# Living Information

## COLLEGE RESIDENCE HALLS

In the Summer Sessions, the college reserves seven residence halls for women students, six for men, and one for married couples. Special arrangements may be made for children whose parents are enrolled, if requested in advance by letter.

Reservations for housing in the college residence halls are now being accepted. Applications will be considered in the order in which they are received. If you are a married couple, please indicate by letter that you desire accommodations together.

---

**Special Reservations may be made by married students for room assignments together, if both Husband and Wife are enrolled.**

---

## HOUSING IN THE PRAIRIE VIEW AREA

A limited amount of housing for families is available in the Prairie View community and in nearby towns. However, the student must make his own arrangements with the householder for such accommodations. Students who can apply in person are generally more successful in locating housing facilities in the community than those who must rely on correspondence.

## DINING ROOMS AND CAFETERIAS

The facilities of the Dining Hall and the Snack Bar in the Recreation Hall are open to both men and women students. Meals may be obtained in these places, or in cafes and restaurants near the campus at very reasonable rates.

## COST OF LIVING

An estimate of the cost of living at Prairie View in the summer can be made by consulting the figures given on Page 13 of this Bulletin. In private homes rentals vary according to location.

# Academic Information

## UNDERGRADUATE PROGRAM

The college offers two undergraduate degrees, the Bachelor of Arts and the Bachelor of Science.

The Bachelor of Arts with teaching certificates may be taken in one of the following fields: Business Administration, Economics, English, History, Music, Political Science, and Sociology. The Bachelor of Science degree will be conferred upon all candidates who satisfy the general requirements for graduation and satisfactorily complete their major work in Agriculture, Biology, Chemistry, Education, Engineering, Home Economics, Industrial Education, Mathematics, Physical Education, and Physics.

**Admission:** All applicants for admission to the college must be high school graduates of good moral character and must pass a satisfactory physical examination administered by the school physicians.

All credit for admission must be filed and classified in the Registrar's Office before the student may attain academic status of any kind. Transcripts should be on file in the Registrar's Office before the registration date of the Summer Session.

At the request of the applicant, a blank for the purpose will be sent by the Registrar for the principal of the high school from which the application was granted.

**Accredited:** Prairie View Agricultural and Mechanical College is accredited by the Southern Association of Colleges and Secondary Schools, the American Association of Colleges for Teacher Education, the Association of Texas Colleges for Teacher Education, the Association of Texas Colleges, and the Texas Education Agency.

The teacher education program of the College has been approved by the Texas Education Agency. Students who complete the prescribed course of study in elementary education may receive the permanent Elementary Certificate, upon recommendation of the officials of the College. Majors in Agriculture, Biology, Business Administration, Chemistry, Economics, English, History, Home Economics, Industrial Education, Mathematics, Music, Physical Education, Physics, Social Science, and Sociology may qualify for a permanent high school certificate by completing the prescribed course of study in those fields.

### GRADUATE PROGRAM

The College offers the Master of Arts degree, the Master of Education degree, and the Master of Science degree.

Students who are registering for the first time for a graduate degree should file with the Dean of the Graduate School an application for admission together with a certified transcript of all college credits. Admission blanks may be obtained from the Graduate School Office.

**Time Requirement:** For students who attend only Summer Sessions, the Master's degree may be earned in 30 weeks of attendance in post and Summer Session.

**Course Load and Credit:** In each six-week term of the Summer Session the course load for credit applicable to a degree is six semester hours. Courses with numbers 500 or above carry graduate credit.

## The W. R. Banks Library

The W. R. Banks Library is in a modern building, centrally located on the campus. The library has many comfortable, well-lighted study areas. These are in the book stacks, reference rooms, reserve reading rooms, and the special collection room.

The library is ideal for study and research, being air-conditioned throughout. The library contains some 52,000 volumes, catalogued, approximately 600 periodical subscriptions, plus many governmental documents, pamphlets, reference materials, and audio-visual aids.

The library will be open the following hours during the Summer Session: Monday through Friday, 8:00 A.M. to 9:30 P.M.; Saturday, 8:00 A.M. to 5:00 P.M.; and Sunday from 2:00 P.M. to 5:00 P.M. Any exceptions to these hours will be posted in the library. There will be no services available on the top floor of the library Friday evenings, and on Saturday and Sunday afternoons.

### PREPARATION OF SCHOOL LIBRARIANS

To make it possible for in-service teachers and others to become fully qualified as school librarians as soon as possible and thus meet a growing demand for school librarians, the College has scheduled courses in library science for the two summer terms.

## Summer Session Activities

**Recreation:** Summer School study and summer school recreation go hand in hand. The recreation committee has provided a well-balanced program of artist course numbers and motion pictures to be held in the Auditorium-Gymnasium. A full recreation program will be available to summer school students.

**Sports:** A highlight of summer sports program is the competition between the various intramural teams. They compete for mythical titles in softball, tennis, and volleyball.

**Public Lectures:** Open lectures of general interest and educational value are given throughout the term affording an opportunity to hear persons of attainment in various fields of endeavor. These lectures are open to all members of the Summer School without additional fees.

**College Assembly:** On Thursday, June 6, at 11:00 A.M., there will be held in the Auditorium-Gymnasium an assembly which all members of the Summer School are urged to attend. The program will consist of musical numbers, a short address, and announcements.

**Religious Services:** Religious services are conducted in the Auditorium-Gymnasium throughout the Summer Session by clergymen of various religious denominations. These services will be held at 11:00 A.M. each Sunday, June 9 to August 18, inclusive.

**Travel Tour for Credit, 1957:** An educational tour of eastern United States will be conducted during the Second Term of the Summer Session. Undergraduate or graduate credit may be earned by making this tour. Historical points of interest such as New Orleans, Biloxi, Williamsburg, Jamestown, Richmond, Washington,

Philadelphia, New York, Boston, Niagara Falls, Detroit, Chicago, and many others will be visited on this tour.

For further details contact Dr. J. L. Brown, Director of Extramural Services, Prairie View A. & M. College, Prairie View, Texas.

## Conferences, Workshops, and Classes

### ANNUAL COACHING SCHOOL

This school is a special feature supplementing the regular course offerings in physical education, recreation, and athletics. Students regularly enrolled for the second term may attend the lectures without extra charge. Those who enroll for the coaching school only will pay a fee.

The personnel for the Coaching School will include visiting lectures in basketball, football, tennis, track, and athletic training.

For more detailed information, write to W. J. Nicks, Director of Athletics, Prairie View A. & M. College.

### CLINIC FOR BATON TWIRLERS AND CHEER LEADERS, July 14-19, 1957

This clinic is designed for students who wish to improve their skills as Baton Twirlers and/or Cheer Leaders and teachers whose duties are to instruct and train cheer leaders and baton twirlers. Persons may register for either one of the phases that meet their particular interest and need.

The clinic will have as instructors some of the finest Baton Twirlers and Cheer Leaders in the nation. Feature attractions will be **demonstrations, exhibitions and actual performance practice.**

For further information write: Dr. J. L. Brown, Director of Extramural Services, Prairie View A. & M. College, Prairie View, Texas.

### COOPERATIVE EDUCATIONAL WORKSHOP

The Cooperative Workshop, sponsored jointly with the Texas Tuberculosis Association, will convene June 3 through July 13, 1957, for six semester hours on the campus of Huston-Tillotson College in Austin, Texas.

The offerings of the 1957 workshop will deal with problems of health and special education common to teachers of elementary children.

### COSMETOLOGY INSTITUTE

The Cosmetology Institute is sponsored by the Division of Industrial Education from July 15 to August 2. This Institute will bring together some of the most outstanding cosmetologists of the State and Nation. Lectures and demonstrations will be conducted on "Cosmetic Chemistry," "Applied Psychology," "Business Management," "Personality," "Cosmetic Electricity," "Hair Styling," "Hair Coloring," etc.

This course will carry three semester hours of college credit.

### COUNSELORS' AND PERSONNEL WORKERS' CONFERENCE

The Conference scheduled for July 2, 1957 is sponsored by the Counseling Center and has as its purpose to aid persons in fields of Counseling and Guidance in keeping abreast with the new developments occurring in the area of Guidance. The topic this year is **Testing and the School Guidance Program.** In addition to the guest speaker, Dr. Marechal-Neil E. Young, principal, Mayer Sulzberger Junior High School, Philadelphia, Pennsylvania, other consultants will come from the Texas Education Agency and Science Research Associates.

## DRAMATICS WORKSHOP

The Dramatics Workshop, sponsored by the English Department of Prairie View A. & M. College, will be held on the campus during the first six weeks of regular summer school session.

It is designed to attract the in-service teachers who have had little or no special training, but who are responsible for producing plays given in their schools. It is also hoped that the Workshop will attract teachers who are responsible for preparing students for state Interscholastic League dramatic competition.

A total of six semester hours credit will be given to participants.

Students who participate in the Workshop will have the opportunity to assist and participate in at least one play to be given on the campus during the summer. Field trips, involving summer theatre productions and radio productions, are required.

## EDUCATIONAL TOUR: Prairie View Rides Again

In the summer of 1955, the dream of a Prairie View College Classroom-on-wheels became a reality when 35 in-service teachers and two college instructors set out on a 7,000 mile tour of Northeastern historical United States. The tour included twenty-two states and a portion of Canada.

The results of the first adventure of a classroom-on-wheels were so satisfying that another tour was sponsored in the summer of 1956. The scenic Northwest was traveled by 35 teachers and two college instructors, covering approximately 9,000 miles in 11 states, portions of Mexico and Canada. These tours attracted, not only the attention of native Texans, but others joined the groups from Louisiana, Oklahoma, Virginia and New York.

Today's teacher travels more than her predecessors. Doors are open for a wide variety of new experiences, new insights, and new knowledge that cannot be gained from textbooks or formal lectures. The teacher finds travel to be a wonderful tribute to her resourcefulness, spirit of adventure and her desire not to be provincial.

What about you? Have you forgotten the thrill in learning such facts, events, and places as: Longfellow's "Evangeline," the signing of the Louisiana Purchase, the "Battle Above the Clouds," Patrick Henry's famous speech, "Liberty or Death," the Jamestown Settlement, our National Capitol, "The Battle of Gettysburg," Independence Hall and Liberty Bell, Metropolitan New York, the "Old North Church," and Paul Revere's Ride, Peter Salem, Niagara Falls, and Ford Motor Plant? On the Northeastern Tour this summer, you will have the opportunity of seeing Longfellow's Evangeline country in St. Martinville, Louisiana, the Cabildo in New Orleans where the Louisiana Purchase was signed, Lookout Mountain and rambling through the nationally famous Rock City Garden, Chattanooga, Tennessee, St. John's Church, Richmond, Virginia, and actually sit in Patrick Henry's pew, the preserved Colonial Capitol at Williamsburg, Virginia, your Government at work in Washington, D. C., New York City from a sightseeing bus as well as from a cruiser sailing around Manhattan Island, the United Nations Building, Boston and all of its history, magnetic beauty of Niagara Falls, and the Ford Motor Plant, exposing its visitors to the complete process of the manufacturing of its cars.

Participants of these tours listed the following benefits:

1. Gained a better understanding of the country or area visited.

2. Gained a greater respect for persons of others, their cultures and backgrounds.
3. Gained a greater appreciation of the United States.
4. Gained rich experiences that were shared with co-workers and community groups.
5. Learned facts and collected materials which were useful in classroom teaching.

"All this and credit, too." If interested in how Prairie View Agricultural and Mechanical College operates the Summer Education Tour with credit, write:

#### NUTRITION WORKSHOP

The purpose of the course or program is to afford those who enroll an opportunity to discuss current problems pertaining to nutrition in daily living with the idea of formulating practical units of work or a project to be initiated in each individual situation or community. A variety of available materials, methods and facilities shall be used to bring to the enrollee's attention existing nutritional problems as well as those which may be encountered. Some suggestions to solution of the problems may be offered. Course offered first six weeks—June 3 through July 13. Three hours of credit may be earned in undergraduate and graduate levels.

#### WORKSHOP FOR SCIENCE TEACHERS (June 3 — July 13)

The Workshop for Science Teachers is designed—

- 1) to acquaint teachers with the new developments in the natural sciences
- 2) to review and enlarge upon the basic scientific principles in the fields of biology, chemistry, and physics
- 3) to introduce new laboratory and teaching methods

The regular Science staff will be supplemented by outstanding consultants from governmental services, public schools, colleges and industry.

#### INSTITUTE OF HEALTH AND SANITATION

A one-week, June 11-15, Institute on environmental sanitation offered as a part of the Training Laboratory in Health Education or can be taken separately. Sponsored jointly by the College and the Texas State Department of Health. One semester hour credit.

#### MATHEMATICS INSTITUTE

The Mathematics Institute, June 3 through June 14, under the sponsorship of the Department of Mathematics, will bring together teachers and prospective teachers of mathematics for the purpose of studying, analyzing and discussing how to implement "The Use of Modern Mathematics in Our High Schools." Opportunities for work on an individual problem under the direction and guidance of visiting consultants and members of the department will be encouraged. All of the activities of the Institute will be channeled in the direction of enhancing the pedagogy of mathematics in the public schools of Texas.

This course will carry three semester hours credit.

## EIGHTH ANNUAL READING CONFERENCE

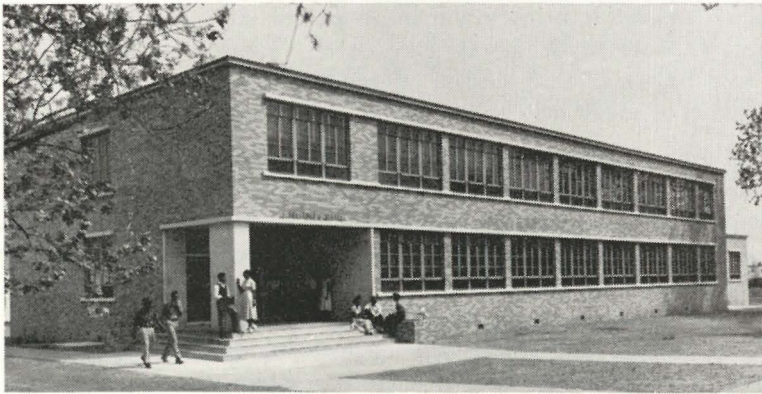

The Eighth Annual Reading Conference sponsored by the Department of Education, Prairie View Agricultural and Mechanical College, will be held August 12-13, 1957. The Conference this year will emphasize the changing purposes in reading, and will have two nationally prominent authorities in the field of Reading to serve as main speakers and consultants.

## WORK CONFERENCE ON COMMUNITY HEALTH, June 24-28

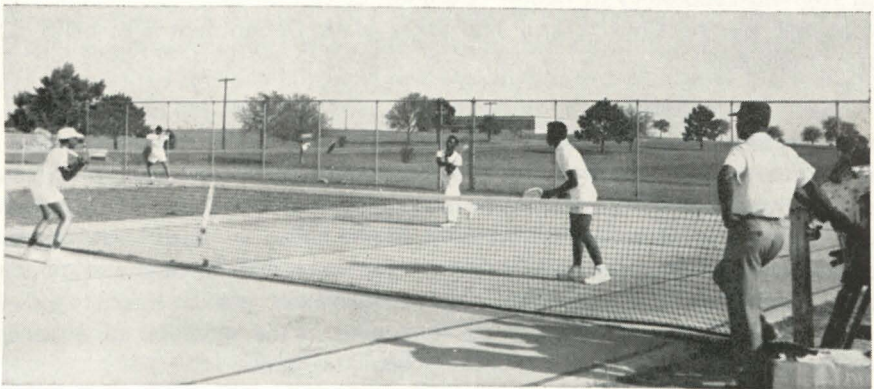

Improvement of health in the local community through group action will be the topic for discussion groups in a five-day work conference planned for June 24-28. The State Department of Health will cooperate in sponsoring this program for administrators, teachers, nurses, and other community leaders. Problems of mental health, recreation and other health services will be emphasized. Resources of the community will be used.

## WORKSHOP IN HOME ECONOMICS EDUCATION FOR CLASSROOM TEACHERS, June 10-28.

Attention given to special problems facing high school teachers of home and family living—using the conference, period, home experiences and other methods of instruction.

**Gibb Gilchrist Engineering Building**

## Veterans' Eligibility

Veteran students, both undergraduate and graduate, returning for the Summer Session after being employed as a teacher during the regular 1956-57 school year, must present at registration a statement signed by a representative of their school system verifying employment. Enrollment will not be approved by the V. A. unless this letter of certification is submitted.

Veterans previously enrolled at another place of training under public Law 346 must present, in addition to this letter of certification, a Form 1953, Supplemental Certificate of Eligibility.

If there is any doubt as to status as a veteran student, inquiry should be made to the nearest Veterans Administration office or to Mr. James P. Brown, Veterans Counselor, Prairie View A. & M. College.

If eligibility matters are determined before registration, both the registration and allotments will be expedited.

Korean veterans planning to attend school under the provisions of the Korean G. I. Bill must secure their own authorizations from the Veterans Administration and come prepared to pay their own fees. After securing authorization the veteran must pay his fees, register and then call by the campus Office of Veteran's Affairs to have his enrollment certification papers prepared and forwarded to V.A. Office.

# Schedule of Classes

## IMPORTANT INSTRUCTIONS FOR BOTH TERMS

### **Announcements:**

In this publication the College presents a detailed schedule of classes for the summer terms of 1957. No revision of this schedule are contemplated, but if they should become necessary, the College reserves the right to make them. The scheduled classes will be offered if enrollment justifies.

Students are held responsible for familiarizing themselves with the College regulations as set forth in this and other publications of the College. All classes meet daily unless otherwise specified.

### **Registration:**

Registration is completed when all fees have been paid, all registration forms executed and turned in to the Registrar's office, and class cards for each course in which the students registered have been turned in to the teachers of those courses.

### **Change of Program:**

Those students who desire to change their programs may secure the cards for this purpose from the Registrar's Office. Approval for change of program must be secured from the student's adviser, head of department, or dean. When the change of program is approved, the student is given an add or drop slip to give to the respective teachers to add or delete his name from the class roster. In case the dean or department head divides or changes a class, it will not be necessary for the students to obtain change of program cards. A list of names of the students changed from one class to another should be given to the Registrar showing the following information: Course and number, section, name of teacher, time and place of meeting of class transferred from and transferred to.

### **Candidates for Graduation:**

Prospective candidates for graduation during the summer session must make formal application to the Registrar for the degree sought at the time of registration. Blanks for this purpose will be furnished by the Registrar upon request. Every student must spend at least one full academic year (36 weeks) prior to graduation and actual residence on the Prairie View Agricultural and Mechanical College campus.

**SPECIAL NOTE.**—Those students who enrolled in undergraduate courses prior to September 1, 1951 and have not completed all requirements for their degree must qualify for graduation according to the plan and standards as set forth in the catalogue for 1951-52.

### **Extra Loads:**

A full load is six semester hours. No one will be permitted to earn more than six semester hours credit either term.
