UP-N-DOWN 290

It isn't exactly what I had in mind, but I guess the results will be about the same.

All through the long summer, I have neglected getting the kind of exercise that we all need to keep our bodies fit, and I used the oppressively hot weather as an excuse. Also, my work schedule has provided me with a good "cop out" as to why I haven't been getting proper exercise. My bike has hung in the garage for several months, and the air has gone out of the tires, (and my muscles, I suspect), but I've been promising myself that I would be getting it down one of these days, to begin a regular program of riding to firm up the soft parts.

The guilt wasn't too hard to deal with, until the weather last week began to rob me of my 'out', so I made secret plans to begin riding, come the weekend. I say secret, because if I mention things like having time to ride my bike to Cheri, she has a way of reminding me of my other promises, and that just adds to the guilt feelings I already have.

Saturday morning dawned bright, clear and cool, and I smiled smugly to myself as I downed my first cup of coffee and laid my plans to rejuvenate the bike and ride off into the sunrise and begin to rejuvenate the old body. Before I could put my plan into action, Cheri just happened to mention that I (See UP-N-DOWN page 2)

Bulldogs Play First District Game

The Waller Bulldogs tangled with their traditional nemesis, the Tomball Cougars last Friday night, and came away second best in the contest, with no scores to report for their effort. The Cougars' Bubba Greely carried the ball across the Bulldogs goal once in each of the first three quarters, and the added PAT points brought the

game to a 20 to zip win for Tomball.

Waller's offense tried to take to the air, with QB Richard Robertson trying 11 passes and completing only 3. QB Darrell Hawkins didn't have much luck either, throwing 19 times and completing only 5. Total yards gained in the air for the Bulldogs equaled only 87. Things

The Waller Wranglerettes performed a stunning routine during the halftime show at Tomball last Friday night. See story for game details.

Crimestoppers Group Is Up And Running!

The group heading up the efforts to organize a Crimestoppers association here in Waller County has been successful, and the new name is "Waller County Crimestoppers Inc."

The purpose of this group is to help the citizens of each city in Waller County, including those cities located partially in other counties. Directors for the new Corporation are: President - David Fife,

Vice-President - Travis Winfree, Secretary - Lee Kosina, Treasurer - Richard Counts, Media Coordinator - Truitt Bell, and other members; James Hauck, Virgil Bowling, Jim Koen, a representative from each Police Department, and the coordinator, Officer Jerry Falcon of the Hempstead Police Department.

Crimestoppers will meet on the 2nd Tuesday of (See Crime Stoppers pg.13)

Committee Seeks Campground

The Waller County Sesquicentennial Committee is seeking large acreage for a campground to hold approximately 150 wagons with 300 riders, somewhere between Waller and Hempstead.

Fritzsching Fundraiser Successful

The fundraising raffle held recently in the Waller area to assist Doug Fritzsching was concluded on September 25th, when the drawing was held at Schild Implement Co.

Mr. Fritzsching lost his wife and child in an automobile accident and is in need of assistance in meeting all of the financial obligations incurred as a result of the accident, so Candy Perez and Ann David of Waller conduct- (See Fritzsching pg. 18)

Waller War On Drugs Plans Awareness Week

The Waller War on Drugs group met on October 1 to discuss plans relating to the Waller I.S.D. drug awareness week planned for October 21 - 25. The organization is acting as a resource and support group for the WISD Principals and those planning for the school week.

Many activities are already scheduled including coloring books on drugs and good health for second graders, films for third graders, and a visit by the

Drug Wolf (from Houston Police Department) for all elementary students. At the Middle School there will be poster contests and skits prepared. Speaking to grades 5 - 12 at various times during the week will be Harry Edwards, a toxicologist who works on emergency medical teams determining necessary antidotes for drug overdose cases and donates much of his time in speaking to students on the dangers of drugs. Hempstead Proves Cats Tougher Than Tigers

The Hempstead Bobcats travelled up to Waco last Saturday evening, to tackle the Waco High Tigers on their home turf. The Bobcats once again showed why they are ranked so high in state standings by coming out on top, 33 to 12.

Hempstead's quarterback Mike McDade lead the Cats attack by com-

pleting 12 of his 16 pass attempts for 321 yards, no interceptions, and four touchdowns. Waco's star of the evening was Chris Drake, who rushed for 114 yards.

Waco was first on the scoreboard, when their 76 yard drive finished up with a 15 yard run by Derrick McDonald to score. The (See BOBCATS pg.11)

have been promising to re-erect the section of yard fence that a storm blew down a while back (I'm not going to admit just how far back!), and it seems as though she remembers my saying that I would get to it as soon as the hot weather breaks. So I had to make my decision as to which activity I was going to pursue; mine or hers.

Now, working in the yard is one of those tasks that takes you back and forth past all of the parts of your property that you haven't looked at closely in awhile, and I began to see several other items besides the fence that needed some attention. In my usual well-organized style, I soon had five or six projects going at once, with tools scattered all over the place. Cheri stayed close at hand, helping as needed, and seeing to it that I stayed "on task" (teachers are famous for that), so I spent the entire day cleaning off the wood pile, digging post holes, building fence frames, and reinstalling the cedar boards we had saved from

the storm. This requires a lot of bending, stretching, pulling and lifting, and I never do remember to pace myself when I enter into a project like this one.

Pounding my typewriter and driving my desk doesn't seem to get me ready for labor like this, so I should take it easy at first, but I never do.

By Sunday night, the fence was almost finished, the yard was cleaned up, the tree trimming trash burned, the loose places on the house fixed, and the wife very pleased with all of the progress. I must admit, I felt pretty smug myself, and the little guilts that I had been carefully stowing in the back of my brain were all cleaned out and dealt with. The only problem is that Monday morning I had trouble getting out of bed, using my swollen, sliver-filled hands, and bending over to tie my shoes. However, I wear my miseries well, complaining to nobody (except anyone who will listen), and I walked around the yard before coming to work, just to admire my handiwork. I

sure am pleased with myself.

Next weekend I'm going to get the bike down, air up the tires, and ride off into the sunrise. That is, unless Cheri gets wind of my plans, and makes plans for me. Please don't tell her what I've got in mind!

See you up-n-down the road.

Historic Highlights

by Dr. Mildred W. Abshier

General Sam Houston, when he decided to take his small Texian Army and execute a series of strategic retreats rather than face the large Mexican Army head-on, received a great deal of ridicule from both the people and the newly elected government of the Republic of Texas. Much of the verbal harassment came while he was encamped along the Brazos River at the Groce Plantation. An example of the abuse heaped upon him is seen in the letter which came from President Burnet while the General was at Groces. In part it read: "Sir: The enemy are laughing you to scorn. You must fight them. You must retreat no farther. The country expects you to fight. The salvation of the country depends upon your doing so."

All of which reminds me of the old adage: He who fights and runs away will live to fight another day!

didn't work out any better on the ground, with 5 Bulldogs trying 33 runs which only racked up 128 yards and no scores. The Cougars were playing tight defense all night, and it payed off for them. Darrell Hawkins was called on to punt away 6 tmes, and he averaged 36 yards per boot while racking up 216 yards punting on the night.

The stats show that the two teams were very close in total yards gained; Tomball - 243 and Waller - 215, but the Cougars made the yardage count at the goal line.

Waller will be hosting Brenham this Friday night at Bulldog stadium, and you will probably see some pretty good football if you come out for the game.

**Fair Ass'n
Meets**

The annual stockholders meeting of the Waller County Fair Association was held at the fairgrounds on Tuesday, October 1st 7:00 PM. A list of the new stockholders was reviewed at the brief meeting, and members were reminded that the Waller County Fair Association Board meets on the third Tuesday of every month at the fairgrounds.

The Board will be hosting the Annual Appreciation Dinner on Tuesday, October 29th at the fairgrounds. This invitation only dinner is the Association's way of saying "Thank You" to all of the volunteers who worked so hard to put on the fair, and to the buyers who shared their finances so generously at the various sales held in conjunction with this year's fair.

The Fair Association wishes to thank all of the hundreds of people and organizations who helped to make this year's fair a success. It would not have been possible without you.

Bobcats Tough

(From pg. 1)

PAT failed. In the 2nd Quarter, Hempstead scored on a 5 play, 86 yard drive, when Mike McDade hit James Wilson with a 46 yard pass play. Hempstead scored again on a 3 yd pass play from McDade to Cyrus Hedspeth, which kicker Calvin Toliver followed up with a good extra point kick. This drive was highlighted by a 34 yard run by Harvey Williams.

Hempstead scored twice more in the 3rd quarter; once on a 74 yard pass connection from McDade to Williams, and again on an 8 yd running play by McDade himself. One of the PAT tries failed and one succeeded.

Both Waco and Hempstead scored once in the 4th period, and both failed in their extra point attempts, so the game finished up at Hempstead 33 and Waco 12.

The Bobcats will return to their home battlefield next Friday night where they will face off against the Sealy Tigers. Once again, they will have the opportunity to show that Tigers are no match for Fightin' Bobcats. Don't miss this one.

Crime Stoppers up & running

(From pg. 1)

every month in the Assembly Room at the Waller County Courthouse at 7:30 PM. They are in the process of raising funds to support their operation, and to fund a reward system which will be set up soon. They have appealed to each city in the area, as well as the Waller County Commissioners Court, for money to help them get started. They also appeal any businesses and individuals in the area for funds in any amount. These donations can be given to any Director, or mailed to: Waller County Crimestoppers Inc., P. O. Box 1148, Waller, Texas 77484.

One of their first efforts will be to print stuffers for use by banks, grocery stores, and anyone else who will stuff them in their mailing. These mailout pieces will tell everyone about the new organization, why it exists, and how they can become involved with this very important group. A telephone line for the exclusive use of Crimestoppers has been installed, and the number

is (409) 826-8266. Collect calls will be accepted, and this phone will allow citizens to get in touch with them right away. Information gathered in this manner will benefit all law enforcement bodies in the area, regardless of their home county. Lack of money prohibits their having a direct line from the south end of the county at this time, but plans call for the installation of such a service when funds permit.

Crimestoppers has begun what should prove to be a very unique, fun and interesting method for raising additional funds. They intend to install a portable "jail" in each town, which will be used in this manner. You may, for a \$25.00 donation, swear out a warrant for the arrest of anyone you wish; hopefully a friend, and a volunteer police officer will "arrest" that person, and bring him to the jail where he or she will have a "fine" imposed upon him. This fine will consist of his having to call others for pledges of donations, in a

preset amount, and he will be released only when his quota has been met. He then may have someone of his choosing "arrested" in the same manner. This is all in fun, and it is hoped that the citizenry will participate in the spirit in which it is intended. No person will be held against his or her will.

The Crimestopper system has worked very well in

many places around Texas and other states, and it should perform a vital service to us as citizens of Waller County. We all need to support this effort, both financially, and by participating to the fullest extent possible when asked to do so. This way, we will all come out "winners" the the fight to reduce crime in our area.

Our prices may be discounted. Our values aren't.

Sure price is important. We'd be the first to admit that. Why else would we offer you all the discounts to buy that we do? But once you realize that almost everyone is priced about the same these days, you should look beyond the discounted price...to longer term value (who can top the John Deere 4020), dealer services (24-hour parts availability and financing), specific equipment features (Sound-Gard[®] body, 15-speed Power Shift, automatic round baling, synchronized TSS transmissions), and a name you know will be around forever. Remember there will come a time when features other than price will be important to you. That's why we've been a good supplier to farmers like you since 1837.

Lions World Service Day October 8TH

If the people of Waller County saw "Old Glory" flying on Tuesday, October 8th, and were wondering why, it was because it was Lions Club World Service Day, and the Lions Club of Hempstead was proud to proclaim to the citizens of our county that we are a part of that great International Organization.

The Lions Club has rapidly spread throughout the world since its conception many years ago in Dallas, Texas; now having clubs in nearly every country this side of the Iron Curtain. The "L" stands for Law, Liberty, Labor, Loyalty, Love, Life, Lions; on a circle representing that Lions and Lions Clubs are all bound together into one. Courage, Strength, Activity and Fidelity all have to do with the adoption of the name.

The Hempstead Lions will have their next two meetings at Cactus Jack's Restaurant; on Oct. 7th & 21st, at 7:00 PM. On Oct 7th, Dr. Irv Wishnow will

speaking on Lionism, and October 21 will be ladies' night. Al Lindow, the District Governor, and his lovely wife, will be our guests.

lets published by the National Child Safety Council which are being made available through Waller Police Captain

The War on Drugs organization will sponsor a special Community Support Night on Tuesday, Oct. 22nd to demonstrate backing for our schools and students. The evening will begin at 6:30 with a barbeque dinner served in the High School Cafeteria. Tickets are \$4.00, with proceeds being used to help support the WHS student Teen Drug Awareness group. At 7:30, in the WHS auditorium, there will be awards given to poster contest winners and skits performed by middle schoolers. Harry Edwards will also speak at this special community night.

In addition to this school drug awareness week, the organization has also aided financially in sending six WHS Teen Drug Awareness members plus their sponsor, Mrs. Nancy McCulloch, to the Texan's War on Drugs annual youth conference October 11 - 12 in Austin.
