Redevelopment of PV Campus Underway

The State of Texas has allocated approximately \$16.5 million dollars for the redevelopment of Prairie View A&M University.

So far, two new buildings have been completed, The Health Center located directly in back of the Old Hospital, and The Arts and Science Building (Hobart Taylor Hall), which is opposite the Memorial Center (south). Also, an annex is being connected to the Engineering Building, upon completion should bring a facade look. Repairs and fixtures are being performed on the Harrington Science Building (roofing). Renovation and Prefabrication is being constructed towards the completion of The Placement Center (Anderson Hall), and The Student Affairs and The Dean offices (Evans Hall).

The Utility Expansion consist of a Power Plant, Electrical System and Steam System for hot water. Tunneling (grading) and pipelaying has begun, to accomodate Fuller Hall and the New Engineering Building. Date of expected completion June, 1978.

The streets and sidewalk is progressing according to schedule. A new attractive entrance is scheduled which will include a four-lane road leading to the heart of the campus.

6th Annual Career Festival Held

The Sixth Annual Career Festival was sponsored by the Department of Career Education and Placement Services on September 21. Exhibits and programs were held in Alumni Hall throughout the day.

Over fifty of the top business, governmental agencies and industrial firm's sent representatives to the events which involved students, faculty and staff across the university campus.

STUDENT SENATE OFFICERS—Kenneth Edmondson, President and other student government officials accept certificates of office from President A. I. Thomas. Representation on the Senate includes all major campus organizations, including schools and departments.

SCHOLARSHIP HONORS—Students and faculty leave fieldhouse following annual Fall Honors Convocation. The colorful recessional shows leaders of the lead organization—Alpha Kappa Mu Society and two faculty members who were recongized for having recently received doctorate degrees. The entire faculty and over 300 students were the center of attraction at the events designed to highlight academic achievement.

National Urban League Project

Black Executive Exchange Program Helping PV Business Students

Several visiting lectures are helping to put real meaning into advertising and other business courses on campus.

Their services is part of a series of presentations coordinated by the National Urban League's Black Executive Exchange Program (BEEP). BEEP is sending 200 black professionals and executives to guest-lecture in 35 various courses at 32 traditionally black colleges and universities this semester to share with the students practical applications of classroom principles as utilized in the "real world" of work. Since 1969, BEEP brought together over 800 black professionals with 56 black colleges, through the generosity of several hundred participating corporations, government agencies, and professional organizations.

The Bristol Myers Company is serving as special co-sponsor of Prairie View's Advertising course, providing eight executives over the course of the semester to serve as guest-lecturers.
