4. Honors Day May 17
5. 75th Anniversary Celebration May 19
6. Annual Alumni Exercises May 19
7. Commencement May 20

June, 1951

1. Opening of Summer School June 4

B. SUMMER SCHOOL

The Registrar's Office discloses the fact that requests for enrollment in the Summer School for 1951 are in excess, by far, of previous summers. As a matter of fact, many have completed their enrollments to the extent of paying all fees and receiving class assignments. We anticipate already the usual problem of housing for both teachers and students.

C. SUMMER EMPLOYMENT

Since the enrollment in the Summer School is concentrated in special fields, leading to teaching qualifications, it will be impossible to carry all of the instructors of the regular session on the Summer School program. However, we shall be pleased to carry as many as possible. This statement is made in order that those who do not receive Summer School assignments may understand the nature of the problem.

D. EMPLOYMENT

This is the time of the year when a great many institutions are seeking teachers for the next year's work. Also, there is the possible opportunity for teachers here to seek employment elsewhere. We want to make it clear (pursuant to statement made at last Workers' Meeting) that in case a person desires a change from Prairie View for any reason, it is entirely agreeable with the institution, provided we are notified in ample time to select a competent person to fill the vacancy.

E. SCHEDULE OF ACTIVITIES

1. College Relays - April 6 and 7 will bring to the campus representatives from sister-institutions to participate in the Annual Relays and Tennis Tournament.
2. Housing Conference - April 13 and 14 - the Annual Housing Conference will be held. Representatives from Washington, D. C., other states and Texas will be present to participate in the planning and discussion. A large attendance is expected.
3. B and C Class Schools will compete at the Interscholastic League of Colored Schools' Meet, April 21. More than 300 schools, finalists of 31 District Meets, will participate in various activities in Literary and Athletic Events.
4. AA and A League Meet of Texas for the year will be held April 28. This is usually a most colorful event.
5. In-Service Nurses Clinic - More than 100 in-service nurses are expected to attend a Clinic April 16 through 19. Specialists in the field of nursing will be here to participate as instructors, lecturers and discussants.

F. ATTENTION, PLEASE!

1. The Animal Husbandry Building is nearing completion. It will be one of the most beautiful structures on the campus.
2. The New Boys' Dormitory of 81 rooms is now under construction. When completed, it will be one of the most imposing buildings on the grounds.
3. The Engineering Building, now under construction, will be, from all indications, one of the most interesting buildings on the campus.
4. Plans for the Campus Laboratory School Building are now ready. The Board of Directors will advertise for bids at the next meeting this month.

G. IMPROVEMENTS NOTED

1. Tennis Courts have been resurfaced and remarked, and new steel wire enclosure erected.
2. Roads leading from the entrance, connecting with road fronting Veterinary Hospital, is being graveled. The plan is to pave next, the roads running north and east on the east side of the campus. This will give us paved roads in all of the immediate campus.

H. CONGRATULATIONS!

Mr. H. A. Perkins has been assigned as Superintendent of Buildings and Grounds, and, with his crew of workmen and new machinery, the campus has taken on a "New Look"! Congratulations, Mr. Perkins and staff!

A recent addition to the Prairie View Family is little Charles F. Calloway, Jr. Orchids to the parents, Dr. and Mrs. Charles F. Calloway. The mother is doing well, and the father is too proud.

H. (continued)

Congratulations are in order to Mrs. Mable F. Bradley and members of the Sunday School for the production of another play, "Out of the Darkness". These presentations serve as a great inspiration to our community.

I. COMMUNITY CHEST

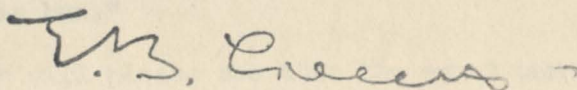

Kindly pay your Community Chest obligations this month. Most people have already paid.

J. Leonard W. Mayo uttered these words of warning at the Mid-Century White House Conference:

" Not only the well-being but the survival of coming generations depends upon the emergence, in these dark days, of young men and women of stature; young men and women, whose bodies are strong, whose minds are clear and free, whose hearts are devoted to high purposes."

I am

Very truly yours,

E. B. Evans

THE TEXAS AGRICULTURAL AND MECHANICAL COLLEGE SYSTEM

Office of the Chancellor

College Station, Texas

ADMINISTRATIVE ORDER NO. 14

TO: Presidents of Colleges and Directors of Services and Agencies

SUBJECT: Possession or Use of Intoxicating Liquors

Reference: Chapter III, Section 10, Rules and Regulations
of the Texas Agricultural and Mechanical College
System, adopted March 11, 1949

Attention is specifically called to Section 10, Chapter III of
the Revised Rules and Regulations which reads as follows:

"Possession or use of intoxicating liquors on any
property under the control of the Texas Agricultural
and Mechanical College System is expressly prohibited.
The Chancellor is directed to issue System-wide regula-
tions to effectuate this ban."

Each president and director will please see that the exact wording
of this regulation is placed in the hands of every employee --- and at
an early date. Every person connected with the Texas A. and M. College
System will be expected to comply with this regulation.
