Wiley College

TONIGHT'S GAME is the 40th edition of the annual Texas State Fair Football Classic which features two age-old rivals — Prairie View A. and M. College and Wiley College.

The Panthers have met Wiley's Wildcats in this big event for 31 years... The game was initiated in 1924 with Wiley and Langston University. Prairie View entered the Classic four years later and has entertained Wiley each year except the ones in which the Panthers played Tennessee State (1959) and Texas Southern (1958-59).

Prairie View holds a considerable edge in the long competition, having won 19, lost 8, and tied 4, but record books are usually laid aside when these two great Southwestern Conference rivals get together. Prairie View is undefeated (record 4-0) this season, and Wiley has won one and lost one, this year.

Important Notice

On or about October 26, we will move into our new, modern Super Market. When in Hempstead, visit our new store, and you will find it the largest and most modern Super Market in this community.

We want to wish the Panthers luck and a most successful season.

Greetings from Wiley College

I am grateful for the opportunity to salute Alumni, Students, Faculty, and Administration of Wiley College and Prairie View A and M College on the occasion of this annual athletic conflict.

It is because of your very real influence in business, government, and education that your presence here is so significant.

The right to an education, Rathbone has said, is not a passive right. It is the right to strive, the right to discipline and broaden our minds until they are adaptable enough to carry whatever burdens may come to us as free individuals. When we invest in that kind of education, we are making an investment which no technology will ever make obsolete.

The "gridiron" is one facet of this investment. It develops a spirit of fair play, competition, and endurance.

Thus while recognizing the total purposes of our institutions, we witness tonight this athletic facet — On with the game!

T. W. COLE, SR.
President
