Without his dreams, his failures, and successes, dear Prairie View College would fall far short of the noble heights which it has reached today.

His invincible determination to make what= ever he tackles worthwhile; his supreme good will to students, faculty personnel and friends under his administration; are buried in the hearts of hundreds of Prairie View people throughout the United States.

To a man who, for fourteen years, has held the destiny of a people in his hands, and who has been the guiding light to safer and surer ground for those who have entered these walls, we dedicate this third edition of the Prairie View Annual to PRINCIPAL W. R. BANKS

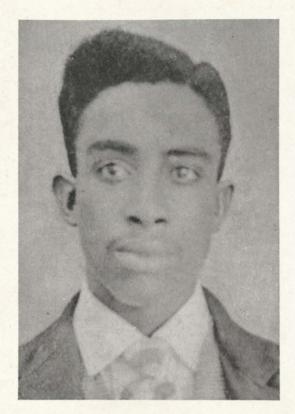

Our Principal

W. R. BANKS

7

Life Sketch

W. R. BANKS, 1898, Age 17

In a modest farm home in Hartwell, Hart County, Georgia, Willette Rutherford Banks was born, August 8, 1881, into a family of thirteen children. He was born of sturdy, ambitious stock; for his father, J. M. Banks, walked to Atlanta University in 1869, where he entered and remained until he had completed his training. Then he began teaching and continued this occupation for forty years.

With such an example before him it is not surprising that young Banks worked at all sorts of jobs; finally overcoming, seeming insurmountable financial difficulties and entering Atlanta University in 1901. He made the eighth grade by examination, remained in attendance at this college eight years and was graduated in 1909.

The best center the Atlanta University football team has ever had, Banks, nevertheless, participated in all other extra curricular activities, being at the time the manager and editor of the school's student publication and belonging to the Debating Club, the Young Men's Christian Association, Literary Society, and the Dramatic Club.

Brief History of Prairie View

3

Before the Civil War the site on which Prairie View now stands was a slave plantation owned by Jared Ellison Kirby. After the War this estate was turned into a fashionable school for wealthy white girls. In 1878 the plantation became Alta Vista Agricultural College for Negroes; however, the recently freed Negroes did not welcome a school for farmers and so only six students enrolled, therefore, the venture was temporarily abandoned.

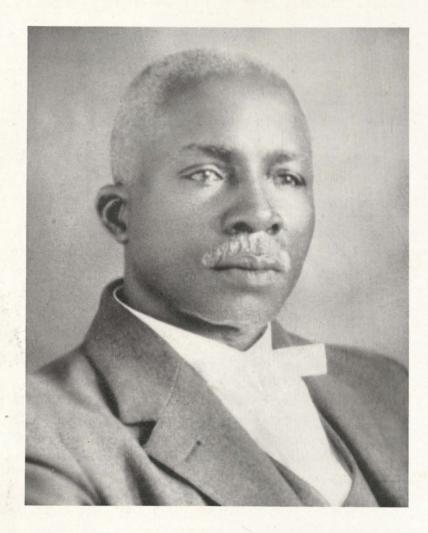

By an Act of the State Legislature a school for the training of Negro teachers was established in April 19, 1879. The Spanish name *Alta Vista* was changed to its English equivalent, *Prairie View*; and the old slave mansion became an important building of the college and was named Kirby Hall for its original owner. Industrial features were added to the original curriculum and Prairie View was placed under the same management as the Texas A. & M. College, with a principal in absolute charge of the local administrative duties.

In 1890 under the Morrill Act Prairie View, as a Land Grant College, became eligible for Federal appropriations; and in 1896 the Legislature appropriated \$20,000.00 for the purchase of 1,500 acres of land.

Seven departments made up that first curriculum of the Prairie View Normal and Industrial College. They were English, Mathematics, Pedagogy, Natural Science, Home Arts, Mechanical Arts, and Agriculture. The curriculum grew, and in 1920 the first Bachelor of Science degrees were conferred on Prairie View graduates. The establishment of the Graduate School in 1938 and the conferring of the first Masters degrees in August, 1939, mark the culmination of curriculum growth.

When Prairie View was established there were only three buildings on the campus and the highest enrollment reached in its first decade was one hundred fifty. But in the next ten years the enrollment increased to five hundred students. At present, in the sixty-first year of its history, Prairie View has ninety-seven buildings and an enrollment of 1,278 students.

IN MEMORIAM

To the Memory of

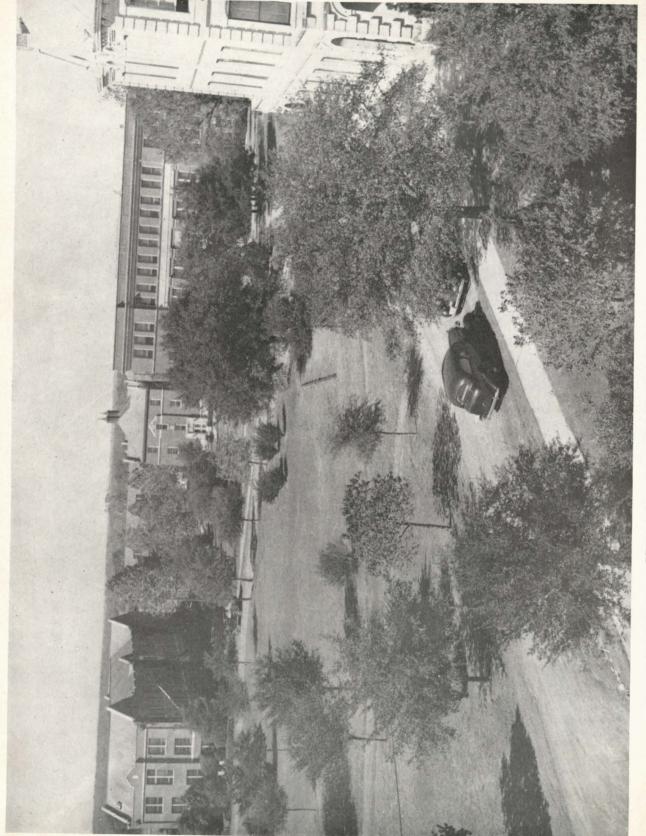

P. E. ("Uncle Paul") BLEDSOE

He was a soft-spoken man who greeted everyone with a warm smile that radiated kindness and established between him and his fellowmen a quiet bond of friendship. With a zest for life that rendered him active until the clarion call, he labored untiringly during his thirty-five years tenure of professorship. May he ever be remembered as "Uncle Paul;" a noble personage who did not lose the "common touch."

"The Land-Grant College in its truest sense is a Service Institution. In consequence, it should strive to discover ways and means by and through which it can serve the masses of people at the points of their greatest needs. Prairie View State College accepts this philosophy of education; it recognizes its binding and unescapable obligation to the people; it accepts this challenge realizing the impending dangers that may be encountered in breaking away from entrenched educational traditions and embarking upon unorthodox educational experiments."

-W. R. Banks

Richard L. Jeffreys, B. S., A. M.

Home Economics Division

HOME ARTS BUILDING

The aim of the curriculum in Home Economics is to inspire and stimulate interest in continued study, to train in accuracy, to help the student find her place in the social and economic world, and to increase the student's stock of information.

The curriculum is designed to meet the needs of the following groups of persons: Those who plan to teach, those who wish to enter graduate courses leading to technical and professional work, and those who wish to use such training in solving daily problems of living.

Life Sketch

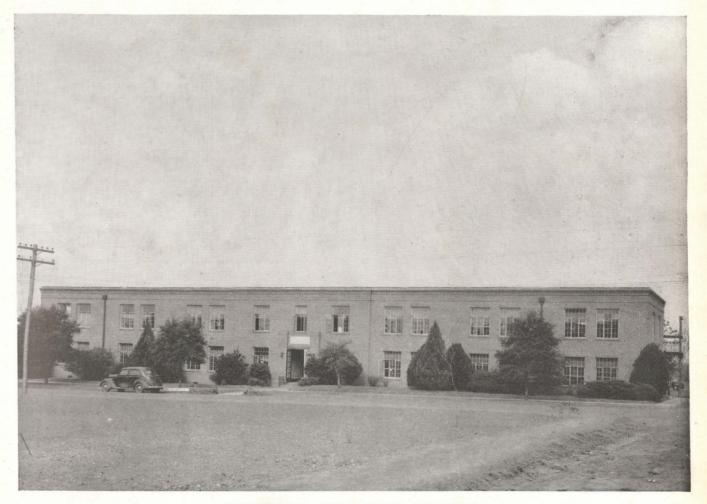

W. R. BANKS 1909, Age 28

W. R. BANKS, 1910

In 1909 immediately after his graduation, W. R. Banks became teacher and manager at Fort Valley, Georgia where he remained until 1912. While serving in this capacity he married Miss G. Virginia Perry, instructor at Atlanta University. The second position obtained was a promotion to the principalship of Kowaliga School, Benson, Alabama. Mr. Banks' success at this place attracted much attention and as a result he was made President of Texas College in 1915. This promotion marked the beginning of his career as an able college administrator.

Mechanical Arts Division

INDUSTRIAL EDUCATION BUILDING

The division of Mechanical Arts offers four-year curricula as follows:

(1) Industrial Arts Education, (2) Building Construction, (3) Stationary Engineering, (4) Trade and Industrial Education.

The Division offers special two-year courses in the following industries:

Auto Mechanics
Broom and Mattress Making
Carpentry and Cabinet Making
Electricity
Laundering
Machine Shop Practice

Painting and Decorating
Plumbing and Steam Fitting
Printing
Stationary Engineering
Shoe Repairing
Tailoring and Garment Making

What Is Desired of Me?

"What is desired of me as an employee at Prairie View State College is a pertinent question; a satisfactory answer can be found only in the adequacy of our knowledge and working understanding of the college's program, growing out of its philosophy of education. Our usefulness to the enterprise is effective or delimited, directly or indirectly, in proportion as we work cooperatively with all forces and programs that are essential in and to the successful futherance of it Objectives."

Miss Evelyn J. Powers, A. B., Secretary; E. Sams, B. S., County Agent, Waller County; Miss A. Hazel Tatum, B. S., Home Demonstration, Waller County; and John Williams, B. S., District Agent, Southern Division

The Cooperative Extension Service has steadily grown under able leadership until today there are 46 men and 36 women doing county agent work and home demonstration work respectively.

The Tenth Educational Conference

Commencement Scenes

Classroom Scenes

THE RECEPTION HONORING DR. W. E. B. DUBOIS

Prairie View Covers the Globe

As was depicted in the theme of the Alumni float on Homecoming Day, Prairie View truly "covers the globe." This statement is substantiated by data which reveal that the enrollment represents 241 cities, 16 states including New Mexico, the District of Columbia, and 97 Texas counties.

For the first semester, 1939-40, the total registration of students receiving instruction from Prairie View State College is 1,259. The distribution of the enrollment is as follows: Graduate Division (16); Arts and Science (342); Home Economics (304); Agriculture (205); Mechanic Arts (150); Laboratory School (81); Nursery School (8). Contract (53); NYA students (108). It is interesting to observe that the percentage of the total enrollment (52 percent) in the vocational divisions—Home Economics, Agriculture, Mechanic Arts—is the same as that of last year.

Of the entire residential quota one student is in attendance for the first time since 1917,

48 of the total registration re-entering since 1937-38, 461 returning from 1938-39, 462 registered for the first time of whom 39 are transfer students from 19 senior and junior colleges.

The median age of those in attendance in the undergraduate division is 18 years, the range being from 15 to 43 years.

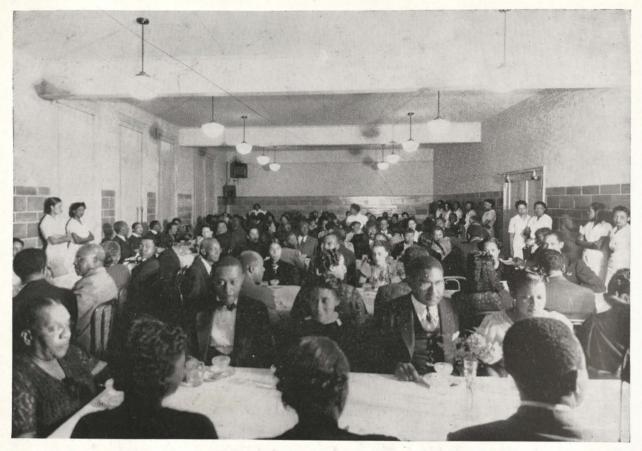

The Baptist and Methodist denominations lead in religious preferences having a total of 511 and 170 respectively.

Each year financial aid is given to various students through scholarships. This year 45 students received an assessment of \$2,250.00.

The above statistical material is sufficient evidence to prove that the educational sphere of Prairie View College is ever increasing from year to year. It is, therefore, inevitable that Prairie View will in the near future literally "cover the globe."

George W. Lacey General Chairman

The class of 1940 is more of an institution than an extra curricular activity. Since its organization, September, 1936, its activities have been continuous; its faculty sponsors Dr. R. P. Perry, Miss Mayme Powell, G. W. Reeves have been with the class four years.

Class of 1940—Miss Aldena B. Howell was the Class Secretary for four years, Robert Brooks was President for two years. Doris Sampson was Assistant Organist for the College Choir. Jimmie H. Carothers was Miss "P. V.", 1940.

And so the class of 1940 leaves the scenes upon which for four years it has played the starring role, willing its popularity, its prestige, its leadership-ability to the class of 1943.

In 1937, at the beginning of a school year, a group of students came to Prairie View as Freshmen. They were bright, different and promising. They brought out indications of these qualities by the election of Joseph Reyes as President, Emanuel Lofton, Vice President, Constance Hanks, Secretary, Pauline Wall, Assistant Secretary, Thomas Gray as Treasurer and Charles Graham, Sargeant-at-Arms. The class entered then, as now, into all activities for the high ideals for which Prairie View stands. The officers remained constant but for a few changes in the second semester of our Sophomore year. Joseph Reyes and Constance Hanks left school and Emanuel Lofton and Pauline Wall took their places.

The potential qualities of the 1937 Freshman Class have been materialized to a great extent and by the end of our senior year, we will be able to lok back on four well spent years.

Sketch of Principal Banks' Life

(THIRD SECTION)

W. R. BANKS, 1915

Administering the affairs of a growing private institution proved to be a challenge for the young Administrator, and he set about enlarging the physical plant and raising the standards of Texas College. When Mr. Banks took over the executive duties of the institution in 1915, it was valued at \$100,000.00, with an enrollment of forty-five students and a faculty of eleven. The success of this venture can be measured by the tremendous growth of the institution. By 1926 the student enrollment had increased to 619; the faculty personnel had increased to 36; and the physical plant was valued at \$275,000.00.

Principal Banks' second administrative venture brought him to Prairie View College in 1926. "A Prairie View to serve the community at the point of its greatest needs" became his slogan. In order that the institution might do this effectively it was necessary to enlarge the physical plant, revamp the curriculum, and raise the standards of preparation for the faculty. Recent reports show that all these goals have been reached and new ones set.

Sophomore Class Officers

Otris Jordan Business Manager

Sophomore Class

Members of the Sophomore Class are to found among the leaders in all extracurricula activities. They enroll in the fields of football, basketball, track, glee club, and many other activities.

The class has instituted a system of tutorship, the first in the history of Prairie View, appointing the best student (sophomores) from each Division and Department as tutors.

The class program for 1939-40 included drills on parliamentary procedure, debates, music by quartettes, and a health picture.

In addition to their high representation in varsity competition, the sophomores finished the Intra-mural football season in second place.

May the Juniors of 1940-41 occupy an even higher position than the Sophomores of 1939-40.

Miss Vera M. Rice Secretary Ernest Wagner

Sergeant-at-Arms

It is the desire of the Freshman Class to acquire leadership in everything that it participates in. Our results thus far have been very commendable. We have won the Yearbook drive and the intramural football, softball, and tennis championships. In addition to this, the majority of members on the varsity basketball teams are Freshmen. Not only do we wish to encourage athletic leadership, but we also wish to attain a superior standing in scholarship and citizenship. As the Freshman class progresses, we propose to augment our representation on the honor roll.

By synthesizing our scholastic and athletic leadership with dignity and poise, we shall attempt to eliminate the common conception of a Freshman as being one who lacks self-confidence and sophistication. With this purpose in mind, we intend to establish a goal or distinction for all future Freshman classes.

Futhermore, the Freshman class of 1939 proposes to expound to its members the means by which they can obtain higher ideals, higher standards of living, and better social relationships.

We are hoping that after this year of experience, each of us will have a desire to continue in the fields of higher education, in order that potential material for higher professional fields may be produced. Success in the professional fields is an important factor in good leadership, health and happiness.

Student Day

PERSONS WHO PARTICIPATED IN STUDENT DAY, DECEMBER, 1939

Once each semester the students of Prairie View "take over" the institution for a day. More than 90 percent of the positions are filled by the students. The faculty personnel is conspicious by its absence on this day.

The students are selected by the teachers and represent some of the most talented individuals of the 1,000 college students. Mr. Jesse H. Sterling was selected as Co-ordinator, the highest office held by a student.

Prairie View Selected As One of 15 Schools to Cooperate in Teacher Improvement Program

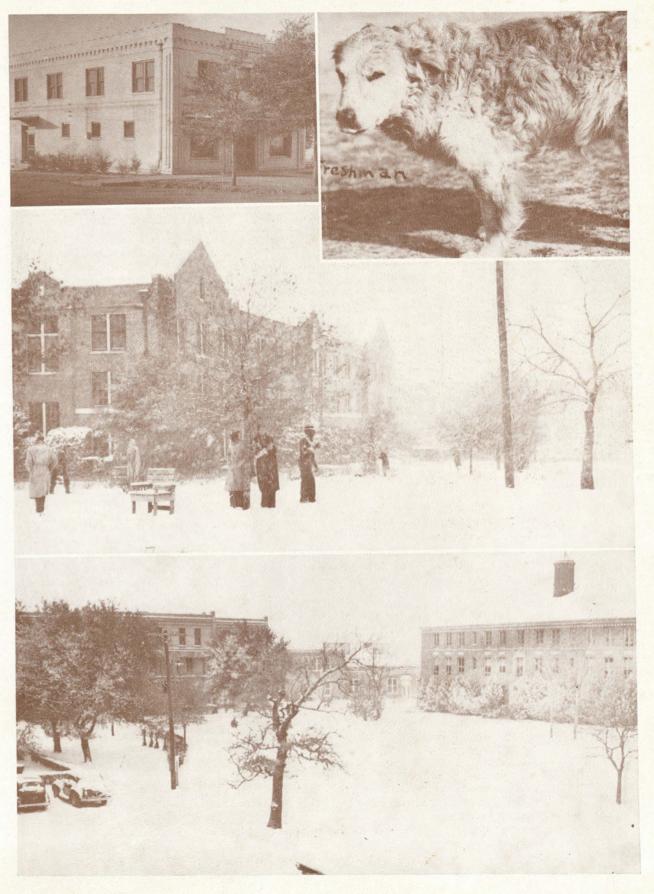

The Commission on Teacher Education was established by the American Council on Education early in 1938, to serve for five years from that time.

Early in 1938 the Council was able to announce receipt of a grant of \$200,000 from the General Education Board for the support, over a period of five years, of a Commission on Teacher Education.

The activity of the Commission will have to do with the education of elementary and secondary school teachers at both the pre-service and in-service levels. Fifteen institutions where teachers are being prepared and fifteen school systems concerned with the continued growth of staff members were invited to join vigorously in the enterprise.

Prairie View was selected as one of the fifteen institutions to participate in the study of Teacher Preparation on the Pre-service level, because of its unique and progressive program of teacher training. Tuskegee Institute is the only other college for Negroes selected.

THE PANTHER

ANNUAL

Jesse Hampton Sterling Editor-in-Chief

George Washington Lacey
Business Manager

Realizing that a good school paper goes a long way toward establishing the rating of the students enrolled in the school, the members of the Student Publication Staff try at all times to make The PANTHER, "the voice of the students", interesting, readable, and enjoyable. To do this we seek to have The PANTHER carry well-written articles that reflect thoughts of the highest caliber. It carries the good will and understanding that should exist between the students and the faculty. The sponsor and the loyal members of the Student Publication Staff are on page 147.

This year The PANTHER staff is giving the students of Prairie View College their first annual since 1926. Many factors which have combined to give this annual, The PANTHER, for 1940 whatever success it may achieve include the united efforts of an able staff and the cooperation of the faculty advisors. The Editor feels that considerable credit is due Dr. E. B. Evans, R. W. Hilliard, C. L. Wilson and Dr. E. M. Norris who assisted greatly in making difficult decisions and in sharing in the responsibility of the publication.

After months of hard work, here it is—your 1940 Annual. The book that each of you has looked forward to receiving—the book that we have enjoyed preparing for you. Please charge any mistakes to human frailties and inexperience. In the beginning and during the year it was our book . . . and now, after its publication has brought the end, it is your book. We hope that you are proud of it.

The Alpha Pi Mu Scholastic Society

The Alpha Pi Mu Scholastic Society, organized in 1929, is an organization composed of the highest honor students of Prairie View. Only persons who have made a grade-point ratio of 2.4 are eligible for membership. Persons who have been in the Society for five semesters consistently are considered "Fellows". At present there are about fifteen members. The organization sponsors functions designed to promote and maintain scholarship at Prairie View, which is its chief purpose. Its monthly project is the publication of a pamphlet of current news articles called "THE ALPHA PI MU SPEAKS."

The motto of the Society is "The only excellence is the excellence of learning, knowing, and doing."

Miss Aldena B. Howell, an Alpha Pi Mu member for four years, is President of the Society for the current year. Dr. T. P. Dooley, Professor of Biology, is faculty advisor.

The Beta Pi Chi Scientific Society was founded in 1928, by Dr. R. P. Perry, Head of Science Department. The name of the Society was derived from the three fields of natural science involved: Beta for Biology, Pi for Physics, and Chi for Chemistry.

The primary objectives of this society are as follows:

- 1. To promote and stimulate scientific interest.
- 2. To raise the standard of scholarship for students of science.
- 3. To foster research in scientific projects.
- 4. To serve as a clearing house for people of scientific thought.

The Prairie View Sunday School, a religious unit, which had its beginning almost with the beginning of the college itself, is organized for all students. Under the guidance of Mr. J. M. Alexander, faculty superintendent, the Sunday School has grown steadily since its beginning.

The purposes of the Sunday School are; to provide ample opportunity for student leadership in religious work, and, to help establish invaluable student-teacher, teacher-teacher, and student-student relationships.

Outstanding programs sponsored by the Sunday School annually are "Know-Me Sunday," "Baby Day," and "Awards Day."

The B. A. Commercial Club

Group One—SHORTHAND CLASS

Group Two—TYPING CLASS

The Business Administration Commercial Club was officially organized January 13, 1940, under the supervision of Miss D. F. Marshall, Teacher of Commercial Studies. This organization is designed primarily (1) to foster among its members the desire for competency in the fields of Shorthand, Typing and other Business Administration courses, and (2) to broaden their general knowledge. To President Myers and members much credit is given for their enthusiastic response in carrying out these purposes.

For several years students from different states in the Union have come to Texas to attend Prairie View College. Year after year this number has increased.

In the session of 1939-1940 the out-of-state students of Prairie View organized themselves into a Cosmopolitan Club in order to associate and exchange ideas from the different sections of the country, and to express appreciation to Prairie View College for its kindness to them.

The Prairie View-Dallas Club is composed of Dallas students that now attend Prairie View; and its purpose is to create leadership, and cooperation—both socially and academically.

The club was organized in 1934 under the sponsorship of Mr. O. A. Fuller, and has grown with much success to approximately eighty-five persons. At present it is having much success under the presidency of Mr. L. G. Brotherton, a senior from Dallas, Texas. The Prairie View-Dallas Club is also known as the "Phi-Delta-Khi".

Sigma Nu Debating Society

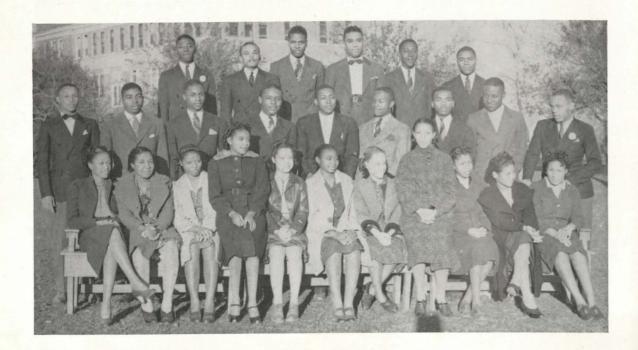

OFFICERS

Crawford B. Bunkley, Jr	President
Ethel Beatrice Alexander	Vice President
Millie O. Shavers	Secretary
Aldena Berenice Howell	Reporter

Debate as an organized activity had its beginning with the formation of the Sigma Nu Debating Society in 1928. The name of the Society "Sigma Nu" is the Greek terminology for the English expression "We win by wit."

Since the beginning of the society, it has become one of the most outstanding southwestern collegiate debating societies and accepts challenges from Bishop College, Marshall Texas; Texas College, Tyler, Texas; Houston College, Houston, Texas; Arkansas State College, Pine Bluff, Arkansas; St. Phillip's Junior College, San Antonio, Texas, and others.

The Dilettante Literary Society

The Dilettante Literary Society has long served as one of the main avenues of creative expression for the students of Prairie View and thus has been of great literary value to them.

It was organized in 1932 by a group of students on the campus who felt that such an organization should be set up to help fit them for the varied duties of life, cultivate a correct mode of speaking, develop a keener appreciation for good literature and qualify one's self by practice, to express opinions in public in a correct manner. We take no small amount of pride in the fact that these purposes for which the club first stood have been well executed. Though these are the specific purposes, the club has chosen as a general objective that of the mental improvement of all connected with it, by the selection and presentation of material from the field of letters.

Business meetings are held on every second and fourth Tuesday. Social meetings are what the members have chosen to call, "The Friendly Hour", are held every alternate Sunday. Business and social meetings are of equal importance, because they are interdependent.

The club needs the student and the student needs the club, but the student has, by far, more to gain.

Mama Green's Co-Ed Club

Mama Green's Co-ed Club is one of the oldest organizations on the campus. It was organized ten years ago by Mrs. Estella M. Green and Miss Irene Ruth Clark of Lawrence, Kansas. A younglady must be a sophomore before she can become a co-ed. Each year twenty-five girls are elected as mistressess and they select the nitters. The nitters are dressed comical on nitters day, and then they are co-eds.

The co-eds have taken part in such outstanding activities as the hanging of the former principal Blackshear's picture in Blackshear Hall; the hanging of the mural painting in the library, and the hanging of a picture of Mrs. E. M. Green, matron of Blackshear Hall and sponsor of the club, in Blackshear Hall. The Co-ed Club decorates the chapel with flowers each Sunday and gives one special program in chapel each year. A get-acquainted social is given each year by the members of the club. The club's colors are blue and white. For the graduating co-eds (those moving into the junior classification) this group gives a tea each year.

The Mathematics Club was organized in 1936 under the supervision of Mrs. L. N. Raibon and Professor A. W. Randall, instructors of mathematics. The club was discontinued in the school year, 1937-1938, and was reorganized in September, 1938 with a membership of about twenty.

Because of the high interest of the sponsors and the great amount of enthusiasm expressed by previous members, the club has been continued for 1939-1940 under the name of the Alpha Theta Chi Mathematics Club. The officers for this year are: Lee Lewis Campbell, president; Ethel Alexander, vice president; Lucile Mosley, secretary; Veda Medlock, assistant secretary; Lillian Reeves, reporter; Leslie Giles, chairman of the program committee, and Helen Johnson, Chairman of the Entertainment Committee.

The purposes of the club are to create an interest for mathematics and to discuss any mathematical problem that might arise in the minds of the members. All students interested in mathematics from a scientific point of view are eligible to become members.

1938-1939

1939-1940

The above Floats were constructed by the members of the Prairie View Collegiate Chapter of the N. F. A. under the direction and supervision of Mr. C. A. Harrison, Instructor of Farm Mechanics and Mr. B. S. Luter, N. F. A. Advisor. They were entered in the Annual Homecoming Parade for the years specified above.

HISTORICAL SKETCH OF THE N. F. A.: The New Farmers of America is a national organization of Negro Farm boys studying Vocational Agriculture. It was organized in 1927 in Virginia with only a few members and chapters under the direction of the late Dr. H. O. Sargent. The first National Advisor was the late Professor Church Harrison Banks, of Prairie View College. Since the date of its organization, the N. F. A. has grown to be one of the largest and most potent organizations of Negro farm boys in America. Its chief purposes are to train boys in the efficiency of farming and Rural Leadership. The Prairie View Collegiate Chapter is a part of the Texas Association of N. F. A. and stands out as one of the few Collegiate Organizations operating under the National set-up.

The Varsity "P" Club of Prairie View holds its athletic power with high honors. The club, organized in 1939 by Coach S. B. Taylor, represents those athletes who have earned varsity "P's" in intercollegiate competition.

The purposes of this organization are: to promote varsity spirit, to form a close union of hearty fellowship, and to promote the general welfare of all students who are members.

Political Science Journal Club

Early in the session 1939-40 Dr. T. R. Solomon, Professor of Government, formulated plans for the organization of the Political Science Journal Club. The purposes of the club are: (1) To keep its members cognizant of current governmental affairs of the world; (2) to discuss the role of the United States in world politics; (3) to sponsor outstanding Negro and white speakers on topics of current interest to students.

The Club is open to all interested students of the college; however, its present personnel consists primarily of upperclassmen.

The Club is making great progress under Dr. Solomon's supervision, and plans for a "bigger and better" Political Science Journal Club are being made for 1940-41.

Spanish Club

OFFICERS

Joseph Reyes	President
Leslie Giles	
Ross Ella Rydolph	Secretary-Treasurer
John T. RobinsonChairma	n Program Committee
Miss Joanna L. Terry	Sponsor

The Spanish Club, better known on the campus as "El Circulo Castella" was organized in 1932 for the purpose of affording to the student of Spanish an opportunity for further study and use of the language in an informal atmosphere.

Membership in the club is open to any student enrolled in the Spanish Department, or who has had the equivalent of one year of college study in the language, or to any faculty member or student who has a fair speaking knowledge of Spanish.

Each year the club sponsors some special project to acquaint the members with some phase of Spanish life, literature or culture. Last year, the club sponsored a three-act play, in the open air, entitled "Una Fiesta En Espana." The play was witnessed by the "Nautilus Club" and many students.

Usher Board

The Prairie View State College Usher Board is composed of about thirty young men and women who are willing and ready to be of service at all times. This organization is under the supervision of Mr. Lee C. Phillips, College Minister. The aim of this organization is to render service at chapel exercises and Sunday worship.

The Prairie View Y. W. C. A. has a membership of 185 girls and is affiliated with the World Student Christian Federation, the National Student Council of Young Women's Christian Association, the Southwest Regional Council, and the South Texas Regional Council.

This organization, in keeping with the National Organization has a three-fold purpose, namely:

- 1. To realize a full and creative life through a growing knowledge of God.
- 2. To have a part in making this life possible for all people.
- 3. To seek to understand Jesus and to follow him.

The social program of the Prairie View Y. W. C. A. includes activities which provide enriching contacts and stimulating interests for its members.

POST SEASON

Prairie View...... 7 Xavier 6

Prairie View and Arkansas State tied for second place in the 1939 season.

The Panthers won the conference championship in 1931, and tied with Wiley and Langston for the championship in 1934.

TENNIS

Prairie View's tennis program was launched in 1921 when Coach C. W. Lewis began working with a few interested persons. Since that time, the program has grown to huge proportions under Mr. Lewis' guidance. The banner year was 1936, when the team of Lloyd E. Scott, Hobart Thomas, Clarence McDaniels and T. R. Lawson (employee) made the following amazing record:

Southwestern Intercollegiate Tennis Tournament at Prairie View College

Winner of Men's Singles Winner of Men's Doubles

Runners-up in Men's Doubles

Xavier Tennis Tournament at Xavier University, New Orleans, Louisiana

Winner of Men's Singles

Winner of Men's Doubles

Southwestern Intercollegiate Tennis Tournament at Tuskegee Institute, Alabama Winner of Men's Singles

Winner of Men's Doubles

Athletics

Southwestern Open Tennis Tournament at Prairie View College
Winner of Men's Singles
Winner of Men's Doubles
Runners-up in Men's Doubles

Midwestern Open Tournament at Lincoln University, Jefferson City, Missouri Winner National Intercollegiate Champion

In all cases, Lloyd Scott won the singles and teamed with Lawson to win the doubles,

The intercollegiate Tennis Tournament held here in April of each year attracts players from all of the conference schools, and Xavier of New Orleans and Tuskegee of Tuskegee, Alabama. The Southwestern Open Tournament which is held in July attracts players from all of the tennis clubs in Texas and several out-of-state clubs.

TRACK

MEN

Coach Sam B. Taylor introduced track at Prairie View in 1931 and since that time the teams have made enviable records.

The banner year for track was 1936, when The Panthers won three of the four relays at Prairie View and two weeks later, won all four relays at Tuskegee. The members of the teams were John Marion, William Batts, Merle Morris, O. Pickett, Lee Perkins, Hulen Smith, F. Stanley, R. Sanders, F. Alliniece, N. Idlebud, and P. Bell.

Since 1931, the famous Prairie View mile relay teams have been defeated only once in Negro colleges.

For individual performance, John Marion ranks at the head of the list with Fred Alliniece second.

John Marion was selected to make the trip to Europe with The U. S. Team in 1938. While in Europe, he was not beaten in the 800 meter run. On the return, he set a new Canadian record in the 1,000 yards run. In 1937 Marion was A. A. U. Junior Champion.

Fred Alliniece, besides being a spark plug on relay teams, clips the 400 meter run off in short time. In 1939, he won the A. A. U. Junior Championship at Des Moines, Iowa.

TRACK

WOMEN

The girls' varsity team lost practically all events at the Prairie View relays in 1939, but a week later in Tuskegee, turned the tide and won the mile relay, placed second in the 200 meter run and second in the 100 meter dash. Willie Jewell Cole ran the latter in 11.6. (The world's record is 11.4). She is the first feminine trackster of Prairie View to compete in National Competition. In September, 1939, she ran in the Nationals at Waterbury, Connecticut.

Sketch of Principal Banks' Life FOURTH SECTION

Principal W. R. Banks at a Conference in Washington, D. C., 1936.

Left to right: Mr. Robert Vann, Dr. F. D. Patterson, Professor W. R. Banks, Mr. Eugene Kinkle Jones, Dr. Sadye Alexander, Dr. M. O. Bousefield, and Dr. Garnette Wilkerson

From Kowaliga to Prairie View has proved an eventful journey for Principal Banks. "Along this Way" he has developed two schools and is now in the process of creating a great university. His administrative duties at the school are undoubtedly of prime importance but they do not keep him from filling other capacities as well. He is Chairman of the Colored Division of the Southwest Council Area of the Y. M. C. A., Secretary and member of the Board of Directors of the Texas Interracial Cooperation, and Advisory member of the American Council on Education, Principal Banks is also a trustee of Atlanta University, Atlanta, Georgia, of Miles Memorial College, Birmingham, Alabama, of Paine College, Augusta, Georgia, of Texas College, Tyler, Texas, and of Lane College, Jackson, Tennessee. In addition to these duties, he holds membership in the executive committee of the Land Grant College President's Association, the National Council on Child Welfare to which he was appointed by United States Secretary of Labor, Frances Perkins, the Advisory Committee of N. Y. A. for Texas, and serves on the Board of Interracial cooperation, the Commission for the study of Negro Life, and the General Board of the C. M. E. Church. In 1928 he was President of the Texas State Teachers Association and in 1935, he was President of the Association of Presidents of Negro Land Grant Colleges. In 1936 he was State Chairman of the Texas Study of Curriculum Revision and later a member of the Advisory Committee for the Texas Centennial.

With manifold activities demanding his attention, Principal Banks can truly be called a potent figure in the swiftly moving cavalcade of Negro education.

Completion of Prairie View History

- Its graduates are recognized by the State Department of Education in practically every State in the Union.
- It has Class "A" rating with the Southern Association of Colleges and Secondary Schools.
- It holds an active membership in the American Council of Education.
- Its hospital is recognized by the American College of Surgeons and the American Hospital Association.
- Its graduates are admitted without examination to the Graduate Divisions of the leading colleges in the country.
- Its off-campus activities embracing Agricultural Extension, Vocational Agriculture and Home Economics, Trades and Industries, Extension and Correspondence School have more than tripled in size and usefulness.
- 7. Its academic program has been expanded to include graduate study on the Masters level.

EXPANSION OF PHYSICAL PLANT

- 1926—Blackshear Hall, two-story brick dormitory for women, erected at a cost of \$36,000.00.
- 1926—Woodruff Hall, two-story brick dormitory for men, erected at a cost of \$36,000.00.
- 1926—Warehouse and Filling Station, one-story fireproof structure, erected at a cost of \$6,000.00.
- 1928—Evans Hall, three-story fireproof brick dormitory for women, erected at a cost of \$100,000.00.
- 1928—Farm Shop Building, one-story frame structure, erected at a cost of \$1,800.00.
- 1929—Hospital, three-story fireproof brick building with 50-bed capacity, erected at a cost of \$100,000.00.
- 1930—Industrial Engineering Building, a two-story fireproof building, erected at a cost of \$90,000.00
- 1931—Education Building, a three-story fireproof building erected at a cost of \$75,000.00, with the aid of the General Education Board.
- 1933—Anderson Hall, a three-story fireproof building for women, erected at a cost of \$56,000.00, with the aid of the General Education Board.
- 1934—Green House, a glass and stucco building for experimental use, erected at a cost of \$1,000.00.
- 1934—Hermitage, two-story dormitory for men teachers, erected at a cost of \$2,477.74.
- 1934—Bellaire, two-story dormitory for men teachers, erected at a cost of \$2,477.73.
- 1935—Alta Vista, two-story dormitory for men teachers, erected at a cost of \$2,770.10.
- 1936—Incubator House, a modern fireproof stucco building, erected at a cost of \$17,000.00.
- 1936—National Youth Administration dormitory for girls, a two-story wooden structure, erected at a cost of \$3,411.34.
- 1937—National Youth Administration dormitory for boys, a two-story wooden structure, erected at a cost of \$3,792.74.
- 1938—Gymnasium-Auditorium, a fireproof brick, re-enforced concrete building, erected at a cost of \$55,000.00.
- 1939—Dining Hall, a fireproof brick building, erected at a cost of \$100,000.00.

 NOTE: In addition to the above, the employees have been housed comfortably in cottages and apartments at an added cost of more than \$40,000.00.

 Principal Banks has secured near a half million dollars from various educational foundations.

Alumni and Ex-Student Section

General Alumni and Ex-Students' Association

OFFICERS

Top Row

H. S. Estelle, President; Mrs. Jessie Robertson, First Vice President; Lee C. Phillips, Executive Secretary; R. T. Tatum, Treasurer

Bottom Row

Mrs. Lulu M. White, Corresponding Secretary, Frank J. Robinson, Chaplain

After Prairie View became a four-year college, the Alumni Association was re-organized with the late O. P. DeWalt of Houston as President. While president, Mr. DeWalt did much to unite the Prairie View forces. He served for several years. Several times he attempted to resign his office, but the association refused to allow their militant leader this privilege.

Mr. DeWalt was followed by Hobart Taylor of Houston, Texas. Mr. Taylor was the first to urge the association to build an Alumni Hut. It was during his administration that the late Will C. Hogg willed the institution \$25,000.00 for a student loan fund.

- O. J. Thomas succeeded Taylor in 1932. Shortly after taking office, Mr. Thomas and Principal Banks began to work with the authorities of the Hogg estate in attempt to make the \$25,000.00 available. They were successful and now the interest is being used to aid worthy students. Under Mr. Thomas, the association furnished the lobby of Anderson Hall (\$1,200.00), assisted in furnishing Guest House (\$150.00) and bought a Hammond Organ (\$1,850.00).
- H. S. Estelle succeeded Thomas, May, 1939. Professor Estelle immediately projected a very worthwhile program. The association is behind Estelle and it is a conceeded fact that he will be successful in all of his attempts.

Alumni and Ex-Students

Dr. F. D. Patterson

D. V. M., M. A., Ph. D., President of Tuskegee Institute, Tuskegee, Alabama.

'27, B. S.. Principal of Kealing Junior High School, Austin, Texas, since 1930. Mr. Hurdle has taught in the rural schools of Texas four years and Austin, 20 years. He was president of Colored State Teachers Association in 1936-37 at which time he pushed the Student Aid Bill. Civic leader, churchman and Boy Scout Commissioner.

Mr. August "Jap" Turner

B. S. Educational Advisor in the Eighth Corps Area CCC work. 1928-29 he was Assistant Principal of the C. M. E. Junior College at Boley Oklahoma. 1929 to 1935 Mr. Turner was Assistant Principal and Coach of Booker T. Washington High School, Mt. Pleasant, Texas. While there, Mr. Turner introduced sports and boy scout work. Has been in present position since 1935.

Professor W. Leonard Davis

B. S., (two summers toward Master's Degree). Mr. Davis is Principal of Harper Junior High School, Houston, Texas, member of the Texas Interracial Commission and Auditor State Teachers Association. He is very active in church affairs and is a man of deep conviction who does not stoop to wrong to serve the hour.

Professor Robert Theophulus

B. S., A. M. Principal of Charlton-Pollard High School, Beaumont,
Texas. Born in Columbus, Texas,
son of pioneer teachers Mr. and
Mrs. J. R. Tatum. Mr. R. T.
Tatum has attended Prairie View,
Wiley, Fisk and Columbia University (M. A. Degree); Treasurer of
P. V. Alumni Association since
1924, member of several national
education groups, Executive Secretary of Colored State Teachers Association for 12 years. Mr. Tatum
is a very active church worker and
has been a teacher in the Beaumont system for 27 years.

Mr. J. Lister Buchanan

B. S. Senior Supervisor of WPA Education, Austin, Texas. Mr. Buchanan is the son of the well known educator and business man, G. W. Buchanan of Prairie View. He (J. L. Buchanan) taught in the Fair View High School near Linden, Texas, for three years and has been Supervisor of Adult education since 1937. Mr. Buchanan has 33 teachers under his supervision.

Alumni and Ex-Students

Mr. Ellwood Collins

B. S. (Extra work at University of Colorado) Area Supervisor of Agriculture, Texarkana, Texas. Mr. Collins did a most excellent job as Vocational Agriculture teacher in the Saint Paul-Shiloh School, Oakwood, Texas for four years prior to changing to his present position in 1938.

Professor A. W. McDonald

B. S. Instructor, Central High School for the past eighteen years. Prior to his services in Galveston, he was principal of Italy High School, Italy, Texas. He is pioneer in education. Having started the Extension Schools for Negro Colleges in the state in 1925 while he was president of the Alumni Association of Prairie View State College. He is past president of Colored Teachers Association in Texas and had the two associations to meet together for their first time in 1932 in Fort Worth, Texas. Mr. McDonald is a conservative educator and one that is highly respected by the members of the State Teachers Group.

Mr. Albert Clifton Koontz

B. S., in Chemistry, May, 1939.
Member. "The Panther" Staff,
1937-1939. Mr. Koontz is now
principal of Union Hope School
at Palestine, Texas. Aside from his
school duties he is actively engaged
in the commercial and portrait
photography business.

Mr. Lee G. Jolley

B. S., B. S. (Extra work at Kansas State) Camp Educational Advisor, Co. 3823 (cu), Yoakum, Texas, Mr. Jolley was born and reared west of Crockett, Texas; has attended Tillotson College, Austin, Texas, and Prairie View College. Received the B. S. in Education; later the B. S. in Agriculture from Prairie View. Principal of Guadalupe College three years, Principal of High School, Bastrop, Texas eight years, and Vocational Teacher one year in Smith County. Has been Camp Advisor since 1937.

Mr. Lemmon C. McMillan

B. A. Librarian, City Library for Negroes in Dallas, Texas. Mr. Mc-Millan was one of the strongest student leaders to have passed through Prairie View. He went directly to his present position after graduation, May 1939. According to the Dallas Gazette, he has brought about numerous improvements in the library during this short while.

Professor F. R. Rice

B. S., M. A. Supervising Principal of Blackshear and Rosewood Schools, Austin, Texas. Mr. Rice is a graduate of Prairie View and Columbia University. He served as assistant Principal two years and at the death of Professor Passon, Mr. Rice was promoted to principal-ship. Mr. Rice is highly respected in the educational and religious fields. He pioneered in the library move for elementary schools in Austin. Mr. Rice admits that his wife, the former Miss Johnnie Mae Yates of Houston, has meant much to him in his career.

Alumni and Ex-Students

Mrs. Lula M. White

B. S., teacher in city schools of Houston and President of Houston-Prairie View Club. Mrs. White is very active in civic affairs of Houston, having been Vice President and later President of the N. A. A. C. P. there. The Houston-P. V. Club, under Mrs. Lula White's Administration has contributed near \$200.00 to projects on the campus. Mrs. White presented the idea of an organ to the association.

M. B. Davis

B. S. (Advance work at University of Chicago and the University of Southern California), the Principal of the Fred Douglass High School, Jacksonville, Texas. Professor Davis is a graduate of Prairie View, class 1907 and 1928. In the early years, he was President of class, football star and active in other activities. President of East Texas Teachers Association 1924-1926, President of State Teachers Association 1935-36. Member of summer faculty, Texas College

Mrs. Jessie Harrison Robertson

B. S. (Three summers advance study at Columbia). Mrs. Robertson taught at D. D. and B. in Austin and several rural schools before beginning work in Houston in 1922, where she has been teaching since. She was the first year around recreational Director at Emancipation Park. Mrs. Robertson is very active in the church circles of Texas and has been First Vice President of State Teachers Association. She has traveled extensively in the states and as far as Haiti and Jamacia.

Professor J. Clarence Davis

B. S., Ph. M. Field Supervisor of Adult Education, Dallas, Texas. Graduate of P. V. Magna Cum Laude, winner of all the scholarship prizes, 1932. While in college, participated in debating, football, Y. M. C. A. and R. O. T. C. Worked in Subsistence Department, P. V., 1932-1936. Masters Degree from University of Wisconsin. Taught at Prairie View 1937 to 1939. Mr. Davis supervises thirty-five teachers.

"The greatest and grandest legacy the world has ever received is the man whose heart is too full of righteousness for prejudice to find room; whose vision is too clear to be obstructed by class distinctions, whose life and deeds wrap, like the tendrils of a plant, around the hearts and lives of the common people and pull them up with him as he rises to higher and purer worlds of thought and action."

-W. R. Banks, Atlanta University, 1909

Dallas Prairie View Alumni and Ex-Students Club

EXECUTIVE CABINET OF DALLAS - PRAIRIE VIEW ALUMNI AND EX-STUDENT CLUB

Left to Right

T. H. Brawley, business manager; Mrs. I. O. W. Hodge, treasurer; Rev. K. B. Polk, chaplain; Mrs. Jessie Turner, assistant secretary; Lemmon McMillan, president; C. A. Walton, chairman of the program committee; Mrs. Florine Jeffry, chairman of the membership committee; and Roy E. Dixon, chairman of the publicity committee

After a number of years of inactivity the Dallas Alumni and Ex-Students Club became reorganized early in December (1939) as a result of strong support given the demand for organization by the state president, H. S. Estelle, and local representatives in the person of Carl J. Hines, instructor at B. T. Washington, and T. H. Brawley, real estate agent.

"There's no reason why Dallas shouldn't have one of the strongest and most active alumni organizations in the state," said T. H. Brawley, "Exerting a constructive influence over local social and civic activities with an interesting program and serving as an important cog in carrying out the state program. With this in mind the club is getting behind president McMillan to arouse some of its dormant potentialities.

"This is as it should be because Prairie View has more alumni and ex-students in Dallas than possibly any other city except Houston," says Carl J. Hines.

The executive cabinet officers elected in December are listed as follows: Lemmon McMillan, president; Carl J. Hines, vice president; Margaret Batts, secretary; Mrs. I. O. W. Hodge, treasurer; T. H. Brawley, business manager; Rev. K. B. Polk, chaplain; Mrs. Madeline Hines, pianist; C. A. Walton, chairman of program committee; Roy E. Dixon, chairman of publicity committee; Mrs. Jessie Turner, Assistant secretary; Mrs. Florine Jeffrey, chairman of membership committee; and O. B. Lawrence, chairman of the entertainment committee.

Houston Alumni and Ex-Students Club

Top Row

Mrs. Julius White, President; Mr. R. C. Chatman, Vice President; Miss Mable E. Kilpatrick, Secretary; Mr. Arthur McCollough, Treasurer

Second Row

Mrs. Willie Blount, Parliamentarian; Mr. Whitlow Greene, Business Manager;
Mrs. Constance Houston Thompson, Chairman Social Activities;
Mr. Leon Richardson, Publicity

Third Row

Mr. Henry Grayson, Publicity; Mrs. Jessie Robertson and Mrs. Ann Robinson, Program Committee

The Houston Alumni Club, under Mrs. Julius White was very active in pushing the Organ Drive. The club contributed more as a unit on the organ than any other Prairie View Club—\$200.00. The club has held Mrs. Julius White as its chief for six consecutive years.

The club is ready to back any progressive movement that means for a bigger and better Prairie View.

Local Alumni and Ex-Students Club of Prairie View

A College Man's Diary

FIRST WEEK

SUNDAY—Went to breakfast and really scarffed. Every thing was o. k. except the illegitimate gravy which seems to be a dining hall obsession.

Chapel at 11:00. Had to go, and boy was it boring!

On the cuts at 4:00 beefing with the chicks.

Monday—Class at 7:30 immediately followed by a day's session of "chewing."

Tuesday—Just another day; classes from 7:30 to 2:30.

Wednesday—Arose from my lair at 10:30 after a night of bridge. Didn't skip but two classes. Made up for absentee by "chewing" at 3:30.

THURSDAY—Classes from 8:30 to 10:30 and chapel at 11:30. I wish they would do something new sometime. As usual it was mighty dry.

Mixed a lot of chemicals together in Chem. Lab. and had a slight explosion. Not much damage, just a shirt sleeve eaten away.

FRIDAY—Went to 7:30 class and when I recited, I fairly "went to town."

Cut chapel today because somebody was speaking about some stuff called

The show tonight was good, but, as usual, the chicks did some loud cackling.

Saturday—Went to all my classes this morning and did fairly well.

Was engaged in a bit of bridge all afternoon and had a punk of a partner. Oh well, such is life!

Walked down to a broad's dorm and stayed until 15 minutes before show time. I couldn't spend an extra dime on no chick tonight. The caf is calling me. Am now listening to Grand Prize, and the music is jam. Will be listening and bridging until 2:30.

SECOND WEEK

Sunday-Went to chapel this morning and it was a little better than usual. A sharp sky pilot spoke and was he togged!

Received a letter from the little broad at home which started me to thinking. Vesper tonight was jam. I must be in a religious frame of mind.

Monday-Went to all my classes today and got to them on time. I think I have turned over a new leaf.

Tuesday—A very cold day, but I forsook my lair and attended all classes.

Wednesday-Made breakfast in my pajamas, and then went to my classes. Attended a bull session this afternoon.

THURSDAY—The same old stuff today; classes from 8:30 to 10:30 and then chapel. FRIDAY—I have been doing so good this week that I took the day off for bridge. Had a fine time.

The picture tonight was built around some mushy, love-making, but it was soothing to the soul.

SATURDAY—Cleaned rifles this morning in order to knock off some demerits. I wish they would stop giving those things.

Was without funds tonight so I had to stay in the room and study. Just my luck! They say the picture was good too.

A College Man's Diary

THIRD WEEK

SUNDAY—Had a fairly nice scarf this morning. Came back to my room and then went to Sunday school and chapel. Enjoyed both services.

Beefed with my little campus chick this evening and went to the show in Hempstead tonight. Met up with Dean and he threw 5 demerits on me. Will I ever learn!

Monday—Raised a small bit of cane today in all of my classes.

Played Xavier some basketball this evening and came out victorious by 6 points.

Tuesday—Just couldn't get up in time to make my morning classes. This night life is getting me down.

Did okay in my evening classes, but was I tired!

Wednesday—Had a long night of lair, and being well rested, I attended all of my classes.

Thursday—Another day of classes and chapel. It (chapel) was a little better today.

FRIDAY—Went to my morning classes and just couldn't take chapel.

Felt better this evening and went to my evening classes.

The play tonight was okay, but there was some "frone" love-making.

Saturday—Went to my 7:30 class and came in and my roomies made me scrub. The room does look better, but it is just too much trouble for words.

The dance tonight was jam. My little chick was looking just too mellow.

FOURTH WEEK

Sunday—Not a very eventful day. Spent most of the day recording a notebook which must be in Tuesday.

Monday—Spent today cramming for the mid-semesters which begin tomorrow. Did a little chewing this evening.

Tuesday—Well, I went to my doom today in English. Raised sand in my other exams.

Wednesday—Fairly dug today in Education and Chemistry. Sometimes I think I must be intelligent.

Thursday—The last day of examinations and I think I did okay. I am hoping I won't get any letters.

FRIDAY—Well diary, the exams are over and my instructors say I will not get a letter. I must have dug more than I thought. Since it is a little after New Years, I resolve to do better the next nine weeks.

SATURDAY—Went to the library today and drew out three good books. I am really going to get my lessons this time. After all, I came to college to get an education, or didn't I?
