Merry Christmas and A Happy New Year

PANTHER A&M COLLEGE of TEXAS

VOLUME XLVI, No. 8

Prairie View, Texas

DECEMBER 21, 1971

SERIOUS MOOD — Final examinations for the First Semester are taking the spotlight during this pre-holiday period. The new academic calendar presents unusual circum-

stances of mixing the seriousness of exams with preparations for the Yuletide season. Evidence is in favor of a pretty good mix . . . at least for now.

Aim of Paramedical Club Is to Help Nursing Patients

The Paramedical Club in the Department of Biology has as one of its objectives to visit and perform services at the Sweetbriar Nursing Home in nearby Hempstead.

In order to accomplish this objective the students who will be involved will spend an hour or more performing the following task:

1. Reading to patients
2. Talking to those who are lonesome

3. Carrying those in wheelchairs for a ride

4. Walking with ambulatory patients

While performing these tasks I feel that those students who are interested in the allied health sciences will develop a keener awareness of the people they are to serve in the future.

Each student will be supervised and furnished transportation by Dr. and Mrs. L. C. Collins, club sponsors.

CHRISTMAS PARTIES — A festive mood is being exhibited throughout the campus as dozens of Christmas parties are being sponsored by many clubs and organizations. The co-eds (above) are singing Christmas carols.

Manpower Training Projects Receiving Additional Funds

A contract in the amount of \$141,037.95 has been received by Prairie View A&M College for the Manpower Development and Training Program, Dr. A. I. Thomas, president of the college, announced.

The funding period for the project runs through June 30, 1972.

President Thomas Named on Ind. Arts Advisory Commission

Dr. A. I. Thomas, president at Prairie View A&M College, has been appointed to the Texas Industrial Arts Advisory Commission.

The appointment was announced recently by Dr. J. W. Edgar, Commissioner of Education and has been confirmed by the State Board of Education.

Humble Oil Makes \$4000 Grant to Prairie View A&M

A Humble Companies Foundation grant in the amount of \$4,000 was presented December 9 to Dr. Alvin I. Thomas, President of Prairie View A&M College, by C. R. Hocott, Executive Vice President of Esso Production Research Company, Houston.

\$3,000 of the grant was allocated for the School of Engineering and the remainder was for general unrestricted use by the College.

The gift of Prairie View A&M was part of a total of \$397,000 being awarded by the Foundation for the 1971-72 academic year to ninety-seven higher educational institutions nationwide.

Companies participating in the Humble Companies Foundation, a non-profit organization, are Humble Oil & Refining Company, Humble Pipe Line Company, and Esso Production Research Company.

Mid-Year Faculty Conference Set January 4-12

Dr. George R. Ragland, Acting Dean of the College announced that the Faculty Conference will be held on January 4-12. All faculty members are expected to be in attendance.

Twelve - month staff members are scheduled to return after the holidays on January 3.

The theme for the mid-year conference is "Individualized Instruction and Performance-based Teaching: Keys to Effective Learning."

The Greatest Gift of All

Three PV Charters of Nat'l Organizations Established

Almost within a week, three local Prairie View chapters of national honor societies have been established.

Installation ceremonies were held for the three new campus organizations, including Phi Chapter of Phi Alpha Social Welfare Honorary Society; Phi Delta Kappa; and Alpha Lambda Chapter of Sigma Tau National Engineering Honor Society.

Students and staff mem-

bers of the Department of Sociology were in charge of the initiation and installation ceremonies for Phi Alpha on December 15th. Phi Delta Kappa, a professional fraternity for men in education, was installed on December 10th.

PV's Chapter of Sigma Tau was installed on December 11. All three groups drew top officials of the organizations from across the nation.

WINTER MOOD — Beverly Brown, Miss Congeniality of last year, reflects the approaching winter season and adds a note of fashion.

Second Semester 1971-72

Academic Calendar

January 4-11	Faculty Workshop and Retreat
January 12	Orientation for New Students
January 13-14	Registration for Undergraduates
January 15	Registration for Graduates
January 17	Classes Begin
	Late Registration Fee Begins
January 19	Registration Closes
March 8-9	Mid-Semester Tests
March 29	Easter Recess Begins
April 4	Classes Resume
May 1-2	Report Final Grades for Graduating Seniors
May 7	Parent's Day and Commencement
May 8-13	Final Examinations
May 13	Close of Second Semester

TURKEY DAY HAPPENINGS — Hillard Hall featured turkey and all the trimmings for the Thanksgiving Day dinner held before the holiday exodus. Mrs. Vivian Smith, food service manager alerted a Panther photographer who got his fill of the goodies, plus the photos above.

World Regional Geography Course Offered 2nd Semester

The Department of Geography and Economics at Prairie View A&M College will offer a course in World Regional Geography the second semester of this school year.

The course will emphasize the contemporary, physical, cultural, historical, and political phenomena as related to man.

The course, tentatively scheduled to meet from 5:30 p.m. to 8:30 p.m. on

Tuesdays in Room 200 of the Old Science Building, is offered for inservice teachers, housewives, senior citizens, students, and anyone else who may be interested in reassessing himself about the new geography as a spatial science.

Prairie View A&M is the only predominantly black school in Texas and the fourth predominantly black institution in the nation approved to offer a major in geography.

Interested persons may write the Department of Geography and Economics, Prairie View A&M College, Prairie View, Texas, or phone 857-3311, Ext. 270 by December 10, 1971.

Zetas Present Thanksgiving Basket

As a part of its program for this year, the Omega Gamma Chapter of Zeta Phi Beta Sorority Inc. gave to an area family a very plentiful Thanksgiving Basket. Favoring strongly "helping the Needy", the group has many other

Phi Delta Kappa Initiates PV Chapter

Prairie View chapter of Phi Delta Kappa was installed on campus on December 10. Dr. Williams Walters presided at the services which featured a charge to charter members by Dr. J. W. Lee, president of Phi Delta Kappa International.

The installation team consisted of Dr. J. W. Lee, President, Phi Delta Kappa International; Dr. Bill L. Turney, Representative, District III, Phi Delta Kappa; Mr. Kenneth Loveless, Coordinator, District III, Phi Delta Kappa; Dr. Maurice F. Shadley, Director of Special Services, Phi Delta Kappa International.

Initiation Team: College Station (Texas) Field Chapter, Phi Delta Kappa, Mr. Gilbert E. Mayeux, Chairman.

The Chapter organizing committee was composed of Dr. James E. Johnson, Chairman; Dr. William Walters, Mr. Charles Randle, Mr. Charles Sharp, Graduate Student Representative.

President A. I. Thomas, and Acting Dean George R. Ragland participated in the services.

Pershing Rifles Perform At All Star Game

Company Q-17, National Society of Pershing Rifles provided the color guard for the first Black All Star Football Game at the Astrodome in Houston, Texas December 4, 1971. The color guard carried National and Texas flags as well as the massed guidons of all Army ROTC Brigade Units. The Pershing Rifle Drill Team was this college's only representative in the Nation's first Black All Star Game. Prior to the game, Company Q-17 will participate in a Drill Competition Meet at the University of Houston.

worthwhile and helpful projects planned. Being of service to others in any way possible is very much emphasized by the Zetas.

GIFT FROM FORD MOTOR CO. Michigan present grant to President — Representatives Robert L. Hartt and Benjamin T. Howes of Dearborn, Thomas and Engineering Dean Austin Greaux during recent campus visit.

GENERAL ELECTRIC VISITS I. Thomas and College Administrators — Calvin Conliffe, Educational Relations and Support representative of General Electric, Bridgeport, Conn. discusses programs with President A. I. Thomas and College Administrators Dr. Harry Faggett, Harry Robinson, Jr., Dean A. E. Greaux, Frank Hawkins and Dean S. R. Collins.

Excellent Ratings Earned By PV Music Students

Top Record again this Year One of the largest array of music students to date to enter the National Association of Teachers of Singing (NATS Regional) Audition left with good training and spirit Sunday, November 7, as participants for Baylor University in Waco, Texas.

The huge crowd of Texas competitors at the college and university level came from seven districts in Texas, according to the organizer and director of this group, Dr. H. Edison Anderson, who made the first Prairie View entry at Oklahoma State University 11 years ago. P.V. music students have a consecutive pattern whose summation sheets reveal top honors every two years. However, this year was an exception to our traditional pattern of honors. Out of state participants were

from Arkansas, Louisiana, Kansas, New Mexico and Colorado.

Prairie View participants in the midst of serious vocal battles were: Marilyn Wordlaw, soprano; Tonya Hendricks, contralto; Alethea Barrens, soprano; Barbara Shepherd, soprano; Sophia Keegan, contralto; Larry Miller, tenor; Louis Nabors, bass; Betty Grant, soprano; Larry Walker, baritone; Cora Johnson, soprano; Bonnie Fitzgerald, contralto.

The data of our vocal participants show five in the ninety percentile, three in the eighty percentile, with two in the seventy-eight percentile. Larry Walker, a native of Missis-

sippi, won second place. Thus accompanied by Dr. R. vonCharlton, he compiled a second place certificate and cash award to his and Prairie View's credit in the face of stiff competition.

P.V. students were most ably accompanied by Dr. R. vonCharlton, Professor of Piano, and our former Professor of Music and recently added staff member, Dr. J. Timothy Ashford.

Members of the music faculty who provided transportation were Dr. Ribert A. Henry, Director of the College Choral and Chamber Choir, and Dr. H. Edison Andersin, Director of the A Cappella Concert Choir.

A part of the audience and questioners are pictured below, including City Mayor E. Sams (Center) who has been active in the student voter rights controversy.

Cadets To Receive Commission

The Department of Military Science will pin five gleaming sets of Second Lieutenants bars on former Army ROTC Cadets during midyear commissioning ceremonies at 10:30 a.m., December 17, 1971 in Ballroom A, Memorial Student Center. The five young men who will receive Commissions with the Nation's first trust and confidence in their ability to lead men in peace and war are: Clifford M. Garner of Lufkin, James L. Kirkwood of Houston, Robert Robinson of Waco, Amos R. Smith of Beaumont, and Jerry Weatherspoon of Marlin, Texas.

Cadets Gardner, Kirkwood, and Weatherspoon have been designated as Distinguished Military Students. Cadet Kirkwood's educational expenses were defrayed by a four year Army ROTC Scholarship.

LTC Holland E. Bynam will present the midyear commissioning address. LTC Bynam is a highly decorated alumnus of Prairie View A&M College whose superlative leadership and scholastic achievement as a student accurately predicted an outstanding Army career.

EPISILON PI TAU OFFICERS 1971-72 — From left to right, Mr. Aubrey D. Semian, Secretary; Mr. F. Edward Brown, President; Mr. Clarence Kirkwood, Parliamentarian; Mr. Charles E. Taylor, Recorder; Mr. Marice Blanks, Vice President. Also not shown Mr. Samuel Sauls, Treasurer.

Alpha Founders Day Features J. Don Boney

educator throughout the State of Texas and the U. S. was the guest speaker at the Annual Founder's Day Program sponsored by the Eta Gamma and Epsilon Tau Lambda Chapters of Alpha Phi Alpha Fraternity, Incorporated, which was held Sunday, December 12, 1971, at 11 a.m. in the Women's Gymnasium on the campus of Prairie View A&M College, Prairie View, Texas.

Dr. Boney, a member of AGA and native Texan, received his Bachelor of Science degree from Prairie View A&M College and his Master of Education and Ed D degrees from the University of Texas at Austin.

Formerly an Associate Professor of Educational Psychology at the University of Illinois and Associate Dean in the College of Education at the University of Houston, Dr. Boney has also served in such educational capacities as teacher, principal, counse-

lor, director of testing, and psychologist within various schools in Texas.

Dr. J. Don Boney, noted in February 1971, Dr. Boney was appointed Chief Instructional Officer in the Houston Independent School District (HISD), being responsible for instructional programs for 230 elementary and secondary schools in the Houston district, until his recent assignment of August 24, 1971, when he was appointed acting Gen-

Sigma Tau Engineering Fraternity Established

The Alpha Lambda Chapter of Sigma Tau Fraternity was established at the College on Saturday, December 11. Sigma Tau is a National Honors Society in Engineering. The Alpha Lambda Chapter is the first to be established at a predominately black College and is first to be established by the National Office since 1966. Nearly 18 Engineering Candidates will

be initiated as charter members. Dr. J. P. Calbert of the National Office will be present to install the Chapter.

Dr. Leo McAfee an Alumnus of the School of Engineering here at Prairie View A&M College will give the key note address. Dr. McAfee is on the staff of the University of Michigan, Ann Arbor.

National Teacher Exams Scheduled

The National Teacher Examinations will be administered on January 29, 1972, at Prairie View A&M College which has been designated as a test center.

According to Dr. George H. Stafford, college seniors preparing to teach and teachers applying for positions in school systems which encourage or require the NTE are eligible to take the tests. In addition, the designation of Prairie View A&M College as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests, Dr. Stafford said.

Last year approximately 116,000 candidates took the examinations which are designed to assess cognitive knowledge and understanding in professional education, general education and subject-field specialization. The examinations, which are limited to assessment of those aspects of teacher education that are validly and reliably measured by well constructed paper-and-pencil tests.

Bulletins of Information describing registration procedures and containing Registration Forms as well as sample test questions may be obtained from The Counseling Center or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey 08540.

Health, Physical Education and Recreation Group Holds Meeting

A recent meeting of the major's and minor's club in the area of Health, Physical Education, Recreation, and Athletics was held recently in the gymnasium. About 90 students and faculty members attended.

Two way communication, that is, from faculty to students and from student to faculty was evident. Student input was spirited and contained many constructive suggestions for improvement of the club and the department.

The members suggested an active participation in our campus organization, and if possible, that individuals should also affiliate with state and national organizations. It was noted that the National Convention of the American Association for Health, Physical Education, and Recreation will be held in Houston, Texas, in March, 1972.

Student conducted tournaments and recreational opportunities for club members will be offered during the school year. These activities will in many cases be co-educational and will include individual, dual, and team sports. Linda Beard and Dwight Redd volunteered to conduct this program.

Several students mentioned an open gym policy where faculty and students may check out equipment and use the facilities. Evenings and weekends were recommended as times for the gymnasium facilities to be open. A plan for supervision of the gymnasium area and equipment check-out was discussed.

Your One Vote Does Count

(Dedicated to the Eighteen Year Old Voter)

By Kenneth H. Briggs
How important will your vote be in the next election?

Consider these examples where one vote was the difference between victory and defeat.

Adolph Hitler cast the deciding vote in a beer hall, Putsch, and set the world on fire.

One vote in Congress gave Statehood to California, Idaho, Oregon, Texas and Washington.

Recently, two Mayors in Minnesota were defeated, each by one vote — one of the candidates himself had failed to vote.

Oliver Cromwell was

elected to parliament by one vote and changed the history of England.

One Congressional vote saved World War II Selective Service in 1941, a few weeks before Pearl Harbor.

Rutherford B. Hayes was elected president by one electoral vote. The Congressman from Indiana who cast the deciding vote was elected by one popular vote which was cast by a man, though seriously ill, insisted on being taken to the polls to cast his ballot.

The bald eagle became the national emblem when one vote defeated a proposal for the turkey.

In 1948, President Harry Truman carried Cali-

Final Examination Schedule

First Semester

For Classes Beginning at THURSDAY, DECEMBER 16

Time of Examination	Classes
7:30 to 9:30	TThs
9:30 to 11:30	TThs
11:30 to 1:30	TThs
1:30 to 3:30	TThs
3:30 to 5:30	TThs

All classes meeting after 5:30 p.m. are to be given examinations during the regular class period.

FRIDAY, DECEMBER 17

Time of Examination	Classes
7:30 to 9:30	MWF
9:30 to 11:30	MWF
11:30 to 1:30	MWF
1:30 to 3:30	MWF
3:30 to 5:30	MWF

All classes meeting after 5:30 p.m. are to be given examinations during the regular class period.

SATURDAY, DECEMBER 18

Examinations for graduate classes meeting on Saturdays are to be given during the regular class meeting period.

MONDAY, DECEMBER 20

Time of Examination	Classes
7:30 to 9:30	MWF
9:30 to 11:30	MWF
11:30 to 1:30	MWF
1:30 to 3:30	MWF
3:30 to 5:30	MWF

All classes meeting after 5:30 p.m. are to be given examinations during the regular class period.

TUESDAY, DECEMBER 21

Time of Examination	Classes
7:30 to 9:30	TThs
9:30 to 11:30	TThs
11:30 to 1:30	TThs
1:30 to 3:30	TThs
3:30 to 5:30	TThs

All classes meeting after 5:30 p.m. are to be given examinations during the regular class period.

WEDNESDAY, DECEMBER 22

All Chemistry 114 Final Examinations will be given from 7:30 to 9:30 a.m., Harrington Science Building, Aud. 121A, 122B, and also room 116 and 117.

All Concepts of Health Classes will be scheduled during the regular class period.

All graduate classes meeting on Wednesday evening, Final Examinations may be arranged by the Professor.

All NROTC and AROTC Examinations will be scheduled by the Professors of NROTC and of AROTC.

SPECIAL NOTE:
All English 113 Honors will take Final Examinations at 5:30 p.m. Thursday, December 16, Regular classroom.

All English 213 will take final examinations at 5:30 p.m. Thursday, December 16 in A. I. Aud.

All English 223 will take final examinations at 5:30 p.m. Thursday, December 16, in Health and Physical Education Building. GYM

Christmas Brighten-Up From PV Garden Club

We are sending this Memo to ask every member of our Prairie View Garden Club to please put up some kind of Christmas display before December 15th. In addition, we are urging each club member to remind as many non-members as

possible to put up displays. The displays may be quite simple and inexpensive in the form of a

fornia and Ohio by less than 1 vote per precinct.

Two Presidents, Thomas Jefferson and John Quincy Adams, were each elected by one vote in the Electoral College.

In 1944, Senator Robert Taft carried Ohio by less than 1 vote per precinct. In 1954, Senator Maurice Neuberger of Oregon won by the same margin.

A writer for the Southern Telephone News cites the following as an example of the importance of one vote:

"In Dekalb County, Indiana, in the 1840's there was a miller who started to his mill on election day, but some friends persuaded him to go to the polls instead. The candidate he voted for won by one vote. The state legislator who was elected by one vote cast the deciding vote that sent Edward A. Hannegan to the U. S. Senate. (State legislatures elected U. S. Senators before the Seventeenth Amendment to the U. S. Constitution.)

"When statehood for Texas came up for a vote there was a tie. Hannegan was president pro tem of the Senate, and cast the deciding ballot in favor of admitting Texas. This action led to the Mexican War, an incident that helped shape the entire future of this country."

Your one vote is important. Who knows, it also could be the vote that changed the course of history.

Effects of Drug Addiction

Prairie View men and women I wish to warn you that Physical deterioration is brought about in individuals through the use of drugs.

Addiction to Narcotic drugs causes not only physical deterioration but also mental and emotional damage. Strength of character is greatly weakened and the victim becomes mentally sluggish and lives in more or less a state of stupor. Addicts are generally careless about their personal appearance. Through loss of interest, addicts find it

difficult to hold a steady job, and are indifferent toward society in general. The one interest of the addict lies in acquiring money to maintain the drug habit. A continuous use of habit forming drugs often leads to insanity or to a career of crime or perhaps and often both. Drug addiction wrecks the nervous system. The repeated use of drugs weakens a person's natural resistance to diseases that result in death. An addicts life span may be twenty to twenty-five years less than that of a normal person.

There is this to remember, that the balanced person is he whose thoughts and actions soar on the wings of vision, but whose feet remain on the rocks of reality.

We as minorities are here to prepare ourselves for going out into a hostile world. Please lets concentrate on what we are here for. Let's not fight Black against Black because there are forces of evil just waiting to try to tear you down in the cruel days after college.

We may never become outstanding, but we can always be upstanding.

Mrs. A. N. Henderson
Evans Hall Manager & former Police Officer

Waller Student Advisory Committee Set

The Waller Independent School District has been allocated a federal grant of \$30,100 by the Department of Health, Education and Welfare for assistance under the Emergency School Assistance Program for the 1971-72 school year.

The funds will be used to carry out special educational programs in support of the District's desegregation plans. Priorities will be given to the following projects:

Instructional activities designed to develop an appreciation of the cultural heritages of the significant multi-ethnic groups in the school district.

Activities designed to improve classroom performances of significant minority groups.

Inservice teacher training

activities on how to develop wholesome classroom climates and how to develop better human relations among students.

A community program designed to promote better understanding among students, the school staff, parents and community groups in regard to the policies and practices of the school district.

An Adult Advisory Committee which was organized during the 1970-71 school year will continue to work with the school district to promote better understanding among students, the school staff, parents and community groups.

In accordance with Title 45 — Public Welfare, Part 181-8, student advisory committees have been formed at the Waller Junior and Senior High Schools.

The members of the committee from Waller Senior High were selected by the student government body. The members of the committee from Waller Junior High were selected by the student body. The members of the committees were selected to represent equally in number each significant minority and non-minority group in the secondary schools affected. The committee members are:

Seniors — Rosalyn Owens, Monica Arnold, Darryl Kemp, Whitt Trimble

Juniors — Donna Lebeaux, Donna Brannan, Jeffery Coleman, Warren Machac

Sophomores — Felecia Bell, Sally Spears, Irwin

"M. T. Harrington Day" Observed At College Station

December 11 was "M. T. Harrington Day" at Texas A&M University.

Dr. Harrington, president of the university from 1950 until 1953 and chancellor of the Texas A&M University System from 1953 until 1965, retired from the institution Sept. 30 after nearly 50 years of service. He was named president emeritus upon retirement, president Jack K. Williams announced.

"M. T. Harrington Day" coincides with Texas A&M's mid-term graduation, at which Dr. Harrington delivered the commencement address.

Dr. and Mrs. Harrington also were honored guests at the president's traditional commencement-commissioning luncheon following the morning graduation exercises.

Additionally, Dr. Har-

Kirkwood, Leeland Youngblood

Freshmen — Glenda Davis, Ann Garrett, Kevin Carreathers, Don Fritzsing

Eighth grade — Bill Mason, Wilton Jackson, Doretha Woods, Linda McCaig

Seventh Grade — Hoover Wright, Stephen Smith, Catherine Helfrich, Mary Watson.

CHEMISTRY CLASS ON FIELD TRIP — The "Hard Hats" pictured are some of the members of the Prairie View Chapter of the American Chemical Society. On December 7, 1971, they were the guests of the Dear Park Division of HOHM and HAAS Company. One day's field trip like this is worth several class sessions.

Front Row: Bernadette McAfee, Renita Harvey, Alice Spears and Adeline Lee.

Second Row: Earl K. Jones (Acting Head of the Department and Co-sponsor of the ACS), Dr. G. H. Cummings (of Rohm & Haas), Jerry Nichols, Donald Thomas, Alonzo Sadberry, a Rohm & Haas official, and Mr. Lee V. Richardson (of Chemistry Staff and Co-sponsor of the ACS).

This is the second of several field trips planned by the Department of Chemistry and the affiliate chapter of the American Chemical Society.

Biology Professors Attend Courses

Dr. L. C. Collins, chairman of the Biology Department and Drs. J. E. Berry and B. K. Chopra also in the Biology Department attended a two day course in Austin on

November 8 and 9. The course was entitled "Biology and Human Affairs" offered by the American Association for the Advancement of Science and supported by the National Science Foundation. Dr. J. A. Chiscon from Purdue University was the instructor. The course was

presented the last warrant at commissioning ceremonies and was honored at a special review by the Corps of Cadets. See BIOLOGY, Page 6

The Worth of The Individual

Luke 15:1-4

We are living in an age of automation and mass production. We must be careful not to forget the value of the individual. Jesus, the greatest teacher of all times, had concern of the individual. He knew to save men, he had to save them one by one. People are not saved or lost in masses, but as individuals. The person is of inestimable value, and each person is unique and has intrinsic value. To save our young people today, we must be concerned about each child. The potential value of each child is far beyond human reckoning.

Jesus tells the story of the lost sheep, coin, and soul to convey the idea of the value and importance of the individual. Parents, teachers, educators, and ministers, the child that has dropped out of school may have the potential value of a Moses, Joshua, Samuel, Isaiah, Amos, Ruth, Esther, or a Paul. When we fail to consider the worth and value of each child, we have ignored the basic principle of the gospel; for Jesus said our concern should be for the lost sheep instead of the ninety nine. A true shepherd does not say, "I have ninety nine left", and forget the one lost sheep. He is not satisfied with what business calls "a satisfied per centage", still less could a mother forget a lost child. Still less should we forget a lost soul. The central stress is on one. It tells us that every man is precious in the sight of God. The ninety nine may be angels in heaven; the one may be our planet. But even so, each man is never merged with the mass men. In the eyes of God

he is always the only man.

City civilization reduces the individual to an anonymous digit, totalitarian movements are concerned with totals, factories tend to whittle down the soul to "hands" that are adjuncts to machines and wars dwarf the soldier to an expendable number on a disk; but the faith of Jesus speaks age on age its protest in a thunder of love . . . one of them. The evidence of individual worth is not for us to seek. Every man is distinctive by birth. He is not a copy of his parents. He is not like any man who ever lived. He has his own finger print, his own accent of voice, his own term of thought. In a profound sense, he is unique. At our human best, we honor this fact. We read of the search for one lost aviator or the rescue from a landslide of one lost child. We deeply know that each life is precious and at our best, we act on that faith. So each person has a valid longing for recognition. Each person unconsciously knows and feels that he is somebody worthwhile; so treat him as an inferior and this draws the most violent contempt. This knowledge is not conceit, for conceit is a mistaken way of overcoming contempt.

Thus, the conviction that the soul has abiding worth and value is a true and inevitable instinct. Remorse is another proof; it is the pain of a man who thinks he has wasted a divine birthright. Jesus said that all of heaven's energies are turned to find one lost man.

Spotlight On Epsilon Pi Tau

This issue's spotlight is on Mr. Maurice S. Blanks. He is graduating this December in the field of Industrial Technology. At age 21, he is a native of Houston, Texas, where he graduated from Phyllis Wheatley Sr. High School. Upon finishing high school at the age of 17, he decided to enter Prairie View in January of 1968, where he is actively pursuing a B. S. degree in Industrial Technology.

While here at Prairie View, Mr. Blanks has really shown some outstanding leadership capabilities. During his freshman year he became a member of the I. E. Honor Society. As a sophomore he became a member of the American Foundrymen's Society and the American Society of Metals. Also during his sophomore year, he was initiated into Phi Beta Sigma Fraternity, Inc. In his junior year he was initiated into Epsilon Pi Tau Inc, the Honorary Professional

Fraternity in Industrial Arts and Industrial Vocational Education and served on the Industrial Education Advisory Board. He served as president and vice-president of the I. E. Honor Society in 1968-1970, and President and vice-president of Epsilon Pi Tau Inc. in 1970-1971. He is now serving as vice-president. Also he served as a parliamentarian of the Junior Fellow Organization in 1970-1971. Presently still, he is serving as president of Phi Beta Sigma Fraternity, Inc., Delta Theta Chapter. Prior to becoming president he served as secretary.

He is interested in barbering, sports and cultural activity.

Gerald Patterson

General Motors Company Hires Two More Auto Tech Graduates

Mr. Eddie L. Jenkins, a 1960 Prairie View A. & M. College graduate and Automotive Technology major was employed as an Automotive Service Representative by the Chevrolet Division of General Motors Corporation, on November 15, 1971. He will be serving in the Dallas Region, which include the State of Texas and part of Louisiana, Arkansas and Oklahoma.

For the first three months of his employment, Mr. Jenkins will be enrolled at General Motors Training Center, in Houston, Texas. Upon completion of his three months training, he will be assigned to a Zone in the Dallas Region.

Prior to his employment with General Motors, Mr. Jenkins, served two years in the United States Army, 1961-1963. From 1963-1965, he was employed at Booker T. Washington High School in Wichita

Eddie L. Jenkins

Falls, Texas as an Automotive Technology teacher. In 1965-1968, he taught Automotive Technology subjects at M. C. Williams High School in Houston, Texas and in 1968-1971 he served with Allstate Insurance Company, as a claim examiner and insurance adjuster, in Houston, Texas.

Mr. Jenkins is married to the former Miss Ruth Davis, who is a Texas Southern graduate and Elementary Educator major. Mrs. Jenkins is employed in the Houston Independent School District as an Elementary School teacher.

The second Automotive Technology graduate employed by General Motors, 10-1-71, is Mr. Gerald Patterson, who received his Bachelor of Science Degree in August, 1971.

Mr. Patterson is serving with the Oldsmobile Division of General Motors, in Atlanta, Georgia. His position is also Automotive Service Representative.

modynamics" and was attended by about 25 college teachers from throughout Texas. Dr. J. A. Campbell of Harvey Mudd College was the instructor.

The purpose of the course was to familiarize college science teachers with methods of acquainting students with thermodynamic principles without the use of calculus in beginning science courses and survey courses for non-science majors. A variety of methods were discussed to simplify the concepts of entropy, enthalpy and Gibbs free energy to present to beginning students.

Dr. Humphrey is looking forward to the con-

Alpha Phi Alpha

Alphas Sponsor Thanksgiving Basket

A Thanksgiving Basket Dance was sponsored by Alpha Phi Alpha, Eta Gamma Chapter, in an effort to bring a little happiness into the homes of impoverished residents in Waller County. Brothers Orvin Roberson, George Walton, Ernest Richards, Rathel Whitaker and Mitchell Bacon prepared and delivered five baskets to families so that they may have a little bit more to be thankful for during

this holiday season.

On the Intermural Sports scene, the Alpha All-Stars eliminated the men of Alpha Phi Omega. The team members of Alpha Phi Alpha were Brothers Clinton Harvey, Rathel Whitaker, George Walton, James Kirkwood and Calvin Graham. A fast moving game, the men in black and gold were able to pull off the 49-40 victory under the direction of player-coach Michael Buster.

Counter-Guerilla-ettes Initiates New Members

Five "Chimps" became full pledged members of the Counter-Guerilla-ettes, in a ceremony in the Harrington Science building auditorium B, November the 18th.

Master Sergeant Rice, the Counter-Guerilla-ettes' sponsor, remarked that this initiation was only the beginning of a novel experience for the new members, as well as the old members. LTC Vernon Black was guest speaker on this colorful occasion, he stressed the fact that the Army builds women as well as men. The PMS also emphasized that those traits of woman hood, self-confidence and physical-conditioning which the pledges acquired are helpful in both military and civilian life. Cadet Auxili-

ary Colonel Barbara Parker (Miss ROTC), then administered the C/G'ette oath. The following young ladies then received their stripes and congratulations from their Dean of Pledges, Wanda Hudson and the C/G'ette Company Commander, Mary Washington.

The new C/G'ette sisters are: Judieth Thompson; Vanessa Gordon; Vera Hayes; Mary McGregor and Joanne Stephens. After the initiation the new C/G'ettes, their older sisters and Brothers and the AROTC cadre had refreshments served to them by Miss Counter-Guerilla-ette, the gracious Miss Viola Smith. This was an occasion that will never be forgotten.

continuation of this course in February. At this time various aspects of the ideas presented in the No-

vember session will be discussed with Dr. Campbell and other members of the course.

ROTC NEWS

BG Hodson Raps With AROTC Cadets

Brigadier General F. B. Hodson, Jr., Chief of Staff, III Corps and Fort Hood, "Rapped" with Cadets, Cadre and the chief administrator of Prairie View A&M College on December 7, 1971. Upon his arrival at Prairie View, a 4,000 student predominately black coed college, the distinguished visitor was escorted by the Professor of Military Science, LTC Vernon R. Black, to a briefing on the organization and functions of the college's 850 man ROTC Brigade. Cadet Col. Jerry Weatherpoon, Deputy Brigade Commander, and the Brigade staff conducted the Briefing.

Following the briefing, BG Hodson met with Dr. A. I. Thomas, President of the college. Dr. Thomas, himself an Army Veteran, participated in a double ceremony with the III Corps Chief of Staff. After receiving an honorary membership in Company Q-17, Pershing Rifles (P/R,) and a P/R Mug from Cadet Major Douglas Willie, Dr. Thomas was given the third place fancy drill trophy which Company Q-17's Drill Team had won in a recent drill meet. General Hodson was presented a Prairie View "Pershing Rifles Mug" as a memento of his visit. General Hodson then joined over 135 Advanced Course Cadets in a wide ranging one and one half hour

Navy to Hold Fall Review

The NROTC Unit at Prairie View will hold its annual Fall Review and Awards Program on 16 December 1971 beginning at 3:00 p.m. The program will consist of a small reception in Spence Hall for dignitaries and special guests commencing at 3:00 p.m. A military review and awards presentation will follow immediately behind Memorial Center. The Guest of Honor, Mr. Dudley Sharp, will review the NROTC Unit, receive honors during the ceremony, and makes remarks for the occasion.

The NROTC Unit at Prairie View would like to extend an invitation to all members of the Faculty, Staff, and student body to attend the Military review and Awards ceremony.

"Rap" session. Some of the many questions raised concerned function, changes in the Army's national and international Role, the impact of the Volunteer Army, branch selection, how to join Fort Hood's "TRICAP" Division and, as might be expected, how to become a General Officer. Both Cadets and Cadre were enlightened by BG Hudson's forthright, informative and lucid answers. His visit to Prairie View was conducted under Department of the Army's General Officer Visitation Program.

Something New Has Come to PV

by Anchorette Sandra E. Roberts

Since the establishment of the Naval ROTC Unit at Prairie View, it has long had its sight set on organizing an Auxiliary to put young ladies of Prairie View in Navy Blues. This year a dream has come true. The Woman's Auxiliary consist of sixty young ladies, which took the name of the Anchoresses. After the organization got under way Wanda MacAfee was elected as Commanding Officer. Also, a drill team was started under the able Supervision of Gunnery Sargeant Washington. The drill team is looking forward to competing against other drill teams across the nation.

The Old timer
POLICE
"The only time some of us don't want to be in the spotlight is when it's attached to a police car."

Midshipman 3/C Walter Eugene Taylor selected as Midshipman of the Month for October.

The Blue Guard - Genesis

by Midshipman 3/C Parker

During the fall semester of 1971 the Prairie View Naval ROTC Unit initiated the Blue Guard, a drill team which is rapidly gaining a reputation for proficient Silent Drill. Under the able direction of Drill Sargeant Midn 3/C Raymond Parker and supervision of Gunnery Sargeant Charles Washington, the Blue Guard aims to be competitive in the university drill circuit, to establish a medium in which Midshipmen

may participate more in campus activities, and to provide an organization, open to competitive NROTC Naval Science Freshman and Sophomores, which offers additional exposure and travel opportunities to members of the Prairie View student body.

Prairie View's Blue Guard has performed in the Waller County Parade and the Homecoming Parade. The team is scheduled for a trip to the Mardi Gras this winter.

PAY RAISE — From left to right CDT CPT Cornelius, CDT MAJ Taylor, CDT MAJ Brown, CDT SSG Moten, CDT Jackson celebrate the raise in advanced corps and scholarship cadets pay to \$100.00 per month.

Army ROTC Pay Raise Approve Rectroactive To November 15

Roger Kelly, Assistant Secretary of Defense for Manpower recently announced a raise in the subsistence pay of Army ROTC Advanced Course and Scholarship Cadets from \$50 to \$100 per month as the increase is retroactive, those cadets who are pursuing a degree and an Army Officers Commission at Prairie View will receive

a make-up check for \$50 as a new year's bonus. The AROTC scholarship cadets are even more pleased with the pay raise because it will more than cover the loss of room and board.

Persons interested in entering the advance course or in securing an AROTC scholarship should contact their military science instructor.

"Rap Session"

PV Loses Hard Fought 6-16 Battle to TSU

The Prairie View Panthers and Texas Southern Tigers engaged in their annual Turkey Day Classic in the Astrodome and it was the Tigers who withstood the strong Panther rush to come out as winners before some 22,394 teeth gnashing fans.

Prairie View's versatile free safety Daniel Simmons, setup the first score of the game when he intercepted a TSU pass and returned it 80 yards to the Tiger 3, before Randolph McGraw kicked a 22 yard field goal to give PV a, 3-0 lead.

The Panther lead didn't last too long as the Tigers came back and shocked the Panther secondary with a 47-yard bomb to take a 6-3 lead.

The Panthers fought back to tie the score on

two great catches by split end John Moore and tight end Sammy Lee. Moore, who leads the Southwestern Conference in pass receiving, eluded two would be Tiger defenders for a 24 yard gain. Lee, who has exceptional speed for a tight end, raced 25 yards to the Tiger 10 yardline on his catch, before McGraw settled for his second field goal of the night, which was for 20 yards.

The field goal by McGraw tied the score and the two teams went in at halftime in a, 6-6, deadlock.

The second stanza proved to be more fatal for the Panthers as the Tiger defense held Prairie View scoreless and scored 9 additional points to defeat the Panthers.

PV BASKETBALL CAPTAINS — field, PV Coach (center), and Raymond Walter McCowan (left), William Cofield (right).

Panthers Seek to Even Score With Sam Houston

William Cofield, Prairie View's basketball coach, will close out his Panthers home stand until after the Christmas holidays with the Lone Star Conference power Sam Houston at 7:30 p.m., Thursday, December 16th.

Preseason polls have rated Sam Houston to win the Lone Star Conference, (despite the presence of Stephen F. Austin). Last season, the Bearcats were LSC co-champs with SFA, and completed the 1970-71 season with a 18-9 record.

This season, coach Archie Porter will bring a 4-0 mark to Prairie View.

That should be enough to tell the Sam Houston story, but there's more. Principally, the return of N.A.I.A. All American center James Lister, a 6-10 junior. Lister led the Lone Star Conference in scoring (25.0) and rebounding (17.0). Lister's running mates, Robert White, (6-8) and Ron Battle, (6-9), hit the boards hard and gave the Bearcats balance.

Freshman guard Clarence "weiner man" Johnson, a former All City performer from Houston-Wheatley, directs the visitors attack.

Cofield, the Panthers coach, will re-vamp his starting lineup to match strength with the enemy.

Cofield will have to choose from the guard slot three returning lettermen in Don Dyer, 6-2 junior, Herbert Guin, 6-0 junior and Myron Rogers, 6-1 senior. At center, either Raymond Reynolds, 69, or Lawrence Johnson, 6-10, will start, Walt McGowan, 6-4 junior, Tommy Keys, 6-9 junior, or Ron Bradshaw, 6-6 junior, will start at forward.

McCowan, a product of Houston Lee, could open at one of the guard slots. McCowan presently leads PV in scoring.

Prairie View's next home game will be January 24, against rival Texas Southern.

The current record is won — 1 and lost — 3. The Panthers beat Huston-Tillotson in the season opener and have lost two to Stephen F. Austin and one to Sam Houston State.

folks down Navasota way, will be proud of this youngster.

William Cofield — Cofield is in his third year of a building program at Prairie View and he may be ready to let the cat out of the bag.

Meet The 1971-72 Panther Cagers

Chapter one's edition, of the 1971-72 Prairie View Panther basketball team could be an interesting ending as far as Panther rooters are concerned.

William Cofield, the Panthers' boss, is optimistic about his club's chances of being successful this season. Cofield is bringing his team off a six game winning streak from last year's team that posted a 14-12 mark and lost only one senior through graduation.

The Panthers return the starting five from last year and 9 lettermen all total. Two more candidates have been added to the squad to make competition a little stronger.

The 1971-72 Panthers are:

Myron Rogers-6-1-Sr. Guard, Cleveland, Ohio. Rogers led the Panthers in scoring last season with a 16.0 game average. He was also first on the team in field goal shooting and was named to the All-SWAC team.

Don Dyer-6-2-Jr, Guard, Oxford, Pa. Donald is considered by many SWAC observers as one of the premier defensive guards

in the conference. He has improved his shooting to the point of respectability this season.

Raymond Reynolds-6-9, Jr. Center, Cleveland, Ohio. Together, Reynolds and Rogers, teamed to help East Technical High win the district and city title. Now, Reynolds and Rogers, would like to help lead PV to a title. Last year, Reynolds led SWAC in rebounding (20.6) and was 8th in the nation.

Walter McCowan-6-4, Jr. Forward, Houston, Texas. Walt is one of the finest all around players in the conference. As a freshman, he led PV in scoring and rebounding. Could have his best year. Plays both guard and forward.

Tommy Keys, 6-9, Jr. Center, St. Petersburg, Fla. Tommy could be the key to the Panthers success this season. He is one of the most talented big men in SWAC. Must put it all together.

Herbert "Little Magic" Guin 6-0-Jr. Guard, Charlotte, N. C. Oldtimers in SWAC, call Herb the finest ball handler that has been in SWAC since former PV All-American Har-

old "Coffee" Grimes. He was named to the converse honorable mention All-American team as a freshman when he led the nation in field goal shooting.

James Millage-Jr., 6-5 Forward, Lisbon, La. James is one of the strongest big men in SWAC. In one contest last year, he pulled down 20 rebounds and poured in 20 points.

Ronald Bradshaw-6-6 Jr. Guard, Waukegan, Illinois. Ron may own the hottest hand in SWAC from the corner. His deadly shooting in the Chicago tournament last year was one of the big factors in the Panther tournament win.

Lawrence Johnson-6-10, Soph., Cleveland, Texas. In due time, this youngster will be one of the premier big men in SWAC.

Ronald Smith-6-4, Soph., Guard, Austin Texas. Ron transferred from Colorado State, where he was the second leading scorer on the freshman team. He's a welcome addition to the club.

Arthur Smart-6-3 Fresh. Guard, Navasota, Texas. The people of nearby Navasota, called Arthur's decision to come to Prairie View a smart one. He's the only freshman to crack the Panther team. Yes, the
