NEXT WEEK

Prairie View's Panthers journey to Tyler, Texas to tuck Coach Durley's Texas College grid team. This promises to be a real thriller, and it is hoped that a representative group from Prairie View will follow our team to East Texas. We really need this game.

YOUR WEEK

How's Your Extra-Point Department

A really good Panther team lost to a fighting Texas State University aggregation Friday night by 1 point. With very little effort we remember that Army lost to Columbia by this same hair-line 1 point.- Army's first defeat in more than two football seasons.

Unlike mythical Achilles it was the toe by which we were held, but like him we had to be held when immersion was effected in the Lake of Imperviousness. And the mother of all good Panther teams must have smiled a little grimly as she held the 1947 edition of Prairie View's Operation Football by it's little extra-point toe, knowing full well the imperfection of her own handiwork. Having your faults pointed out by some other person is a costly, painful, often heartbreaking, but not necessarily fatal process. Self-examination and self-criticism remain among the "to be attained" attributes. Now that we have been jolted it remains to be seen whether or not our football spine is made of plastics or of good spring steel.

A friendly smile, a kind word, an expression of appreciation, are extra-points which make winners of seemingly ordinary men. We are often a little too smug, a little too well satisfied with our own self-importance, forgetting that that force which created each of us, through the very act of creation, made us imperfect, and that without genuine use of the aforementioned extra points we, too, often meet defeat.

How's your extra-point department?
