Campus Planning Entering 2nd Phase

Campus planning dominated activities concerning Prairie View A&M University System Board of Directors. The board received a briefing on the first phase of Prairie View's master plan and appropriated \$9,500 for second-phase planning. Additionally, the board

appropriated \$5,000 to finance a staff study of the needs, estimated costs and priorities for the physical plant program. Tying in with completion of two new residence halls now under construction, the board authorized demolition of three existing dormitories, Black-

shear, Crawford and Woodruff Halls. Blackshear, not in use this year, will be demolished as soon as practical, the board instructed, but Crawford and Woodruff are occupied and will not be razed until after the spring semester. Board members also confirmed two contracts

totaling \$57,250. S & B Engineers, Inc. — S & B Contractors, Inc. of Houston received a \$21,300 contract to modify the college's power distribution system. Lane Electric Co. of Brenham was awarded a \$35,950 contract to install dormitory telephone conduit systems.

Three Old Dormitories to Be Demolished Soon

Blackshear Built in 1926

Crawford Housed PV-ites since 1908

Woodruff PV males dorm since 1925

PANTHER

A&M COLLEGE of TEXAS

VOLUME XLVI, No. 7 Prairie View, Texas DECEMBER 10, 1971

YEARBOOK FEATURES — What you see is what you will get when the 1972 Pantherland comes off the press next year. If you wonder what happens on the yearbook "Photo Trip," the above is just a sample. They didn't know it, but charmers Ruthie Smith, Sandar Baker and Tonya Hendricks were caught by photographer Tom Godwin as they watched other action in Houston's Northwest Mall. The group of 50 selected favorites spent most of the day at Busch Gardens.

College and City Utility Projects Move Forward

Sewage Treatment plant additions for the College and a water supply and sewage collection system for the city of Prairie View were among projects reviewed by the Houston-Galveston Area Council on December 7th.

Favorable consideration was given to all proposals which were submitted jointly by city officials and the college, according to Major E. Sams. The grant requests (P.L. 660) for utility construction totaled \$528,425 Vice President C. L. Wilson, head of physical plant planning and engineering represented the college in the transactions and W. H. Badgett, assistant director of Texas A&M facilities planning and construction represented the System Office. Badly needed additions to the present sewage treatment plant at the college will cost \$136,180. The City of Prairie View will establish a sewage collec-

tion system with trunk lines and lift stations to feed into the college treatment facilities. Along with the complete water supply system, city projects will cost almost \$400,000.

Final approval of the grant requests by HGAC is expected soon. Complete plans for all projects were submitted with the request. These plans were made a part of master planning projects initiated sometime ago by both city and college officials.

Family Planning Center Established

An Adult Family Planning Clinic has been established on the Third Floor of the College Hospital. Instructions are given on methods of family planning. Patients are provided with information and materials for fertility control.

Adults throughout Waller County and adjoining areas are invited to use the clinic without charges.

Detailed information will appear in a story planned for next week's Panther.

PV Faculty Votes Three For Awards

Doctors T. P. Dooley, Charles E. Urdy and George R. Woolfolk were voted by the entire faculty as "Nominees" for the "Piper Professor of 1972". Selection of outstanding Texas college faculty members to receive annual awards is a project of the Minnie Stevens Piper Foundation of San Antonio.

Three nominees were requested of Prairie View A&M by the Foundation and President A. I. Thomas appointed a nominating Committee to plan a method of selection. Nominees selected by various schools included the three "selectees" and Dr. Flossie M. Byrd, Mr. Frank Hawkins, Mrs. Hazel Ward, Dr. Jew-

elean Margaroo and Mr. Archie Manning. A total of 110 faculty members participated in the voting. Dr. Dooley, former Dean of Arts and Sciences, is Professor of Biology, Dr. Urdy is a Professor of Chemistry and Dr. Woolfolk is Chairman and Professor of History.

Faculty-Staff Christmas Ball Set Dec. 18

It's beginning to seem a lot like Christmas, as that happy day draws near, and in the spirit of this joyous season, the Annual Faculty Staff Christmas Ball is slated for December 18th in the Memorial Student Center Ballroom. It will be a gay, festive occasion, opening with a grand march at 8 p.m. Fellowship, food, 'fantastic' music, dancing and formal attire will make for a memorable evening.

The Christmas Ball Committee Chairman, Mr. C. T. Edwards, Mrs. Delia Hunt and Mr. Hubert Smith, join Dr. Thomas in encouraging all the faculty and staff to attend. Departmental representa-

Recent College Grants Total Over \$75,000

A total of \$75,000 has been received recently by the College in gifts and grants, President A. I. Thomas announced. The largest amount received — \$30,000 in grant from Xerox Corporation.

Other grants included — \$15,000, Houston Endowment, Inc.; \$10,000, General Electric Foundation; \$2,500, Sears Roebuck Foundation; \$1,500, Stauffer Chemical Co.; \$1,000, Sun Oil Company; \$1,000, Hughes Aircraft Company; \$5,000, General Motors; \$5,000, Ford Motor Company; \$2,000, Continental Oil.

tives will collect the small assessment of \$2.50 per person.

Special Notice — Early Registration

In order to register during Early Registration you must have the following:

1. Health Card (receive from Hospital).
2. Have I. D. Picture Card made or re-validated in Room 107, E. E. Bldg.
3. Housing complex card
 - a. Women go to the Dean of Women's Office (Blackshire Hall).
 - b. Men go to the Dean of Men's Office (Lucky Hall).
4. All Day Students must have day student cards.

Winners in Homecoming Parade Announced

SCHOOL OF NURSING

VETERANS INSTITUTE

MISS FRESHMAN — Pictured in the parade was Miss Eunice M. Cartwright, Freshman Class Queen and two runners-up, Cathy Nelson, left and P. J. Johns.

The winners in the Annual Homecoming Parade Competition were announced recently. First place in the Decorated car Category went to the School of Nursing with 440 points, Second place went to the Jack and Jill with 440 points, and Third place was awarded to the Texarkana-PV Club with 396 total points.

In the Commercial Float Competition the Association of Junior Fellows won First place with 612 points. Second place went to the Veteran's Institute and Junior College Counselor with 605 points and Third place was won by the Army ROTC with 575 points.

First Place for the best float built by an organization went to the School of Industrial Education and Technology with 670 points. Second Place was won by the Prairie View Nursery School with 630 points and third Place went to the School of Agriculture with 608 total points.

Judges for this year's competition were: Mrs. Pauline Bonner, Miss Lawanda Durham, Mrs. English, Mrs. Clennon Harvey, Mrs. Beatrice Sowell and Mrs. C. L. Wilson. Plaques were awarded the winners during the Half-time activities of the Homecoming Game.

Please see page 5 and 8 for more homecoming parade photos.

Dr. A. I. Thomas Named to Study Panel

Dr. A. I. Thomas, president of Prairie View A&M College, has been appointed to a House study committee on vocational and technical education by House Speaker Gus F. Mutscher.

The 11-member committee, composed of five members of the House and six Texas citizens, is headed by State Representative R. B. McAlister of Lubbock.

Citizens receiving appointments are Tom Deliganis, Director, Vocational-Technical Division, Laredo Junior College; Dr. Roy Dugger, Waco, President, Texas State Technical Institute; Dr. Tom Spencer, President, San Jacinto Junior College; Robert L. Thornton, Jr., Dallas, Chairman of the Board, Mercantile National Bank; and Arnold (Sam) Winkelmann, Brenham, Chairman, Board of Trus-

Former Board Member Passes

Wilfred T. Doherty, former president of the Texas A&M University System Board of Directors and a prominent Houston businessman, died on November 16 at the age of 73.

A Texas A&M graduate (1922), Mr. Doherty was associated with Humble Oil in early years and joined the R. A. Welch Interests in 1939. He was president of the Welch Foundation at his death. He was also president of the Mound Co. and director of Fidelity Oil and Royalty Co., Bank of the Southwest, First National Bank of Houston, and Texas National Bank.

He was cited on many occasions for his contributions to higher education and to the welfare of humanity in general.

Dr. Briggs Named White House Fellow

President Richard M. Nixon has nominated Dr. Kenneth H. Briggs, Professor in the Department of Business Administration, Prairie View A&M College, as a candidate for the WHITE HOUSE FELLOWS program. Dr. Briggs is one of one hundred young men (and women) selected across the nation who will compete for twenty positions as WHITE HOUSE FELLOWS.

The purpose of the WHITE HOUSE FELLOWS program is to provide gifted and highly motivated young Americans with some firsthand experience in the process of governing the nation and a sense of personal involvement in the leadership of the society. The Fellows spend one year in Washington working as assistants to the Vice President and cabinet members.

Dr. Briggs joined the Prairie View College faculty in September of 1968. He served as Acting Head of the Department of Business Administration for two years (1968-70). Since 1970, Dr. Briggs has been a Professor in the Business Department. He received his B.S. degree from Bethune-Cookman College; his MBA from Atlanta University; and his LLD from LaSalle University.

tees, Blinn College. In addition to Chairman McAlister, House members named are Rep. Menton Murray, Harlingen; Rep. John Poerner, Hondo; Rep.

See THOMAS, Page 3

POLITICAL SCIENCE GROUP — Dr. Hammond (right front) is shown with class in Constitutional Law. Father Bowen also made the trip to College Station with the group.

Constitutional Law Class Attends Lecture at Texas A&M

Dr. Jewel Hammond's class in Constitutional Law traveled to Texas A&M University recently to hear a lecture by Senator Proximire.

Senator Proximire, who has been in an every roll call since 1966, spoke on ill-prospects of the SST and pointed out that if Congress had approved the SST proposal, it would have been unfair to the majority of the taxpayers. Due to the cost of utilization, only a very few people could utilize it, and

flights would only be international.

He said that the SST would have imposed an undue burden on home owners within a radius of fifteen miles. They would have to sound-proof their homes which would cost approximately \$6000 per home.

On the Vietnam war, he said there should be a specific date of withdrawal. It could take another 15 years at this rate. Also the number of troops serving in the Armed Forces should be cut in half.

Have You Seen A Tadpole Fish?

An effect of water pollution by mercury compounds.

Mr. Gilbert Harlan, freshman Biology student in Colleges Science begins a new experiment in the mutation of Guppies. Previous experiments have shown that when sub-lethal doses of compounds of mercury are present in water in which the guppies are kept over long periods of time the female guppy gives birth to a type of offspring which resembles a tadpole. Even after as much as three generations of new births in water which contains no mercury compound the female still gives birth to these strange and grotesque forms. Much interest in these mutants is evident by the large number of students who have heard about these experiments and stop by the Harrington Science Lab to see the results.

Gilbert Harlan experiments with Guppies.

These experiments are being conducted in the Department of Earth Science under the direction of Mr. Robert E. Gibson.

Mutant Guppies produce from water pollution containing mercury compounds.

Dr. Wu Discusses China

CONTINUED from Page 4
 organization "to intervene in matters which are essentially within the domestic jurisdiction of any state."
 Even if an "independent Taiwan" could be created, it would not guarantee that Taiwan can get "back in the U.N." for the simple reason that application of Taiwan for U.N. membership must require the unanimous consent of the five permanent members of the Security Council.

It is a serious mistake to call Taiwan a "country" and to believe that the Taiwanese people have a right to "self-determination." That Taiwan is part of China and has been recognized by the Cairo Declaration of December, 1943, confirmed by the Potsdam Declaration of July, 1945, and reaffirmed by the U.S. government (the "White Paper" on China of August, 1948, and State Department Bulletin XXII, 1950, pp. 79181).

Since Drummond's "first thing" does not make sense, there is no necessity for me to discuss his "second thing" which is nothing but some "logical" outcome of his naive wishful thinking.

However, I wish to point out that he did admit that "Formosa has been a part of China" but "for only a relatively short period of its long history." Why did

ly Drummond is not aware that the Chinese people began to occupy Taiwan as part of Chinese territory since 221-265. In history of any nation 17 centuries is not a "relatively short period."
 creating an "independent Taiwan" which he believed is a part of China? Probably he wish to divide China by

PV-TSU Share In Houston Symphony Special Concerts

Music Department chairman Robert Henry and Soprano Betty Grant participated in the Houston Symphony's special concert at Texas Southern University on November 15.

Prairie View A&M will host the second in the

two-part series on April 17. Dr. Henry and TSU Music Department chairman Jack Bradley are sharing the podium at each concert. The special performances are made possible through a grant from the Texas Fine Arts Commission.

TSU pianist Charles High and Miss Grant are featured soloists for both concerts.

We're For Omega

We're for Omega, fifty thousand strong;
 Fifty thousand Brothers just can't be wrong.
 To Que we pledge our hearts anew
 Omega's tops and we'll keep her there
 Omega stands for that which is good
 That which is found in good Brotherhood.
 To Que we pledge our hearts anew,
 Omega, we're all for you!

HOMEcoming - '71

Methodist Students Elect Officers

The Methodist Student Movement at its October meeting elected Miss Joyce Rosemond, a Sophomore Nursing major, as their Homecoming queen.

Other elected officers were: President, Marian Hogan; Vice-President, Josephine Wathins; Recording Secretary, Marilyn Hogan; Corresponding Secretary, Clara Bell; SGA representative, Mae Esther Ferguson; Business Manager, Laura Brooks; Chaplain, Joyce Rosemond; Parliamentarian, Sandra Woodard; Program Chairman, Celestine Loftis; Membership Chairman, Chirley Nealy; and Lettie Ferguson, reporter. Methodist Student Movement meets every Wednesday at 6:30 p.m. in room 206 of the Memorial Center. All Methodist and Non-Methodist are invited to attend.

BLUE BELL
 CREAMERIES

Kollar Korner

Over three thousand years ago, the Lord delivered his people Israel, those descendants of Abraham, from the bonds of slavery in the land of Egypt. After forty years of wandering that resulted from their rebellion and murmurings against him, he brought them across the Jordan into the land of Israel. In the eighth chapter of Deuteronomy it is recorded how the people of Israel were to render thanks to the God of their Fathers for his deliverance of them into the land of milk and honey: "Therefore thou shalt keep the commandments of the Lord thy God, to walk in His ways, and to fear Him . . . Beware that thou forget not the Lord thy God, in not keeping his commandments and his judgements, and his statutes, which I command thee this day . . ." The children of Israel were to "bless the Lord," to render him thanks through prayer and psalm, through the offering of holy worship, through private prayer and the corporate liturgical acts at the Tabernacle and the Tent of Meeting. AND, they were to carry out the injunctions of holy worship in the way they lived each day, in the way they treated one another; they were to show their thanksgiving to God by walking in his ways, by obedience to his judgements and statutes.

Like the Israelite of old, the Christian must not deceive himself: it is not enough to say we have faith, it is not enough to hear the word, it is not enough to render thanks with the lips, there must be a doing of thanks . . . "Be ye doers of the word," wrote St. James, . . . "Pure religion and undefiled before God and the Father is this, To visit the fatherless and widows in their affliction, and to keep himself unspotted from the world. . . ."

We have much to be thankful for. Like the children of Israel, we have been given a land that produces bountiful harvests, and like the land of Israel in that day, it has been a land of much beauty, a land flowing with pure water as well as milk and honey. We must be genu-

Father James T. Moore Vicar, St. Francis Episcopal Church

inely thankful to our Father for these gifts, and to be genuinely thankful we must be doers of thanks, "doers of the word." To be truly thankful means that we will never forget the poor, for in this land of plenty there is hunger, and there is hunger because we have often forgotten the commands of God, we have not used well those gifts he has given us. So many SAY they are thankful, but by the way they treat their brother they show that they have never had thanksgiving in their hearts. In the law of God, there was the provision that in the harvesting of the crops that not all of it should be taken, but that a goodly portion be left for those who were poor, who had no lands to farm; and, those in need would come into the fields and take to their own homes the grain or other produce that had been left them. How far we have come from the law of God.

Genesis tells us that man was put on this planet and given the good things of the earth, but Satan entered in, and man began to listen to his voice and join his rebellion. Because of this, there is disorder, there is oppression, exploitation, famine, disease; but the Creator, the ALL-HOLY ONE, has not deserted man eventhough man often laughs in his face. He reaches out to us as we now are in this fallen world; he began this reaching out when he chose the man Abraham from the land of Ur in Mesopotamia. To prepare for his coming he raised up for himself a people out of the descendants of Abraham; and of that faithful descendant of Abraham, blessed Mary, he made the instrument by which Jesus, God in human flesh, would enter this fallen world and offer man hope and deliverance from the fruits of man's ancient rebellion. It is for this Jesus that we are

They Should Overcome- And They Did

The Royal blue and white "Smiling Rabbits of Zeta Phi Beta Sorority, Inc." did their thing at the All-Greek Probate Show, Friday, November 19, 1971 in the Old Gym. The pledges of Zeta Phi Beta Sorority, Inc. doing their pledge period showed great potentials of wanting to become a ZIB and doing "Help Week" and other pledge weeks they proved to their Big Sisters they were worthy of becoming

true Sorors to them. We the Sorors of Zeta Phi Beta Sorority, Inc. would like to congratulate these young ladies in their outstanding service, devotion, time and performance as pledges of Zeta Phi Beta Sorority, Inc. and we would like to welcome them into Zeta Phi Beta Sorority, Inc. as our Sorors.

SISTERLY LOVE,
Sorors of ZETA PHI BETA SORORITY, INC.

Sigma Corner

I know you've been looking at a football player with the mighty number of 63 and he's a middle line backer. To the pledges he's known as "Big Brother Football" but to us his name is Brother Talmadge Sharpe.

Talmadge Sharpe Jr., is a native of Houston, Texas. He's a junior majoring in Arch. Drafting. Sharpe, is the son of Mr. and Mrs. Talmadge Sharpe, Sr. He finished from E.L. Furr, Jr.-Sr. High School in Houston, Texas, in 1969. While at Furr, he participated in football and basketball, receiving letter in each. While at Furr, he made All-District, All-State, and was Honorable Mention, All-American, in Pittsburg Magazine Picks. But his biggest thrill was, being chosen for the Principle Service Award. When he's not playing football, he spends the rest of his time drawing layouts, along with other aspects of floor plans.

While here at Prairie View A&M, he's a member of the United Men's Congress, Junior Fellow in Buchanan Hall, and Capt. of the Prairie View A&M football team. He made the honor roll for the semester.

His hobbies are playing any type of sports. Last semester he played forward for Phi Beta Sigma. He likes to read mystery books. He also enjoys reading things from Confucius.

During his sophomore year, he was initiated into Phi Beta Sigma Fraternity, Incorporated.

Si, Phi Beta Sigma Fraternity, Incorporated, would like to salute Bro. Talmadge Sharpe Jr.

Bro. Michael Anthony Clayton

Kappa Bunnies

There are many things that go unnoticed on Prairie View's campus, but the KAPPA BUNNIES are definitely not one of those unnoticeable things. I'm sure you guys and gals have seen this group of cold out if site young ladies. They are the sisterhood to the coldest FRAT. on the yard KAPPA ALPHA PSI. They had sixteen Kappa Penns ti take their viws and walk the red carpet to become KAPPA BUNNIES, Thursday night, November 11, 1971.

The ceremony was graced with the Pledges parents, big sister and brothers. Debbie Osborne and Dianne Knotts the Dean of Pledges were right there watching over the Penns to make sure each one of them received their oath. The 28 active KAPPA BUNNIES were also there ti see their line of Penns

thankful; to be sure, for all the fruits of the earth we are to be genuinely thankful, but most of all we are to be thankful for Jesus, the author of all blessings, the Savior of man, our hope and only source of strength.

Alpha Phi Alpha

SWEETHEARTS OF ALPHA BAD, BOLD & BEAUTIFUL

Reporter, Donnie Young

The Sweethearts of Alpha Phi Alpha Fraternity, Eta Gamma Chapter, 1971-72, are beautiful Black ladies of poise and distinction. Reigning as Miss Alpha Phi Alpha for the academic school year of 1971-72 is Miss Jacqueline Howard. Miss Howard is a junior Elementary Education major from Galena Park, Texas. She is an honor student, a member of Kappa Delta Pi Honor Society, and holds the office of Anti-tamiochus of Alpha Kappa Alpha Sorority. Miss Howard's hobbies include dancing, listening to music, swimming and skating.

Miss Black is Miss Patricia Haden, who is a junior from Houston, Texas majoring in Elementary Education also. Miss Haden is an honor student, a member of the Junior Fel-

low Organization, and Assistant Philacker of Alpha Kappa Alpha Sorority. Miss Haden enjoys cooking, dancing, and listening to music.

Miss Linda Rice holds the title of Miss Gold. A junior from Houston also, Miss Rice is majoring in Home Economics. She is also an honor student. In addition to this, Miss Rice is a member of Kappa Omicron Phi Honor Society, a member of the American Home Economics Association, and a soror of Alpha Kappa Alpha Sorority. A very active lady, Miss Rice likes to go horseback riding or skating. She also sews, dances and cooks.

The men of Alpha render praises and congratulations unto these beauties who proudly wear the crown of Alpha.

Brother Orvin S. Roberson

It has been said that truly great men never became President because they constantly busy themselves with striving to do good deeds. There are, however, exceptions to the rule. A case in example is Orvin S. L. Roberson Jr., President of Alpha Phi Alpha Fraternity's Eta Gamma Chapter here at Prairie View. Bro. Roberson's worthiness to preside over the men of Alpha can be merited in his accomplishments, honors and distinctions.

Bro. Orvin S. L. Roberson Jr., born on December 6, 1948, is a senior Mechanical Engineering major from Palestine, Texas. He graduated as valedictorian of his class from

Story High School in Palestine. While attending Story High, Bro. Roberson was active in many extracurricular activities. Among them, he was President of Story High School's band, Vice-President of the National Honor Society, Vice-President of the Mathematics Club, and Secretary of the New Farmers of America.

Upon entering Prairie View, Bro. Roberson became the recipient of many awards and scholarships. He has been awarded the Greek Male Award for obtaining the highest average for two semesters, the Washington, D. C.-P.V. Alumni Award, 1967-68, the Army R.O.T.C. Bright Star Award, 1971, and the

Alphas Sponsor First All Greek Party

The first All-Greek Party at Prairie View A&M College was sponsored November 4, 1971 at the Newman Center following the Pan-Hellenic Council's

instantly become cold hearted KAPPA BUNNIES

Annual Homecoming Greek Sing-Song.

The Brothers of Eta Gamma Chapter of Alpha Phi Alpha Fraternity, Inc. in an attempt to promote goodwill, Fellowship and love among all Greek brothers and sisters sponsored the activities for the evening. The men of Alpha wish to Thank all Greek fraternities and sororities for their participation in the event and making the evening enjoyable as well as successful.

Achievement Week In Retrospect

Achievement Week was inaugurated at the ninth Grand Conclave in 1920 which met in Nashville, Tennessee. It was first called "Negro History and Literature Week" out of deference to Dr. Carter G. Woodson, an honorary member of the fraternity, whose address at the Nashville Conclave stimulated the Idea. The celebration was abolished by the Conclave in Washington in 1924, so there was no celebration in 1925. However, in December, 1925, at the Tuskegee Conclave the observance was revived as the "Negro Achievement Week project" to give an opportunity for presentation of important current achievements of the Negro, many of which may never find their way into the printed pages of history. This project has been and still is another effort of Omega to live and achieve in accordance with its four cardinal principles; Manhood, Scholarship, Perseverance, and Uplift.

The project has tried to develop manhood by inspiring race pride. It has attracted attention to the high scholarship of Omega Men and others in its literature, as well as, public programs. In sponsoring the Achievement Week Project, the Fraternity has tried to show how Negroes have persevered in spite of the handicaps; and, that to succeed, the Negro must continue to persevere. The whole motive behind the celebration has been uplift.

Thus, for 45 years the Achievement Week Programs have endeavored to remove any inferiority complex that may be impeding the progress of Negro masses, by having them realize that the Negro has nobly achieved: and must continue to do so.

In 1949 the name was changed to "National Achievement Week: in order that the scope of our observance would be broad enough to include the achievements of all people regardless of ethnic differences. We felt it was not democratic to limit our recognitions of achievement to Negroes only. Such is the present emphasis of the observance.

Florence Brown,

Outstanding Mechanical Engineering Senior Award 1970-71. In addition to his many awards, Bro. Roberson received recognition as the Superior Junior Cadet of the Army R.O.T.C. Brigade for the academic year of 1970-71.

The recipient of the Gulf Oil Honor Scholarship, 1970-71, and an Engineering Scholarship 1971-72, Bro. Roberson has maintained an accumulative grade point average of 3.8. He has made the Dean's List for six consecutive semesters and was recognized in Who's Who Among Students in American Colleges and Universities — 1970-71.

Economic and Geography Students Tour Houston

A group of students in the Department of Economics and Geography made a tour of the city of Houston on November 2, 1971. Numerous points of interest were viewed. These sites included the San Jacinto Monument and the Battleship of Texas. The group also had a guided tour of the Shell Oil Refinery and a boat ride ten miles down the Houston Ship Channel while viewing the main portion of the Port of Houston. Some other interesting sites viewed were the farms and livestock areas, various residential areas, Astro-dome, the Medical Center

and several hospitals, Herman Park and various other points of interest. Accompanying this group of

students was Mrs. Florida Yeldell who made arrangements for the field trip.

By: Ruby Gunner

Nursing Workshop Held at Houston Clinical Center

Six Houston leaders in the field of Nursing served as speakers and consultants in a workshop at the Houston Clinical Center of the Prairie View School of Nursing, 2720 Southwest Freeway, on Saturday, November 13.

Sponsored by the Prairie View Chapter of the Texas Student Nursing Association (TSNA), District VI,

the workshop centered around Psychology, Organization, Work, Education, Rehabilitation.

Mrs. Hope Sessions, director of Public Health, City of Houston, was the principal speaker. Others who served as buss sessions leaders were: Miss Betty Beaudry, Assistant Professor, Psychiatric and Mental Health Nursing, Texas Woman's University; Mrs. Katherine Burks, School Nurse Houston Independent School District; Mrs. Lois G. Moore, Director of Nursing Service, Ben Taub General Hospital; Mrs. La Donne Morris, Nursing Education, Veterans Administration Hospital, Houston, Texas; Mrs. Gladys Williams, Director of School Nursing, Houston Independent School District.

Newly established as the upper level (junior and senior years) of Prairie View's School of Nursing, the Houston Clinical Center provides better training for the students and opens new opportunities for minority high school graduates who wish to earn a baccalaureate degree in the field of nursing.

Currently the upper class students of the school have access for their practice training to the Veter-

Vaccinations For Elementary School Pupils Set

The Hempstead Young Women's Club is giving free vaccinations at the Hempstead Elementary School on November 23rd and December 14th from 1:00 p.m. to 7:00 p.m. according to Hempstead News.

Vaccinations will be given as follows: Polio, to all ages; DT, to 6 years of age and up; DPT, to 5 years of age and below; and Rubella and Rubeola, to 11 years of age and below.

Of the above diseases, Rubella and Rubeola may be the two that the public is most confused about. Both are dangerous diseases but Rubeola is the most dangerous of the two because it more often strikes pre-schoolers and may kill or leave the child with a lifelong brain damage, or deafness.

Rubella, commonly known as German measles, is not as dangerous as Rubeola if contracted by a child, but if contracted by

ans Administration Hospital, Jefferson Davis, Ben Taub, St. Luke and Texas Children. They also assist in the Houston Public School Health program and in the Harris County Health Agencies. More specifically, they take case studies at the Acres Homes Community Health Center and make regular home visits.

Thanksgiving Day is No Fad

There is a day that's coming up right now. Everyone knows what day it is, and oh how. There will be relatives and friends coming far and near. To celebrate the great day of Thanksgiving cheer. There will be turkey on the table for people to see. I hope there will be enough turkey for no one to plea. I guess everyone will be filled on this day. Because, if one doesn't the turkey must have gotten away.

Library Display to Feature Materials on Minority Groups

A unique collection of 296 paperback books, periodicals, records and filmstrips on minority groups in America, from 56 publishers and audiovisual producers, will be displayed on the second floor of W. R. Banks Library, at Prairie View A&M College, from November 29 through December 18.

The "Red, White, Black, Brown and Yellow: Minorities in America" Exhibit is sponsored by Prairie View A&M College, Department of Curriculum Development in Reading -- Division of Education, School of Arts and Sciences -- in cooperation with the Combined Paperback Exhibit of Briarcliff Manor, New York.

Reading Seminar Conducted

Mrs. Booker, Assistant Professor of Education at Prairie View A & M College, recently conducted a "Reading Seminar" at the Prairie View A & M College School of Nursing, Houston, Texas.

Lectures followed by demonstrations on use of the opaque projector, overhead projector, controlled reader, Tack-X machine, listening stations and reading kits were studied during the sessions.

Mrs. Booker, who is a reading specialist, holds graduate degrees from Prairie View A & M College and the University of Northern Colorado. She is a member of the International Reading Association, Greater Houston Area Reading Council, Texas Association of College Teachers, and other professional organizations.

Many of the books and audiovisual materials in the collection deal with the Negro in America -- from the time of slavery through the present -- including history, black and white relations and civil rights movement. There is a section on history and culture of other countries and also materials on American Indians, Spanish-speaking people, orientals, women and others. Sections on art, urban studies, education, biography, poetry and drama are also presented as well as fiction divided into adult and young adult groups and picture books.

These materials are being shown so they may be considered for education and library use as well as for personal libraries. Subject-arranged catalogs are available so visitors may mark their own copy for selections or recommendations. (Copies may also be obtained free from The Combined Paperback Exhibit, Scarborough Park, Albany Post Road, Briarcliff Manor, New York 10510.)

Press Club Sweetheart Named

Miss Francis White, sophomore Home Economics major, has been elected Miss Press Club for the year 1971-1972.

A native of Silsbee, Texas, Francis graduated in 1970, from Monroe High School in Portland, Oregon. In 1969, Francis was

elected Miss Rose Festival in Portland and was honored in the Rose Festival Parade.

Francis has unlimited talents. Being modest in her interview, she names her favorites as: sewing, art, modeling, and dancing. She is also Beauty and

Fashion Editor for the Panther Paper.

The Press Club is delighted to have an outstanding personality as Miss Francis White to represent them this school year. Francis, "we salute you!"

Dr. Wu Discusses China in "Letter to Chronicle"

There is no legal justification for creating Taiwan as an "independent" nation in order for it to get back in the United Nations, said Dr. Thomas D. Wu, Assistant Professor of Political Science Department, Prairie View A&M College.

In his letter to the Editor of the Houston Chronicle, Dr. Wu criticized columnist Roscoe Drummond's suggestions for creating an independent Taiwan and getting it back to the United Nations as Drummond believed that the Taiwanese people should have a right to "self-determination." Such suggestions, according to Dr. Wu, are inconsiderate and undesirable.

The following is Dr. Wu's letter which was published by the Houston Chronicle, November 10:

Columnist Roscoe Drummond's suggestions for "Getting Taiwan back in the U.N." Nov. 5, are inconsiderate and undesirable.

He wrote that "two things" were needed, the first "an internationally supervised plebiscite to determine whether 12 million indigenous Taiwanese want their country to become a part of the People's Republic or whether they want to be totally independent."

But how can a plebiscite be taken if the Nationalist government refuses to let it take place? There is no way to compel the Nationalist government, which possesses a million-man well-trained and well-

equipped military force, to comply with Drummond's suggestion except by using a much stronger international military force against it.

Obviously, such an international military force must come from the U.N. But the chief purpose of the U.N. is to maintain peace, not to start a war against a government which has been internationally recognized for its political stability and economic prosperity. Also, will the Communist government of China, now a permanent member of the Security Council, allow the U.N. to meddle in this matter which is a purely domestic question of China? Furthermore, the U.N. charter prohibits the

Cubs and Other Scouting Groups in Annual Parade

Den 3, Pack 141 Wolves and Bears Cub Scouts were featured along with other scouts in this year's homecoming Parade held last Saturday. The float that the Cubs rode was decorated with the Cub Scout colors blue and gold by the cubs with the help of their Den Mother, Ruby L. Bradford, Group worker, Miss Beverly A. McNeal, Group worker Adviser, Mrs. LaVern Hayes and Den Fathers, Mr. Jeffery Womack and Mr. Hubert Jackson. The following Cubs participated in the Activities: Louis Bradford, Jr.-Den Chief, Michael Sowell, Denner, Reginald Swift-Assistant Dener, Edwin Gorden, Edwardo Scott, Kevin James, Thomas Jackson, Bruce Davis, Bennie Jingle, Conard Hargest, and One Boy

Scout, Ronald Keith Bradford.

These anxious sweet little Cubs worked very hard in preparing the float and looked forward to participating in the activities. It was suggested by the group worker Miss McNeal to have Mr. and Miss Den along with a Miss Den Sweetheart to ride on the float with the cub Scouts.

It was agreed by all members. Elected to hold the position were Lynnwen B. Bradford — Mr. Den, Miss Charlotte D. Bradford — Miss Den and Stephanie Sowell — Cub Scout Sweetheart.

The car which pulled the float was driven by Mrs. Bradford, accompanied by Miss McNeal — Group worker.

PV Students Have The Vote

By Ed Wendt

Students at P.V. as well as all other colleges throughout the U.S. now have the RIGHT to VOTE in their college communities.

According to Texas law, all students enrolled in Texas colleges and universities who meet certain requirements laid down by that law can register and vote in all local, county, state, and federal elections in their college towns.

The general requirements for voting in a Texas county according to a law passed by the 62nd Legislature in March, 1971, provides that on the date of applying for registration one is a citizen of the U.S.A., within 30 days after applying for registration one will be 18 years of age or older and will have resided in the state of Texas for one year, and he has resided in the county 6 months and the city or town 6 months.

Therefore, Prairie View College students who have resided in the state for a period of one year, in Waller County for 6 months, and Prairie View for 6 months have the right to register and VOTE in Prairie View, Texas.

Students may apply for registration in Waller County by person at the Waller County Court House in Hempstead, by mail, or at a Campus Booth!

VOTING is a RIGHT... "College students," says one source, "are investing time, effort, and money in their colleges; therefore, it is their right to actively participate in the governments ruling them..."

Chemical Waste Waller Citizens Pass Petition on Dumping

By Barbara E. Ray

Several citizens in the northwest corner of the county are passing a petition to stop the chemical waste dumping at Sheridan Waste Disposal Service on the Brazos River.

Mr. Sheridan, owner of the dumping service, has neighbors that say that there are times when the simple breathing burns the nasal passages and eyes painfully. One rancher says that when he works cattle on land adjacent to the dump, he quite often gets sick. He said he had a farmhand working on a hay truck once that could only stack hay between vomitings.

The issue is not with Mr. Sheridan but with the Texas Water Quality Board. His neighbors feel that the TWQB has dragged its feet. They see little being done to correct the situation and are being left to the wind in the meantime. They think it is time for Waller County residents to be able to live in a clean county and let the ship channel industries and other similar industries worry about their own garbage.

What's New in Army ROTC?

Those in the know have seen a change in the Army ROTC Brigade. Drill, or Leadership Laboratory, as it is properly called has some added attractions. For instance, there's a Squad competition each Thursday. The members of the winning squad are treated to a steak dinner at KC's or Kelly's Steak House. Just before Homecoming, several cadets won \$5 each at a pre-Drill drawing. Those who read the latest "Campus Bits" saw how cadets assist the college off the Drill Field. You'll see more of the same sort of community support in the future.

Basic Corps Cadet! Don't forget — line up a

date for the Basic Corps Christmas Social, 9 December, 1971, in the Women's Gymnasium.

By press time, the tie of the century will have been broken. AROTC and N-ROTC are playing touch football 18 November in the Football Stadium.

As parting shots, Cadet Jimmy R. Taylor announces that the Association of the United States Army is now accepting memberships. This organization is open to anyone who is interested in the Army and in supporting it. Members receive a monthly magazine, group insurance and the "hot poop" on Army plans and operations.

Counter Guerilla Company Holds Initiation Ceremonies

Ten Pog's (pledgees of the Guerrillas) became full pledged members of the Hamilton-Fearing Counter Guerrilla Company (CB's) in a colorful ceremony in the Memorial Student Center Ballroom, 12 November 1971.

CPT Preston Parrott, Counter Guerrilla Company officer Advisor remarked that the end of pledging was in fact a beginning, a beginning of brotherhood and full participation. LTC Black congratulated the the pledgees who had passed the arduous tests for membership in Prairie View's Tactical Training Unit, then stressed leadership in academic and military disciplines. The PMS emphasized that those traits of scholarship, leadership, self-confidence and

physical conditioning which are taught by AROTC and re-emphasized by the Counter Guerrillas, are useful in both military and civilian life. Cadet Lt. Robert Harris then administered the CG Oath. The following young men received the black ribbon and black cord of the Counter Guerrilla Company: Robert Compton, Willie Harris, Thomas Jones, Ray Kirkpatrick, Robert Minifield, Donald Poole, Relies Rideaux, Roy Sware, Travis Winn and Zackary Winn. After the initiation the new CG's their older brothers and the AROTC cadre had refreshments and danced to the newest sounds under the swinging light of a strobe lamp.

Army ROTC Announces Tuition Assistance Programs

ARMY ROTC SCHOLARSHIPS

AROTC Scholarships pay tuition, educational fees, up to \$150 per semester for books and other educational materials. Scholarship recipients also receive a monthly stipend of \$50 and a travel allowance. Students who meet the below listed criteria should contact their Military Science Instructor for processing.

1. Listed below are the selection and eligibility requirements, and processing procedures for the 1, 2, and 3 year scholarship program.

a. Three-Year ROTC Scholarship Program

(1) Applications accepted: 15 January, 1 April 1972

(2) Announcement of Winners: 31 July 1972

(3) Eligibility

(a) Have completed at least 1 academic year of college, and not more than 2 years if enrolled in a 5-year baccalaureate degree program, at the time of enrollment as a scholarship cadet.

(b) Have completed at least one, but not more than 1 1/2 academic years of the ROTC Basic Course at the time the award be-

comes effective.

(c) In addition to requirements specified above, a cadet must meet eligibility requirements listed in Paragraph 3-46, AR 145-1.

b. Two-Year ROTC Scholarship Program

(1) Applications accepted: 1 October 1971-1 January 1972

(2) Announcement of winners: 1 April 1972

(3) Eligibility — Eligibility requirements are listed in Paragraph 3-47, AR 145 1.

c. One-Year ROTC Scholarship Program

(1) This schedule request for 1-year scholarships from qualified MS II cadets should be submitted prior to 15 July 1972.

(2) Selection Criteria

a) Cadets nominated and selected to receive Army ROTC scholarship will possess the same qualifications as those prescribed for distinguished military students. (Paragraph 6-11, AR 145-1)

(b) Selection of nominees will be based primarily on academic achievement, leadership potential, and demonstrated motivation toward an Army Career.

ROTC NEWS

Cadet Clarence White, Cadet of the Month For October

Results of Navy's 100 Miler Club

Navy men have chalked up the following miles as of November 15:

Midn 4/C McQuade, 85 miles run; Midn 3/C Ballas, 62; Midn 3/C L. Simmons, 48; Capt. Reed, 45; GYSGT Washington, 45; Midn 2/C Jones, 42; Midn 4/C Hooze, 28; Midn 1/C Chinn, 24; Midn 1/C Peterson, 22; Midn 2/C Francis 18; Midn 2/C Powell, 16; Midn 3/C Washington, 15; Midn 3/C Wheeler, 10;

Midn 3/C Foster, 9; Midn 4/C Edwards, 8; Midn 3/C Taylor, 6; LTJG Scott, 5; Midn 2/C Bennett, 5; Midn 3/C Lenox, 5; Midn 2/C Quinn, 5; Midn 1/C Williams, 5; Midn 1/C Wilson, 5; Midn 4/C Henson, 4.

WAC Program

The WAC Program is separated into two parts. Young ladies who are juniors in college may apply for the college junior program. During the summer those accepted will attend training at Fort McCellan, Alabama and at Fort Benning, Georgia. Travel and living expenses will be paid by the government. As a cadet corporal in the Women's Army Corps Enlisted Reserve you will receive \$323.40 per month. During your senior year you may apply for the Student Officer Program. In the Student Officer Program you will receive full medical, commissary and post exchange privileges. You will receive \$439.00 per month during your senior year. Six months before graduation, you apply for a commission as a Second Lieutenant, which you will receive after you graduate. Contact CPT Ralph Hamilton, AROTC, for further information.

Alcorn Whips PV, Shares SWAC Lead

Alcorn A&M moved into a tie for first place in the Southwestern Athletic Conference by beating the Prairie View Panthers, 33-13, here Saturday night.

The win gives Alcorn a 4-1 conference record, matching Grambling, which played a nonconference game this week. The See ALCORN, Page 8

Submarine Skipper Visits PV

Commander Robert T. MELOY, the Commanding Officer of the Nuclear Power Polaris Missile Submarine the USS WILL ROGERS, is shown as he talks to the NROTC Midshipman about the Navy's Propulsion program.

The Nuclear Propulsion program is one of the Navy's best. The basic requirements are a college degree and at least one year of college Physics and

Mathematics through integral Calculus. Persons selected for the program will attend twelve months of Nuclear Power School and those who are selected for Nuclear Submarines will have an additional five weeks of school. Students interested in the Nuclear Propulsion program, but are not presently in the NROTC Program can still apply as Officer Candidates after graduation.

BIRTHDAYS — Shown above are the NROTC Midshipmen with birthdays in the month of October, and Hostesses, enjoying a Natal cake provided by the NROTC Unit. PV-TSU Battle Thursday

Astrodome Is Sight of Finale

With one contest left under their belts the Prairie View Panthers will take this week off before taking on arch rival Texas Southern in the Dome Thanksgiving night.

Jim Hillyer, the Panthers head coach calls this week off a much needed one for the Panthers.

"The big thing that we can do is take care of our wounds," said Hillyer. "We have had quite a few key personnel out in our last three or four games and this week off will help us.

"We will go back to work on fundamentals and possibly make some personnel changes on offense and defense in preparation for our arch rival Texas Southern."

The Tigers can finish the regular season with a 7-2-1 record by winning the Prairie View match, which may be attractive enough to some of the small college bowls.

HILLYER's Panthers won't be going anywhere if they upset TSU, but a victory would turn a bad season into a good one. The PV team will bring a 3-6 record into the contest.

"I feel like we're pretty sound," Hillyer said. "We've had a tough schedule and I'm not ashamed to lose games to people like Tennessee State, Alcorn and Grambling."

The Tigers have also lost to Alcorn and Grambling, but pulled one of the biggest upsets in the sea-

son by defeating powerful Tennessee State earlier in the year. It's the only game that this nationally ranked team has lost this season.

PV SEASON SCORES

PV 14 — Angelo	21
PV 13 — Jackson	12
PV 21 — Southern	3
PV 7 — Grambling	30
PV 20 — Tennessee	42
PV 17 — Marines	18
PV 7 — MSV	37
PV 16 — TLC	7
PV 13 — Alcorn	33

Alcorn Wins

CONTINUED from Page 7
Mississippians now are 6-2 for the full season.

Prairie View's loss drops the Panthers to 2-3 in the league and 3-6 overall.

PV MOVES AGAINST TEXAS LUTHERANS — Big Wendall Jones leads Richard Gonzales on one of many good runs made in the Homecoming game. PV won 16-7.

Prairie View, Texas

Offensive Line Stood Out Homecoming

Here, on Homecoming Saturday afternoon, one of the largest crowds, to ever see a Panther football game at Blackshear Field witnessed the Panthers' 50th year in the Southwestern Athletic Conference and a 16-7 win over a stubborn Texas Lutheran Bulldog team.

Panther followers had heard of the Hardy Malvo-to John Moore pass combination, but they hadn't heard much about the men behind the Malvo-Moore success — the Panther offensive line.

Members of the Panther offensive line were the heroes in the Prairie View win over Texas Lutheran as the men up front led by offensive tackle Wendell Jones, center; Jerry Wallace, tackle; Ernie Jones, guards, Willie Kirkland, and Willie Davis, made running and passing more enjoyable for the Panther running backs and quarterback Malvo, with superb pass-blocking and at the same time opening holes for the Panther running backs.

Wendell Jones, a 6-3, 235 pound senior offensive tackle is one of the man-stay offensive linemen in the Southwestern Athletic Conference and his headon tactics with the enemy defensive line should earn him All-SWAC honors and post-season All-American laurels.

The Panthers win over Texas Lutheran was the first in the last four games.

The running of Jerry Jefferson, Richard Gonzales, Roy Davis, kicking of Randy McGraw (3 field goals) and the pass-catching combination of Malvo to Sammy Lee, C. L. Whittington, Louis Neal and John Moore, accounted for 461 yards total offense for the Panthers which is the most total yards for a Panther team since Jim Kearney-Otis Taylor era some seven years past.

Malvo, the Panther sophomore quarterback set a new PV Passing record with 343 yards passing. The old record of 318 in one game was set by three-time Panther All-American Charlie "Choo Choo" Brackins in 1954. Moore caught 6 of Malvo's aerials for 110 yards to increase his SWAC lead to 42 catches.

The Purple People Eaters (PV defensive team), played a good contest, as usual. The front-four of Dewey Rogers (hurt in first half), Leslie Hudson, Maurice Gindratt, Jessie Wolf, Enrie Reed, Gus Rich and Luther Gentry, slowed-down a running-minded TLC team to only 117 yards rushing (5 in the second half). TLC failed to cross the Panther 50-yard marker in the first half and the Purple Eaters' stand in the second half limited the Bulldogs to a mere 5-yard TD by air.

The Panther secondary of Hise Austin, Lester Morgan, Daniel Simmons.

Luther Hudson, and top reserve Sam Bradford, didn't give the Bulldogs too much in the air after their running game bogged-down. TLC had only 127 yards passing.
