## STATE BOARD OF DIRECTORS.

---

The government of the Prairie View State Normal and Industrial College is vested in a Board of Directors, consisting of eight members, appointed by the Governor of the State. They are "selected from different sections of the State, and hold office for two, four and six years, and until their successors are qualified."

---

## MEMBERS OF THE BOARD OF DIRECTORS.

---

HON. E. B. CUSHING, President.....	Houston
HON. J. ALLEN KYLE, M. D.....	Houston
HON. L. J. HART .....	San Antonio
HON. WALTON PETEET.....	Waco
HON. E. H. ASTIN.....	Bryan
HON. JOHN I. GUION .....	Ballinger

## COMMITTEE ON PRAIRIE VIEW NORMAL.

---

Hon. J. Allen Kyle, Chairman.  
Hon. Walton Peteet.                      Hon. R. L. Bennett.

---

## UNIFORMS.

---

By action of the Board of Directors, all students must hereafter wear school uniform. This applies to both the male and female students. The uniform for both boys and girls may be purchased at the school. The cost of the uniform for the boys, including hat, will be \$7.50. The money for uniform must be deposited on entrance along with the usual entrance fee. No student is admitted to enrollment and class work until the deposit has been made with the Treasurer.

**PRAIRIE VIEW NORMAL COLLEGE—LAW ESTABLISHING COURSE  
AND MAKING APPROPRIATIONS THEREFOR.**

S. B. No. 17.]—An Act to establish and maintain a four-year college course of classical and scientific studies at the Prairie View Normal and Industrial College at Prairie View, Waller county, Texas.

*Be it enacted by the Legislature of the State of Texas:*

That the sum of twenty-five hundred dollars for the first year and eighteen hundred dollars for the second year be set apart and is hereby appropriated out of the general revenue for the inauguration and maintenance of a four-year college course of classical and scientific studies at the Prairie View State Normal and Industrial College, to which graduates of the normal course shall be admitted without examination and to which others may be admitted after having passed a satisfactory examination in the branches comprised in the normal course; provided, that no State student shall be admitted to the privileges of the said course; and provided further, that the diploma conferred on the completion of the said course shall entitle the holder without other or further examination to teach in any of the colored public free schools of the State.

Approved March 28, 1901.

## PRAIRIE VIEW STATE NORMAL AND INDUSTRIAL COLLEGE.

---

The Prairie View State Normal and Industrial College was organized under "An Act to provide for the organization and support of a Normal School at Prairie View in Waller county, for the preparation and training of colored teachers," which act was approved April 19, 1879.

The general laws of the State governing the College have been amended from time to time, but in brief the statutes now governing the College are as follows:

The Prairie View State Normal and Industrial College (which name was declared by the Twenty-sixth Legislature) shall be under the control and supervision of the Board of Directors of the Agricultural and Mechanical College of Texas.

The Board of Directors shall appoint a principal teacher and such assistant teacher or teachers of said school, and such other officers of said school as may be necessary, and shall make such rules, by-laws and regulations for the government of said school as they may deem necessary and proper, and shall regulate the course of study and the manner of performing labor to be performed by the students, and said Board of Directors shall regulate the course of discipline necessary to enforce the faithful discharge of the duties of all officers, teachers, students and employes of said school, and shall have the same printed and circulated for the benefit of the people of the State, and the officers, teachers, students and employes of said school.

Article 3887. Said board shall appoint a principal teacher and such assistant teacher or teachers of said school and such other officers of said school as may be necessary, and shall make such rules, by-laws and regulations for the government of said school as they deem necessary and proper, and shall regulate the course of study and the manner of performing labor to be performed by the students, and shall provide for the board and lodging and instruction to the students, without pecuniary charge to them other than that each student shall be required to pay one-third of the cost of said board, lodging and instruction, quarterly, in advance, and said board of directors shall regulate the course of discipline necessary to enforce the faithful discharge of the duties of all officers, teachers, students and employes of the school, and shall have the same printed and circulated for the benefit of the people of the State and the officers, teachers, students and employes of said school.

SEC. 2. The near approach of the end of the session and the crowded condition of the calendar of both houses of the Legislature, and the improbability that this bill can be reached in its order on three several days, in each house, and the great need and demand for the passage of this act, creates an emergency and an imperative public necessity exists for the suspension of the constitutional rule requiring bills to be read on three several days in each house, and said rule is so suspended.

Approved June 6, 1899.

## COLLEGE CALENDAR.

---

1914.

Fall Term begins Wednesday, September 9.  
First payment entrance dues, all students, September 9.  
Entrance examinations, September 9-12.  
State holiday, Thanksgiving, November 26.  
Term examination, December 8-11.  
Winter Term begins December 14.  
Christmas holidays, December 25 to January 1, 1915.

1915.

State Arbor Day, February 22.  
State holiday, Texas Independence, March 2.  
Term examinations, March 3-6.  
Spring term begins March 8.  
State holiday, San Jacinto, April 21.  
Final examinations, May 17-20.  
Final payment of accounts, May 22.  
Commencement Sunday, May 23.  
Commencement Day, May 24.  
Alumni Reunion, May 24.  
Summer Session, June 1 to July 31.  
Farmers' Congress, July 22-25.  
Session 1915-1916 opens September 8.

DEPARTMENTS OF ADMINISTRATION AND INSTRUCTION.

---

E. L. BLACKSHEAR, Principal,  
Economics and History of Industry.

R. L. ISAACS, Treasurer.

CHARLES ATHERTON,  
Dean of Normal Department and Professor of Pedagogy.

P. E. BLEDSOE,  
Professor of Science.

J. T. HODGES, Librarian,  
Professor of English.

N. A. BANKS, Chaplain,  
Mathematics.

C. H. GRIGGS,  
History.

C. H. WALLER,  
Superintendent Farm and Professor of Agriculture.

Assistant in Laundry.

J. T. HODGES,  
Librarian.

G. O. SANDERS,  
Power and Light Plant.

WM. COOK,  
Foreman of Printing Office.

MRS. SAPHRONIA McCALL,  
Trained Nurse.

CHARLES ATHERTON,  
Superintendent of Sabbath School.

J. T. HODGES,  
Director Y. M. C. A.

MISS C. B. DRISDALE,  
Director W. C. T. U.

MISS M. J. SIMS,  
Directress Y. W. C. A.

## STANDING COMMITTEES OF THE FACULTY.

*Committee on Discipline*—E. L. Blackshear, chairman; W. P. Terrell, J. W. Bartlett, George J. Austin, N. A. Banks, C. H. Griggs, Chas. Atherton, C. H. Waller.

*Committee on Discipline of Female Students*—Miss A. L. Evans, chairman; Miss Ophelia Robinson, Mrs. Ethel L. McGee, Miss E. E. Housworth, Miss Ruth E. Cox, Miss Mamie Atherton, Miss C. G. Howard, Miss Clara B. Drisdale, Miss M. J. Sims.

*Committee on Classification of Students and Entrance Requirements*—N. A. Banks, chairman; J. T. Hodges, C. H. Griggs, Miss A. L. Evans, P. E. Bledsoe.

*Committee on Schedule*—P. E. Bledsoe, chairman; W. P. Terrell, E. L. Blackshear.

*Committee on Athletics for Boys*—J. E. Stamps, chairman; C. H. Waller, W. P. Terrell.

*Committee on Athletics for Girls*—Miss C. B. Drisdale, chairman; Miss M. J. Sims, Miss A. L. Evans.

*Committee on Religious Activities*—N. A. Banks, chairman; J. T. Hodges, C. B. Drisdale, A. L. Evans, E. E. Housworth.

*Committee on Affiliated Schools*—N. A. Banks, chairman; Chas. Atherton, J. T. Hodges.

*Committee on Text-Books, Library and School Exchange*—J. T. Hodges, chairman; C. H. Griggs, W. P. Terrell.

*Committee on Lectures and Students' Entertainments*—R. L. Isaacs, chairman; Miss A. L. Evans, E. L. Blackshear.

# PRAIRIE VIEW STATE NORMAL AND INDUSTRIAL COLLEGE.

---

## OBJECT OF THE SCHOOL.

---

Prairie View State Normal and Industrial College has for its object the training of persons desiring to fit themselves for the important profession of teaching, by giving them thorough instruction and practical drill in the best recognized methods of organizing, disciplining, and conducting schools.

The particular aims are to fit colored youths for responsible positions in the colored public schools of Texas, to impart something of the scholarly spirit indispensable to excellence in teaching, and to awaken an enthusiasm for the education and for the industrial and moral improvement of the colored race in Texas.

Believing in the value of industrial training in connection with the literary and professional studies, as a means to mental, moral and economic improvement, the Board of Directors have added Agricultural and Mechanical departments and a department of Female Industries to give a well-rounded education and to prepare the students for practical life.

---

## ORGANIZATION AND GOVERNMENT.

---

The Prairie View State Normal and Industrial College of Texas is a branch of the Agricultural and Mechanical College of Texas at College Station, and is under the control of the Board of Directors and President of that College. The Board of Directors elect a Principal and Faculty, to whom are entrusted the affairs of the institution.

It is the duty of the Principal to exercise immediate supervision and direction, subject to the regulations and restrictions imposed by the Board of Directors.

The instruction of the institution is committed to departments. These departments are, at present, as follows: Science, Mathematics, English, Pedagogy and History, Mechanical, Agricultural, Sewing and Millinery and Cooking.

Such assistant teachers are employed as are needed to carry out the work of the departments.

The discipline, as well as instruction of all the students of the institution, is committed to the Faculty, the Principal being held responsible for the enforcement of regulations and the maintenance of discipline, with the privilege of calling in, at any time, the assistance of any or all of the Faculty.

The immediate supervision of the young ladies of the institution is

intrusted to a Preceptress, whose duty it is to see that the conduct of the young women, their personal habits, manners, carriage, modes of dress, and habits of study conform to correct standards.

### REQUIREMENTS FOR ADMISSION.

1. AGE.—Students shall not be less than sixteen years of age at the time of their admission. (Article 3886, Revised Statutes, Chapter 5, Title 86, as amended by S. H. B. No. 379.)

2. HOW TO APPLY FOR ADMISSION.—Write to the Principal for an application blank, which will be forwarded, giving full instructions. No appointee or other applicant should come to the College without having made application for admission and accommodations, subject to the Entrance Examination. For requirements see No. 4 below; also see application blank in the back of this catalogue.

3. PLEDGE TO TEACH ABOLISHED.—The pledge to teach as many sessions in the public free schools of Texas as the applicant may have attended sessions of the College is no longer required.

4. ENTRANCE EXAMINATION.—Candidates for admission into First Year must sustain a satisfactory examination on arrival at the College in the following subjects:

Arithmetic.—Through Percentage.

English Grammar, embracing a knowledge of the parts of Speech, their Uses and Relations; the Sentence, its Kinds, Uses, Analysis and Construction.

English Composition.—Each applicant must submit an original composition on some every-day topic assigned by the Professor of English, of not less than 200 words, as a test of the applicant's hand-writing, spelling and thought expression.

Geography, Texas History, U. S. History.

Advance Standing.—Applicants for higher classes than First Year are referred to course of study. A thorough preparation in all English branches and in the subjects of the year previous to the desired year is especially urged.

5. MORAL CHARACTER.—All candidates for admission must furnish testimonials of good character and if coming from other schools or recently in attendance thereon must bring honorable dismissal from such schools.

6. HEALTH.—No sickly, diseased or infirm person should apply for admission, and any applicant for admission may be subject to a physical examination by the medical officer of the school, if occasion demands it.

7. PAYMENTS ON ENTRANCE.—All other students must pay the entrance fees and one month's board money in advance.

8. WHAT THE STATE DOES NOT FURNISH.—Each candidate for admission must furnish his own clothing and bed clothing, including at least three sheets, six towels, and one pillow, three pillow cases, two

quilts and one blanket, one good comb, hair brush, tooth brush, shoe brush and clothes brush, a pair of rubber overshoes. All articles of clothing should have the owner's name carefully written on them with indelible ink. Young men must be careful to bring along a suit of overalls for wear on duty in the shop or on the farm.

9. PROMOTION AND GRADUATION.—Every student is required to make a general average of 75 per cent and not less than 65 per cent in every branch of study.

**EXPENSES FOR SESSION.**

Payable on entrance, female students, including entrance fee, medical fee, lecture fee, uniform and first month's board....	\$ 25 50
Payable on entrance, male students, including entrance fee, medical fee, lecture fee, uniform and first month's board....	33 00
Board per month for all students .....	10 00
Total amount to pay for male students for session of nine months .....	113 00
Total amount to pay for female students for session of nine months .....	105 50

The first payment of \$25.50 for female students includes the following items: entrance fee, \$5.00; medical fee, \$2.00; lecture fee, \$1.00; girl's uniform, \$7.50; and first month's board, \$10.00, making a total of \$25.50, which must be paid on entrance.

The first payment of \$33.00 for male students includes the following items: entrance fee, \$5.00; medical fee, \$2.00; lecture fee, \$1.00; boy's uniform, \$15.00 including uniform hat; and first month's board, \$10.00 making a total of \$33.00, which must be paid on entrance.

The system of renting books which has been the custom here for several years has been abolished and the book fee of \$5.00 is no longer charged the students; but instead, students will be required hereafter to purchase their own books. This plan has been adopted for several reasons, chief among which is, that every student ought to own his own books and keep them as a nucleus of his educational library. The faculty and students have arranged for the establishment of a book store where all students can purchase their text-books; hence parents sending their children to school must furnish them with money to purchase text-books and also stationery used for school purposes, such as loose leaf note books and examination papers.

Money must be paid payable in advance and in case of failure to meet dues, students will be suspended.

Students should send money for children's account as due directly to R. L. Isaacs, Prairie View, Waller county, Texas. Don't send money in ordinary letter nor is registered letter the best means of sending money. Send your money by postoffice money order, express money order, or by bank money order or draft. If you send money by check, remember such checks have to pay discount for collection.

III. *Latin*.—Third year, Fall and One-half Winter Terms. Graduates from high schools and those who have had adequate training in Latin will read Vergil and Horace. Special attention will be given to the reading of the Aeneid and it will be studied from the point of pure Roman literature and a metrical masterpiece from the greatest Roman poet. In Horace the student will be led to appreciate the Latin humor and wit. Careful attention will also be given to the satires and odes of Horace.

IV. *Latin*.—Fourth year, Fall and One-half Winter Terms. This course will require literal translations from Caesar's Gallic War. These translations will be rendered so as to preserve idiomatic English. Frequent sight translations required.

V. *Latin*.—Fourth year, One-half Winter and all of Spring Terms. This course will study Cicero's Orations, careful attention being given to style, elegance and power of expression.

VI. *Latin*.—Fourth year, Fall and One-half Winter Terms. High school graduates who have already had the third year course in Latin or its equivalent will read: Germania and Agricola (Tacitus); De Senectute (Cicero).

*Spring Term*.—Roman comedy to be selected. (Plautus.) This course will be given a study of historical sketches of ancient Germans rather than a study in philology.

De Senectute will be read to show the Roman's power of elaborate thought and ornate expression. The selections from Plautus to give an insight into the Roman's lighter veins of thought.

---

#### DEPARTMENT OF AGRICULTURE.

- C. H. WALLER, Superintendent, Professor of Agriculture.  
 E. W. SCOTT, Instructor in Broom and Mattress Making.  
 H. S. ESTELLE, Instructor in Truck Farming.  
 J. V. SMITH, Foreman, Farm and Barns.  
 A. T. WOOD, Instructor in Landscaping.

The aim of this course, which is three years, is to prepare better farmers, farm managers, demonstrators and teachers. Special attention is given to the close relationship between animal and man. The selection of farm lands as to crops to be grown, water supply and distance to market. The college has 1700 acres and all of it is at the disposal of the farm department to show to the student every phase of farm life—hay making, syrup making, watermelon growing; in fact, one of the chief aims of the department is to grow every kind of plant possible so as to acquaint the student with the best methods of culture. The peculiarity of our soil will permit this, as we have every class of soil in this 1700 found in Texas. The common diseases of animals and the care of the same is given strict attention. The department owns a pure-blooded Percheron stallion and also a pure-blood Spanish jack for breeding purposes so as to acquaint the student with animal breeding. This depart-

PRAIRIE VIEW STATE NORMAL AND INDUSTRIAL COLLEGE.

offers the following courses: a two-year course in trucking; months course in dairying; three-months course in canning; one-year course in landscape gardening; two-year course in broom and mattress making.

REGULAR THREE YEARS' COURSE IN AGRICULTURE.

*Second Year.*

*Fall Term.*—Agronomy 5, Practicum 15.

*Winter Term.*—Seed Testing, Hot Bed Culture, Practicum 15.

*Spring Term.*—Agronomy 5, Practicum 15.

*Third Year.*

*Fall Term.*—Veterinary Science 5, Practicum 15.

*Winter Term.*—Veterinary Science 5, Practicum 15.

*Spring Term.*—Veterinary Science 5, Animal Breeding, Practicum 15.

*Fourth Year.*

*Fall Term.*—Animal Feeding 5, Practicum 15.

*Winter Term.*—Animal Feeding 5, Practicum 15.

*Spring Term.*—Farm Arithmetic 5, Dairying 5, Canning 5.

COURSE I.

*School Agriculture.*—Milo N. Wood. Fall and Spring Term 5 each. Practicum 15 each.

COURSE II.

*Second Year.*

*Agronomy.*—Clute. Fall and Winter Term 5 each. Practicum 15.

COURSE III.

*Third Year.*

*Veterinary Science.*—Reynolds. Fall, Winter and Spring Term 5 each. Practicum 15 each.

*Fourth Year.*

Fall and Winter Term, 5 each.

*Farm Arithmetic.*—Burkett and Swartzell. Spring Term 5.

COURSE V.

*Fourth Year.*

*Dairying.*—Van Norman. Practicum 15.

COURSE VI.

*Animal Breeding.*—Shaw. Practicum 15.

## REGULAR TWO-YEAR COURSE.

*First Year.*

*Fall Term.*—Assorting, putting on handles, shoulder and hurl corn, coverings, broom locks, cutting beads and shoulders.

*Winter Term.*—Continuing first term work with reviews sewing, scraping, clipping and bunching.

*Spring Term.*—Bleaching, staining and manipulating the fiber. Lectures on first, second and third term work.

*Second Year.*

*Fall Term.*—Classifying corn, estimates of loss in material utilized, lectures on care of tools and machinery.

*Winter Term.*—Continuation of first term's work, labeling and assorting twines, wire and locks, supplemented with lectures.

*Spring Term.*—Instruction in art of making mattresses and pillows; mats, collars; selection of material as to sanitation and durability.

## MATTRESS MAKING.

*One-Year Course—Three Hours per Day.*

*Fall Term.*—Selecting of ticking, measuring and cutting, boxing and filling mattresses. Talks on height, width and length of table.

*Winter Term.*—Review of first term's work, with beginning of rimming and tufting, measurements and cutting.

*Spring Term.*—Review of first and second terms, selection of material for mattress making, practical lessons on factory management, talks on machinery and material.

## DIVISION OF BROOM AND MATTRESS MAKING.

E. W. SCOTT, INSTRUCTOR.

*One-Year Course—Eight Hours per Day.*

*Fall Term.*—Assorting corn, making broom, scraping, sewing, clipping, labeling, bunching, followed by lectures on care of tools and machinery and economy in use of materials.

*Winter Term.*—A continuation of all studies of first term; making estimates on finished products.

*Spring Term.*—Study of different grades of corn, cost of production of the finished product. Study of art with view to rapidity and efficiency.

## SHORT COURSES IN AGRICULTURE.

These courses are outlined not for teachers of the subjects but to prepare better journeymen so as to make them of more service to

themselves and to their employes; in other words to make practical agriculturists of them.

#### TRUCKING.

##### *One-Year—Eight Hours per Day.*

*Fall Term.*—Fall gardening, seed selection, preparation of seed bed, study of implements and use.

*Winter Term.*—Germination tests, preservatives for seed, study of insecticide and fungicide, spraying machinery and care of harness and tools.

*Spring Term.*—Hot-bed culture, cold frame planting, harvesting and canning.

*Summer Term.*—Saving of seed, irrigation, mulching.

---

### ANIMAL HUSBANDRY AND FARM DEPARTMENT.

C. H. WALLER, Superintendent.

J. V. SMITH, Foreman.

The Agricultural Department has been separated into two divisions: Science and Demonstration and General Farm or Subsistence Department. The General Farm Department deals chiefly with the practical work of agriculture, furnishing the greater part of school necessities, such as vegetables, farm crops, syrup, meal, pork and beef. The needy student can find work on the farm to pay his board and at the same time learn to do things in a systematic way. This department embraces the following crops: corn, 200 acres; sweet potatoes, 20 acres; irish potatoes, 2; ribbon cane, 10 acres; sorghum, 10 acres; prairie hay, 65 acres; garden and truck, 14 acres; cotton, 10 acres; melons, 5 acres; black-eyed peas, 10 acres; broom corn, 10 acres; oats, 65 acres. We have in this department 22 mules, 5 horses, 40 poland china brood sows, a herd of 60 high-grade Jerseys. This department also has a registered Percheron stallion and a registered Spanish jack. The farm department serves as a great aid to the agricultural department in that it gives the student a working knowledge of farm crops and farm animals from a business standpoint.

---

### COURSE IN LANDSCAPE GARDENING.

A. T. WOOD, INSTRUCTOR.

This course is a new one in the department and the aim is to give the student some idea of the weight and different classes of soil; the cost of filling and terracing, classes of flower plants, outline of plots, tree planting, care of the lawn, plot irrigation, road and walk building. One year.

*Fall Term.*—Study of mowers, blades, landscape tools, winter flowers, bulbs, corms, tubers.

*Winter Term.*—Pruning, tree-planting, fertilizers, hot-house and hot-bed studies, common diseases and remedies of plants.

*Spring Term.*—Plotting of beds, planting of annuals, bed-irrigation, care of lawn, hedge pruning, spraying for insects and fungi.

#### DAIRYING.

*Three Months—Eight Hours per Day.*

This course covers one term and is designed to give a good working knowledge of dairy breeds, care, selection and feeds. The making of butter and handling of milk to enable the farmer to place upon the market a better product.

*Spring Term.*—Study of dairy breeds, pedigree tracing, study of common diseases of cow, rations, care of milk, testing, preparing starters, care of separator and utensils.

#### CANNING.

*Three Months—Eight Hours per day.*

This course is designed to enable the farmer to save his surplus stock and to put up a marketable product when the market is glutted, to give him an insight on buying of cans, labels and equipment.

Harvesting of crops and preparation for canning, study of flux, brines, syrups, lacquers, and vegetables, care of tools such as tinning and cleaning, exhausting, sealing, tipping, processing and capping.

---

### MECHANICAL DEPARTMENT.

W. P. TERRELL, Superintendent and Professor of Mechanics.

W. A. BLACKSHEAR, General Assistant.

T. H. BRITTAIN, Instructor in Carpentry.

WM. COOK, Instructor in Printing.

A. D. EWELL, Instructor in Laundering and Hat Making.

MRS. A. D. EWELL, Assistant in Laundering and Hat Making.

R. F. JOHNSON, Instructor in Shoemaking and Harness Making.

A. LEWIS, Instructor in Wheel-wrighting and Blacksmithing.

A. RICHARDSON, Instructor in Tailoring.

G. O. SANDERS, Engineer and Electrician.

J. R. ADAMS, Assistant Superintendent of Construction.

The great object of the department is to foster a high appreciation of the value and the dignity of intelligent labor. The boy who sees nothing in manual labor but dull, brute force, looks with contempt upon the labor and the laborer; but as soon as he acquires skill himself, the conditions are reversed, and henceforth he appreciates the work and honors the workman. The students are trained in the use of the various tools employed in the mechanic arts, and are thus given a good

foundation in manual training, which will enable them to teach the arts in the schools in which they may be employed.

With this end in view, the course has been revised and rearranged. Instruction is given by means of practice in the shops, by lectures and by text-books.

DESCRIPTION OF COURSE OF STUDY IN MECHANICAL DEPARTMENT.

*Freehand Drawing 1.* Study of the position and proportion of figures. Study of simple geometrical forms. Freehand perspective. Object drawing. Five hours.

*Mechanical Drawing 1.*—Winter Term, second year. Five hours. Drawing instruments, and their use; geometrical construction; mechanical drawing from objects.

*Mechanical Drawing 2.*—Spring Term, second year. Five hours. Continuation of course 1, and applied sketching, lettering and dimensioning, working methods.

*Mechanical Drawing 3.*—Winter Term, third year. Two hours. Isometric and cabinet projection. Mechanical drawings from free-hand sketches of blocks, pulleys, etc.

*Descriptive Geometry 1.*—Fall Term, third year. Five hours. Problems relating to the point, line and plane, the properties of surfaces and intersections and developments. Lectures or recitations precede the work in the drawing room.

*Machine Drawing 1.*—Spring Term, third year. Five hours. Drawings of the simpler machines; detail and assembly drawings.

*Architectural Drawing.*—Fall Term, fourth year. Five hours. Plans, elevations and details.

*Architectural Drawing 2.*—Winter Term, fourth year. Two hours. Continuation of Course 1 and drawing (complete) of a small cottage. Various material of modern construction.

*Steam Engineering 1.*—Winter Term, third year. Three hours.

Study of boilers, engines, air compressors, pumps and gas engines, and refrigeration.

*Electricity and Magnetism 1.*—Spring Term, third year. Three hours. A study of the underlying principles of electricity and magnetism, and of the relation between the two.

*Applied Electricity.*—Fall Term, fourth year. Three hours. Half term. Study of direct and alternating current machinery, and their uses. Study of some of the generator and motor troubles. Simple tests.

*Practical Mechanics 1.*—Fall Term, fourth year. Three hours. Half term. Study of forces, velocities and the graphical representation of the same, and the study of forces in commercial structures.

*Practical Mechanics. 2.*—Winter Term, fourth year. Three hours. Study of work, power, energy, friction, the general law of machines, elasticity, mechanics of fluids.

*Organization 1.*—Spring Term, fourth year. Five hours. Study of the method of organizing, and maintaining manual training drawing, and vocational work in different schools. Equipment, estimate of cost and arrangement of same.

*Carpentry 1.*—Fall Term, first year. Ten hours. Squaring up mill plane stock to no definite dimension and to definite dimensions. Making chisel boards, coat and hat racks and key rack.

*Carpentry 2.*—Winter Term, first year. Ten hours. Squaring rough stock and working curves. Making spoon holders, ring toss, bread board, meat board and coat hangers.

*Carpentry 3.*—Spring Term, first year. Ten hours. Fastening with nails and screws, duplicate parts, broom holders, bench hook, bench stop, card holder, handkerchief box, glove box.

*Carpentry 4.*—Fall Term, second year. Ten hours. Groove joints, book racks, magazine racks, foot stools.

*Carpentry 5.*—Winter Term. Second year. Ten hours. Cross lap joints, book trough, tabouret, hall rack.

*Carpentry 6.*—Spring Term, second year. Ten hours. Housed joints, leg rest, table and desk shelves, etc.

*Woodturning 1.*—Fall Term, third year. Ten hours. Spindle work, porch spindle, table legs, chair rounds, balusters, etc.

*Forging 1, 2.*—Winter and Spring Terms, third year. Ten hours. Systematic instruction in the use of each tool used; of each material and the methods of the treatment of each. The course includes instruction in the building and the care of fires, heating, drawing, forming, bending, twisting, upsetting, punching, bolt making, welding, chain making, and tool making. Such articles as gate hooks, lap rings, chisels, hammers and andirons are made.

*Carpentry 7.*—Fall term, fourth year. Ten hours. Joinery, keyed tenon, blind and mortise tenon, dovetail, mitre points, glue joints, etc., leg rests, small tables, umbrella stands.

*Carpentry 8.*—Winter Term, fourth year. Ten hours. Cabinet making. Roman seats, piano bench, writing desk.

Country 2.—Spring Term, fourth year. Ten hours. Cabinet making, library tables, linen closets, Morris chairs. Students are expected to furnish their drawing instruments, triangles. These can be purchased at the College Bookstore cost.

### SHORT COURSES.

In order to afford an opportunity for the young people to prepare themselves for usefulness in the industrial development of the State, several short courses in the trades have been introduced. These courses have been introduced more for those of mature age and for those whose responsibilities will not allow them to spend a greater length of time in the institution. Most of the courses are of one year's duration.

Upon the satisfactory completion of a course a certificate showing that the holder is proficient in his work, will be issued. Students of mature mind will be admitted to these short courses in order to perfect themselves in certain phases of the work, for example, a practical carpenter might wish to become thoroughly familiar with the use of the steel square, or a farmer may wish to be able to make ordinary repairs on farm implements. However, no certificate will be granted for such work. Applicant who has had some experience in a trade may be admitted to advanced standing in that trade, provided that satisfactory evidence is shown of his ability. The courses offered by this department are as follows:

Two year's course in blacksmithing; nine months' course in cabinet making; twelve months' course in carpentry; twelve months' course in hat making, including blocking, cleaning and trimming; twelve months' course in laundering; three year's course in printing: including type and press-work; eleven months' course in shoemaking; one-year course in stationary engineering; two-year course in tailoring.

Students taking the above trade courses will be required to devote practically eight hours a day to practice work, and will receive instruction in academic work at night under special instructors. An opportunity is offered for the student to earn the greater part, if not all, of his expenses.

There is a great deal of work carried on by the College that will afford opportunities for practice that is difficult to obtain elsewhere. This is especially advantageous since the system of apprenticeship is fast disappearing. The instruction in each course is conducted so that the various processes and methods are discussed and given in a logical and systematic way.

The special students must pay the regular entrance fees, including the cost of the uniforms. They will also be under the same regulations as the students taking the regular courses. All students are expected to do willingly, at all times, what appears to be to the best interest of all concerned.

## SHORT COURSE IN BLACKSMITHING.

The aim of this course is to familiarize with the principles of blacksmithing and wheelwrighting and to give him a thorough knowledge of the practice of the same. All of the farm wagons are built in this shop, and the repair of all wagons and farm implements is done in this shop. This shop is furnished with twelve stationary blowers, driven by electric power, and one portage forge, one press, one grindstone and two power emery wheels. In addition are work benches and hammers, and other tools. The length of the course is two years, of twelve months each.

In order to enter this course the applicant must be at least seventeen years of age and should be able to pass an examination in all of the work in the first four years of the common school.

## DESCRIPTION OF COURSE.

*First Year.*—Care of shop; making fires; names, uses, care and selection of tools and machines; proper arrangement of tools; forging; heating; drawing out; forming; bending; twisting; upsetting; punching; welding; chain making. Steel: drawing, forming, welding, refining and tempering; spring and tool making; taking down and assembling wagons and buggies; making axle sets; setting axles; ironing wagons and buggies; welding axles and tires; practice work with saws, planes, chisels and spoke shaves, repairing.

*Second Year.*—Wheelwrighting; building buggies and wagons; horse-shoeing; study of the anatomy of the horse's foot; making shoes to correct knee knocking, interfering, cross-firing, stifle trouble; repairing all kinds of wagons, buggies and farm implements; estimates and bills of material; shop management.

*Requirement for Entrance.*

In order to enter this course the applicant must be at least seventeen years of age and should be able to pass an examination in all of the work in the first four years of the common school.

## SHORT COURSE IN CABINET MAKING AND CARPENTRY.

The object of this course is to fit young men to go out as practical housebuilders. The instruction is given so that a young man will be able to work from blueprints, and also, that he will be able to draw the plans of a plain cottage, and be able to make repairs intelligently and economically.

The repair work is carried on by the students in carpentry. Cottages for teachers are built by students in this division. This offers an opportunity for considerable practice.

The work in this course is designed to fit the student for the making of ordinary furniture and to enable him to make ordinary repairs. Besides the ordinary hand tools, work benches, etc., the shop is equipped

The following machines: five iron frame turning lathes, one pattern lathe, one power band saw, one 20-inch power edge planer, one power surface planer, one 12-inch power circular saw, one double spindle power shaper, one power scroll saw. The length of the course in cabinet making is nine months, in carpentry one year of twelve months.

### SHORT COURSE IN CARPENTRY.

#### DESCRIPTION OF COURSE.

Names, uses, care and selection of tools; tool exercises; joinery; making simple productive articles, such as door and window screens, lawn benches; house repairing; advanced productive work; building; construction; foundations, building sites, soil, excavations, footings, damp proofing and brick work; forms of construction; the full-frame, half-frame, balloon-frame, sills, joists, studdings, porch; selection of timbers; the carpenter's steel square; carpenter's geometry; roof construction; boarding in; step construction; cornice construction; roof coverings; inside finish; estimating.

### SHORT COURSE IN CABINET MAKING.

Shop equipment; names, uses, care and selection of tools; making simple productive articles, such as tables, book desks, screens, washstands; advanced work making book cases, music cabinets, arm chairs; names and uses of wood working machines; furniture repairing; furniture designing; sandpapering; finishing furniture; staining; filling; waxing; estimating material and labor.

### SHORT COURSE IN STEAM LAUNDERING.

The object of the work in this division is to fit the student for work in a steam laundry so that he can do more than the ordinary work. On the completion of this course he should be able to take charge of any branch of the work. The laundry is fitted up for both hand and steam laundering. The laundry has the following equipment: three cylinder washers, one dip-wheel, one 24-inch extractor, one 26-inch extractor, one shirt starcher, one open kettle starch cooker, one 100-inch mangle, one shirt and collar ironer, one collar shaper, and five gas machines for furnishing gas for irons and dry rooms.

#### *Requirements for Entrance.*

In order to enter this course the applicant must be at least seventeen years of age, and should be able to pass an examination covering the work of the first four years of the common schools. Length of course, one year.

## DESCRIPTION OF COURSE.

Machinery and use; assorting of various kind of material, counting and marking; washing, bleaching, starching, drying, making of bluing, soap; preparation of shirts, collars, etc., for ironing; practice in machine operation; collar shaping; wrapping of bundles; ordinary repairs of machinery; office records, etc.

## SHORT COURSE IN HAT MAKING.

The object of this course is to fit the student to become a practical hatter. A full line of tools for hand work forms the equipment.

*Requirement for Entrance.*

In order to enter this course the applicant must be at least seventeen years of age, and should be able to pass an examination covering the work of the first four years of the common schools. Length of course one year.

## DESCRIPTION OF THE COURSE.

Study of tools and their uses; dyeing; pressing; sizing; pouncing; blocking; finishing; rebuilding; rounding; finishing for stores.

## SHORT COURSE IN SHOEMAKING.

All of the repairing of shoes on the place is done in division. In addition, some new work (boots and shoes) are made. This work gives the student a considerable amount of practice. In addition to benches, stands, lasts, etc., the following machines form the equipment: One channeling machine, one Puritan harness stitcher, one hard wax power sole stitching machine, one Chase leather splitting machine, one Progressive power finishing machine, one riveting machine, one hook and eyeletting machine, one vamping machine, one Lufkin folding machine, two universal feed machines and one crimping machine.

*Requirement for Entrance.*

In order to enter this course the applicant must be able to pass a satisfactory examination in the work of the first four years of the common school. He should also be at least seventeen years of age.

## DESCRIPTION OF COURSE.

Names of tools and uses; making thread and bristling ends; leveling heels of old shoes; fitting half soles for nail work; fitting soles for sewed work; the best way to apply a nail sole to a welt bottom; applying a nail sole to a McKay bottom; stitching on half soles on welt and turn bottoms; finishing bottom and edges by hand and by machine; kind of ink used; putting patches on by hand stitch and machine stitch; cementing; revamping old shoes; measurements for new shoes; building up

last when not large enough for measurement; cutting insoles and channels by hand method and by machine method; lasting the uppers over a wood after the counter and toe have been fitted and pasted in; sewing welts on welt bottom shoes; putting on shanks and bottom filler; putting on bottom soles; putting on heels.

#### SHORT COURSE IN PRINTING.

The Division of Printing is the latest addition to the mechanical department. It is in charge of a practical printer of twenty years' experience. In this division, classes are offered excellent opportunity to acquire a practical knowledge of the art of printing in all of its phases. At present all grades of printing (except book-binding) are taught daily, with practice work and lectures. This practice work and theory embraces all forms of job work and the publication of the *Standard*, the weekly newspaper issued from the institution. The course in printing offers an opportunity to learn a useful art, and at the same time it affords, incidentally, a most useful practice in spelling, grammar, punctuation, and rhetorical composition.

The equipment consists of numerous fonts of new and up-to-date job and display type, latest improved newspaper and job chases, wood and metal furniture, new 10x15 Chandler and Price job press, one large newspaper power press, one 23-inch Chandler and Price paper cutter, wire stitcher, 20-inch Rossback perforator, Price paper cutter, type cases, stands, etc.

#### *Requirements for Entrance.*

In order to enter this course the applicant must be at least sixteen years of age and should have completed the fourth grade in the common schools, or should be able to pass an examination covering the work of the first four grades.

#### DESCRIPTION OF COURSE.

*First Year.*—Punctuation and spelling, technical terms. How to read bad manuscript. Learning the boxes and correct spacing. Names and uses of material, the care of machinery, rollers, etc., and the methods of operating the presses and other machinery. The imposition of newspaper forms. How to make ready on the cylinder press. General practice work.

*Second Year.*—The point system. Job advertising and poster types in series. Practice in ad setting and job composition. Make-ready on job press. The imposition of book forms, folders, etc. Pamphlet binding, table composition, etc. Practice.

*Third Year.*—Review work of the second year. Scheme for laying down the pages for book and pamphlet work. Study and practice of the prevailing styles of composition for bill heads, title and cover pages,

envelope corner, cards and tickets, programs and menus, estimating on printing, cost system, newspaper management, etc.

#### SHORT COURSE IN SANITARY ENGINEERING.

The steam power plant consists of two 60 h. p. return tubular boilers; one 75 h. p. Corliss, one 40 h. p. slide valve engine; two deep well pumps, electrical generators, and one four-ton ice machine with necessary piping, etc. Power is furnished for lights in all of the buildings and campus, for operating the ice plant, shoe shop, printing office, blacksmith shop, carpenter shops, grist and cane mill, and two gas engines of 4 and 6 h. p.

##### *Requirements for Entrance.*

In order to enter this course the applicant must be at least eighteen years of age, and should be able to pass an examination covering work of the first four grades of the common schools.

#### DESCRIPTION OF COURSE.

Care and management of boiler plant; different types of boilers; feed pumps and all accessories around the boiler room. Repairs and upkeep of the plant.

Care and management of steam power plant; different type of engines, their installation and care; repairs and upkeep. Use of the steam indicator, and other tools and accessories around the engine room.

Care and management of dynamos and motors of different types. Repairs, windings. Use of instruments, etc. Practical wiring and general upkeep of plant.

Gas engines. Study and repair of the gas engine. Setting valves etc.

The object of this course is to fit students to become intelligent, practical stationary engineers.

#### SHORT COURSE IN TAILORING.

In this division, young men are taught to clean, dye, press, repair, cut, trim and make garments. The main object is to give the student a thorough practical knowledge of the craft and such training as will equip him to enter the trade, and do creditable work. The uniforms of the young men are made by students of this division. This work presents an opportunity for a great deal of practice that is rarely obtained elsewhere.

##### *Requirements for Entrance.*

In order to enter this course the applicant must be at least seventeen years of age, and should be able to pass an examination covering work of the first four grades of the common schools.

## DESCRIPTION OF THE COURSE.

*First Year.*—Care and general use of equipment and of shop; practice in hand needle work; basting and making stitches of all kinds; running stitch; dyeing; cleaning; pressing; steps in trouser making; button hole making; square patch; round patch; measurements; drafting and cutting of trousers; making of trousers.

*Second Year.*—Making of all kinds of coat pocketing; welt pockets; welt seams; steps in vest making; measurement; drafting, cutting and making of vests; altering of trousers; altering of vests; texture and quality of goods; coat making; sack, frock, Prince Albert, cutaway, double-breasted; overcoats; clerical vests and coats; basting for try-on; lay-outs; fine fancy bindings and braids; ladies' skirt, jacket and waist making; drafting and cutting.

## DEPARTMENT OF SCIENCE.

P. E. BLEDSOE.

AARON DAY.

MRS. N. R. CRAWFORD.

G. W. BUCHANAN.

*Physical Geography.*—This subject is taught with special reference to the climatic influences upon animals and plants. The text is supplemented by laboratory experiments and lantern slide lectures.

*Agriculture.*—Agriculture, which is a requirement for every teacher's certificate and so necessary to the farmer is taught in the science department as we do physics and chemistry, from a practical and scientific point of view. Practical experiments, as seed testing and soil analysis will be a part of the work.

*Biology.*—This subject is very essential to the farmer and so closely related to agriculture that it is treated with reference to this industry. The text-book will be aided by cultures and slides. Some attention will be given to its economic value.

*Second Year.*

*Physics.*—This is Physics 1, which puts stress on the simpler physical phenomena, as measurements, force and motion of liquids and solids, and the mechanics of heat. This subject is carried two terms, using five recitations per week; two of these periods will be laboratory experiments, and three recitation and experiment lectures. Laboratory note books are required.

*Third Year.*

*Chemistry 1.*—This is general chemistry as treated in Brownlee's First Principles of Chemistry. It is carried two terms with five recitations per week; two of laboratory work and three recitations. Note books are kept on the observations in the laboratory. Much testing and blowpipe analysis will be had.

For high school graduates and those who have had chemistry, one term of qualitative analysis will be given instead of the above.

*Bacteriology.*—In this subject, stress will be put on the bacteriology of plants, milk, water, and food preservation. It is treated with the aid of cultural media and microscopic demonstration. Its relations to diseases and health are also treated.

#### *Fourth Year.*

*Physics 2.*—In this course of two terms will be treated the subjects, Magnetism and Electricity, Sound, Light and Radiation. Like Physics 1, this course will be made up of two laboratory periods a week of one and half hours, and three recitation lecture periods of forty-five minutes each. Individual apparatus will be used in the laboratory, where each pupil can work out for himself the necessary results.

*Geology 1.*—This course affords a comprehensive study of dynamical, structural and historical geology. The text will be supplemented by lantern slides; and the principal kinds of rocks and many fossil remains will be presented.

*Astronomy 1.*—This subject is treated as descriptive astronomy, using mathematical calculations necessary for a clear understanding of the solar system. The telescope is used in pointing out the principal groups of the sidereal system.

In all courses the completion of the preceding course or its equivalent, is a prerequisite for entering the next succeeding course.

---

### DEPARTMENT OF EDUCATION.

CHAS. ATHERTON, DEAN.

This department, consisting of Psychology, Ethics and History of Education, is intended to give the student: (1) A knowledge of the mind and its operation that in the teaching process the best results may be obtained at the minimum expenditure of time and energy. (2) A knowledge of the duties one owes to himself, the relationship existing between him and his fellowmen with its attendant obligations, and the greater relationship and obligations one bears to his Maker (3) A knowledge of the changes and development in education, theoretically and practically, from primitive man to the present day, and of the personages who have been most instrumental in bringing about these changes.

---

### DEPARTMENT OF DOMESTIC SCIENCE.

MRS. ETHEL MCGEE.

• MISS MAMIE ATHERTON.

MISS C. GERTRUDE HOWARD.

The Domestic Science Department aims to teach the fundamental and scientific principles of practical cookery; to prepare the student

so that she may go out into the world thoroughly efficient in both the theory and practice of household economics, and to meet all the requirements that the present demands, of a good cook, a cateress or a teacher of domestic science:

The general, or two-year course, is that taken by all students entering the College except those who specialize in some other industry.

For the benefit of those whose means and time will not permit spending two years, a short course is offered in domestic science covering a period of four terms, or eleven months, i. e., regular session and one summer term. The prerequisite for entering this course is a qualification in the studies of the fourth grade. To finish this course one must put in eight hours per day, four days a week, preparing and serving breakfast, luncheon, dinner and short order menus, as well as the required amount of theoretical work.

## GENERAL COURSE IN DOMESTIC SCIENCE—TIME REQUIRED, TWO YEARS.

FIRST-YEAR CLASS. Fall Term.	SECOND-YEAR CLASS. Fall Term.	THIRD-YEAR CLASS. Fall Term.	FOURTH-YEAR CLASS. Fall Term.
<p>Laboratory Work, (1)— Cooking of dried fruits, cereals, meat substitutes and quick breads.</p> <p>Theoretical Work, (1-3)— Cookery defined; table of weights and measurements; combustion; fuels.</p>	<p>Laboratory Work, (1)— Cooking of starchy foods, i. e., hominy, rice, potatoes, etc.; of vegetables; left-over dishes, fruits, quick breads, i. e., muffins, waffles, milk preparations; simple meat dishes.</p> <p>Theoretical Work, (1-3)— Arrangement and care of kitchen, sink, garbage can, etc.; dust and its evils; food principles.</p>	<p>Laboratory Work, (1)— Cooking of meats, fish, poultry, steamed batters and doughs, corn bread, vegetables; simple canning; warmed-over dishes, desserts, pastry and small cakes.</p> <p>Theoretical Work, (1-6)— Food principles; household sanitation; notes from nutrition charts and government bulletins.</p>	<p>Laboratory Work, (1)— Preserving foods; pickling; cooking of poultry; soup making; invalid cookery; Xmas candies, cakes and preparation of frozen dishes.</p> <p>Theoretical Work, (1-6)— Household accounts, menu making, care of bed rooms; home nursing; chemistry of baking powder, milk, butter, sugar and flour.</p>
(1-2) Winter Term.	(1-2) Winter Term.	(1-2) Winter Term.	(1-2) Winter Term.
<p>Laboratory Work, (1-2)— Cooking of cereals, beverages, quick breads, simple meat dishes, left-overs.</p> <p>Theoretical Work, (1-6)— Stoves, their arrangement and care; fires and fire-building; home sanitation.</p>	<p>Laboratory Work, (1-6)— Cooking of milk and egg dishes, meat substitutes, small cakes, dried fruits, candies.</p> <p>Theoretical Work, (1-6)— Care of dining room; lectures on milk and its care; albumin, meats; preservation of food; food principles—continued.</p>	<p>Laboratory Work, (1)— Cooking of meats, fish, vegetables, bread; making tea, cocoa, coffee, soups, pies, etc., candies and frozen dishes; invalid cookery.</p> <p>Theoretical Work, (1-6)— Lectures from nutrition charts, government bulletins on cuts of meat, composition and food value of milk, eggs, flour, sugar, etc.</p>	<p>Laboratory Work, (1)— Practice teaching; making of soups, fancy cakes, bread, salads, candies, desserts and preparation of invalid dishes; serving of lunches.</p> <p>Theoretical Work, (1-6)— Making of outlines for public school work; dietetics; menu making; round table talks on general topics of home economics; chemistry of foods.</p>

**PRACTICAL OR SHORT COURSE IN DOMESTIC SCIENCE—TIME REQUIRED, ELEVEN MONTHS  
OR FOUR TERMS**

Fall or First Term.	Winter Term.	Spring Term.	Summer Term.
<p>Practice: 8 hours per day, 3 days in a week— Cooking of cereals, beverages, quick breads, meats, hashes, vegetables, etc.; preparing and serving breakfast and short orders; canning, preserving, making fires, care of kitchen.</p> <p>Theory: 2 periods per week— Cookery defined; combustion; fuels; stoves, their mechanism and management; culinary weights and measurements.</p>	<p>Practice: 8 hours per day, 3 times a week— Making of soups, purees, breads, i. e., corn bread and white bread, quick breads, pastries, warmed-over dishes, cooking of vegetables, meats, small cakes and desserts, fruit cakes and Christmas candies.</p> <p>Theory: 2 periods per week— Lecture on care of kitchen, garbage can, closets, sink and dining room; digestion; food principles; study of meat cuts, nutritive value, cost and economical usage.</p>	<p>Practice: 8 hours per day, 3 times a week— Preparation of breakfasts, luncheons and dinners, including the making of bread, coffee, tea and cocoa, serving cold drinks, cooking of poultry, fish, roasts, baked beans, pastries, cakes and frozen desserts.</p> <p>Theory: 2 periods per week— Making of menus, with careful cost estimates, marketing; household sanitation; invalid cookery; care of dining room and kitchen and linen.</p>	<p>Practice: 8 hours per day, 3 times a week— Serving of breakfasts, luncheons and teas; cooking of meats, vegetable left-overs, bread, consommés, pastries, cakes, salads, chafing dish recipes; use of the fireless cooker, gas hot plate; making of sherbets, ices, etc.</p> <p>Theory: Table etiquette— Serving; care of bed rooms; household accounts; school luncheons; camp cookery; school gardens.</p>

NOTE:—By order of the Faculty, each pupil taking Domestic Science must equip herself with at least two sets of the cooking uniform, which is to be made of all white material, i. e., domestic percale or India linen. The set consists of a full sized, all-over apron, a cap, pair of sleevelets and a holder, for opening stove doors, etc. Holder to be attached to apron by long tape. The cooking outfit is to be made according to Butterick pattern No. 6307.

## DEPARTMENT OF HISTORY AND PEDAGOGY.

C. H. GRIGGS.  
 MISS C. B. DRISDALE.  
 MISS MARY J. SIMS.

## COURSE I.

*History of Greece, 1 unit.* (West).—This course presupposes a general knowledge of the external facts of Greek history, and undertakes to conduct the student into an investigation of the underlying principles and forces which condition the outward events. Much stress will be put on the history of Greece up to the death of Alexander. First year, Fall Term, five times a week.

## COURSE II.

*History of Rome, 1 unit.* (West).—Studious attention will be given to the founding of Rome and the civic struggles during its internal development. Comparative attention will be given to the civil wars with a view to the growth of civilization through that medium. The influence of Charlemagne's conquest on commerce and religion. First year, Winter Term, five times a week.

## COURSE I.

*Civics, 1 unit.* (Triplett and Hauslein).—This course is an analysis of the structure and working of government in Texas and in the United State, with some examination of the historical development of existing forms, the end of which is to build up a strong patriotic sentiment and grow a worthy citizenship. First year, Spring Term, five times a week.

## SECOND YEAR SUBJECTS.

## COURSES I AND II.

*Mediaeval and Modern History, 2 units.* (Myers).—In this course time and attention are put on those peoples who have contributed largely to the progress of the world. Special attention is given to those men and great historical movements which have influenced the course of modern progress and made it continuous. Second year, Fall and Winter Terms, respectively, five times a week.

## COURSE I.

*School Management.* (White).—This course contemplates plain and practical talks on the following subjects: written and oral recitations; ends and means of management; elements of governing power; conditions of control; devices in school; school grading; will in conduct. Second year, Spring Term, five times a week.

## THIRD YEAR SUBJECTS.

## COURSE I.

*Economics, 1 unit.*—The purpose of this course is to study the many economic questions in their broad and current relation to social welfare. Third year, Fall Term, five times a week.

## COURSE I.

*History of Industry, 1 unit.*—In this course the student will note critically the causes that gave rise to higher civilization and how the acquired civilization redounds to the good of commerce and religion. Third year, Winter Term, five times a week.

## COURSE I.

*Pedagogy, 1 unit.* (Hewitt.) Recitations and discussions on the following subjects: Study of mental powers; the art of training the teacher; the school; the lesson. Third year, Spring Term, five times a week.

## DEPARTMENT OF SEWING.

MISS E. E. HOUSWORTH.

MISS RUTH E. COX.

MISS KATIE V. FULTON.

These courses are intended to give the student a practical as well as a theoretical knowledge of plain sewing, dress-making and fancy dress-making. Also a practical knowledge in millinery. Other than the regular four-year's Normal Domestic Art Course this department offers a shorter course to specials. The courses are as follows:

*First Year.*

I. Each student makes a model book, including all stitches used in hand sewing covering two terms. Lectures on theory as given in text.

III. *Problems.*—Clothes bags, aprons for children, towels, corset covers, scarfs; hemming table linen. Text used: Hapgood's School Needlework.

*Second Year.*

I. Each student takes measures, drafts and cuts patterns, choice of material. Lecture and discussion on theory taught. Problems for first and second terms selected.

III. *Problems.*—Shirtwaist, three-piece undershirt, plain dresses, plain shirtwaist.

*Third Year.*

I. Each student drafts patterns from measurement; drafts basques with extra seams for stout figures. Talks on form, color and textiles applied to dress.

Problems: *First, Second and Third Terms.*—Lingerie dresses; shirt-waist, men's shirt and underwear. Text used: Textile and Clothing, by Watson, Part II.

*Fourth Year.*

I. Advanced dressmaking, drafting, remodeling and designing.

II. Demonstrations; discussions.

III. Problems: *First, Second and Third Terms.*—Hand embroidery waist or hand embroidery lingerie; fancy shirtwaists; fancy dresses; tailored skirts. Text used: Textile and Clothing, by Watson, Part I.

SPECIAL SEWING.

I. Model book, including all stitches used in hand sewing. Text: Textile and Clothing, by Watson, Part I, II, III.

Problems: *First Term.*—Plain shirtwaist suits; underwear for women and men; aprons, etc.

II. Drafting measurements and fitting and testing patterns. Talks on forms and color as applied to dress. Problems. Lingerie dresses and fancy shirt waist.

III. Advanced Dressmaking. Demonstration. Costume designing and remodeling. More elaborate dresses. Tailored skirts. Two normal subjects as selected.

MILLINERY COURSE.

*Fall Term.*—Instruction in choice of material. Talks on shapes of heads as related to hats. Problems—Wire and buckram shapes. Ribbon flowers.

*Winter Term.*—Talks on manufacture of felt and straw hats. Problems—Making and trimming turbans and toques. Full facings, fitted facings. Variety of bows.

*Spring Term.*—Lectures on combination of colors and how to refreshen straw and ribbon. Problems—Spring and summer shapes. Draping mourning bonnets. Can be taught in a term of nine months.

YOUNG WOMEN'S DEPARTMENT.

MISS A. L. EVANS, Preceptress in Charge of Girls' Dormitories.

MRS. S. E. HANCOCK, Assistant Preceptress.

MISS E. E. HOUSWORTH, Assistant Preceptress.

MISS C. B. DRISDALE, Assistant Preceptress.

DISCIPLINE.

We strive to use such discipline as will develop a *high type of womanhood*. Girls are encouraged to do right from *principle*. They are placed on their honor, and *conduct becoming ladies* is insisted upon.

The Preceptress lives with the female pupils and is present to advise and direct them.

Since we believe a knowledge of the details of household economy is essential to the education of every woman, each female pupil is required to spend some time every day in caring for the dormitories.

The *health* of the girls is a subject of constant care, and pupils are taught under direction to care for the ill.

*Plainness and economy in dress* are encouraged by precept and example.

Cleanliness of person, apparel, room and premises is the rule.

WHAT TO BRING.—Two blankets or quilts; three sheets, each two and three-fourths or three yards long; three pillow cases; one white bed-spread; four towels; four table napkins; two yards unbleached domestic for clothes bag; one pair rubber overshoes; one mackintosh rain cloak; one umbrella.

Each young lady attending the school, whether living in dormitories or not, is required to wear a uniform suit on Sundays and at all social and formal public gatherings of the student body in chapel or elsewhere.

Young ladies taking part in any program at the College may, in place of their uniforms, wear white wash-dress only.

The young women of the school shall assemble once or twice a month in general exercises, for talks from or with the lady teachers. As the name indicates, these talks will cover a wide range of subjects, depending upon the needs of the hour.

#### DORMITORIES.

The female pupils are housed in five buildings; three three-story brick buildings of 94 rooms and nine hallways, with a commodious front gallery looking south and extending the entire length of the building; the other two are comfortable two-story frame buildings of sixty and thirty-two rooms.

All buildings are well lighted and ventilated. The rooms are heated by box stoves, and there is no extra charge for fuel.

The five buildings each afford good accommodations for one hundred and fifty girls.

The class-work in Sewing, Millinery and Cooking is carried on in the Girls' Industrial Building.

In the brick building are located the office of the Preceptress, the girls' reading room and the girls' reception room.

---

#### YOUNG MEN'S DEPARTMENT.

GEO. J. AUSTIN, Monitor.

#### DISCIPLINE.

The aim of this department is to teach the male pupils self-respect, self-control and regard for the rights, feelings and property of others. The boys are required to keep their rooms neat and clean.

Cleanliness of person, apparel, room, and premises is insisted upon.

A special aim is to inculcate a sense of honor; a regard for truthfulness and honesty; and an appreciation of duty and personal responsibility, and habits of application and industry.

#### DORMITORIES.

Foster Hall is a three-story brick building containing 29 rooms and three halls. The second floor of the Kirby Hall contains 10 rooms; the Pickett Hall 16 rooms. These buildings afford fair accommodations for 150 boys.

---

#### THE DINING HALL.

H. C. ALDRIDGE, Steward.

GEO. J. AUSTIN.

MRS. S. E. HANCOCK.

The pupils and some of the teachers take meals in the school dining hall, which is large, airy, well lighted and comfortable.

The tables are served at meal time by young men students, who in this way earn a portion of their school expenses.

A high standard of social conduct is aimed at. Pupils are constrained to cultivate a quiet, genteel, refined demeanor. Boisterousness is discouraged, and anything tending toward familiarity or vulgarity in conduct or conversation meets with sharp disapproval.

The director is in charge of the pupils in the dining room.

The corps of boy waiters have the duty of serving the meals, waiting at tables, and clearing tables, cleaning dishes and setting up tables for the succeeding meal.

The diet is plain and healthful, with considerable variety, both of material and preparation. On holidays a special dinner is served.

---

#### THE SCHOOL LAUNDRY.

W. P. TERRELL, Superintendent.

A. D. EWELL, Foreman.

MRS. R. L. EWELL, Assistant.

The laundry is supplied with steam and equipped with suitable machinery.

There are three large cylindrical washers, one extractor or rotary wringer, clothes starcher, collar and cuff ironer and mangle.

The entire washing, ironing and sorting of the clothes for all the pupils is done in the steam laundry by the girl pupils, assisted by three boys and directed by a foreman.

Pupils thus have the opportunity of learning a useful calling, while doing their own laundering.

## DEPARTMENT OF MUSIC.

MISS W. B. PATTERSON.

## COURSE IN PIANO.

Piano, Violin and Mandolin thoroughly taught. Pupils advanced according to ability. The Piano Course includes the following studies: Root's Pleasant Hours Instruction Book, Sonatina Album, containing sonatinas and rondos by Bach, Beethoven, Haydn, Mozart and others; Sonata Album by Haydn, Mozart and Beethoven; Field's Nocturnes, Mozart's Sonatas, Chopin's Nocturnes and Artist's Repertoire.

Mandolin Course—F. de Christofaro's Method, Nos. 1 and 2.

Violin Course—White's Method, Kayser's Elementary and Progressive Studies and other Technics.

## GENERAL INFORMATION.

---

### SITUATION AND SURROUNDINGS.

The Prairie View State Normal and Industrial College is located in Southeast Texas, in Waller county, six miles east of Hempstead. The situation is commanding and beautiful. The buildings face a broad prairie on the south, which runs for miles to the southeast. To the west and north lie extensive tracts of timber. Five miles southeast is the growing little town of Waller. The Houston & Texas Central Railway runs in front of the school, a mile distant, making the college easy of access by rail from all parts of the State.

A constant Gulf breeze, which often becomes a strong wind, insures a pure and healthful atmosphere, and the general health of the pupils has been good.

### HOW TO REACH PRAIRIE VIEW.

Several days before leaving home, students should inform their nearest railroad ticket agent that Prairie View Station is in Waller county on the main line of the Houston & Texas Central Railway, and find out from him the best route to reach it. Find out also on what day and on what train you will arrive, and notify the Principal of the school of your coming.

### OPENING DAY.

The thirty-fifth annual session opens Wednesday, September 9, 1914, and every student, if possible, should reach the College on the opening day.

### MESS HALL.

All student boarders and all unmarried teachers take their meals at this building in the large dining hall. The aim of the State is to furnish a palatable, healthful diet at actual cost of material and service.

### YOUNG WOMEN'S DORMITORIES.

The girls of the institution are housed in five dormitory buildings: one, a two-story frame building of 31 rooms; the second a three-story brick building of 36 rooms, and the third and fourth are three-story brick buildings of 28 rooms each on second and third floors, and containing on the first floor the Sewing and Cooking Departments, and the fifth a frame building with 16 rooms. These five buildings are all lighted by electric lights and have water connection and baths with hot and cold water.

### YOUNG MEN'S DORMITORIES.

The Kirby Building has been moved to the east part of the campus, and has undergone an extensive and thorough remodeling and repair,

which has made this one of the most useful and tasteful buildings of the institution. The upper story contains ten bed rooms for senior boys; the lower, seven rooms, are used for the Chemical and Physical Laboratory and recitation rooms.

Pickett Hall is a frame building of twenty-four rooms for the accommodation of young men. The new frame two-story building erected during the session contains 32 rooms.

The three-story brick dormitory, Foster Hall, was built for boys in order to meet the growing demand for room. This building contains twenty-nine rooms, with good light, ventilation and furnishings. A brick bath house contains shower baths for boys.

### ACADEMIC HALL.

This hall is a stately building—the main central part being three stories in height and containing, above, the chapel, with a gallery, and below, the principal's office, book store, library and reading room. Two wings, each of two stories, contain six recitation rooms and two committee rooms, used solely by the Board of Directors whenever the business of the school requires their presence at the institution.

### THE SHOP.

The shop of the Mechanical Department is a two-story brick structure, with an additional room of brick, containing the wood-working outfit, and additions containing the blacksmithing outfit, engine and boiler, steam laundry, printing, shoe and harness shops, etc.

### THE CAMPUS.

The school campus comprises at present fifty acres in which the above buildings are appropriately situated. Fourteen teacher's cottages are located around the campus. All the dormitories and school buildings have light and water connections.

### HONORS.

Students who complete the studies of the full course satisfactorily, making required averages, will receive a Normal Diploma. Said diploma has by law the rank of a permanent teacher's certificate and is valid during good behavior.

First Grade Normal Certificates, valid for six years, and Second Grades valid for three years in the public schools of Texas, may be issued to those who complete the required subjects and attain the required standing in the work of the Third and Second Years, respectively.

In addition to an attendance of at least nine months, and satisfactory class-room work and deportment, students must show a commendable ability to teach before either certificate or diploma is granted.

The right of a pupil to receive a diploma or a certificate shall be determined of the Faculty, in full meeting, according to the standard

of scholarship, and the mode of recording the same, as have been regularly and previously provided for.

### **LIBRARY AND READING ROOM.**

The general library and reading room occupies a space on the first floor of Academic Hall. It contains about 2000 volumes of reference books, history, biography, poetry and general literature. Most of these books are selected with special reference to the tastes of students and young people—and are classified according to the latest methods. They are all catalogued on cards, and drawn by all pupils without cost.

The reading room receives regularly some of the leading newspapers and periodicals, and is open seven hours on each week day, two hours on Sunday and three hours on holidays. A reading room for girls with equal accommodations is located in their brick dormitory.

### **RELIGIOUS OBSERVANCES.**

On Sunday morning at 9:30 a Sunday school is regularly held, followed by a review of the lesson by the superintendent. Two voluntary Christian societies are maintained by students, assisted by teachers, the Y. W. C. A. for girls and the Young Men's Christian Association for the young men. The Young Men's Christian Association is well organized and holds two meetings each week; one for Bible study as outlined by the International Committee, and another where different religious and moral subjects are discussed.

At 7 p. m. every Sabbath, students assemble in the Chapel to hear a sermon or a religious lecture.

### **LITERARY SOCIETIES.**

In addition to the classes in monthly rhetoricals, each class is expected to organize and maintain a literary society throughout the session. These literary societies are officered and governed by members of the respective classes, a teacher being assigned to encourage and supervise each organization. Experience demonstrates that much useful drill and education may be derived from the proper conduct and management of these societies.

### **RHETORICALS.**

The fifth and sixth periods of every other Monday in the school year are given to rhetoricals. The whole student body is divided into groups and one group is assigned to a teacher. Two hours of the first Friday night in each month of school are given to a public program composed of pieces rehearsed during the month and the pupils rendering them. Pupils are held accountable in the proficiency of this work, which has been given a relative weight in our system of grading.

Y. W. C. A.

MARY J. SIMS, Advisory Teacher.

During the past three years the Young Women's Christian Association has grown to be an important factor in the religious activities of the institution.

Regular meetings are held twice every month, but the prayer meetings, which are under the direction of this department, are held weekly, every Tuesday evening. The rapid growth in attendance and the spiritual interest manifested by all in these meetings has been marvelous. Then, every Sunday afternoon, from 3 o'clock to 4 o'clock. Bible classes are conducted.

The association also helps students in a material way. We hope to do more in this line from year to year.

The Y. W. C. A. Library contains over 300 volumes of well graded books and hundreds of girls have been constant readers. By means of this library the girls have grown in closer friendship than ever. Better spiritual work can be done if each student will bring a Bible.

All contributions are voluntary except the annual fee.

All athletic games are under the supervision of the association. This year the games have been gymnastics, tennis, croquet, base ball and basket ball.

It is the purpose of the Y. W. C. A. to have every girl attending the school become an active member of the association.

### SOME GENERAL REGULATIONS.

1. The discipline of the school aims to lead its students to self-control, and to prepare them for the successful discharge of the practical duties of every-day life and citizenship as well as for the special duties of school, farm, shop and home.

2. Promptness to all school duties is exacted. Neatness and cleanliness is a rule of the institution.

3. Students are impressed that intelligent labor is dignified and necessary to all individual or social development.

4. No student need come to Prairie View with the idea that it is a place to get a certificate to teach with little real effort. Thorough conscientious work must be done to merit any honor from the institution.

5. No student can leave the ground at any time, or omit any school duty, unless by written consent from the Principal.

6. The use of tobacco and of all narcotic or alcoholic stimulants is forbidden as being a hindrance to the process of education.

7. Students whose conduct raises doubt or suspicion of their character and motives may be requested to withdraw from the institution.

8. True politeness is the rule of social conduct, and rudeness in speech or manner, ill temper, noisy, boisterous behavior, disputes and quarrels, are forbidden.

9. Extravagance and showiness in dress are not approved of by the

Faculty. A neat, plain attire, and a modest, self-respecting demeanor, are expected of each student. Young ladies who graduate are required to wear a uniform designated by the Faculty.

10. All students are required to settle their dues in advance for the month, and students who fall behind ten days in the payment of their dues shall receive a notice, giving them ten days more to settle; and at the expiration of that time, if settlement is not made, such student shall be sent home.

11. All students are required to improve their advantages to a reasonable degree and according to their ability, and when it becomes apparent that a pupil's time is not profitably employed he will be requested to withdraw.

12. Any student who marries during the school session forfeits his rights to any further connection as a student, and will be required to withdraw immediately from the institution.

13. Any student who proves physically unable to attend to school duties may be requested to withdraw.

14. Pupils proving to be consumptives will be sent home for proper medical treatment.

15. Idle, inattentive, refractory pupils will be dismissed.

#### CONCLUSION.

In preparing this catalogue, an attempt has been made to give the information necessary to those who think of attending school here. The course of study, entrance requirements, text-books, cost of board, and other matters of equal importance, are fully stated. However, if after carefully reading its contents the reader should desire further information concerning the school, a letter of inquiry addressed to the Principal will receive prompt attention.

Caldwell, Bobbie C.		Pittsburg
Chamberlain, Ollie C.		Houston
Dailey, Carrie C.		Grapeland
Davis, Undine	Teaching	Calvert
Faust, Maggie D (Evans)		Hempstead
Frame, Hortense	Teaching	Cleburne
Fulbright, Bertha D.		Marlin
Ford, Genicy		Waco
Fous, Ida Mae	Teaching	Seguin
Garland, Alfretha J.	Teaching	Denison
Griffin, Christine	Teaching	
Green, Lucile E.	Teaching	Franklin
Green, Mrs. Lizzie J.		Galveston
Griggs, Odee C.	Teaching	DeWitt
Goodson, M. M.		Dallas

\*Deceased.

Holmes, Earline V.		
Harrison, Corine A.	Teaching	Austin
Hedrick, Edna Mae	Teaching	Eldersville
Jones, Katie		Galveston
Jones, E. L.		Austin
Jones, Lillian T.	Teaching	Longview
Jones, Bonnie R. (Newman)		Waco
Jackson, Dovie S. L.		Lockhart
Kilpatrick, Ira A (Roberts).	Teaching	Prairie View
Kenard, Era M.	Teaching	Galveston county
Lampkins, Mrs. J. E.	Teaching	Austin
Lawrence, Ruby C.		
Mullin, Malinda	Teaching	Sweet Home
Murphy, Emma E.	Teaching	Lavaca county
Mills, Pearl	Teaching	Travis county
Maynard, Eddie V.		Cuero
McFadden, Kate		Tyler
McQueen, Gladys		Navasota
North, Gertrude	Teaching	Double Bayou
Pernetter, Maud (Dewalt)		Houston
Price, Myrtle M.		Victoria
Patillo, Bertha M.	Teaching	Beaumont
Reed, Hattie G.		San Antonio
Richie, Smythie E.		Waxahachie
Stewart, Virginia		Dallas
Shropshire, Lena	Teaching	Mesquite
Spiller, Minnie O. (Sledge)		Houston
Starks, Calystra C.		Hempstead
Slaughter, Georgia		Dallas
Scott, Louise Ai.		Marshall
Small, Mattie J.		Brookshire
Tindall, Louis	Student	Fisk Univ. Nashville, Tenn.
Tompkins, Nancy J.	Teaching	Waller county
Townsend, Constance		Fort Worth
Turner, Beatrice E.		San Antonio
Twigg, Mabel I.		Beaumont
Tappen, Mattie B.		Beaumont
Thompson, Florence B.		Cuero
Vernal, Mamie L.		Winchester
Warden, Etna O.		Galveston
Walker, Emma D.		Denton

## Class of 1912.

Anderson, Susie O.		Brenham
Ajayi, Latevi	Student	Tuskogee
Austin, Katie I.	Teaching	Galveston
Archie, Effie		Hempstead
Baker, E. H.	Teaching	Sherman
Bryant, Callie A.		Glen Flora
Bright, Ruth M.	Teaching	Beaumont
Brown, Norine J.		Corsicana
Branch, Corine		Hempstead
Bailey, Scottie E.		Winchester
Beale, Ethel		Dallas
Beverley, Inez	Teaching	Corpus Christi
Binkley, Lessie		Houston
Bradley, Willie L.		Littig
Brown, Shelley L.		Houston
Brown, H. L.	Teaching	Carthage
Bunn, Ollie		Gainesville
Buford, France		Martinburg
Byrd, O. C.		Waco
Byrd, N. P.		Madisonville
Catchings, C. C.		Houston

Crawford, Bertha I.	Teaching	Houston
Criner, D. C.	Teaching	Silsbee
Chavers, Winnie L.		Marlin
Cotton, Venora		Hammond
Chatham, Annie S.	Teaching	Hempstead
Cook, Fannye J.	Teaching	Georgetown
Davidson, O. C.		Falba
Devereaux, Gussie H.	Teaching	Marion county
Drisdale, Eugenia L.	Teaching	Plum
Epperson, Cleopatra		Franklin
Estelle, H. S.	P. V. S. N. & I. C.	Prairie View
Everett, Nettie		Beaumont
Eikner, Nannie M.		Fort Worth
Evans, Marguerite		Sherman
Evans, M. W.	Teaching	Hempstead
Foley, James Pearl		Beaumont
Fleming, Willie		Fulshear
Givens, Travis	Teaching	Clay
Griffin, Mineola		Lovelady
Graves, Willie P.		San Marcos
Griggs, Conseula	Student	Bishop College
Hicks, J. W.		Navasota
Hines, Charlie M.		Jefferson
Hooks, Jessie L.	Teaching	Brazos county
Hogan, Sallie A.		Houston
Holland, Ollie K. (Pitts)		Jefferson
Holland, Van O.	Teaching	Washington
Hightower, Libbie		Huntsville
Harris, Willie M.		Howth
Harbert, R. B.	Teacher, Domestic Science	San Antonio
Hayden, S. A.	Teaching	Crockett
Housworth, Effie E.	P. V. S. N. & I. C.	Prairie View
Howard, W. L.	Student	Univ. Washington, D. C.
Howard, E. T.	Teaching	Hempstead
Hunter, S. C.	Student	Tuskogee
James, Nannie L.		Ennis
Johnson, Myrtle		Fort Worth
Jordan, Piton E.	Teaching	Tyler
Jackson, Sarah A.		Overton
Johnson, E. J.		Ennis
Johnson, Lois B.		Houston
Johnson, Ursula B.		Houston
Johnson, W. B.	Teaching	Wharton
Jones, Jake J.	Teaching	Hallettsville
Kilpatrick, Mabel E.	Teaching	Waller county
King, Lula	Teaching	Crockett
King, Margie B.	Teaching	Crockett
Kitchen, Earnestine		Port Lavaca
Knight, B. K.	Teaching	Jefferson
Lafond, J. H.		Schulenburg
Lane, F. L.		Calvert
Larkins, J. P.		Tyler
Lawrence, Illma	Student, St. Louis	Houston
Lewis, Iantha		Houston
Lanier, Viola N.		Beaumont
Love, Lula B.		Calvert
Love, Sophia E.		Calvert
Myers, Jose V.		San Marcos
McCann, W. I.	Teaching	Bonus
McCarter, Mary E.		Houston
McCloney, Justine		Houston
McCoy, D. W.	Teaching	Jefferson
McDonald, J. T.	Teaching	Denton
Middleton, H. M.	Teaching	Oakland
Nelson, J. D.	Teaching	Lonestar

O'Neal, A. K.	Teaching	Lee county
Pierson, G. E.	Blacksmithing	Somerville
Payne, O. F.	Teaching	Hempstead
Perry, Lillie D.	Teaching	Temple
Perry, Selma E.	Teaching	Houston
Phillips, W. H.		Port Lavaca
Prevost, Hattie		Houston
Roberts, Mildred	Teaching	Wharton
Reese, Leonosa		Navasota
Robertson, A. G.	Teaching	Calvert
Smith, Mamie		Houston
*Scott, Alice L.		Pasadena, Cal.
Scott, C. R.	Teaching	Houston
Sayles, Frankie D.		Edna
Salters, Edna C.		Denison
Smith, Nellie L.		Moscow
Smith, C. S.	Teaching	Corsicana
Smith, J. V.	Teacher	P. V. S. N. & I. C.
Somerville, Mary V.		Richmond
Sperland, V. F.		Whitewright
Terrell, Clifford	Teaching	Myers
Thomas, Maud	Teaching	Marlin
Thomas, O. R.	Teacher	Navasota
Thompson, H. S.	Teaching	Mineral Wells
Turner, Rosa F.		Dallas
Walden, Anette		Galveston
Wilson, Marguerite		Houston
Williams, Jeffie M.		Waco
White, Mary		Yoakum
White, Matie		Houston
Walker, Mattie B.		Courtney
Williams, Hilda		Houston
Wood, A. T.	Teaching	P. V. S. N. & I. C.
York, Fredonia		Groesbeck

## Class of 1913.

Abernethy, J. J.	Student, A. & M. College	Kansas
Abner, E. G.	Teaching	Conroe College
Alexander, Ethel	Teaching City School	Waco
Anderson, Susie	Teaching City School	Brenham
Banks, Edna		Houston
Barnes, Fisher J.	Teaching	Spring
Barnes, W. V.		Willis
Barry, Fred W.	Teaching	Harrison county
Bassett, Ira P.		Anderson
Bonham, Charity		Schulenburg
Bookman, Luida	Special Student	Prairie View Normal
Bonner, Blanche M.	Teaching City School	El Paso
Brittain, William	Teaching	Gregg county
Brown, Ethel V.		Waco
Bryant, Lucile	Supernumary City School	Houston
Butler, Lucy	Teaching	Littig
Bufford, France	Teaching	Camp County
Cartwright, Jessie		Willis
Clark, Elmer R.	Student	Langston, Okla.
Clark, Ewell		Giddings
Cobb, Edward W.		Rockdale
Cole, Georgia		Navasota
Coleman, Ocie	Teaching	Oklahoma
Conway, Cora Bernice	Teaching City School	Houston
Cook, Ima	Teaching	Henderson
Cook, Nellie B.		Hallettsville
Crawford, Robey L.	Student	Wilberforce Univ.
Crowe, Jessie E.		Van Alstyne

Dillard, Carrie		Chappell Hill
Easter, Beulah	Teaching	Waco
Easter, Zella	Teaching	Waco
Edwards, Effie E.		Victoria
Edwards, George W., Jr.	Teaching	Gonzales county
Etter, W. H.		Jacksonville
Fleeks, Katie B.	Teaching	Houston county
Flint, C. W.	Howard Dental School	Palestine
Fortson, Lois M.	Teaching City School	Houston
Foster, Diamond T.	Teaching	Waller county
Freeman, Byron A.	Printer	Palestine
Gardner, Bessie		Sherman
Goodson, Barney S.	Tailor	Yoakum
Goodwin, Edwina (McDonald)		Alexandria, La.
Goree, Virgie	Teaching	Texarkana
Guilmetot, Nellie E.	Teaching City School	Beaumont
Hailey, Julia E. M.		Houston
Haywood, Harold E.	Student Howard Univ.	Washington, D. C.
Haywood, Willie Mae	Teaching	Bexar county
Hines, Tiny E.		Cold Springs
Hogue, Celia		Conroe
Horace, Porter H.		Groveton
Horton, Gertrude		Marshall
Howard, W. J.	Student Howard Univ.,	Washington, D. C.
Humber, E. C. (Wright)		Marlin
Hurdle, I. Q.	President Christian College	Palestine
Holland, Estella		Washington
Jackson, James I.		Cleburne
Jeter, C. E.	Hat making business	Orange
Isaacs, Ruby V.	Teaching	Washington county
Ivey, Bertha		Jefferson
Johnson, Grant	Instructor Agriculture F. I. S. School,	Edna
Johnson, Jessie Lee	Teacher D. D. & B. Institute	Austin
Johnson, Melvina		Austin
Johnson, E. J.	Teacher	Ellis county
Jones, D. H.	Principal City School	Crockett
Jones, G. C.		Midway
Jones, Iona	Teacher	Lovelady
Jordan, Lucy H.	Teacher	Orange
Kennedy, Sadie	Teaching City School	Fort Worth
Kezee, Beulah	Teaching	Falls county
King, Elsie		Hillsboro
King, Mabel (Washington)		Hillsboro
King, Samie		Houston
Kirkpatrick, A. J., Jr.	Teaching	Grayson county
Kirven, Lewis Caralee	Teaching	Freestone county
Knight, L. A.	Teaching	Marion county
Luck, Mattie L.	Teaching	San Marcos
Lynn, Jennie E.	Teaching	
Lattimore, O. L.		Rusk
Lillie, Anna O.		Beaumont
Lindsay, Jessie		McKinney
Love, Mae	Teaching	Temple
Maddox, D. L.	Student Meharry Medical College,	Trawick
Mason, P. Ericson	Student Langston Univ.	Giddings
Mable, Anna M.	Teaching	
Martin, H. J.	Teaching	Fordyce
Matthews, Waldo W.		Beaumont
McNeal, Omar D.		Gainesville
Middleton, R. J.	Teaching	Dallas county
Mitchell, Clara C.		Dallas
Mitchel, Herbert E.		Houston
Morris, Mary C.		Alma
Mosely, Mrs. M. P.	Teaching	
Motley, Simmie	Teaching	Washington county

Matthews, Lillian	.....	Brenham
Neal, Consuela V	.....	Kendleton
Patillo, Dora Blanche	.....	Beaumont
Penn, Mary L	.....	Dallas
Pitts, Addie B	.....	Jefferson
Price, T. K	Principal	Mexia
Randle, Havana B	.....	Houston
Reed, Veola	.....	Beaumont
Reese, Walter L	.....	Navasota
Rhone, Charles C	.....	La Grange
Robinson, Pearl	Teaching	Travis county
Robinson, Floyd W	Teaching	Milam county
Robinson, Mamie	Teaching	Houston
Roligan, Virginia	Teaching	Nacogdoches county
Rucker, Lorena	Teaching	Weatherford
Sawner, Juanita I	.....	Fayette county
Scott, Adine J	Teaching	Houston
Scott, Cleola R	Teaching	Tyler county
Scott, E. W	Instructor	Prairie View Normal
Scott, H. T	Teaching	Woodville
Sharpe, P. P	Teaching	Browndel
Speaker, C. L	Teaching	Egypt
Stevens, Julia A	Teaching	Lavaca county
Stinnett, Myrtle	Teaching	Van Alstyne
Simmons, Hortense	.....	Marlin
Taylor, Ethelyn M	Teaching	Smith county
Terrel, Lillian	.....	Rice
Thomas, Christine	.....	Ennis
Thompson, H. S	Teaching	.....
Tolliver, G. S	Teaching	Waller county
Tompkins, Abram M	Teaching	Waller county
Trent, Mary E	Teaching	Dallas county
Tucker, Estelle	Teaching	Dallas county
Verette, Sadie B	.....	Houston
Walker, M. O	Teaching	Grimes county
Washington, Harvey L	Blacksmith	West Point
Wallace, Minnegan C	Printer	Waco
Washington, Vada	.....	Calvert
Watts, Pearl	.....	Wortham
Waumock, Bertha C	.....	Caldwell
Whiting, Prudence A. Johnson	Teaching	.....
Williams, Eddie T	Farm Assistant	Prairie View
Williams, Edward J	.....	Denton
Williams, Pauline E	Teaching	Temple
Williams, Willie	Teaching	Dallas county
Willis, Fannie A	Teaching	Gregg county
Wilson, Marguerite	Teaching	.....
Woodward, Amma	Teaching	Grimes county
Wright, M. Elizabeth	.....	Taylor
Wright, T. W	Teaching	Calvert
Young, Myrtle	.....	Willis

## Class of 1914.

Alberson, Mrs. C. B	.....	Dallas.
Atherton, Leona A. J	.....	Prairie View.
Alton, James H	.....	Kendleton.
Anderson, Viana	.....	Beaumont.
Allen, Jeffie O	.....	Waco.
Butler, Lucy	.....	Littig.
Booker, Gertrude	.....	Houston.
Bates, Cleopatra	.....	Marlin.
Brown, Julia C	.....	San Antonio.
Boyd, Artese	.....	Hearne.
Barnes, Fisher J	.....	Willis.

Butler, Beatrice	Yoakum.
Bowie, Cleta V.	Beaumont.
Beal, Ethel	Dallas.
Buchanan, George Washington	Prairie View.
Bolden, Inez	Huntsville.
Baldwin, William	Fordyce.
Branch, Athon Oscar	Wharton.
Cox, Adeline	San Antonio.
Campbell, Mrs. Kennie	San Antonio.
Campbell, Ada Marcella	Littig.
Campbell, Junis	Austin.
Calhoun, Louella G.	Wharton.
Chatman, Charles	Mexia.
Carter, Allyne	Houston.
Daily, Victoria	Grapeland.
Donaldson, Mrs. J. M.	Tyler.
Devereaux, Willie I.	Jefferson.
Dilworth, Annie Mae	Gonzales.
Dibrell, Lezena	Seguin.
Dean, Moses Z.	Bremond.
Evander, Vivian	Houston.
Furch, Lula B.	Tyler.

Yates, Paul I.	Houston.

44

## SAMPLE EXAMINATION FOR SECOND YEAR.

## UNITED STATES HISTORY.

1. Indicate the parts of America claimed originally by each of the European nations. Why were they so claimed?
2. State the motive and cause of each charter change in the Virginia colony. Tell of the Bacon and Clayborne rebellions.
3. Show difference in causes and results between King William's War and the French and Indian War.
4. What questions growing out of the French and Indian War helped to bring on the Revolutionary War? How?
5. Name three difficulties that stood in the way of the treaty of peace at the close of the Revolutionary War. How?
6. Locate and tell how and when the United States made each addition to its territory since 1800.
7. Why is foreign immigration encouraged by the United States? What restrictions and what prohibitions are put upon it?
8. What is the Monroe Doctrine? What called it forth? On what occasions has it been applied?

## ARITHMETIC.

1. A bought a sack of sugar weighing 150 lbs. at 5 1-2c a pound; B made 10 purchases of 15 pounds each at 6c a pound. Who made the better deal and what per cent did he save?
2. A man drew out of the bank three-fifths of his money, and expended 30 per cent of 50 per cent of this for 728 bushels of wheat at \$1.12 1-2 a bushel. Find amount left in bank.
3. For what sum must a note payable in 60 days be drawn to produce \$493, when discount is at 8 per cent.
4. A note of \$650, dated March 2, 1869, and payable April 1, 1870, was discounted February 3, 1870. What were the proceeds?
5. Find the square root of 3-5 to four decimal places; of 9 1-3 ten thousandths.
6. A horse is tied to a stake with a rope 30 feet long. Find area of the flat of land on which he feeds.

## ALGEBRA.

1. Divide  $a^4 - 81b^4$  by  $a - 3b$ .
2. Change to a mixed or integral expression: (a)  $\frac{x^2 - 2x + 1}{x - 1}$ ;  
 (b)  $\frac{x^2 - 2x + 1}{x + 1}$ ; (c)  $\frac{16(7x^2 + 1)}{4x - 4}$
3.  $\frac{m^2 - n^2}{(c + d)^2} \div \frac{m - n}{c + d}$  equals what?
4. Simplify: (a)  $1 - \frac{1}{1 + \frac{1}{x}}$ ; (b)  $\frac{11a^2 - 22ax}{33(a^2 - 4x^2)}$
5. A house and garden cost \$850; five times the price of the house was equal to twelve times the price of the garden. Find the price of each.
6. How many 10-cent pieces and how many 25-cent pieces must be taken so that 70 pieces shall make \$10?

## SPECIMEN ENTRANCE EXAMINATION QUESTIONS.

## ADMISSION EXAMINATION, FIRST YEAR.

## UNITED STATES HISTORY.

1. Name and locate the first four permanent settlements made by Europeans in North America.
2. Tell the story of John Smith. Who was Pocahontas? Who King Philip? Who William Penn? Who Roger Williams?
3. Who settled Pennsylvania, Massachusetts, New York, Texas?
4. What became of the French and Spanish possessions in the new world?
5. What did Franklin, Washington, Jefferson do? Who were the Tories?
6. What was the Missouri Compromise? The Dred Scott Decision? What the Monroe Doctrine?
7. What were the armies fighting about at Quebec, at Yorktown, at Gettysburg? How were the questions settled?

## GEOGRAPHY.

1. Define meridian, tropic and zone. Locate and define the prime meridian.
2. Name the coast forms of land and water. Locate three of each.
3. What is the difference in the heating of land and water, and why? Give resulting effect upon climate.
4. In what part of the world is wheat grown? Corn? Rice?
5. Name the form of government and three colonial possessions of each: Russia, United States, Great Britain.
6. How long is the steamship route from New York to Manila by way of Suez Canal, and what are the intermediate ports?
7. How do you go from St. Petersburg to Odessa by water?
8. Locate high and low Europe. Give the natural divisions of the surface of North America.

## ARITHMETIC.

1. In three weeks a man ploughed a field; the first week he ploughed  $\frac{3}{8}$  of it, the second week  $\frac{1}{4}$  of it; what part of the field did he plough the third week?
2. If  $\frac{3}{4}$  cords of wood can be bought for twice as many dollars, how many can be bought for \$31.50.  
 $\frac{2}{3} \times 3.75$
3.  $\frac{2}{3} \times 4.25$  equals what? Solve by fractions.
4. What is the product of  $\frac{1}{8} \times \frac{9}{9}$  and its reciprocal?
5. Three persons bought 18 tons of coal and divided it so that the first had  $\frac{3}{7}$  of it; the second  $\frac{5}{12}$ , and the third the remainder. How many tons did the third man get?
6. A Mexican dollar is worth \$13-20; how many Mexican dollars must be given in exchange for three cows valued at \$72.50?
7. One-third and three-fourths of a yard is what fraction of a mile? Add to  $\frac{3}{4}$  lbs.,  $\frac{8}{5}$  oz. and 2.55 cwt.

## ENGLISH GRAMMAR.

1. Explain the difference between a thought and a sentence.
2. Define and illustrate a Simple sentence, a Complex sentence, a Compound sentence.
3. Analyze this sentence: "Whatsoever ye would that men should do to you, do ye even so to them."
4. Illustrate three different uses of the infinite.
5. Explain and illustrate the difference between a noun clause and an adjective clause; between a clause of reason and one of cause.
6. Write a brief essay upon this subject: The Uses of the Eyes.

**THE SUMMER SCHOOL.**

**OBJECT OF SUMMER SESSION.**

There is a large class of progressive teachers whose regular engagements in the public schools make it impossible for them to attend the regular nine months' sessions of any college.

There is another large class of progressive teachers whose large family responsibilities make it impossible for them to set aside sufficient finance to support their families and at the same time maintain themselves in a nine months' college session.

There is still another class of earnest, deserving young men and women who have to support their aged fathers and mothers, and who are maintaining relatives in school and are thereby prevented from saving up enough money at any one time to attend a full college session.

In view of the growing interest in industrial education, there are still others who desire to study scientific agriculture, mechanics, dressmaking, domestic science and other trades, and yet find it inconvenient to attend the regular nine months' session.

To meet the long-felt wants of these many classes is the object of the summer session of the Prairie View State Normal and Industrial College.

**SCOPE OF WORK.**

1st. All the work of the regular normal course, including the industries of the College, will be taught in the summer session.

2nd. Special courses, such as typewriting, stenography, business courses, languages, higher mathematics, vocal and instrumental music, etc., will be taught by competent instructors to those who desire to make a specialty of these subjects, or any of them.

**CREDIT FOR WORK DONE.**

1st. Those who attended during the Summer Term will have their standing recorded in the College records, and due credit will be given for this work just as in the case of work done during the regular Fall, Winter and Spring Terms, and when a student has satisfactorily completed the courses leading to a certificate or diploma, making the required averages in both class work and examinations, such certificate or diploma may be granted, provided that no student shall receive a normal diploma unless he shall have attended at least three terms of the regular session, in addition to the work done during the Summer Terms; and provided that no certificate shall be granted unless the student has attended at least one term of the regular session, three terms in all.

2nd. Those who do not desire to pursue the regular course, but make a specialty of some particular branch or branches, will be awarded a special Certificate of Proficiency on the extent of work satisfactorily accomplished in the particular branches studied.

**ALUMNI OFFICERS**

President.....	J. W. BARTLETT
Secretary.....	MISS C. B. DRISDALE
Treasurer.....	N. B. EDWARDS
