"Your Locally Owned and Locally Operated Shopper-Plus!"

VOL 1 NO. 41 WEDNESDAY MAY 15, 1985

## UP-N-DOWN 290 By Marty

Some of you may remember my discussion several months ago about how most things fall into three categories; Gotta-do, Oughta-do, and wanta-do. I have now advanced my lofty philosophical thoughts to the task of breaking all of the items on my Honey-do list into three categories, also. (Three is about as many categories as I can conveniently remember.)

Like most husbands and homeowners, it falls upon me to either fix, or have fixed, all of the things that go wrong around our place. We happen to have the usual compliment of gadgets, work-savers(?), and modern conveniences, as well as some of the things that just make life more pleasant for us. However, as nothing seems to have been built to last forever, things break, quit, stall, stutter, smoke, or otherwise indicate that it is time to either replace, repair, or go without them.

Now, here is where the three categories come in. Repair and maintenance around a home fall into three of them for me. Those which I can easily fix, those which I obviously cannot fix, and the most troublesome category of all, those things which I think that maybe, with a little bit of luck and information, I MIGHT be able to fix.

The first two kinds of jobs tend to get done rather quickly. I can whip through several of the first ones on a good weekend, or be even during an evening. Changing light bulbs, oiling a hinge, restringing the weedeater, etc., etc.. No problem. If the TV quits, or the electronic ignition on the car fouls up, I know right away that I need to call in the experts who have the training to handle these highly technical jobs, so I bite the bullet, shudder over the expense, and hire the work done.

But the third category is the

## Hempstead Chamber Plans Sidewalk Sale

The Hempstead Chamber of Commerce met Monday, May 6 for its quarterly meeting. Members attending included Dr. Hal Black, Diane Ladig, James Hauck, David Fife, Mary Santerre, Beatrice Sowell, Bobby Repka, Gary Sneller, and Margaret Devine. It was decided that the Hempstead Chamber of Commerce general meeting would take place once a month the first Monday night of the month. Other business discussed was the employee of the month program and recent by-pass developments. Dr. Black supplied copies of the alternate routes being considered by the highway department.

The major topic of discussion was the Sidewalk Sale scheduled May 18 at the Hempstead town square. The Chamber will be sponsoring a barbeque as well as booths for arts and crafts. Everyone is encouraged to attend.

Congratulations to the members who have recently joined

## Fun Run Applications Due

The Waller Fest Fun Run, a dual race of 10 kilometers and two miles, is scheduled for Saturday, June 1, and, according to race directors Rodney Bowman and Theresa Miller, will begin at 8 a.m. at the Waller I.S.D. Football Stadium.

The 10 kilometer run (which covers 6.2 miles) will take participants through residential areas and the surrounding countryside. The shorter race will be run at the same time and both will finish at the stadium.

The application fee is \$10 for runners whose applications are received on or before May 20. Those received after that date will be \$15. All runners apply-

## Hempstead Softball League Has Preseason Tournament

Saturday, May 4, Hempstead Softball Leagues conducted a tournament at the Lions Club Ball Park.

Teams competed in an all day effort to determine who the real competition will be in this Summers League. Games were play-

ed hard, but only the top 6 teams were awarded trophies.

In 6th place were the Heavy Haulers, sponsored by: Covey Heavy Haulers. 5th Place was won by the Astros, sponsored by: Swan's Bar-B-Que. Out-

## Men's Annual Invitational Tourney Held June 1 & 2

The Waller Country Club has issued invitations to its annual Men's Invitational Tournament to be held this year on Saturday, June 1 and Sunday, June 2, in conjunction with the Waller Fest.

Entries must be received no later than 6 p.m. Wednesday, May 29 and must be accompanied by a \$60 per player entry fee.

Eighteen holes will be played each day, with participants' flighted according to attested handicaps. Participants will be paired for the final round by the first day's scores and all ties will be decided by scorecard play-offs from the 18th tee.

At stake are prizes of \$300 cash for first place in each flight, \$180 cash for second place, each flight, and \$120 cash for third place, each flight. In addition, the first golfer to make a hole-in-one on Sunday, will win a \$20,000 Gladiator Van, courtesy of Lawrence Marshall Chevrolet-Oldsmobile. The hole-in-one must be made on the 8th hole and will be recognized on Sunday only.

The schedule of events includes a practice round for all contestants on Friday, May 31, followed by Calcutta, fun and games, in the club house from 7 p.m. until midnight. Food will be available.

On Saturday, the Championship, first, second and third flights will tee off beginning at 8 a.m., with the fourth, fifth, sixth and seventh flights beginning at 1:30 p.m.

The fourth, fifth, sixth and sev-

ent: flights tee off beginning at 8 a.m. on Sunday, with a barbeque scheduled for 11 a.m. to 1:30 p.m. and the Championship, first; second and third flights getting underway immediately thereafter.

Entry blanks may be obtained by calling or writing the Waller Country Club, 15357 Penick Road, Waller, TX 77484.

### Up-N-Down

(From Page One)

one that causes me more grief than the other two combined, as one of two things usually seems to happen. First, I procrastinate, thinking that when I get some time I will check it out, do the necessary studying of the problem, ask knowledgeable friends to advise me, give it a try, or dive in and see what happens. Putting it off brings on the pressure from Cheri, along with my sense of guilt for not having gotten it done, combined with the embarrassment over having my friends or neighbors mention "how long it's been since that was working" or some such pressure. Second, when I do jump into the job, it isn't long before I'm up to my knees in alligators (my description for BIG troubles). I may not have the correct tool to get something off, or I don't have the gauges necessary to measure or calibrate it, or I break part of it trying to disassemble or reassemble it. If the problem can be solved by running up to the store to get a replacement, then the trouble strikes just after the stores close, or on Sunday afternoon when all of my friends who can help are up at the lake, or down to the beach.

It is usually a sense of false pride when I risk placing a job in the "maybe" category, and I often overextend myself, leaving myself open to ridicule and shame for having ever messed with it in the first place, but I

hate it when the troubleshooting guide in the back of the book says "if this, or that happens, immediately turn it over to a qualified service person". They don't understand that Waller County may not have the "qualified" person in town, or maybe he went to the beach too, after a week of fixing up other would-be mechanics' messes. I don't blame him.

Once and a while, I surprise even me, when I'm able to educate myself enough to pull one off. Completing the job sure gives me a sense of smug satisfaction, impresses the heck out of my wife, and saves me a few bucks in the bargain. It makes it a lot easier to place a job in the "call in the expert" category, when you know that you have saved up enough on past service charges to pay for this one in advance. Not really, but it makes for good rationalization, anyhow.

So, the next time it falls upon one of you to fix it for me, and you find things in a worse mess than they were when it quit, please try to understand how important it was to me to "give it a try" before calling you in on the job, and be gentle with me. I've got my pride too, you know.

See you up-n-down the road.

#### Mowing—What You Should Know

If mowing your lawn is getting you down, you may perk up both yourself and your lawn if you note a few helpful tips from lawn and garden experts.

The experts at Vigoro, a manufacturer of quality lawn and garden products, have several suggestions to offer.

- Mow when cool. Mowing during the cooler part of the day helps grass grow better. Root development is best when soil is cooler. Moreover, mowing during the hotter part of the day exposes the soil to sun, slowing root growth.

- Mow regularly. Intervals between mowing should not be longer than a week. Allowing grass to grow to an excessive height before mowing will lead to a reduced root system.

- Use a sharp mower. A sharp mower will keep freshness and color in your lawn. A dull-bladed mower will

cause a reduction in yield and the development of a brown tinge in the lawn which may persist for several days.

- Removal of clippings. Excessive clippings favor the formation of thatch, restricting air and water movement. They also provide for the development of disease organisms. Some return of clippings helps retain a nutrition balance.

- Mowing height. Cutting height should be raised during hot summer months, especially on northern grasses. Mowing too closely encourages shallow rooting.

FOR RENT - In Hempstead. Lovely Brick Home on corner lot. Fenced yard. Will be available around June 15th. \$400. per mo. \$150. deposit. R.W. Warren 826-2471 or Nights 826-2952. (41-45)

## Parents Against Alcohol

The Waller Parent Peer Support Group Against Drug & Alcohol Abuse met Tuesday, May 7, in the Activity Building, at Waller Baptist Church. We now have 60 members in our organization and new members are being added each week.

John Isom, group coordinator, distributed a list of hotline numbers, and a copy of the groups goals and objectives which were adopted at a previous meeting. Mr. Isom announced that a program called: "Drug Awareness Week" at Waller Schools will be scheduled in the near future. The Health classes will present the educational instruction.

A petition was circulated, called SMART (Stop Marketing Alcohol on Radio and Television) for the purpose of stopping alcohol commercials on radio and television. After signatures are collected, the petition will be mailed to the President and Congress of the United States. Mr. Isom announced that Ed and Diane Rivenbark will staff the booth for drug and alcohol abuse at the annual Waller Fest, with other members of the group assisting.

In the absence of our scheduled speaker, Waller County Constable Rod Leggett advised the group on legal aspects and procedures, when a person is apprehended for possessing a controlled substance. A local parent addressed the group on their family experience and tortures, while their child was a user. Also, a Waller School student shared his story on drug abuse and discussed how, when, where and why he started using drugs, and discussed his rehabilitation.

Law Enforcement Committee Chairman, Clay Cole announced to the group that the May 14 meeting would be a panel discussion. The following agencies will

comprise the panel: Waller County Sheriff, Waller Police Dept., Prairie View Police Dept., Hempstead Police Dept., Juvenile Probation Office, Waller County Constable, and a Justice of the Peace. The Waller School Board and the Administration will be represented in the audience. Special invitations have also been extended to the Waller Mayor and City Council. The purpose of this program is to receive input and advice on how we, as a group, can most effectively concentrate our efforts to make a firm commitment to our law enforcement agencies, our school system, our community and our children, to eliminate the pressure and use of drugs and alcohol.

We, as a group of parents and citizens, are very concerned at the alarming rate of use and exposure our children are getting to both alcohol and drugs right here in our community. We have now begun to fight back by educating ourselves and becoming better informed on these substances and their use, availability and consequences. The May 21 meeting of the Waller Parent Peer Support Group will

feature Mrs. Gracie McClure, Houston Coordinator of Texas War on Drugs. Mrs. McClure will be showing a film titled "Epidemic". At this meeting children are invited to attend with their parents. If you have questions please call John Isom 372-9155.

I was told by an eye doctor that I can see 20/20 in the distance, but, he gave me a prescription for glasses and said that I would see better with this prescription. I thought 20/20 was perfect vision, so why do I need glasses?  
T.R.S.

players, showed that many baseball players can see 20/10 which is 100% better vision than 20/20! So really, if you can see 20/20, you might be able to see even better.

Dear T.R.S.,  
First of all 20/20 is not "perfect vision." It only means that you have normal vision for seeing at a certain distance.

FOR SALE - All wire Rabbit Cages and Metal Feeders. All Sizes. Call 836-0640 After 5pm. (41-45)

20/20 vision is only one of many vision skills that we need to see adequately. A complete vision examination should include testing of these other vision skills. It takes 30 to 60 minutes to thoroughly evaluate the visual status of our eyes to ensure proper ocular function. During an examination, your doctor may find that one or more elements of your visual function may need help in the form of spectacles, contact lenses or therapy.

You can, for example, have 20/20 vision and still not be able to "see with your side vision", see clearly for reading and other close work, or change focus from far to near without noticeable blur. Without the best correction possible for your eyes, you may be sacrificing critical depth perception, even though you can read a 20/20 eye chart.

Also, 20/20 vision does not guarantee you that your eyes are free of disease. Eye health is also evaluated during a thorough optometric examination.

Many people with their best correction or with no correction at all, can see 20/15 which is 50% better visual acuity than 20/20. A study done on the Astros and University of Houston baseball

## Republican Women Schedule Meetings

The North Waller County Republican Women's Club is gearing up for a busy meeting on May 21st. They plan to assist the Waller County Republican chairman, Marty Cole, in selling tickets for, and performing other necessary tasks to make the 2nd Annual County Chairman's Dinner on June 8th a success.

The ladies are also going to discuss sponsoring the American Cancer Society for Waller County. This necessary and very important task is currently being handled by the Waller Chamber of Commerce.

The meeting will be at the home of Dorothy Yeats, on Hegar Road. Ladies interested in becoming more politically aware are urged to attend.

For more information on the 7:00 p.m. meeting, and for directions to Mrs. Yeats' home, please call Dorothy at 372-3732 or Cheri at 372-2301.

Please come. We will welcome

you, and help you to become better informed about our political process, and how it affects each of us.

**NIRA Rodeo**

(From Page 1)

The true test of teamwork between a man and his horse is the event better known as Calf Roping. The winner in this event was John Hoare of Northwest State Univ.

The classic rodeo event of Saddle Bronc Riding was aced by Tim Little, of McNeese Univ. Steerwrestling or Bulldoggin' requires athletic skill to overcome heavily outweighed odds; Tom Gledhill of Sam Houston Univ. did just that as he won this event.

Team Roping requires real teamwork of both header and healer. Paul Schroeder and Richard Marburger of Prairie View A&M Univ., won this event in a time that caught everyone's eye.

The most popular and perhaps most dangerous riding event in rodeo - Bull Riding, Was won by a Southwest Texas Junior College Cowboy, Rickey Lindsey.

In the cowgirls events, Barrel Racing seems to be a favorite, Jeana Kinnaird of Tyler Univ. won this breathtaking event in an equally breathtaking time.

Goat Tying, an event requiring riding skills and plenty of speed was won by a Sam Houston Univ. Cowgirl Sue Cram.

Break-away Roping requires a cowgirl to rope a calf while mounted, and Corley Copps displayed this with great style as she won this event.

The All-Around Cowboy award went to Kent Richards of McNeese Univ.

All-Around Mens Team was, you guessed it: McNeese State Univ.

All-Around Cowgirl: Ms. Corley Copps of Tx. A&M Univ.

All-Around Girls Team was Texas A&M Univ.

Congratulations to all of the winners! Thank-you to our sponsors: Wrangler Boot Co. Nocona Boots, Stetson Hat Co., U.S. Tobacco Co., and our National Sponsor, Miller Brewing Co. Also a special Thank-you to Smokey Davis' Rafter D. Rodeo Co., who provided all of the stock for this fine rodeo event.

## Dr. Wood Contributes to Texas Schools

Dr. Curtis A. Wood of Prairie View was among nine persons recognized for outstanding contributions to Texas public school education through involvement in University Interscholastic League activities, during the UIL's 75th Anniversary observance on Sunday, May 12. The awards were bestowed during a special luncheon at the La

Mansion Hotel in Austin. Among the special guests attending the luncheon were Judge Herman Jones, Commissioner of Education Dr. William N. Kirby, Austin Mayor Ron Mullen, and Lee Cooke, president of the Austin Chamber of Commerce. The award to Dr. Wood traced the more than 50 years that the

Prairie View Interscholastic League provided educational opportunities to students attending black schools. In the days prior to integration, the PVIL worked closely with the University Interscholastic League in providing educationally and socially sound contests for black students. Among the leaders in the development of the PVIL and in the eventual consolidation of PVIL into the UIL was Curtis A. Wood. As Director of Information

Services at Prairie View A&M University, Dr. Wood served the Prairie View League from 1950 to 1968. In addition, he served as director of information and publications, assistant to the President and member of the College Research Committee. A graduate of Knoxville College and New York University, he earned his masters and Ed.D. at Columbia University. Today, he is an associate professor of health education and associate professor of journalism at Prairie View University.

## Open House At Rosehill School

Thursday, May 16 from 7-9  
a.m. is the date and time for the  
Open House at Rosehill Chris-  
tian School, 21225 FM 2920.  
The Rosehill Christian School

meets on the Girls Country cam-  
pus about 7½ miles west of  
Tomball.

The school will begin its third  
year of operation in the fall with  
classes for second and third  
grade students meeting in the  
new educational wing of the  
chapel. Pre-school will continue  
to meet in their own "little red  
schoolhouse." Kindergarten and  
first grade will meet in their own  
building, a blue restored early  
Texas building with white ginger-  
bread trim.

The Rosehill Christian School  
was built in separate buildings  
so that very young children could  
have their own individual class-  
rooms and playgrounds. All of  
this is set on a beautiful 43 acre  
campus with a six acre lake,  
pastures, woods and new-born  
cotts in view of the children.

The curriculum at the school is  
the A-Beka curriculum which  
was developed in Pensacola,  
Florida. It places strong empha-  
sis on phonics and moves the  
children at a very fast pace in  
reading and math. Because of  
the accelerated schedule of the  
school and its program, very few  
new children will be accepted  
into the school beyond the third  
or fourth grade. Therefore, the  
school is growing at a rate of one

grade per year, bringing in child-  
ren primarily at pre-school and  
kindergarten level only so they  
will have an adequate back-  
ground for an accelerated edu-  
cational program.

The school places very strong  
emphasis on Christian teachings  
and conduct. Chapel services  
will be held each Friday for all  
children above pre-school and  
will be led by Christian ministers  
from churches in the Tomball  
area.

For more information about  
the school, the public is invited  
to the Open House on May 16th  
or call Marily Lewis, school  
director, at 859-9414.

Forty percent of food  
poisoning occurs between  
May and October. The  
most common forms come  
from eating picnic food like  
potato salad, ham, fried  
chicken and many meats.

## Waller Fun Run

(From Page 1)

ing by May 20 will be assured of  
a T-shirt, while later applicants  
will receive a T-shirt upon av-  
ailability.

Other awards will go to the top  
five finishers, male and female,  
as well as the oldest and young-  
est male and female in the 10K  
race. The top three finishers,  
male and female, will receive an  
award in the two mile run. In  
addition, there will be a random  
prize drawing immediately fol-  
lowing the race.

Check-in time the day of the  
race will be from 6:30 to 7:30  
a.m. at the stadium. All runners  
under 18 years of age must have  
the permission of a parent or  
guardian.

The Fun Run is just one of  
many events scheduled during  
the Waller Fest, an annual festi-  
val of numerous attractions,  
sponsored by the Waller Cham-  
ber of Commerce.

# Add up what a 9-month John Deere finance charge waiver means to you

Are most advertised "low-rate" finance offers the big deals they're made out to be? Not compared to John Deere's 9-month finance charge waiver on new tractors, 40- to 300-hp.\* As the chart shows, the John Deere 9-month waiver is more attractive than most of the low-rate offers you've read about. And, as you can see, paying off the John Deere contract early could result in an effective rate as low as 3.38%.

Don't be misled — compare real finance charges

If balance owed is paid off after	Your effective annual rate**		Your total finance charge**	
	w/8.8% APR, no waiver, is:	w/JDFP 13.5% and waiver is:	w/8.8% APR, no waiver, is:	w/JDFP 13.5% and waiver is:
1 year	8.8%	3.38%	\$2640	\$1013
2 years	8.8%	7.45%	\$4701	\$3946
3 years	8.8%	8.68%	\$6132	\$6023
4 years	8.8%	9.11%	\$6878	\$7127

\*\*Chart is based on a typical situation using current finance charge rates. 48-month contract, \$30,000 amount financed, with 4 annual payments of equal amounts and first payment due 12 months from contract date. Actual rates and finance charges will vary depending on payment schedules and rate changes on variable-rate JDFP contracts.

And the John Deere Finance Plan also includes physical damage insurance and, for qualified individuals, credit life insurance. All that on a tractor with proven high trade-in value. A John Deere tractor with a warranty backed by a solidly established manufacturer. A John Deere tractor we'll treat like our own when it comes to supplying parts and giving shop service. Added together, the 9-month finance charge waiver and the John Deere tractor deliver more real value to you.

# Waller County Historical Society To Publish Book

In celebration of the Texas Sesquicentennial, Waller County Historical Commission and Waller County Historical Society, Inc. plan a new Waller County publication. This one will probably be titled Waller

County Potpourri, or Waller County Whatnot, or some similar title that would denote the inclusion of various and sundry short stories and items. The Commission and Society would like to have contributions

from every one who has a story to tell, one that has not been included in previous publications.

Stories might deal with historical facts or incidents, family happenings, human interest, local color, or just funny stories that readers would enjoy. It is hoped that many of the people of the County will contribute and that the various areas of the County will be well represented in the publication. Contributors do not have to be "old timers". Contributions from people new to the County will be welcome, however, if a story deals with history, it should deal principally with Waller County.

Deadline for contributing will be fairly short since the plan is to publish the book during 1986, the Sesquicentennial Year. For further information please call 409/372-3206, or 409/826-3809, or 713/934-2826.

## PINEAPPLE COTTAGE CHEESE PANCAKES

- 2 cups flour
- 3 tablespoons sugar
- 4 teaspoons baking powder
- 1 teaspoon salt
- 1/2 teaspoon baking soda
- 1 can (6 oz.) Dole Pineapple Juice
- 1 cup low-fat cottage cheese
- 3/4 cup milk
- 3 eggs
- Dairy sour cream
- Pineapple Syrup

Combine flour, sugar, baking powder, salt and baking soda. Beat pineapple juice with cottage cheese, milk and eggs until blended. Add to flour

mixture, stirring until just blended. Batter will be lumpy. Pour 1/4 cup batter onto hot greased griddle or skillet. Cook until bubbles form throughout and edges brown. Turn to brown other side. Serve with dollop of sour cream and Pineapple Syrup. Makes 4 to 6 servings.

**Pineapple Syrup** Combine undrained 20 oz. can Dole Crushed Pineapple in Syrup, 6 oz. can Dole Pineapple Juice, 1/2 cup sugar and 4 teaspoons cornstarch in medium saucepan. Cook, stirring, until sauce boils and thickens. Cool slightly.
