The Director of debate at Manor High School discussed a complaint with me about her debating team. She felt the judges were not fair and did not know what they were doing. However she did not protest before the Contest and she knew all the judges before the Contest. We have used them for several years. I am sending my report in according to the judges' decision if there is something different to be done I do not know what to say or do. If it is necessary for the papers she wanted to come to your office call me collect and I will mail them.

Dear Sir:

We are terribly sorry about the late check for the state dues for the Interscholastic League, but we were under the impression that the District paid all the necessary fees. After checking with the School District we find that we owe the sum of eight dollars and seventy-five cents (\$8.75) for thirty-five pupils @ twenty-five cents (25) each. Enclosed you will find a check of eight dollars and seventy-five cents (\$8.75) to pay for the state dues.

Dear Mr. Yancy

Mr. Yancy, I am writing for a
word of information.

Would you please tell me how
long a boy have to go to a school
before being eligible to play
in a district game if he
come from one school and
start at another school. I
am speaking of Basketball.
do he have to attend one
semester or one year? I need
this information soon as

possible. How soon do we
should a protest be made
on a boy after he have played
in a district game? Is there
a limit on the time for
making the protest? If an
ineligible boy play in one
^{District} game and do not play in any
more can they be disqualified
the other game the eligible boys
play in? The courtesy of
your attention to this matter
will be highly appreciated.

Yours truly,

P.S.

If ~~an~~ an ineligible
boy play in an invitational
tournament, can they disqualify
the team - playing in District
games.

Dear Mr. Burton:

It was with sincere regret that I received Mr. Johnson's letter stating that his school along with four others would no longer be with us in district 4-A. This poses two problems number one the district will be much smaller yet enough schools to operate. The second is that with Mr. Johnson's school dropping out it leaves the district without a district director.

Since the time is short and I am sure the schedules for those schools left are set up we the state committee are asking you to serve as district 4-A director and keep the district program going this year.

Mr. Johnson has done an excellent job as district director. You would be doing him a personal favor for his interest is still with the district. The State Executive Committee along with myself shall be grateful to you. Please advise us at any time if we may be of service to you.

Sincerely yours
