YARDS -

Now that Spring is approaching, let us make every effort to beautify our yards so that the entire campus Community will have the appearance of a Park.

APPRECIATION -

At our last Workers' Meeting a suggestion was made that each one of us give at least five cents each to the support of three important organizations existing solely for the Welfare of Negroes. Already some have made their contributions. Let us bring to the meeting Tuesday night our donations.

EDUCATIONAL CONFERENCE -

What promises to be the best and most significant Educational Conference which we have ever had, will come Friday March 9. Negro Health will be the Theme. This study is made possible by Committees under the direction of Professor Bullock and Dr. Smith. In commenting on the importance of this Meeting, Dr. S. L. Smith of the Julius Rosenwald Fund has this to say: "It is said that the health of the Negro is but little farther advanced now than that of the White a quarter of a Century ago".

Cordially yours,
