Fall Honor Roll Released

Seventeen Receive Straight "A" Records

A total of 483 students were listed on the First Semester Honor Roll which was released early this week.

Freshmen led the list with 160 names on the honored list. Seniors, Sophomores and Juniors competed in that order with all three about even.

Seventeen persons made straight "A" records. They are Willie Cartwright, James A. Davis, Havolyn Gibson, Sandra Hainsworth, Joe Calvin Idlebird, Bridgie Johnson, Darryl Kemp, Teresa Kemp, Arlie LeBeaux, Alonzo Lester, Kennard Luckey, Merle Overstreet, Arthur Rawls, Juanita Stafford, Carrie Stuart, Lovie Mae Teal, and Jacqueline Williams.

Other students who received a quality point ratio

of 3.6 to 4.0 include: Carolyn Alexander, Olivia Allen, Hazel Amos, Ray Marie Antoine, Brenda Barnes, Charles Bendy, William Blakemore, Macie Boatner, Melba Bradford, Abebe Brehanu, Leola Brooks, Evelyn Brown, Pearl Brown, Thelma Busby, Myrtle Cade, Edward Callaway, Joseph Camacho, Patricia Chase, Shirlee Coffield, Elbert Collins, Harold Davis, Isadore Davis,

Samuel Davis, Alfred Debose, James Earl, David Echols, Jr., Erma English, Charles Ferguson III, Rosie Fields, Belinda Foreman, Shirley Foreman, Minnie Forte, Laurace Fuller, Pamela Garrett, James Ginns, Mary Granger, Ollie Greenwood, Jimmie Harris, Jerry Hickman, Arnold Hider, Kenneth Hopper, Oscar Hughes, Cheryl Johnson, Stephen Johnson,

Larry Lester, Charlesetta Lewis, Mattye Lindsey, Edmon Loville, Marion Lucas, Willie Luckey, Jennefer Martin, Claudean Mathis, Gary McCall, Samuel McMillan, Michael, McQuade, Gerald Miles, Lynda Mil-

ton, Donald Moten, Walter Murphy, Alice Newson, James Page, Melvin Peoples, Eva Puddy, Pattisap, Ramakrishnaiah, Jocelyn Randle, Arthur Rawls, Ronald Rayford, Peggy Reagins, Ernest Reed, Larry Reese, Jewell Reeves, Sherrial Reeves, Bruce Roberson, Helen Roberson, Abel Rutherford, Carolyn Sanford, Zenova Scott, T. V. Smith, Hortense Sparks, Juanita Stafford,

Waller County Plans Centennial Celebration

Plans have been finalized for the Waller County Centennial to be held on April 28-May 5. The Waller County Historical Society, Inc. was recently formed to guide the up-

coming celebration. Corporation officers are President, Jack Taylor; Vice President, Oliver Kitzman; Secretary-Treasurer, A. M. McCaig.

The Executive Committee consists of General Chairman Jack Taylor, Headquarters Chairman Tony Newcomb, Treasurer W. T. Mann, Secretary Paula Burnup, Student Activities Coordinator Dr. A. I. Thomas, Revenue Division Chairman Travis Winfree, Ladies Participation Chairwoman Barbara Cantrell, Mens Participation Chairmen L. J. Lecamu, Jr. and H. D. Schwarz, Spectacle Ticket Division Chairman Jody Boetcher, and Spectacle Division Chairman Mike Eden. A. M. McCaig is chairman of the Publicity Division and Co-chairmen of the Special Events Division are Mr. and Mrs. Joe Kostak.

Sub-committee personnel are:

Revenue Division:

Chairman, Travis Winfree; Commemorative Booklet Committee Chairman, Miss Jimmie Rene Ogg.

Participation Division:

Ladies Division Chairwoman, Barbara Cantrell; "Celebration Belles" Committee Chairwoman, Ellen Steen; Ladies Sunbonnets and Dresses, Ellen Steen; Promenade and Caravan

Prairie View A&M College of Texas

VOLUME XLVII, No. 12

Prairie View, Texas

FEBRUARY 22, 1973

System President Heads Southern Assoc. Group

Texas A&M University President Jack K. Williams has been elected to a fourth consecutive term as chairman of the Commission of Colleges of the Southern Association of Colleges and Schools.

The commission is the accrediting agency for public and private institutions of higher education in 11 southern and southwestern states, including Texas.

Dr. Williams also serves as a member of the association's board of trustees.

Earlier this year, he was elected president of the Federation of Regional Accrediting Commissions of Higher Education. FRACHE is the coordinating agency for the nation's six regional accrediting associations and the National Commission on Accrediting, which serves all organizations conducting professional accrediting work.

ADULT LEADERS IN SCOUTING — Hempsted-PV-Waller and David Crockett District leaders and advisers all received awards and

recognition for service to youth during annual District Appreciation Dinner held in Frydek.

National Business Education Honor Society Approved

The department of business received approval from the National Council of Pi Omega Pi to establish a probationary chapter at Prairie View A & M. Pi Omega Pi is a national business teacher education honor society for undergraduate and graduate majors in business education.

Phi Omega Pi Honor Society aspires:

1. to create a fellowship among teachers of business subjects.
2. to create and encourage interest and promote scholarship in business education.
3. to encourage civic responsibility.
4. to foster high ethical standards in business and professional life among teachers of business.
5. to teach the ideal of service as a basic for all

Mid-Term Exams & Spring Break Ahead

Most PV students are looking beyond mid-term

PV Computer Service Improved Thru Texas A&M

COLLEGE STATION — Texas A&M University's Data Processing Center, the largest university IBM terminal operation in the state, will add Prairie View A&M College to its list of institutions having on-line access to TAMU's computer.

Two terminal stations will be installed on the Prairie View campus this month to give the school access, through a leased telephone line, to the full range of computer services offered at the Data Processing Center.

One of the terminals will be an IBM 2770 Remote Job Entry terminal. The low speed card reader and line printer will be installed in Prairie View's Data Processing Center, and plans call for the 2770 to be upgraded to a faster unit, the IBM 3780 RJE terminal later this year.

The other terminal will be an APL terminal which uses a combination of typewriter and telephone link-ups with the IBM 360 computer system on the TAMU campus. It will be installed in Prairie View's School of Agriculture and will give the Agriculture Research Group a time-sharing capability for the solution of many of the statistical computations performed on the PVAM campus.

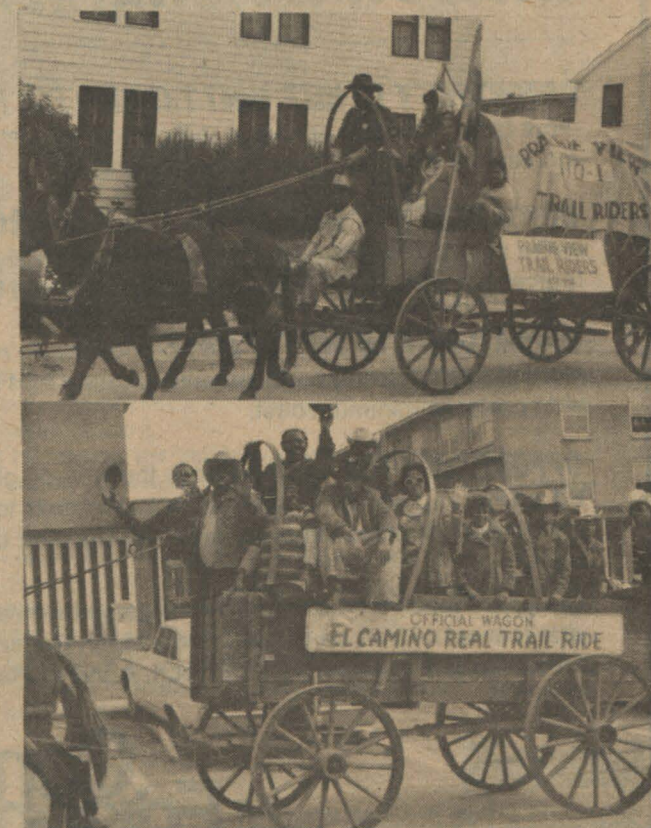

examinations on March 1, 2, 3 to the Spring break of about 6 days scheduled to begin officially on March 5.

Classes will resume at 7:30 a.m. on March 12.

The Spring Vacation comes early this year to coincide with the normal mid-semester break. A very short intermission of only three days is scheduled during the Easter season . . . beginning at noon on April 19 and closing on April 23. Easter comes this

year only a little more than a week before Spring Commencement Exercises.

Major activities coming up when students and faculty return in March include the 18th Annual Institute for the Advancement of Science set for March 17, Sophomore Career Day, the Industrial Education Conference Miss Prairie View Pageant, Epsilon Pi Tau activities, and the annual Home Economics Institute and Hospitality Day.

PRAIRIE VIEW TRAIL RIDERS — Two lead wagons are pictured during the parade around campus Sunday. The 15th Annual PV Trail Ride joined others in Houston for the downtown parade.

PV ASME Students Host Southern

On February 1, the Student Section of the Southern University Chapter of the ASME visited the newly established Prairie View Student Section and had a brief excursion of the Engineering Laboratories. The group was composed of Prairie View and Southern University students and faculty. Mingling individually with the students were faculty from left to right: Herschell Sheely, Prairie View ASME Faculty Advisor; J. R. Phillips, Mech. Engr. Chairman, Prairie

View; Jimmy Morgan, Faculty at Southern University and a 1969 graduate of Prairie View; and Charles Tinsley, ASME Student Advisor at Southern University.

The Southern University ASME students were greeted by A. E. Greaux, Dean of Engineering at Prairie View and later were carried on a guided tour of the Engineering Laboratories by L. B. Morgan and Herschell Sheely, professor in the Department of Mechanical Engi-

neering.

Services Held For Former PV Professor

Funeral services for Dr. Henry Bullock, a longtime Texas educator were held February 12 at the Fairchild-Purnell Mortuary in Houston.

Bullock, 66, died on February 8 at St. Joseph Hospital. He had taught at Prairie View A&M College for 19 years, at Texas

Nat'l Teacher Exam Set For April 7th Here

The National Teacher Examinations will be administered on April 7, 1973 at Prairie View A&M College which has been designated as a test center.

According to Dr. George H. Stafford, many college seniors preparing to teach and teachers applying for certification, licensure, or those seeking positions in school systems which encourage or require the NTE will be taking the tests. In addition, the designation of Prairie View A&M College as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests, Dr. Stafford said.

Last year approximately 120,000 candidates took the examinations which are designed to assess cognitive knowledge and understanding in professional education, general education and subject-field specialization. The examinations, which are prepared and administered by Educational Testing Service of Princeton, New Jersey, are limited to assessment of those aspects of teacher education that are validly and reliably measured by well constructed paper-and-pencil tests.

Bulletins of Information describing registration procedures and containing Registration Forms as well as sample test questions may be obtained from the Counseling Center or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey 08540.

Honor Society

CONTINUED from Page 1 worthy enterprises.

The approval to establish a probationary chapter of Pi Omega Pi on our campus culminates the combined efforts of Dr. Rose Knotts, Mrs. Savannah Collier, and Mrs. Esther Tyler of the Department of Business.

The purported chapter will have a probationary period of six months after which time the chapter may petition for full membership and the installation of officers.

Pi Omega Pi membership is open to both men and women majoring in business education.

Southern University for 18 years and at the University of Texas at Austin for two and one-half years prior to his retirement in 1971.

Bullock, of 3570 Rosewood St. is survived by his wife, Merle; two sons, Henry A. Bullock, Jr., of New York and Rodney A. Bullock of Houston; and one daughter, Mrs. Merle Bullock Boyd of Williamsburg, Va.

GRADUATING SENIORS

Come talk opportunity at Con Ed's on-campus interviews Thurs. Mar. 8

OPPORTUNITY TO HELP MEET THE NEED FOR POWER—the need of more than 10 million people in the world's largest, most power-hungry market, the New York City-Westchester area.

OPPORTUNITY TO HELP PROTECT OUR ENVIRONMENT—because we're committed to supplying these power needs with minimum ecological and environmental effect, and we're taking big strides in doing it.

OPPORTUNITY TO SERVE PEOPLE—because we're continually improving and personalizing our customer services, and seeking ways to provide power at minimum cost.

OPPORTUNITY FOR YOU—because the already giant demand for Con Ed power and services will double in the next ten years alone. This means opportunities—in every area—for the kind of career growth you want.

See your Placement Director to arrange an interview. If you will be unable to meet with us on campus, write to Mr. Robert J. Brady, Manager, Professional Placement, Con Edison, 4 Irving Place, N.Y., N.Y. 10003

Dr. J. I. Kirkwood

PV Professor Heads Seminar in The Dominican Republic

Prairie View A&M College and the University of Puerto Rico sponsored a symposium on savanna soils of the tropics in Santo Domingo, Dominican Republic during January 22-26, 1973. Dr. James I. Kirkwood, Professor and Director of the Tropical Soils Program, Prairie View A&M College stated. "The Ministry of Agriculture of the Dominican Republic worked closely with Prairie View A&M College to organize the symposium and shares the success of this joint effort."

The principal objective of the symposium was to consider problems of crop production on savanna soils within the areas of; pedology, soil fertility, soil management, and water management. The participants who discussed aspects of each of these areas, have extensive knowledge and experience in savanna soils. Scientists participating: Dr. F. H. Beinroth, University of Puerto, Dr. F. H. Redman of the Dominican Sugar Company, Dr. Ildefonso Pla, University of Central Venezuela and Dr. Jose F. Alfaro. Several internationally known scientists presented papers: Dr. A. Van Wambeke, University of Ghent, Belgium, Dr. Elmer Bornemisza of IICA, Peru, Dr. Robert L. Fox, University of Hawaii, Dr. Robert Cheaney, CIAT, Colombia, Ing. Agron., Clovis Scherer of Brazil and Marcelo Jorge of University of Santo Domingo.

The participants came from several Latin American countries, representing various governmental and private organizations and institutions. Open discussions were held following the presentation of papers. The results and conclusions were made available to the Dominican Government and to all interested persons in other countries.

After adjournment of the symposium, the representatives of the sponsoring institutions called a meeting to form a standing committee to carry out the following plan of work:

Establishment of a commission for soil studies of savanna areas of the tropics.

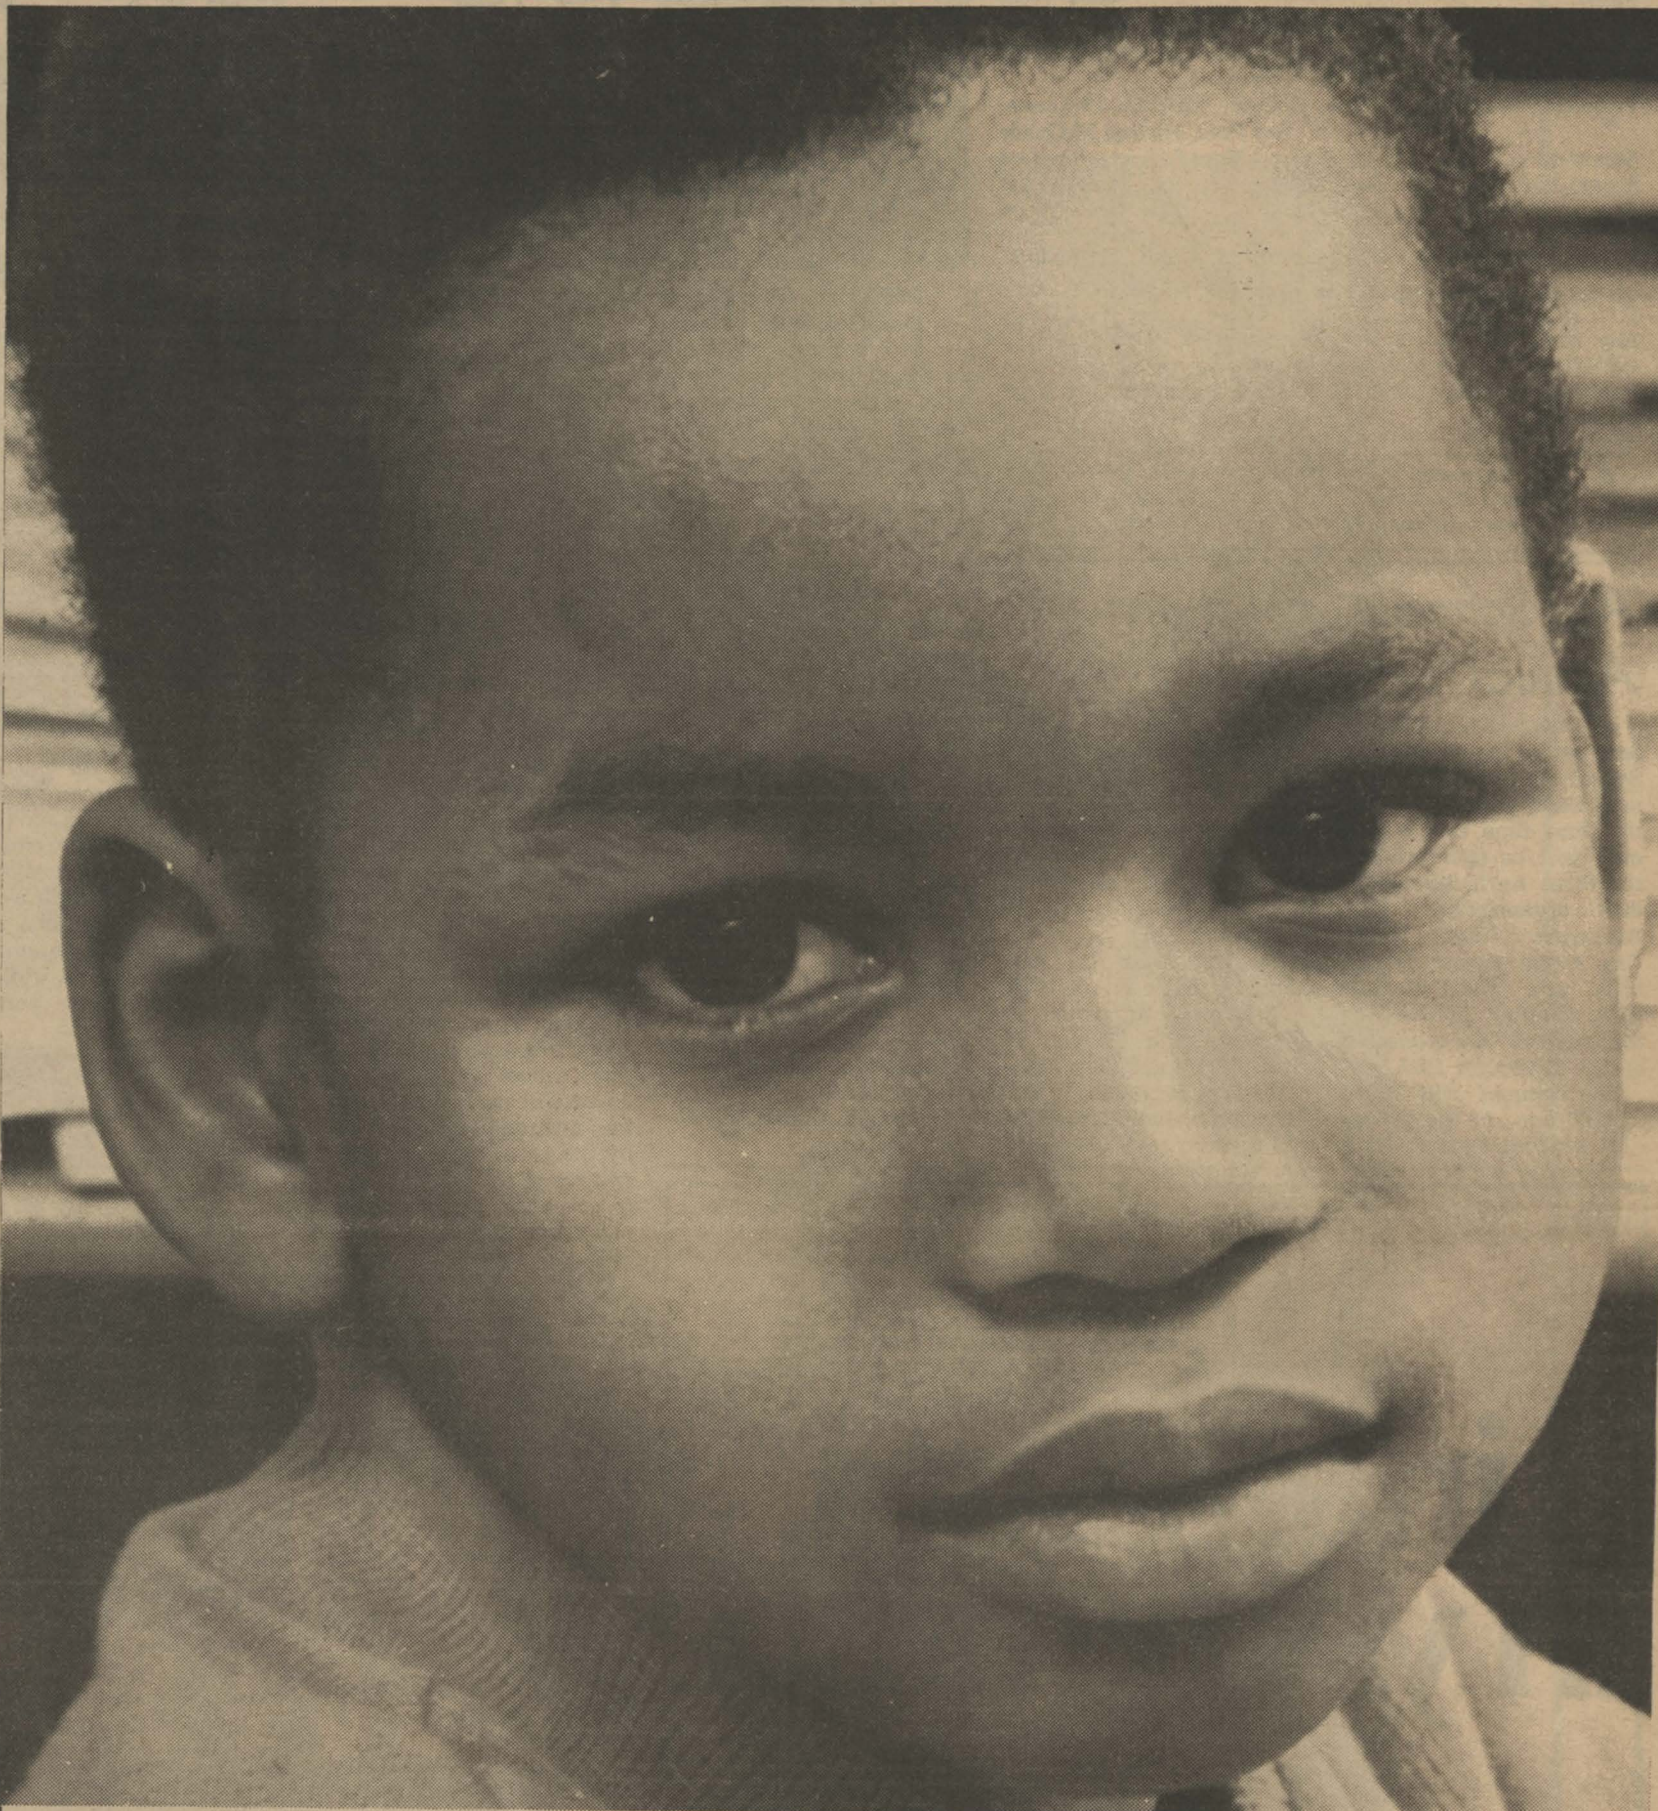

Propose and organize a work-study tour of the savanna areas of Venezuela, Columbia and Brazil.

Prepare and publish the proceedings of the symposium on soils of the tropics, Santo Domingo, Janu-

See SEMINAR, Page 4

Electrical Engineers Schedule February Field Trip on February 27 to NASA

As part of the graduation requirements, the EE seniors will participate in a field trip to the NASA complex on February 27, 1973. The students will be visiting IBM Corporation and NASA Building I and learn about the engineering involvement at the Manned Spacecraft Center. Mr. Horace St. Julian is the faculty sponsor for the field trip.

Pictures talk. Some little boys don't.

Some inner-city ghettos have special schools. For little boys who don't talk.

Not mute little boys. But children so withdrawn, so afraid of failure, they cannot make the slightest attempt to do anything at which they might fail.

Some don't talk. Some don't listen. Most don't behave. And all of them don't learn.

One day someone asked us to help.

Through Kodak, cameras and film were distributed to teachers. The teachers gave the cameras to the kids and told them to take pictures.

And then the miracle. Little boys who had never said anything, looked at the pictures and began to talk. They said "This is my house." "This is my dog." "This is where I like

to hide." They began to explain, to describe, to communicate. And once the channels of communication had been opened, they began to learn.

We're helping the children of the inner-city. And we're also helping the adults. We're involved in inner-city job programs. To train unskilled people in useful jobs.

What does Kodak stand to gain from this? Well, we're showing how our products can help a teacher—and maybe creating a whole new market. And we're also cultivating young customers who will someday buy their own cameras and film. But more than that, we're cultivating alert, educated citizens. Who will someday be responsible for our society.

After all, our business depends on our society. So we care what happens to it.

Kodak
More than a business.

Ag School Schedules Annual Banquet

February 23, 1973 has been set as the date for the School of Agriculture's Annual Banquet. This will be the first time that a banquet will be sponsored by the three Agricultural student organizations; The Agronomy Club, Alpha Tau Alpha Honor Fraternity, and The Collegiate FFA Chapter. In the past the banquet was sponsored by the Collegiate FFA.

The banquet will begin at 8:00 p.m., in the Memorial Student Center Ball-

room. Mr. Fredrick McClure, the first Black State FFA President of Texas will be the speaker. A native of San Augustine, Texas he is talented, a dynamic speaker, an accomplished organist, pianist, and singer.

Tickets went on sale Monday, February 5, 1973. All persons interested in attending the banquet should contact the Agricultural Education Department; Room 100 Animal Industries Building, or

Alfaro, Utah State University, Logan, Utah.

members of the three organizations.

James B. Brown is banquet chairman.

NROTC NEWS

Two Year NROTC Program

Interested sophomores or third year students in a five-year course should contact the Professor of Naval Science immediately, if they are interested in selection for the Two-Year NROTC College Program.

Applications are not restricted to male students nor are there specific majors required. To be eligible, a student must be in good standing with the college with not less than a "C" average and at least 18 years of age upon enrollment. Applicants may be married or unmarried and must meet the same physical standards prescribed for the Four-Year NROTC College Program.

This summer, selected applicants will be paid transportation to and from home to the Naval Science Institute and will receive pay, in addition to tuition, room and board. During the summer, these selectees will participate in a course of instruction in Naval Science and drill similar to that required of NROTC students during their freshman and sophomore school years. 10% of successful participants will be awarded scholarships by the Chief of Naval Operations (CNO) on the basis of their performance and recommendation by the Commanding Officer of the Naval Science Institute.

Naval Science Institute students who do not receive CNO scholarships but are otherwise qualified for the NROTC Program will be eligible for the advanced student, NROTC College (Contract) Program. A Contract Student receives \$100.00 per month on their return to Prairie View A&M College and until commissioning on Graduation as Ensigns, U. S. Navy Reserve.

Selections for the Two-Year NROTC College Program are made on a national basis from nominations submitted by the Professors of Naval Science. Each applicant is considered under the "whole man" concept and those considered best qualified are selected.

Males and females interested in the program should call or come by the NROTC Department, Third Floor, Spence Hall, as soon as possible.

Dr. Berry Speaks

Dr. R. O. Berry, Director of the Planned Parenthood Center, Prairie View A & M, spoke to the Beta Beta Beta Biological Honor Society on January 31. He discussed birth control devices and their effectiveness. As part of his discussion Dr. Berry showed a short film on human reproduction. Various methods of birth control were discussed and compared as

Midshipman Spotlight

This month, the staff salutes Midshipman Joseph D. Camacho, the son of Mr. and Mrs. J. M. Camacho of 5401 Laurelton Avenue, Garden Grove, California. Mr. Camacho is a graduate of Los Alamitos High School and while in high school was very

active in extracurricular activities.

Included among Camacho's many high school interests and activities is involvement with the band, chorus, acappella choir, karate, speech and debate clubs, and girls.

Midshipman Camacho was awarded an NROTC scholarship based on national competition and last semester amassed a 3.75 cumulative grade point average, the highest of any P. V. freshman NROTC student for that semester. He is a Business Administration major and anticipates being commissioned as an Ensign in the U. S. Navy, upon graduation.

Camacho is presently being considered as a nominee to the U. S. Naval Academy in Annapolis, Maryland, based on his demonstrated ability and aptitude.

Midshipman J. D. Comacho

What PV Does For You

There's one great thing that P.V. does for its students. It prepares them for the cruel world society offers. Many of us fail to realize that P.V. is a useful and purposeful institution. P.V. holds a vast and meaningful tradition that should not be overlooked.

to effective use and reliability.

There was a variety of questions and comments from the audience following the formal presentation. All the Beta Beta Beta Biological Honor Society members and guests agreed that this information is needed in modern society.

It should be remembered that P.V. has turned out many of the top professional Black people in the state. Many question P.V.'s curriculum. P.V. curriculum's are vast and varied. So in criticizing the curriculum you may be criticizing your own ability to succeed. Many fail to reach the required 2.00.

So remember P.V. is a useful and purposeful institution. It takes newly graduated high school seniors and transforms them into meaningful, together, matured individuals by the time they graduate. So remember you get out of P.V. what you put into it.
Sweet Don

We're interested in your mind.

We're working on advanced communications satellites, unique land and undersea vehicles and an extremely wide range of R & D programs in many technical fields. Over the years we have had more successful launches of our spacecraft than any other company—more than 300 launches. We've developed all the FBMs for this country. And we're still deeply involved in these projects.

All of these programs require a high level of mental ability and initiative. Graduates in Engineering, Physics or Mathematics who possess these traits are invited to contact their placement office for an interview appointment.

We will be on campus February 28, 1973.

Be someone special in the New Navy

When Dr. Louis A. Ivey graduated with his Naval ROTC at Penn State, he was someone special. As a commissioned officer, he served with distinction aboard the U.S.S. New Jersey in the Korean action. Then, for two years, he was Commanding Officer of the Schierstein unit of the Rhine River Patrol.

Dr. Ivey now specializes in cardiovascular and thoracic surgery at Howard University Hospital. He's someone special—in the Navy or out of it—because he's found, as so many others have, that you can be black and Navy too.

The New Navy puts its money where its mouth is because they need new leadership—Black leadership. To do it, the Navy offers two NROTC Programs to qualified applicants.

They have a Scholarship Program that pays for tuition, books, fees, uniforms and adds a handsome \$100 subsistence allowance. The Contract Program is similar except that you give a little less time and get a little less in return.

If you're Class of '73, the Navy offers Officer Candidate School for both men and women. After graduation, you complete a 19-week training course and are commissioned an Ensign or Second Lieutenant. After three years service, you'll be earning about \$1,000 a month. If you want to continue your education, you may qualify for a complete graduation degree program on a full-time basis at the Navy's expense.

The Navy thinks you're someone special. They're not just saying it, they're *doing* it. Find out about it. Use this coupon, or call toll-free: **800-424-8880**

We're not just saying it, we're doing it.

TIGHT ACTION WITH ALCORN A&M — Panthers beat the SWAC cage leaders in the Dome, but lost on the road. Final basketball action for the 1972-73 season was scheduled last week-end.

CHEERLEADERS — The familiar group has been active at all home games and deserve much credit for keeping PV spirits high.

Panthers Vs. Austin College Saturday

PV Seniors Make Final Home Stand

The Panthers will end their home season with zone member Austin College, Saturday, February 24. It will be the biggest night of the season for the Panthers. All former Panther basketball players will be recognized at half-time.

Former Panther cagers expected to be present are: Zelmo Beaty, (Utah Stars), Jackie Carr-Coach (Houston Wheatley), Clarence Stubblefield (coach

Houston Washington), Earl Johnson (counselor Houston Elmore), Albert James (personnel HISD), Otis Taylor (Kansas City Chiefs), Harold "Coffee Grimes" (counselor Houston Albert Thomas), E. B. Evans, Jr. (coach Houston-Yates), Elmer Redd (coach UH), James Hall (teacher Lufkin high) and James Gamble (coach Port Arthur Lincoln).

At the PV-Austin College game photos of for-

mer PV All-American Zelmo Beaty, will be given to the first 20 kids accompanied by their parents who buy a ticket or have a season ticket. Only one photo to a kid will be given.

The Panthers will end their regular scheduled games at TSU in a big zone contest Monday, February 26. A win over TSU could give the Panthers the district 8 zone title, provided the Panthers win

Millage

over Bishop and Austin College.

Seek Zone Title, K. C. Trip

Panthers Close Successful Season

— By Joe Booker

The NAIA district 8 South zone league leading Prairie View Panthers of coach Bill Cofield, are optimistic that they have a chance to win district 8 and a chance to go to Kansas City, Mo., the site of the NAIA basketball tournament.

The Panthers are 6-1 in the zone and must win over Bishop, Austin College and TSU, to take the zone title.

The Panthers are sporting a 16-7 season record and are 8-3 in the Southwestern Athletic Conference. It's the best record for a PV cage team in some seven years. The Panthers 3rd place standing in the conference is also the best in a long time.

The Panthers travel to Dallas Wednesday, February 21, where they play Bishop College for an important zone contest. The

Panthers edged Bishop in Prairie View 88-85.

The big reason the Panthers have been having such a good season is because of the performance of a couple of All-American candidates. Walter McCowan, a 6-5 senior forward and one of the top scorers in the nation (22.9), who has made All-American and Ray Reynolds, a 6-8 senior forward who leads the nation in free throw shooting (92.0) and the 7th leading rebounder in the nation, are the biggest reason why the Panthers are riding the top of the zone. Reynolds led the nation in rebounding in 1971 with a 20.6 average, was an honorable mention choice that year.

The Panthers starting five are scoring in the double figures, which is another reason the Panthers have been hard to deal with. Guards, Herbert

Guin, and Don Dyer, are averaging 12.0 and 11.6 points a game, respectively, while Lawrence Johnson, 6-9 junior center is scoring at a 12.4 norm and pulling in 14.0 rebounds per outing.

The Panthers 87.5 scoring average per contest is rated in the top 20 among nation small colleges. The Panthers are the second best rebounding team in the nation with a 62.0 game norm.

Cofield also credits the steady off-the-bench performance of 6-5 reserve forward James Millage, a big part of the teams' success. Freshmen guards

Johnny Miles and Charles Gant, according to Cofield, have also played key roles in the Panthers big season.

Under Cofield's tutoring the Panthers have compiled a 11-game winning streak, which has been the longest in the Southwestern Athletic Conference in 5 years. His team's only loss at home was a 75-72 defeat by number one ranked Sam Houston State, but that defeat came after his starting (PV) five fouled out. Since the season opening home loss to Sam Houston, the Panthers have gone on to win 9 straight games at home.

FIND YOURSELF ON THE AEROSPACE TEAM

If you are a college graduate or a senior nearing graduation, you may be eligible for Officer Training School and Air Force Flight Training.

Recent pay raises have made Air Force pay more comparable with civilian pay. And, you'll come out ahead in the Air Force when you consider the other benefits.

Things like 30 days' paid vacation each year from the start . . . medical care for yourself and your family . . . tax-free housing and subsistence allowances . . . flight pay, etc.

And, there's the job security that an Air Force career offers—not to mention retirement at half your base pay after just 20 years. Or three-quarters after 30 years.

You have a lot going for you in the Air Force! Think it over. For information contact SSGT Carter Williams at the student Placement Center or call 857-2120.
