KIRBY HALL -

Prairie View was founded in Kirby Hall in 1876. This building was formerly a slave mansion. Many of the former students and teachers look upon this building as a mile post. But it is now being torn down and the lumber will be used for the erection of modern teachers cottages. All wooden structures in the immediate campus area will be razed in the near future leaving nothing but fire-proof and modern structures.

Progress and sentiment do not always move along the same lines and directions.

ENROLLMENT -

We are happy to report that the enrollment this year shows a 28.5% increase over that of last year.

SUMMER SCHOOL --

We have made no plans for the Summer School. We cannot say at present, therefore, how many of the Regular Session faculty will be used this summer.

LEAVES FOR STUDY -

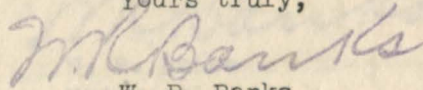

All those who plan to study during the summer, kindly let us know on or by May 1, 1934. This is important.

AND FINALLY -

Dr. Willis A. Sutton gives the following as Prerequisites of a Real Teacher:-

1. A person who is somebody, since being is more important than doing. *D. Prof*
2. A person who knows something and is forever growing both in Knowledge and Spirit.
3. A person who can impart his knowledge to others skillfully and sympathetically.

Yours truly,

W. R. Banks
Principal

P. S. Meeting at same time and place.
