## **TO OUR GUESTS**

Commencement is a significant and solemn event, recognizing years of study and sacrifice. To make this ceremony more meaningful, we ask all guests and participants to avoid unnecessary conversation and movement during the exercises.

Please withhold your applause during the presentation of degrees until each degree group is acknowledged and the candidates have returned to their seats.

Following the singing of the Alma Mater, there is a Recessional for the platform party and all degree recipients. We ask the audience to remain seated during this period.

For your assistance, an Emergency Medical Services station is available in the Field House. Please ask an usher for assistance.

# THE COMMENCEMENT PROCESSION

An appropriate costume is a necessary part of Commencement. The costume includes a cap, a gown, and a hood. Each part of the costume has special significance. The most common head-piece (or cap) for the ceremony is the black square, flat-topped, or "mortar board" type with gold or black tassel. It is called a "mortar board" because it is shaped like the board of the mason which holds mortar. Recently we are seeing large velvet Tam-O-Shanter style of head pieces replacing the mortar board. Some of the velvet tams are brilliantly colored such as orange or bright blue.

The tassel on the doctor's cap is usually gold, and permanently fastened on the left side. The master's cap has a black tassel worn on the left. The bachelor's cap has a black tassel worn on the right prior to graduation then moved to the left during the ceremony.

The hood can be the most colorful part of the entire costume. The colors inside the hood are those of the college or university which is awarding the degree. The colors of the outside rim of the hood symbolizes one of the following departments of learning:

|                                   |                |                                  |               |
|-----------------------------------|----------------|----------------------------------|---------------|
| Agriculture                       | Maize          | Medicine                         | Green         |
| Arts, Letters, Humanities         | White          | Music                            | Pink          |
| Commerce, Accountancy, Business   | Drab           | Nursing                          | Apricot       |
| Dentistry                         | Lilac          | Oratory (Speech)                 | Silver Gray   |
| Economics                         | Copper         | Pharmacy                         | Olive Green   |
| Education                         | Light Blue     | Philosophy                       | Dark Blue     |
| Engineering                       | Orange         | Physical Education               | Sage Green    |
| Fine Arts, including Architecture | Brown          | Public Administration, including |               |
| Forestry                          | Russett        | Foreign Service                  | Peacock Blue  |
| Geography                         | Blue and Green | Public Health                    | Salmon Pink   |
| Home Economics                    | Golden Yellow  | Science                          | Golden Yellow |
| Journalism                        | Crimson        | Social Work                      | Citron        |
| Industrial Education              | Light Blue     | Technology                       | Golden Yellow |
| Law                               | Purple         | Theology                         | Scarlet       |
| Library Science                   | Lemon          | Veterinary Science               | Gray          |

The gown is usually black. The traditional doctor's gown has velvet panels down the front and three velvet bars on the regular sleeves. The master's gown has no velvet, but does have unusually long sleeves. The bachelor's gown is similar to the master's gown but has regular long sleeves which tend to be pointed.

Some gowns may be in the color of the department granting the degree, such as "Education Blue." Others may be "Yale Blue" or "Harvard Crimson" for the graduates of these universities.

## THE MACE

The mace is an ancient symbol of authority which is carried by the marshal ahead of the academic procession. The mace for Prairie View A&M University is four feet long and contains four bronze figures atop a Honduras mahogany base which tapers to fit into its stand. The four figures are symbolic of the four undergraduate academic years. Within the hollow area beneath the figures, and shared equally, is a flame which denotes knowledge and excellence. The base which serves as a grip and is carried by a faculty member, symbolizes the entire faculty; the stand which supports the mace characterizes the administration. The visual impact of the mace as a whole is "torch-like." The eight tassels represent the academic organization of the University.

## THE MEDALLION

The President's Medallion, the official symbol of the Office of the President at Prairie View A&M University, was created especially to commemorate the lineage of the Presidency by the late Mr. Frank Hayden, nationally famous sculptor and Professor of Fine Arts at Southern University, Baton Rouge, Louisiana.

The first medallion was presented to Dr. Percy A. Pierre, fourth president of Prairie View A&M University, on March 21, 1985.

The medallion is designed to be worn with academic regalia at all official University programs. Abstract figures, representing the ten academic disciplines in an attitude of celebration, encircle the outer rim. The inner circle symbolizes the pursuit of excellence throughout four years of teaching and learning. The weave of the chain is the facsimile of that used by the ancient Greeks.

A replica will be presented to each subsequent President during his inauguration. The medallion will ultimately reflect the history of the presidency, revealing names and dates of inauguration.

To the Class of 1977,

**CONGRATULATIONS!!**

For those of you who were unable to attend the *PVAMU National Alumni Induction Reception and Brunch* on Friday, May 9, 1997, I would like to extend to you membership in the National Alumni Association of your Alma Mater, Prairie View A&M University, at no cost to you for the next six months. After which you are encouraged to join the Association for a one year introductory fee of \$25.00. Simply call Ms. Erma Sadberry at (409)857-5817 or write Mr. George Higgs, the Executive Director, PVAMU/NAA, 148 University Drive, PO Box 2875, Prairie View, TX 77446-2875, on or before December 31, 1997.

For those of you who are really serious about your alma mater, you may want to become an annual member for \$50.00 per year or a life-time member for \$500.00 and apply for the *PVAMU Affinity Visa Credit Card*. The proceeds from your contributions will be used for student scholarships, strengthening the alumni infrastructure and to help defray the cost for special programs of the PVAMU National Alumni Association.

As Dr. Hines has often stated during many of his "State of the University" reports to the NAA Board of Directors: "Over 50% of our student body is on some type of financial aid"--- many of these students come from families with an average annual income of less than \$9,000.00. I too, like many of you, am a product of "*the projects*" ---or better put, "*public housing*", which is the politically correct terminology for living below the poverty level. In spite of it all, you have demonstrated that you can "*make it if you try.*" And in your trying, don't forget to reach out and bring along a little *brother or sister* with you.

I am hoping that *as time goes by your heart will not grow cold*, and you too as I have will come to realize: "That much of what you are or ever hope to become you owe to PVU, nurturing parents and caring significant others, including the staff and faculty of this great Institution of Higher Learning.

As you achieve and receive, don't forget to *give something back to your alma mater*. As I have said many times on many occasions during my tenure as President of this noble organization--- "Render unto Caesar what belongs to Caesar, unto God what belongs to God and unto PVU what belongs to PVU". The concept of tithing implies that it's not about "*equal giving*", it's about "*equal sacrifice.*" If we will do that, Prairie View A&M University will be around during the year 2000 and beyond to continue its noble mission of educating the affluent as well as those less fortunate than we, through its *open enrollment* system and its *scholarship programs*.

As you leave this place, you should make every effort to enamor yourselves with PVU and ingratiate yourselves with the good things it represents. Clearly, *PVAMU is A Treasure Worth Preserving*, we ought to keep her that way.

I wish you well and Godspeed as you pursue your respective careers and embark upon this very exciting and rewarding journey, "called life."

Au revoir---"*May the most you wish for be the least you receive.*"

Respectfully yours,

Dr. Samuel Metters  
President, PVAMU/NAA
