MARY GIBBS JONES SCHOLARSHIP

There is attached to this News Letter Rules and Regulations governing the selection of Home Economics students for the Mary Gibbs Jones Scholarship Fund. It is significant to note that the student, aside from being required to be in residence at least two full semesters, carrying a normal load, will be selected on the basis of the following factors: good health, scholarship, attitude, character and need. This scholarship award should serve as a stimulus for students in other divisions of the Institute.

PRAIRIE VIEW UNIVERSITY  
 Prairie View, Texas

It is our opinion that the award of a sufficient number of scholarship awards in the nature of the Mary Gibbs Jones Scholarship will greatly stimulate and improve the study habits of our students in all of the fields of instruction at Prairie View University. It is the opinion that the institution. Also, effective results would be obtained in many of the student activities here if we had available satisfactory prizes to award for excellence. A committee will be appointed very soon to work out ways and means by which funds may be secured, in a permanent way, for prizes in excellent performance.

B. MARY GIBBS JONES SCHOLARSHIP FUND -

There is attached to this News Letter Rules and Regulations governing the selection of Home Economics students for the Mary Gibbs Jones Scholarship Fund. It is significant to note that the student, aside from being required to be in residence at least two full semesters, carrying a normal load, will be selected on the basis of the following factors: good health, scholarship, attitude, character and need. This scholarship award should serve as a stimulus for students in other divisions of the institution.

C. NEED FOR SCHOLARSHIPS AND PRIZES -

It is our candid opinion that if we had a sufficient number of scholarship awards in the nature of the Mary Gibbs Jones Scholarship it would greatly stimulate and improve the study habits of our students in all of the fields of training at Prairie View University. It is the opinion that scholarships should be made available in each major division of the institution. Also, effective results would be obtained in many of the student activities here if we had available satisfactory prizes to award for excellence. A committee will be appointed very soon to work out ways and means by which funds may be secured, in a permanent way, for prizes in excellent performance.

D. VACCINATION OF DOGS -

As a safeguard to the people on the campus a notice has been served to all people who own dogs that they must be vaccinated by Dr Poindexter on or by June 1, 1946. The following people have had their dogs vaccinated, and instructions are now given to those in charge of the grounds to dispose of all dogs not vaccinated: L C Mosley, H E Fuller, J M Wilson, W S Kidd, N A Jones (2), M A Davis, E J Johnson (2), C S Wells (2), A J Wynn, D W Martin, T R Lawson (3), J M Coruthers, G L Smith, J E Dailey (2), W D Thompson, M Jones, W R Gerald (2), W J Nicks and W R Banks.

E. FIRST AID -

The National Red Cross is offering in this term of the Summer School a First Aid Course to in-service teachers. It is gratifying to note the number of teachers taking advantage of this very valuable activity which goes a long ways in supplying information that is of immediate service. This First Aid and Accident Prevention Course will be offered again in the Regular Session 1946-47.

F. DEEP RIVER SINGERS -

Mr R W Hilliard has been fortunate in securing the Deep River Singers to appear before the Summer School on July 16, 1946. This singing aggregation has national reputation and it is very much desired that every person here make arrangements to witness this entertainment for it will be worthwhile.

G. VISITORS -

The Summer School at Prairie View University this year has been greatly enriched by visits from important people, serving as consultants, such as -

Dr Lou LaBrant, New York University, New York, New York  
Dr J M Nabrit, Morehouse College, Atlanta, Georgia

I. MISS T M PRATT -

Miss Theresa Mae Pratt of the Home Economics Division was given a leave for the Summer School and Regular Sessions of 1945-46 to study in the School of Art at the University of Colorado, Boulder, Colorado. We are happy to announce that Miss Pratt received the Master of Science degree in Art Education on June 1, 1946 and she now has returned to Prairie View to continue her work in the Division of Home Economics. Miss Pratt made a splendid record in the field of Art at Colorado and we wish to make note of this achievement and congratulate her.

J. COMMENCEMENT ADDRESSES -

It is significant to note that there is an increasing demand for staff members of Prairie View University to deliver Commencement Addresses at public school closings throughout the State. This is a fine and helpful type of service that the institution is making available to the citizens of Texas for these people represent not only splendid training but experience and have a sound philosophy of life. These are some of the people who have made talks: Dr H A Bullock, L C Phillips, G W Reeves, J H Windom, Dr J L Brown, G W Buchanan, R W Hilliard, C D Yancy, G R Woolfolk, Mrs W R Banks and O J Thomas.

K. AND FINALLY ..

"Success is failure turned inside out -  
The silver tint of the clouds of doubt,  
And you never can tell how close you are,  
It may be near when it seems afar;  
So stick to the fight when you're hardest hit -  
It's when things seem worst that you must not quit."
