stafford his well-deserved medal.

Thanks to the diligence of Dr. Stafford's family members other medals belonging to him were also restored. They were the Honorable Discharge Medal, various weaponry skills medals, the Army of Occupation Medal, World War II Medal, the African Campaign Medal with clusters, and the Good Conduct Medal.

Jacqueline McCalla

Senior Finance major from Kingston, Jamaica. Honor Roll 4 semesters; Member, Economics & Finance Club; Club Caribbean, Recreation and Outdoor Committee.

Rachellé C. Fisher

Senior Architecture major from Las Vegas, Nevada. Miss Prairie View A&M University; Member, Delta Sigma Theta; National Society of Women Engineers; Newman Association; American Institute of Architecture Students.

Murphy G. Alix

Senior Architecture major from Altadena, California. National Dean's List; University Dean's List; Architecture Honors and Design Award; Member, Mega Omega Beta; Architecture Honors Club.

Activities

The term "STUDENT LIFE" referred to just about everything that took place over the course of the year. From the "hangout" on the "yard" to the concerts and pageants that entertain the students.

This year these events exploded with the pride of Prairie View in POWER PLAY. The homecoming events were extra special with the 110th Anniversary of Prairie View A&M University. The concerts that rock the campus attracted a lot of outside interests. The annual Mr. & Miss Prairie View A&M University Scholarship Pageants gave the students a chance to see some of the best looking and most talented males and females on campus.

The Art, Music and Drama Department presented plays by the award winning Charles Gilpin Players, music from the University Choir, Symphonic and Marching Bands, student music recitals and the performing artists series. The Classic Dance Ensemble, the Panther Kittens and University Majorettes provided a variety of dance movements for campus entertainment, not to mention the Baptist Student Movement musicals and all the other fashion shows and talent shows that best express the pride of PANTHERLAND.

"Star Gazing"

... A Journey Into A New Dimension

Looking' at Mary Ann Palmer

Mary Ann Palmer was crowned Miss Prairie View A&M University 1989-90 on April 1, 1989. She is being hailed as one of the hottest rising artists. Although specializing in country and western music, an untapped genre for African-Americans, she began performing gospel songs in front of small audiences in local churches and various talent competitions at an early age. Miss Palmer recalls being inspired by the great works of famous country and western artists such as Charlie Pride, Loretta Lynn, Dolly Parton, Willie Nelson, and Reba McEntire to name a few. The alluring songstress gives much credit for the progression of her career to opportunities which she embraced while attending the university.

Miss Palmer was born in Hempstead, Texas on February 21, 1968 to Mr. and Mrs. Howard Palmer, Sr. She is a proud 1987 graduate of Bellville High School, Bellville, Texas, where

she was the first African American to have a personal plaque placed in the trophy case, and is currently a Theater Arts major at Prairie View A&M University, Prairie View, Texas. Her future ambitions are to become a grammy award-winning country vocalist and to become one of American's greatest actresses.

Miss Palmer was the talent winner in the Miss Prairie View A&M Pageant and represented the university in the 1989 Miss Texas Pageant. She has won several awards including 1987 and 1988 Best Female Vocalist, Prairie View A&M University Showcase; and Austin County Fair Talent Contest Overall Winner. Her unique vocal stylings won her local acclaim for her impersonations of Dolly Parton, sponsored by Houston's Majic 102 Radio Station. These are merely a fraction of Miss Palmer's many accomplishments.

She has made various dramatic and musical performances, including a special performance on the Johnny High Country Music Review and participation in the productions of the Charles Gilpin Players and other performances around the state.

With all her accomplishments, Mary Ann is destined for success in whatever she does, particularly the country music arena.

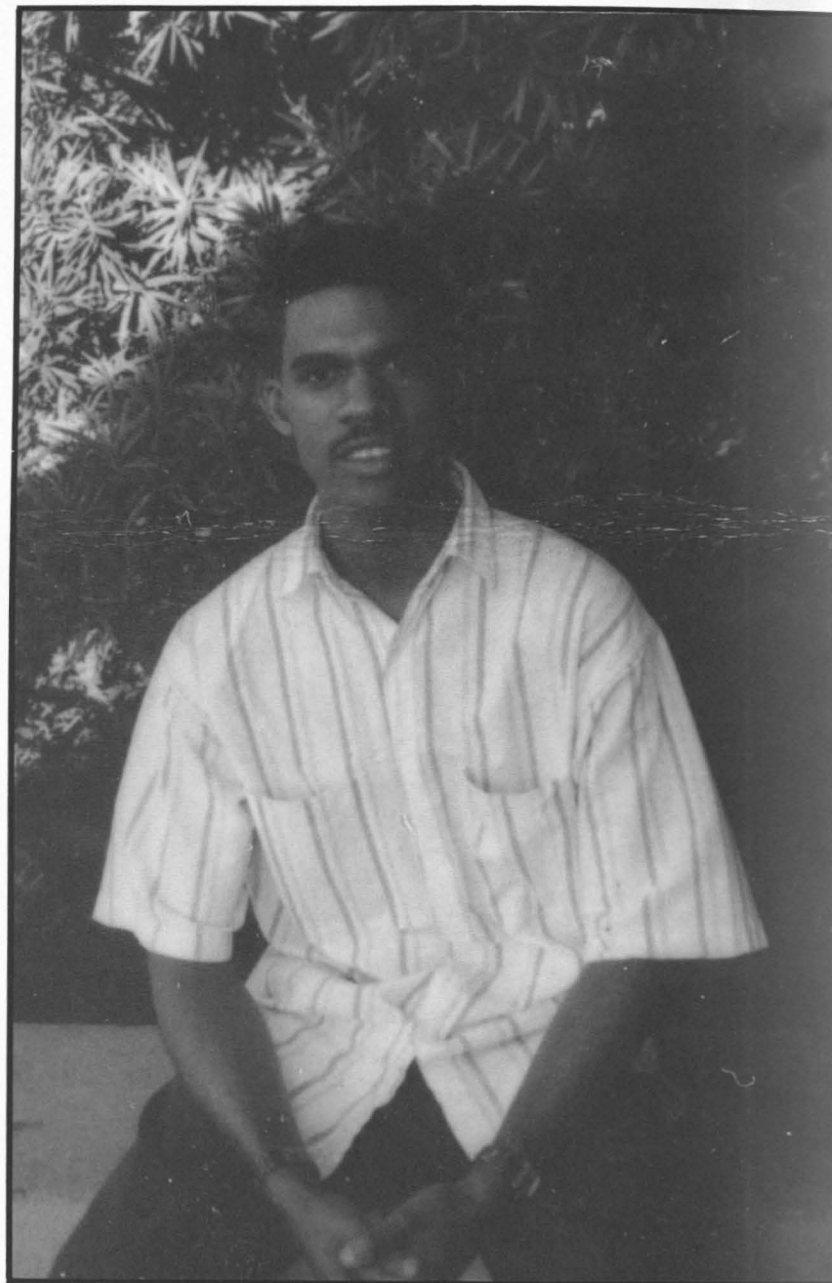

Farewell...

The time has come to reflect on the past year and my term as Mr. Prairie View A&M University. It has been my pleasure to serve in this capacity because this experience has left me, not only with fond memories, but with a renewed and enhanced sense of pride and respect for this university and the scholars, teachers, students, administrators and faculty who have rebuilt Prairie View into an institution of higher learning of the first degree.

Efforts were continually made by faculty and staff to promote my position in the Prairie View community and for this I am eternally grateful. I have been included, as Mr. Prairie View, in decisive discussions and meetings to offer ideas and comments concerning programs that have been developed for the University and this is a practice that I hope will continue and be expected of Mr. Prairie View in the years to come.

Looking back on my term I have but one regret: I've had only one year to accomplish all that needed to be done. During that year great strides were taken towards the fulfillment of my initial goals which included the solidification of the Mr. Prairie View position in the community. But there is much left to be done and I am confident that my successor will have the foresight and the ability to carry on where I leave off. I wish him the best of luck and to the populous of Prairie View A&M University, a fond farewell.

Dimensions of the Prairie View Man

*A man with dignity,
 Class and style;
 His eyes will show wisdom,
 Friendship in his smile.*

*A man whose mind is bold,
 For the lessons in life;
 He will represent the Purple and Gold,
 With his every strong stride.*

*A man with the heart and the soul,
 And God on his side;
 He will always be a man,
 With Prairie View Pride.*

Pep Rally

Prairie View at Homecoming is like a time warp. Alumni and newcomers come together to create a festival that is always both enjoyable and memorable.

It was Saturday and despite the cold gray haze that hung drearily from the leaves of the trees there was still vitality in the air. All around the yard strange faces peered campus buildings and students, some apparently there for the first time, others to revive old memories.

The parade was on the way. Led by the cool stepping Panther Band whose antics wooed the eager crowd and had them begging for more. Then there were the beauty queens whose young unscathed elegance had the audience in full and total awe. Yet there was more — as a fitting finale — WE WON!!! Yes, we actually won our Homecoming football game 21 to 12 — the first victory of the season, a befitting tribute and perfectly timed.

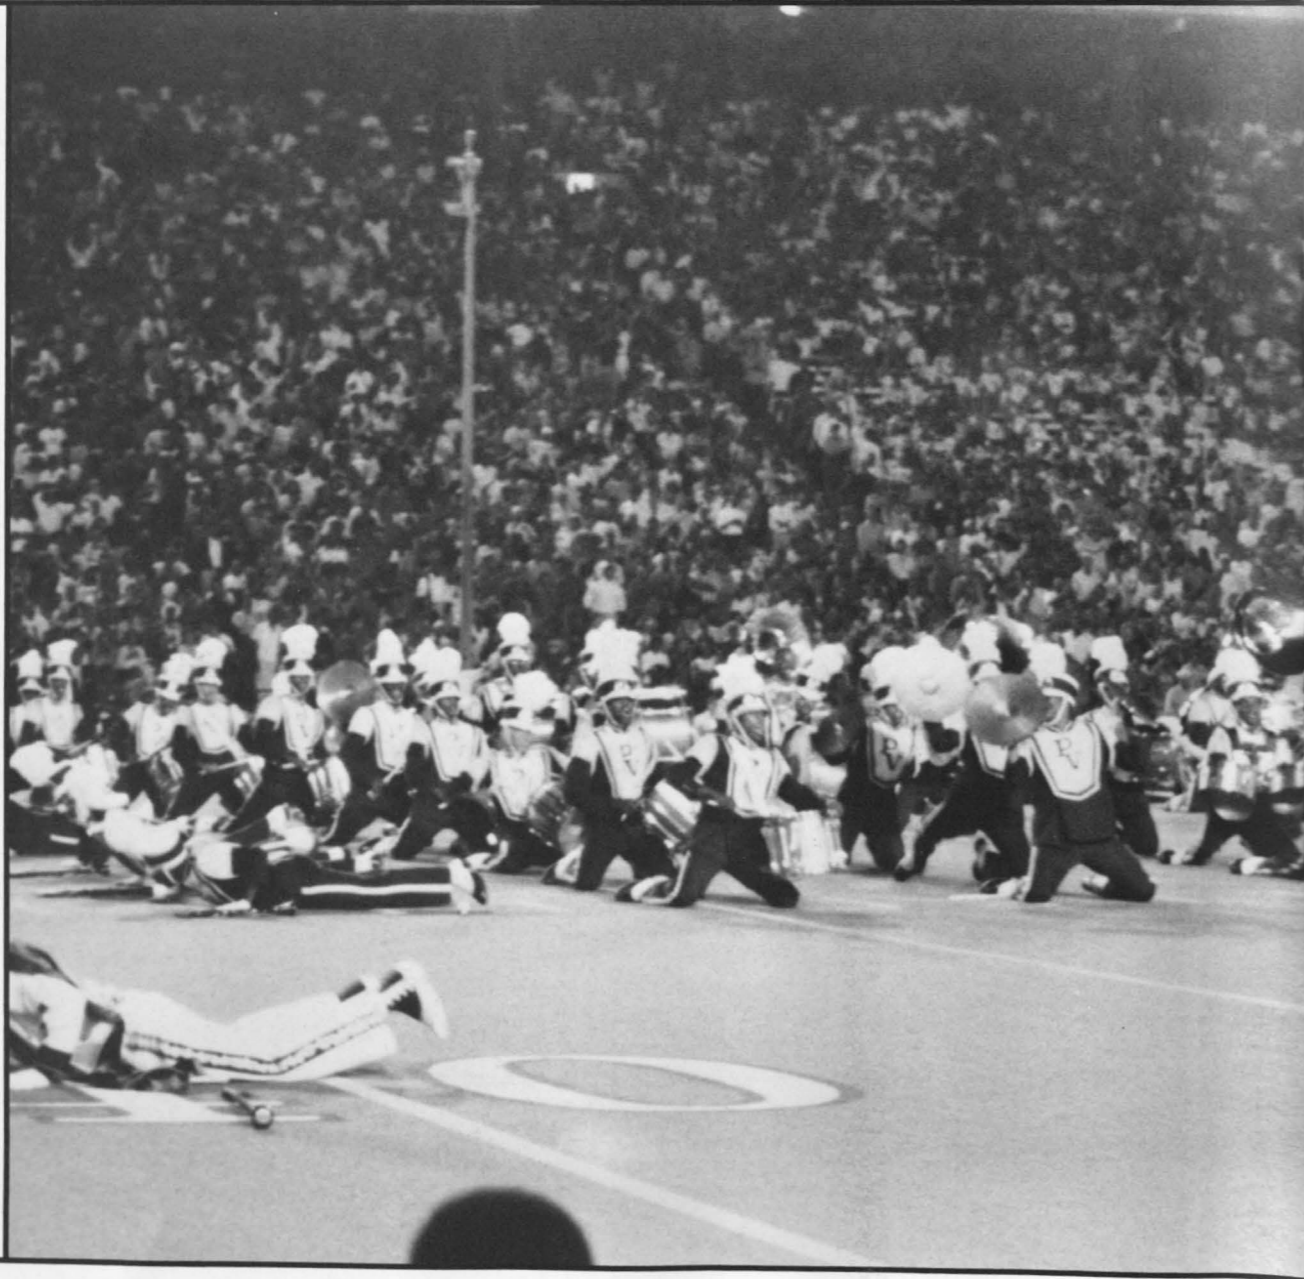

From the parties to the pep shows to the concerts — Prairie View came alive this Homecoming — the reawakening of old dormant spirits.

Study, Study, Study . . .

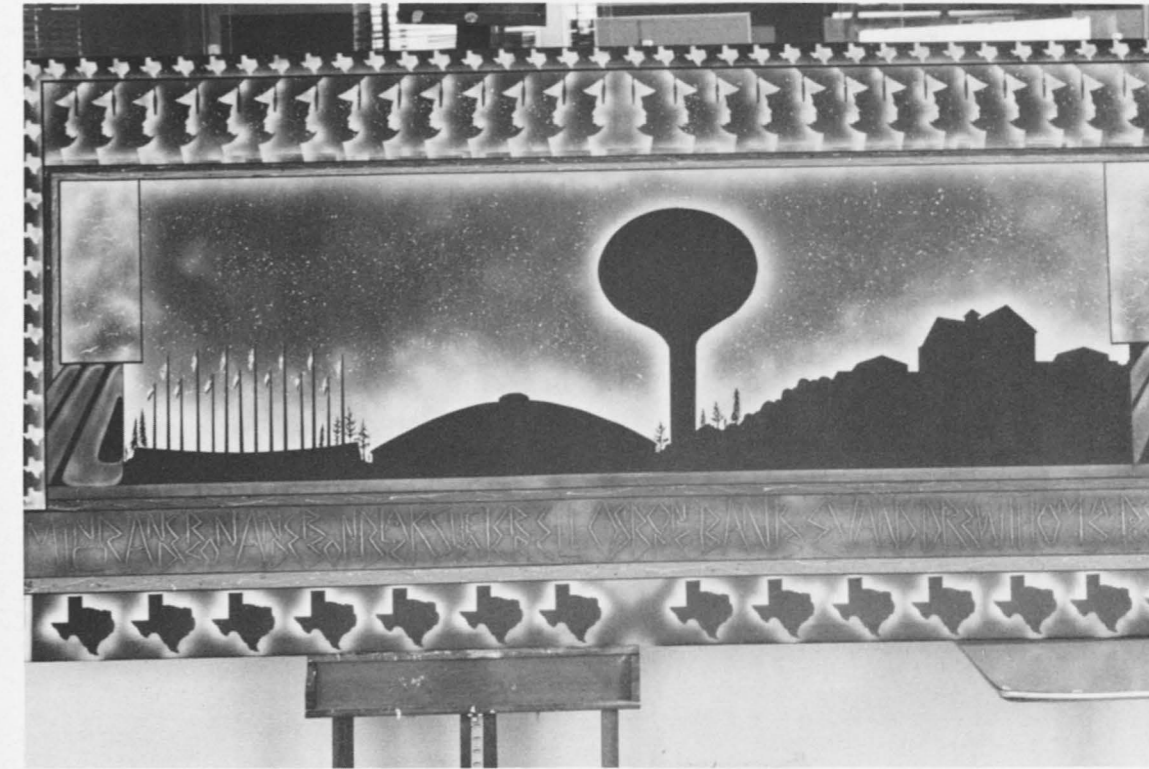

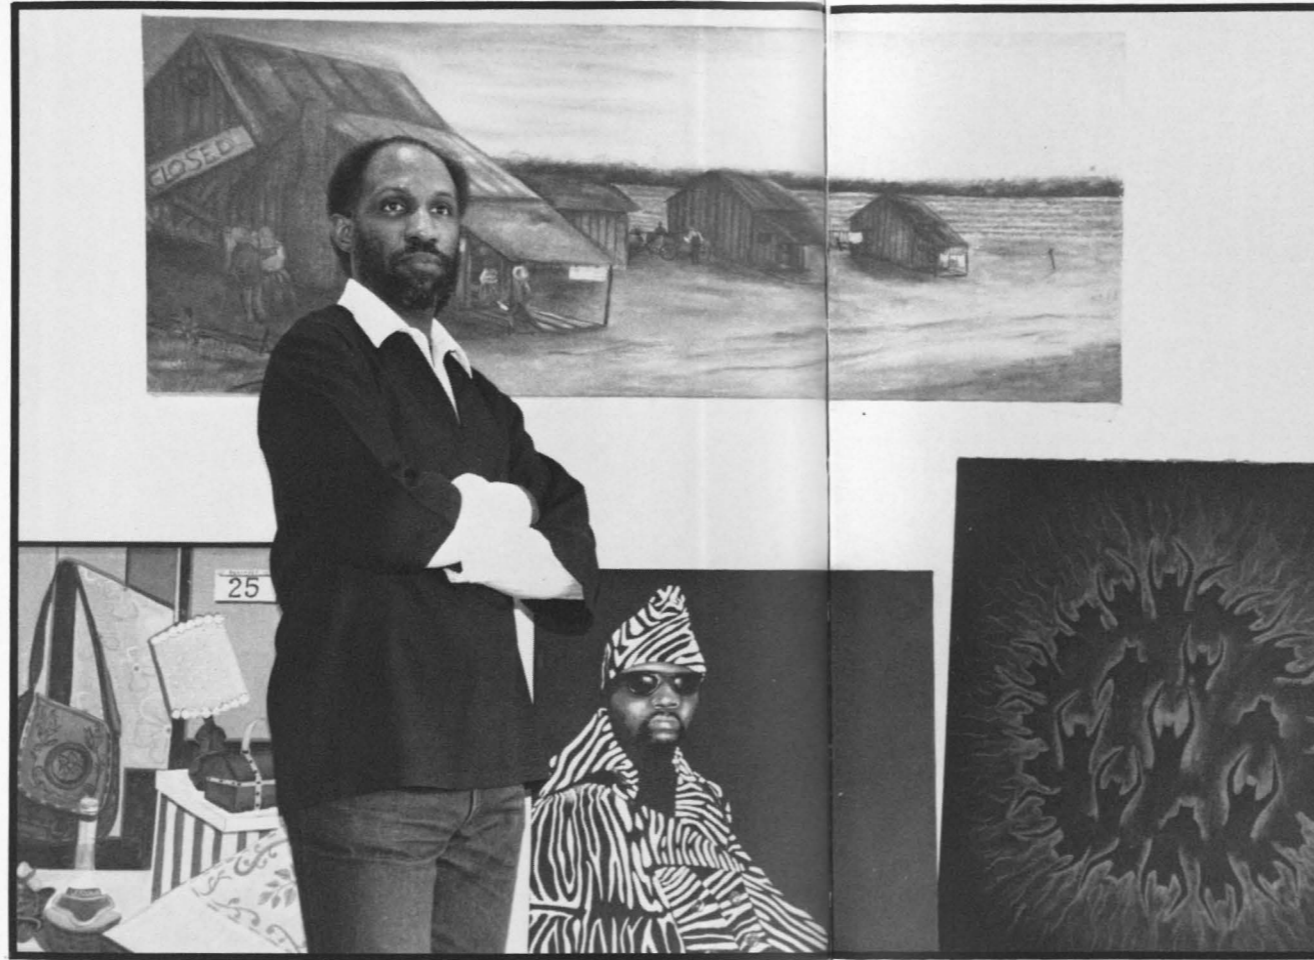

P.V. Students Always Studying

Artwork Of The 80's To The 90's

by Clarence Talley

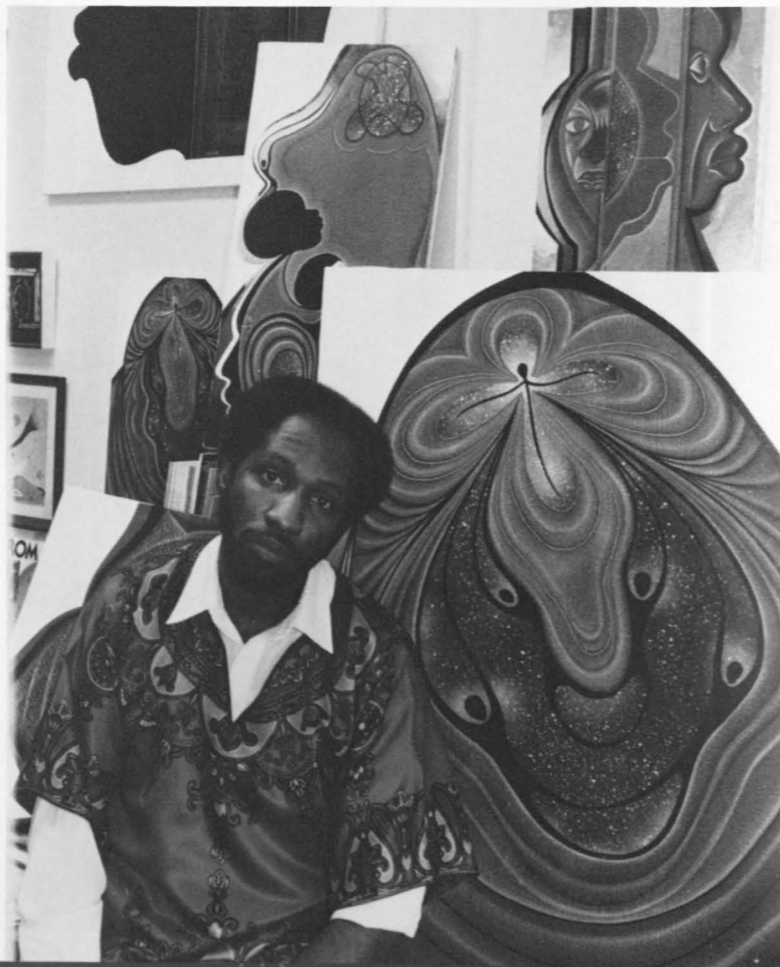

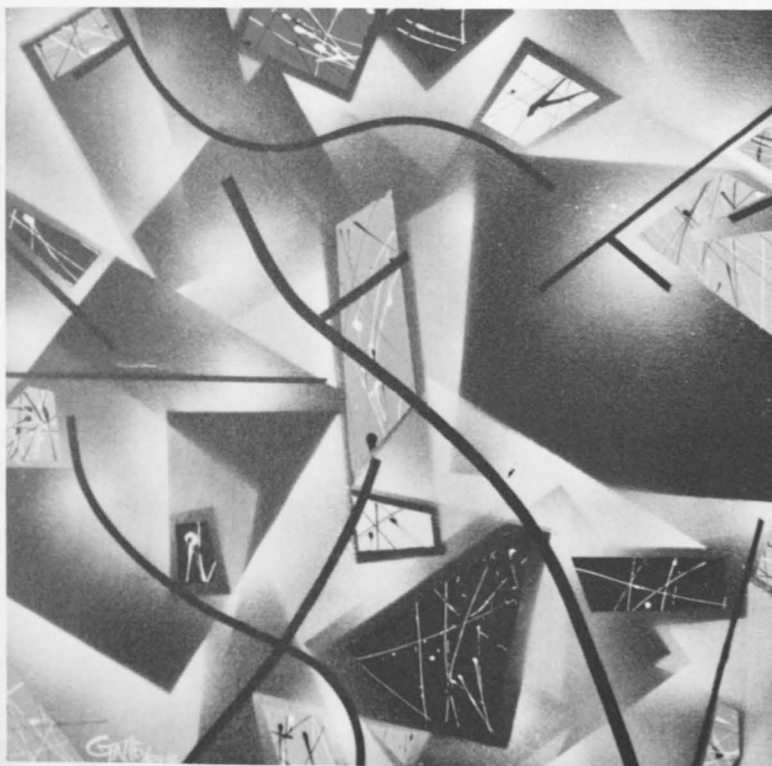

"Let Your Light So Shine" is an acrylic painting by Rev. Clarence Talley depicting the radiant and glowing character of the chapel supporters. The composition is pyramidically composed of a series of figures ascending to the apex of a brightly glowing candle.

The group of figures represents the body of believers who have made this edifice a reality. They are woven together implying unity, strength and solidarity. The light emanating from the candle reaches out across the composition as a beacon. Centrally located are two profiles joined together in a moment of quiet meditation.

This work of art is dedicated to all persons who have allowed their lights to shine brightly by supporting this edifice physically, spiritually and financially.

The Rev. Mr. Talley's paintings have been exhibited nationally and internationally and he has received numerous commissions and awards for his works. At present, Rev. Talley is Assistant Professor of Art, Prairie View A&M University and Assistant Minister at Mr. Corinth Baptist Church, Hempstead, Texas.

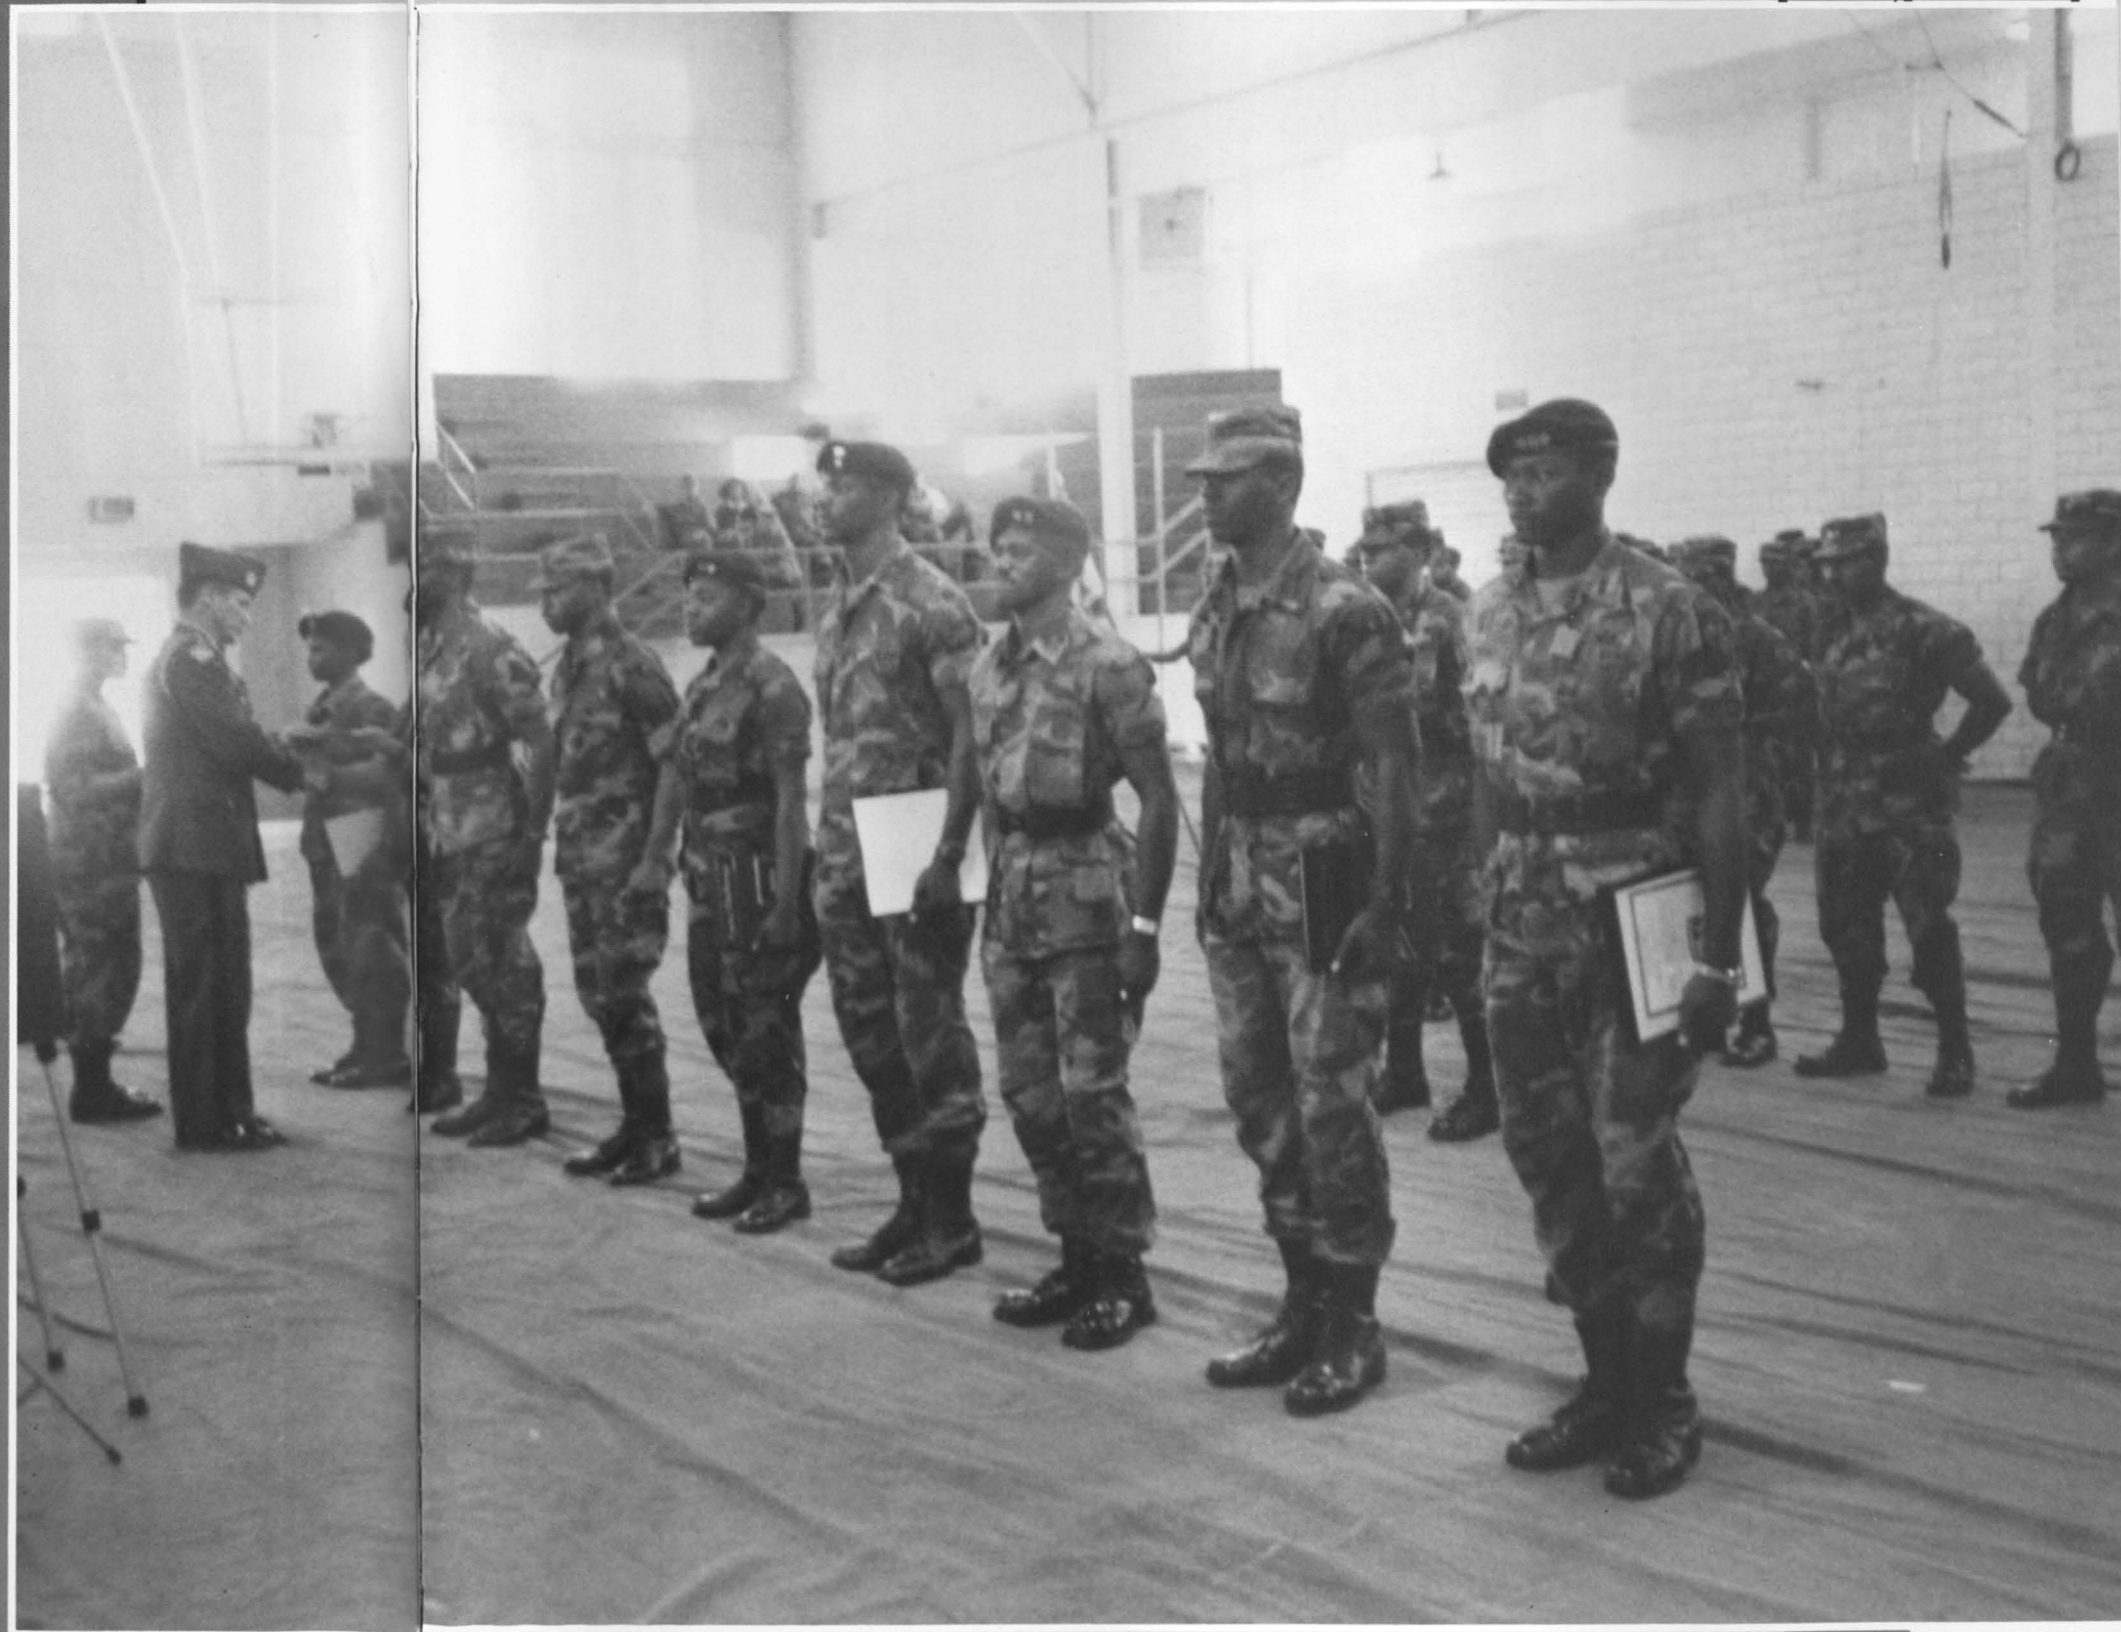

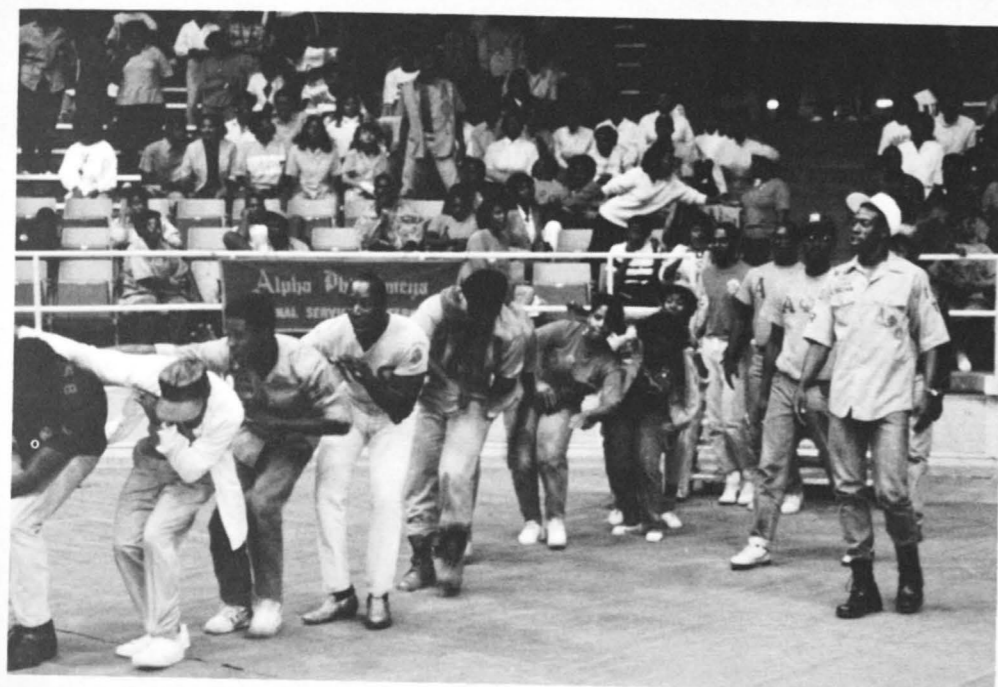

Organizations

From the non-Greek to Greek organizations, all make up the Power Play at Prairie View A&M University. The step shows draw hundreds of students and visitors to the "Baby Dome" to watch the steppers stomp to the beat of the music and the "cane masters" twirl and twist the sticks of colors.

The honor societies and non-Greek organizations make up the Council of Student Organizations (CSO). The Greek organizations are governed by the Pan Hellenic Council, which are Alpha Phi Alpha, Alpha Kappa Alpha, Kappa Alpha Psi, Omega Psi Phi, Delta Sigma Theta, Phi Beta Sigma, Zeta Phi Beta and Sigma Gamma Rho. There are over 150 student run organizations designed for promoting unity, socializing, honoring students, and promoting excellence.

The Army and Navy Reserve Officers' Training Corps is one such organization. They produce commissioned officers in the armed service each year. Currently they have commissioned over 2000 officers since 1956.

Athletics

"POWER PLAY" — hardhitting, powerful, rough, entertaining, enjoyable, sweaty and fast faced are some of the things that describe the **POWER PLAY** of sports at Prairie View. The Panther athletic teams consist of the men's and women's basketball, football, volleyball, men's and women's track, golf and tennis. The university also sponsors intramural games of basketball and football.

Some students like to engage in racquetball, pool, swimming, archery, soccer, card games and chess. Prairie View is in the Southwestern Athletic Conference (SWAC), and is becoming more competitive each year. The big highlights of the **POWER PLAY** in sports are the football Labor Day Classic game, Grambling vs Prairie View football game played in the Cotton Bowl located in Dallas, Texas, Homecoming football game, NAIA National Outdoor Track and Field Meet and the Prairie View relays.

PVU Runners Dominate Conference

Prairie View University head track and field coach, Barbara Jacket has been living in the fast lane for nearly 25 yrs setting records which few, if any women track coaches have broken.

Tacked high on her wall is a banner that reads, "It's a sin to be ungrateful." With a career that has eight consecutive National Association for Intercollegiate Athletics (NAIA) national outdoor track and field championships, athletes receiving US and international recognition, and a feat of coaching honors that stretch from Texas to Russia, Jacket has nothing to be ungrateful about. In fact, she describes her career, which had such humble beginnings, more like Heaven - with very few moments that would warrant repentance.

Even from the youthful days at Lincoln High School in Port Arthur, Texas, where from 1952 to 1954, she ranked among the top baseball throwers in the US, and at Tuskegee Institute where she participated in the 1958 Olympic trials and received the most Outstanding female athlete award in 1958, Jacket has always been a winner.

"It's my philosophy that winning is a tradition, but so is losing" Jacket says. "In order to be a winner, you must want first yourself". This summarizes her aggressive athletic demeanor that she tries to inculcate into her athletes.

She came to PVU in 1964 as a physical education and water safety instructor in swimming. It was from that point that the Panther track program took a running start and Jacket began to see her dreams manifested. Like any winning coach, the modest Jacket lets her records do the talking.

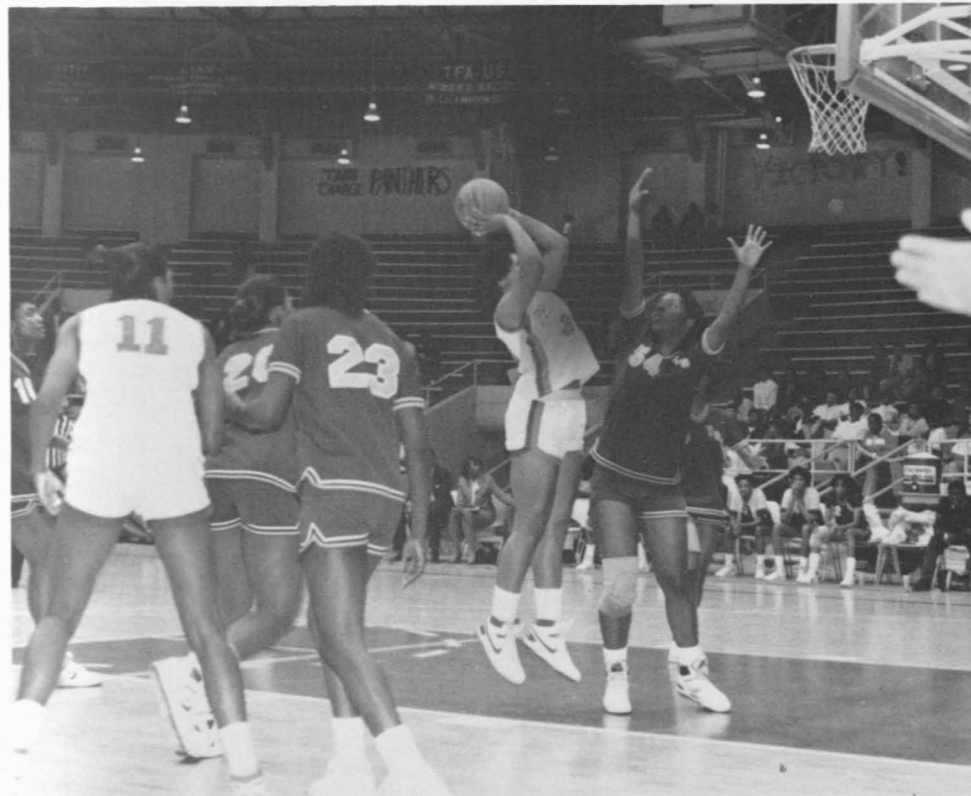

Essie Kelly-Washington, who now serves as Jacket's assistant coach and is being groomed to replace her, ranks among the top athletes she has coached. For Jacket, her personal honors and awards compile at least five pages of her resume. Her most recent honor was being inducted into the Tuskegee Athletic Hall of Fame in 1987.

Victory In Season Finale!

The Pantherettes are determined to go against any obstacle, even gravity.

PV on the lead, going for another two pointer.

Basketball

PVU 80-NSU 66

The Lady Panthers used three consecutive three-point shots midway through the second half to defeat the Cardinals from Nicholls State University, 80-66.

Prairie View got a game high 18 points from junior-center Cydney Pennie and sophomore-forward Alice Ferrel. The Pantherettes also grabbed an incredible 69 rebounds and dished out 52 assists. Junior-guard Paulette Clay led the way with 12 pinpoint passes. Shonda Stanley led the Lady Cardinals with 23 points and 10 rebounds.

After Prairie View jumped out to an easy 40-30 halftime lead, the Lady Cardinals went out on an 18-6 run to take a 48-46 lead with 13 minutes remaining. However, with the opponent down by two with ten minutes remaining, the Panthers scored on two consecutive three point baskets by sophomore-guard Marvalyn Snell. On the next possession, sophomore-forward Alice Ferrel followed with a three point shot of her own. And just like that, a span of two minutes, the pantherettes increased a 2 point lead to an eleven point lead. These three-point rainbows helped Prairie View win their seventh game of the season.

No matter what we are up against, we are always on top!

Flexing 1989

After hard work and much sweat, the Prairie View Powerlifting team showed great stamina, strength and unity as they captured two second place trophies of the season.

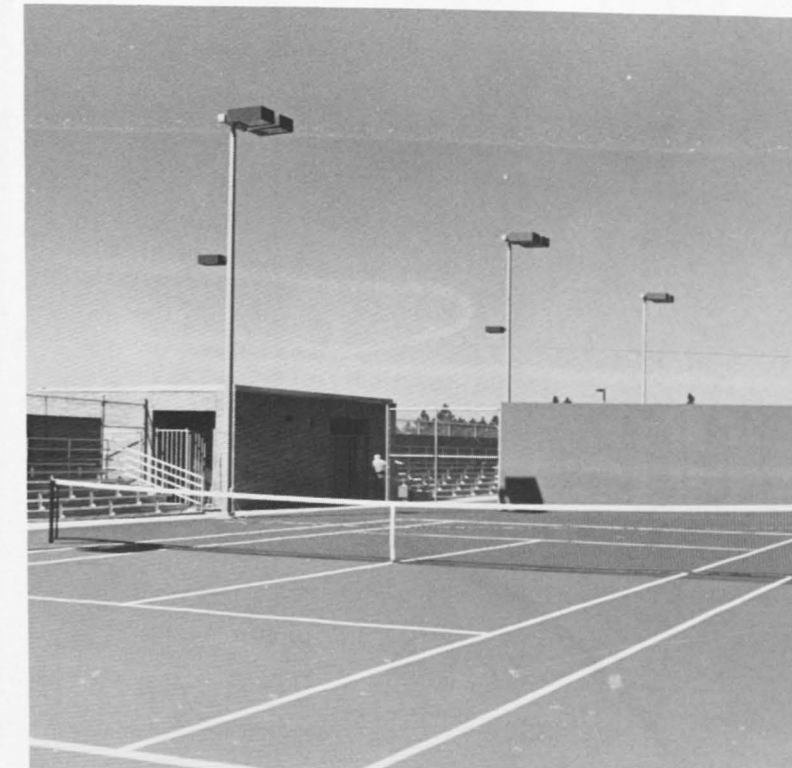

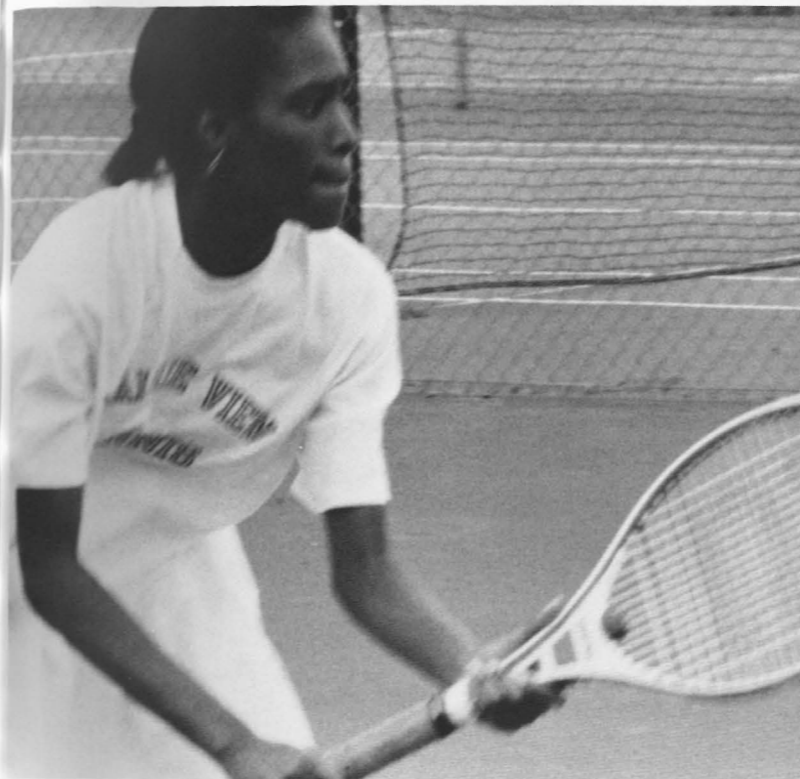

Competing at Edward Hudson Memorial meet in Houston, each lifter was fired-up and excitement was at its peak. There was much to be observed due to the number of competitions, each displaying total concentration and application of techniques. This was a masquerade of mastery in an art form.

Prairie View's two outstanding lifters for this meet were Clinton Ward (148 lbs.) and Robert Gregiore (114 lbs.). The Panthers showed great confidence and strength in each event. This is modeled after their mentor, Dr. H. Fillyaw, whose philosophy transcends above discipline to achieve overall results of excellence --- academically, physically and mentally.

The Panthers have much to look up to as the popularity of powerlifting gains momentum on campus. Panther Lady lifters are being schooled to provide a collage of skills. So far everything is striving towards perfection -- Let the fire burn!!

Isn't that special!! Actually, it is lots of fun just to be a Panther.

To you; from the bottom of my heart.

Classes

Freshman "Crabs," "Silly" Sophomores, "Jovial" Juniors and "Sophisticated" Seniors make up the Prairie View A&M University class section. When the "crabs" first show up at freshman orientation they look like young school kids with brand new clothes and backpacks hanging from their small bodies. As they mature from the crab-mania, they begin to attend various university functions and begin to act like "college kids."

By the time they become sophomores they begin to relax more and attend parties sponsored by the various fraternities and sororities. They chill out in front of Alumni Hall and try to get noticed by the upper classmen. They gain an interest in joining Greek or non-Greek organizations. When they become juniors they join all the organizations they can to make their resumes look good. They are tired of going to classes after three o'clock and before nine o'clock. They are tired of looking at the same foreign professors; all they want to do is sleep, sleep, sleep . . . They wake up when they become seniors. They are not worried about anybody's business but their own. They dress up for job interviews every week, type research papers, term papers, thesis, and senior projects all year, not to mention the MCAT's, LSAT's and GRE's tests . . . just waiting for that supercalifragilisticxpealidocious day of graduation . . .
