## FOREWORD

Academic excellence and its relevance to social change should be a challenge and concern for honor students and honor societies. Scholars should be America's best hope for the future. The change process is currently at the crossroads; one road leads to disruption and destruction, while the other leads towards harmony and a better way of life. Academic excellence points the way and favors the positive road.

Most of us accept change as a basic concept of life, a process without which growth could not take place. The role of the scholar is to give direction to change . . . to interpret change and direct it into creative channels. At the very heart of education is the hope that educated man will find intelligent and peaceful solutions to man's problems.

### ALMA MATER — "Dear Prairie View"

Dear Prairie View, our song to thee we raise,  
In gratitude we sing our hymn of praise,  
For mem'ries dear, for friends and recollections,  
For lessons learned while here we've lived with thee.  
For these we pledge our hearts full of devotion,  
To serve thee now, and through eternity.

As days go by, our hearts will not grow cold,  
We'll love thy purple royal and thy gold,  
We'll through our lives exemplify thy teachings,  
We'll always strive a blessing to be.  
Thy children we our love and pride confessing,  
We'll love thee now, and through eternity.

Words by O. Anderson Fuller
