tion are welcome indeed.

Teacher Education has been the backbone of the college throughout its existence. While other instructional areas are growing rapidly, the preparation of teachers continues to be a major responsibility of the college. The brief period of uncertainty about our future role in this area has fortunately passed.

While teacher education has carried the major load throughout Prairie View's history, it has never enjoyed the respect and esteem that it rightfully deserves. This past years students looked upon teaching as a "last resort" and our programs and facilities helped to project this negative philosophy. Teaching in our public school suffered and the real loser was the pupil and the pub-

EDITORIAL Comment

Prairie View's Future

The work of the Colleges Centennial Council and supporting groups is without doubt the most significant development in the college's 90-year history.

If there was ever any doubt about the future of the institution, this is definitely being laid to rest in the sessions of the Council and its work progresses. The question is not will the college serve, but how significantly will it do so.

Social Clubs - To Be or Not To Be

Are social clubs still active on campus? To look around the campus a little at the remains of them makes one wonder what has become of the "spirit" of the Hill.

There is no spirit as in past years. Once signifying brotherhood and sisterhood, esteem and admiration from outsiders, the "life" on the yard as a result of competition among each other, and above all, "togetherness" and a feeling of belonging in campus society, they seem to have no vim, vigor or vitality left. What has happened to the "falling out", the singing and shouting? What about the image of the "big sister or brother" rather than mere members?

Has the slack occured as the result of the possibilities of national sororities and fraternities on campus? Is it because no one is interested anymore? If so, will they be any competition when the national organizations are established on campus? At the rate the clubs are going now, in a little while, they will not only be unsociable, they will be dead.

Why Get An Education?

What are the essentials of an education? Why bother to go through all the aches and pains of college life?

The answers to these questions depend upon you and your outlook on life. The determining goal of an education relies upon you because of the fact that you've got to be somebody, yu've got to establish an identity. In order to identify yourself, you have to qualify for what you want. Realizing that no one is not going to give you anything, you've got to get up and get on the educated road.

An education will not only qualify you but it will justify your means. You will be able to advance and once you're educated, it can't be extracted from you.

Because you are a Black man in a one man's society, you have to produce, man. You have to be prepared, and believe me - no one is going to give you anything just because you are black.

Everyone should look at the broader aspects of education. After receiving your education, you can stand at the highest peak and shout and tell the world that you've got something and you dare anyone to try to take it from you. It's something you've earned, something you

Murder In The Dining Hall

Watch out, they're out to get you if you are a member of the P. V. clan, they're out to get you too.

Many of us have been subjected to distasteful food. Surely you don't expect the food to taste like that that Mom cooks. Sure, there is not enough salt on the ground meat, the rice is not properly cooked, the tea is too strong you're at the point of death, and the sight of the food makes you sick. But there are reasons for this

Food cooked in a mass and the cooks not having the proper utensils to cook the food, makes the food taste cheesy. Even at other colleges and universities, food is the major controversial issue. However, you are eating a balanced meal. You eat at least one food out of the basic food group every meal. It's not the menu, its not the food, we get grade A everything, its the preparation and presentation.

So everytime you visit the dining hall, remember this

Miss Johnnie Boson

Miss Johnnie Boson Dear Sis,

I read the article in the paper about the letter you wrote to W. H. Poage. It was quite a timely and noteworthy bit of information which some one should have thought to write about. I am quite proud of the fact that you are the little town girl who decided to take notice of the situation and direct attention to the responsible people having the power to bring about a change.

Freedom of speech and press coupled with many outstanding characteristics are common only to the Democratic form of government, and unless we are willing to exercise these granted freedoms then they are useless.

Your letter may have been only a few pages but behind the letter is the genuine concern for progressive change, which we all want, but few are willing to openly voice.

> Yours truly, Wyley P. Neal

Fee Permits Are Ready

The PERMIT TO PAY FEE CARDS are now available for students. Cards will be issued each day beginning at 1:00 p.m., Lower Level, Registrar's Office.

Know Your Congressman

My name is Helen Marie Fuller, a student at Prairie View

College in Prairie View, Texas.

I am writing to you to obtain information pertaining to wages in Navasota, Texas. This is my hometown and where I reside. This predominately Negro area has needed wage improvements for quite sometime. The maximum salary paid in Navasota is fifty cents per hour for unskilled labor. The average Negro family consists of five to ten members, and the working hours are eight or more hours per day. I feel that this amount of money received by a person is just not enough to live on due to the high prices that have increased through the years on different goods.

There is a concurrent problem that I would like to bring to your attention that is, the need for more and better jobs. In this county, Negroes do not have decent paying jobs. This is due to the fact that there are few jobs in Grimes County. Thus causing the Negro to have a more difficult time in earning a living for his family.

Are there any solutions that you could suggest to help eliminate the problem?

Sincerely yours, Helen M. Fuller

Dear Miss Fuller: Thank you for your letter of recent date in which you write about the economic situation and income level of Navasota,

The subject of depressed areas has long been a concern of the present Administration and of the Congress and several years ago resulted in the creation of the Economic Development Administration. Grants from this Administration have been given to the Brazos Valley Economic Development District of which Grimes County is a member. A number of leading citizens of Navasota serve on the Board of Directors of this Economic Development District. The purpose of this organization is to meet the problems such as you write about.

There have been any number of bills introduced in the Congress and it is reasonable to assume they will be re-introduced in the coming Congress to expand the minimum wage coverage to those jobs not now covered. What action will be taken by the Congress I cannot say; nor can I say what position will be taken by the in-coming Administration.

Sincerely, Olin E. Teague, Congressman

Teachers Should Search For Simple Answers

Why are the American youths of this country revolting against the establishment? Could it be that the standards set for them are too high?

The grading system in most schools requires 70 or above to pass: strict-controls are set on clothing, hair and physical action. To further complicate the situation, the colleges are encouraging the public schools to generate "stacking lists" in order that they may allow the student at the top of the list to enter college with a lower entrance examination score than the student at the bottom of the list. (That in itself is kind of weird).

The parents, caught up in

the world system, push the student to do better and conform. It is not hard to see then, why some revolt. Whatever happened to the old adage "All work and no play makes Johnny a dull boy"?

I truly believe that the adult society is the reason behind the student revolts, and hippies (society dropouts). The best solution is to simplify the student's outlook rather than complicate it, because in actuality, solutions to most problems are simple. Sophistication only complicates them.

Payment of Student Fees

Statement of policy in College Catalog

Maintenance fees are due and payable on the first day of each month. A delinquent fee of \$1.00 plus tax is assessed each student whose obligations to the College grades for the semester? are not completely settled before the close of business on the tenth of each month, and he will be required to withdraw if settlement is not made by the fifteenth of the month.

We are hopeful that all of our students will live up to their commitment to the college and pay fees as they are due. According to state law the college has no authority to grant credit to students for maintenance fees. The college has a legal obligation to collect fee assessments on or before the tenth of the month, as prescribed by the Board of Directors in the above statement of policy.

The consequence of delinquent fees

The questions that may be asked by students with delin-

Question 1 — What will happen if I fail to pay fees by Friday, January 10, 1969?

Answer - In as much as all fees were due on or before December 10, your fees are already delinquent. You therefore will be required to withdraw from the college on January 11, 1969.

Question 2 — Will I be able

to take final examinations?

Answer - No, you are ineligible to take final examinations, to attend classes, to eat in the dining hall and to be on campus.

Question 3 — What about my

Answer — The instructors are required to follow the policy that states: "A student withdrawing from the college due to delinquent fees while earning a grade of "C" or above will be given a "W". If he withdraws while earning a "D" or below, he will be given an "F"

Question 4 — If I pay fees later will I be able to take make up examinations?

been withdrawn from the college under the above conditions is ineligible to take a makeup examination, and the grade of "F" and "W" will become a permanent part of his record. This is in accordance with the policy statement above.

Question 5 - Under what conditions will I be able to register for the second semester?

Answer - a. Payment of delinquent fees; b. Receive acceptable clearance from admissions; c. Payment of second semester entrance fees.

Question 6 — What if I do not have the money?

Answer — See your senior fellow who may refer you to the financial aid office for advice.

On January 9, the teaching

Chit Chat

The year 196 is now gone, but many of its events linger in our memories. Along with those memories are the old "problem children" of the Prairie View Family. It seems as though they would have made some New Year's Resolutions for 1969, but it is evident that many of their problems still remain.

1. J H (Houston) and G B (Houston) are really giving D T (Houston) heartaches!!!

2. J M C (Port Arthur) what has happened to your love life with William (P/R)

3. L A P (Beaumont) what are you and Bruce (Alpha) trying to prove.

Answer - A student that has get D A M (Beaumont) back, what are you trying to prove?

5. M C D (Greenville) and W D E (P/R) are on Cloud 9.

6. J A T (Liberty) are you ever going to get a man.

7. R J (Huntsville) and W T (Dallas) their love affair is much together.

8. D C (Marshall) you don't know how to act now that you've gotten your rock.

9. Casanova says that he likes Adrian's new hairdo.

10. We are glad to see that T. H. and GFA (Beaumont) are as close as two peas in a pod, doesn't that turn your stomach J M C (Port Arthur)

Sunday Lesson January 12, 1969 Background Scripture — Mark 1:21-34

What Is This New Teaching? Introduction

When you consider a permanent occupation for your life, what assets do you consider are essential to a successful life money, status, happiness? It is important to consider which goals you will strive for and the avenue through which they can be reached. A prime question for all young Christians is how to effectively use your time on earth. Jesus used His time servng others. He indicates to us matter if you live at all. It is that counts. We, through faith tions. n Him, can live similarly. Seek to find ways in which you can

serve others; this is the true Christian life.

enough for the Lions to take advantage. Oscar Williams was the The Prairie View Panthers Panthers top scorer with 21 basketball team opened its points. Marcus Boney led all re-

In one of those once in a life cision from the Panthers. A cold time efforts, Prairie View's 6-5 first half by the Panthers gave senior forward, Marcus Boney Arkansas a 45-32 half time lead. connected on a 40 foot jump shot The Panthers came within 7 with 3 seconds left on the clock points of the Golden Lions mid- to give Prairie View a 80-78 win way the second half, but Boney, over the Wiley Wildcats. Mitch-Settles, Williams, and Bolden ell's shot sent everyone away got in foul trouble, which was shaking their heads in disbelief. Prairie View jumped off to a 17-9 first half lead, only to have Wiley come from behind and lead 49-45 at half.

Oscar Williams, connected on his first four field goals to give the Panthers an early first half lead. Wiley came back the second half and continued its dominance over the Panthers and at one time enjoyed a 12 point margin. Midway the second half, Williams, Mitchell and Bolden began working on the Wildcats and narrowed the margin down to a tie and that's where the story started - Mitchell's shot. Oscar Williams had one of his shooting percentage nights, he hit 11 of 14 field goals and 5 of 6 free throws for 27 points to lead all scorers. Bolden was second with 23 points. The Panthers played the last 19 leading scorer on the team with minutes of the second half without center Marcus Boney, who all time team high in one game fouled out. Bolden and Settles also fouled out for the Panthers. Panther Coach Leroy Moore was pleased with the progress of 6-9 freshman Ennis Watson. Wilbert Parker, a sophomore guard was also impressed by Moore.

The Panthers will host the 1968 Co-SWAC champion Jackson State Tigers Saturday night at 8:00 p.m. Jackson is led by Holt. The Panthers next home game will be against Texas Southern University, January 18th at Prairie View and Monday night, January 20th in Houston. Texas Southern is led by high scoring 6-5 junior guard Hebert Hart.
