ADVANTAGES AND OPPORTUNITIES OF THE SUMMER SCHOOL

The Prairie View Summer School provides opportunity for study to meet the needs of undergraduate and graduate degree candidates at Prairie View or elsewhere, of teachers, and of other persons for whom summer study will contribute toward educational goals.

Recent high school graduates who desire to anticipate their entrance into college in the Fall Semester by taking college level courses are furnished a variety of BASIC COURSES FROM WHICH TO MAKE a selection. In addition to the advantage gained in terms of credit earned, such students are likely to experience a more favorable environment in which to make the transition from high school to college than during a regular academic college term.

LIVING INFORMATION

COLLEGE RESIDENCE HALLS

In the Summer Sessions, the College reserves seven residence halls for women students, six for men, and one for married couples. Special arrangements may be made for children whose parents are enrolled, if requested in advance by letter.

Reservations for housing in the College residence halls are now being accepted. Applications will be considered in the order in which they are received. If you are a married couple, please indicate by letter that you desire accommodations together.

Special Reservations may be made by married students for room assignments together, if both Husband and Wife are enrolled.

HOUSING IN THE PRAIRIE VIEW AREA

A limited amount of housing for families is available in the Prairie View community and in nearby towns. However, the student must make his own arrangements with the householder for such accommodations. Students who can apply in person are generally more successful in locating housing facilities in the community than those who must rely on correspondence.

DINING HALL ROOMS AND CAFETERIAS

An estimate of the cost of living at Prairie View in the summer can be made by consulting the figures given on the Fees and Expenses page of this Bulletin. In private homes rentals vary according to location.

ACADEMIC INFORMATION

UNDERGRADUATE PROGRAM

The College offers two undergraduate degrees, the Bachelor of Arts and the Bachelor of Science.

The Bachelor of Arts with teaching certificates may be taken in one of the following fields: Business Administration, Economics, English, History, Music, Political Science, and Sociology. The Bachelor of Science degree will be conferred upon all candidates who satisfy the general requirements for graduation and satisfactorily complete their work in Agriculture, Biology, Chemistry, Education, Engineering, Home Economics, Industrial Education, Mathematics, Physical Education, and Physics.

Admission: All applicants for admission to the College must be high school graduates of good moral character and must pass satisfactorily a physical examination administered by their family physician.

All credit for admission must be filed and classified in the Registrar's Office before the student may attain academic status of any kind. Transcripts should be on file in the Registrar's Office before the registration date of the Summer Session. At the request of the applicant, a blank for the purpose will be sent by the Registrar for the principal of the high school from which the applicant was graduated.

Accredited: Prairie View Agricultural and Mechanical College is accredited by the Southern Association of Colleges and Secondary Schools, the American Association of Colleges for Teacher Education, the Association of Texas Colleges for Teacher Education, the Association of Texas Colleges, and the Texas Education Agency.

The teacher education program of the College has been approved by the Texas Education Agency, and the National Council for Accreditation of Teacher Education. Students who complete the prescribed course of study in Elementary Education may receive the permanent Elementary Certificate, upon recommendation of the officials of the College. Majors in Agriculture, Biology, Business Administration, Chemistry, Economics, English, History, Home Economics, Industrial Education, Mathematics, Music, Physical Education, Physics, Social Sciences, and Sociology may qualify for a permanent high school certificate by completing the prescribed course of study in those fields.

GRADUATE PROGRAM

The College offers the Master of Arts degree, the Master of Education degree, and the Master of Science degree.

Students who are registering for the first time for a graduate degree should file with the Graduate School an application for admission together with a certified transcript of all college credits. Admission blanks may be obtained from the Graduate School Office.

Time Requirement: For students who attend only Summer Sessions, the Master's degree may be earned in 30 weeks of attendance in post and Summer Session.

Course Load and Credit: In each six-week term of the Summer Session the course load for credit applicable to a degree is six semester hours. Courses with numbers 500 or above carry graduate credit.

NOTICE TO CANDIDATES FOR THE MASTER'S DEGREE

Theses and Essays, submitted in partial fulfillment of the requirements for the Masters degree are due in the Office of the Chairman of the Committee on Graduate Study not later than three weeks prior to the date on which the degree is to be conferred. Candidates for graduation in August, 1962 must submit their theses or Essays not later than August 1, 1962.

Each Candidate for a Master's Degree is required to take a comprehensive final examination after the other requirements for the degree have been completed. This examination may be given near the end of the candidate's last Term of residence while he is still taking courses for the degree, provided he is making satisfactory progress in those courses.

Time Limit for Graduate Credit: No graduate credit earned more than six years before the completion of the Master's degree will be counted toward the degree. Graduate credit earned prior to September 1, 1956 is no longer valid as credit toward the Master's degree. However, as much as six semester hours credit earned during the period from September 1, 1955 to September 1, 1956 may be revalidated by examination, if the student will complete the requirements for the degree before September 1, 1962.

THE W. R. BANKS LIBRARY

The W. R. Banks Library is in a modern building, centrally located on the campus. The library has many comfortable, well-lighted study areas. These consist of the books stack, reference room, reserves reading room, special collection room, periodicals reading room, and the reading lounge.

The library is ideal for doing study and research, being air-conditioned throughout. The library contains some 64,000 catalogued volumes, 685 periodical subscriptions, plus many governmental documents, pamphlets, reference materials, and audio-visual aids.

The library will be open the following hours during the Summer Session: Monday through Friday, 8:00 A.M. to 9:30 P.M.; Saturday, 8:00 A.M. to 5:00 P.M.; and Sunday from 2:00 P.M. to 5:00 P.M. Any exceptions to these hours will be posted in the library. There will be no services available on the top floor of the library, and in the basement of the library, Friday evenings, and on Saturday and Sunday afternoons.

PREPARATION OF SCHOOL LIBRARIANS

To make it possible for in-service teachers and others to become fully qualified as school librarians as soon as possible and thus meet a growing demand for school librarians, the College has scheduled courses in library science for the two summer terms.

SUMMER SCHOOL ACTIVITIES

Recreation: Summer School study and summer school recreation go hand in hand. The recreation committee has provided a well-balanced program of cultural attractions and motion pictures to be held in the Auditorium-Gymnasium. A full recreation program will be available to the summer school students and their children.

Sports: A highlight of summer sports program is the competition between the various intramural teams. They compete for mythical titles in softball, tennis, and volleyball.

Public Lectures: Open lectures of general interest and educational value are given throughout the term affording an opportunity to hear persons of attainment in various fields of endeavor. These lectures are open to all members of the Summer School without additional fees.

Religious Services: Religious services are conducted in the Auditorium-Gymnasium throughout the Summer Session by clergymen of various religious denominations. These services will be held at 11:00 A.M. each Sunday, June 10 to August 19, inclusive.

College Assembly: On Thursday, June 14, at 11:00 A.M., there will be held in the Auditorium-Gymnasium an assembly which all members of the Summer School are urged to attend. The program will consist of musical numbers, a short address, and announcements.

WORKSHOPS AND SPECIAL COURSES

30TH ANNUAL COACHING SCHOOL — June 27-29, 1962

This school is a special feature supplementing the regular course offerings in physical education, recreation, and athletics. Students regularly enrolled for a second term may attend the lectures without extra charge. Those who enroll for the coaching school only will pay a fee.

The personnel for the Coaching School will include visiting lecturers in basketball, football, tennis, track and athletic training.

For more detailed information, write to W. J. Nicks, Director of Athletics, Prairie View A. and M. College, Prairie View, Texas.

CHORAL - PIANO WORKSHOP, June 11-15, 1952

This workshop has been designed not only to help teachers of Piano or Choral Music meet the basic requirements of musicianship, but also to help them attain the artistry of performance that is so much in demand and so seldom achieved.

During the week there will be a comprehensive display of piano and choral music as well as standard teaching materials. Recitals will be presented each night. Those who desire may receive one semester hour of academic credit for attendance.

Additional information may be obtained by writing directly to: Mr. C. S. Garrett, Department of Music, Prairie View A. and M. College, Prairie View, Texas.

CLINIC FOR CHEERLEADERS, BATON TWIRLERS AND MAJORETTES

July 15-20, 1962

This clinic is designed for students who wish to improve their skills as baton twirlers, cheerleaders, majorettes and teachers whose duties are to instruct and train baton twirlers, cheerleaders and majorettes. Persons may register for either one of these areas that meets their particular interest and need. The clinic will have as instructors some of the finest baton twirlers, cheerleaders and majorettes in the nation. Feature attractions will be demonstrations, exhibitions and actual performance practice. For further information, write Dr. J. L. Brown, Director of Extramural Services, Prairie View Agricultural and Mechanical College, Prairie View, Texas.

COOPERATIVE EDUCATIONAL WORKSHOP, June 11 - July 10, 1962

The Cooperative Educational Workshop, sponsored jointly with the Texas Tuberculosis Association, will convene on the campus of Huston-Tillotson College in Austin, Texas. Each participant can earn six semester hours of graduate credit. Courses to be offered will concern problems in health common to many classroom teachers. An outstanding staff has been selected to teach these courses.

REGIONAL TRAINING PROGRAM FOR EXTENSION WORKERS, June 4-23, 1962

The thirteenth annual Conference, sponsored by the Department of Education, June 4-23, 1962. This program is designed to give Extension Workers a type of graduate training that will enable them to further increase their effectiveness in serving farm families, improve professional standing, and enjoy a fruitful exchange of meaningful experiences with fellow Extension Workers from across the South. A well-equipped school of agriculture and a state-supported agricultural experiment station provide the setting for the thirteenth annual Regional Training Program.

Courses for which there is the greatest demand have been scheduled. They are to be taught by an able staff of instructors from the U. S. Department of Agriculture and a number of outstanding colleges and universities.

For further information, Please write: Dr. J. L. Brown, Director of Extramural Services, Prairie View A. and M. College, Prairie View, Texas.

RESEARCH PARTICIPATION PROGRAM

TEACHERS OF HIGH SCHOOL BIOLOGY AND CHEMISTRY

June 4 - August 25, 1962

The main purpose of this program is to provide research experience for high school teachers in the biological and physical sciences.

The primary criterion for selection will be the capacity of the applicant to develop as a teacher and to profit professionally from the program. Preference will be given those with a Masters degree in the field of science (biology or chemistry) and to those with the highest scholastic ability and the greatest potential to profit from research participation.

Application forms may be obtained from:

DR. E. E. O'BANION, Director
Prairie View A. and M. College
Prairie View, Texas

SUMMER PROGRAM FOR TALENTED HIGH SCHOOL STUDENTS

June 10 - July 20, 1962

This program is designed to enrich the educational experiences the students have already had, and to provide challenging opportunities beyond those usually available in regular high school science courses.

Nominations and applications will be made according to the procedures outlined by the Texas Education Agency.

For detailed information, write:

DR. E. E. O'BANION
Prairie View A. and M. College
Prairie View, Texas

WORKSHOP FOR THE IMPROVEMENT OF PROGRAMS OF STUDENT TEACHING, June 25 - July 13, 1962

This workshop has been proposed as a cooperative effort to assist principals and teachers toward greater competence and effectiveness in the preparation and supervision of student teachers. This effort is in keeping with a professional interest on the part of the college preparing prospective teachers and cooperating public schools where they are employed in providing effective pre-service experiences.

It has been proposed that participants in this workshop would represent key personnel in selected cooperating elementary and high school student teaching centers, i.e. the principal or his representative and one teacher from each school.

Participants are to be selected on the basis of recommendations obtained and additional data to support one's eligibility as provided through each prospective applicant obtaining and making a formal application.

Inquiries relative to this workshop or application forms should be directed to Dr. J. W. Echols, Head, Department of Education, Prairie View A. and M. College, Prairie View, Texas.

Three (3) Semester Hours Credit.

WORKSHOP IN LANGUAGE ARTS WITH EMPHASIS ON READING INSTRUCTION ON THE ELEMENTARY LEVEL

July 16 - August 3, 1962

Workshop experiences are to include lectures, demonstrations, observations of teaching procedures and an opportunity to work on instructional problems as related to specific teaching situations.

Workshop experiences are planned to be appropriate for elementary school administrators, supervisors and teachers of primary, intermediate and upper elementary grades.

Participants are to be selected through having made formal applications accompanied by special recommendation of principal and/or superintendent. All applications must be received on or before May 31, 1962.

Additional information relative to this workshop and applications may be obtained from Dr. J. W. Echols, Head, Department of Education, Prairie View A. and M. College, Prairie View, Texas.

Three (3) Semester Hours Credit.

* * * *

A one-day reading conference on August 2, 1962 has been planned as a culminating activity for the workshop on Reading. Featured activities for this phase of the workshop will include an orderly presentation of the highlights of the workshop and professional discussions on certain vital problems associated with improving reading instruction.

COSMETOLOGY INSTITUTE, June 25 to July 13, 1962

The Cosmetology Institute is exclusively for professional cosmetologists, licensed operators, cosmetology instructors, school owners, etc. The institute is organized into

three distinct units. A student may enroll in any one or all of the units. The instructional units are scheduled as follows:

Unit I June 25 to June 29

Unit II July 3 to July 6

Unit III July 9 to July 13

Lectures and demonstrations will be conducted on "Cosmetic Chemistry," "Business Management," "Hair Styling," "Hair Coloring," "Comb Curling," "Charm and Personality," etc. An opportunity to see the latest equipment and products in the area of cosmetology will be available during the Annual Cosmetology Trade Show which will take place on June 26, 1962. Three semester hours of credit is available to qualified participants.

AUTO MECHANICS WORKSHOP

The Auto Mechanics Workshop is exclusively for persons engaged in the practice of auto mechanic service work: i.e garage mechanics, service station attendants and operators, auto mechanics students, auto mechanics teachers and any other persons seriously interested in auto mechanics. The Workshop is organized into several instructional units to cover specialized areas in the auto mechanics field. Persons interested in attending the Workshop may enroll in any one, any combination or all of the instructional units. The instructional units are scheduled as follows:

Section I	Carburetors and Fuel Systems	June 11-15
Section II	Automatic Transmissions	June 18-22
Section III	Diagnosis and Tune-up	June 25-29
Section IV	Small Business Management	July 2-6
Section V	Electrical System	July 9-13
Section VI	Brakes and Front-end Service	July 23-27
Section VII	Diesel Fuel Injection	July 30-August 3
Section VIII	Passenger Car Automobile Air-Conditioning	Aug. 6-10
Section IX	Engine Rebuilding	August 13-17

Lectures and demonstrations will be conducted by factory representatives using the latest test equipment and teaching aids. Participants will be allowed to actually make diagnosis, tests, and repairs and have the assistance of factory consultants. Latest products and equipment will be available for use by the Workshop participants. A certificate of proficiency will be awarded to each participant completing each unit of instruction. College credit is available to qualified participants.

VETERANS' ELIGIBILITY

Veteran students, both undergraduate and graduate, returning for the Summer Session after being employed as a teacher during the regular 1961-62 school year, must present at registration a statement signed by a representative of their school system verifying employment. Enrollment will not be approved by the V. A. unless this letter of certification is submitted.

Veterans previously enrolled at another place of training under Public Law 346 must present (in addition to this letter of certification, a Form 1953, Supplemental Certificate of Eligibility).

If there is any doubt as to status as a veteran student, inquiry should be made to the nearest Veterans Administration office or to Mr. James P. Brown, Veterans Counselor, Prairie View A. and M. College.

If eligibility matters are determined before registration, both the registration and allotments will be expedited.

SCHEDULE OF CLASSES

IMPORTANT INSTRUCTIONS FOR BOTH TERMS

Announcements:

This preliminary announcement provides general information on the College's Summer Session for 1962. Some changes may have to be made before the classes begin. Therefore, the College reserves the right to withdraw, add, or alter courses and to change instructors as it deems necessary.

The scholastic standards of the academic year are maintained. All courses are taught by the regular faculty supplemented by visiting professors from other educational institutions.

The Summer Session consists of two six-week terms, beginning June 4 and ending August 25.

NOTE.—Under no conditions will final examinations be given early. Therefore, students who will be unable to complete either six-week term should not enroll for credit in the regular classes of the Term.

Registration:

Registration is completed when all fees have been paid, all registration forms executed and turned in to the Registrar's Office, and class cards for each course in which the students registered have been turned in to the teachers of those courses.

Change of Program:

Those students who desire to change their programs may secure the cards for this purpose from the Registrar's Office. Approval for change of program must be secured from the student's adviser, head of department, or dean. When the change of program is approved, the student is given an add or drop slip to give to the respective teachers to add or delete his name from the class roster. In case the dean or department head divides or changes a class, it will be necessary for the students to obtain change of program cards. A list of names of the students changed from one class to another should be given to the Registrar showing the following information: Course and number, section, name of teacher, time and place of meeting of class transferred from and transferred to.

Candidates for Graduation:

Prospective candidates for graduation during the summer session must make formal application to the Registrar for the degree sought at the time of registration. Blanks for this purpose will be furnished by the Registrar upon request. Every student must spend at least one full academic year (36 weeks) prior to graduation in actual residence on the Prairie View Agricultural and Mechanical College campus.

SPECIAL NOTE.—Those students who enrolled in undergraduate courses prior to September 1, 1956 and have not completed all requirements for their degree must qualify for graduation according to the plan and standards as set forth in the catalogue for 1956-57.

Extra Loads:

A full load is six semester hours. No one will be permitted to earn more than six semester hours credit either term.
