Dear Mr. Yancy:

I am writing to receive important information about Kenneth Washington. I talked to you about him this summer, and you told me to remind you of the conversation or the matter when my eligibility list came to you.

I would like to know whether he is eligible to play ball this year? He has been here one semester of last year and is attending here now.

The school he was attending was the white school in Troy Texas. He attended there one semester after being transferred from the colored school in Troy. He did not participate in any athletics at the school while attending.

I would appreciate it very much if you and the committee would rule on this matter for me.

Prairie View, Texas

Dear Mr. Yancy,

I would appreciate your giving me a written response in regard to the following question of eligibility, regarding a student who has recently moved into this school district. Tommie Jerue lived in the Warren Independent School District and participated in the athletic program on the Warren high school team during the 1965-66 school year. The Warren Independent School District operated an integrated program for high school students and this boy played on the Warren high school team. The Warren district did not operate a separate high school for negro pupils.

This boy and his family have recently moved into the Woodville Independent School District and this boy is currently attending the Scott High School of this district which at this time is a negro high school. He exercised a Freedom of Choice form to attend the Scott high school and indicated that he planned to participate in the athletic program.

According to my understanding of the rules of your interscholastic league this boy could be ineligible to participate in athletics in either the white high school or the negro high school of this district during the current school year. Please verify in writing whether my opinion is correct or whether this boy is eligible to participate in the athletic program of the Scott high school.

Sincerely yours,

B. H. McGuire

Dear Mr. Burton:

It was with sincere regret that I received Mr. L. J. Johnson's letter stating that his school along with four others would no longer be with us in District 2-A. This poses two problems. Number one, the District will be much smaller yet enough schools to operate, and second is that with Mr. Johnson's school dropping out, it leaves the District without a District Director.

Since the time is short and I am sure the schedules for those schools left are set up, we the State Committee, are asking you to serve as District 2-A Director and keep the district program going this year.

Mr. Johnson has done an excellent job as District Director. You would be doing him a personal favor for his interest is still with the district. The State Executive Committee along with myself shall be grateful to you.

Please advise us at any time if we may be of service to you.

You misunderstood my plan card. The BB was for basketball in our same district.

It is permissible to remain in this district and not play football, is it not?

Things are going nicely at school and at home so far.

Dear Mr. Yancey:

I am greatly pleased to know that you are back on the job and are looking forward to another good year in your organization.

The last day for application for membership in a football district for 1967 was September 1, 1966. The football districts are set up annually one year in advance, because this gives each school time to arrange its game schedule. School superintendents all over the state have been notified to this effect.

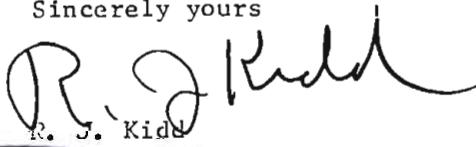

Central High at Galveston and Lincoln High at Port Arthur have applied for membership in 1967, along with the schools which I mentioned in my previous letter to Mr. Thomas.

You indicate that you would like to have the new spelling bulletins and also some number sense bulletins but you did not tell me how many you wanted.

An order blank is inclosed for your convenience in getting this material. Also, I am inclosing a special announcement on the debate packet. Additional copies are being sent separately, together with order blanks. You might send these to some of your schools, to see whether they would like to purchase this special debate packet. You might indicate to the schools that they can order direct from this office, to save double shipping costs.

If we can help you further, do not hesitate to call on us.

Sincerely yours

Mr. B. C. Murray, Principal
Blackshear High School
Hearne, Texas

Dear Mr. Murray:

Thank you for the reminder of our conversation during the summer relative to the eligibility of Kenneth Washington.

We have reviewed this case and according to Article VIII, Section 2 Changing Schools--and Section 12 One Year rule, Kenneth Washington is ineligible to participate in football and basketball until he shall have been in attendance at the school to which he changes for one year preceding the contest. There are some provisions that he would be eligible but neither apply to his case.

The One Year rule would render him ineligible in both football and basketball for one calendar year in a school to which he changes. The exceptions here which would render Kenneth eligible do not apply to his case. He will be eligible however for track, baseball and all other League activities.

I regret that we cannot render an affirmative decision in this case. For this reason, I am suggesting that you delete his name from your football eligibility list and notify the District Director and member school.

Please advise us at any time if we may be of service to you.

Sincerely yours,

Thanks for your letter of September 18, 1966 indicating that there are only three schools left in your district.

May I suggest that since you no doubt have your schedules set up, that you arrange to complete your play which will be a section of a district in time to play another section of the district and get to the state office a winner ten days before the date to certify district winners. It is highly possible that we will have to combine Districts VIII and IX.

I have not heard from Mr. Martin as yet. In the event he will not be with us, please contact the members of your district and get the program going. It is our policy to make League Activities to as many schools as possible.

Please advise us at any time if we may be of service to you.

Our interest in the League prompts my contacting you for some information.

From the Class "B" schools in Leon County and at Franklin, Texas, St. Paul Shiloh, Oakwood, and Bennett at Buffalo are still interested in participating. I have been informed that Carver at Jewett has been classified as "A", Leon has sent its high school to Centerville, Franklin and Normanjee are totally integrated.

Is it possible for us to participate in anyway? Please let me hear from you as soon as is convenient for your consideration.

Mr. B. H. McGuire, Superintendent
Woodville Independent School District
Woodville, Texas

Dear Mr. McGuire:

I have your letter of September 19, 1966 relative to the eligibility of a student who has recently moved into the school district.

According to Article VIII, Section 11, Changing Schools--"A pupil changing schools is not eligible in League Contests whose parents (or guardian) reside outside of the school district, until he shall have been in attendance at the school system to which he changes for one year preceding the contest;" provided the provisions do not apply in this case.

Section 12, One Year Rule of Article VIII, Page 20 of the League Rules and Regulations would render the pupil ineligible also. "A pupil who has represented a high school (other than his present school) or academy in either football or basketball is ineligible in both of these sports for one calendar year in a school to which he changes, except a pupil who changes from a school to which he has attended for at least one year having less than fifteen accredited units to the next higher class to his home, or the nearest in his county." He is eligible for other league activities.

Had he already been at Scott and elected to attend Wheat High School he would have been eligible.

I do trust that your understanding is in line with our League Rules which do parallel the University League Rules so far as eligibility is concerned. If in doubt you may always check the University League Rules.
