5 Trash

- (a) Those who have the responsibility of keeping the grounds free of trash and debris are anxious to serve the various homes provided containers are placed at convenient places. The TRASH WAGON will call two or three times a week to collect and dispose of trash accumulations.

6 Fire Hazards

- (a) Kindly do not burn the grass around your premises unless you have sufficient help to keep the fire from getting out of control. This is important. Let us keep our eyes on all possible fire hazards.

7 Promiscuous Shooting

- (a) My attention has been called to children and employees on the campus shooting rifles on the premises and near livestock. It is the hope that this warning will be sufficient to the end that there will be no more complaints of promiscuous shooting on the school's premises and lands.

8 Hauling Students

- (a) Many times students of the college request employees to carry them off the campus in their cars. Please keep in mind that if a student does not have the proper excuse to leave the grounds you should not take him in your car.
