G. APPRECIATION

- To all members of the faculty who served in the promotion of our many commencement activities.
- To the faculty for another fine year of service for the long term 1952-53. It is my feeling that the year has been very fruitful in terms of improved teaching and services.
- To the committees who served in the recent programs of the New Homemakers of America in their 7th National Convention here. It is reported that the week's activities were very successful, and our people did an excellent job in entertaining the 700 or more out-of-state visitors to the campus.

H. BEST WISHES

- To those persons on summer leave for study and other purposes.
- To all staff members for a successful summer term.

Very truly yours,

E. B. Evans
President
