## UP-N-DOWN 290

As we enter into our fall season in Waller County, I can't help but get excited about all of the really great things coming up in the next few months, all of which I, personally, find very exciting and interesting. I thought of several things that might be of interest to you readers, and I wanted to write about all of them this week, but life just doesn't work that way.

As you know, I'm a bit of a football nut. I love to go to football games and cheer for the home team, and folks around here have the food fortune to have three teams to watch, and all of them have given us lots of hours of pleasure over the years. The Hempstead Bobcats kept us on the edge of our seats all the way to Christmas last year, and show all of the earmarks of doing so again this year. The Waller Bulldogs are mustering a crew that looks as though it'll be able to get the job done in it's league, and the Prairie View Panthers expect to perform well in a league that has always been thrilling to watch, what with all of the razzle-dazzle that their brand of College Football has to offer. Lots of exciting fun coming up on the football scene here in Waller County this fall.

Saturday, we'll all be turned out along the streets of our County Seat to see what this year's edition of the Waller County Fair (See UP-N-DOWN page 2)

## FAIR QUEEN CONTESTANTS COMPETE FOR FAIR TITLE

Let's meet the 1985 Waller County Fair Queen Contestants.

Michele Gragert, daughter of Connie Gragert, is a Junior at Waller High School. She is very active in FHA, and will be entering baked goods in the Fair competition.

## Waller Chamber Update

The Waller Chamber of Commerce held its regular monthly meeting on Tuesday, August 27th at 7:30 pm at the Pecan Tree Restaurant in Waller. Thanks again to Jay Carr & his staff for allowing us to meet at their place. It was reported that the (See Chamber Pg. 4)

Peggy Laskoski, daughter of Mr. & Mrs. A. R. Laskoski, will attend Hempstead High School where she is a Junior. Peggy is active in 4-H, and has a swine project for the 1985 Waller County Fair.

Michelle Pitchford is the daughter of Mr. & Mrs. Bobby Pitchford. A Junior, Michelle will be attending Waller High School this fall. She is active in 4-H and FFA, and will be showing a lamb at the Fair.

Special plans have been arranged for these young ladies. Each contestant submitted an application, which has been reviewed and approved. The next step in their quest to become the 1985 Waller County Fair Queen will be Wednesday, September

(See Queen Pg. 8)

## Art Show Exhibits Local Talent at County Fair

The annual Art Show is always one of the favorite activities at the Waller County Fair, both for the exhibitors and the thousands who will view the offerings of this areas artists.

Those wishing to participate need to register their work on Wednesday, September 4th from 3:30 pm until 7:00 pm at the Womens' Building.

This year, all entries will receive a ribbon, because each painting will be judged on its' own merit; each division will be awarded one rosette for Best of Show; and each class will

be awarded First, Second and Third, of the top blue ribbons. There will also be Award Merit ribbons awarded at the discretion of the Judge.

There will be seven divisions this year; Professional, Amateur, (Originals Only), Amateur (Copies and Classwork), Cold Feet (for those who have been painting or drawing two years or less), Sculpture and Wood Carving, Youth, and Photography.

Further details as to requirements to be met can be obtained from the application blank, or any

(See Art Show Pg. 5)

Pam Ivey, radio personality for KIKK in Houston, will be heading up the Waller County Fair Parade as Grand Marshall this year. She invites all of you to come out and enjoy the parade!

## Papa's Country Kitchen Serving Up Smiles

If you find yourself out around the north part of Waller County at meal-time, you might want to take advantage of some pretty good eating at "Papa's Country Kitchen". Located in the Fieldstore community on the north side of FM 1488, this restaurant is serving up generous portions of good food every day of the week.

"Papa" is Sonny Latil, an ex-Louisianan who has

made his home in the Houston area for many years, and now has chosen to take advantage of the good life out here with us. He and his wife Linda live in Hockley, and have raised 9 children, two of whom are still at home. The boys, 14 and 17, will be attending Waller schools this fall, and Sonny will enjoy getting to know more folks around the area as they try his brand of cooking at the

cafe he opened on May 1st.

They have a luncheon plate special every day, complete with vegetables and dessert, and their dinner menu is complete with steaks, seafood and several specialty items. Also, they say that they have "the coldest beer in town", which they serve up in a frosted mug for their thirsty customers.

(See Papa's Pg. 7)

# UP-N-DOWN 290

(From Pg. 1)  
Parade has to offer. It gets bigger and better every year, and this year promises to be no exception. I hear that there are plenty of floats, mounted units, bands, and excitement on the schedule, and it's always fun to share this time with our friends and neighbors.

All next week, we will be involved in the friendly competitions, exhibitions and entertainments that the Waller County Fair serves up to us each year. I'll try to pry loose as many hours as possible to take advantage of all of the goings-on out at the fairgrounds, and I always end up missing some the fun

and excitement, because I, like you, have to spend most of my time working at my job. (Pity!) If I'd been born rich instead of so darn good-looking, I'd be able to spend the entire week just enjoying the fun.

Although I never seem to do as much of it as I would like, I'll soon be oiling up the old thunderstick to get ready for dove season. We've got some of the best bird hunting around, in these parts, and I intend to get in on it whenever I can. Waterfowl hunting follows right behind doves, and Waller County doesn't have to take a back seat to any area when it comes to duck & goose shooting.

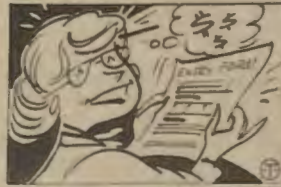

Then it's time to plan the deer hunt. Some folks go way off to New Mexico or Colorado to hunt deer and elk, but others will enjoy hunting the woods around here, and will come in with some pretty respectable venison and deer sausage for their efforts.

I guess what I'm trying to say is, that there are probably very few places on this earth where a body can find any more interesting things to do in the fall, than right here in Waller County, Texas. The quality of life here is mighty fine, atleast for my taste, and I'm glad that I've been fortunate enough to live here. Oh, I guess it's possible to make a case for good living just about anywhere in our great nation, but, having lived in several places around America, I can speak from some experience when I say, "I'll take Waller County, and be glad of the choice I've made".

I sure hope that you will enjoy the fall season as

much as I intend to, and I look forward to seeing you, up-n-down the road.

MARTY

When Rebecca Wright, the 27-year-old mother from suburban Detroit, was announced by Ed McMahon as American Family Publishers' \$2 million grand prize winner this year during NBC's Tonight Show, the record-setting amount seemed almost too good to be true. But it was true, just as is American Family's newest sweepstakes, which offers a \$10 million grand prize. This latest sweepstakes mailing has begun, and someone like Rebecca will be \$10 million richer as a result. But as Rebecca points out, "You have to mail in your entry to win." Rebecca knows how important mailing in the entry is because someone else failed to do that in the \$2 million sweepstakes and Rebecca's entry became the alternate winner. The \$10 million grand prize is one of 110,000 prizes to be given away in the largest mail-in sweepstakes in U.S. history.

## Local Representatives Attend Seminar

Several Waller County Officials, Waller City Officials, and Waller Chamber of Commerce members attended a North-west Area Economic Development Seminar sponsored by Houston Lighting & Power. Those attending from the county were Judge A. M. McCaig and Commissioner Richard Frey. Waller City Officials included Mayor Danny Marburger, Councilman Roy Kruft, and City Secretary Peggy Albert. Gloria Hammons, Jack Harris, Theresa Miller, Tim Phelan, Jo Shelton, Ginger Snider and Jeff Smith represented the Waller Chamber of Commerce. Dr. Percy A. Pierre, President of Prairie View A & M University was a special guest.

The purpose of the seminar was to give us knowledge in all major areas to actively seek Industrial and Corporate growth in our area. We heard from speakers on the following: 1) The purpose of a strong Economic Development Team, 2) Westside Airport Development, 3) Railroad Development Plans, 4) Industrial Financing, 5) Site Selection from a Facility Planner's

Standpoint, 6) Economic Development from a Developer's perspective, and 7) Highway Development.

As the seminar came to a close, we broke into groups to do an analysis of our community. It was determined that Waller has many positive assets to offer Industrial prospects, as well as other development projects. We have Highway 290 that leads to Bryan-College Station and on to Waco. We are between Interstate 10 to San Antonio and Interstate 45 to Dallas. We have rail service, nearby

flight service at Hooks Airport in Tomball, and with the proposed West-side Airport Development, many new avenues will be opened. There are full medical facilities within 20 minutes, and we have a strong school system.

There is a major University in our community, plus several Junior Colleges within commuting distance.

We have a special community and are proud of it, and we are preparing for its growth.

If you have any suggestions or comments concerning the economic development of our area, contact the Chamber of Commerce office at 372-9701.

### QUEENS

(from p-1)

4th, when they will appear before a panel of judges. Immediately following the judging, the young ladies will be taken for dinner at Walker's Restaurant in Hempstead. The girls will also ride on the 1985 Waller County Fair Queen float, which is being furnished through the generosity of Mr. Travis Winfree. The tension will continue to mount, until the Opening Ceremonies take place. The queen will be crowned at these ceremonies.

The Queen and her court will be awarded banners and flowers from Waller

Florest, and will receive donations of Savings Bonds from the Citizens State Bank of Hempstead, First Savings-Hempstead Office, Guaranty Bond State Bank of Waller, and the Waller Bank N. A. In addition, the Queen will receive a trophy and a heart necklace, and the members of her court will be given heart necklaces, also.

The Queen's Committee wishes to thank all of the businesses that have given generous donations to the 1985 Waller County Fair Queen Contest. Good luck to Michele, Peggy and Michelle.

The first dining cars were in service on the Wilmington and Baltimore Railroad in 1863. They had no seats: passengers ate standing up or took their food back to their seat.

The first car theft reportedly occurred in Paris in 1896. The Baron de Zuylen's auto was stolen by his mechanic while it was undergoing repairs.

### Point After

From advancing floor maintenance technology emerges Point After Revitalizer, the answer for high speed polishing and buffing in residential floor finishes. Its multi-functional features provide greater floor maintenance flexibility than ever before!

One important clue is its special formulation of diamonds and polymers, so well suited to use in the increasingly popular high speed polishing machines as well as the traditional spray-buffing and mop-buffing techniques.

The evidence is overwhelming: include Point After Revitalizer in your floor care program.

### Level Best

When a tough case demands an ultra high solids, metal cross-linked acrylic finish, Carroll turns to Level Best. It is specially formulated to dry to an auto-catalyzed film with a detailing

high gloss. Tough, flexible always, one coat is so continuous that it acts as a sealer as well as a finish. Buffing is not required to bring out the shine; however, a regular buffing program prolongs the life of the floor. We rest our case.

### QC-80

To solve the mysteries of quality controlled floors, Carroll has QC-80 as its solution.

QC-80 is a flexible, metal-activated acrylic with the ultimate properties associated in a quality product. And, because it's light in color and resists acid QC-80 won't require complete stripping. Just repeat whatever impeded moppings begin to eliminate the original gloss, or buff with Point After when the gloss begins to show the effects of wear. Tough QC-80 spreads, levels and dries uniformly to a high gloss.

### Re-Buff

A balanced combination of wax-acrylic polymers, resins and levels agents, we also designed our re-buffability into Re-Buff Wax-Finish.

It is particularly good to use in dirty regions and areas that are tough on floors. Re-Buff allows shaded and scuffed surfaces to be buffed to a new shine. The more buffing you do with this product the longer its life.

And it always responds well to re-waxing treatments with Point After, an additional advantage. Simply buff it up, anytime, and it's done (except back!).

Friendship Baptist Church will be celebrating its 97th anniversary during Homecoming activities Sunday, September 8th. Established in 1888, Friendship Baptist Church has been meeting at its current location of the corner of Joseph and Kickapoo roads in the Friendship Community since 1904. All members, former members and friends are invited to come and join in the activities of the day, beginning with Sunday School at 9:45 am, followed by morning worship at 10:50.

Dinner on the ground will follow the services, then an afternoon of special music, special activities and recognitions, and an opportunity to renew old acquaintances.

The church is located 2 miles south of the corner of FM 1488 and Hegar Road. For additional information, please call Bro. Mattox, at 372-2440.

The first flying trapeze act was performed by Jules Leotard at the Cirque Napoleon in Paris in 1859. He was immortalized as "That Daring Young Man On His Flying Trapeze."

**LOOK FOR US AT THE FAIR PARADE**

**Bill Benton**  
**Waller Hotline**

lisher forwarded your name to me. Allow me at this time to address your concerns on this critical issue.

I believe that the continued economic vitality of our nation is hinged on the Congress' and the President's success in achieving significant spending reductions that reverse the deficit trend permanently. During Senate delibera-

tions on the budget, I actively endorsed the only comprehensive budget proposal that would have achieved a balanced federal budget by 1990. Unfortunately, this alternative package was rejected.

On August 1, House and Senate conferees reached final agreement on a budget resolution for 1986. Regrettably, this package provided for only modest spending reductions and would still leave us saddled with \$100 Billion plus deficits through the foreseeable future, even under the most optimistic economic assumptions. Because this package offered no prospect of achieving a balanced federal budget, I voted against it.

Although the First Concurrent Budget Resolution only makes nonbinding recommendations on which programs to cut, it does establish binding ceilings which each of Congress' authorizing committees are not to exceed when setting spending levels for government programs within their jurisdiction. When the Senate committees

take up the authorizing bills for 1986 later this year, I will urge my Senate colleagues to adopt spending authorizations below these ceilings. In spite of this initial setback, I will not abandon my efforts to bring the federal budget into balance.

Again, I appreciate having the benefit of your views.

Sincerely,  
 Lloyd Bentsen

**Dr. Richard Redfield Answers Questions About**

# The Eyesight Of Texas

Dear Dr. Redfield:  
Q. My 14 year old daughter thinks she might want to be an optometrist. What are the educational requirements?  
Homer Powell

A. She will need at least two to three years of college to enter a four year College of Optometry. Eighty percent of today's entering students, however, have a Bachelor's degree or higher.

In college, she will need to study calculus and such basic sciences as anatomy,

physiology, chemistry, physics, microbiology and psychology in order to fulfill the prerequisites for application to optometry school. Upon completing her prerequisite studies in undergraduate school, she will be required to take comprehensive admission examination for optometry school admittance.

Once in an optometric college, she will study all aspects of functional vision and optics, plus such areas as ocular anatomy, disease and pharmacology. She will also work in a clinic setting, examining patients under her professor's supervision. During her fourth year, she will serve an internship in an optometric-based center to

further her clinical skills. Upon graduation, she must pass oral, written and practical examinations to earn a state license. Only then will she be qualified to care for the vision of others.

# LOCAL MANAGER RANKED AMONG NATIONS BEST

Frank Soptic, parts manager at Northwest Ford in Hempstead, recently achieved a level of success that is hard to beat. In a competition involving over 5,700 Ford dealerships in the United States, Frank was awarded the Silver Medallion for

outstanding parts service by a Ford dealership.

Soptic received his award at a recent banquet in Houston, hosted by Ford, and attended by over 3,000 representatives of Ford dealerships from all over the state of Texas. Also at this affair, the Northwest Ford Dealership received a Gold Medallion for outstanding performance in the areas of parts, service, and body parts. Owner and General Manager Paul Malonson can take pride in the job his organization is doing in Waller County, and Frank McBride, Service Manager, can take a bow also.

Frank Soptic has been in the automobile service business for 13 years, and has worked at Northwest Ford for about 2 years.

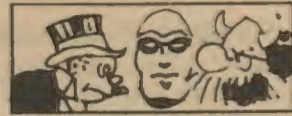

Congratulations, Frank, for a job well done.

## Silver Streaks Retreat To Seashore

Wallerite Billye Sherrill led a group of 13 local senior citizens on an overnight retreat to the Hawkins and Snow beach houses at Sea Isle recently. A highlight of the trip was a visit to the open-air theatre in Galveston, where the group saw the wonderful musical "Hello Dolly".

The next day, they took a stroll down "The Strand", enjoying the shopping and sightseeing immensely.

This very active group of citizens has made several pleasant trips throughout the Gulf Coast area during the past several years, and they would like to invite any senior citizen who would enjoy doing so, to join them at their get-togethers. For more information about the group and their activities, call the Waller Baptist Church or Mrs. Sherrill at the Western Auto store in Waller.

**SER JOBS  
FOR PROGRESS  
CONTINUING  
SUCCESS**

Between Hempstead and Waller, in Prairie View, Texas, at the Gables Commercial building on Highway 290, Ms. Joycelyn Gibson has the only on-the-job training employ-

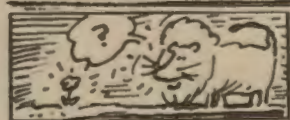

ment and training service in Waller County. Ms. Gibson has succeeded in assisting over 85 eligible residents in finding work since Ser expanded its services to Waller County on a full time basis in January of 1985. Ms. Gibson has been appreciated and thanked by both employees and clients alike.

Companies such as Wilmic Ventures, Tubular Finishing Works, Progressive Metals, Ravago Plastic, Price-Lo Foods, Unco Food Store, Bill's Dollar Store, 7/11, Timewise, Cactus Jack's Restaurant, and many more, have benefited from Ser services of counseling, placing qualified individuals to work, prescreening, and also rendering reimbursement to employers on new employees. It has definitely been a cost effective method of finding employees for a business.

Ms. Gibson is a professional Job Development Counselor, here to meet the needs of this county with employment.

For more information on the service, contact Ms. Gibson at (409) 857-5515, Monday thru Friday.

The program was presented by Ryan Hill and his staff from the Texas Highway Department. They showed us a map that illustrated the proposed highway development

from Hockley to the Highway 6 interchange outside of Hempstead. There are three alternatives being considered at this time. There will be a Public Hearing on Thursday, September 5th at the Waller High School Cafeteria, followed by hearings in Prairie View

and Hempstead in October.

This new freeway is going to effect all persons in our area, and we encourage you to turn out and hear what they have to say.

## Lamb Progress Show Results

The Lamb Progress Show was held on Saturday August 17, at the Waller County Fairgrounds, with approximately 125 people in attendance. The Progress Show was held so that each 4-H and FFA member could check the progress

of his or her respective lamb in comparison with other lambs at the show. Brian Cummings, County Extension Agent from Grimes County judged the Showmanship contest which was broken into a Junior Class (9-13) and a Senior Class (14 and over).

In the Junior Division, the first place showman-

ship trophy was won by Debby Warren. She is the daughter of Tommy and Pat Warren. Her trophy was donated by Tony Newcomb of Newcomb's Furniture. The second place showmanship trophy was won by Ellen Griffin, the daughter of Mrs. Loysanne Griffin. Her trophy was donated by Jeanette's Gifts & Fashion

First Place Showmanship trophy won by Ray Lenz. Donating the trophy is Mrs. Glenda Mosley.

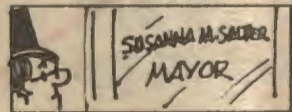

First Place in Junior Showmanship trophy awarded to Debbie Warren. Pictured with Ms. Warren is Edmund Brzymialkiewicz of the lamb committee.

In the Senior division, the first place showmanship trophy was won by Ray Lenz, the son of Mrs. Beverly Oldham. His trophy was donated by Mr. & Mrs. Darrel Mosely. The second place showmanship trophy was won by Holly Garrett, daughter of Mr. & Mrs. Harold Garrett. Her trophy was donated by Alex & Jane Sheets. The Progress Show and Showmanship clinic were conducted by Brian Cummings who shared points on how to finish lambs for the Fair.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socio-economic level, race color, sex, religion, handicap or national origin.
