Soon the regular session of 1932-33 will pass into history. From many angles this has been a most successful and fruitful year. There is every evidence of definite progress. The achievements of this year are attributable to the training and fine spirit of co-operation on the part of everyone. Therefore, may I express to each of you my deep feeling of gratitude for your contributions to the success of this noble enterprise?

And finally: "Throughout our history, colleges have been and are now the seed-beds of leadership."
--Ex President Herbert Hoover

I beg to remain
