For Homecoming
Panthers Try New Strategy in Drive For Comeback

With three consecutive losses staring them in the face, Panther football men are driving particularly in an effort to whip their young squad into good enough shape to have something more than a bare minimum of good fortune.

Following the State Fair disheartening loss by State University, the Panthers took advantage of an off-week-end to get down to hard work with their predominantly sophomore team. Coach W. J. Nicks is taking hard to build a workable offensive front out of his inexperienced but promising flock of feet.

The conference standing remains at 5-1 which still gives the heels some hope of landing in a respectable conference position. The Panthers will have somewhat of a break, but will have to get back to work in order to keep up with Arkansas and the Homecoming Tilt with Texas College. Those two games on home soil will have to really tell whether present efforts in the drive are going to be successful.

Prairie View Agricultural and Mechanical college is featured in a just-completed color film that is the first of its kind ever produced in Texas.

The film shows campus and classroom scenes of Prairie View in a sequence devoted entirely to higher educational facilities available to Negroes in Texas. This is a service project of the non-commercial, public service project.

Prints of the film are being made available in the state.

Several members of the class of '51 met at the College recently to plan a class reunion.

The group selected as their queen for the day, who also had charge of the Social Committee, was Mrs. Vivian Brooks Jamerson, Mrs. Vivian Brooks Jamerson of El Paso, and Mrs. Vivian Brooks Jamerson of El Paso, and Mrs. Vivian Brooks Jamerson of El Paso.

COMMUNITY SERVICE

Dakota Fellowship for 1957 Are Available Now

The Dakota Fellowship for 1957 is available now. It is a scholarship for all students in their World Civilization course, which is designed to broaden cultural horizons, prepare students for work in a particular field, and provide them with an understanding of the cultural and social conditions of the world.

The fellowship includes tuition, room, board, and travel expenses for a student who wishes to pursue a career in the social sciences, humanities, or arts.

Ground Observer Corps at P.V

Receives Air Force Praise for Work

Captain Robert R. White, U. S. Air Force, was the principal speaker at the recognition ceremony held recently at Prairie A. & M. College for the newly organized Ground Observer Corps.

In making awards to individuals who had worked with the local unit, Captain White described the Prairie View program as "very effective." He said that the college unit was one of the first in the nation to join the program.

Several adults in the community were present to receive awards for their work in the program. The highlight of the work this year was recognized by the award of the Civil Air Patrol Certificate to one of the volunteers who had worked on the program.

National Teachers Exams Scheduled to Be Given Here

On November 19 and 20, the National Teachers Examinations will be given at Prairie View A. & M. College for the first time in the history of the college.

The exams are designed for students who are interested in entering the teaching profession. They are administered by the National Teachers Examination Service, which is a private, non-profit organization.

The exams will be given in the following subjects:

- English
- Mathematics
- Science
- Social Studies
- Foreign Languages

The exams are open to all students who have completed the required courses for the teaching major.

Robert L. Evans, Ed.D., Executive Director of the National Teachers Examination Service, will be the chief examiner for the exams.
