## B. COACHING SCHOOL

Each year, for the past 11 years, Prairie View has made available a Coaching School for the senior high school coaches of Texas. Coach Stevens has announced that the 12th Coaching Clinic will be held here July 7-9. Some of the top-flight coaches in the Southwest will serve on the staff of the three-day clinic.

A special feature of the annual get-together of athletic leaders will be the 23rd playing of the Southwestern Open Tennis Tournament. The matches, including men's and women's singles and doubles plus a round of social activities for the visitors, are highlights in the summer session program.

## C. OPEN AIR DEMONSTRATION SERIES

The series of open air demonstrations are continuing to be a source of fine entertainment and enlightenment for the summer student body. The revised schedule for these programs is as follows:

- July 3 - Teaching Techniques - - - Education Department
- July 10- The Role of The Workshop in  
Teacher Education - - - The Library and Principals'  
Workshop
- July 17- Household Mechanics - - - School of Engineering

July 24 - Home Improvement - - - - - School of Agriculture  
 July 31 - Home Management - - - - - School of Home Economics  
 August 7- Library Service - - - - - College Library Staff  
 August 14- Consumer Education - - - - - Department of Economics  
 and Agricultural Economics

D. SUPERVISORS WORKSHOP

Beginning July 14, a workshop for supervisors throughout the state will be conducted on the campus for a three-week period. This in-service training activity is sponsored by the college in cooperation with the Texas Education Agency, the Southern Education Foundation and two other colleges: Bishop and Texas Southern.

E. WORKSHOP FOR SCHOOL LUNCHROOM PERSONNEL

Prairie View A & M College has cooperated with the Texas Education Agency and the U. S. Department of Agriculture for several years in providing an in-service workshop for personnel in school lunchrooms throughout the state. Dr. J. L. Brown, who has served as coordinator of this activity since its beginning, predicts that a representative enrollment is expected.

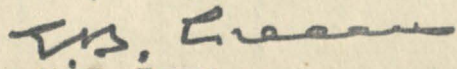

F. IN CLOSING

Printed in the report of the December Conference of the Southwestern Cooperative Program in Educational Administration is a very helpful quotation by Harlan L. Hagman, which I would like to repeat here for your thinking -

"Because public education, democratically ordered, is social engineering, the administrator will need to have deep social understandings."

I am

Very truly yours,

E. B. Evans  
President
