FOREWORD

The members of the Pan-Hellenic Council of Honor Societies take great pleasure in hosting the Honors' Week activities at Prairie View. During the past fifteen years, Alpha Kappa Mu Honor Society sponsored these activities. Alpha Kappa Mu was one of the first honor societies to function on our campus. Its prestige is enhanced by the fact that its membership is not limited to any specific major area and it requires that its members have attained the highest cumulative average of any other campus honor society. Many of the members of Alpha Kappa Mu are members of other campus honor societies, thus a decision was made to create an association of campus honor societies.

The administration, faculty, student body join in extending sincere congratulation to each of the persons honored for the tremendous role that they are playing in developing our "community of scholars."

PI MU EPSILON HONOR SOCIETY

PURPOSE OF PI MU EPSILON HONOR SOCIETY

Pi Mu Epsilon is a non-secret organization whose purpose is the promotion of scholarly activity in mathematics among students in academic institutions, and among the staffs of qualified non-academic institutions.

It aims to do this by:

- (1) electing members on an honorary basis according to their proficiency in mathematics
- (2) by engaging in activities designed to promote the mathematical and scholarly development of its members
- (3) by taking any other measures which will further the purpose above stated.

PI MU EPSILON

QUALIFICATIONS FOR MEMBERSHIP . . .

A person meeting any one of the following sets of qualifications may be elected to membership by Texas Gamma Chapter, irrespective of sex, religion, race, or national origin:

- (1) Juniors and Seniors who have had two years of college mathematics including calculus, who have completed their mathematical work with a 3.00 average and who have a 2.50 average in their general college work.
- (2) Sophomores who have completed at least three semesters of college mathematics including one semester of calculus, who have achieved a 4.00 average in all mathematics courses taken, and who have a 3.00 average in their general college work. In addition, mathematics majors must belong to the Mathematics Club. Non-majors (undergraduates) must take at least one course in the Level II mathematics courses excluding Mathematics 353 and Mathematics 401 and also meet the above requirements.
