**ALL AMERICA-PV'S** David Bohannon (left) and MVSU's quarterback Parnell Dickinson exchange greetings after being honored on the 1975 Pittsburgh Courier All-American (offense) team. The occasion was the Courier-Gulf Oil Black All-American Football Banquet held at the Shamrock-Hilton Hotel-Houston. (See complete offensive team on page 8).

**ENGLISH PROF ON NEWS-11**—Doug Brown welcomes Dr. Theodis Shine, PV English Department head for a special program commemorating Black Culture Month. Several PV Staff members and students were guests at all Houston TV and several Radio Stations during the month of February.

**PV Students Win Awards at Science Meet**

The twenty-second annual Southwest Regional meeting of the National Institute of Science and Beta Kappa Chi Scientific Honor Society was held on February 27 and 28 at the University of Arkansas, Pine Bluff. The meeting was attended by approximately 200 scientists and students from colleges and universities within the Southwest Region. Scientific papers were presented, seminars and symposia were held, and science exhibits were displayed. A banquet was held Friday night and the business meeting was held Saturday morning. The speaker for the Banquet was Dr. M. Joycelyn Elders, Professor, Department of Pediatrics, University of Arkansas Medical Center, Little Rock.

Three faculty members and eight students from Prairie View A&M University attended the meeting. The following

**PV Students Register As Waller County Voters**

Officials of Waller County have employed two registrars who kept very busy their first week taking applications from Prairie View students. An official figure on how many had registered was not available at press time.

Recently retired administrators Dr. T. R. Solomon and Ag Dean J. C. Williams are serving as registrars and are located daily in the Memorial Center. Voter registration in Waller

County has attracted national attention over the past years and the recent arrangement was spearheaded by Secretary of State Mark White, the state's chief election officer. White told a Capitol press conference recently that he met with Waller County officials who agreed to hire the new registrars. He also secured from President A. I. Thomas an agreement to provide office space for the registrars.

**College of Home Economics**

**Nutrition Seminar Series Set**

The College of Home Economics is conducting a Nutrition Seminar Series beginning on March 18 and continuing through the month of April. The objective of the series is to provide opportunities for students to have contact with: a) persons involved in training programs utilizing newer techniques in training and approaches in the dietetic field; b) persons who are engaged in dietetic services at various stages of the family life cycle and at varied income levels; and c) home economics alumni who provide information regarding priorities, realities and perspectives of college education and actual work situations.

The first consultant, Mrs. M. T. DiFerrante, Public Health Nutritionist, West End Health Center, Houston, Texas will speak on "Nutritional Education: An Asset to Community Health" on March 18 at 2:00 p.m. Mrs. DiFerrante earned her B. Sc. (Bachelor of Science) from St. F. X. University in Antigonish, Nova Scotia, Canada. She completed her dietetic internship at St. Michael's Hospital in Toronto, Canada and has done graduate studies in Community Nutrition in the School of Hygiene, University of Toronto. Mrs. DiFerrante's experiences include: 1) Commercial Dietitian in Montreal and Toronto, Canada; 2) Chief Dietitian at St. Martha's Hospital, Antigonish, Nova Scotia, Canada; 3) Chief Dietitian, Rockefeller University, New York, N. Y.; and 4) Food Service Consultant, Rochester, Public School System, Rochester, New York. She has

taught Nutrition in the School of Medicine, University of Rochester, Rochester, N. Y.; served as Consultant to NASA Metabolic Research for Apollo XII, Houston, Texas; and Therapeutic Dietitian, M. D. Anderson Hospital, Houston, Texas. Mrs. DiFerrante's publications include a Diet Manual, St. Martha's Hospital, Antigonish, Nova Scotia, Canada and a Monograph: "The Importance of Diet in the Practice of Medicine" Clinica, Terapia E. Scoemce, AFFINI, LVI, Fasc. #2, 1957.

Mrs. DiFerrante is a member of the American Dietetic Association; the South Texas Dietetic Association (Legislative Chairman) and Representative for the HGAC--Houston-Galveston Area Council of the South Texas Dietetic Association; the Texas Public Health Association; American Women in Science; and Nutrition Today Society. Mrs. DiFerrante is married to Dr. Nicola

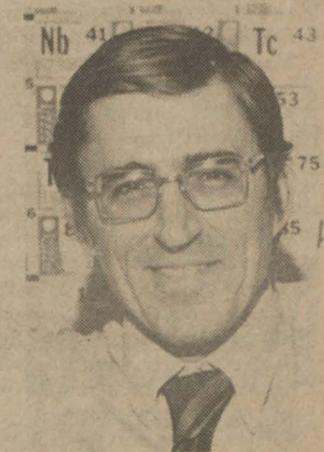

DiFerrante and is the mother of four children.

The second consultant is Miss Joyce Wolak, Nutrition Consultant, Dairy Council, Inc., Houston, Texas. She will speak on "Feeding the Nation's Children: The Little Ideas Concept" on March 23 at 2:00 p.m. Miss Wolak attended Incarnate Word College, San Antonio, Texas and earned her Bachelor of Science degree in Food and Nutrition from the University of Texas at Austin in May 1971. She completed her internship in Administrative Dietetics at the Eastman Kodak Company, Rochester, New York in June 1972. Miss Wolak has served as a Nutrition Adviser for Eastman Kodak Company in Rochester, New York; a Clinical Dietitian at Methodist Hospital, Houston, Texas and as a Clinical Dietitian, St. Joseph Hospital, Houston.

**Faculty Renewal Conference Held During Spring Break**

The Third Annual Spring Faculty Renewal Conference is being held at the University throughout the week of March 8-12.

University-wide staff meetings were held on Monday March 8 and a general session was held Tuesday morning. President A. I. Thomas delivered the principal address in the Administration Auditorium.

The balance of the conference period was spent in group meetings by the various departments in university schools and colleges. Topics for discussion included "Operation Success," Operation Vanguard," Academic Planning-1975-76---1979-80, and University Role and Scope.

Also discussed were (1) Self-study of Gradaye Program,

(2) Performance Review of Faculty, (3) Administrator's Evaluation Review Form, (4) Young Administrator's Development Program, and (5) A. I. D. Proposal Development.

Dr. George R. Ragland, vice president for academic Affairs and other academic officers were in charge of the 5-day meeting.

**RECRUITING TEAM IN NURSING**—Dean of Nursing Dr. Jewellean Mangaroo poses with her student recruiting team composed of Sharon Remie and Patricia Scott, both scholarship students and with Mrs.

Naomi Otterstad, campus coordinator during a recent planning session. All PV colleges are beefing up recruiting efforts to meet expanding competition for top level students.

## Port Arthur Instructor Serves As Physical Education Consultant at Conference

Ms. Lucy L. Randle, physical education teacher in the Port Arthur Independent School District has been invited by the Program Director of the Texas Education Agency to participate as an instructor in the area of limited space activities and the utilization of homemade equipment for elementary physical education in a conference at Texas Woman's University.

Mrs. Lucy Randle

university teacher preparation instruction.

The Texas Education Agency and Texas Woman's University will host the conference on March 4-6. This conference will involve areas of early childhood, elementary physical education, elementary administration, special education, and in addition, college and

## Deltas Sponsor PV Immunization Clinic

Now in its fifth year of sponsorship the FREE IMMUNIZATION CLINIC sponsored by DELTA SIGMA THETA, INC., held the second Wednesday of each month 1:00-4:00 p.m. at the Prairie View Hospital is conducted by members of the sorority and assisted by the TEXAS DEPARTMENT OF HEALTH

RESOURCES. A nurse and Community Service Aid are provided by the TEXAS DEPARTMENT OF HEALTH RESOURCES to perform the services of immunization for Diptheria, Tetanus, Pertussis (DTP) Polio, Measles, and Rubella to infants, pre-schoolers, and school children.

The program strongly emphasizes the importance of a measles booster for children 12-16 months of age (or later) and for children who previously received measles vaccine under the age of 12 months, due to unreliable seroconversion prior to the first birthday.

Tetanus and Diptheria vaccines will also be given to adults.

Personal immunization record cards, showing dates and kinds of immunizations received are given so that parents will have the immunization record of each child.

## Science

persons from Prairie View presented the papers:

Lynn Morris, Department of Mathematics, "On the Stability of Linear Differential Equations."

Emmanuel Toye, Biology Department, "Stimulation of Growth and inhibition of Development in *Dictyostelium discoideum* by Pteridines."

Marion Lucas, Biology Department, "Effect of Pteridines on the Growth of *Enterobacter aerogenes*."

Samuel Hill, Department of Biology, "Determination of Relative Cell Size and Growth of *Saccharomyces cerevisiae*."

Eula Forte, Department of Biology, "Factors Effecting Spore Germination in the Cellular Slime Mold *Dictyostelium discoideum*."

Dr. R. R. Calhoun, Department of Biology, "Characteristics of an Adenosine Triphosphatase in Erythrocyte Membranes Stimulated by 2,4, Dinitrophenol."

Also attending was Dr. Arthur Washington, Director, Biochemical Nutrition Center and President of the National Institute of Science. Mr. Frederick Gray, Department of Mathematics; and the following Biology students: Christopher Toote, Samuel Lynch and Cleveland Green.

The meeting was highly successful and special awards were given to three of Prairie View's productive students for their superior scientific presentations. Marion Lucas was awarded first prize. Samuel Hill was awarded third prize for Biology papers and Morris Lynn was awarded first prize for mathematics paper.

The meeting next year will be held on the campus of Huston-Tillotson College, Austin, Texas.

## Methodists To Attend Confab

Prairie View--Students from Prairie View A&M University will be among groups attending the annual conference of Wesley Foundations of Texas this weekend. The convocation is Friday-Sunday at Palestine Lakeview United Methodist Assembly.

Rev. Robert McGee of Prairie View reports about 15 PVAM students will be in attendance.

Students leaders will direct a weekend of study and reflection.

Other schools sending groups will be the University of Houston, Rice University, Lamar University, Sam Houston State University, Stephen F. Austin State, Tyler Jr. College, Texarkana Community College, Texas Southern University, Henderson County Jr. College, Kilgore College, East Texas State and the Texas Medical Branch at Galveston.

## Nutrition

CONTINUED from Page 1

Houston, Texas will culminate the March Seminar Series on March 24 at 2:00 p.m. Dr. Nichols will speak on "The Relationship Between Nutrition and Infection." He is affiliated with Texas Children's Hospital, Houston, Texas where he is Assistant to the Physician-in-Chief; Associate Director of Children's Clinical Research Center; Chief, Section of Nutrition and Gastroenterology; and Director of Nutrition Clinic. He is also affiliated with Ben Taub General and Hermann Hospitals of Houston.

Dr. Nichols earned his Bachelor of Arts degree in Sociology from Baylor University, Waco, Texas; his Master of Science degree in Physiology and Biochemistry and Baylor College of Medicine, Houston, Texas; and his Doctor of Medicine degree from Yale School of Medicine.

His academic appointments include, Chief, Section of Nutrition and Gastroenterology, Department of Pediatrics; Assistant Professor, Physiology; and Associate Professor, Community Medicine, Baylor College of Medicine. He has certification from the National Board of Medical Examiners, 1961; Connecticut State Board of Healing Arts, 1963; Texas State Board of Medical

"There are many people who believe that Sunday is an eraser for rubbing out all the sins of the week."

Examiners, 1964; American Board of Pediatrics, 1965; and the American Board of Nutrition, 1968.

Dr. Nichols is professionally affiliated with Sigma Xi, Yale Chapter; Houston Pediatrics Society; Texas Medical Association, Committee of Food and Nutrition; American Academy of Pediatrics; American Public Health Association; and the American College of Nutrition, Vice President, 1975-1976 to name a few. He has served as Director of an Advisory Committee on limits of interpretation of 10 State Nutrition Survey for National Institutes of Health, 1973 and as Director of Texans Associated for Nutrition Advance, Inc., President and Chairman of the Board, 1970-1975. He is author and co-author of numerous papers, articles, and book chapters, related to nutritional status and malnutrition among numerous others. Dr. Nichols is married and the father of three daughters.

The Seminar Series will be conducted in Rooms 123-124, May Hall.

## Temperature Data Published By Texas A&M

College Station--A compilation of Gulf of Mexico water temperature data gathered over the past 20 years has been

published by the Sea Grant College Program at Texas A&M University.

Authors of the marine advisory bulletin, "Water Temperature on the Texas-Louisiana Shelf," are Paul C. Etter, oceanography graduate student at Texas A&M, and Dr. John D. Cochran, associate professor of oceanography.

"The publication summarizes a vast amount of temperature data," Etter said. "It will be useful in studies of marine life and in continuing offshore oil and mineral operations."

The publication is available from the Sea Grant College Program, Texas A&M University, College Station, Texas 77843. Request publication TAMU-SG-75-604.

## National Flag Display In Honor of Deceased

The following policy was approved by the President of the University and ratified, on May 15, 1967, by the Executive Cabinet.

In consonance with established National and State standards of respect, the National Flag at Prairie View A. and M. Collge will be flown at half-staff in honor of deceased members of the Prairie View family in accordance with the following precepts:

1. On the death of the President, President-elect or President-emeritus--for 30 days from the date of death.
2. On the death of the Dean of the College, Dean of the Schools of the College, and members of the President's Cabinet--for 15 days from date of death.
3. On the death of any member of the college family to include the faculty, student body, current employees, retired employees--from the day of death until 5:00 p.m. on day of interment.
4. The National Flag will also be flown at half-staff at such other times as may be specified by announced National and State Policy.

## Memorial Services Held For Security Chief Lewis

The Prairie View A&M Veterans Club sponsored a Memorial Service for Sgt. John L. Lewis on Friday March 5 in the Memorial Center Ballroom.

Chief of Campus Security at the University for several years, Sgt. Lewis passed away early Sunday February 29. He became ill during a fishing trip in Galveston.

Reverend Cube Charleston delivered the Eulogy at campus services. Tributes to the popular staff member were presented by Ms. Linda McCullough and B. T. Harlan. Other program participants included Larry Stevens, Miss Althea Tate, Reverend Fred Thomas III and Reverend W. Van Johnson.

Sgt. Lewis joined the Campus Security Staff in 1964 after retiring from the U. S. Army. He had served on the Army ROTC staff at Prairie View in the position of supply NCO since 1957. He joined the Security staff as Chief during the period when the division was adding personnel to cope with growing campus security problems.

The PV employee's face was probably more familiar to students over the past twelve years than any other. The "Sarg" was regarded as a friend to all, and a "cool-headed" officer.

A native of Maynard, Texas, Sgt. Lewis attended school in New Waverly before joining the Army where he spent 25 years. Final services were held on March 7 at Pine Grove Missionary Baptist Church in New Waverly, with the

Sgt. John L. Lewis

Reverend Theodis Fletcher, pastor, officiating. Interment was in Lewis Cemetery in Maynard. Singleton Funeral Home, Hempstead was in charge of arrangements.

President A. I. Thomas gave an expression at the final services. Fellow security officers and friends also served. Pallbearers included Howard Glover, James Manuel, Elmer Van Duren, Willie C. Burdett, Harold Jeffery, and Curtis Davis. Honorary Pallbearers were Lee Van Richardson, Arthur C. Nickerson, Scott McKenzie, Joe Williams, Willie Ellis, Willie C. Scott, Jessie Ellison, Sr. and Maxie Scott.

Survivors include a wife, Mrs. Iredene Burgess Lewis of Prairie View, one daughter, Leslie Flowers of Houston; two sons, Gregory and Wilbur; one grand-daughter, Kristine Michelle, a sister, Mrs. Elma E. Fisher, Maynard; and one brother, Alvin Lewis of Houston.

## Pol. Science Dept. Presented Panel For History Week

The Department of Political Science presented a panel on February 19 in the Memorial Center. The discussion, "Traditions of our People, Diversity, of our Culture: An Experiment on Pan-Africanism."

The panel consisted of both faculty members and students. Dr. Emerson Kroma, a member of the Department presented a paper on "Dynamics of Political participation: Cognitive, Affective and Evaluative Orientation." Ms. Marcella Washington coordinated the panel and gave a paper on "Martin Delany and Malcolm X: A Comparative Analysis of Black Nationalists." Two students, Mr. Sidney McPhee and Mr. Alexander Beckles presented papers on the economic, social, political and cultural system of the Caribbean people.

With an audience of some 120 students and faculty members, the panel highlighted the situation of Blacks in different parts of the world. Questions and refreshments followed the presentation of the papers. The Department of Student Life, represented at the function by Mrs. Bennie Woods, assisted by helping with refreshments and stimulating student interest in the panel.

The Department is grateful to their colleagues in Student Life for their moral and material support. It is hoped that in the future, we will improve upon our program performance. Mr. Hulen M. Davis, the Acting Head of Political Science, was also in attendance.

The concept of Pan Africanism is both a philosophy and unique black ideology. It is a political movement which unites blacks in the United States, the Caribbean and Africa in a common bond against colonialism, racism and exploitation. The first Pan-African Congress was organized by Henry Sylvester Williams, a West Indian Lawyer in 1900. The Congress served as a forum against White Colonialism. The Organization was taken over by W. E. B. DuBois, a black American who organized five Pan-African Conferences from 1919-1945. The movement was later shifted to Africa when in 1958 the President of Ghana, Kwame Nkruman organized the All African People's Conference. Pan-Africanism symbolizes the following principles:

- (1) Africa for the Africans
- (2) African Federalism
- (3) African Personality
- (4) African Socialism
- (5) Belief in Democracy
- (6) Non-Violence as expounded by Ghandi and King
- (7) Non-Alignment
- (8) Negritude
- (9) African Communalism

UNIVERSITY GRANT—James M. Jackson of the Celanese Corporation of America is shown presenting a check to President A. I. Thomas. Robert Ford, assistant to the Dean, School of Engineering, represented the academic area to receive the gift.

## Charles Gilpin Players

# Dramatic Group To Present "The House of Blue Leaves"

Prairie View---Preparation has begun in earnest for the late March theatrical presentation of "The House of Blue Leaves" at Prairie View A&M University.

Dr. Ted Shine, drama director, announced that John Guare's "Blue Leaves" will have 8 p.m. performances March 25-27 and a 2:30 p.m. matinee March 28.

The play, presented in 1971 off-Broadway, won the New York Drama Critics Award and

the Obie Award as best American play that year.

Shine says the play will be produced in the Old Wash House Theater which has been converted from Prairie View A&M's former laundry facility. Drama students and members of the Drama Club pitched in to renovate the building.

Cast in roles for the play are students Marjorie Richardson, Ricky Bradford, Andrea Bell, Helen Coleman, and Patricia Jones.

Tickets, \$1 for non-students and 50 cents for students, will be available beginning March 17 from 9-5 daily at the theater box office.

The play, set in Queens, New York in the mid-1960's, featured in its original run actors now better known for their television performances—including Harold Gould, "Rhoda's" father; Frank Converse, trucker in "Moving On" and Anne Meara of the "Kate McShane" lawyer series.

## Assistance for Faculty Study Announced

The University of Missouri-Columbia is interested in identifying qualified minority and female students who may wish to study for the doctorate degree, announced Dr. T. Charles McKinney, Personnel Consultant, Office of Faculty Development Projects.

Faculty members who do not possess an earned doctorate degree often find their potential for advancement is enhanced by additional formal study. The university's office of

Faculty Development Projects cooperates with the various academic departments to provide financial assistance for those who qualify for admission to the graduate school.

All interested persons should contact:  
University of Missouri-Columbia  
Office of Faculty Development Projects  
320 Jesse Hall  
Columbia, Missouri 65201  
Telephone (314) 882-2094

## Information Head Has Major Role In District Meet

Dr. C. A. Wood, Director of University Information served as a member of both the program and nomination committees for the Annual Southwest District IV Conference of the Council for Advancement and Support of Education.

The group of college and University development, information and public affairs officers met on February 22-25 at Houston's Stouffer's Greenway Plaza Hotel. The Southwest District includes Arkansas, Louisiana, Oklahoma, New Mexico and Texas.

Wood was in charge of a program segment on Special Programs. These included sessions on the specialized areas of (1) government relations, (2) public affairs, (3) minority institutions, and (4) institutional management.

PV PROFESSOR PRESENTS BICENTENNIAL FLAG IN SEALY—Earl Frnka, Mayor J. D. Sloane and Dr. George Woolfolk of Prairie View A&M University and Mrs. Sugie Sartwelle formed the Bicentennial flag acceptance group Sunday afternoon at the gazebo in Sealy Jaycee Park. Dr. Woolfolk,

vice chairman of the Texas American Revolution Bicentennial Committee, presented the flag to Mayor J. D. Sloane. Mr. Frnka and Mrs. Sugie Sartwelle are co-chairmen of the Sealy Bicentennial Committee, through whose efforts Sealy won designation as a Bicentennial Community. Sealy News Photo

### Marketing Majors Guests of Houston Advertising Club

The Houston Advertising Club hosted over 125 students from various colleges and universities across Texas and Oklahoma at the Student Advertising Conference on February 26-28, 1976 at the Stouffer's Inn, Greenway I Room, in Houston.

Attending the conference from Prairie View were Marilyn Allen (Jr.), Anthony Bell (Sr.), Larry Paker (Sr.) and Mr. Royce Plyler, Professor of Business Administration.

The agenda included four sessions with well-known agencies who discussed advertising techniques. A tour was also conducted in which the students viewed two advertising agencies—Smith, Smith, Baldwin & Carlberg and Rives, Dyke/Y&R. Participants went to KPRC-TV where they were guests on the 5:00 p.m. Rod Stone Show. Highlights of the conference included the Grand Prix 14 presentation at the Houston Music Hall and free tickets to the Houston Rodeo.

### Take Precautions

Gasoline causes two-thirds of all flammable liquid accidents. Never store it in glass

Internal Revenue Service

FILE EARLY FOR AN EARLY TAX REFUND.

### Lethal Mixes

Never mix household or gardening chemicals with anything else. The result could be an entirely different compound and extremely dangerous. For example, mixing chlorine bleach with ammonia, lye or any alkaline substance produces an irritating gas which can cause serious injury or death.

containers, and don't use it to clean clothing stains. Don't fill tanks of gasoline-powered equipment until equipment is cool.

### Criminal Justice Grant To Cover Waller County

Austin — Dolph Briscoe has approved a criminal justice grant of \$47,907 to Montgomery County for staffing of the district attorney's office in the 9th Judicial District.

District Attorney for the 9th Judicial District is responsible for felony prosecution in Waller, Montgomery, San Jacinto and Polk Counties. This grant provides both investigatory and prosecution staffing for the area.

The local awards are among 70 approved by Governor Briscoe this month totaling \$4.5 million across the state, from Law Enforcement Assistance Administration funds under the Crime Control Act of 1973.

### My Neighbors

## "A New Creature Needed For A New Life"

Christ who was the most patient of teachers and characteristically sympathetic with dull people, fairly admits that he was taken aback by Nicodemus' slowness of perception, and found it difficult to moderate his own eager steps to his pupil's tardy pace. If Nicodemus was stumbled by such elementary matters, Christ could not press on to what he had really meant to say. Our Lord had brought him abruptly face to face with the central fact that if the new life is ever to be lived there must be a new creature, wholly new, built up in a new way; that mere tinkering at oneself is of little or no use. all the facts of life corroborate that verdict. Walter Lippmann, for instance, tells us that past experience has proved that Christ is absolutely right; and that even with the best will in the world, "the ungenerate man can only muddle into muddle." We ourselves were so sure that at long last a generation has arisen, keen and eager to put this disorderly earth to rights; and fit to do it too, thank God. We meant well; we tried so hard; and look at what we have made of it! "Can only muddle into muddle." What is required is a new kind of man. We must be born anew. all which is drastic teaching; and no one ever stated it so impressively as Jesus Christ. But it was not altogether novel. Nicodemus could have found adumbrations of it in his own scriptures, and fairly plain ones too. You

cannot do it, so Ezekiel told his people bluntly (Ezek. 36:25, 29); not as you are, not with that stoney heart of yours, so hard and cold and callous, so impervious to divine influences. But God can make you a new personality, with a quite different nature and a heart of flesh, warm and sensitive, shrinking from evil as from intolerable pain; that feels and is hurt by others' sufferings, and is responsive to God's touch. A trapped creature in the psalms, not worrying about the consequences of his sin, but terrified by the discovery that he has done this thing...has been this thing...that this is me; no accidental, unaccountable happenings, but this is what I am; and horrors like this can surge up out of my nature. And I, unhappy one, cannot change myself. "Create in me a clean heart, O God; and renew a steadfast spirit within me." Psalm 51:10.

The essence of David's prayer is: "God, make me another kind of being from what I am...keep me another kind of being from what I am...so shall I lead a different kind of life from the one I'm living...even so, Lord, but not otherwise." As Christ said to Nicodemus, he says to every man today: "Truly, truly, I say to you, unless one is born anew, he cannot see the kingdom of God." "That which is born of the flesh is flesh, and that which is born of the Spirit is spirit. Do not marvel that I said

Transportation Official Says—

# Carpooling Can Save Money

Mr. D. Fontenot, Head of the Automotive Technology Program at Prairie View A&M University reports that The Federal Highway Administration of the U. S. Department of Transportation said recently it has developed a handy reference table (below) for persons considering getting into carpooling and save money. The annual cost of driving alone a distance of 10 to 25 miles to work is \$646 for operators of subcompact cars to \$1,868 for standard size cars.

"The automobile represents the single largest user of petroleum products; consequently, it is a major factor in the energy problem. Any solution to the energy situation as well as the problems of urban congestion and air pollution, must include reduced use of the automobiles, especially driver-only occupancy. Every driver should seriously consider joining his company's "Double-Up" carpool campaign or start a ride sharing plan on his or her own." FHWA Administration Norbert T. Tiemann said.

By sharing a car with one person, an employee can save up to 50 percent in transportation costs. With five persons per car, employees save up to 80 percent, an annual after-tax saving of \$281 to \$1,390, depending on the size of the car, carpool, and distance traveled.

Additional employee benefits include: less driving, reliable transportation, a guaranteed comfortable seat, the option of selecting riders, acceptable door to door travel times, saved energy resources, reduced air pollution, and reduced congestion in parking facilities and on highways.

Carpools carry more than 20 million commuters each day, more than twice as many as buses and fixed rail systems combined. Big American corporations, such as the Minnesota Mining and Manufacturing Company, Texas Instruments, Inc., Hallmark Cards, Aerospace Corporation, Jantzen, Inc., Government Employees Insurance Co. (GEICO), and the Boeing Company, have discovered that volunteer carpool programs increase auto occupancy between 10 and 35 percent. This kind of reduction in an entire urban area can dramatically

reduce rush hour congestion. During the height of the 1973-74 energy crisis, Los Angeles reported a seven percent reduction in rush hour traffic from the preceding year eliminating 40 percent of the city's normal traffic delays.

Nationwide, 50 million automobiles used for commuting each working day have had an average occupancy rate in the rush hour of 1.4 persons. However, 75 percent of the automobiles involved in the commuter working day carry only one person--the driver.

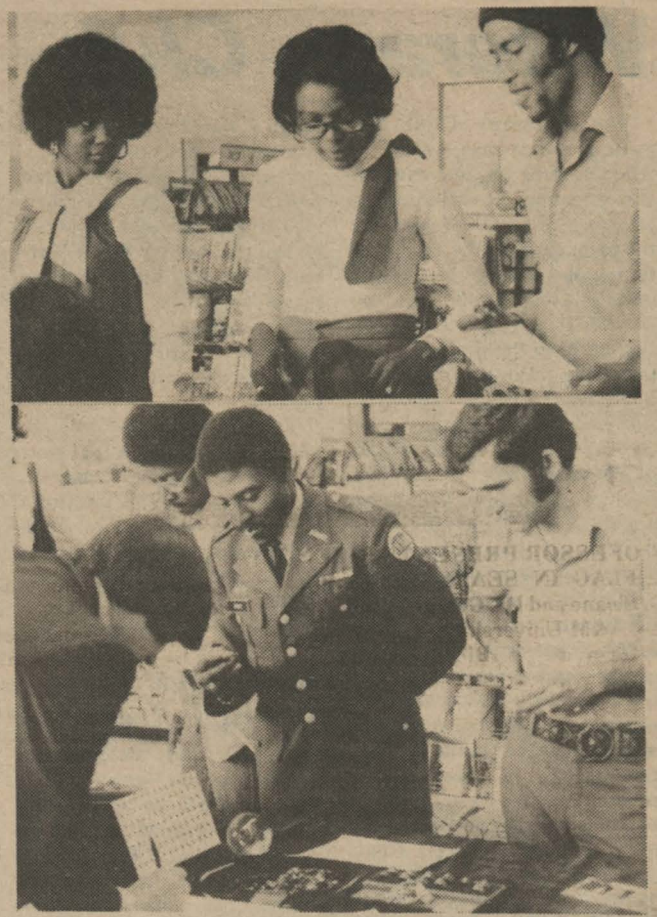

Raising the occupancy rate to 3.2 persons per car would save more than one million barrels daily.

Carpooling is an immediately available way to improve transportation productivity and reduce costs. Each two percent increase in auto occupancy nationally at rush hour would save about \$1 billion annually in operating costs and capital expenditures. With about eight percent of the country's work force now using buses and fixed rail to commute to work, each two percent increase in ride sharing is equivalent to a 20 percent increase in mass transit use.

## Funeral Services Held For Power Plant Employee

Funeral services for A. B. Simmons, Air Conditioning and Refrigeration Mechanic in the Power Plant were held on March 13 at Macedonia Primitive Baptist Church in Waller, Texas.

Mr. Simmons, 51, passed away on March 7, following a heart attack. He had been employed at the college since

DIAMONDS ON DISPLAY IN UNIVERSITY STORE.

## Z Phi B: Blue Phenomena

On Monday night, the offspring of March, there was a tremble in the women's gym. Never before had the student body of Prairie View A&M University experienced such a phenomona. Everyone held on to their seats as the bold, beautiful, and dynamic women of Zeta Phi Beta Sorority, Inc. took the floor, at the Spring '76 Greek show. Everyone was amazed at how such a vivacious group could be so together, so energetic, step by step, clap by clap, and kick by kick. Everyone looked on as the Zetas in their magnet Blue and White went on to take the show. There were screams from the audience, caused by the chills being sent down their backs. So, then now, there is no last June. Arrangements were handled by Singleton Fuenral Home, Hempstead.

A native of Dallas, Mr. Simmons was the nephew of Reverend O. C. Simmons of Waller.

question about who is the baddest, most together sorority on this ever-loving earth. We all know, must you be reminded again?

Rabbit Roberta Faison

## Business Prof. Attend Nat'l Meeting

Dr. Rose Knotts, Division of Business, has been invited to present a paper at the Pioneers for Century III conference in Cincinnati, Ohio, April 22-25, 1976. This Conference is a National Bicentennial Conference and has many noted individuals appearing on the program, such as Dr. Warren Bennis, author of numerous publications and President of the University of Cincinnati; Martha Griffiths, U. S. House of Representatives, 1955-74; Marian Spencer, Civil Rights activist; and many more.

# Veterans Club

The Veterans Club has gotten underway for 1976. After electing its new cabinet, the members have begun to take on new tasks and goals for the coming year. The organization is not a large one if the question comes to mind. Maybe you wonder why they have been successful in the different tasks they have taken on. Well, that is because of the few vets that the club has have poise. Not only are the young ladies and gentlemen, but prominent leaders and citizens. They know and believe in achieving their ultimate goals or endeavors.

The organization is presently centered around gaining membership and associating with its fellow veterans that reside on campus and in the vicinity. In the event the question came to mind, a veteran is considered an individual that has completed at least 181 consecutive days on active duty and discharged from the U. S. Military. There not only exists an individual that possesses a military experience but one that knows how to deal with society, people, and situations that may seem unrealistic to others. the clubs ingenious

motto is based on the belief to ascend and defend.

The club's newly elected president is Mr. Jackie Gentry, vice-president, Mr. Jimmie Harris; Secretary, Miss Barbara Blue; treasurer, Mr. Van Sneed and most of all their sponsor and director of Veterans Affairs whom they enjoy working with, Mr. Jerrell Jackson.

The club would like to encourage you to keep your head where your future may lie, in school. The club's meeting's have been revised to each Wednesday at 5:30 p.m. in Room 204 of the Memorial Center.

## Bicentennial Sign Flies High, Low

The national Bicentennial symbol, already seen on Air Force jets, will be seen flying closer to the ground this spring. The American Revolution Bicentennial Administration (ARBA) has announced that among six products licensed during December was a Frisbee.

**SPIRITS HIGH**—A huge crowd of the women's gym. There is no lack of students witness the Probate activities held in enthusiasm at these periodic affairs.

## PV Represented At Nat'l Social Work Conference

The Annual Program Meeting of the Council on Social Work Education met February 29-March 3, 1976 in Philadelphia, Pennsylvania.

Mrs. J. Poindexter, Acting Head, Department of Sociology and Social Work attended this conference and reports an

informative valuable experience for the university social work program.

In keeping with the bicentennial mood of the country and the historic city of Philadelphia, the theme of the meeting was A Declaration of Interdependence: Continuity

and Change in Social Work Education.

Graduate and undergraduate social work educators were in attendance and Mrs. Poindexter states that it was much more exciting to be in the undergraduate camp where the challenges and rewards, as well

## Science Institute Scheduled Saturday

Prairie View--Dr. Charles Ireland, hospital director at Howard (D. C.) University, keynotes the 21st One-Day Science Institute Wednesday (March 17) at Prairie View A&M University.

Ireland's 9 a.m. address formally begins the National Science Division-hosted program. Sessions feature a panel of high school administrators, presentations of scientific papers and student-administrator interaction.

Exhibits will also be on display in Harrington Science Building.

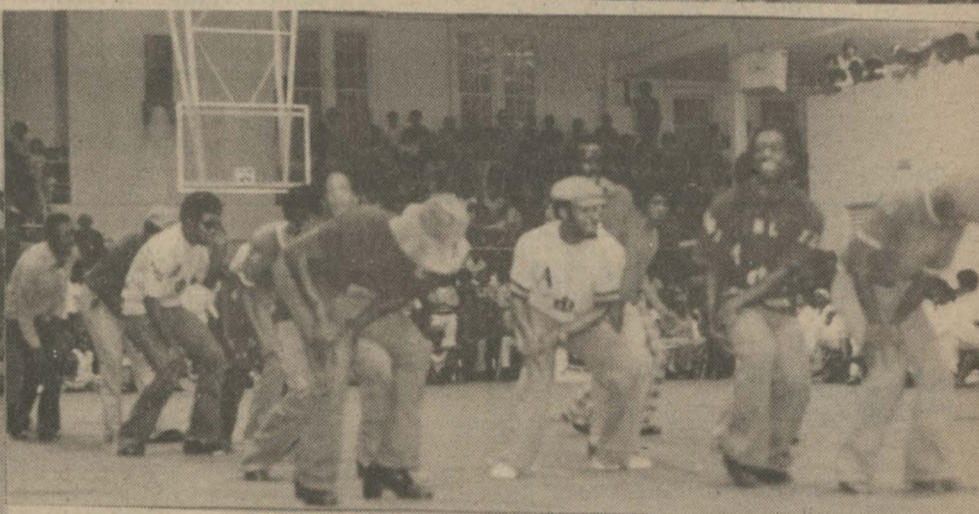

Theme for the institute is "Role of Administrators in Promoting Science Education for Youth."

as the frustrations of breaking new ground are greater."

Mrs. Poindexter is a member of the Texas Association of Undergraduate Social Work Educators who will meet during the year to continue to achieve goals of accreditation and solidarity for some twenty-nine remaining Texas universities.

Group will convene next year in Phoenix, Arizona.

# Scenes From Recent Probate Show Held In Women's Gym

# Scouting

Scouting is America's leading youth movement in preparing citizens for the future. Scouting's purposes are: Help boys develop the ability to do things for themselves and others; teach boys patriotism, courage and self-reliance; develop good character, citizenship, leadership, and physical fitness; emphasize duty to God, the value of others and duty to self.

What is a boy worth? There is no way to put an accurate price tag on the promise of what a boy will be worth as a man, a leader of his community and a citizen of his country. We do know what it costs if a boy becomes a criminal. It costs over \$30 a day to keep a boy in a juvenile home. It costs over \$50 to apprehend and process a juvenile just once.

An investment in youth through the Scouting program now will produce rich dividends in the future as our young men make constructive contributions to our country and society. A Sustaining Member of the Sam Houston Area Council is a person who puts Scouts in Scouting—a member of the community who elect to support the Scouting program and help to fund its growth and improvement. They are persons that want to go beyond their United Fund gift. A gift may be stocks, bonds or other property and realize substantial tax benefits by reducing capital gains taxes on property that has increased in value. The investment will be tax deductible, it may be designated as a memorial or project.

Scouting in the Sam Houston Area Council, through its Districts, has helped to build a strong bridge to manhood for boys for a number of years.

Wm. Bill Manning has been appointed as the David Crockett District Sustaining Membership Chairman by District Chairman Dr. Hal Andersen.

Anyone wanting more information on the Sustaining Membership can contact either Mr. Manning or Dr. Andersen. Those that would like to become Sustaining Members of the Sam Houston Area Council may do so by sending their check or pledge to either Bill Manning, Box 55, Rt. 1 Chappell Hill, Dr. Hal Andersen, Rt. 4, Brenham or Boy Scouts of America, P.O. Box 733, Bellville 77418. Plaques will be presented all major donors of \$100 and above levels. Levels of giving suggested are \$5,000 and above, \$2,500, \$1,000, \$500, \$250, and \$100. All gifts may be paid out over a 10 month period or on a quarter or annual basis.

The sustaining membership is conducted annually by the Sam Houston Area Council, B. S. A. It is recognized as

Scouting's way of supplementing United Fund allocations so the developmental programs of Cubbing, Scouting an Exploring may continue to be a viable part of our community way of life. Naturally, participation in Scouting's Sustaining Membership Enrollment should be over and above a United Fund fair share pledge," says Manning.

Sustaining membership starts at \$25.00. Plaques will be presented to all gifts over \$100. Levels of giving suggested are \$5,000 and above, \$2,500, \$1,000, \$500, \$250 and \$100. The gift can be paid out over a 10 month period, it is also tax deductible.

The amount to be raised is \$304,000. It will come when thousands of men, women and business people make a worthy investment in the future of our nation: our youth.

A pledge of \$10 a month makes an annual gift \$120; \$25 a month, will be \$300.

You may become a sustaining member by contacting any of the above or sending your check to: Boy Scouts of America, P. O. Box 733, Bellville, Texas 77418. Checks should be made out to Sam Houston Area Council Boy Scouts of America.

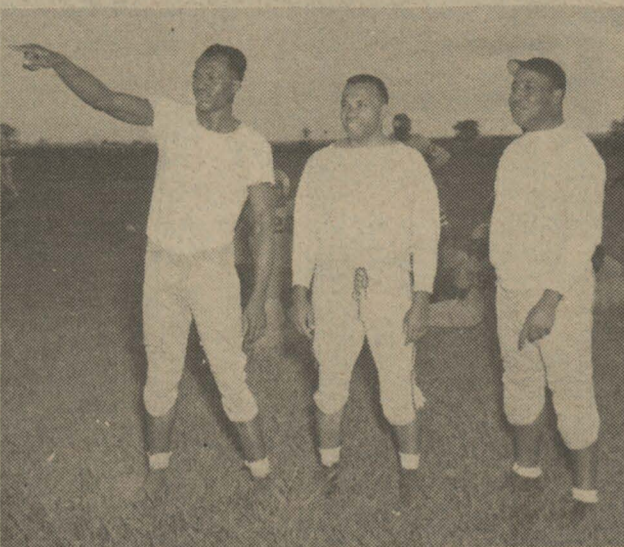

Leaders of the district sustaining membership enrollment include Dr. Bob Neely, Ernie Koy, Jr., Alwin Raeke, Wayne Schomburg, Leroy Zapapac, Dr. Frank Smith, Jr., Hubert Smith, Jewel Berry, Dr. Hal Andersen, August Gold, Frank Hensen, Oliver Smith, W. O. Dietrich and Don Wigginton.

"The long-range plan of the Sam Houston Area Council calls for a program that is relevant to the needs and concerns of youth and the nation," Manning said. "We are making a great effort to maintain a high level of quality for all of our Cub Scout packs and Scout Troops, and for our Exploring post that will continue to increase the number of boys in the organization representing all races, colors, ethnic backgrounds an economic status."

In the David Crockett District, there are 70 Scout units. The membership represents youth from all groups.

Among the many services provided by the Sam Houston Area Council are leadership training, organization of new units, program helps, advancement materials and counsel, maintenance and staff for Camp Strake and El Rancho Cima summer camps for Scout troops and Webelos activities, council and district activities to supplement unit program, and assistance to the sponsor institutions that use Scout programs as a part of their own youth work.

## Highlights In PV History

**COACHING TEAM IN THE 40's**—Isaac Nelson, former football star and later Dean of Men at PV; Coach W. J. Nicks, retired; and Dr. T. R. Soloman, retired, former Dean of Students.

**FAMOUS 1942 CHAMPIONSHIP TEAM**—One of the great teams in Panther history was the 1942 edition which went undefeated and placed several of its members on the All-American list. The group included: BACKFIELD O'Neal

**TRACK MEET**—Prairie View, Texas Southern and Gulf Coast Track Club participated in the recent campus competition.

## SUPPORT THE PANTHERS

### Student Government PV Grads Receive National Medical Fellowships

The student Senate Committee is off to a new start during the second half of the 1975-76 school year. The committee president Sidney Hicks and the committee are stiving to better the school condition academic wise, as far as facilities and improving the Alumni Hall.

The committee urge the students to come and share new ideas and thoughts. Their meetings are held every Wednesday in the Memorial Center at 7:30 p.m.

Kathan Taul  
Reporter

National Medical Fellowships, Inc. recently announced the recipients of the 1975-76 awards to attend medical school. Among the recipients were three Prairie View graduates, Andra L. Green, University of Iowa Medical School; Janice Kelly, University of Maryland School of Medicine; and Gerald Whitmire, UT at San Antonio. The average award was \$1250.

### PV Relays March 21-27

The 46th Annual Prairie View Relays will be held at Blackshear Field, Friday and Saturday, March 26-27.

Some of the nations top men and women will compete in the two day meet.

The Prairie View Panther-

ettes led by International and National 100 meter hurdler leader Andrea Bruce, will highlight the women events. Strong competition will come from Jackson State and Southern.

The Panther golf and tennis tournaments will also be held.

# All-Sports Banquet Set

Kenneth Houston, All Pro Defensive back for the Washington Redskins Football Club will be the featured speaker for the 25th annual Prairie View All Sports Banquet.

The Banquet is set for Tuesday, April 27, at 7 p.m. in Alumni Hall. Donation for the banquet is \$4.50 per person. Persons interested in attending may see Banquet Chairman Joe Booker or Co-Chairman Maragret Sherrod.

Ken Houston Banquet Speaker

## Panthers Ride Arm of Brannon

Prairie View Coach John Tankersley, has a good baseball team in the making. Tankersley has always had a good baseball team so what else is new.

Since we have unanimously agreed that Tankersley will have a good baseball team, but how good a team Tankersley has could depend on his Shot Gun arm southpaw pitcher Leon Brannon.

Brannon, a 5-11 senior left-handed pitcher from Cushing, Oklahoma (hold it Anna James), will be riding shot gun in the Panthers bid for a NAAI and SWAC title. Last season he posted a 1.43 earn run average, the third best in the South-Western Athletic Conference, while winning 5 games and losing only 1, along the way.

Brannon, a serious and hard-worker usually performs best against the best. Last season against SWAC Champion Southern he struckout 9 in 7 innings. Against SWAC runner up Jackson State he struckout 13 and pitched 10 innings of shoutout ball.

The former track, basketball and baseball star at Cushing High has high hopes for the team this season. "We have some dedicated players," he said. Everyone works hard and have a winning attitude. As long as everyone keeps a winning attitude we can win. I'm just happy to be part of a team like this," said Brannon who was named to the All SWAC team last year.

In the past several staff members have been very generous in sponsoring an athlete. We again solicit those interested staff members. All staff members who sponsor an athlete will be recognized at the banquet and names will be published in the school paper.

The banquet committee are: Maragret Sherrod, Joseph Battle, George Brown, Mavis Dedman, Oliver Thompson, Cliff Gilliard, Joe Booker, and student members Ell Roy Stevenson and Shirley Williams, are working hard to make this PV's best All Sports Banquet.

Doug White (Dallas) and Ray Ford (Houston), are Alumni Representatives working with the banquet.

The Dr. Ted Hunter Memorial Award for the Athlete of the Year and the President Award, to the athlete with the highest academic average over four years, are the top two awards given. Last year basketball star Marvin Jackson won the Athlete of the Year Award and tennis star Charles Melton won the President Award.

## PV Ends Cage Season

The Prairie View Panthers ended the 1975-76 basketball season with a 13-11 season record. They won 2 and lost 10 in SWAC and were 9-2 in the zone.

The Panthers made a strong bid for the zone race, but lost both games to Texas Southern, which gave TSU the title.

Only two seniors were on the Panther teams, thus making the Panthers chances much better with an experienced team returning.

However, one of those seniors was center Fred Brooks, who led the team in rebounding (17.5) and blocked shots (50). He also averaged 17-6 points a game. He had a game high of 31 points against Grambling and 22 rebounds against Mississippi Valley.

Jeffrey Mayshack, a 6-7 forward from Houston Worth-

ing is the other senior. Mayshack set a school record with blocked shots in a half against Wiley.

All American forward Marvin Jackson and Junior forward Robert Armstrong, led the Panthers in scoring. Jackson scored 520 points for a 21.1 game average and Armstrong scored 516 for a 23.4 average.

It was the first time since the duo of Zelmo Beatty and Cornell Lackey, in 1962, since two Panther players had scored over 500 points in a season.

Willie Davis, the Panthers Junior guard who led coach Jackie Carr's Wheatley team to an undefeated season and two state titles led the team with 106 assists, which places him third on the Panther all time season list behind Emanuel Jones (160) and Herbert Guinn (215).

## Off To Good Start PVU Spring Sports

The Panthers Spring Sports of baseball, golf, tennis and track, have gotten off to a good start.

The baseball team of Coach John Tankersley, blasted Texas College 13-5 in its season opener in Tyler. The Panthers beat Texas College 3-1 in the second game. Playing their third and fourth game in two days the Panthers split with Wiley.

In early season play catcher Richard Stroman and All SWAC second baseman Ron Stinnette, and Rowland Steptoe, have been the big sticks.

Stroman hit 500, while Stinnette and Steptoe hit 400. Shortstop Odie Davis had a homer, while Stinnette, who led the team in stolen bases last year, has stolen 4 bases.

Pitcher, Darly Wingate, Ken Lyle, and David McKnight were the winning pitchers. Wingate and Lyle pitched no-hitters.

Odie Davis the Panther shortstop drew 9 major league

baseball scouts to see him in a recent game.

Coach Barbara Jacket's Pantherettes increased their regular season winning record to 152. They won the SWAC Indoors and Astro Belle Relays. Super Junior Andrea Bruce, continues to prove she's the world's best in her events.

Hoover Wright's Panthers placed third at the SWAC Indoor and Houston Relays. The two mile and mile relay, will be the Panthers top events.

Coach Sam Lindsay's tennis team blasted Grambling 8-1 at Grambling in a dual meet after losing 8-1 to Texas Southern. The Panthers return most of last year's team and are expected to be strong in SWAC.

Robert Kinney's golfers won the SWAC Tournament in Monroe, last week in a warmup match between SWAC schools. They split with Texas Lutheran early in the season. Super Sophomore Jessie Allen won his third medalist of the young season.

### THIS WEEK'S SCHEDULE
