for Veterans . . . . August 26-29

### B. COACHING SCHOOL

Prairie View A. and M. College has been making available to the athletic coaches of the senior high schools, a Coaching School for the past ten years. Coach Stevens has announced that the 11th High School Coaching School will be held here July 5, 6 and 7. Several outstanding coaches from senior colleges have been selected as teachers and lecturers. The registration cards indicate that there will be a record attendance for this activity.

### C. SUMMER SCHOOL ENROLLMENT

The enrollment in the Summer School has broken all previous records, having passed the 2300 mark in the first term. It is significant to observe that more than 1200 of this enrollment is found in the Graduate School. The reports coming from the offices of the respective deans clearly indicate that there is a splendid teaching program going on in the classrooms.

The program area of the Summer School has been greatly strengthened and enriched through the organization of many workshops, so that the in-service teachers might be better able to identify their immediate problems, and discover and employ effective means for their solution.

D. LUNCH ROOM WORKSHOP

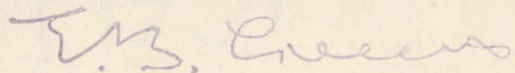

Only a few years ago, the Hot Lunch Program became an integral part of the public schools' activities in the state. In order that this new and useful educational program might better serve its purpose, this Lunch Room Workshop has been organized. The institution will have some of the outstanding specialists in this field here as consultants and lecturers.

E. In the May-June issue of The Clarkson College Newsletter, the subject of "Ruling Ourselves" was discussed in these words:

"Great rewards usually come to the man who can work ALONE. There are probably a hundred of us who can work well enough when we are being supervised, to one who can do just as good work when no one is looking. But that one is the man who is going to go places in this life. The whole story of civilization is woven around the lives of those who were faithful to their responsibilities when they were ALONE. The heroes, the saints, the leaders, the builders, the pioneers in every field of endeavor, have been men and women who stuck to their jobs and held to their ideals, whether anyone knew about them or not."

I am

Very truly yours,

E. B. Evans  
President
