## UP-N-DOWN 290

Something happened last Sunday that has changed my mind about

those "beepers" I've seen on people's belts from time to time. Ever since those things began to appear in public, I have had the notion that it sure would be a nuisance to have to pack one of those everywhere I went, and never really be able to get away for some relaxation. I've seen lunches and dinners interrupted by them, sports events ruined for the wearer, and have heard them go off during meetings, weddings, dances, etc. But I saw one being worn by a young man down in Monaville the other evening, and my heart sang when I found out why it was hanging there on his belt.

I don't guess that there's anyone around these parts who isn't aware that we are all working very hard to try and raise dollars, I mean BIG dollars, to help pay for a heart transplant operation for Rick Farmer, the young father who found out that his heart has worn out, and that it is going to need replacement very soon, before it quits altogether. A couple of months ago, the doctor guessed, and hoped, that the ticker in question might last another six months, but that Rick would need to come up with over \$125,000 to pay for a heart transplant operation. The hospital would need to see this money before they could even put Rick's name on the list as a (See UP-N-DOWN page 2)

## Waller Bulldogs Hold Opponents Scoreless In Win

It was defense all the way last Friday night, as the Waller Bulldogs held the West Columbia Roughnecks scoreless, while racking up 13 points for themselves down in West Columbia.

The Bulldog defense

played hard and tight all night, allowing only 13 yards passing, and 147 yards on the ground; not enough for a score. During the second half, the Waller Offensive line, consisting of David Schiel, David Medders, Paul Stafford,

Randy Mellman, Kevin Hart and Mark Hegemeyer, punched hole after hole in the Roughneck offense, allowing running back Warren Simon to do his thing. Simon carried 25 times for 136 yards and one touchdown in the 2nd quarter. Runner Kenneth Jeffery did his share, with 14 carries for 56 yards, and the other Bulldog score with only 1'03" left in the game. The first extra point try failed, but Darrell Hawkins applied his "educated toe" to the pigskin after the 2nd goal, and it was good.

But the name of the game this time was "defense", as the Bulldog D-men allowed only 7 first downs, took three interceptions,

## 4-H Colt Project Show Big Success

The Waller County Fair 4-H Colt Project Show was held on Saturday, September 7, 1985 at the fairgrounds, in conjunction with the Fair's 1st Annual AQHA Show.

The results are as follows:

Grand Champion - Dun Impressed Ya, a filly shown by Darren Friedel; Reserve Champion - Caans Dude, a gelding shown by Jodie Cain; 2nd place filly - Kathy

(See Show page 6)

The Larry Butler Band pleased the crowd at the Monaville VFD Fundraiser. (See story)

Bill Jordan and staff pushed for top dollar at the fundraiser auction and their efforts paid off as they added over \$4,000 to the fund. (See story)

## DEADLINE FOR INSURING SMALL GRAINS

Waller County farmers have until Sept. 30th to insure small grain crops. Producers who insured wheat, oats and barley last year will have their contracts renewed automatically unless they cancel them. However, those desiring to make changes in the level of coverage or price election must do so by Sept. 30th.

Crop insurance protects a farmer from large, unpredictable yield losses, says David McGregor, county agent with the Texas Agricultural Extension Service, The Texas A&M University System. It can assure a farmer a minimal cash flow in case of a (See Deadline page 13)

## Fundraiser Kept The Joint Jumping!

The Monaville Volunteer Fire Department sponsored an all-day fundraiser for the Rick Farmer Heart Fund last Sunday, and the small community was kept jumping all day.

Some of the gang was up all night, tending the Barbeque pits, and getting things ready for the crowds that were expected. They kicked off the skeet shoot during the late morning hours, and when the gun-smoke cleared away, Jody Gazee had gunned himself into first place; Kelly Hickman had placed second, and Stanley Schmidt took third. Gazee won a beautiful Remington 1100 shotgun for his efforts.

Meanwhile, inside, Carroll Allred was giving shooting lessons at the pool tournament, while he was capturing first place; followed up by Lynn Jackson in second. The entry fees from all of these events was going into the pot for the fundraiser, so it was all for a good cause.

A goodly number of the Monaville VFD members are also members of a group that has worked tirelessly for Rick Farmer these past few weeks. They're called the "Hempstead Bandits", a trail riding club, and they've served as the backbone of the labor force at every one of the (See Fundraiser page 12)

possible receiver of a donated heart.

The beautiful people of the Waller County and Houston area have come up with some wonderful schemes to raise that money; including the two-day Hempstead Hayride shindig, the Grand Ole Oprey Show, dances, auctions, sales, fund drives, etc., and the amounts have grown up over the \$70,000 range in the last few weeks. We have come a long way on this project, but we still have a long way to go, and it has made me nervous to see the days and weeks tick off Rick's calendar as we've worked on the fund.

The gang down around the Monaville area has worked very hard on these events, and last Sunday, the Monaville Vol. Fire Dept. sponsored an all-day fundraiser, raffle, auction and dance, and kept Carroll Allred's Monaville Store & Dancehall jumping all day. Cheri & I went down for the auction and

dance on Sunday evening, and, as usual, there was Rick Farmer, his lovely wife, and their handsome kids, sharing in the outpouring of love that always happens at events like this. He has to be very careful to not get stressed or overheated, or overtired; but he's a game guy, and he was there. I noticed a little "beeper" hanging on his belt, and began to hear the story attached to it.

It seems as though the Doctors down in Houston have gotten wind of the activities going on out here, what with all of the publicity generated by the various events, and they called Rick in to tell him that they believe he will surely be able to count on his neighbors and friends to come up with the needed money. They went ahead and did the blood workups on him, to determine just what it will take to match his blood type, chemistry, etc., and they have put his name on the National Donor/Receiver List to be

in line for a heart, if one becomes available that matches what he needs.

This could happen at any hour of the day or night, anywhere in the country, and when it does, they only have a few hours to make it all come together: get the heart to Houston, prepare Rick, and perform the complex operation needed to install the "new" heart in his body.

So, praise the Lord, Rick is on 24 hour alert to be ready to rush to the hospital whenever called, and that little "beeper" hangs there on his hip as a constant reminder that his neighbors all love him, and

we pray for that device to "sound-off" sometime real soon.

I don't know about you, but I sure have a new respect for a method that can put Rick Farmer in instant communication with all of the hospitals in our great nation, in an attempt to add many long, fruitful years to his life.

Hang in there, Rick! The American way is working! See you up-n-down the road.

## Real Life Crusade Coming

Waller area churches will host an area-wide Real Life Crusade October 6 - 9 at the Waller High School auditorium led by evangelist Joe Arms. The crusade will feature

nightly challenges to live an abundant, full, Real Life. In addition, each night will include a special personality to share or sing. On Sunday night, singer Mary Ann Kirtley will lift up praises in song. Monday night will feature Iris Urrey Blue sharing how God's grace made her a "child of the king". A contemporary Christian band, "Branches", will perform on Tuesday, and singer Garry Hanvey will be with us on Wednesday.

A special attraction on Tuesday night will be a "Pizza Blast" one hour before the crusade begins. All area junior high and high school students are invited for free pizza and cokes at 6 pm, followed by a special concert by "Branches" before the 7 pm crusade meeting. Our goal is to have 400 youth for the Pizza Blast.

The crusade is currently sponsored by Waller Baptist and Faith Baptist Churches. Other churches desiring to be a part of the crusade may contact Buddy Hazell at 372-2571 or Rodney Bowman at 372-9155.

It's Open. Grand Opening ribbon cutting took place last week at Waller Floral Designs, a new shop in the Waller Village Center. (l to r) Theresa Miller and Larry Sherrill of the Waller Area C of C; Erma Sitton (proud Mama), and Tercia and Jerry Gostecnik, owners.

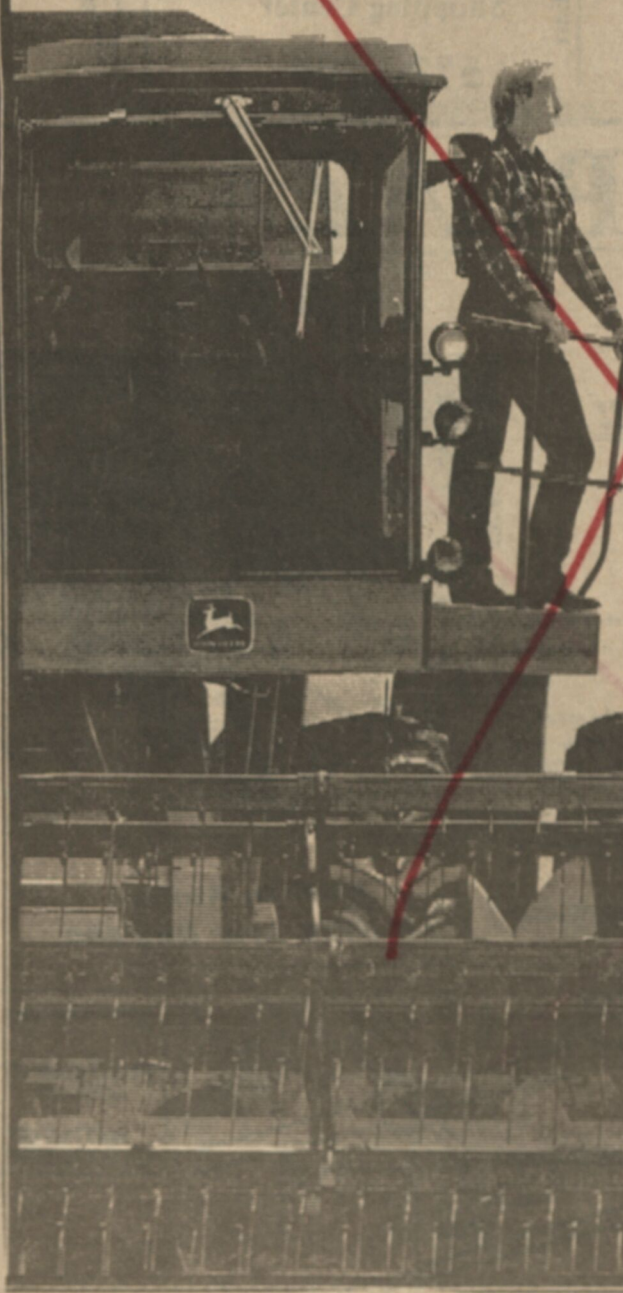

Larry Sherrill of the Waller Chamber of Commerce assists Angela Gandy with the Grand Opening of Hair & Body, her new shop in the Waller Village Shopping Center.

# And they said it couldn't be done.

Several years ago, most of our competitors were saying that "rotary" was the way to go in combines. We knew better. And, apparently, you did, too. You (and we) knew we had a good thing going with John Deere Titan combines...high capacity levels with a low power investment, unmatched reliability and easy adaptability in a wide range of crops, and the comfort of a Sound-Gard® styled cab, among other benefits. So, we stayed the course...and improved upon what many of you thought was the ultimate. Today, we call them Titan IIs, the combines that give you up to 15 percent more capacity than earlier Titans. That's continuing improvement...one reason why you've made John Deere by far the number one combine line in North America.

**Fundraiser**

(From Pg. 1)

events held so far. They were out in force at Monaville, and they made the difference when it came to getting things done.

The auction cranked up in the evening, with auctioneer Bill Jordan and his staff once again giving of their time and talents to wheedle every last penny out of each item sold. As usual, The Lawrence Marshall Chev-Olds dealership was well represented by Rick Marshall, bidding heavy and generously, to make the kitty grow. Kristin Distributing Co. of Bellville, and the Budweiser Beer dealership kept things honest with open purses also. All of the bidders were active, and when the auction wound down, the talley showed that it had added \$4,248.50 to the fund.

Then the floor was cleared, and the Larry Butler Show Band took the stage. This talented group from Cut-n-Shoot, Texas has repeatedly donated its' wonderful brand of music and song-styling for Rick Farmer fundraisers around the area, and they played some mighty smooth music while the crowds wore the paint off the dance floor. They provided lots of fun with their show numbers, even getting a young man involved whom we have all seen at these affairs. His name is "Choice", and he and his friend Scott had spent the entire day shining boots and shoes, like he has done at the other events, just to help with the fundraising. Their efforts added over \$800.00 to the pot. Larry Butler and "Choice" did a couple of super numbers, much to the delight of the crowd.

During intermission, the raffle drawing was held to

give away, among other things, the 1985 Chevrolet Pickup that had been donated by Marshall's. The lucky winner was Donna Wheeler of Houston. Dorothy Smith of Waller won a Remington 1100 Shotgun, and Olivia Azualda of Houston got the Quasar VCR unit for third place. Although the tally wasn't complete with bar and food sales, the Monaville VFD had raised over \$6,500 for their day's work, and all will go to help pay the bills when Rick Farmer gets his "new" heart sometime in the near future.

Multiple peril crop insurance for small grains will be available only under the Actual Production History (APH) program, notes McGregor. Under APH, yield guarantees are based on actual production records of the insured or grower rather than on county yields as was the case under the area coverage plan. Thus a farmer must provide evidence of previous year's production and acreages.

To select crop insurance, a farmer must choose a yield guarantee and a price, explains McGregor. The yield guarantee is

### New Computer More Efficient For Library

Stepping into the future, the way to check out a book in the Waller High School Library is by computer. Students are fascinated by a bar wand zipping over their own personal barcodes and flashing their names on the computer screen.

With an Apple IIe computer, printer and bar

wand, and a Winnebago Library circulation system, Marilyn Staruska, the Waller High School librarian, can check a book in or out, and tell what English class or home-room the student is in, what books he has read, and a multitude of other information in a brief time. With the high school's growing student enrollment, the computer system will help in more efficient circulation of books.

and recovered three fumbles, while being penalized only one time for five yards. The interceptions were made by David Suggs, who ran back 5 yards; James Lang, who trotted 15 yards with his and Mark Tisdell, who pounded out 7 yards with his found prize.

It doesn't really matter what the preseason odds-makers said about Waller's chances this year. They're off to a good start, have good momentum going, and we predict that they are going to turn in a most impressive 1985 record, despite their youth and inexperience. The kind of experience they are getting so far is the kind that any coach is pleased to see his team have, and they can be considered winning veterans from here on out.

**Historic Highlights**

by Dr. Mildred Abshier

Northeast of Hempstead some fifteen miles or so, lie several acres upon which appear numerous mounds. How old are these raised bits of earth and who put them there?

Some have said that they were shown on old maps as salt domes, but it would not seem reasonable that Mother Nature would push up small salt domes in the symmetrical fashion in which the mounds appear. They are of the same size, some 40 feet across, are now about 3 feet above surrounding ground level at the center, and are laid out in rows that cross each other at right angles. Was this the site of Confederate War camps - possibly an extension of those camps known to have existed in and around Liendo and Clear Creek? Or, is it the work of Indians - campsite or burial ground - or both? Efforts are being made to get archaeologists interested.

## Waller County Library News

The Waller County Library has received the following new books during the month of September.

Our new fictions include **BIRTHRIGHT** by Joseph Amiel, the story of a father and daughter locked in a bitter contest for control of the world's most legendary banking house. **GATES OF GRACE** by Evelina Chao, reveals the very hearts and sinews of chinese communities in America, especially one brave Chinese lady. **FIELD OF BLOOD** by Gerald Seymour, a good mystery set in the heart of Belfast, Northern Ireland. **THE RED FOX** by Anthony Hyde, tells the story of a hunt through America, Europe and the Soviet Union, for a missing man, a missing fortune, and the key to a tantalizing mystery half a century old. And **STAYING ON** by Paul Scott, a stunning novel about some of the characters in **THE RAJ QUARTET** who stayed in India after the British rulers left.

Our new biographies include **MOUNTBATTEN BY** Philip Ziegler, the life of Lord Louis Mountbatten, great - grandson of Queen Victoria. **YEAGER** by Chuck Yeager and Leo Janoz, the autobiography of General Chuck Yeager, flying ace and test pilot.

**JANE WYMAN** by Joe Morella and Edward Z. Epstein, life of movie star Jane Wyman, who was once married to President Ronald Reagan. And **ELVIS AND ME** by Priscilla Beauleau Presley with Sandra Harmon, the love story of Elvis and Priscilla Presley.

We have a host of new selections to interest our Easy-Read age group and our Junior girls and boys.

Our new VHS's have arrived: They include **ADAM'S RIB**, **ALICE IN WONDERLAND**, **CHEECH AND CHONG'S OKLAHOMA**, **THE SMURFS AND THE MAGIC FLUTE**, and **THE RIGHT STUFF**, just to name a few.

Also, we now have the **OLD TIME RADIO SHOWS** on cassettes.

Come in and visit with us.
