Dear Sir:

If a school districe integrates its high school and students move to another town, are these students eligible to play football? The following are further conditions of the situation:

1. The former school was class A—the present is AA.
2. How long will these students have to reside in the new location to be eligible for sports?
3. The students played during 1965-66.
4. The distance between the towns is approximately sixty (60) miles.

Thank you for your interpretation.

Dear Mr. Grace:

I have your letter of September 12, 1966 relative to the All-Star Games. The President, Dr. E. B. Evans has had me to call Dr. Morgan with reference to a complete financial report of the game. Dr. Morgan said that the Auditor, Mr. Eddie Frank Green was in the hospital and had not been able to make copies in order that the President's Office and the League Office could receive them.

Dr. Evans then suggested that I write Dr. Morgan and ask again that he please get a complete financial report to his office as early as possible.

To be perfectly frank, Dr. Evans appears disgusted over the fact that we cannot get a financial report. He stated that he was not concerned so much with the amount of money earned, but we should have a business accounting of how each penny was spent.

I regret that we were not able to clear this before the end of the calendar year, August 31, 1966.

We are still looking forward to the report from Mr. Green or Dr. Morgan. As things develop, I shall keep you informed.

Best wishes for you a successful year.

Dear Mr. Kidd:

Your letter of September 12, 1966, addressed to Mr. O. J. Thomas has been referred to me for immediate attention.

We appreciate so very much your letter informing us of the schools that have applied for admission in the University Interscholastic League. I had been informed that Central High of Galveston and Lincoln High of Port Arthur had applied also. In the meantime, it was stated that other schools would probably apply before September 15, 1966 for the 1967 school term.

According to your letter, am I correct in understanding that September 1, 1966 was the deadline for applying rather than September 15, 1966?

I have been back in the office since July 15th on a limited basis. At present, I am enjoying good health and feeling fine.

Among the many things that happened during my illness, both secretaries resigned. I was of the opinion that League materials had been ordered. Our free Debate materials are coming in, but I had not received anything from your office. I checked and found that these materials had not been ordered.

I would appreciate a shipment of the Spelling List for 1966-67 and the Number Sense booklets as these are the two items we include in the free packet sent to all schools upon receiving their registration fees.

We have lost quite a few schools and several complete districts. Yet we are receiving membership fees in an appreciative number.

With best wishes for your continued success, I am

Thank you for your card of acceptance relative to your participation in League activities this year.

You stated that your school would be in Class BB. We have checked our class B District Assignment Sheet and find that we have no schools near you.

May I suggest that you accept Class A school classification. Then we would ask Mr. S. G. Traylor to include your school in his district which is District XIII A. This seems to be about the best solution unless your school is an elementary school only if so then we would seek to get you with the Class C schools in that area.
