- (a) The Conference of Librarians which will convene at the College on March 19, will have in attendance the Librarians from the Negro Colleges, High Schools and the Cities. An invitation has been extended the White Librarians. Considerable discussion and study will center around the subject of a Central Library for Negroes in Texas.
- (b) The Seventh Educational Conference, Professor H. A. Bullock, Director, will bring the largest attendance in the history of this movement. The subject is, "The Vocational Opportunities of Negroes in Texas and the Character of the Curriculum". No movement has been started in recent years in Texas that is as far-reaching and vital and helpful in its influence than these Educational Conferences.

IN THE FINALE -

James C. Penny, The Great Chain Store Magnet, was right when he made, the other day, this statement:

"I do not believe a man has to be a genius to succeed in business. Chances for success depend more upon the individual than upon the economic system".

Yours truly,
