RE: Charles McCowin
East Liberty High School
Shelbyville, Texas

F. Williams
Charles McCowin

Dear Mr. Yancy:

Last basketball season (1966-67) we protested the eligibility of two players on the Concord High School team, Mt. Enterprise, Texas on the basis of their having played district ball while in the eighth grade. Our protest was disallowed with the explanation that the protested players should have been penalized in the eighth grade. Our decision to register the protest at that time was influenced by a decision made in the attached protest by Mr. Roger Williams in 1963-64 who was at the time coach as well as principal of Sunset High School Beckville, Texas, a district member. Mr. Williams' protest concerned a player who is a senior this year (1967-68) at the school mentioned in his protest. The school is yet a member of our district.

Now, Mr. Williams' protest was disallowed then by the district executive committee who ruled that this player (Charles McCowin) would be ineligible in his senior year. He is now a senior at that school.

We feel that the player is ineligible this year on the strength of the previous district executive committee ruling and in as much as he was protested in the eighth grade.

Mr. Williams is available for verification of these data.

Yours truly,

Perry Sampson

January 19, 1965

Mr. J. A. Alexander
Director of District 15 and
District Executive Committee

Dear Sirs:

This letter is brought to your attention with respect to an ineligible player on East Liberty High School's team. This ineligible player entered a district ball game played at Center, Texas January 14, 1965, after the game was tied and went into two extra periods at which time player Katcliff No. 21 fouled out; and, evidently, this alleged player, the most versatile player on the bench, was sent in as a substitute for Katcliff who had fouled out of the game.

Gentlemen, this seems to have been a premeditated act on the part of the school because of the fact this player was entered on the playing roster of regular players and wasn't on the eligibility roster sent to the district director's office or state office. Sirs, at that time this alleged player was enrolled in the elementary school of East Liberty during the school year 1963-64.

Sirs, according to a newsletter dated October 9, 1963, and sent out by Mr. G. J. Thomas, State Director, I quote sentence 3 paragraph five "No eight grade pupil is eligible. It is a high school contest"

Gentlemen, the basketball plan rules and regulation page 86 item 21 specifically states the condition under which an individual may make a protest. Upon these grounds I make an appeal to you for your consideration. Page 83 item (a) state your responsibilities in correcting these evils. Page 84 item (8) states what can be done to the district with reference to the use of an ineligible player in any game. Item 15 page 85, along with sentence (4) paragraph (c) page 84, gives the answer to our problem.

Sirs, upon these bases I bring my protest to you against East Liberty High School for immediate action; that is, on or before January 26, 1965, in order that there will be plenty of time for

a play off and state certification before February 18-19-20, which
is our state meet.

Very truly yours,

Dear Dean O'Banion:

I have enclosed an application, transcript release and return envelope for your acquaintance in Galveston. When he has completed and returned the enclosures, we will be pleased to explore possibilities for summer employment in a non-professional area.

Since there was a misunderstanding regarding the interviewing of those students who will have completed their junior year this June, I have enclosed additional applications and transcript releases for you to transmit to them. As we discussed, our professional summer jobs are few in number. However, we are always pleased to consider students who have the recommendation of their department head.

In the future, I think that it will be to the advantage of summer candidates from your department to arrange through Mr. Yancy's office to interview with our recruiting team when they are at Prairie View.

I enjoyed our brief meeting in Dallas and look forward to working with you in the future.

Dear Mr. Yancy:

I am pleased to report to you that Stelton Michell, whom I met in your office and who was good enough to escort me to my interview location, has sent in his application for IVS service. In fact, I believe we have already received back some responses from the Prairie View staff members he listed as references. I was well-impressed by Michell, and I hope he checks out well.

As you know, I have also written Dean Smith to ask the first name of the agriculture senior, surname Currington, to whom you introduced me, so that I may send him an application. If you have Currington's name and address, I would appreciate receiving it.

I would also like to ask for another item of information. You may recall that Dr. Evans also mentioned a young fellow, named George, who participated in an AID summer intern program in Vietnam. I understood Dr. Evans to say that George had returned to Vietnam as a direct-hire of AID employee. Could you do some sleuthing and let me know his full name. I believe that knowledge that another Prairie View graduate is presently serving in Vietnam would be of encouragement to today's students.

You are probably aware of the tragic events which have overtaken matters in Vietnam over the past two weeks. They are serious enough to leave the future of the IVS team there open to question. However, we hope to be able to carry on, even with reduced numbers if necessary. Fortunately, we have sustained no serious casualties, although we are very anxious over the welfare of 5 IVS members who are unreported at this writing.

Good wishes to you in your work. I look forward to having from you the names of the two people I have referred to, although I expect I shall hear from Dean Smith in the meantime, unless he is away from campus at the moment.

Dear Sir:

It was brought to our attention two weeks ago that a boy we had on our eligibility lists in both basketball, football and track, birthday was listed incorrect.

However, this error would not have made this student eneligible for participation this year, but it would have endangered his participation next year. The boy in question is Dennis Spikes. His birthday is listed as 8-10-49 on your records. We are sending you a copy of his original birth certificate which states that he was born 9-10-49.

We regret very much that we made this error and that you will accept our apologies. We hope in the future this will not occur again.

Any further information needed call us collect at the school.

Respectfully yours,
