Mr. C. D. Yancy, Director
Interscholastic League of Texas
Prairie View A & M College
Prairie View, Texas

Dear Mr. Yancy:

At our district's end of the football season meeting one of our boys, Josh Bedford, was accused of having played an inning in the baseball tournament which is held at Waco, Texas each year in August. No one had any record (scorebook, line-up, newspaper write-up, listing this boy's name. The district AAA2 went only upon the word of mouth of Coach Young in Waco, a member of our district. Mr. Young was not even present at our district meeting last fall when the district met. Mr. Young sent word by Mr. Moore of Temple. Our district acted upon this word of Mr. Young through Mr. Moore and declared all our district games forfeit and declared our boy ineligible to play basketball, track, and baseball.

We called Mr. Meredith again concerning this ruling referred above. Mr. Meredith said his basketball team is going to Waco this week and he was going along with the team and ask Mr. Young to show him the tournament official scorebook to see if Josh Bedford's name appears thereon.

Is it ok for our boy to play basketball until the district proves him ineligible beyond a word of mouth statement?

May I hear from you as soon as possible?

Yours truly,

Mr. Walter F. Cotton, Director
District II-A
Woodland High School
Mexia, Texas

Dear Mr. Cotton:

I have your letter of January 10, 1966, relative to your efforts and the general attitude of the member schools of your district.

It appears that the "Basketball Code" has no meaning to the schools involved. It states, ". . . . Victory is no great matter. The important thing in sports is the manly striving to excel and the good feeling it fosters between those who play fair and have no excuse when they lose."

I was of the opinion that you were headed in the right direction from your first letter. That is, to have it clearly understood that unless the member schools of the district could agree to set up a schedule and follow it, the schools not be considered members of the Prairie View Interscholastic League and would be subject to suspension.

There is no provision made, however, for schools to sever their relations with member schools of their district and continue to be a part of the Prairie View Interscholastic League.

May I suggest that you check again the duties of the District Executive Committee, follow the duties as outlined and certify to the State Office a district winner, on time. In the event you are not successful in carrying out the duties as outlined under the Basketball Plan, there will be no district representative from your district. The schools in violation are subject to suspension by the State Executive Committee, for failure to abide by the Basketball Plan.

For the sake of the students involved, please continue to strive for a good district.

Please advise us at anytime we may be of service to you.

Dear Mr. Murray:

I have your letter of January 11, 1966, relative to the action taken by the District Executive Committee on one of your students, Josh Benford, who was accused of playing baseball in a tournament in August, 1965.

In as much as this action was taken by the District Executive Committee, I see no hasty solution. The district director is in the best position to advise you as to this student's participation in basketball, until a final decision is reached. Mr. Meridith knows, or will know within a short time whether or not this is a closed case as far as the district is concerned.

However, for the time being, I would suggest that you do not use this player until the case has been cleared up with your district.

If you would like to appeal your case to the State Executive Committee, send me a brief of the facts in the case and I shall present it to the committee. They will determine whether or not your case merits a hearing. I in turn, will advise you of the next step.

Please advise us at anytime we may be of service to you.

Dear Sir;

I'm offering my resignation as Director of District "6C" because I am no longer working in either Overton, Texas or Rusk County.

I've enjoyed serving as Director for many reasons, mainly, because of the liberal education it furnished. As Director I learned to be tactful, to act as mediator of disputes, and to increase my self-control. I regret very much that it is impossible for me to continue as Director.

If I am not presuming too much, I would like to suggest that either Mr. L. C. Hammons, principal of the Lincoln Elementary School, Rt. 2, Box 321, Overton, Texas, or Mr. Odis Lewis, Principal of the Goldsberry School, 511 Rodertson Bvl., Henderson, Texas, would make an excellent Director.

I sincerely hope that the league will continue to prosper in the years to come as it has in the past.

Dear Mr. Dockery:

I have your letter of recent date, relative to the eligibility of a student who transferred from one school to another school. According to Article VIII, Section 11, Changing Schools -- "A pupil changing schools is not eligible in League contest whose parents (or guardian) reside outside the school district, until he shall have been in attendance at the school or in the school system to which he changes for one year immediately preceding the contest; ... There are some conditions which this rule does not apply given under the same rule.

Article VIII, Section 12, One Year Rule, states: "A pupil who has represented a high school (other than his present school) or academy in either football or basketball is ineligible for one calendar year in a school to which he changes"

According to Article IX, Disputes- All protest must be made in writing , written twenty-four hours after the contest. Eligibility protest, however, are not subject to the 24 hour limitation.

May I suggest that you read the Duties of the District Executive Committee under Boys' Basketball Plan. Rule 6, page 88, will answer your last question.

In the event you feel that a decision by the District Executive Committee is unfair, you may appeal to the State Executive Committee. A written statement of facts must be presented. These facts will be reviewed by the committee and a decision will be rendered based upon the facts at hand.

It is our hope that your dispute will be settled by the District Executive Committee.

Very truly yours,

Dear Sir :

Our school status will be the same for the next few years.
Approximately the same enrollment.

I would like to offer a suggestion on district assignment for the next few years. Within fifty (50) miles of us we have the following schools: Van Vleck, Wharton, Bay City, Eagle Lake, Angleton, El Campo, Victoria, Edna and Rosenberg. Som of these may prefer the Houston District. Van Vleck is on the increase the reason I included them in this list. Corpus Christi is on the decrease and you may have to include them with us if they plan to operate next season. If you will notice the four (4) schools that are underlined have been in the same district for the past two (2) years.

Yours truly,

Dear Mr. Yancy:

Please be informed that I am in receipt of your newsletter of January 17, 1966 and the contents of same well noted on the status of our high school for next year.

Mr. Yancy, I am very sorry to state that there will be no more Negro schools in our district after the current session. So, to make a long story short, this is our last year. Our elementary schools have all been integrated this year with Negro and white teachers. In all we are doing fine so far.

Before I close I would like to state that I am very proud of the work many Negro schools have done in sending out fine men and women all over the world to serve humanity in an outstanding way. May God's blessings continue to shine down on all of us.

With every good wish, I am

Very truly yours,

Dear Mr. Yancy:

I am in receipt of your letter of January 15 concerning the decision of District 2AAA's decision on the eligibility of one of our football players--Josh Bedford.

As I related to you, Josh Bedford was declared ineligible to participate in any other school--boy's--athletic games. This decision was reached upon a word of mouth sent by the Temple's coach, Mr. Moore, by Mr. Young, coach at the Carver High School, Waco, Texas. The Executive Committee did not meet in session. The decision was reached through a vote in an open meeting of the district of Principals and Coaches.

Yours truly,

B. C. Murray
