IN CLOSING

Prairie View A and M College begins its 78th year with the view of providing its students, staff and citizens of this State with the highest calibre of service. Our main objectives revolve around achieving institutional greatness through our education program. The means we use to reach our goal will vary, but certain basic requirements are necessary for each of us if we are to be successful. Determination, inspiration, devotion, understanding and Christian fellowship are fundamental to our being triumphant at the close of the year. May each of you find pleasure in your work during the next nine months, and may your rewards for having served well be satisfying.

Very truly yours,

E. B. Evans, President
