 - d. Home Improvement - School of Agriculture July 22
 - e. Home Management - School of Home Economics July 29

B. ON SUMMER SCHOOL ACTIVITIES

Prairie View's 44th Annual Summer Session has shown every evidence of being one of the most well-organized and eventful in the history of the institution. This may be accounted for, in part, by the excellent pre-planning and the conscientious efforts which have gone into executing the many activities thus far by the entire college staff.

Registration, class work, workshops, special institutes, clinics and the like, have proceeded with purpose, dispatch and orderliness. These are requirements if the college is to give the impression that "it means business in the matter of learning." Commendations are extended to the entire staff for their efforts, and it is desirable that the second term will be no less well-planned and executed.

C. COACHING CLINIC

Preceding the Coaching School, the 22nd Annual Southwest Open Tennis Tournament will be held on the College tennis courts, July 3 and 4. The Tournament provides competition between men, women, school boys and girls in both singles and doubles events.

For five days, July 5-10, the Department of Physical Education will sponsor its 22nd Annual Coaching School. This event attracts coaches from high schools and colleges throughout the state.

D. EXAMINATIONS AND REGISTRATION

Final examinations for the first term of the summer session will be held Thursday and Friday, July 15 and 16. Registration for the second term will be held July 19. More detailed information will be made available by the Registrar's Office.

E. NEW P. V. FAMILY MEMBER

The Prairie View family welcomes Michael David Thomas, born June 25. The happy parents are Mr. and Mrs. A. I. Thomas. Mr. Thomas is Director of the Division of Industrial Education.

F. COSMETOLOGY INSTITUTE

The Division of Industrial Education is now serving as sponsor-host to the second annual Cosmetology Institute. This three weeks' training course for beauticians and cosmetologists began June 28 and will continue through July 16. Many business owners and operators throughout the state attend the Institute, and the campus welcomes their coming to take advantage of the specialized training offered by outstanding consultants in the "science of beauty."

IN CLOSING

May I leave with you a quotation which I have used before, and feel is worthy of repeating. It was expressed by Dr. Worth McClure, Secretary, American Association of School Administrators, Washington, D. C.

"There is no future in any job--
The future is in the man."

Very truly yours,

E. B. Evans
President
